

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

439-7184 120th Street, Surrey BC, V3W0M6
Tel: 778-228-1170 Fax: 604-583-1932 Website: www.lomiko.com Email: lomiko@dccnet.com

The following management's discussion and analysis ("MD&A") of the financial position and results of the operations of Lomiko Metals Inc. (the "Issuer" or the "Company"), constitutes management's review of the factors that affect the Company's financial and operation performance for the third financial quarter, ended October 31, 2019 compared to the same period last year ended October 31, 2018.

This MD&A should be read in conjunction with the Company's financial statements for the period ended October 31, 2019 and the related notes (the "Financial Statements"). The Financial Statements have been prepared in accordance with International Financial Reporting standards ("IFRS").

The MD&A is prepared in conformity with 51-102F1 and has been approved by the Board prior to its release.

All amounts are stated in Canadian dollars unless otherwise indicated.

Forward Looking Statements

Certain sections of this Management Discussion and Analysis may contain forward-looking statements. Such forward-looking statements involve a number of known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from actual future results. The risks, uncertainties and other factors that could influence actual results are described in the "Risk and Uncertainties" section of this report. The forward-looking statements contained herein are based on information available as of December 24th, 2019. Readers are cautioned not to put undue reliance on forward-looking statements.

Cautionary statement regarding Forward-Looking Statements

Forward-looking information can often be identified by forward-looking words such as "anticipate", "believe", "expect", "goal", "plan", "intend", "estimate" "may" and "will" or similar words suggesting future outcomes, or other expectations, objectives or statements about future events or performance. These risks and uncertainties could cause or contribute to actual results that are materially different than those expressed or implied. Such factors include, among others: general business, economic, competitive, political and social uncertainties; the actual results of current exploration activities; conclusions of economic evaluations; fluctuations in currency exchange rates; changes in project parameters as plans continue to be defined; changes in labour costs or other costs of production; future prices of graphite or other industrial mineral prices; possible variations of mineral grade or recovery rates; failure of equipment or processes to operate as anticipated; accidents, labour disputes and other risks of the mining industry, including but not limited to environmental hazards, cave-ins, pit-wall failures, flooding, rock bursts and other acts of God or unfavourable operating conditions and losses; delays in obtaining governmental approvals or financing or in the completion of development or construction activities; actual results of reclamation activities, and the factors discussed in the section entitled "Risk Factors" in this MD&A. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking statements contained herein are made as of the date of this MD&A and the Company disclaims any obligation to update any forward-looking statements, whether as a result of new information, future events or results or otherwise, except as may be required by applicable securities laws. There can be no assurance that forward-looking statements will prove

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance of forward-looking statements.

Nature of Operations

Lomiko Metals Inc., along with its subsidiaries collectively referred to as the "Company", is engaged in the acquisition, exploration and development of resource properties and the investment in power supply products companies. The Company is considered to be in the exploration and evaluation stage. The Company was incorporated on July 3, 1987, under the British Columbia Company Act. The Company is listed on the TSX Venture Exchange (TSX-V) having the symbol LMR.V as a Tier 2 mining issuer and on the Over the Counter Exchange in the United States having the symbol LMRMF.

The Company's registered mailing address is #439, 7184 120th Street, Surrey, BC V3W 0M6 Canada.

Going Concern

These consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future. The Company has incurred cumulative losses of \$26,010,540 and has reported a net loss from operations of \$1,765,708 for the twelve month period ended July 31, 2019. The ability of the Company to continue as a going concern is dependent upon successfully obtaining additional financing entering into a joint venture, a merger or other business combination transaction involving a third party, sale of all or a portion of the Company's assets, the outright sale of the Company, the successful development of the Company's mineral property interests, or a combination thereof. There can be no assurance that funding from this will be sufficient in the future to continue and develop its mineral properties, and provide additional funding for the development of the power supply products. These factors indicate the existence of a material uncertainty that may cast significant doubt upon the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the company be unable to continue as a going concern. Such adjustments could be material.

Intercorporate Relationships

On May 1, 2014, the Company incorporated a wholly owned subsidiary, Lomiko Technologies Inc., pursuant to laws of British Columbia.

Board of Directors

Lomiko Metals Inc. depends on the business and technical expertise of its management. The current Board of Directors is comprised of A. Paul Gill – President and CEO, Jacqueline Michael -CFO, Julius Galik - Director and Gabriel Erdelyi - Director. The directors that compose the audit committee are Jacqueline Michael, Julius Galik and Gabriel Erdelyi.

General

Lomiko Metals Inc. is a Vancouver, Canada based mining and exploration Company focused on advancing its principal asset, La Loutre Quebec (Flake Graphite). In addition, the Company has a business relationship and invested with Graphene Energy Storage Devices (Graphene ESD Corp.), Smart Home Devices (SHD), a company that is developing a series of energy-saving, connected building automation and security products and Promethieus Cryptocurrency Mining Corporation.

Below is an overview of the Company's mining and exploration properties.

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

Exploration

Vines Lake Property

On April 10, 2006, the Company acquired a 100% interest, subject to a 2% NSR, in the Vines Lake property, consisting of three contiguous claim units totaling 1,209.84 in the Cassiar region of BC. The property is located approximately 10 kilometers southeast of the town of Cassiar, BC. The claims cover rocks of the Sylvester group which are known to contain productive zones of gold mineralization in the area. The claim group is located approximately 2 kilometers north-east of the former Erickson Gold Mine. Highway 37 intersects the property and there are excellent service facilities nearby. The area is on the Arctic slope with elevations ranging from 1,000 to 2,150 meters. There are no extraordinary environmental problems known as of this date.

The Company paid the vendor, A. Paul Gill, an insider, \$10,000 in cash and issued 600,000 common shares (480,000 post 1:4 share split basis, Oct. 7, 2008. 10:1 share consolidation, December 19, 2016) 12,000 shares at a deemed value of \$60,000.

The Company retained Canadian Mining Geophysics to complete an airborne survey of its Vines Lake Property which was mobilized on June 30, 2008. The aerial survey was conducted with a magnetic gradiometer with VLFEM on 100 metre line spacing, fly 302 line km and will assist in defining exploration targets. The CMG airborne survey contract was completed in October 2008 and cost \$50,000.

In 2011, an exploration program conducted by the Company which comprised a soil geochemical survey, reconnaissance geological mapping and litho-geochemical sampling programs. A total of 1,366 soil samples were collected from a total of 1,447 sample sites. An anomalous zone of zinc in soil presented an interesting target and required further investigation. A total of 74 rock samples were taken either for ICP analysis or for future lithological referencing.

One litho-geochemical sample of quartz vein in slaty argillite located proximal to the Road River/Rosella Formation contact and within the anomalous Zinc in soil zone returned 1,170 ppm Zinc. In this quartz vein sample, 0.5% very fine grained metallic mineral disseminated throughout and within hairline fractures. The mineral was most likely sphalerite. The granodiorite rocks of the batholith were locally weakly to moderately magnetic which would explain the geophysical magnetic anomalies seen in the 2008 survey.

The 2012 Vines Lake exploration program comprised a two phase program of a soil geochemical survey and secondly a geological mapping, prospecting and litho-geochemical sampling program. The program was designed to infill sample the zinc in soil anomaly discovered in 2011 and to investigate the potential source of the anomalous zinc in soil values.

A total of seven hundred and fifty-two B horizon soil samples were taken and analyzed. No geochemical results were of economic interest. A total of fifty one rock samples were collected on the west side of Vines Lakes during the 2012 work program. No mineralization of economic significance was encountered during 2012 mapping and prospecting traverses. Minor sphalerite and trace of copper sulphides were found in pyritic zones near the contact between Road River Argillites and Tapioca Sandstone formation. The disseminated and semimassive pyrite is exhibiting mixed syngenetic and epigenetic character. Of interest is the fact, that graphitic argillites are present at the above contact.

The rocks containing the highest amounts of pyrite and/or pyrrhotite returned the highest contents of metals of interest during laboratory analyses. However, the overall content of zinc, copper and precious metals in western part of Vines Lake property is too low to be of economic interest at present time.

In 2011, one (1) NQ diamond drill hole totaling 294.5 m was drilled on the Vines Lake property. The purpose of this drill hole was to test a geophysical anomaly, discovered during the 2008 Helicopter Magnetic Gradiometer & VLF-EM Survey and to explore for any mineralization along the McDame Group limestones contact with the metasediments (argillaceous limestones and graptolitic shales) of the Road River Group. No significant mineralization was noted in the drill hole.

Should the forecasted market price for zinc increase substantially, further geochemical research has been recommended to establish the significance of the zinc-in-soil anomaly. This research should be focused on the

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

comparison to SEDEX deposit models from Selwyn Basin and mineral occurrences from Cassiar Platform including the Silvertip deposit situated 85 km to the north.

To date, the Company has spent a total of \$525,746.94 on exploration, technical reports and claim renewals and \$77,426.94 on acquisition costs (cash payment and shares issuance) on this property. The Company has recovered approximately 20% of the non-flow-through exploration costs through BC Mineral Exploration Tax Credits (METC), which equates to \$8,037 in tax credits.

The Vines Lake property currently has six active tenures comprising 3,299.55 Ha.

The Company has filed an Updated Technical Report dated February 24, 2014 in accordance with NI 43-101 compiled by Kirkham Geosystems Ltd.

On February 24, 2017, the Company announced that it had re-claimed most of its mineral claims and expanded its stake in this property in some areas. Lomiko Metals Inc. previously held the rights to 3 claims acquired in 2006 totaling 1,209 Ha (2,987 Acres) and has now expanded the claims to 3,281 Ha. The Vines Lake Property is located in the Cassiar Gold Camp in the Liard Mining District of northwestern British Columbia. The Vines Lake property has year-round paved road access as the property's northern boundary crosses Hwy 37N, seven kilometers south of the unincorporated settlement of Jade City.

On February 26, 2018, the Company reduced its land package in the Cassiar, B.C. area from 3,281 Ha to 1,342 Ha and wrote-off a total of \$357,611 in acquisition and exploration expenses.

On February 17, 2019, the Company chose to abandon its Vines Lake property by not renewing the property claims and subsequently wrote off a further \$249,105 in acquisition and exploration expenses.

Quatre-Milles (East)

The Company entered into a letter of intent dated November 11, 2011 and further definitive agreement dated December 28, 2011 to acquire a 100% interest in the Quatre-Milles Graphite Property located in southwestern Quebec from Zimtu Capital Corp. and Michel Robert, subject to a 2% NSR. The Quatre-Milles Graphite Property is located in southwestern Quebec approximately 175 km northwest of Montreal and 17 km due north of the village of Sainte-Veronique, Quebec. The property consists of 28 contiguous claims totaling approximately 1,600 hectares. The following terms of the agreement have all been met:

- the Company paid \$25,000 cash upon signing;
the Company issued 100,000 common shares at a deemed value \$0.35 per share; the Company paid \$25,000 cash and issued 50,000 common shares at deemed value of \$0.35 per share ;
- the Company issued 100,000 common shares at deemed value of \$0.35 per share; - the Company issued 150,000 common shares at a deemed value of \$0.35; and - the Company completed a minimum of \$200,000 of exploration on the property.

The Company's mining and exploration activities are subject to various federal and provincial laws and regulations governing the protection of the environment. These laws and regulations are continually changing and generally becoming more restrictive. The Company believes its operations are materially in compliance with all applicable laws and regulation.

The Company spent a total of \$534,900 on exploration expenditures and \$190,000 paid in cash and shares for this property.

During the year ended July 31, 2018, the Company assessed that the property was impaired because of government restrictions on further exploration, and consequently, wrote-off \$724,901 for this property.

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

Quatre-Milles (West) (QMW)

By letter agreement dated May 7, 2012 and Mineral Property Purchase Agreement dated May 25, 2012 the Company acquired a 100% interest in 2,180 hectare Quatre-Milles West Property located in southern Quebec from Zimtu Capital Corp., Michel Robert, Jean-Sebastien Lavallee and Jean-Raymond Lavallee, The Agreement is subject to a 2% NSR, payable to Michael Robert, Jean-Sebastien Lavallee and Jean-Raymond Lavallee. The Company acquired the property by paying \$3,000 and issue an aggregate of 1,800,000 common shares.

The QMW property is located in the Laurentians Region of Quebec, approximately 30 kilometers northeast of Mont-Laurier. The property is comprised of 37 claims over an area of 2,183.97 Ha.

Lomiko Metals has filed a NI 43-101 technical report for the Quatre Mille properties (East and West) prepared by Jean Lafleur, M.Sc., P.Geo of PJLEXPL Mineral Exploration Consultancy dated February 14, 2014.

The Company spent a total of \$45,539.54 in exploration and technical reports and \$183,000 was paid with cash and shares for this property.

During the year ended July 31, 2018, the Company assessed that the property was impaired because of government restrictions on further exploration, and consequently, wrote-off \$228,540 on this property.

La Loutre Crystalline Flake Graphite Property - Quebec

On September 22, 2014, the Company entered into a property option agreement with Canada Strategic Metals Inc. for the right to acquire a 40% interest in the La Loutre crystalline flake graphite property located in Quebec. The Company acquired a 40% interest in the property by issuing an aggregate of 125,000 common shares (post 10:1 consolidated basis) deemed price of \$0.70 per share (issued), paid \$12,500 cash; and incurred \$500,000 in exploration expenditures.

On February 6, 2015, the Company signed a second option agreement with Canada Strategic Metals Inc. to earn a further undivided 40% interest in the La Loutre, Quebec property (for a accumulated total of 80% interest in the property) and an undivided 80% interest in the Lac des Isles, Quebec, property by completing the following terms:

- pay \$1,010,000 in cash (\$10,000 paid and of which \$1,000,000 will be applied toward exploration expenditures on “Other Properties” that include Sakami, Apple and New Gold properties owned by Canada Strategic Metals Inc. With regards to the “Other Properties”, \$700,000 must be funded by no later than December 31, 2015 and \$300,000 by no later than December 31, 2016) and the Company will retain no interest;
- issue an aggregate of 300,000 common shares at a deemed price of \$0.70 per share (post 10:1 share consolidation) (issued)
- incur exploration expenditures aggregating not less than \$1,500,000 on the La Loutre Property, of which an amount of \$950,000 must be incurred or funded before December 31, 2015 and an amount of \$550,000 before December 31, 2016 (completed); and
- incur exploration expenditures aggregating not less than \$250,000 on the Lac des Iles West Crystalline Flake Graphite Properties (\$143,448 completed), of which an amount of \$150,000 must be spent no later than December 31, 2015 and an amount of \$100,000 before December 31, 2016.

On May 13, 2016, the Company signed a third amending agreement with Canada Strategic Metals Inc. to increase its undivided interest in and to the La Loutre, Quebec property and the Lac des Iles Property from 80% to 100% by paying to Canada Strategic and additional amount of \$10,000, issuing an additional 750,000 (post 10:1 consolidation) common shares and by funding exploration expenditures for an additional amount of \$1,125,000.

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

Previous to this option, Lomiko owned 40% of the La Loutre Property and Lac des Iles Property and had an option to increase ownership to 80% based on completing work and issuing shares.

The La Loutre property consists of 42 continuous mineral claims totalling approximately 2,867.29 hectares (28.67 km²) situated approximately 53 km east of Imerys Carbon and Graphite, formerly known as the Timcal Graphite Mine, North America's only operating graphite mine, and 117 km northwest of Montreal. The property consists of 1 large contiguous block of 42 mineral claims totaling 2,508.97 hectares (25.09 km²) located approximately 53 km east of Timcal's Lac des Iles graphite mine, 117 km northwest of Montréal in southern Québec.

The La Loutre Property was originally explored for base and precious metals by Soquem in 1989. Based on the results of a helicopter-borne electromagnetic (EM) survey, prospecting and reconnaissance geological mapping, their work identified several zones of parallel conductors each measuring as much as 2 kilometers long. Ground exploration followed in 1990, and according to historical reports by Levesque and Marchand, graphite is present in different lithologies on the property. The geology is consistent with the Central Metasedimentary Belt of the Grenville Province and includes quartzofeldspathic rocks, quartzite, biotite gneiss, marble and locally pegmatitic quartzofeldspathic rocks. Graphite is locally present in quartzite and biotite gneiss and in shear zones where the graphite content usually ranges from 1-10% graphite on surface, including visible flakes, with the showings indicating an apparent strike length of approximately 5 kilometers, giving a large prospective area to explore for a graphite resource.

Graphite grab sample assay results derived from the Company's recent sampling and mapping program on the La Loutre property. The sampling program has confirmed a graphite bearing structure covering an area approximately 7 kilometers by 1 kilometer with results of up to 22.04% graphite in multiple parallel zones of 3050 meters wide. Another area has also been identified covering approximately 2 kilometers by 1 kilometer in multiple parallel zones of 20-50 meters wide which includes results up to 18% graphite.

On October 6, 2014, the Company announced that a drilling permit for the La Loutre Crystalline Flake Graphite Property was issued which allows for up to 29 drill holes. The goal of the exploration program is to identify highgrade, near-surface graphite mineralization suitable for conversion to battery-grade graphite. The graphite industry could see exponential growth based on new demand for lithium-ion batteries, which use 10 to 15 times as much graphite as lithium.

On October 29, 2014 the Company announced that drilling was underway at the property.

Between December 2, 2014 and January 14, 2015, the Company announced that Canada Strategic Metals Inc. had successfully completed 26 drill holes with results as follows:

- 1st 5 drill holes - discovery of a wide near surface rich graphite-bearing zone with an intercept of 4.72% graphite over 128.35 metres, including 8.42 % graphite ("Gp") over 26.40 metres;
- 2nd 5 drill holes - near surface wide Graphite-bearing zones with an intercept of 2.74% Gp over 98.10 metres, including 6.34% Gp over 6.50 metres and 8.88% Gp over 2.95 metres;
- 3rd 5 drill holes – near surface wide graphite-bearing zones with an intercept of 4.98% Gp over 44.80 metres including 9.02% Gp over 14.70 metres and 4.40% Gp over 53.25 metres including 7.46% Gp over 15.35 metres;
- 4th 5 drill holes - near surface wide graphite intersections with 3.06% Gp over 21.00 metres from hole LL-14-16; 6.52% Gp over 14.20 metres and 2.24% Gp over 35.00 metres from hole LL-14-17; 3.79% Gp over 20.90 metres from hole LL-14-18; 5.36% Gp over 12.40 metres including 15.65% Gp over 2.40 metres, 6.64% Gp over 22.70 metres including 11.18% Gp over 10.65 metres and 4.55% Gp over 9.65 metres from hole LL-14-19 and 5.14% Gp over 3.70 metres and 6.04% Gp over 35.15 metres from hole LL-14-20;
- 5th 5 drill holes – near surface wide graphite intersection with 8.01% Gp over 20.3 metres and 5.91% Gp over 15.5 metres from hole LL-14-21; 2.78% Gp over 66 metres from hole LL-14-22; 3.48% Gp over 136.5 metres including 6.43% Gp over 4.65 metres, 11.23% Gp over 10.7 metres and 10.30% Gp over 7 metres from hole LL 14-23; 7.73% Gp over 18.15 metres including 13.15% Gp over 5.3 metres and 2.74% Gp over 99.75 metres including 8.68% Gp over 3.1 metres and 11.99% Gp over 4.5 metres from hole LL-14-24 and 3.13% Gp over 83.25 metres including 10.94% Gp over 3.75 metres from hole LL-14-25.

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

The Company has filed a NI 43-101 technical report and a further revised technical report, both prepared by Jean Lafleur, M.Sc., P.Geo of PJLEXPL Mineral Exploration Consultancy dated February 12, 2015 and March 22, 2015, respectively. The full text of the report is filed on SEDAR at www.sedar.com.

In the second half of 2015, a 259 meter, 7- hole drill program was completed. The focus of the program was on vertical depth of less than 150 meters to target resources conducive to an open pit operation.

On February 9, 2016, the Company announced resource estimates on the property of 18.4 Mt at 3.19% indicated and 16.7 Mt at 3.75% inferred with an official cut-off grade of 1.5%. The resource was estimated by InnovExplo. For sensitivity purpose, the resource was 4.1 Mt at 6.5% indicated and 6.2Mt at 6.1% inferred with a cut-off grade of 3%. The resource estimate, which is constrained in a pit shell of 1,100m x 350m x 100m accounts for the Graphene-Battery Zone. Three zones have been identified to date on the property, namely the Graphene, Battery and Refractory zones.

On March 24, 2016, The Company, together with Canada Strategic Metals, announced that further to the above resource estimate report on the property, they have filed their NI 43-101 technical report titled "Technical Report and Mineral Resource Estimate for the La Loutre Property" with is available on SEDAR at www.sedar.com.

On December 9, 2016, the Company announced that a 1550 M drill program of 10 holes was completed in the new Refractory Zone at the La Loutre Flake graphite property which intercepted multiple zones of graphite mineralization. As a result of the 2016 drilling program on La Loutre, the Company announced on January 17, 2017, that high grade graphite results from the near surface Refractory zone was 7.74% graphite over 135.60 metres including 16.81% graphite over 44.10 metres from hole LL-16=01, two different intersection in hole LL-1602 reporting 17.08% graphite over 22.30 metres, 14.80% graphite over 15.10 metres and 110.80 metres of 14.56% graphite in hole LL-16-04 to LL-16-03.

On February 15, 2017, the Company announced additional high grade graphite results from the Refractory zone of 7.67% flake graphite over 85 metres including 13.09% graphite over 31.50 metres from hole LL-16-06. The area of mineralization appears to be 200 metres wide, has a current strike length of over 400 metres in a north-west to south-east direction and is open in both directions.

The La Loutre Refractory drilling zone can be found on the Company's website www.lomiko.com, under the "Quicklinks" section.

On March 19, 2019, the Company and Quebec Precious Metals (formerly Canada Strategic Metals) announced completion of a 21-hole diamond drilling program on the Refractory Zone of the La Loutre graphite property (the "Property"). The focus of the program was to expand a discovery containing high grade intercepts of **7.74% Cg** over **135.60** metres including **16.81% Cgr** over **44.10** metres from hole LL-16-001, two different intersections in hole LL-16-002 reporting **17.08% Cg** over **22.30** metres and **14.80% Cg** over **15.10** metres, and **110.80** metres of **14.56% Cg** in hole LL-16-003, and the **28.5** metres of **16.53% Cg** and **21.5** metres of **11.53% Cg** reported on January 6, 2016 and 9,0% over 90.75 metres reported on September 24th 2015 from the Refractory Zone.

The area of mineralization appears to be 200 metres wide and now has a current strike length of approximately 900 metres in the west-southwest to east-northeast direction and is open in both directions.

The drilling program for this period was conducted by Consul-Teck Explorations Inc. and cost a total of \$488,329.51.

As of this reporting period, the Company has spent a total of \$2,879,156.46 in exploration expenses and \$620,833.93 in acquisition costs and currently owns 80% of the La Loutre, QC property.

La des Isles, Quebec

The Lac-des-Iles Property consists of one large contiguous block of 104 mineral claims totaling 5,601.30 hectares (56 km²) in the Laurentian Region of Quebec, bordering the western limit of the Imerys Carbon and Graphite Mine and Processing Facility (the "Timcal Graphite Mine"). The Property is located 20 km south of Mont-Laurier, 150 km

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

northwest of Montreal. The center of the Lac-des-Iles Property (LDI) is located at Universal Transverse Mercator ("UTM") coordinates 453539 East, 5138502 North, in the North American Datum (NAD) 83 Zone 18 coordinate system.

All claims comprising LDI are in good standing and 100% owned by Canada Strategic Metals Inc.

The Company spent a total of 174,404.17 in exploration expenses and \$957,589.62 in acquisition costs on the LDI Property and has a 80% interest in this property.

During the year ended July 31, 2018, the Company assessed that the LDI should be considered impaired due to the mediocre results from exploration work done on this property. The Company consequently wrote-off a total of \$1,131,992 on the LDI property.

MINERAL PROPERTIES ACQUISITIONS AND DEFERRED EXPENDITURES

The Company defers the cost of acquiring, maintaining its interest, exploring and developing mineral properties until such time as the properties are placed into production, abandoned, sold or considered to be impaired in value.

A summary of capitalized acquisition and exploration expenditures on the Company's properties is reported below:

Vines Lake – Cassiar District, BC Acquisition Cost				
Date	Cash	Shares	Price	Amount \$
05-15-2006	10,000.00			10,000.00
05-15-2006		12,000	\$5.00	60,000.00
08-09-2011	2,884.42			2,884.42
02-18-2017	5,742.52			5,742.52

2. Basis of Preparation and Statement of Compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Financial reporting standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting.

Certain information normally included in the audited annual financial statements prepared in accordance with IFRS has been omitted or condensed. Accordingly, these unaudited consolidated interim financial statements do not include all the information required for full annual financial statements, and, therefore, should be read in conjunction with the audited annual financial statements of the Company ended July 31, 2019

These condensed consolidated interim financial statements were approved and authorized for issue by the Board of Directors on December 24, 2019.

Basis of measurement

These condensed consolidated interim financial statements have been prepared on the historical cost basis except for where IFRS requires recognition at fair value.

Functional and presentation currency

These condensed consolidated interim financial statements are presented in Canadian dollars, which is the Company’s functional currency.

Use of estimates and judgements

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Critical judgments in applying the accounting policies of the Company in the preparation of these consolidated condensed interim financial statements and key assumptions related to these estimation uncertainties are the same as the ones listed and described in the annual audited financial statements of the Company as at July 31, 2019.

3. Significant Accounting Policies

These condensed consolidated interim financial statements have been prepared following the same accounting policies used in the annual audited financial statements for the year ended July 31, 2019.

Changes in Accounting Policies – New and Amended Standards and Interpretations

IASB or the IFRIC have issued certain pronouncements that are mandatory for accounting periods beginning on or after January 1, 2019. None of these are expected to be relevant to the Company’s financial statements, except for the following:

IFRS 16, Leases, provides a single lessee accounting model for recognition, measurement, presentation and disclosure, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less or the underlying asset has a low value. Lessors continue to classify leases as operating or finance, substantially unchanged from IAS 17, the predecessor to IFRS 16. The standard is effective for annual periods beginning on or after January 1, 2019. The Company has no leases and as such, this standard would have no

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

impact on the Company's financial statements. There are no other IFRSs or IFRIC Interpretations that are not yet effective that would be expected to have a material impact on the Company.

4. Cash and Cash Equivalents

Cash and cash equivalents on the statement of financial position comprise cash at bank, held in trust, on hand, and short term deposits with an original maturity of three months or less, which are readily convertible into a known amount of cash.

Technology

Graphene ESD Corp.

On December 12, 2014 the Company purchased 1,800 shares of Graphene ESD Corp.'s ("Graphene") Series A Preferred Stock, representing 100% of the authorized preferred shares of Graphene, at a purchase price of \$101.27 US per share ("Original Issue Price") for total consideration of \$182,281 US. Dividends, at the rate per annum of \$4.05 per share, will accrue on each preferred share and shall be cumulative. Payment of dividends is at the discretion of the board. Each share of Series A Preferred Stock held by the Company shall be convertible to common stock at the option of the Company and without the payment of additional consideration by the Company.

Graphene ESD Corp. a Delaware company incorporated November 5, 2014 is a private US company that was formed to commercialize Graphene Supercapacitors. On matters presented to the stockholders of Graphene, the Company will vote together with the holders of Common Stock of Graphene as a single class.

On November 5, 2015, the Company received a US\$110,000 loan from Graphene. The loan bears interest at a rate of 1% per annum and is payable on demand. On September 18, 2017, the Company transferred its remaining 1,278,790 Graphene 3D Lab Inc. common shares released from escrow to Graphene to settle the demand loan, resulting in a gain of \$36,030 on settlement of debt.

Smart Home Devices Ltd. (SHD)

On February 16, 2016 the Company issued (before 10:1 share consolidation) 16,129,743 common shares, at \$0.35 per share for a value of \$564,541, in exchange for 778,890 common shares of SHD. SHD is developing a series of energy saving, connected building automation and security products.

On March 15, 2017 the Company acquired an additional 867,546 common shares, for \$624,633 in exchange for the rights, patents, and website pertaining to the license owned by the Company that was acquired from Megahertz Power Systems Ltd., a company associated with SHD.

On November 21, 2017 the Company acquired an additional 111,111 common share for \$80,000.

On January 19, 2018 the Company acquired 34,722 common shares for \$25,000.

The Company accounted for its investment in SHD using the equity method until July 20, 2018, when the Company's shareholding in SHD was diluted to 18.25%, leading to the Company losing significant influence over SHD, at which time the Company discontinued accounting for SHD using the equity method. As at July 31, 2018, the Company assessed that the investment in SHD was impaired and recorded a write-down of \$1,136,574 to the investment.

As at October 31, 2019, the Company owns 18.25% (July 31, 2019 – 18.25%) of the issued and outstanding shares of SHD.

7. Share Capital and Reserves

a) Share Capital

Authorized

The Company's authorized share capital consists of an unlimited number of common shares without par value.

Issued

Year ended July 31, 2019

On October 3, 2018 the Company completed the first tranche of a private placement, by issuing of 5,061,038 units of the Company at \$0.05 per unit for total gross proceeds of \$253,052. Each unit is comprised of one common share and one common share purchase warrant. Each warrant is exercisable into one common share at an exercise price of \$0.10 for a period of 24 months. A finder's fee of \$11,914 was paid and 228,272 share purchase warrants exercisable for 24 months at an exercise price of \$0.06, were issued to brokers, with a fair value of \$9,437 recognized to share issue cost. The warrants had a fair value of \$176,008 measured using the Black Scholes valuation model, of which \$103,807 was allocated to reserves on a relative fair value basis. Legal and filing costs amounted to \$5,250.

On October 4, 2018 the Company closed the 2nd tranche of a private placement by issuing 5,890,000 units of the Company at \$0.05 per unit for total gross proceeds of \$294,500. Each unit is comprised of one common share and one common share purchase warrant. Each warrant is exercisable into one common share at a price of \$0.10 for a period of 24 months. Broker commissions of \$2,100 were paid and 42,000 share purchase warrants exercisable for 24 months at an exercise price of \$0.06, were issued to brokers, with a fair value of \$1,942 recorded to share issue cost. The warrants had a fair value of \$211,349 measured using the Black Scholes valuation model, of which \$123,045 was allocated to reserves on a relative fair value basis. Legal and filing costs amounted to \$14,245.

On November 7, 2018 the Company closed the 3rd and final tranche of a private placement by issuing 12,400,000 units of the Company at \$0.05 per unit for gross proceeds of \$620,000. Each unit is comprised of one common share and one common share purchase warrant. Each warrant is exercisable into one common share at a price of \$0.10 for a period of 24 months. A finder's fee of \$3,000 was paid. The warrants had a fair value of \$389,174 measured using the Black Scholes valuation model, of which \$239,094 was allocated to reserves on a relative fair value basis. Legal fees amounted to \$13,175.

A company related to a director, participated in the private placement by purchasing 2,000,000 units for \$100,000.

On December 11, 2018 the Company completed a private placement by issuing 11,200,000 flow-through shares of the Company at \$0.05 per share for gross proceeds of \$560,000. Broker commissions of \$38,500 were paid and 569,800 share purchase warrants exercisable for 24 months at an exercise price of \$0.05, were issued to

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

brokers with a fair value of \$15,566 recorded to share issue cost. Legal costs amounted to \$13,604. A premium on flow-through shares issued of \$56,000 was recorded as a flow-through liability and amortized into income once spent and renounced.

A director participated in the placement by purchasing 200,000 units for \$10,000.

Included in the private placement financings that completed during year were 6,150,000 shares with an aggregate value of \$307,024 that were issued to consultants and recorded to share based payments.

b) Share purchase warrants

A summary of the Company's outstanding share purchase warrants as at October 31, 2019 is as follows:

	Number of Warrants	Weighted Average Exercise Price
Balance, July 31, 2018	<u>17,797,214</u>	\$ 0.25
Issued for financing	24,191,110	0.10

Plan Details

The Company has established a stock option plan for directors, senior officers, employees, management, company employees and consultants (collectively "Eligible Persons") for the Company and its subsidiaries. The purpose of the plan is to give to Eligible Persons, as additional compensation, the opportunity to participate in the success of the Company by granting to such individuals Options to buy shares of the Company at a price not less than the market price prevailing on the grant date less applicable discount, if any, permitted by TSX-V Policies and approved by the Board.

The expiry date for each option shall be set by the board at the time of issuance and shall not be more than ten years after grant date. Options shall not be assignable (or transferable) by the optionee. The maximum number of shares reserved for issuance under the share option plan in aggregate shall not exceed 10% of the total number of the Company's issued and outstanding common shares on a non-diluted basis prior to the issuance. The number of shares which may be issuable under the plan within a twelve month period to one optionee shall not exceed five percent of the total number of issued and outstanding shares on a non-diluted basis. Options may be exercised no later than 90 days following cessation of the optionee's position with the Company or 30 days following cessation of an optionee conducting investor relations activities' position. Pursuant to the stock option plan, options granted in respect of investor relations activities are subject to vesting in stages over a twelve month period with 20% vesting on the date of grant and 20% each three months thereafter. Vesting restrictions may also be applied to other options grants, at the discretion of the Board of Directors.

Stock options are summarized as follows:

	Number of Options	Weighted Average Exercise Price
Balance, July 31, 2018	682,500	\$0.17
Granted	7,000,000	\$0.05
Exercised	(370,000)	\$0.05
Expired	<u>(122,500)</u>	\$0.05
Balance, July 31, 2019	7,190,000	\$0.05
Expired	<u>(140,000)</u>	\$0.05
Balance October 31, 2019	<u>7,050,000</u>	\$0.05

The following summarizes the stock options outstanding and exercisable as at October 31, 2019:

Number of options Outstanding	Exercise price	Expiry date
50,000	\$0.05	December 4, 2019
4,500,000	\$0.05	February 28, 2022
<u>2,500,000</u>	\$0.05	April 16, 2022
<u>7,050,000</u>		

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

During the period ended October 31, 2019, the Company granted an aggregate of nil (July 31, 2019 – 7,000,000) stock options to management and consultants of the Company. The Company recorded nil (July 31, 2019 – \$325,055) in share based payments based on the vesting provisions of the granted options.

Subsequent to the period end, options expiring on September 5, 2019 expired unexercised.

The following weighted average assumptions were used for the Black-Scholes option valuation of stock options granted:

	October 31, 2019	July 31, 2019
Risk free interest rate	-	1.72%
Expected life of options	-	3 years
Annualized stock price volatility	-	124.92%
Expected dividend yield	-	0%

The weighted average remaining contractual life of options outstanding at October 31, 2019 was 2.36 years (July 31, 2019– 2.56 years).

Reserves

Equity reserve records items recognized as share-based payments and allocation of the value of warrants until such time that the stock options and warrants are exercised, at which time the corresponding amount will be transferred to share capital.

The values recorded to reserves for stock options and warrants are transferred to deficit on expiration of such stock options and warrants.

8. Accounts Payable and Accrued Liabilities

	October 31, 2019	July 31, 2019
Accounts payables	\$ 457,710	\$ 289,042
Accrued liabilities	<u>30,000</u>	<u>40,000</u>
	<u>\$ 487,710</u>	<u>\$ 329,042</u>

9. Loan Payable

The loan is interest free and payable on demand.

Other Requirements

Additional disclosure relating to the Company's material change reports, news releases and other information are available on SEDAR at www.sedar.com. The Company's website can be found on: www.lomiko.com.

10. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The company is exposed through its operations to the following financial risks:

- Market Risk
- Credit Risk
- Liquidity Risk

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

In common with all other businesses, the Company is exposed to risks that arise from its use of financial instruments. This note describes the Company's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

There have been no substantive changes in the Company's exposure to financial instrument risks, except as noted under equity risk. Its objectives, policies and processes for managing those risks or the methods used to measure them from previous year have not changed.

General Objectives, Policies and Processes:

The Board of Directors has overall responsibility for the determination of the Company's risk management objectives and policies and, whilst retaining ultimate responsibility for them, it has delegated the authority for designing and operating processes that ensure the effective implementation of the objectives and policies to the Company's finance function. The Board of Directors receive quarterly reports from the Company's Chief Financial Officer through which it reviews the effectiveness of the processes put in place and the appropriateness of the objectives and policies it sets.

a) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices are comprised of four types of risk: foreign currency risk, interest rate risk, commodity price risk and equity price risk.

Foreign Currency Risk:

Foreign currency risk is the risk that a variation in exchange rates between the Canadian dollar and US dollar or other foreign currencies will affect the Company's operations and financial results. The Company does not have significant exposure to foreign exchange rate fluctuation.

Interest Rate Risk:

Interest rate risk is the risk that future cash flows will fluctuate as a result of changes in market interest rates. The Company does not have any borrowings. Interest rate risk is limited to potential decreases on the interest rate offered on cash and cash equivalents held with chartered Canadian financial institutions. The Company considers this risk to be low.

Equity Price Risk:

Equity risk is the uncertainty associated with the valuation of assets arising from changes in equity markets.

b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Financial instruments which are potentially subject to credit risk for the Company consist primarily of cash and cash equivalents and due from associate. The majority of cash and cash equivalents are maintained with financial institutions of reputable credit and may be redeemed upon demand. The carrying amount of financial assets represents the maximum credit exposure. The Company has gross credit exposure at October 31, 2019 relating to cash of \$5,741, other receivables of \$10,266 and due from associate of \$193,614. All cash, cash equivalents and short term deposits are held at the Bank of Montreal.

The following table summarizes the Company's significant remaining contractual maturities for financial liabilities as at July 31, 2019 and July 31, 2018.

	Less than 3months	3 – 12 months	Total
<u>October 31, 2019</u>			
Trade payable and other liabilities	\$ 445,710	\$ -	\$ 445,710
<u>July 31, 2019</u>			
Trade payables and other liabilities	\$ 329,042	\$ -	\$ 329,042

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

d) Fair value of financial instruments

The Company classifies its financial instruments measured at fair value at one of three levels according to the reliability of the inputs used to estimate fair value

	Level 1	Level 2	Level 3	Total
<u>October 31, 2019</u>				
Cash and Cash equivalents	\$ 5,741	\$ -	\$ -	\$ 5,741
<u>July 31, 2019</u>				
Cash and Cash equivalents	\$ 10,554	\$ -	\$ -	\$ 10,554

Level 1 – quoted prices (unadjusted) in active markets

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices): and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs)

11. CAPITAL MANAGEMENT RISK

- a. continue the exploration and development of its mineral properties;
- b. support any expansion plans; and maintain a capital structure which optimizes the cost of capital at an acceptable risk.

The Company manages its equity (which includes common shares, share-based payment reserve and accumulated deficit) as capital. The Company intends to expend existing working capital by carrying out its planned acquisition, exploration and development activities on mineral properties and continuing to pay administrative costs.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristic of the underlying assets. In order to maintain or adjust the capital structure the Company may issue new shares. In order to facilitate analysis and management of its capital requirements, the Company prepares and updates annual budgets (as needed) to ensure that its acquisition and exploration operations can continue to progress. Budgets, once finalized, are approved by the Board of Directors.

There have not been any changes to the Company's capital management objective, policies and processes compared to the prior year. The Company is not subject to any externally imposed capital requirements.

The Company capital consists of cash, and share capital. The Company's objectives when maintaining capital are to maintain a sufficient capital base in order to meet its short-term obligations and at the same time preserve investors' confidence in the Company's ability required to sustain future development and operation of the business.

The Company is not exposed to any externally imposed capital requirements.

12. RELATED PARTY TRANSACTIONS

Key management personnel are the persons responsible for the planning, directing and controlling the activities of the Company and include both executive and non-executive directors, and entities controlled by such persons. The Company considers all directors and officers of the Company to be key management personnel. The following are related party transactions not disclosed elsewhere in the financial statements.

	<u>October 31,</u> <u>2019</u>	<u>July 31,</u> <u>2019</u>
Management Fees paid to companies related to directors or to directors	\$ 45,000	\$ 45,000
Share-based compensation	-	-
	<u>\$ 45,000</u>	<u>\$ 45,000</u>

Management fees were paid to M & M Corporation, a company controlled by Jacqueline Michaels, the Company's CFO, and AJS Management Corporation, a company controlled by Paul Gill, the Company's President.

On October 10, 2018, AJS Management Corporation (AJS) was paid \$61,011 as a reimbursement for expenses paid by AJS, for marketing and legal services for Promethieus Cryptocurrency Mining Corporation (PCMC) (Canada and UK), associated companies.

On August 15, 2019 and September 5, 2019, Paul Gill loaned the Company interest free loans totaling \$30,000.

Included in accounts payable is \$243,988 (July 31, 2019 - \$172,308) owing to directors or companies controlled by directors.

13. SUPPLEMENTAL DISCLOSURE WITH RESPECT TO CASH FLOWS

	<u>October 31, 2019</u>	<u>July 31, 2019</u>
Flow through premium liability	-	\$ 56,000
Issuance of common shares for services	-	\$ 384,025

14. SEGMENTED REPORTING

During the period ended July 31, 2019, the Company operated in two industry segments: acquisition, exploration and development of resource properties and the manufacture and sale of power supply products. The Company's non-current assets by industry segments for the period ended October 31, 2019 and July 31, 2019 as follows:

October 31, 2019	Exploration and Evaluation	Power Supply Products
Non-current assets		
Exploration and evaluation assets	\$ 3,499,992	\$ -
Investment in associate	-	4
	<u>\$ 3,499,992</u>	<u>\$ 4</u>

15. COMMITMENTS

Shareholders Rights Plan

On October 30, 2014 the Board of Directors adopted a Shareholder Rights Plan (the "Plan") to ensure, that all shareholders of the Company are treated fairly in connection with any take-over bid for the

16. COMMITMENTS - continued

Company. In order to implement the adoption of the Shareholder Rights Plan, the Board of Directors has authorized and declared a distribution of one Right effective the close of business on October 30, 2014 in respect of each Common Share outstanding at the Record Time and has further authorized the issuance of one Right in respect of each Common Share issued after the Record Time and prior to the earlier of the Separation Time and the Expiration Time as defined in the Plan.

Each Right entitles the holder thereof, to purchase securities of the Company pursuant to the terms and subject to the conditions set forth pursuant to the Plan. The Company appointed the rights agent, Computer Share Trust Company of Canada to act on behalf of the Company and the holders of Rights, and the Rights Agent is willing to so act, in connection with the issuance, transfer, exchange and replacement of Rights Certificates (as hereinafter defined), the exercise of Rights and other matters referred to in the Plan.

Effective Date and Confirmation

This Plan is effective and in full force and effect in accordance with its terms. The plan was confirmed at the annual general meeting of holders of Voting Shares held on October 27, 2017.

Reconfirmation

This Plan must be reconfirmed by a resolution passed by a majority of the voting shareholders at the annual meeting of the Company to be held in 2020 and at every third annual meeting of the Company thereafter. If this Plan is not reconfirmed or is not presented for reconfirmation at any such annual meeting, this Plan and all outstanding Rights shall terminate and be void.

Flow through expenditures

The Company is able to continue to incur exploration expenses beyond the deadlines. However it could be subject to a penalty of 4-5% per annum on the balance required to be spent on its exploration work. The Company intends to fulfill its flow-through commitments within the given time constraints.

16. CONTINGENCIES

As a result of a cease trade order issued on November 26, 2018 ("CTO") by the B.C. Securities Commission (the "Commission") against certain consultants, the Company is reviewing private placements completed during the years ended July 31, 2018 and 2019. The CTO cites improper use of the "consultant's exemption" contained in section 2.24 of National Instrument 45-106 and the payment of consulting fees to the parties named in the CTO. The Company is not named in the CTO. However, the private placements involved certain parties named in the

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

CTO. Following completion of the private placements, the Company paid consulting fees to these parties. Upon a review of the services provided by those parties, as described by management, the Company is satisfied with the consulting services performed, that the parties were properly designated as consultants for the purposes of the “consultant’s exemption” and that the exemption was properly used. However, there is a risk that the Commission, in its review, may view the private placements to the parties as an improper use of section 2.24 as an illegal distribution of shares. If such is adjudicated to be the case, the Company may be required to take remedial action. Such action, if required, cannot at this time be determined.

17. SELECTED ANNUAL INFORMATION

Revenue, net loss, diluted loss per common share, total assets and total long-term liabilities for the year ended July 31, 2019, with the year ended July 31, 2018 and with the year ended July 31, 2017 were as follows (in thousands of Canadian dollars except for shares):

	IFRS 2019 \$	IFRS 2018 \$	IFRS 2017 \$

Income/(Loss) before taxes	337,022	(132,164)
Net loss from continuing operations	(337,022)	(132,164)
Comprehensive (loss) Income for the year	(337,022)	(132,164)
Basic and Diluted Loss Per Share	(0.01)	(0.00)
Basic & Diluted Weighted Average Common Shares	43,353,325	75,005,191

The following selected financial data is derived from the condensed twelve-month interim financial statements prepared in accordance with IFRS:

Statement of Financial Position Data	October 31, 2019	July 31, 2019
Total Assets	3,749,698	3,735,194
Total Long-Term Debt	NIL	NIL
Total Liabilities	329,042	329,042
Shareholders' Equity: Share Capital Equity	27,934,969	27,934,969

During the three-month period, ended October 31, 2019, overall operational expenses decreased by 61% from the same period last year.

Advertising and promotions decreased by 88% from the same period last year, as the Company decreased its participation in various conferences, promotions and advertising.

Professional fees increased significantly by 266% compared to the same period for last year as the Company engaged Leede Jones Gable for a brokered private placement financing. The Company paid for legal costs and opinions relating to due diligence for this proposed financing.

All other expenses were incurred in the normal course of business operations.

The Company has no producing properties, and consequently no sales or revenues to report.

The Company had a total net loss of (132,164) for the three-month period (2018 – (337,022)) for the same period last year. The loss per share, basic and diluted was (\$0.00) for the period (2018 - (\$0.01)).

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

As of this reporting period, the Company had assets of \$3,749,698 (2018 – 3,613,795) of which \$203,880 came from receivables (GST and due from associate); \$40,081 from pre-paid expenses; \$3,499,992 from mineral exploration and acquisition costs; and \$5,741 cash. The Company had a negative working capital of \$226,008 as at October 31, 2019.

Summary of Quarterly Results
(expressed in thousands of Canadian dollars, except per share amounts)

The summary of quarterly results has been prepared in accordance with IFRS

	Oct.19	Jul. 19	Apr. 19	Jan. 19	Oct. 18	Jul. 18	Apr. 18	Jan. 18
Revenue	0	0	0	0	0	0	0	0

18. Other MD&A Requirements

As at October 31, 2019, on a 10:1 post consolidated basis, the Company had a total of 75,005,191 issued and outstanding shares, 7,200,000 outstanding options and 36125,694 outstanding warrants. If the Company were to issue 43,325,694 shares upon the conversion of all of its outstanding warrants and options, it would raise a total of \$5,531,511.61.

As of this reporting period, the Company will have to raise funds through new financings in order to support its operations and meet its commitments.

19. Off Balance Sheet Arrangements

The Company is not a party to any off balance sheet arrangements or transactions.

20. Company activities for the Q4, 2019 reporting period

Aug. 20, 2019, the Company announced that it has engaged Leede Jones Gable Inc. (the "Agent") as lead agent on a commercially reasonable agency basis, for a brokered private placement ("Offering") of a combination of units and flow through shares for gross proceeds of up to \$2,750,000. Up to 20,000,000 common share units ("units") of the Company will be offered at a price of C\$0.05 per unit to raise gross proceeds of up to \$1,000,000. Each unit will consist of one (1) common share and one half of one (1/2) common share purchase warrant ("Warrant"). Each full warrant shall entitle the holder to acquire one (1) common share of the issuer at a price of \$0.07 per share for a period of 24 months following the closing of the Offering. Up to 35,000,000 flow through shares (FT Shares") will be offered at a price of \$0.05 per FT Share for gross proceeds of up to \$1,750,000. The gross proceeds from the issuance of the FT Shares will be used for Canadian exploration expenses and will qualify as flow-through mining expenditures, as defined in Subsection 127(9) of the Income Tax Act (Canada), which will be renounced to the subscribers with an effective date no later than Dec. 31, 2019, to the initial purchasers of the offered securities in an aggregate amount not less than the gross proceeds raised from the issue of the flow-through shares, as applicable, and, if the qualifying expenditures are reduced by the Canada Revenue Agency, the company will indemnify each FT subscriber for any additional taxes payable by such subscriber as a result of the company's failure to renounce the qualifying expenditures as agreed. The net proceeds from the Offering of units and the gross proceeds from the Offering of FT shares shall be primarily used for a new Resource Estimate prepared in accordance NI 43-101 regulations which will include recent drill results from the Refractory Zone and completion of work required for a Preliminary Economic Assessment (PEA), including but not limited to, metallurgical/engineering testing and drilling, testing for conversion to spherical graphite for use in graphite anodes, environmental assessment and extraction and processing cost studies. A portion of proceeds will be allocated to community relations, pursuing potential off-take partners and for general working capital.

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

August 26, 2010, the Company announced it has engaged NextCap Investor Relations LLC (“NextCap”) to lead a comprehensive, strategic investor relations and communications program in the United States and in other key regions. The terms of a signed agreement between the parties include: At the conclusion of a sixty (60) day trial period and if both parties are satisfied with the services provided by NextCap, the Company and NextCap will enter into a one-year contract and the Company will compensate NextCap USD\$4000 on a monthly basis for the time period 10/22/19- 10/22/20. The Company shall grant NextCap 200,000 stock options in Lomiko Metals, in accordance with the policies and will have vesting provisions attached and four month hold period, to purchase shares of the Company at \$0.05 per share for a period of five (5) years from the date of the signing of the agreement.

September 30, 2019, the Company announced that, further to the Company’s press release dated July 31, 2019, the Company wishes to update shareholders on the agreement to sell its 100% interest in Lomiko Technologies Inc. to Promethieus Technologies Inc. for \$1,236,625. The transaction is non arm’s-length as A. Paul Gill is a director of the Company, a director of Lomiko Technologies Inc. and a director of Promethieus Technologies Inc. The transaction is subject to: (1) the Company obtaining disinterested shareholder; and (2) a financing to be completed by Promethieus Technologies Inc. of \$3,670,750. The Company has rescheduled the annual/special meeting to November 29, 2019 wherein shareholders will be presented with the resolution.

October 25, the Company announced that it will be making an application to the TSX Venture Exchange for the issuance of 220,000 common shares at a deemed value of \$0.05 to pay an outstanding debt \$11,000.

October 29th, 2019, the Company announced that it has Retained Hybrid Financial for Marketing Services Vancouver BC, to provide marketing services in accordance with TSX Venture Exchange policies. The services to be provided by Hybrid to the Company shall include assisting in all aspects of a marketing campaign. Hybrid will work to heighten market and brand awareness for the Company and to broaden the Company’s reach within the investment community. Hybrid is to issue an invoice for \$30,000.00 CAD, plus applicable tax, with payment of the invoice to be due within ten (10) days of completion of the campaign.

21. Subsequent events

November 8, 2019, the Company announced it will raise \$300,000 through the sale of 6,000,000 units at \$0.05 per unit. Each unit will be comprised of one share and one-half share purchase warrant, with each whole warrant exercisable into one share at a price of \$0.07 for a period of two years from closing date. Proceeds will be used for working capital. All securities will be subject to a four-month plus one day hold period from the closing. The issuance of the securities is subject to the final approval of the TSX Venture Exchange. The Company advises shareholders that this financing is in addition to the Brokered Private Placement in progress.

The above mentioned private placement closed on November 12, 2020.

December 02, 2019 the Company announced that on November 29, 2019 it held its Annual General and Special Meeting of Shareholders (the “Meeting”). A total of 32,423,014 common shares (43.23% of the outstanding common shares) were represented at the Meeting in person or proxy.

1. Number of Directors

The number of Directors to be set at four (4) was approved by resolution passed by a vote by ballot with 26,771,300 (98.07%) total votes cast “FOR” and 527,137 (1.93%) votes cast “AGAINST”.

2. Election of Directors

Each of the following individuals were elected as directors of the Company as approved by a vote by ballot, for a term expiring at the conclusion of the next annual meeting of shareholders of the Company or until their successors are elected or appointed, as follows:

Name	Votes “For” (%)	Votes “Withheld” (%)
A. Paul Gill	26,547,134 (98.07%)	751,297 (2.75%)

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

Jacqueline Michael	26,963,004 (98.77%)	335,427 (1.23%)
Julius Galik	27,048,046 (99.08%)	250,385 (0.92%)
Gabriel Erdelyi	27,047,530 (99.08%)	250,901 (0.92%)

3. Appointment of Auditor

The appointment of Dale Matheson Carr-Hilton Labonte LLP, Chartered Professional Accountants, as the auditors of the Company, the authorization for the directors to fix the remuneration to be paid to the auditors and the change of auditors from Galloway, Botteselle & Company, Chartered Professional Accountants, to Dale Matheson Carr-Hilton Labonte LLP, Chartered Professional Accountants which became effective February 8, 2018 was approved by a resolution passed by a vote by ballot, with 32,380,390 (99.88%) total votes cast "FOR" and 39,557 (0.12%) total votes "WITHHELD".

4. 2019 Stock Option Plan

The 2019 Stock Option Incentive Plan was approved by a resolution passed by a vote by ballot with 26,107,574 (95.64%) total votes cast "FOR" and 1,190,857 (4.36%) total votes cast "AGAINST".

5. Sale of Subsidiary

The sale of the Company's wholly owned subsidiary in accordance with the *Business Corporations Act* (BC) to Promethieus Technologies Inc was approved by a special resolution passed by a vote by ballot, with 21,079,430 (99.76%) total votes cast "FOR" and 51,463 (0.24%) total votes cast "AGAINST". The resolution was non-arm's length transaction and 6,167,538 votes were excluded from voting. Further to the Company's press release dated September 30, 2019 and November 25, 2019 shareholder approval has been obtained to the transaction. The Company has been advised that the closing of the sale is subject to a financing to be completed by Promethieus Technologies Inc. of \$3,670,750. Promethieus has advised the Company that closing will be on or before December 31, 2019, subject to regulatory approval.

6. Other Matters

At the first meeting of the newly constituted Board of Directors held immediately after the Meeting, A. Paul Gill was elected to serve as President and Chief Executive Officer and Jacqueline Michael as Chief Financial Officer until the next annual general meeting of the Company. The Board also elected Julius Galik, Gabriel Erdelyi and Jacqueline Michael to serve as the Company's Audit Committee until the next annual general meeting of the Company.

On December 13, 2019 the Company updated its shareholders on the sale of its subsidiary, Lomiko Technologies Inc. On July 31, 2019 the Company announced that it had entered into an agreement to sell its 100% interest in Lomiko Technologies Inc. to Promethieus Technologies Inc. (Canada) for \$ 1,236,625 and will be reimbursed \$ 193,614.32 in expenses paid by Lomiko Metals on behalf of Promethieus Technologies Inc. On November 25, 2019 Lomiko Metals Inc. provided shareholders with an update to the transaction and on December 3, 2019, confirmed that shareholders had overwhelmingly approved the transaction at the November 29, 2019 Annual Special General Meeting. The transaction was subject to (1) shareholder approval; (2) Promethieus completing a financing; and (3) regulatory approval. The transaction was considered a non-arms-length transaction as Mr. A. Paul Gill is a Director of all the entities involved. In regards to item 2 above, Promethieus has advised Lomiko that it is in the process of an application for listing on a European Union recognized stock exchange. The process of listing includes rigorous examination of the listing application and has taken longer than expected. In recognition of this progress, both Lomiko and Promethieus have agreed to extend the deadline for the completion of the transaction to June 30, 2020 to allow the transaction to complete.

On December 18, 2019, the Company announced that it raised \$275,000 through the sale of 5,500,000 units at \$0.05 per unit. Each unit will be comprised of one share and one-half share purchase warrant, with each whole warrant exercisable into one share at a price of \$0.07 for a period of two years from closing date. The proceeds of the financing will be used for working capital. All securities are subject to a four-month plus one day hold period from the closing. The issuance of the securities is subject to the final approval of the TSX Venture Exchange. No finder's fee will be paid. A. Paul Gill, the President and a director of the Company participated as to \$51,500 (1,030,000 Units).

On December 24, 2019, the Company put out an update with reference to the press release dated [August 20, 2019](#), [September 16, 2019](#) and [October 17, 2019](#) and [December 31, 2018](#). The Company informed shareholders on the status of

LOMIKO METALS INC.
Form 51-102
Management Discussion and Analysis
Interim First Quarter ended October 31, 2019

its option to earn a 100% of the La Loutre Flake and Lac des Îles Flake Graphite Properties, Quebec (the "Properties"). The Company completed its initial option and has earned its 80% interest in the Properties.

Pursuant to an agreement dated [December 22, 2018](#), the Company and Quebec Precious Metals Inc. ("QPM") (previously known as Canada Strategic Metals Inc.) agreed to extension agreements relating to the Properties which allow the Company to earn a 100% ownership. Pursuant to an amendment dated May 13, 2016, in order to earn a further 20% interest for a total of 100%, the Company was to issue an aggregate of 5,000,000 shares (pre-consolidation) (2,500,000 on or before July 31, 2017 and 2,500,000 on or before December 31, 2018) and fund exploration expenditures of an aggregate of \$1,125,000 (\$250,000 by December 31, 2016; \$375,000 by December 31, 2017 and \$500,000 by December 31, 2018). The parties agreed to extend the deadline date for the Company to fund exploration work of \$1,125,000 to December 31, 2019 and the Company shall forthwith, upon regulatory approval, issue 500,000 common shares (5,000,000 pre-consolidation) shares. The transaction is arm's length.

Further to the press release dated [August 20, 2019](#) announcing the engagement of Leede Jones Gable Inc. (the "Agent") as lead agent on a commercially reasonable agency basis to undertake a brokered private placement (the "Offering"). This financing has not completed and is now cancelled. In addition, the extension agreement cannot be fulfilled without the completion of the financing and Lomiko confirms it cannot make the required payment by the deadline. It will explore other options with QPM and financing partners.

22. Disclosure of Internal Controls

Management has established processes to provide sufficient knowledge to support representations that reasonable due diligence has been exercised to ensure that

- i) controls and other procedures designed to provide reasonable assurance that information required to be disclosed by the issuer in its annual filings, interim filings or other reports filed or submitted under securities legislation is recorded, processed, summarized and reported within the time periods specified in securities legislation; and
- ii) a process to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the issuer's GAAP.

The issuer's certifying officers are responsible for ensuring that processes are in place to provide them with sufficient knowledge to support the representations they are making in this certificate. Investors should be aware that inherent limitations on the ability of certifying officers of a venture issuer to design and implement on a cost effective basis DC&P and ICFR as defined in NI 52-109 may result in additional risks to the quality, reliability, transparency and timeliness of interim and annual filings and other reports provided under securities legislation.

On behalf of the Board,

"Paul Gill"
Paul Gill, President & CEO
