GENERAL PROXY INFORMATION

This Information Circular (“Circular”), together with the Notice of Meeting and the Proxy (collectively, the “Meeting Materials”) is being furnished in connection with the solicitation of proxies (“Proxies”) and voting instruction forms (“VIFs”) by the management of FireFox for use at the annual and special general meeting of the Shareholders of the Company (the “Meeting”) to be held at the time and place and for the purposes set forth in the Notice of Meeting and at any adjournment thereof. It is expected the solicitation will be primarily be by mail. Proxies and VIFs may also be solicited personally or by telephone by directors, officers or regular employees of the Company at nominal cost. The cost of solicitation will be borne by the Company.

FireFox is not using the ‘Notice and Access’ procedures available under NI 54-101 in respect of the Meeting.

COMPLETION AND VOTING OF PROXIES AND VIF’S

Voting

Voting at the Meeting will be by a show of hands, each registered Shareholder and each person representing a registered or unregistered Shareholder through a Proxy or VIF (a **“Proxyholder”**) having one vote, unless a poll is required (if the number of Shares represented by Proxies and VIFs that are to be voted against a motion are greater than 5% of the votes that could be cast at the Meeting) or requested, whereupon each such Shareholder and Proxyholder is entitled to one vote for each Share held or represented, respectively.

To approve a motion proposed at the Meeting, a majority of greater than 50% of the votes cast will be required (an ‘ordinary resolution’) unless the motion requires a ‘special resolution’ in which case a majority of 66⅔% of the votes cast will be required.

Appointment of Proxyholders

The persons named in the enclosed form of Proxy or VIF as Proxyholders are directors or officers of the Company. **A Shareholder has the right to appoint a person (who need not be a Shareholder) other than the persons named in the Proxy or VIF as Proxyholders to attend and vote on the Shareholder’s behalf at the Meeting. To exercise this right, the Shareholder must strike out the names of the persons named in the Proxy or VIF as Proxyholders and insert the name of the Shareholder’s nominee in the space provided or, if the Shareholder is a registered Shareholder, complete another form of Proxy.**

If the instructions in a Proxy are certain, the shares represented thereby will be voted or withheld from voting in accordance with such instructions on any poll that may be called for, and, where a choice with respect to any matter to be acted upon has been specified in the Proxy, the shares represented thereby will, on a poll, be voted accordingly.

Where no choice has been specified by the shareholder and the management proxyholders named in the form of Proxy have been appointed, such shares will be voted in accordance with the recommendations of management as set out on the form of Proxy.

The enclosed form of Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the persons appointed proxyholders thereunder to vote with respect to any amendments or variations of matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting. At the time of the printing of this Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

The Proxy or VIF must be dated and signed by the Shareholder or the Shareholder's attorney authorized in writing to be valid. In the case of a corporation, the Proxy or VIF must be dated and executed under its corporate seal or signed by a duly authorized officer of, or attorney for, the corporation.

Shareholders must return their completed Proxies and VIFs, together with the power of attorney or other authority, if any, under which it was signed or a notarial certified copy thereof, in accordance with the instructions thereon. Proxies (but not VIFs, unless the VIF has TSX Trust's name and address on the top right corner of the first page) may also be returned to the Company's transfer agent, TSX Trust Company (Attn: Proxy Department), by mail to 301 – 100 Adelaide Street West, Toronto ON M5H 1S3 or by hand delivery to 650 West Georgia Street, Suite 2700, Vancouver, BC V6B 4N9. **Proxies received after the time set out in the Proxy or VIF for delivery thereof may be accepted or rejected by the Chairman of the Meeting in the Chairman's discretion.**

Registered Shareholders

Only persons registered as Shareholders in the Company's central securities register as of the close of business on the Record Date or duly appointed Proxyholders will be recognized to make motions at the Meeting.

Unregistered Shareholders

Shareholders holding their Shares through intermediaries (such as stockbrokers, securities dealers, banks, trust companies, trustees and their agents and nominees; "**Intermediaries**") will not be recognized nor may they make motions or vote at the Meeting except as described below.

If Shares are listed in an account statement provided to a Shareholder by an Intermediary, those Shares are probably not registered in the Shareholder's name. Such Shares will probably be registered in the name of the Intermediary or its nominee and can only be voted through a duly completed Proxy given by the Intermediary. Without specific instructions, Intermediaries are prohibited from voting Shares for their clients. **Therefore, each unregistered Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

NI 54-101 requires Intermediaries to seek voting instructions from those beneficial Shareholders that have refused to allow their address to be provided to the Company ("**OBOs**") in advance of Shareholder meetings. Intermediaries may have their own mailing procedures and provide their own form of VIF to clients, which should be carefully followed by unregistered Shareholders to ensure their Shares are voted at the Meeting. The VIF supplied to OBOs by Intermediaries is substantially similar to the Proxy provided by the Company directly to the registered Shareholders, however, it is limited to instructing the Intermediary (as the registered Shareholder) how to vote on behalf of the OBO.

Most Intermediaries in Canada and the United States of America ("**USA**") delegate responsibility for obtaining instructions from OBOs to a third-party corporation such as Broadridge Investor Services (if the Shareholder is an unregistered (beneficial) Shareholder that has consented to allow its address to be provided to the Company (a "**NOBO**"), the Company or its transfer agent may do so directly). This third-party corporation sends a machine-readable VIF to OBOs and asks the OBOs to return the VIFs to them or provide instructions to them through the Internet or by telephone. The third-party corporation (or the Company or its agent, if it has sent the VIF to the NOBO directly) then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting.

In accordance with the requirements of NI 54-101, FireFox has distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for onward distribution to NOBOs and to OBOs. The Company will pay for intermediaries to forward the Meeting Materials to OBOs.

These securityholder materials are being sent to both registered and Non-Registered Holders. If you are a Non-Registered Holder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory

requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If a NOBO wishes to attend the Meeting and vote in person (or have another person attend and vote on behalf of the NOBO), the NOBO should insert the name of the NOBO (or the name of the person that the NOBO wants to attend and vote on the NOBO's behalf) in the space provided on the VIF and return it to TSX Trust in accordance with the instructions provided on the VIF. If TSX Trust or the Company receives a written request that the NOBO or its nominee be appointed as Proxyholder, if management is holding a proxy with respect to common shares beneficially owned by such NOBO, the Company must arrange, without expense to the NOBO, to appoint the NOBO or its nominee as Proxyholder in respect of those common shares. Under NI 54-101, unless corporate law does not allow it, if the NOBO or its nominee is appointed as Proxyholder by the Company in this manner, the NOBO or its nominee, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. If the Company receives such instructions at least one business day before the deadline for submission of proxies, it is required to deposit the proxy within that deadline, in order to appoint the NOBO or its nominee as Proxyholder. **If a NOBO requests that the NOBO or its nominee be appointed as Proxyholder, the NOBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the NOBOs vote to be counted.**

If an OBO wishes to attend the Meeting and vote in person (or have another person attend and vote on behalf of the OBO), the OBO should insert the OBO's name (or the name of the person the OBO wants to attend and vote on the OBO's behalf) in the space provided for that purpose on the request for voting instructions form and return it to the OBO's intermediary or send the intermediary another written request that the OBO or its nominee be appointed as Proxyholder. The Intermediary is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or its nominee as Proxyholder in respect of the OBO's common shares. Under NI 54-101, unless corporate law does not allow it, if the Intermediary makes an appointment in this manner, the OBO or its nominee, as applicable, must be given authority to attend, vote and otherwise act for and on behalf of the Intermediary (who is the registered shareholder) in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. An Intermediary who receives such instructions at least one business day before the deadline for submission of proxies is required to deposit the proxy within that deadline, in order to appoint the OBO or its nominee as Proxyholder. **If an OBO requests that the Intermediary appoint the OBO or its nominee as Proxyholder, the OBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the OBOs vote to be counted.**

If an unregistered Shareholder receives a VIF and does not wish to attend the Meeting as a Proxyholder, the VIF must be returned, or instructions respecting the voting of Shares must be communicated, to the third party corporation (or the Company or its transfer agent) in advance of the Meeting to have the Shares voted in accordance with the instructions on that VIF.

Shareholders with questions respecting the voting of Shares held through an Intermediary should contact that Intermediary for assistance.

REVOCATION OF PROXIES AND VIFs

Shareholders have the power to revoke Proxies and VIFs previously given by them. Revocation can be effected by an instrument in writing (which includes a Proxy or VIF, as applicable, bearing a later date) signed by a Shareholder or the Shareholder's attorney authorized in writing and, for a corporation, executed under its corporate seal or signed by a duly authorized officer or attorney for the corporation. Such instrument must be delivered to TSX Trust as set out under 'Completion and Voting of Proxies and VIFs – Appointment of Proxyholders' above, to the Company as set out under 'Additional Information' below or to the Company's registered office (at Suite # 650 - 1021 West Hastings Street, Vancouver, BC, Canada V6E 0C3) or by fax to (+1) 604-558-7695 any time up to and including the last

business day preceding the day of the Meeting, or any adjournment thereof, or deposited with the Chairman of the Meeting prior to the commencement of the Meeting.

Cease Trade Orders, Bankruptcies, Penalties and Sanctions

During the ten years preceding the date of this Circular, other than as disclosed below, no proposed director of the Company has, to the knowledge of the Company, been a director, chief executive officer or chief financial officer of any company that:

- (a) was subject to an order that was issued while the proposed director was acting in the capacity as a director, chief executive officer or chief financial officer; or
- (b) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer.

Mr. Highsmith was a director of Alhambra Resources Ltd. (“ALH”) from October 2012 to August 2014. The Alberta Securities Commission issued a Management Cease Trade Order (a “MCTO”) against ALH on May 2, 2014 for failure to file its audited financial statements, management’s discussion and analysis, and certifications for the 2014 fiscal year. The MCTO was revoked as of July 3, 2014 when ALH filed its financials and related documentation.

During the ten years preceding the date of this Circular, other than as disclosed below, no proposed director of the Company has, to the knowledge of the Company:

- (a) been a director, chief executive officer or chief financial officer of any company that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of that company; or
- (b) has become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

Mr. Mullin served as an independent director of KIT digital, Inc. ("KIT"), a NASDAQ listed company, from August 2010 to August 2012. On April 25, 2013, KIT filed a voluntary petition for relief under chapter 11 of the United States Bankruptcy Code. On August 7, 2013, the United States Bankruptcy Court approved KIT's plan of reorganization, pursuant to which KIT was renamed Pikel, Inc.

No proposed director of the Company has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority or been subject to any other penalties or sanctions imposed by a court, or regulatory body that would likely be considered important to a reasonable security holder in deciding to vote for a proposed director.

PARTICULARS OF OTHER MATTERS TO BE ACTED ON AT THE MEETING

Approval of the Company Stock Option Plan, as Amended

The Company's shareholders approved the adoption of a rolling 10% Stock Option Plan on November 27, 2019 (the "Stock Option Plan"). The Board now proposes to amend the Stock Option Plan to bring the Company's Stock Option Plan in line with the current requirements of the TSX Venture Exchange (the "Exchange" or "TSXV"). The Company Stock Option Plan is subject to annual approval of the Shareholders pursuant to the policies of the TSXV. Accordingly, shareholder approval to the Company's amended Stock Option Plan is once again being sought at the December 1, 2022 Annual and Special General Meeting. The policies of the TSXV require that such a rolling plan be re-approved each year by the Shareholders and the TSXV. The purpose of the Stock Option Plan, as amended, is to provide an incentive to the directors, officers, employees, consultants and other personnel of the Company or any of its subsidiaries (collectively the "**Eligible Parties**") to achieve the longer-term objectives of the Company; to give suitable recognition to the ability of such persons who contribute materially to the success of the Company; and to attract to and retain in the employment of the Company or any of its subsidiaries, persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Company. Accordingly, at the Meeting the Shareholders will be asked to consider approving the Company Stock Option Plan and the allotment and reservation of sufficient Shares from treasury to provide the Shares necessary for issuance upon the exercise from time to time of Options granted pursuant to the Company Stock Option Plan.

The Company's Stock Option Plan, as amended, was prepared by the Company in accordance with the policies of the TSXV and is in the form of a rolling stock option plan reserving for issuance upon the exercise of Options granted pursuant to the Company's Stock Option Plan, a maximum of 10% of the issued and outstanding Shares at any time. The Company's Stock Option Plan is administered at the Board level. Subject to the provisions of the Company's Stock Option Plan, the Board in its sole discretion will determine all Options to be granted pursuant to the Company's Stock Option Plan, the exercise price therefor and any special terms or vesting provisions applicable thereto. The

Board will comply with all TSXV and other regulatory requirements in granting Options and otherwise administering the Company's Stock Option Plan.

The Stock Option Plan, as amended, is summarized in the table below.

Key Terms	Summary
Administration	The Stock Option Plan is administered by the Board or by a special committee of directors appointed from time to time by the Board.

Common Shares Subject to Plan	The aggregate number of Common Shares issuable upon the exercise of all Options granted under the Stock Option Plan are not to exceed 10% of the issued and outstanding Common Shares on the particular grant date. In no event shall the maximum aggregate number of Shares that are issuable pursuant to all options granted or issued in any 12-month period to any one Consultant exceed 2% of the Shares then outstanding (calculated as at the date that such options are granted). The maximum number of options which may be granted to Insiders within any 12-month period must not exceed 10% in aggregate of the then outstanding Shares, and the maximum aggregate number of Shares that are issuable pursuant to all options granted or issued to Insiders (as a group) must not exceed 10% of the Shares that are issued and outstanding on a non-diluted basis at any point in time. If any option expires or otherwise terminates for any reason without having been exercised in full, the number of Shares in respect of such expired or terminated option shall again be available for the purposes of granting options pursuant to this Plan.
Eligibility	Directors, officers, consultants and employees of the Company or its subsidiaries, and employees of a person or company which provides management services to the Company, or its subsidiaries ("Management Company Employees") are eligible to participate in the Stock Option Plan. Subject to compliance with requirements of the applicable regulators, participants may elect to hold Options granted to them in an incorporated entity wholly owned by them and such entity is bound by the Stock Option Plan in the same manner as if the Options were held by the participant. In the case of employees or consultants of the Corporation or Management Company Employees, the option agreements to which they are party must contain a representation of each such employee, consultant of the Corporation or Management Company Employees – as applicable – and of the Corporation that such employee, consultant or Management Company Employee, as the case may be, is a bona fide employee, consultant or Management Company Employee of the Corporation or its subsidiaries.

"BE IT RESOLVED, as an Ordinary Resolution of the Shareholders of the Company, THAT:

1. The Company's Stock Option Plan be and is hereby ratified, confirmed and approved.
2. The Board, or any committee of the Board created pursuant to the Company's Stock Option Plan, is authorized to make such amendments to the Company's Stock Option Plan from time to time as the Board may, in its discretion, consider to be appropriate or as may be required by the Exchange, in accordance with the Company's Stock Option Plan and the policies of the TSXV and other regulatory authorities, as applicable.

EXECUTIVE COMPENSATION

In the following information, a “**Named Executive Officer**” or “**NEO**” means each of the CEO and CFO of the Company (or any person carrying out the functions of a CEO or CFO) and the three highest paid executive officers, if any, of the Company and any subsidiary serving at the end of the financial year ended December 31, 2021 whose total individual compensation (excluding the value of any pension) was more than \$150,000 in the last financial year (including any CEO, CFO and executive officer that held such position for only a part of the last financial year).

Compensation Discussion and Analysis

Philosophy

It is the objective of the Company’s executive compensation program to attract and retain highly qualified executives and to link incentive compensation to performance and shareholder value, while at the same time keeping in mind that the Company currently has limited financial resources. It is the goal of the Compensation Committee to endeavor to ensure that the compensation of executive officers is sufficiently competitive to achieve the objectives of the executive compensation program. The Compensation Committee considers the Company’s long-term interests and quantitative financial objectives, as well to the qualitative aspects of the individual’s performance and achievements. The Company’s primary compensation policy is to pay for performance and accordingly, the performance of the Company and of the executive officers as individuals are both examined by the Compensation Committee.

Compensation Components

The Company’s executive compensation is comprised of three principal components: base salaries, stock option plan, and incentive bonus compensation which are designed to provide compensation to effectively retain and motivate the executive officers to achieve the corporate goals and objectives. Other components of executive compensation include perquisites and other personal benefits. Each component of the executive compensation program is addressed separately below. The fixed element of compensation provides a competitive base of secure compensation required to attract and retain executive talent. The variable performance-based compensation is designed to encourage both short-term and long-term performance of the Company.

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive officer’s primary duties and responsibilities and the level of skills and experience required to successfully perform his or her role. The Company intends to pay base salaries to its executive officers, including the Chief Executive Officer, that are competitive with those for similar positions within the Company’s selected peer group. Salaries for executive officers are reviewed annually based on corporate and personal performance and on individual levels of responsibility. Salaries of the executive officers are not determined based on benchmarks or a specific formula. The Compensation Committee determines the salary of the Chief Executive Officer. The Compensation Committee considers, and, if thought appropriate, approves salaries recommended by the Chief Executive Officer for the other executive officers of the Company.

Incentive Bonus Compensation

In addition to base salaries, the Company can award discretionary bonuses to executive officers. The bonus element of the Company’s executive compensation program is designed to retain top quality talent and reward both corporate and individual performance during the Company’s last completed financial year. To determine bonus awards for executive officers, including the Named Executive Officers, the Compensation Committee considers both the

executive's personal performance and the performance of the Company relative to its peers. Named Executive Officers are eligible for discretionary bonus compensation payable should the Company reach certain revenue and/or net-income targets. The proposed bonus amounts and targets for executive officers are recommended by the Chief Executive Officer for review, discussion and approval by the Compensation Committee.

Stock Option Plan

The Board has adopted the Stock Option Plan to provide an incentive to the directors, officers, employees, consultants and other personnel of the Company or any of its subsidiaries to achieve the long-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract to and retain in the employ of the Company or any of its subsidiaries, persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Company. See "Approval of the Company's Stock Option Plan" for a summary of the Stock Option Plan. The executive compensation policy of the Company is determined with a view to securing the best possible talent to run the Company. Options may be awarded to executive officers in lieu of higher salaries. The grant of stock options under the Company's existing stock option plan is designed to give each option holder an interest in preserving and maximizing shareholder value in the longer term and to reward employees for both past and future performance. Individual grants are determined by an assessment of an individual's current and expected future performance, level of responsibilities and the importance of his position with and contribution to the Company.

Executive officers, along with all of the Company's officers, directors, employees, contractors and other service providers, are eligible to participate in the Stock Option Plan. The Stock Option Plan provides a long-term incentive designed to focus and reward eligible participants for enhancing total Shareholder return over the long-term both on an absolute and relative basis. Participation in the Stock Option Plan rewards overall corporate performance, as measured through the price of the Common Shares. In addition, the Stock Option Plan enables executives to develop and maintain a significant ownership position in the Company. This results in a significant portion of executive compensation being "at risk" and directly linked to the achievement of business results and long-term value creation.

Options are normally recommended by management and approved by the Board upon the commencement of an individual's employment with the Company based on the level of their respective responsibility within the Company. Additional grants may be made periodically, generally on an annual basis, to ensure that the number of options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Company. In considering additional grants, a number of factors are considered including the number of options held by such individual, the exercise price and implied value of the options, the term remaining on those options and the total number of options the Company has available for grant under the Stock Option Plan.

Option Based Awards to Named Executive Officers

In addition to determining the number of Shares to be subject to options granted pursuant to the methodology outlined above, the Compensation Committee also determines, subject to and in accordance with the provision of the Option Plan, the following terms of the options:

- the exercise price;
- the terms on which the options vest; and
- any other material terms and conditions.

Perquisites and Other Components

Other components of compensation include perquisites and personal benefits as determined by the Compensation Committee that are consistent with the overall compensation strategy. There is no formula for how perquisites or personal benefits are utilized in the total compensation package. The Company does not provide any pension or retirement benefits to its executive officers.

Contracts with Named Executive Officers

The Company's employment and consulting contracts with its Named Executive Officers are written agreements. These agreements provide for the remuneration of such officers as summarized in the Summary Compensation Table below. The agreements may be terminated at the election of such officers on reasonable notice.

In addition to the remuneration payable under the contracts, bonuses and stock options may be paid or granted to such officers in the discretion of the Compensation Committee.

Pension Plans for Named Executive Officers

The Company does not have any pension plans including 'defined benefits' plans, 'defined contribution' plans or 'deferred compensation' plans.

Other Remuneration of Named Executive Officers

During the financial years ended December 31, 2020 and December 31, 2021 there was not any other remuneration paid or payable, directly or indirectly, by the Company pursuant to any existing plan or arrangement to its directors and Named Executive Officers.

Termination and Change of Control Benefits

The Company has entered into an employment agreement with its CEO (the "Employment Agreement"). The Employment Agreement includes termination provisions, including upon a "Change of Control" (as defined in the Employment Agreement).

In addition, the Chairman has entered into a consulting agreement to provide geological, marketing, and finance services, which requires two weeks of written notice or compensation due in the event of the termination of the agreement, which would be an amount of \$4000. There is no other severance or change of control provisions included in the Chairman's consulting agreement.

Janice Craig provides CFO and Corporate Secretary services to the Company under an employment agreement, which may be terminated upon 90 days written notice. In the event of termination, FireFox is required to pay for all reasonable charges for work performed to the termination date, transfer of files and knowledge from the CFO, if necessary. There are no other severance or change of control provisions included in the employment agreement.

Chief Executive Officer

In the event of termination without cause, the CEO is entitled to a lump-sum severance payment equal to six months of salary (\$60,000) and the highest monthly bonus (highest annual bonus of three previous years, divided by 12). The CEO is also entitled to an additional lump-sum bonus payment equal to the highest monthly bonus (as described above) multiplied by the number of months worked in the current year prior to the termination date. The CEO is entitled to receive benefits for the duration of the severance period. In the event of termination subsequent to a change of control or a resignation for good reason within 12 months of a change of control, the CEO is entitled to a lump-sum severance payment equal to 24 months' salary (\$240,000) and bonus. The CEO is also entitled to an additional lump-sum bonus payment equal to the highest monthly bonus (as described above) multiplied by the number of months worked in the current year prior to the termination date. The CEO is entitled to receive benefits for the duration of the severance period unless alternate coverage is obtained. The Employment Agreement also contains

non-solicitation, non-competition and confidentiality provisions which will apply on a termination of employment with the Company. Non-competition and non-solicitation restrictions apply for a period of one year from the date the executive's employment with the Company ceases, and the confidentiality provisions apply, subject to certain exceptions, for an indefinite period of time following the termination of employment of an executive.

The estimated amounts payable under various termination scenarios are outlined in the table below, which estimates assume:

- (i) a termination date of December 31, 2021; and
- (ii) that the relevant agreement was entered into on October 1, 2017; that the Stock Option Plan was approved at the annual general meeting of the shareholders of the Company; and subsequently that the Company is subject to a Change of Control with Termination, all of the CEO's unvested options will become vested.

Securities Authorized for Issuance under Equity Compensation Plans

Stock Option Plan

The Company's Stock Option Plan (the "Option Plan"), a rolling plan, was established in accordance with the policies of the Exchange. The purpose of the Option Plan is to attract and motivate the directors, officers and employees of the Company and any subsidiaries, employees of any management corporation and consultants to the Company (collectively, "Optionees") and thereby advance the Company's interests by providing them an opportunity to acquire an equity interest in the Company through the exercise of stock options granted to them under the Option Plan. The Company's Stock Option Plan was adopted on October 5, 2017, was approved by the securities regulatory

authorities pursuant to the Company's Long Form Prospectus dated December 6, 2018 and was approved by the shareholders of the Company at its Annual General Meeting held on November 27, 2019. The Company has amended its Stock Option Plan in order to remain compliant with the policies of the Exchange and shareholder approval to the amended Stock Option Plan is being sought at the December 1, 2022 Annual General Meeting. A copy of the Stock Option Plan, as amended, is attached as Schedule "B" and is also available for review on SEDAR at www.sedar.com.

Pursuant to the Stock Option Plan, as amended, the Board may grant stock options to Optionees in consideration of them providing their services to the Company or a subsidiary. The number of Shares subject to each option is determined by the Compensation Committee within the guidelines established by the Option Plan. The options enable such persons to purchase Shares at a price fixed pursuant to such guidelines. The options are exercisable by the Optionee giving the Company notice and payment of the exercise price for the number of Shares to be acquired.

The Option Plan authorizes stock options to be granted to the Optionees on the following terms:

1. The number of Shares available for issuance pursuant to outstanding options cannot exceed an aggregate of 10% of the number of Shares which are issued and outstanding on the particular grant date. In no event shall options be granted, without regulatory approval, entitling any single eligible person to purchase in excess of 5% of the then outstanding Shares in any 12-month period and no more than 2% of the then outstanding Shares may be issued to any one Consultant or to all persons performing all Investor Relations Activities Service Providers in the aggregate in any 12-month period. In no event shall the maximum aggregate number of Shares that are issuable pursuant to all options granted or issued in any 12 month period to any one Consultant exceed 2% of the Shares then outstanding (calculated as at the date that such options are granted). The maximum number of options which may be granted to Insiders within any 12-month period must not exceed 10% in aggregate of the then outstanding Shares, and the maximum aggregate number of Shares that are issuable pursuant to all options granted or issued to Insiders (as a group) must not exceed 10% of the Shares that are issued and outstanding on a non-diluted basis at any point in time. If any option expires or otherwise terminates for any reason without having been exercised in full, the number of Shares in respect of such expired or terminated option shall again be available for the purposes of granting options pursuant to this Plan.
2. Approval by disinterested Shareholders must be obtained (such approval has not been, nor is it intended to be, sought) if options granted under the Option Plan, together with all of the Company's previously established and outstanding stock options, stock option plans, employee stock purchase plans or any other compensation or incentive mechanisms involving the issuance or potential issuance of Shares, could result in:
 - (a) the grant to insiders, within a one-year period, of options to purchase that number of Shares exceeding 10% of the outstanding Shares, or
 - (b) the issuance to any one insider and such insider's associates, within a one year period, of Shares totalling in excess of 5% of the outstanding Shares, calculated as at the date of any such grant or issuance.
3. The exercise price shall be that price per share, as determined by the Board in its sole discretion as of the date of grant, at which a participant may purchase a Share upon the exercise of an Option, and shall be set at a minimum of the closing price of the Company's Shares traded through the facilities of the Exchange on the day preceding the date of grant, or such other price as may be required by the Exchange. Any reduction in the exercise price or an extension of an option held by a participant who is an insider of the Company at the time of the proposed reduction or extension will require Disinterested Shareholder Approval.
4. The options may be exercisable for up to ten years from the grant date.
5. Subject to any any vesting restrictions imposed by the applicable Regulators, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restriction shall exist. If the Optionee is providing investor relations services to the Company, any options

granted will be subject to a vesting period, in which case the options must vest over at least 12 months with no more than one-quarter vesting in any three-month period.

6. The options can only be exercised by the Optionee (to the extent they have already vested) for so long as the Optionee is a director, officer or employee of, or consultant to, the Company or any subsidiary or is an employee of the Company's management corporation and within a period thereafter not exceeding the earlier of:
 - (a) the original expiry date;
 - (b) 90 days (or such longer period not exceeding 12 months as the Board may determine) after ceasing to be a director, officer, employee or consultant for any reason other than death; or
 - (c) if the Optionee dies, within one year from the Optionee's death.
7. The options are not assignable except to a wholly-owned holding corporation.
8. No financial assistance is available to Optionees under the Option Plan.
9. Any amendments to the Option Plan or outstanding stock options are subject to the approval of the Exchange and, if required by the Exchange or the Option Plan, of the Shareholders, possibly with only 'disinterested Shareholders' being entitled to vote. Disinterested Shareholder approval must be obtained for the reduction of the exercise price of options (including the cancellation and re-issuance of options so as to effectively reduce the exercise price) of options held by insiders. The amendment to an outstanding stock option will also require the consent of the Optionee.

The Board's approach to granting options is consistent with prevailing practice in the mineral exploration industry. The Company was incorporated on June 16, 2017, has been a reporting issuer since December 6, 2018 and its common shares have been listed on the TSX Venture Exchange since December 27, 2018. The initial options granted to directors, officers and employees were granted during the Company's private stage. Subsequent thereto, grants of options depend on the length of service of the NEO and directors. There are no formulae followed or performance goals or significant conditions which must be met before options will be granted. The Board will grant options with an exercise price that is equal to or greater than the prevailing market price of the Shares.

FireFox Gold Corp. was incorporated in the Province of British Columbia on June 16, 2017. The Company is a reporting issuer in all provinces in Canada except Quebec. The Company was a wholly-owned subsidiary of Anacott Resources Corp. (“Anacott”) until a plan of arrangement was completed on July 28, 2017 under which the Company’s common shares were distributed to shareholders of Anacott on a pro-rata basis.

The Company has entered into option agreements with Magnus Minerals Ltd. (“Magnus”), a private prospect generator company incorporated under the laws of Finland, through which it has options to acquire 100% interests in several projects (subject to an NSR royalty) that currently encompass approximately 80,000 hectares, including approximately 4,000 hectares of exploration reservations and ore prospecting permits held directly by the Company in Finland.

In order to complete the combined options, the Company must invest \$4.0 million in exploration on the properties and make cash payments totaling \$450,000 over the course of the two separate three-year option periods.

On August 1, 2017, FireFox entered into an option agreement with Magnus Minerals Ltd. (the “RJY Option Agreement”), whereby Magnus granted FireFox an exclusive right and option to earn and acquire a 100% interest in each of the Riikonkoski (East and West), Jeesiö (including Jeesiö West) and Ylöjärvi (including Oks) projects (the “Projects”), which are located in Finland owned by Magnus. On February 1, 2021 FireFox announced that it had completed its earn-in requirements and exercised the option for a 100% interest in the Jeesiö Gold Project in Lapland, Finland.

In order to complete the option, FireFox was required to issue six million common shares and make cash payments of \$250,000 to Magnus, and to incur \$2.5 million in exploration expenditures on the projects. Magnus had extended the dates for expenditures and payments so that the final commitments were not due until August 31, 2021. FireFox met its expenditure requirements in December 2020, and with \$100,000 left in cash payments, due February 28th and August 31st, 2021, elected to complete the payments and exercise the option. The final \$100,000 payment was made in January 2021. FireFox is obligated to pay Magnus an additional payment, equal to the value of 1,000 troy ounces of gold, within 12 months of the commencement of commercial production from the properties. In addition, Magnus retains a 1.5% net smelter return royalty (“NSR”), which may be reduced to 1% by the payment to Magnus of 1,000 troy ounces of gold within 90 days of publishing a positive feasibility study. FireFox maintains the Riikonkoski and Ylöjärvi Projects but they are not currently a focus for the Company.

Carl Löfberg, Managing Director of Magnus, is a director and the President and CEO of FireFox.

On December 14, 2017, the Company entered into an agreement with Aurora Exploration Oy (“Aurora”) and Petri Peltonen to purchase 100% of the 146.53 hectare Mustajärvi exploration permit in the Central Lapland Greenstone Belt (“CLGB”) in Northern Finland (the “Mustajärvi Purchase Agreement”). The Company paid a total of €30,000 and issued 400,000 Common Shares to Aurora. The purchase is subject to a 1% NSR royalty payable to Aurora, half of which can be purchased for US\$500,000. The exploration permit allows for detailed work, including drilling.

On August 21, 2018, the Company entered into an agreement with Magnus (the “Seuru Property Option Agreement”) to acquire a 100% interest in approximately 46,039 hectares of mineral exploration reservations in the CLGB of Northern Finland. The new properties are comprised of four separate reservations, collectively referred to as the “Seuru Properties”. The Seuru Property Option Agreement gives FireFox the ability to earn a 100% interest in the Seuru Properties by making payments of up to \$200,000 in cash and the issuance of 1,500,000 Common Shares to Magnus over a three-year period, while investing \$1,500,000 in mineral exploration on the Seuru Properties. Magnus will retain a 1.5% NSR royalty on production from the Seuru Properties, 0.5% of which can be purchased for 1,000 troy ounces of gold. Pursuant to the Seuru Option Agreement, FireFox has completed the following commitments as at June 30, 2022: (i) issued 1,500,000 shares; (ii) made cash payments to Magnus totaling \$200,000, and (iii) incurred \$2,115,929 in mineral exploration on the Seuru Properties. There are no commitments remaining to be satisfied under the Seuru Option Agreement. Some of the Seuru Group of properties have been evaluated and dropped, but the Sarvi and Lehto Properties remain very active, and FireFox has been granted exploration permits at both.

FireFox has contracted with Magnus to provide mineral exploration services (the “Mineral Exploration Service Agreement”). During the period ended December 31, 2020, Magnus provided exploration and property investigation services valued at \$726,678. CORPORATE GOVERNANCE

National Instrument 58-101 *Disclosure of Corporate Governance Practices* of the Canadian Securities Administrators requires the Company to annually disclose certain information regarding its corporate governance practices. That information is disclosed in the paragraphs below.

The Company and the Board recognize the importance of corporate governance to the effective management of the Company and to the protection of its employees and shareholders. The Company's approach to significant issues of corporate governance is designed with a view to ensuring that the business and affairs of the Company are effectively managed to enhance shareholder value. The Board fulfills its mandate directly and through its committees at regularly scheduled meetings or at meetings held as required. Frequency of meetings may be increased and the nature of the agenda items may be changed depending upon the state of the Company's affairs and in light of opportunities or risks which the Company faces. The directors are kept informed of the Company's business and affairs at these meetings as well as through reports and discussions with management on matters within their areas of expertise.

Mandate of the Board of Directors

The Board has responsibility for the stewardship of the Company. That stewardship includes responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

Independence of the Directors

A director is 'independent' if the director is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act in the best interests of the Company, other than interests and relationships arising from shareholding.

The Board currently consists of four directors, two of whom are independent based upon the test for director independence set out in NI 52-110. As such, half of FireFox's directors are independent. Joseph Mullin and Timo Mäki are the independent directors of the Company. Timo Mäki is not standing for re-election at the December 1, 2022 Annual General Meeting of the Company. Carl Löfberg is the CEO of the Company and engages in the management of day-to-day operations of the Company. As such, Mr. Löfberg is not an independent director. Patrick Highsmith provides consulting services to the Company and he is a promoter of the Company. As such, Mr. Highsmith is not an independent director.

The Board facilitates its exercise of independent supervision over the Company's management through regular meetings of the Board. The meetings are held both with and without members of the Company's management in attendance.

The Board does not hold regularly scheduled meetings without the non-independent directors and members of management. However, when consideration of a matter concerns or affects a director, that director recuses himself from the meeting and consideration of the matter so that the independent directors can have an open and candid discussion of, and freely vote on, the matter.

Other Directorships

The following directors of the Company also serve on the boards of directors of other reporting issuers (or the equivalent) in Canada or foreign jurisdictions. The following table lists the directors and the identities of such reporting issuers (or the equivalent).

Name of Director	Reporting Issuers (or the Equivalent)
Timo Mäki	Strategic Resources Inc. Northgold AB
Joseph Mullin	Huntington Exploration Inc. Pure Energy Minerals Ltd.
Patrick Highsmith	Timberline Resources Corporation Idaho Champion Gold Mines

The Board has determined that these directorships do not adversely impact the effectiveness of these directors on the Board or create any potential for unmanageable conflicts of interest.

New members of the Board are provided with:

- (i) information respecting the functioning of the Board and its committees and a copy of the Company's corporate governance documents;
- (ii) access to all documents of the Company, including those that are confidential; and

Ethical Business Conduct

A Code of Business Conduct and Ethics for the Company was adopted by the Board on September 14, 2018 ("the Code") for the directors, officers, employees and consultants of the Company and its subsidiaries. All new employees must read the Code when hired and acknowledge that they will abide by the Code.

The Board is responsible for monitoring compliance with the Code. In accordance with the Code, directors, officers, employees and consultants of the Company and its subsidiaries should raise questions regarding the application of any requirement under the Code and report a possible violation of a law or the Code, promptly to their superior or manager. If reporting a concern or complaint to a superior or manager is not possible or advisable, or if reporting it to such person does not resolve the matter, the matter should be addressed with the Chief Financial Officer of the Company.

The Board monitors compliance with the Code by, among other things, obtaining reports from the Chief Executive Officer regarding breaches of the Code. The Board also reviews investigations and any resolutions of complaints

received under the Code. In addition, the Board approves changes to the Code it considers appropriate, at least annually. The Code will be available under the Company's profile on SEDAR at www.sedar.com.

The Board takes steps to ensure that directors, officers and other employees exercise independent judgment in considering transactions and agreements in respect of which a director, officer or other employee of the Company has a material interest, which include ensuring that directors, officers and other employees are thoroughly familiar with the Code and, in particular, the rules concerning reporting conflicts of interest and obtaining direction from their superior or manager or the Chief Financial Officer regarding any potential conflicts of interest.

The Board encourages and promotes an overall culture of ethical business conduct by promoting compliance with applicable laws, rules and regulations; providing guidance to directors, officers and other employees to help them recognize and deal with ethical issues; promoting a culture of open communication, honesty and accountability; and ensuring awareness of disciplinary action for violations of ethical business conduct.

The Board has also adopted a Whistleblower Policy for individuals to report complaints and concerns regarding, among other things, violations of the Code.

Nomination of Directors

The Board has responsibility for identifying and assessing potential Board candidates. Recruitment of new directors has generally resulted from recommendations made by directors, management and shareholders. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors.

Compensation

The Company handles compensation matters at the Board Committee level including determination of compensation of the Company's directors and officers. Compensation payable is determined by considering compensation paid for directors and CEOs of companies of similar size and stage of development in the mining exploration industry and determining an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the performance of the CEO is reviewed in light of the Company's objectives and other factors that may have impacted the success of the Company.

The Option Plan is administered at the Board level with recommendations provided by the Compensation Committee. The Board, in its sole discretion, determines all options to be granted pursuant to the Option Plan, the exercise price therefor and any special terms or vesting provisions applicable thereto. For more particulars, see "Securities Authorized for Issuance under Equity Compensation Plans" herein.

Board Committees

The Board has established the Compensation Committee, currently comprised of Joseph Mullin and Timo Mäki, both of whom are independent directors within the meaning of NI 52-110.

The Compensation Committee is responsible for determining the overall compensation strategy of the Company and administering the Company's executive compensation program. As part of its mandate, the Compensation Committee approves the appointment and remuneration of the Company's executive officers, including the Company's Named Executive Officers identified in the Summary Compensation Table above. The Compensation Committee is also responsible for reviewing the Company's compensation policies and guidelines generally.

Assessments

The Board is responsible for ensuring that an appropriate system is in place to evaluate the effectiveness of the Board as a whole, the individual committees of the Board, and the individual members of the Board and such committees with a view of ensuring that they are fulfilling their respective responsibilities and duties. In connection with such evaluations, each director is required to provide his or her assessment of the effectiveness of the Board and each committee as well as the performance of the individual directors, annually. Such evaluations take into account the competencies and skills each director is expected to bring to his or her particular role on the Board or on a committee, as well as any other relevant facts.

Directors, officers, consultants, and employees of the Corporation or its subsidiaries, and employees of a person or company which provides management services to the Corporation or its subsidiaries (“**Management Company Employees**”) shall be eligible for selection to participate in the Plan (such persons hereinafter collectively referred to as “**Participants**”). Subject to compliance with applicable requirements of the applicable Regulators, Participants may elect to hold options granted to them in an incorporated entity wholly owned by them and such entity shall be bound by the Plan in the same manner as if the options were held by the Participant.

Subject to the terms hereof, the Board shall determine to whom options shall be granted, the terms and provisions of the respective option agreements, the time or times at which such options shall be granted and vested, and the number of Shares to be subject to each option. In the case of employees or consultants of the Corporation or Management Company Employees, the option agreements to which they are party must contain a representation of each such employee, consultant of the Corporation or Management Company Employees – as applicable – **and** of the Corporation that such employee, consultant or Management Company Employee, as the case may be, is a bona fide employee, consultant or Management Company Employee of the Corporation or its subsidiaries.

A Participant who has been granted an option may, if such Participant is otherwise eligible, be granted an additional option or options if the Board shall so determine.

7) **Exercise Price**

The exercise price shall be that price per share, as determined by the Board in its sole discretion as of the date of grant, at which a Participant may purchase a Share upon the exercise of an Option, and shall be set at a minimum of the closing price of the Company’s Shares traded through the facilities of the Exchange on the day preceding the date of grant, or such other price as may be required by the Exchange. Any reduction in the exercise price or an extension of an option held by a Participant who is an insider of the Company at the time of the proposed reduction or extension will require Disinterested Shareholder Approval.

8) **Number of Optioned Shares**

- a) The number of Shares subject to an option granted to any one Participant shall be determined by the Board, but no one Participant shall be granted an option which exceeds the maximum number permitted by the applicable Regulators.

- b) No single Participant may be granted options to purchase a number of Shares equaling more than 5% of the issued common shares of the Corporation in any twelve-month period, calculated as at the date of any such grant or issuance unless the Corporation has obtained the requisite disinterested shareholder approval in respect of such grant and meets applicable Regulator requirements.
- c) Options shall not be granted if the exercise thereof would result in the issuance of more than 2% of the issued common shares of the Corporation in any twelve-month period, to any one consultant of the Corporation (or any of its subsidiaries), calculated as at the date of any such grant or issuance.
- d) Options shall not be granted if the exercise thereof would result in the issuance of more than an aggregate of 2% of the issued common shares of the Corporation, in any twelve-month period, to all persons employed or engaged by the Corporation to provide investor relation activities. Options granted to consultants performing investor relations activities will contain vesting provisions such that vesting occurs over at least 12 months such that:
 - i) no more than 1/4 of the stock options vest no sooner than three months after the stock options were granted;
 - ii) no more than another 1/4 of the stock options vest no sooner than six months after the Stock Options were granted;
 - iii) no more than another 1/4 of the stock options vest no sooner than nine months after the stock options were granted; and
 - iv) the remainder of the stock options vest no sooner than 12 months after the stock options were granted.

9) **Duration of Option**

- a) Each option and all rights thereunder shall be expressed to expire on the date set out in the option agreement and shall be subject to earlier termination as provided in Sections 11 and 12, provided that in no circumstances shall the duration of an option exceed the **tenth anniversary** of the grant date of the stock option.
- b) If any options expire during a period when trading of our securities by certain persons as designated by the Corporation is prohibited (a “**Blackout Period**”) or within ten business days after the end of a Blackout Period, the term of those options will be extended to ten business days after the end of the Blackout Period, unless such extension is prohibited by any applicable law or the policies of the applicable Regulators.

The Blackout Period must be formally imposed by the Corporation pursuant to its internal trading policies. For greater certainty, in the absence of the Corporation formally imposing a Blackout Period, the expiry date of any options will not be automatically extended in any circumstances. The Blackout Period must expire upon the general disclosure of the undisclosed material information and the automatic extension of a Participant’s options will not be permitted where the Participant or the Corporation is subject to a cease trade order (or similar order under securities laws) in respect of the Corporation’s securities.

10) **Option Period, Consideration and Payment**

- a) The option period shall be a period of time fixed by the Board not to exceed the maximum term permitted by the applicable Regulators, provided that the option period shall be reduced with respect to any option as provided in Sections 11 and 12 covering cessation as a director, officer, consultant, employee or Management Company Employee of the Corporation or its subsidiaries, or death of the Participant.

- b) Subject to any vesting restrictions imposed by the applicable Regulators, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restriction shall exist.
- c) Subject to any vesting restrictions imposed by the Board, options may be exercised in whole or in part at any time and from time to time during the option period. To the extent required by the applicable Regulators, no options may be exercised under this Plan until this Plan has been approved by a resolution duly passed by the shareholders of the Corporation.
- d) Except as set forth in Sections 11 and 12, no option may be exercised unless the Participant is at the time of such exercise a director, officer, consultant, or employee of the Corporation or any of its subsidiaries, or a Management Company Employee of the Corporation or any of its subsidiaries.
- e) The exercise of any option will be contingent upon receipt by the Corporation at its head office of a written notice of exercise, specifying the number of Shares with respect to which the option is being exercised, accompanied by cash payment, certified cheque or bank draft for the full purchase price of such Shares with respect to which the option is exercised. No Participant or his legal representatives, legatees or distributees will be, or will be deemed to be, a holder of any common shares of the Corporation unless and until the certificates for Shares issuable pursuant to options under the Plan are issued to him or them under the terms of the Plan.

11) Ceasing To Be a Director, Officer, Consultant or Employee

If a Participant shall cease to be a director, officer, consultant, employee of the Corporation, or its subsidiaries, or ceases to be a Management Company Employee, for any reason (other than death), such Participant may exercise his option to the extent that the Participant was entitled to exercise it at the date of such cessation, provided that such exercise must occur within 90 days after the Participant ceases to be a director, officer, consultant, employee or a Management Company Employee, unless such Participant was engaged in investor relations activities, in which case such exercise must occur within 30 days after the cessation of the Participant's services to the Corporation.

Nothing contained in the Plan, nor in any option granted pursuant to the Plan, shall as such confer upon any Participant any right with respect to continuance as a director, officer, consultant, employee or Management Company Employee of the Corporation or of any of its subsidiaries or affiliates.

12) Death of Participant

Notwithstanding section 11, in the event of the death of a Participant, the option previously granted to him shall be exercisable only within the one (1) year after such death and then only:

- a) by the person or persons to whom the Participant's rights under the option shall pass by the Participant's will or the laws of descent and distribution; and
- b) if and to the extent that such Participant was entitled to exercise the Option at the date of his death.

13) Rights of Optionee

No person entitled to exercise any option granted under the Plan shall have any of the rights or privileges of a shareholder of the Corporation in respect of any Shares issuable upon exercise of such option until such Shares shall have been issued.

14) Proceeds from Sale of Shares

The proceeds from the sale of Shares issued upon the exercise of options shall be added to the general funds of the Corporation and shall thereafter be used from time to time for such corporate purposes as the Board may determine.

15) Adjustments

Any adjustment, other than in connection with a security consolidation or security split, to options granted or issued under this Plan must be subject to the prior acceptance of the Exchange, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

If, prior to the complete exercise of any option, the securities of the Corporation are subject to a security consolidation or security split for (collectively the “**Event**”) other shares of the Corporation, an option, to the extent that it has not been exercised, shall be adjusted by the Board in accordance with such Event in the manner the Board deems appropriate. No fractional Shares shall be issued upon the exercise of any option and accordingly, if as a result of the Event, a Participant would become entitled to a fractional Share, such Participant shall have the right to purchase only the next lowest whole number of Shares and no payment or other adjustment will be made with respect to the fractional interest so disregarded. Additionally, no lots of Shares in an amount less than 500 Shares shall be issued upon the exercise of the option unless such amount of Shares represents the balance left to be exercised under the option.

16) Transferability

All benefits, rights and options accruing to any Participant in accordance with the terms and conditions of the Plan shall not be transferable or assignable unless specifically provided herein or the extent, if any, permitted by the applicable Regulators. During the lifetime of a Participant any benefits, rights and options may only be exercised by the Participant.

17) Amendment and Termination of Plan

Subject to the policies, rules and regulations of any lawful authority having jurisdiction (including any exchange on which the Common Shares are listed for trading), the Board may at any time, without further action by the shareholders, amend the Plan or any option granted hereunder in such respects as it may consider advisable and, without limiting the generality of the foregoing, it may do so to ensure that options granted hereunder will comply with any provisions respecting stock options in the income tax or other laws in force in any country or jurisdiction of which a person to whom an option has been granted may from time to time be resident or citizen or the Board may at any time, without action by shareholders, terminate the Plan. The Board may not, however, without the consent of the Participant, alter or impair any of the rights or obligations under any option theretofore granted.

18) Necessary Approvals

The Plan is subject to approval by the TSX Venture Exchange (the “Exchange”) and the Plan must be approved by shareholders and the Exchange on an annual basis. The Corporation will obtain Disinterested Shareholder Approval of Options if the Plan, together with all of the Corporation’s previously established and outstanding stock option plans or grants, could result at any point in time, or within any 12-month period, in the grant to insiders, of a number of Options exceeding 10% of the issued shares of the Corporation calculated as at the date of such grant or issuance.

Any substantive amendments to the Plan shall be subject to the Corporation first obtaining the approvals of:

- a) The shareholders or disinterested shareholders, as the case may be, of the Corporation at a general meeting where required by the rules and policies of the Exchange or any stock exchange on which the Common Shares may be listed for trading; and
- b) The Exchange or any stock exchange on which the Common Shares may be listed for trading.

19) Effective Date of Plan

The Plan has been adopted by the Board of the Corporation subject to the approval of the applicable Regulators and, if so approved, subject to the discretion of the Board, the Plan shall become effective upon such approvals being obtained.

20) Interpretation

The Plan will be governed by and construed in accordance with the laws of the Province of British Columbia.
