APPOINTMENT AND REVOCATION OF PROXY

Appointment of Proxy

Registered shareholders are entitled to vote. A shareholder is entitled to one vote for each common share that such shareholder holds on the record date of June 9, 2023, on the resolutions to be voted upon at the Meeting, and any other matter to come before the Meeting.

Shareholders will not be able to vote at the meeting via the telephone conference call. Therefore, in order to vote, registered shareholders of the Company need to complete, date and sign the form of proxy and deposit it with the Company’s transfer agent, Endeavour Trust Corporation, Proxy Department, 702 – 777 Hornby Street, Vancouver, BC V6Z 1S4 by mail or fax, no later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, or adjournment thereof.

The persons named as proxyholders (the “Designated Persons”) in the enclosed form of proxy are directors and/or officers of the Company.

A shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act for or on behalf of that shareholder at the meeting, other than the designated persons named in the enclosed form of proxy.

To exercise the right, the shareholder may do so by striking out the printed names and inserting the name of such other person and, if desired, an alternate to such person, in the blank space provided in the form of proxy. Such shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxy and should provide instruction to the nominee on how the shareholder’s shares should be voted. The nominee should bring personal identification to the meeting.

A proxy may not be valid unless it is dated and signed by the shareholder who is giving it or by that shareholder’s attorney-in-fact duly authorized by that shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer or attorney-in-fact for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual shareholder or joint shareholders, or by an officer or attorney-in-fact for a corporate shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarial certified copy thereof, must accompany the form of proxy.

Revocation of Proxies

A shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: (a) executed by that shareholder or by that shareholder’s attorney-in-fact authorized in writing or, where the shareholder is a corporation, by a duly authorized officer of, or attorney-in-fact for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (i) attendance at the Meeting and participation in a poll (ballot) by a shareholder, or (ii) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

In order to be voted, the completed form of proxy must be received by the Company’s transfer agent Endeavour Trust Corporation, (‘Transfer Agent’) at the their offices located at 702-777 Hornby Street, Vancouver, BC V6Z 1S4 by mail or fax not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior

to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

The information set out in this section is of significant importance to those shareholders who do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Information Circular as “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in the shareholder’s name on the records of the Company. Such common shares will more likely be registered under the names of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name of CDS & Co., being the registration name for The Canadian Depository for Securities Limited (which acts as nominee for many Canadian brokerage firms), and in the United States, under the name Cede & Co., as nominee for the Depository Trust Company (which acts as a brokerage depository for many U.S. firms and custodial banks). **Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person well in advance of the Meeting.**

Regulatory polices require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Pursuant to National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with clearing agencies, brokerage houses and other financial intermediaries to forward proxy solicitation material to the beneficial owners of the Shares. Additionally, the Company intends to pay for the costs of an intermediary to deliver to objecting beneficial shareholders, the proxy-related materials.

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of the Meeting. Every Intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders to ensure that their common shares are voted at the Meeting.

Beneficial Shareholders will receive from an intermediary either voting instruction forms (“VIF”) or, less frequently, forms of proxy. The purpose of these forms is to permit Beneficial Shareholders to direct the voting of the Common Shares they beneficially own. Beneficial Shareholders should follow the procedures set out therein, depending on which type of form they receive.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own.

A Beneficial Shareholder receiving these forms cannot use that form to vote common shares directly at the Meeting. Beneficial Shareholders should carefully follow the instructions set out in the applicable form including those regarding when and where the form is to be delivered. Should a Beneficial Shareholder wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder will need to write their name (or their nominee’s name) in the space provided in the VIF or form of proxy and return it in accordance with the instructions of the VIF or form of proxy.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, arrange for its Intermediary to revoke its VIF or form of proxy on its behalf.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting materials unless their Nominee assumes the costs of delivery.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument

revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 44,336,500 shares are issued and outstanding. Persons who are registered shareholders at the close of business on June 9, 2023 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

NUMBER OF DIRECTORS

At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company for the ensuing year at four (4). The number of directors will be approved if the affirmative vote of the majority of common shares present or represented by proxy at the Meeting and entitled to vote are voted in favour to set the number of directors at four (4).

Management recommends the approval of the resolution to set the number of directors of the Company at four (4).

ELECTION OF DIRECTORS

The directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

Oversight and Description of Director and NEO Compensation

The Company's executive compensation program is administered by the Compensation Committee. The Compensation Committee consists of Scott Margach and Gary Prihar. Gary Prihar is independent within the meaning of NI 52-110.

The Compensation Committee's responsibilities include reviewing and making recommendations to the Board of Directors with respect to adequacy and the form of compensation to all executive officers and directors of the Company, making recommendations to the Board of Directors in respect of granting of stock options to management, directors, officers and other employees and consultants of the Company, and monitoring the performance of the Company's executive officers.

Executive compensation awarded to the named executive officers consists of two components: (i) management fees (including bonuses) and (ii) stock options. The Company does not presently have a long-term incentive plan for its named executive officers. There is no policy or target regarding allocation between cash and noncash elements of the Company's compensation program.

In setting compensation rates for named executive officers, the Company compares the amounts paid to them with the amounts paid to executives in comparable positions at other comparable companies. The Company's compensation payable to the named executive officers is based upon, among other things, the responsibility, skills and experience required to carry out the functions of each position held by each named executive officer and varies with the amount of time spent by each named executive officer in carrying out his or her functions on behalf of the Company. The grant of stock options, as a key component of the executive compensation package, enables the Company to attract and retain qualified executives. Stock option grants are based on the total of stock options available under the Option Plan. In granting stock options, the Board of Directors reviews the total of stock options available under the Option Plan and recommends grants to newly retained executive officers at the time of their appointment, and considers recommending further grants to executive officers from time to time thereafter. The amount and terms of outstanding options held by an executive are taken into account when determining whether and how new option grants should be made to the executive. The exercise periods are to be set at the date of grant. The stock option grants may contain vesting provisions in accordance to the Company's Option Plan.

Due to the Company being a junior mining issuer and having limited financial resources, compensation is not tied to performance criteria or goals. The Company is unaware of any significant events that have significantly affected compensation of its management team and directors.

Pension

The Company does not provide any pension benefits for directors or executive officers.

The Company is a “venture issuer” as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (Composition of Audit Committee) and 5 (Reporting Obligations).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101, Disclosure of Corporate Governance Practices, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating four individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. Gary Prihar of the Board is considered “independent” within the meaning of NI 52-110.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO and President. The Board will give direction and guidance through the President to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and the Audit Committee chairperson. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of the CEO and the President, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the President, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its audit committee.

Orientation and Continuing Education

The Board’s practice is to recruit for the Board only persons with extensive experience in identifying and targeting junior businesses for transactions and in public company matters. Prospective new board members are provided a reasonably detailed level of background information, verbal and documentary, on the Company’s affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company’s governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director’s participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing to mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

PARTICULARS OF MATTERS TO BE ACTED UPON

RATIFICATION AND APPROVAL OF STOCK OPTION PLAN

The Company received shareholder approval, on June 28, 2022, of its "rolling" stock option plan (the "Stock Option Plan") whereby 10% of the number of issued and outstanding shares of the Company at any given time may be reserved for issuance pursuant to the exercise of options. The TSX Venture Exchange requires that listed companies that have "rolling" stock option plans in place receive shareholder approval of such plans on a yearly basis at the Company's annual general meeting. The shareholders of the Company will be asked at the Meeting to ratify and approve the Stock Option Plan.

The Stock Option Plan was established to provide incentive to directors, officers, employees, management company employees and consultants who provide services to the Company. The intention of management in proposing the Stock Option Plan is to increase the proprietary interest of such persons in the Company and thereby aid the Company in attracting, retaining and encouraging the continued involvement of such persons with the Company.

The Stock Option Plan provides for a floating maximum limit of 10% of the outstanding common shares, as permitted by the policies of the Exchange. As of the date of this Information Circular, the Company was eligible to grant up to 4,433,650 options under its Stock Option Plan. There are presently 4,380,000 options outstanding and 53,650 options reserved and available under the Stock Option Plan.

Terms of the Stock Option Plan

Options may be granted under the Stock Option Plan to such service providers of the Company and its affiliates, if any, as the Board of Directors may from time to time designate. The exercise price of option grants will be determined by the Board of Directors, but cannot be lower than the price permitted by the TSX Venture Exchange. The Stock Option Plan provides that the number of common shares that may be reserved for issuance to any one individual upon exercise of all stock options held by such individual may not exceed 5% of the issued common shares, if the individual is a director or officer, or 2% of the issued common shares, if the individual is a consultant or engaged in providing investor relations services, on a yearly basis. Subject to earlier termination, all options granted under the Stock Option Plan will expire not later than the date that is five years from the date that such options are granted. In the event that an optionee ceases to be a director, officer, employee or consultant, the option will terminate within ninety days. In the event of the death of an optionee, the options will only be exercisable within 12 months of such death. Options granted under the Stock Option Plan are not transferable or assignable other than by will or other testamentary instrument or pursuant to the laws of succession.

Disinterested Shareholder Approval

Under the policies of the TSX Venture Exchange, if the grant of options under the proposed Stock Option Plan to insiders of the Company, together with all of the Company's outstanding stock options, could, at any point in time, result in:

- (a) the number of shares reserved for issuance pursuant to stock options granted to insiders of the Company exceeding 10% of the issued common shares of the Company;
- (b) the grant to insiders of the Company, within a 12 month period, of a number of options exceeding 10% of the issued common shares of the Company; or
- (c) the issuance to any one optionee, within a 12 month period, of a number of shares exceeding 5% of the issued common shares of the Company,

the Company must obtain disinterested shareholder approval. The policies of the TSX Venture Exchange and the terms of the proposed Stock Option Plan also provide that disinterested shareholder approval will be required for any

agreement to decrease the exercise price of options previously granted to insiders of the Company. The term disinterested shareholder approval means approval by a majority of the votes cast at the Meeting other than votes attaching to shares of the Company beneficially owned by insiders of the Company to whom options may be granted under the proposed Stock Option Plan.

Proposed Resolution Ratifying and Approving the Stock Option Plan

The text of the ordinary resolution which management intends to place before the Meeting for the ratification and approval of the Stock Option Plan is set forth below:

“RESOLVED as an ordinary resolution of the Company that:

1. the Company’s 10% rolling Stock Option Plan, including the reservation for issuance under the 10% rolling Stock Option Plan at any time of a maximum of 10% of the issued shares of the Company, be and is hereby approved, confirmed and ratified, subject to the acceptance of the Stock Option Plan by the TSX Venture Exchange; and
2. any one director or officer is hereby authorized and directed to do all such acts and things and to execute all such documents, deeds or instruments to give effect to the foregoing resolution.”

Management recommends the ratification and approval of the Stock Option Plan.
