INFORMATION CIRCULAR As at September 22, 2017

INTRODUCTION

This Information Circular accompanies the Notice of Annual and Special General Meeting (the "Notice") and is furnished to shareholders (each, a "Shareholder") holding common shares (each, a "Share") in the capital of LOMIKO METALS INC. (the "Company") in connection with the solicitation by the management of the Company of proxies to be voted at the annual general meeting (the "Meeting") of the Shareholders to be held at 11:00 a.m. (Vancouver time) on October 27, 2017 at Suite 1500, 885 West Georgia Street, Vancouver BC, V6C 3E8 or at any adjournment or postponement thereof.

Date and Currency

The date of this Information Circular is September 22, 2017. Unless otherwise stated, all amounts herein are in Canadian dollars.

PROXIES AND VOTING RIGHTS

Management Solicitation

The solicitation of proxies by management of the Company will be conducted by mail and may be supplemented by telephone or other personal contact to be made without special compensation by the directors, officers and employees of the Company. The Company does not reimburse Shareholders, nominees or agents for costs incurred in obtaining from their principals authorization to execute forms of proxy, except that the Company has requested brokers and nominees who hold stock in their respective names to furnish this proxy material to their customers, and the Company will reimburse such brokers and nominees for their related out of pocket expenses. No solicitation will be made by specially engaged employees or soliciting agents. The cost of solicitation will be borne by the Company.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

Appointment of Proxy

Registered Shareholders are entitled to vote at the Meeting. A Shareholder is entitled to one vote for each Share that such Shareholder holds on the record date of September 22, 2017 on the resolutions to be voted upon at the Meeting, and any other matter to come before the Meeting.

The persons named as proxyholders (the "Designated Persons") in the enclosed form of proxy are directors and/or officers of the Company.

A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON OR COMPANY (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN THE DESIGNATED PERSONS NAMED IN THE ENCLOSED FORM OF PROXY TO ATTEND AND ACT FOR OR ON BEHALF OF THAT SHAREHOLDER AT THE MEETING.

A SHAREHOLDER MAY EXERCISE THIS RIGHT BY STRIKING OUT THE PRINTED NAMES OF THE DESIGNATED PERSONS AND INSERTING THE NAME OF SUCH OTHER PERSON AND, IF DESIRED, AN ALTERNATE TO SUCH PERSON, IN THE BLANK SPACE PROVIDED ON THE FORM OF PROXY. SUCH SHAREHOLDER SHOULD NOTIFY THE NOMINEE OF THE APPOINTMENT, OBTAIN THE NOMINEE'S CONSENT TO ACT AS PROXY AND SHOULD PROVIDE INSTRUCTION TO THE NOMINEE ON HOW THE SHAREHOLDER'S SHARES SHOULD BE VOTED. THE NOMINEE SHOULD BRING PERSONAL IDENTIFICATION TO THE MEETING.

In order to be voted, the completed form of proxy must be received by the Company's registrar and transfer agent, Computershare Investor Services Inc. 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, by fax to 1-866-249-7775, by telephone (toll free within North America) 1-866-733-8683, for International direct dial 312-588-4290 or via internet at www.investorvote.com at least 48 hours (excluding Saturdays, Sundays and holidays recognized in the Province of British Columbia) prior to the scheduled time of the Meeting, or any adjournment or postponement thereof.

A proxy may not be valid unless it is dated and signed by the Shareholder who is giving it or by that Shareholder's attorney-in-fact duly authorized by that Shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer or attorney-in-fact for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual Shareholder or joint Shareholders, or by an officer or attorney-in-fact for a corporate Shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarially certified copy thereof, must accompany the form of proxy.

Revocation of Proxies

A Shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: (a) executed by that Shareholder or by that Shareholder's attorney-in-fact, authorized in writing, or, where the Shareholder is a corporation, by a duly authorized officer of, or attorney-in-fact for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (i) attendance at the Meeting and participation in a poll (ballot) by a Shareholder, or (ii) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation.

Voting of Shares and Proxies and Exercise of Discretion by Designated Persons

A Shareholder may indicate the manner in which the Designated Persons are to vote with respect to a matter to be voted upon at the Meeting by marking the appropriate space. If the instructions as to voting indicated in the proxy are certain, the Shares represented by the proxy will be voted or withheld from voting in accordance with the instructions given in the proxy. If the Shareholder specifies a choice in the proxy with respect to a matter to be acted upon, then the Shares represented will be voted or withheld from the vote on that matter accordingly. **The Shares represented by a proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly.**

If no choice is specified in the proxy with respect to a matter to be acted upon, the proxy confers discretionary authority with respect to that matter upon the Designated Persons named in the form of proxy. It is intended that the Designated Persons will vote the Shares represented by the proxy in favor of each matter identified in the proxy AND for the nominees of the Company's board of directors (the "Board") for directors and auditor.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to other matters which may properly come before the Meeting, including any amendments or variations to any matters identified in the Notice, and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company is not aware of any such amendments, variations, or other matters to come before the Meeting.

In the case of abstentions from, or withholding of, the voting of the Shares on any matter, the Shares that are the subject of the abstention or withholding will be counted for determination of a quorum, but will not be counted as affirmative or negative on the matter to be voted upon.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set out in this section is of significant importance to those Shareholders who do not hold Shares in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Shares can be recognized and acted upon at the Meeting. If Shares are listed in an account statement provided by a broker, then in almost all cases those Shares will not be registered in the Beneficial Shareholder's name on the records of the Company. Such Shares will more likely be registered under the names of the Beneficial Shareholder's broker or an agent of that broker. In the United States, the vast majority of such Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Beneficial Shareholders should ensure that instructions respecting the voting of their Shares are communicated to the appropriate person well in advance of the Meeting.

The Company does not have access to names of Beneficial Shareholders. Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every

intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered Shareholders by the Company. However, its purpose is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in the United States and in Canada. Broadridge typically prepares a special voting instruction form, mails this form to the Beneficial Shareholders and asks for appropriate instructions regarding the voting of Shares to be voted at the Meeting. Beneficial Shareholders are requested to complete and return the voting instructions to Broadridge by mail or facsimile. Alternatively, Beneficial Shareholders can call a toll-free number and access Broadridge's dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and to vote the Shares held by them. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form as a proxy to vote Shares directly at the Meeting – the voting instruction form must be returned to Broadridge well in advance of the Meeting in order to have its Shares voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of their broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote the Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, a Beneficial Shareholder may request in writing that their broker send to the Beneficial Shareholder a legal proxy which would enable the Beneficial Shareholder to attend at the Meeting and vote their Shares.

All references to Shareholders in this Information Circular are to registered Shareholders, unless specifically stated otherwise.

Only registered Shareholders as of the record date are entitled to receive notice of, and to attend and vote at, the Meeting or any adjournment or postponement of the Meeting.

ADVANCE NOTICE BYLAW - POLICY

At the Company's annual general and special meeting held on October 18, 2013, the Shareholders ratified, confirmed, authorized and approved the Company's Advance Notice Bylaw and Adoption of New Articles with respect to the timing and format of director nominations. The full text of the Advance Notice Bylaw was attached to the Company's information circular dated September 13, 2013 and has been filed on SEDAR. The Company subsequently altered/amended its Articles to reflect the same. The following information is intended as a brief summary of the Advance Notice Bylaw and is qualified in its entirety by the full text of the Advance Notice Bylaw Policy.

The purpose of the Advance Notice Bylaw is to provide shareholders, directors and management of the Company with a clear framework for nominating directors of the Company. To be timely, a Nominating Shareholder (as defined in the Advance Notice Bylaw Policy) must send notice to the Corporate Secretary of the Company:

- (a) in the case of an annual meeting of shareholders, not less than 30 days nor more than 65 days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice by the Nominating Shareholder may be given not later than the close of business on the 10th day following the notice date; and
- (b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors, not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting of shareholders was made.

To be in proper written form, a Nominating Shareholder's notice must be addressed to the Corporate Secretary of the Company, and must set forth:

- (a) as to each person whom the Nominating Shareholder proposes to nominate for election as a director:
 - (i) the name, age, business address and residential address of the person;
 - (ii) the present principal occupation or employment of the person and the principal occupation or employment within the five years preceding the notice;
 - (iii) the citizenship of such person;
 - (iv) the shareholdings of the person; and
 - (v) a statement as to whether such person would be "independent";
- (b) the full particulars regarding any oral or written proxy, contract, agreement, arrangement, understanding or relationship pursuant to which such Nominating Shareholder has a right to vote or direct the voting of any shares of the Company; and
- (c) any other information relating to such Nominating Shareholder that would be required to be made in a dissident's proxy circular in connection with solicitations of proxies for election of directors pursuant to the *Business Corporations Act* (British Columbia) and applicable securities laws.

NUMBER OF DIRECTORS

The Articles of the Company provide for a Board of no fewer than three directors and no greater than a number as fixed or changed from time to time by majority approval of the Shareholders.

At the Meeting, Shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company for the ensuing year at four (4). The number of directors will be approved if the affirmative vote of the majority of Shares present or represented by proxy at the Meeting and entitled to vote are voted in favor of setting the number of directors at four (4).

Management recommends the approval of the resolution to set the number of directors of the Company at four.

ELECTION OF DIRECTORS

At present, the directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting, or until their successors are duly elected or appointed in accordance with the Company's Articles or until such director's earlier death, resignation or removal. In the absence of instructions to the contrary, the enclosed form of

proxy will be voted for the nominees listed in the form of proxy. All of the nominees listed in the Form of Proxy are presently members of the Board.

Pursuant to the Advance Notice Bylaw Policy of the Company adopted by the Board of Directors on April 29, 2013, any additional director nominations for the Meeting must have been received by the Company in compliance with the Advance Notice Bylaw Policy, as noted above. STATEMENT OF EXECUTIVE COMPENSATION

The following information is presented in accordance with National Instrument Form 51-102F6V – *Statement of Executive Compensation*, and sets forth compensation for each of A. Paul Gill (the “CEO”) and Jacqueline Michael (the “CFO”) (together, the “NEOs”) and Julius Galik and Brian Gusko, the directors of the Company as at July 31, 2016.

General

For the purposes of this Statement of Executive Compensation:

“CEO” means an individual who acted as chief executive officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year;

“CFO” means an individual who acted as chief financial officer of the Company, or acted in a similar capacity, for any part of the most recently completed financial year;

“Named Executive Officer” or “NEO” means each of the following individuals:

- (a) a CEO;
- (b) a CFO;
- (c) each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year and whose total compensation was, individually, more than \$150,000 as determined in accordance with applicable securities laws; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity at the end of the most recently completed financial year.

Based on the foregoing definition, during the last completed fiscal year of the Company, the Company had two NEOs, namely, A. Paul Gill, the CEO, and Jacqueline Michael, the CFO.

Compensation Discussion and Analysis

The Company’s compensation philosophy for its Named Executive Officers is designed to attract well qualified individuals in what is essentially an international market by paying competitive base management fees plus short and long term incentive compensation in the form of stock options or other suitable long term incentives. The Board of Directors meets to discuss and determine executive compensation without reference to formal objectives, criteria or analysis. In making its determinations regarding the various

elements of executive compensation, the Board of Directors does not benchmark its executive compensation program, but from time to time does review compensation practices of companies of similar size and stage of development to ensure the compensation paid is competitive within the Company's industry and geographic location while taking into account the financial and other resources of the Company.

The duties and responsibilities of the President and CEO are typical of those of a business entity of the Company's size in a similar business and include direct reporting responsibility to the Board, overseeing the activities of all other executive and management consultants, representing the Company, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

Elements of Compensation

The Company's executive compensation policy consists of an annual base salary and long term incentives in the form of stock options granted under the Company's Stock Option Plan.

The base salaries paid to officers of the Company are intended to provide fixed levels of competitive pay that reflect each officer's primary duties and responsibilities and the level of skill and experience required to successfully perform their role. The Company intends to pay base salaries to officers that are competitive with those for similar positions in the same industry to attract and retain executive talent in the market in which the Company competes for talent. Base salaries of officers are reviewed annually by the Board of Directors.

Compensation Policies and Risk Management

The Board of Directors considers the implications of the risks associated with the Company's compensation policies and practices when determining rewards for its officers. In 2012, the Board of Directors conducted its initial review and the Company intends to review at least once annually the risks, if any, associated with the Company's compensation policies and practices.

Executive compensation is comprised of short-term compensation in the form of a base salary and long-term ownership through the Company's Stock Option Plan. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term Shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the Shareholders is extremely limited. Furthermore, the short-term component of executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the Shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Company and the current level of the Company's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Company is not aware of any Directors or officers having entered into this type of transaction.

Share-Based and Option-Based Awards

The Company's Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange, and closely align the interests of the executive officers with the interests of Shareholders.

The Board of Directors as a whole has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

Compensation Governance

Options are granted at the discretion of the Board of Directors, which considers factors such as how other junior exploration companies grant options and the potential value that each optionee is contributing to the Company. The number of options granted to an individual is based on such considerations.

Exercise of Stock Options

During the financial year ended July 31, 2016 no NEO or directors of the Company exercised compensation securities.

Stock Option Plans and Other Incentive Plans

The Company has adopted a stock option plan (the “Option Plan”) pursuant to which the Board may grant options (the “Options”) to purchase common shares of the Company (the “Shares”) to NEOs, directors and employees of the Company or affiliated corporations and to consultants retained by the Company.

The purpose of the Option Plan is to attract, retain, and motivate NEOs, directors, employees and other service providers by providing them with the opportunity, through options, to acquire an interest in the Company and benefit from the Company’s growth. Under the Option Plan, the maximum number of Shares reserved for issuance, including Options currently outstanding, is equal to 10% of the Shares outstanding from time to time (the “10% Maximum”). The 10% Maximum is an “evergreen” provision, meaning that, following the exercise, termination, cancellation or expiration of any Options, a number of Shares equivalent to the number of options so exercised, terminated, cancelled or expired would automatically become reserved and available for issuance in respect of future Option grants.

The number of Shares which may be the subject of Options on a yearly basis to any one person cannot exceed 5% of the number of issued and outstanding Shares at the time of the grant. Options may be granted to any employee, officer, director, consultant, affiliate or subsidiary of the Company exercisable at a price which is not less than the market price of common shares of the Company on the date of the grant. The directors of the Company may, by resolution, determine the time period during which any option may be exercised (the “Exercise Period”), provided that the Exercise Period does not contravene any rule or regulation of such exchange on which the Shares may be listed. All Options will terminate on the earliest to occur of (a) the expiry of their term; (b) the date of termination of an optionee’s employment, office or position as director, if terminated for just cause; (c) 90 days (or such other period of time as permitted by any rule or regulation of such exchange on which the Shares may be listed) following the date of termination of an optionee’s position as a director or NEO, if terminated for any reason other than the optionee’s disability or death; (d) 30 days following the date of termination of an optionee’s position as a consultant engaged in investor relations activities, if terminated for any reason other than the optionee’s disability, death, or just cause; and (e) the date of any sale, transfer or assignment of the Option.

Options are non-assignable and are subject to early termination in the event of the death of a participant or in the event a participant ceases to be a NEO, director, employee, consultant, affiliate, or subsidiary of the Company, as the case may be. Subject to the foregoing restrictions, and certain other restrictions set out in the Option Plan, the Board is authorized to provide for the granting of Options and the exercise and method of exercise of options granted under the Option Plan.

The TSX Venture Exchange requires listed companies that have “rolling” stock option plans in place to receive shareholder approval for such plans on a yearly basis at the company’s annual Shareholders meeting. The last shareholders meeting was held on October 28, 2016 and approval was granted.

Employment, Consulting and Management Agreements

Management functions of the Company are not, to any substantial degree, performed other than by directors or NEOs of the Company.

Neither the Company, nor its subsidiaries, has a contract, agreement, plan or arrangement that provides for payments to a NEO following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change of control of the Company or its subsidiaries, or a change in responsibilities of the NEO following a change in control, other than:

1. Pursuant to a management agreement effective September 1, 2014, the Company agreed to pay AJS Management Inc. a fee of \$7,500 per month. The contract states that the Company may terminate the agreement at any time by giving written notice of such termination. In the event of termination of the agreement by the Company, or termination for change of control, other than a termination for default, the Company shall pay an amount that is 14 times the management fee. Mr. A. Paul Gill is the principal of AJS Management Inc. The agreement is in good standing.
2. Pursuant to a consulting agreement effective September 1, 2014, the Company agreed to pay M&M Corporate Services a fee of \$7,500 per month. The contract states that the Company may terminate the agreement at any time by giving written notice of such termination. In the event of termination of the agreement by the Company, or termination for change of control, other than a termination for default, the Company shall pay an amount that is 14 times the consulting fee. Ms. Jacqueline Michael is the principal of M&M Corporate Services. The agreement is in good standing.

With respect to the above, “Change of Control” means any event, including an amalgamation, merger or consolidation that causes:

- (i) a third party to own or control, directly or indirectly, 50% or more of the voting shares of the Company;
- (ii) a third party to own or control, directly or indirectly, sufficient voting shares in the Company to elect a majority of the directors of the Company;
- (iii) an assignment, sale, or transfer by the Company of all or substantially all of the Company’s business to a third party or to an affiliate or a wholly owned subsidiary; or

- (iv) an assignment, sale, or transfer by the Company of all or substantially all of the Company's assets to a third party or to an affiliate or a wholly owned subsidiary.

Estimated Incremental Payments on Change of Control

Under the terms of the agreement with Mr. Gill, the estimated incremental payments, payables and other benefits that would be triggered by or could result in the event of Mr. Gill's termination by the Company without cause, resignation for good cause or termination without cause by the Company following a change of control of the Company (calculated as at July 31, 2016) total approximately \$105,000.

Under the terms of the agreement with Ms. Michael, the estimated incremental payments, payables and other benefits that would be triggered by or could result in the event of Ms. Michael termination by the Company without cause, resignation for good cause or termination without cause by the Company following a change of control of the Company (calculated as at July 31, 2016) total approximately \$105,000.

Oversight and Description of Director and NEO Compensation

Compensation of Directors

Compensation of directors of the Company is reviewed annually and determined by the Board. The level of compensation for directors is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources.

In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for directors. While the Board considers Option grants to directors under the Option Plan from time to time, the Board does not employ a prescribed methodology when determining the grant or allocation of Options. Other than the Option Plan, as discussed above, the Company does not offer any long term incentive plans, share compensation plans or any other such benefit programs for directors.

Compensation of NEOs

Compensation of NEOs is reviewed annually and determined by the Board. The level of compensation for NEOs is determined after consideration of various relevant factors, including the expected nature and quantity of duties and responsibilities, past performance, comparison with compensation paid by other issuers of comparable size and nature, and the availability of financial resources. In the Board's view, there is, and has been, no need for the Company to design or implement a formal compensation program for NEOs.

Elements of NEO Compensation

Salary

The Company's CEO and CFO receive consulting/management fees pursuant to contracts. The Board reviews salaries annually to ensure that they reflect each respective NEO's performance and experience in fulfilling his/her role. Due to the relatively small size of the Company, limited cash resources, and the early stage and scope of the Company's operations, NEOs receive limited salaries relative to industry standards. The Board does not currently have any plan in place to materially increase NEOs' salaries.

Option Plan

As discussed above, the Company provides an Option Plan to motivate NEOs by providing them with the opportunity, through Options, to acquire an interest in the Company and benefit from the Company's growth. The Board does not employ a prescribed methodology when determining the grant or allocation of Options to NEOs. Other than the Option Plan, the Company does not offer any long term incentive plans, share compensation plans, retirement plans, pension plans, or any other such benefit programs for NEOs.

Pension Disclosure

No pension, retirement or deferred compensation plans, including defined contribution plans, have been instituted by the Company and none are proposed at this time.

MANAGEMENT CONTRACTS

No management functions of the Company are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and, therefore, these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board consists of four Directors, two of whom are independent based upon the tests for independence set forth in National Instrument 52-110 ("NI 52-110"). A. Paul Gill and Jacqueline Michael are not independent as are officers of the Company. Brian Gusko and Julius Galik are independent.

Management Supervision by Board

The operations of the Company do not support a large Board of Directors and the Board has determined that the current constitution of the Board is appropriate for the Company's current stage of development. Independent supervision of management is accomplished through choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present. Further, supervision is performed through the audit committee which is composed of a majority of independent Directors who meet with the Company's auditors without management being in attendance. The independent Directors also have access to the Company's legal counsel and its officers.

Risk Management

The Board of Directors is responsible for adoption of a strategic planning process, identification of principal risks and implementing risk management systems, succession planning and the continuous disclosure requirements of the Company under applicable securities laws and regulations.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. access to recent, publicly filed documents of the Company, technical reports and the Company's internal financial information;
3. access to management and technical experts and consultants; and
4. a summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants, to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to Shareholders. The Board has adopted a Code of Conduct and has instructed its management and employees to abide by the Code.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the Company's industry are consulted for possible candidates.

Compensation of Directors and the CEO

The independent Directors are Brian Gusko and Julius Galik. These Directors have the responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the independent Directors review compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration industry and determine an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation the independent Directors annually review the performance of the CEO in light of the Company's objectives and consider other factors that may have impacted the success of the Company in achieving its objectives.

Board Committees

As the Directors are actively involved in the operations of the Company and the size of the Company's operations does not warrant a larger board of Directors, the Board has determined that additional committees beyond the audit committee and corporate governance committee are not necessary at this stage of the Company's development. The Audit Committee Charter is attached hereto as Schedule "A" and the Communications and Corporate Disclosure Policy is attached hereto as Schedule "B".

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and each of its committees. To assist in its review, the Board conducts informal surveys of its Directors.

Nomination and Assessment

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances Shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

AUDIT COMMITTEE

The audit committee has various responsibilities as set forth in National Instrument 52-110 ("NI 52-110").

It is the intention of the Designated Persons named in the enclosed form of proxy, if not expressly directed otherwise in such form of proxy, to vote such proxy FOR the Stock Option Plan Resolution

Management of the Company recommends that Shareholders vote in favor of the Stock Option Plan Resolution.

4. Approval and Ratification of Renewal Shareholders Rights Plan

On August 7, 2014 the Board of Directors of the Company announced that it had approved the adoption of a shareholder rights plan (the “Rights Plan”) the terms and conditions of which are set out in a Shareholders Rights Plan Agreement (the “Rights Agreement”) between the Company and Computershare Trust Company of Canada (as Rights Agent). The Rights Plan expires at the annual general meeting to be held on October 27, 2017. On September 13, 2017, the Company announced it the board of directors approved the renewal of the Rights Plan (the “Renewal”). The Renewal Rights Plan is to be effective as of the date of the Meeting and is subject to approval by ordinary resolution by the shareholders of the Company at the Meeting, as required by the TSX Venture Exchange. Shareholders will be asked to consider and, if thought advisable, to approve, ratify and confirm the Renewal Rights Plan and all rights to purchase common shares (the “Rights”) issued pursuant to the Renewal Rights Plan. The Renewal Rights Plan will have a term of approximately three years and will remain in effect until the close of the annual meeting of shareholders of the Company occurring in 2020, unless extended by the shareholders. The Renewal Rights Plan is similar to plans adopted by other Canadian public companies and approved by their shareholders.

Directors’ Recommendation

The Board has determined that the Rights Plan is in the best interests of the Company and its shareholders and unanimously recommends that shareholders vote in favor of the Rights Plan.

The persons named in the form of proxy, if named as proxy, intend to vote such proxy in favor of the resolution to approve the Rights Plan, unless a shareholder has specified in its proxy that its common shares are to be voted against the resolution. If no choice is specified by the shareholder to vote for or against the resolution referred to above, the persons whose names are printed in the enclosed form of proxy intend to vote in favor of the resolution.

Background and Purpose of the Rights Plan

The Rights Plan is designed to encourage the fair treatment of shareholders in connection with any take-over bid for the Company. The Rights Plan will provide the Board and the shareholders with more time to fully consider any unsolicited take-over bid for the Company; it will allow the Board to pursue, if appropriate, other alternatives to maximize shareholder value and it will allow additional time for competing bids to emerge. Existing securities legislation in Canada requires a take-over bid to remain open for only thirty-five (35) days. The Board does not believe that this period is sufficient to permit the Board to determine whether there may be alternatives available to maximize shareholder value or whether other bidders may be prepared to pay more for the Company’s shares than the offeror. In addition, the Board is concerned that, while securities legislation has addressed many concerns of unequal treatment of shareholders, there remains the possibility that control or effective control may be acquired pursuant to a private agreement in which a small number of shareholders dispose of shares at a premium to market price which is not shared with the other shareholders. Also, a person may slowly accumulate shares through stock exchange acquisitions which may result, over time, in an acquisition of control without payment of fair value for control or fair sharing of any control premium among all shareholders. The Rights Plan addresses these concerns by applying to all acquisitions of 20% or more of the common shares of the Company.

Under the Rights Plan, a bidder making a Permitted Bid (as defined below) for the common shares may not take up any shares before the close of business on the sixtieth (60th) day after the date of the bid and unless at least 50% of the common shares not Beneficially Owned by the person making the bid and certain related parties are tendered or deposited and not withdrawn, in which case, a public announcement of that fact must be made and the bid must be extended for not less than ten (10) business days on the same terms. The Rights Plan will encourage an offeror to proceed by way of a Permitted Bid, or to approach the Board with a view to negotiation by creating the potential for substantial dilution of the offeror’s position. The Permitted Bid provisions of the Rights Plan are designed to ensure that in any take-over bid, all shareholders are treated equally, receive the maximum available value for their investment and are given adequate time to properly assess the bid on a fully informed basis.

In recent years, unsolicited take-over bids have been made for the shares of a number of Canadian companies. Many of these companies had a shareholder rights plan in place which was used by the board of directors of the target company to gain time to seek alternatives to the bid with the objective of enhancing shareholder value. In most cases, a change of control ultimately occurred at a price in excess of the original bid price; accordingly, the existence of a shareholder rights plan should not and is not intended to prevent unsolicited take-over bids for the common shares of the Company.

Canadian securities regulators have concluded in recent decisions relating to shareholder rights plans that a target company’s board of directors will not be permitted to maintain a shareholder rights plan solely to prevent a bid, but may do so if the board is actively seeking alternatives to a take-over bid, and if there is a real and substantial possibility that the board can increase shareholder choice and maximize shareholder value.

The Rights Plan is not being proposed in response to, or in anticipation of, any particular acquisition or take-over offer and is not intended to prevent a take-over of the Company, to secure continuance of current management or the directors in office or to deter fair offers. The Rights Plan does not inhibit any shareholder from using the proxy mechanism set out in the *Business Corporations Act* (British Columbia) to promote a change in the management or direction of the Company. The Rights Plan may, however,

increase the price to be paid by a potential offeror to obtain control of the Company and may discourage certain opportunistic and coercive offers that might not be in the best interests of all shareholders.

The Rights Plan does not affect in any way the financial condition of the Company. The initial issuance of the Rights is not dilutive and will not affect reported earnings or cash flow per share until the Rights separate from the underlying common shares and become exercisable. The adoption of the Rights Plan will not lessen or affect the duty of the Board to act honestly and in good faith with a view to the best interests of the Company and its shareholders. The issuance of Rights will not change the manner in which shareholders currently trade their common shares. Shareholders do not have to return their certificate(s) in order to have the benefit of the Rights.

Terms of the Rights Plan

The following is a summary of the terms of the Rights Plan. This summary is qualified in its entirety by the Rights Agreement. The full text of the Rights Plan will be available for review at the Meeting and will be available for review prior to the Meeting upon request made to the Company at:

To implement the Plan, one Right will be issued by the Company pursuant to the Rights Agreement in respect of each common share outstanding at 4:00 p.m. (Vancouver time) on October 27, 2017 (the "Record Time"). One Right also will be issued for each additional common share issued after the Record Time and prior to the earlier of the Separation Time (as defined below) and the Expiration Time. Each Right will entitle the holder, from and after the Separation Time and prior to the Expiration Time, to purchase from the Company one common share at a price equal to one-half of the market price for the common shares of the Company, subject to certain anti-dilution adjustments. The Rights will not be exercisable until the Separation Time. Upon the occurrence of a Flip-in Event (as defined below), each Right held by a non-acquiring person will become exercisable and may be traded separately from the common shares.

The issuance of Rights will not change the manner in which shareholders currently trade their common shares. Shareholders do not have to return their share certificate(s) in order to have the benefit of the Rights.

Until the Separation Time, the Rights will trade together with the common shares, will be represented by the common share certificate, and will not be exercisable. After the Separation Time, the Rights will become exercisable, will be evidenced by Rights certificates, and will be transferable separately from the common shares.

The Separation Time is defined in the Rights Agreement as the close of business on the tenth (10th) Trading Day (or such later day as may be determined by the Board) after the earlier of:

- (a) the Stock Acquisition Date, which is the date of the first public announcement by the Company or an Acquiring Person indicating that an Acquiring Person has become such (defined in the Rights Agreement as a person who has acquired, other than pursuant to an exemption available under the Rights Plan or pursuant to a Permitted Bid, Beneficial Ownership of 20% or more of the outstanding Voting Shares of the Company);
- (b) the date of the commencement of, or first public announcement (provided such announcement is made after the Record Time) of an intention of any Person (other than the Company or any Subsidiary of the Company) to commence, a Take-over Bid (other than a Permitted Bid or a Competing Permitted Bid) to acquire Beneficial Ownership of 20% or more of the Voting Shares of the Company; and
- (c) the date on which a Permitted Bid or Competing Permitted Bid ceases to be such.

A Permitted Bid is defined in the Rights Agreement as a Take-over Bid which is made by means of a Take-over Bid circular and which also complies with the following requirements:

- (a) the Take-over Bid is made to all registered holders of Voting Shares, other than the Person making the Take-over Bid;
- (b) the Take-over Bid contains, and the take-up and payment for securities tendered or deposited thereunder is subject to, an irrevocable and unqualified condition that no Voting Shares shall be taken up or paid for pursuant to the Take-over Bid prior to the close of business on the date which is not less than sixty (60) days following the date the take-over bid circular is sent to the holders of Voting

Shares, and only if at such date more than 50% of the Voting Shares held by Independent Shareholders shall have been deposited or tendered pursuant to the Take-over Bid and not withdrawn;

- (c) the Take-over Bid contains an irrevocable and unqualified provision that, unless the Take-over Bid is withdrawn, Voting Shares may be deposited pursuant to such Take-over Bid at any time during the period of time specified in (b) above and that any Voting Shares deposited pursuant to the Take-over Bid may be withdrawn until taken up and paid for; and
- (d) the Take-over Bid contains an irrevocable and unqualified provision that if, on the date on which Voting Shares may be taken up and paid for, more than 50% of the Voting Shares held by Independent Shareholders shall have been deposited or tendered pursuant to the Take-over Bid and not withdrawn, the Offeror will make a public announcement of that fact and the Take-over Bid will remain open for deposits and tenders of Voting Shares for not less than ten (10) business days from the date of such public announcement.

If an Offeror successfully completes a Permitted Bid, the Rights Plan provides that the Rights will be redeemed at \$0.00001 per Right.

A Permitted Bid, even if not approved by the Board, may be taken directly to the shareholders of the Company. Shareholder approval will not be required for a Permitted Bid. Instead shareholders of the Company will initially have sixty (60) days to tender or to deposit their shares. If more than 50% of the Voting Shares (other than shares Beneficially Owned by the Offeror) have been tendered or deposited and not withdrawn by the end of such sixty (60) day period, the Permitted Bid must be extended for a further period of ten (10) business days to allow initially disapproving shareholders to deposit their shares if they so choose.

If a potential Offeror does not wish to make a Permitted Bid, it can negotiate with, and obtain the prior approval of, the Board to make a bid pursuant to a Take-over Bid circular on terms which the Board considers fair to all shareholders. In such circumstances, the Board may waive the application of the Rights Plan to the transaction, thereby allowing such bid to proceed without dilution of the Offeror, and will be deemed to have waived the application of the Rights Plan to all other contemporaneous bids made by Take-over Bid circular. All other waivers require shareholder approval except in the case of inadvertent triggering of the application of the Rights Plan.

Under the Rights Agreement, a Flip-in Event is any transaction pursuant to which any Person becomes an Acquiring Person. Except as set out below, upon the occurrence of any Flip-in Event, from and after the close of business on the tenth (10th) trading day following the Stock Acquisition Date:

- (a) any Rights Beneficially Owned by the Acquiring Person and Affiliates, Associates and Transferees of the Acquiring Person or any Person acting jointly or in concert with the Acquiring Person will become void; and
- (b) each Right (other than Rights which are void) will entitle the holder thereof to purchase that number of common shares having an aggregate market price on the date of consummation or occurrence of such Flip-in Event equal to twice the relevant Exercise Price.

Accordingly, a Flip-in Event that is not approved by the Board will result in significant dilution to an Acquiring Person. The Board may, with shareholder approval, at any time prior to the occurrence of a Flip-in Event, elect to redeem all but not less than all of the outstanding Rights at a redemption price of \$0.00001 per Right.

The Company may, from time to time, supplement or amend the Rights Agreement to correct clerical or typographical errors or to maintain the validity of the Rights Agreement as a result of a change in law. All other amendments after the Meeting require shareholder approval.

Canadian Federal Income Tax Consequences

The Company will not include any amount in income for the purposes of the *Income Tax Act* (Canada) as a result of the issue of the Rights. A right to acquire additional shares of the Company granted to a common shareholder does not constitute a taxable benefit to the recipient that must be included in income or that is subject to non-resident withholding tax if all holders of common shares are granted such right. A Right was issued in respect of each common share outstanding at the Record Time. Therefore, holders of common shares should not have an income inclusion or liability for non-resident withholding tax upon the issuance of the Rights. In any event, the Company considers that the Rights have a negligible monetary value because the Company is not aware of any acquisition or take-over bid which would give rise to a Flip-in Event.

Although a holder of a Right may have income or may be subject to non-resident withholding tax if the Rights become exercisable, are exercised or redeemed, the Company considers the likelihood of such an event occurring to be remote.

Shareholder Approval

The Rights Plan and the issuance of the Rights thereunder will be approved, ratified and confirmed by shareholders when the Rights Plan and the issuance of the Rights thereunder have been approved by a majority of the votes cast in respect thereof, without giving effect to any votes cast (i) by any shareholder that, directly or indirectly, on its own or in concert with others, holds or exercises control over more than 20% of the outstanding voting shares of the Company, if any; and (ii) by the associates, affiliates and insiders of any person referred to in (i) above.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

“BE IT RESOLVED THAT, AS AN ORDINARY RESOLUTION, with or without Amendment, THAT:

1. The shareholder rights plan as described in the management information circular dated September 22, 2017, prepared in connection with this annual general and special meeting of shareholders, is hereby approved, ratified and confirmed, with or without amendment.
2. The board of directors of the Company is authorized to perform such further acts and execute such further documentation as may be required to give effect to the foregoing.”

As disclosed above, the persons named in the enclosed form of proxy intend to vote at the Meeting for the approval, ratification and confirmation of the Rights Plan and the issuance of Rights thereunder, unless otherwise directed by the shareholder appointing them.

Communications and Corporate Disclosure Policy

GENERAL

The Board has adopted a communications and corporate disclosure policy which covers communication with the press, analysts and shareholders; release of corporate information in news releases and other corporate disclosure documents; disclosure of technical information; and maintenance and disclosure of information on the Company's website. The Company expects strict adherence of its directors, officers and employees with insider trading restrictions, and requires confidentiality clauses in employment agreements so as to protect the confidentiality of Company information.

The Board has instructed management to annually provide a copy of this policy to each of the Company's directors, officers and employees. This policy is administered and reviewed annually by the Corporate Governance Committee, along with recommendations for any required changes made to the Board.

If you have any questions regarding the contents of this disclosure policy and how it applies to you or you are unsure whether or not you may trade in a given circumstance, you should contact the Chief Financial Officer or President and Chief Executive Officer for assistance.

OBJECTIVE AND SCOPE

The objective of this disclosure policy is to ensure that communications to the investing public about the Company is:

- (a) timely, complete, factual and accurate; and
- (b) broadly disseminated in accordance with all applicable legal and regulatory requirements.

This disclosure policy confirms in writing our existing disclosure policies and practices. Its goal is to raise awareness of the Company's approach to disclosure among the board of directors, senior management, employees and consultants.

This disclosure policy extends to all employees, consultants, contractors and the boards of directors of the Company, its subsidiaries and limited partnerships and those individuals authorized to speak on behalf of the Company, its subsidiaries or limited partnerships. It covers disclosures in documents filed (with the securities regulators) and written statements made in the Company's annual and quarterly reports, news releases, letters to shareholders, presentations by senior management and information contained on the Company's Website and other electronic communications. It extends to oral statements made in meetings and telephone conversations with analysts and investors, interviews with the media as well as speeches, press conferences and conference calls.

DISCLOSURE POLICY RESPONSIBILITY

The Corporate Governance Committee is responsible for overseeing the Company's disclosure practices (the "Committee"). The Committee will set standards for a preliminary assessment of materiality and will determine when developments justify public disclosure. The Committee will meet as conditions require and minutes of the Committee's meetings will be maintained and available to the Company's Board of Directors. It is essential that the Committee be kept fully apprised of all pending material developments relating to the Corporation in order to evaluate and discuss those events and to determine the appropriateness and timing for public release of information. If it is deemed that the information should remain confidential, the Committee will determine how that inside information will be controlled and whether any regulatory filings on a confidential basis need to be made.

The Committee will review and update, if necessary, this disclosure policy on an annual basis or as needed to ensure compliance with changing regulatory requirements. The Committee will report to the board of directors as requested.

DISCLOSURE OF MATERIAL INFORMATION

An immediate statement containing the major points of the material information is the first objective. Additional details may follow in a further news release. When several significant actions are resolved or occur at one time, disclosure of all should be released immediately so that the full implications may be assessed by the public.

Certain developments will require disclosure at the proposal stage or before an event actually occurs if the proposal gives rise to material information at that stage. Announcement of an intention to proceed with a transaction or activity giving

rise to material information should be made when a decision has been made to proceed by the board of directors or senior management with the expectation of concurrence from the board of directors. Updates should be announced on a regular basis unless the original announcement indicated that an update would be disclosed on a specific date. In addition, prompt disclosure is required of any material change to the proposed transaction or to the previously disclosed information.

While it is the responsibility of the Committee to determine what information is material in the context of the Company's business, the Company may consult with market surveillance of the stock exchange on which the Company's shares are traded when in doubt as to whether disclosure should be made.

2. In certain circumstances, the Committee may determine that such disclosure may be unduly detrimental to the Company (for example if release of the information would prejudice negotiations in a corporate transaction), in which case the information will be immediately brought to the attention of the board of directors and will be kept confidential until the Committee determines it is appropriate to publicly disclose. (In such circumstances, the Committee will cause a confidential material change report to be filed with the applicable securities regulators, and will periodically (at least every 5 days) review its decision to keep the information confidential (also see "Rumours"). The Committee will only withhold material information from public disclosure where there is a reasonable basis to do so and when the basis for maintaining confidentiality ceases to exist, shall promptly disclose such material information to the public. At any time when material information is withheld from the public, the Company is under a duty to take precautions to keep such information completely confidential. Such information should not be disclosed to any officers, consultants, employees, contractors or advisors of the Company except in the necessary course of business. The Company shall also make sure that there is no selective disclosure of confidential information to third parties. The Company should ensure that when such information is disclosed in the necessary course of business all recipients are aware that it must be kept confidential. If the material information being treated as confidential becomes disclosed in some manner, the Company shall promptly disclose the material information publicly in the proper manner.
3. Disclosure must include any information, the omission of which would make the rest of the disclosure misleading (half truths are misleading).
4. Unfavourable material information must be disclosed as promptly and completely as favourable information. The guiding principle should be to communicate clearly and accurately the nature of the information, without including unnecessary details, exaggerated reports or editorial commentary designed to colour the investment community's perception of the announcement one way or the other.
5. No selective disclosure. Previously undisclosed material information must not be disclosed to selected individuals (for example, in an interview with an analyst or in a telephone conversation with an investor). If previously undisclosed material information has been inadvertently disclosed to an analyst or any other person not bound by an express confidentiality obligation, such information must be broadly disclosed immediately via news release.
6. Disclosure on the Company's website alone does not constitute adequate disclosure of material information.
7. Disclosure must be corrected immediately if the Company subsequently learns that earlier disclosure by the Company contained a material error at the time it was given.

TRADING RESTRICTIONS AND BLACKOUT PERIODS

It is illegal for anyone to purchase or sell securities of any public company with knowledge of material information affecting that company that has not been publicly disclosed.³ Except in the necessary course of business, it is also illegal for anyone to inform any other person of material non-public information. Therefore, insiders and employees with knowledge of confidential or material information about the Company or counter-parties in negotiations of material potential transactions, are prohibited from trading shares in the Company or any counter-party until the information has been fully disclosed and a reasonable period of time has passed for the information to be widely disseminated.

Trading blackout periods will apply to those insiders or employees with access to material undisclosed information during periods when financial statements are being prepared but results have not yet been publicly disclosed.

Blackout periods may be prescribed from time to time by the Committee as a result of special circumstances relating to the Company pursuant to which insiders of the Company would be precluded from trading in securities of the Company. All parties with knowledge of such special circumstances should be covered by the blackout. Such parties may include external advisors such as legal counsel, investment bankers and counter-parties in negotiations of material potential transactions. The CEO and or CFO will inform all such parties of the imposition and the subsequent termination of each blackout period.

³ Section 57.2, Securities Act (British Columbia), S.B.C. 2004, Chapter 43

MAINTAINING CONFIDENTIALITY

Any insider or employee privy to confidential information is prohibited from communicating such information to anyone else, unless it is necessary to do so in the course of business. Efforts will be made to limit access to such confidential information to only those who need to know the information and such persons will be advised that the information is to be kept confidential.

Communication by e-mail leaves a physical track of its passage that may be subject to later decryption attempts. All confidential information being transmitted over the Internet must be secured by the strongest encryption methods available. Where possible, employees or insiders should avoid using e-mail to transmit confidential information.

Outside parties privy to undisclosed material information concerning the Company will be told that they must not divulge such information to anyone else, other than in the necessary course of business. Such outside parties will confirm their commitment to non-disclosure in the form of a written confidentiality agreement.

In order to prevent the misuse or inadvertent disclosure of material information, the procedures set forth below should be observed at all times:

1. Documents and files containing confidential information should be kept in a safe place to which access is restricted to individuals who "need to know" that information in the necessary course of business and code names should be used if necessary.
2. Confidential matters should not be discussed in places where the discussion may be overheard, such as elevators, hallways, restaurants, airplanes or taxis.
3. Confidential matters should not be discussed on wireless telephones or other wireless devices.
4. Confidential documents should not be read or displayed in public places and should not be discarded where others can retrieve them.
5. Employees must ensure they maintain the confidentiality of information in their possession outside of the office as well as inside the office.
6. Transmission of documents by electronic means, such as by fax or directly from one computer to another, should be made only where it is reasonable to believe that the transmission can be made and received under secure conditions.
7. Unnecessary copying of confidential documents should be avoided and documents containing confidential information should be promptly removed from conference rooms and work areas after meetings have concluded. Extra copies of confidential documents should be shredded or otherwise destroyed.
8. Access to confidential electronic data should be restricted through the use of passwords.

DESIGNATED SPOKESPERSONS

The Company designates a limited number of spokespersons responsible for communication with the investment community, regulators or the media. The President and CEO, the Chairman and, if appointed, the communications officer shall be the official spokespersons for the Company. Individuals holding these offices may, from time to time, designate others within the Company to speak on behalf of the Company as backups or to respond to specific inquiries.

Employees who are not authorized spokespersons must not respond under any circumstances to inquiries from the investment community, the media or others, unless specifically asked to do so by an authorized spokesperson. All such inquiries shall be referred to the President and CEO or communications officer.

NEWS RELEASES

Once the Committee determines that a development is material, it will authorize the issuance of a news release, unless the Committee determines that such developments must remain confidential for the time being, in which case appropriate confidential filings will be made and control of that inside information is instituted. Should a material statement inadvertently be made in a selective forum, the Company will immediately issue a news release in order to fully disclose that information.

If the stock exchange(s) upon which shares of the Company are listed is open for trading at the time of a proposed announcement, prior notice of a news release announcing material information must be provided to the market surveillance department to enable a trading halt, if deemed necessary by the stock exchange(s). If a news release announcing material information is issued outside of trading hours, market surveillance must be notified before the market opens.

Annual and interim financial results will be publicly released as soon as practicable following board approval or review.

News releases will be disseminated through an approved news wire service that provides simultaneous national and/or international distribution. News releases will be transmitted to all stock exchange members, relevant regulatory bodies, major business wires, national financial media and, at the option of the Company, the local media in areas where the Company has its headquarters or operations.

News releases will be posted on the Company's website immediately after release over the news wire. The news release page of the website shall include a notice that advises the reader that the information posted was accurate at the time of posting, but may be superseded by subsequent news releases.

Where technical information (such as exploration results) is being disseminated through a news release, the news release will be reviewed by an appropriate expert to ensure the news release contains accurate information and does not omit any material information. Technical information will be disseminated by the Company in accordance with securities regulations including National Instrument 43-101 Standards for Disclosure of Mineral Projects.

CONFERENCE CALLS

Conference calls may be held for quarterly earnings and major corporate developments, whereby discussion of key aspects is accessible simultaneously to all interested parties, some as participants by telephone and others in a listen-only mode by telephone or via a web-cast over the internet. The call will be preceded by a news release containing all relevant material information. At the beginning of the call, a Company spokesperson will provide appropriate cautionary language with respect to any forward-looking information and direct participants to publicly available documents containing the assumptions, sensitivities and a full discussion of the risks and uncertainties.

The Company will provide advance notice of the conference call and web-cast by issuing a news release announcing the date and time and providing information on how interested parties may access the call and web-cast. In addition, the Company may send invitations to analysts, institutional investors, the media and others invited to participate. Any non-material supplemental information provided to participants will also be posted to the Website for others to view. A tape recording of the conference call and/or an archived audio web-cast on the Internet will be made available following the call for a minimum of 30 days, for anyone interested in listening to a replay.

The Committee will hold a debriefing meeting immediately after the conference call and if such debriefing uncovers selective disclosure of previously undisclosed material information, the Company will immediately disclose such information broadly via news release.

RUMOURS

The Company generally does not comment, affirmatively or negatively, on rumours. This also applies to rumours on the internet. The Company's spokespersons will respond consistently to those rumours, saying, "It is our policy not to comment on market rumours or speculation." Should the stock exchange request that the Company make a definitive statement in response to a market rumour that is causing significant volatility in the stock, the Committee will consider the matter and decide whether to make a policy exception.

CONTACTS WITH ANALYSTS, INVESTORS AND THE MEDIA

Disclosure in individual or group meetings does not constitute adequate disclosure of information that is considered material non-public information. If the Company intends to announce material information at an analyst or shareholder meeting or a press conference or conference call, the announcement must be preceded by a news release.

The Company recognizes that meetings with analysts and significant investors are an important element of the Company's investor relations program. The Company will meet with analysts and investors on an individual or small group basis as needed and will initiate contacts or respond to analyst and investor calls in a timely, consistent and accurate fashion in accordance with this disclosure policy.

The Company will provide only non-material information through individual and group meetings, in addition to regular publicly disclosed information, recognizing that an analyst or investor may construct this information into a mosaic that could result in material information. The Company cannot alter the materiality of information by breaking down the information into smaller, non-material components.

The Company may maintain a "frequently asked questions" section on its website and will provide the same sort of detailed, non-material information to individual investors or reporters that it has provided to analysts and institutional investors.

Spokespersons will keep notes of telephone conversations with analysts and investors and where practicable more than one Company representative will be present at all individual and group meetings. A debriefing will be held after such meetings and if

such debriefing uncovers selective disclosure of previously undisclosed material information, the Company will immediately take steps to ensure that a full public announcement is made. Such steps will include contacting the market surveillance of the stock exchange on which the Company's shares are traded and requesting that trading be halted pending the issuance of a news release and pending such issuance of the news release notifying all parties who have knowledge of the information that such information is material and that it has not been generally disclosed.

REVIEWING ANALYST DRAFT REPORTS AND MODELS

It is the Company's policy to review, upon request, analysts' draft research reports or models. The Company will review the report or model for the purpose of pointing out errors in fact based on publicly disclosed information. It is the Company's policy, when an analyst inquires with respect to his/her estimates, to question an analyst's assumptions if the estimate is significantly outside of the range of "Street" estimates and/or the Company's published earnings guidance. The Company will limit its comments in responding to such inquiries to non-material information. The Company will not confirm, or attempt to influence, an analyst's opinions or conclusions and will not express comfort with the analyst's model and earning estimates.

In order to avoid appearing to "endorse" an analyst's report or model, the Company will provide its comments orally or will attach a disclaimer to written comments to indicate the report was reviewed only for factual accuracy.

DISTRIBUTING ANALYST REPORTS

Analyst reports are proprietary products of the analyst's firm. Re-circulating a report by an analyst may be viewed as an endorsement by the Company of the report. For these reasons, the Company will not provide analyst reports through any means to persons outside of the Company including posting such information on its website. The Company may post on its website a complete list, regardless of the recommendation, of all the investment firms and analysts who provide research coverage on the Corporation. If provided, such list will not include links to the analysts' or any other third party Website or publications.

FORWARD-LOOKING INFORMATION

Generally, the Company should not disclose forward looking information ("FLI") unless required by law to do so, or unless the Company believes such disclosure will enhance a reasonable investor's investment decision, whether positively or negatively.

Should the Company determine it has a reasonable basis and elects to disclose forward-looking information in continuous disclosure documents, speeches, conference calls, etc., the following guidelines will be observed.

1. FLI, if deemed material, will be broadly disseminated via news release, in accordance with this disclosure policy.
2. The FLI will be clearly identified as forward looking.
3. The Company will identify all material assumptions and factors used in the preparation of the FLI.
4. The FLI will be accompanied by a reasonable, meaningful cautionary statement that identifies, in very specific terms, the risks, uncertainties and material factors that may cause the actual results to differ materially from those projected in the statement.
5. The FLI will be accompanied by a statement that disclaims the Company's intention or obligation to update or revise the FLI, whether as a result of new information, future events or otherwise. Notwithstanding this disclaimer, should subsequent events prove past statements about current trends to be materially off target, the Company may choose to issue a news release explaining the reasons for the difference. In this case, the Company will update its guidance on the anticipated impact on revenue and earnings (or other key metrics).
6. Any oral FLI (such as those made in conference calls, analyst interviews or "road shows") must be accompanied by a statement:
 - (a) that the statement is "forward-looking;"
 - (b) that actual results may differ materially from those projected in the forward looking statement; and
 - (c) that additional information concerning factors that could cause actual results to differ from those projected is contained in an identified, readily available written document (for example, one of the Company's periodic reports).

MANAGING EXPECTATIONS

The Company will try to ensure, through its regular public dissemination of quantitative and qualitative information that analysts' estimates are in line with the Company's own expectations. The Company will not confirm, or attempt to influence, an analyst's opinions or conclusions and will not express comfort with analysts' models and earnings estimates.

If the Company has determined that it will be reporting results materially below or above publicly held expectations, it will disclose this information in a news release in order to enable discussion ‘without risk of selective disclosure’.

QUIET PERIODS

In order to avoid the potential for selective disclosure or even the perception or appearance of selective disclosure, the Company may observe a quarterly quiet period, during which the Company will not initiate or participate in any meetings or telephone contacts with analysts and investors and no earnings guidance will be provided to anyone, other than responding to unsolicited inquiries concerning factual matters. The quiet period should commence on the first day of the month following the end of a quarter and end with the issuance of a news release disclosing quarterly results.

DISCLOSURE RECORD

The CFO will maintain a five year file containing all public information about the Company, including continuous disclosure documents, news releases, analysts’ reports, transcripts or tape recordings of conference calls, debriefing notes, notes from meetings and telephone conversations with analysts and investors, and newspaper articles.

RESPONSIBILITY FOR ELECTRONIC COMMUNICATIONS (INCLUDING THE COMPANY’S WEBSITE)

This disclosure policy also applies to electronic communications. Accordingly, officers and personnel responsible for written and oral public disclosures shall also be responsible for electronic communications. The CEO (or delegate) is ultimately responsible for updating the investor relations section of the Corporation’s website and is responsible for monitoring all Company information placed on the website to ensure it is accurate, complete, up-to-date and in compliance with relevant securities laws.

Investor relations material shall be contained within a separate section of the Company’s website and shall include a notice that advises the reader that the information posted was accurate at the time of posting, but may be superseded by subsequent disclosures. All data posted to the website, including text and audiovisual material, shall show the date such material was issued. Any material changes in information must be updated immediately. The CEO (or delegate) will maintain a log indicating the date that material information is posted and/or removed from the investor relations website. The minimum retention period for material corporate information on the website shall be two years.

Disclosure on the Company’s website alone does not constitute adequate disclosure of information that is considered material, non-public information. Any disclosures of material information on its website will be preceded by the issuance of a news release.

The CEO (or delegate) shall also be responsible for responses to electronic inquiries. Only public information or information which could otherwise be disclosed in accordance with this disclosure policy shall be utilized in responding to electronic inquiries.

In order to ensure that no material undisclosed information is inadvertently disclosed, employees and insiders are prohibited from participating in Internet chat rooms or newsgroup discussions on matters pertaining to the Company’s activities or its securities. Insiders or employees who encounter a discussion pertaining to the Company should advise the President and CEO immediately, so the discussion may be monitored.

LIABILITY TO INVESTORS IN THE SECONDARY MARKET

Newly enacted legislation now gives investors in the secondary market the right to sue any public company and key related people for making public misrepresentations about the company or for failing to make timely disclosure as required by law.

The legislation provides secondary market investors with limited right of action against an issuer of securities, its directors, responsible senior officers, “influential persons” (i.e., large shareholders with influence over disclosure), auditors and other responsible experts. Secondary market investors now have the right to seek limited compensation for damages suffered at a time when the issuer had made, and not corrected, public disclosure (either written or oral) that contained an untrue statement of a material fact or failed to make required material disclosure.

Investors have the right to sue whether or not they actually relied on the misrepresentation or failure to make timely disclosure.

The issuer and other possible defendants would have varying defences based on the responsibility for the disclosure. For some types of disclosure, a person has a defence if that person conducted due diligence. For other types of disclosure, the person is not liable unless the plaintiff proves that the person knew about the misrepresentation, deliberately avoided acquiring knowledge or was guilty of gross misconduct in making the misrepresentation.

In order to limit potential exposure, the Committee will conduct or cause to be conducted a reasonable investigation of the disclosure to be released such that the Committee would be satisfied that there would be no reasonable grounds to believe that the document

or oral statement contains any misrepresentation. Similarly the Committee will conduct or cause to be conducted a reasonable investigation to ensure that there would be no reasonable grounds to believe that a failure to make timely disclosure would occur.

Strict adherence to the Company's disclosure policy will minimize exposure to potential liabilities under current and proposed legislation.

COMMUNICATION AND ENFORCEMENT

New directors, officers, consultants, contractors and employees will be provided with a copy of this disclosure policy and they must sign an acknowledgement as having received it and that they will comply with this Disclosure Policy. This Disclosure Policy will be circulated to all employees and insiders of the Corporation on an annual basis and whenever changes are made and as a term of their engagement, must sign an acknowledgement as having received it and that they will comply with this Business Code.

If you have any questions regarding the contents of this disclosure policy and how it applies to you or you are unsure whether or not you may trade in a given circumstance, you should contact the President and CEO, or CFO for assistance.

All employees or insiders who violate this disclosure policy may face disciplinary action up to and including termination of his or her employment or relationship with the Company without notice. The violation of this disclosure policy may also violate certain securities laws. If it appears that an employee or insider may have violated such securities laws, the Company may refer the matter to the appropriate regulatory authorities, which could lead to penalties, fines or imprisonment.

EFFECTIVE DATE

This Policy was implemented by the Board on January 2, 2015.

The Expiry Date for each Option shall be set by the Board at the time of issue of the Option and shall not be more than ten (10) years after the Grant Date. Options shall not be assignable (or transferable) by the Optionee.

3.2 Limits on Shares Issuable on Exercise of Options

Prior to the completion of the Company's initial public offering, the number of Shares reserved for issuance under the Plan in aggregate shall not exceed 10% of the total number of the Company's issued and outstanding common shares on a non-diluted basis as of the date of listing the Company's common shares through the facilities of the TSX Venture Exchange following the completion of the Company's initial public offering.

Following the completion of the Company's initial public offering and the listing of the Company's common shares through the facilities of the TSX Venture Exchange, the number of Shares reserved for issuance under the Plan in aggregate shall not exceed 10% of the total number of issued and outstanding common shares of the Company on the Grant Date on a non-diluted basis.

3.3 Option Agreements

Each Option shall be confirmed by the execution of an Option Agreement. Each Optionee shall have the option to purchase from the Company the Option Shares at the time and in the manner set out in the Plan and in the Option Agreement applicable to that Optionee. For Options to Employees, Consultants, Consultant Companies or Management Company Employees, the Company is representing herein and in the applicable Stock Option Agreement that the Optionee is a bona fide Employee, Consultant, Consultant Company or Management Company Employee, as the case may be, of the Company or its subsidiary. The execution of an Option Agreement shall constitute conclusive evidence that it has been completed in compliance with this Plan.

4. EXERCISE OF OPTION

4.1 When Options May be Exercised

Subject to section 4.3, an Option may be exercised to purchase any number of Option Shares up to the number of Unissued Option Shares at any time after the Grant Date up to 4:00 p.m. local time on the Expiry Date and shall not be exercisable thereafter.

4.2 Manner of Exercise

The Option shall be exercisable by delivering to the Company a notice specifying the number of Option Shares in respect of which the Option is exercised together with payment in full of the Option Price for each such Option Share. Upon notice and payment there will be a binding contract for the issue of the Option Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan. Delivery of the Optionee's cheque payable to the Company in the amount of the Option Price shall constitute payment of the Option Price unless the cheque is not honored upon presentation in which case the Option shall not have been validly exercised.

4.3 Termination of Employment

In the following cases, an Option shall be exercisable as follows:

(a) Death or Disability

If the Optionee ceases to be an Eligible Person, due to his or her death or Disability or, in the case of an Optionee that is a company, the death or Disability of the person who provides management or consulting services to the Company or to any entity controlled by the Company, the Option then held by the Optionee shall be exercisable to acquire Unissued Option Shares at any time up to but not after the earlier of:

- (i) 365 days after the date of death or Disability; and
- (ii) the Expiry Date;

(b) Termination For Cause

If the Optionee, or in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person as a result of termination for cause, as that term is interpreted by the courts of the jurisdiction in which the Optionee, or, in the case of a Management Company Employee or a Consultant Company, of the Optionee's employer, is employed or engaged; any outstanding Option held by such Optionee on the date of such termination shall be cancelled as of that date.

(c) Early Retirement, Voluntary Resignation or Termination Other than For Cause

If the Optionee or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or

her termination by the Company other than for cause, or due to his or her voluntary resignation, the Option then held by the Optionee shall be exercisable to acquire Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and the date which is 90 days (30 days if the Optionee was engaged in Investor Relations Activities) after the Optionee or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person.

4.4 Vesting of Option Shares

Unless otherwise determined by the Directors, the Options shall vest on the Grant Date.

4.5 Effect of a Take-Over Bid

If a *bona fide* offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Company, within the meaning of subsection 1(1) of the Securities Act, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Option Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Option Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Option Shares received upon such exercise, or in the case of clause (b) above, the Option Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such returned Option Shares, the Option shall be reinstated as if it had not been exercised. If any Option Shares are returned to the Company under this paragraph 4.4, the Company shall immediately refund the exercise price to the Optionee for such Option Shares.

4.6 Acceleration of Expiry Date

If at any time when an Option granted under the Plan remains unexercised with respect to any Unissued Option Shares, an Offer is made by an offeror, the Directors may, upon notifying each Optionee of full particulars of the Offer, declare all Option Shares issuable upon the exercise of Options granted under the Plan, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer. The Directors shall give each Optionee as much notice as possible of the acceleration of the Options under this section, except that not less than 5 business days and not more than 35 days' notice is required.

4.7 Compulsory Acquisition or Going Private Transaction

If and whenever there shall be a compulsory acquisition of the Shares of the Company following a takeover bid or issuer bid pursuant to Part XVII of the CBCA or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal takeover bid may be voted under the conditions described in Section 8.2 of OSC Rule 61-501 – Insider Bids, Issuer Bids, Business Combinations and Related Party Transactions (or any successor instrument), then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Shares to which such Optionee was theretofore entitled to purchase upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Shares to the takeover bid.

4.8 Effect of a Change of Control

If a Change of Control occurs, all Option Shares may be exercised in whole or in part by the Optionee.

4.9 Exclusion From Severance Allowance, Retirement Allowance or Termination Settlement

If the Optionee, or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company, the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

4.10 Shares Not Acquired

Any Unissued Option Shares not acquired by an Optionee under an Option which has expired may be made the subject of a further Option pursuant to the provisions of the Plan.

5. ADJUSTMENT OF OPTION PRICE AND NUMBER OF OPTION SHARES

5.1 Share Reorganization

Whenever the Company issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Option Price will be adjusted to a price per Share which is the product of:
 - (i) the Option Price in effect immediately before that effective date or record date; and
 - (ii) a fraction, the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in subsection (a)(ii).

5.2 Special Distribution

Subject to the prior approval of the Exchange, whenever the Company issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares;

- (a) shares of the Company, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a "**Special Distribution**"), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Option Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

5.3 Corporate Organization

Whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Company, other than as described in sections 5.1 or 5.2;
- (b) a consolidation, merger or amalgamation of the Company with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities;
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company, or securities of another company, or both; or

- (d) a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation;

(any such event being herein called a "**Corporate Reorganization**") the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he would have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Directors.

5.4 Determination of Option Price and Number of Unissued Option Shares

If any questions arise at any time with respect to the Option Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Company's auditor, or, if they decline to so act, any other firm of Chartered Accountants in Vancouver, British Columbia, that the Directors may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Optionees.

5.5 Regulatory Approval

Any adjustment to the Option Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any one of paragraphs 5.1, 5.2 or 5.3 is subject to the approval of the Exchange and any other governmental authority having jurisdiction.

6. MISCELLANEOUS

6.1 Right to Employment

Neither this Plan nor any of the provisions hereof shall confer upon any Optionee any right with respect to employment or continued employment with the Company or any subsidiary of the Company or interfere in any way with the right of the Company or any subsidiary of the Company to terminate such employment.

6.2 Necessary Approvals

In accordance with TSX Policies, the Plan must be approved by the Company's shareholders yearly at the Company's annual general meeting. Disinterested shareholder approval (as required by the Exchange) will be obtained for any reduction in the exercise price of any Option granted under this Plan if the Optionee is an Insider of the Company at the time of the proposed amendment. The obligation of the Company to sell and deliver Shares in accordance with the Plan is subject to the approval of the Exchange and any governmental authority having jurisdiction. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such approval, then the obligation of the Company to issue such Shares shall terminate and any Option Price paid by an Optionee to the Company shall be immediately refunded to the Optionee by the Company.

6.3 Administration of the Plan

The Directors shall, without limitation, have full and final authority in their discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable in respect of the Plan. Except as set forth in section 5.4, the interpretation and construction of any provision of the Plan by the Directors shall be final and conclusive. Administration of the Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

6.4 Income Taxes

As a condition of and prior to participation in the Plan any Optionee shall on request authorize the Company in writing to withhold from any remuneration otherwise payable to him or her any amounts required by any taxing authority to be withheld for taxes of any kind as a consequence of his or her participation in the Plan.

6.5 Withholding Taxes

The Company or any subsidiary of the Company may take such steps as are considered necessary or appropriate for the withholding and/or remittance of any taxes which the Company or any subsidiary of the Company is required by any law or regulation of any governmental authority whatsoever to withhold and/or remit in connection with any Option or Option exercise including, without limiting the generality of the foregoing, the withholding and/or remitting of all or any portion of any payment or the withholding of the issue of Common Shares to be issued upon the exercise of any Option until such time as the Optionee has

paid the Company or any subsidiary of the Company for any amount which the Company or subsidiary of the Company is required to withhold and/or remit with respect to such taxes.

6.6 Amendments to the Plan

The Directors may from time to time, subject to applicable law and to the prior approval, if required, of the Exchange or any other regulatory body having authority over the Company or the Plan, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan and the Option Agreement relating thereto, provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Plan without the consent of that Optionee. Any amendments to the Plan or options granted thereunder will be subject to the approval of the shareholders.

6.7 Form of Notice

A notice given to the Company shall be in writing, signed by the Optionee and delivered to the head business office of the Company.

6.8 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

6.9 Compliance with Applicable Law

If any provision of the Plan or any Option Agreement contravenes any law or any order, policy, by-law or regulation of any regulatory body or Exchange having authority over the Company or the Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

6.10 No Assignment

No Optionee may assign any of his or her rights under the Plan or any option granted thereunder.

6.11 Rights of Optionees

An Optionee shall have no rights whatsoever as a shareholder of the Company in respect of any of the Unissued Option Shares (including, without limitation, voting rights or any right to receive dividends, warrants or rights under any rights offering).

6.12 Conflict

In the event of any conflict between the provisions of this Plan and an Option Agreement, the provisions of this Plan shall govern.

6.13 Governing Law

The Plan and each Option Agreement issued pursuant to the Plan shall be governed by the laws of the province of British Columbia.

6.14 Time of Essence

Time is of the essence of this Plan and of each Option Agreement. No extension of time will be deemed to be or to operate as a waiver of the essentiality of time.

6.15 Entire Agreement

This Plan and the Option Agreement sets out the entire agreement between the Company and the Optionees relative to the subject matter hereof and supersedes all prior agreements, undertakings and understandings, whether oral or written.
