MANAGEMENT SOLICITATION OF PROXIES

The solicitation of proxies by management of the Company will be conducted by mail and may be supplemented by telephone or other personal contact to be made, without special compensation, by the directors, officers and employees of the Company. The Company does not reimburse shareholders, nominees or agents for costs incurred in obtaining from their principals authorization to execute forms of proxy, except that the Company has requested brokers and nominees who hold stock in their respective names to furnish this proxy material to their customers, and the Company may reimburse such brokers and nominees for their related out of pocket expenses. No solicitation will be made by specifically engaged employees or soliciting agents. The Company will bear the cost of the solicitation.

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

APPOINTMENT AND REVOCATION OF PROXY

Appointment of Proxy

Registered shareholders are entitled to vote. A shareholder is entitled to one vote for each common share that such shareholder holds on the record date of November 3, 2025, on the resolutions to be voted upon at the Meeting, and any other matter to come before the Meeting.

Although registered shareholders will be able to vote at the meeting via the telephone conference call, the Company recommends registered shareholders complete, date and sign the form of proxy and deposit it with the Company’s transfer agent, Endeavor Trust Corporation, Proxy Department, 702 – 777 Hornby Street, Vancouver, BC V6Z 1S4 by mail or fax, no later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting, or adjournment thereof.

The persons named as proxyholders (the “Designated Persons”) in the enclosed form of proxy are directors and/or officers of the Company.

A shareholder has the right to appoint a person or company (who need not be a shareholder) to attend and act for or on behalf of that shareholder at the meeting, other than the designated persons named in the enclosed form of proxy.

To exercise the right, the shareholder may do so by striking out the printed names and inserting the name of such other person and, if desired, an alternate to such person, in the blank space provided in the form of proxy. Such shareholder should notify the nominee of the appointment, obtain the nominee’s consent to act as proxy and should provide instruction to the nominee on how the shareholder’s shares should be voted. The nominee should bring personal identification to the meeting.

A proxy may not be valid unless it is dated and signed by the shareholder who is giving it or by that shareholder’s attorney-in-fact duly authorized by that shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer or attorney-in-fact for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual shareholder or joint shareholders, or by an officer or attorney-in-fact for a corporate shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarial certified copy thereof, must accompany the form of proxy.

Revocation of Proxies

A shareholder who has given a proxy may revoke it at any time before it is exercised by an instrument in writing: (a) executed by that shareholder or by that shareholder’s attorney-in-fact authorized in writing or, where the shareholder is a corporation, by a duly authorized officer of, or attorney-in-fact for, the corporation; and (b) delivered either: (i) to the Company at the address set forth above, at any time up to and including the last business day preceding the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (ii) to the Chairman of the Meeting prior to the vote on matters covered by the proxy on the day of the Meeting or, if adjourned or postponed, any reconvening thereof, or (iii) in any other manner provided by law.

Also, a proxy will automatically be revoked by either: (i) attendance at the Meeting and participation in a poll (ballot) by a shareholder, or (ii) submission of a subsequent proxy in accordance with the foregoing procedures. A revocation of a proxy does not affect any matter on which a vote has been taken prior to any such revocation.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

In order to be voted, the completed form of proxy must be received by the Company’s transfer agent Endeavor Trust Corporation, (“Transfer Agent”) at their offices located at 702-777 Hornby Street, Vancouver, BC V6Z 1S4 by mail or fax not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior

to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

The information set out in this section is of significant importance to those shareholders who do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Information Circular as “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in the shareholder’s name on the records of the Company. Such common shares will more likely be registered under the names of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such common shares are registered under the name of CDS & Co., being the registration name for The Canadian Depository for Securities Limited (which acts as nominee for many Canadian brokerage firms), and in the United States, under the name Cede & Co., as nominee for the Depository Trust Company (which acts as a brokerage depository for many U.S. firms and custodial banks). **Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person well in advance of the Meeting.**

Regulatory polices require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Company (such Beneficial Shareholders are designated as non-objecting beneficial owners, or “NOBOs”) or objecting to their Intermediary disclosing ownership information about themselves to the Company (such Beneficial Shareholders are designated as objecting beneficial owners, or “OBOs”).

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has elected to send the notice of meeting, this Information Circular and a request for voting instructions (a “VIF”), instead of a proxy (the notice of Meeting, Information Circular and VIF or proxy are collectively referred to as the “Meeting Materials”) directly to the NOBOs and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to OBOs.

The Company does not intend to pay for Intermediaries to deliver the Meeting materials and Form 54-101F7 – Request for Voting Instructions Made by Intermediary to OBOs. As a result, OBOs will not receive the Meeting materials unless their Intermediaries assumes the costs of delivery.

Meeting Materials sent to Beneficial Shareholders are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder’s shares on the Beneficial Shareholder’s behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions in Canada and Broadridge Financial Services Inc. in the United States (collectively “Broadridge”). Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through an Intermediary, please contact that Intermediary for assistance.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. A Beneficial Shareholder receiving a VIF cannot use that form to vote common shares directly at the Meeting. Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered. Should a Beneficial Shareholder who receives a VIF wish

to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder will need to write their name (or their nominee's name) in the space provided in the VIF and return it in accordance with the instructions in the VIF.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "shares"), of which 38,850,318 shares are issued and outstanding. Persons who are registered shareholders at the close of business on November 3, 2025, will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company.

NUMBER OF DIRECTORS

At the Meeting, shareholders will be asked to pass an ordinary resolution to set the number of directors of the Company for the ensuing year at four (4). The number of directors will be approved if the affirmative vote of the majority of common shares present or represented by proxy at the Meeting and entitled to vote are voted in favour to set the number of directors at four (4).

Management recommends the approval of the resolution to set the number of directors of the Company at four (4).

ELECTION OF DIRECTORS

The directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

The Company does not presently have a long-term incentive plan for its named executive officers. There is no policy or target regarding allocation between cash and noncash elements of the Company’s compensation program.

In setting compensation rates for named executive officers, the Company compares the amounts paid to them with the amounts paid to executives in comparable positions at other comparable companies. The Company’s compensation payable to the named executive officers is based upon, among other things, the responsibility, skills and experience required to carry out the functions of each position held by each named executive officer and varies with the amount of time spent by each named executive officer in carrying out his or her functions on behalf of the Company. The grant of stock options, as a key component of the executive compensation package, enables the Company to attract

and retain qualified executives. Stock option grants are based on the total of stock options available under the Option Plan. In granting stock options, the Board of Directors reviews the total of stock options available under the Option Plan and recommends grants to newly retained executive officers at the time of their appointment, and considers recommending further grants to executive officers from time to time thereafter. The amount and terms of outstanding options held by an executive are taken into account when determining whether and how new option grants should be made to the executive. The exercise periods are to be set at the date of grant. The stock option grants may contain vesting provisions in accordance to the Company’s Option Plan.

Due to the Company being a junior mining issuer and having limited financial resources, compensation is not tied to performance criteria or goals. The Company is unaware of any significant events that have significantly affected compensation of its management team and directors.

Pension

The Company does not provide any pension benefits for directors or executive officers.

The Company is a “venture issuer” as defined in NI 52-110 and is relying on the exemption in section 6.1 of NI 52-110 relating to Parts 3 (Composition of Audit Committee) and 5 (Reporting Obligations).

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101, Disclosure of Corporate Governance Practices, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating three individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if

he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. Scott Margach and Leo Horn are considered “independent” within the meaning of NI 52-110.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to management, evaluate management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO and President. The Board will give direction and guidance through the CEO and President to management and will keep management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee and the Audit Committee chairperson. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and President of the Company and establishes the duties and responsibilities of those positions and on the recommendation of the CEO and the President, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the President, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its audit committee.

Orientation and Continuing Education

The Board’s practice is to recruit for the Board only persons with extensive experience in identifying and targeting junior businesses for transactions and in public company matters. Prospective new board members are provided a reasonably detailed level of background information, verbal and documentary, on the Company’s affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company’s governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director’s participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from

voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of its committees. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing to mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and its committees.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without excessive administration burden.

PARTICULARS OF MATTERS TO BE ACTED UPON

Pursuant to Policy 4.4 of the TSX Venture Exchange ("TSX-V"), all TSX-V listed companies are required to adopt a stock option plan prior to granting incentive stock options. The purpose of the stock option plan is to attract and motivate directors, senior officers, employees, consultants, and others providing services to the Company and its subsidiaries, and thereby advance the Company's interests, by affording such persons with an opportunity to acquire an equity interest in the Company through the issuance of stock options. The Company is currently listed on Tier 2 of the TSX-V and is amending its current stock option plan from a fixed stock option plan (the "Fixed Stock Option Plan") to a "rolling" stock option plan reserving a maximum of 10% of the issued shares of the Company at the time of the stock option grant (the "Rolling Stock Option Plan").

The Fixed Stock Option Plan currently permits the granting of up to 2,216,825 options. Assuming adoption of the Rolling Stock Option Plan, as of the date of this Information Circular, the Company would be eligible to grant up to 3,885,031 options under the Rolling Stock Option Plan, of which 2,766,825 options are granted, and 1,118,206 options would be available on adoption of the Rolling Stock Option Plan.

The shareholders are being asked to approve the Rolling Stock Option Plan at the Meeting.

Summary of the Stock Option Plan

The following information is intended as a brief description of the Stock Option Plan and is qualified in its entirety by the full text of the Stock Option Plan, which will be available for review at the Meeting and is attached hereto as Schedule "B". Capitalized terms not otherwise defined herein are as defined in the Stock Option Plan.

- The aggregate number of Common Shares that may be reserved for issuance pursuant to Options shall not exceed 10% of the outstanding Common Shares at the time of the granting of an Option, less the aggregate number of Common Shares then reserved for issuance pursuant to the Company's other previously established

or proposed share compensation arrangements. For greater certainty, if an Option is surrendered, terminated or expires without being exercised, the Common Shares reserved for issuance pursuant to such Option shall be available for new Options granted under the Stock Option Plan.

- The exercise price per Common Share for an Option is determined by the Board and shall in no event be less than the Market Price, less, if the Common Shares are listed on the TSX-V the maximum discount permitted by the TSX-V, at the time of granting the Option. The Company must obtain disinterested Shareholder approval of any decrease in the exercise price of or an extension to Options granted to individuals that are Insiders at the time of the proposed amendment.
- The number of Common Shares reserved for issuance under the Stock Option Plan and the Company's other previously established or proposed share compensation arrangements to (a) any one Person, shall not exceed 5% of the outstanding Common Shares in any 12-month period at the time of the grant (unless the Company has obtained Disinterested Shareholder Approval to exceed such limit); (b) any one Consultant shall not exceed 2% of the outstanding Common Shares in any 12-month period at the time of the grant; (c) all Investor Relations Service Providers shall not exceed an aggregate of 2% of the outstanding Common Shares in any 12-month period at the time of the grant; (d) to Insiders, shall not exceed 10% of the outstanding Common Shares in any 12-month period at the time of grant nor at any point in time.
- Upon expiry of an Option, or in the event an Option is otherwise terminated for any reason, the number of shares in respect of the expired or terminated Option shall again be available for the purposes of the Stock Option Plan. All Options granted under the Stock Option Plan, unless sooner terminated, have a term not exceeding and shall therefore expire no later than ten (10) years after the date of the grant (subject to extension where the expiry date falls within a blackout period).
- If an Optionee dies or suffers any inability of the Optionee arising due to medical reasons which the Board considers likely to permanently prevent or substantially impair such Optionee being able to provide the services necessary to qualify as a Permitted Optionee (a "Disability") prior to otherwise ceasing to be a Permitted Optionee, each Option held by such Optionee shall terminate and shall therefore cease to be exercisable no later than the earlier of the Expiry Date and the date which is twelve months after the date of the Optionee's death or Disability.
- If an Optionee is terminated or removed for cause, each Option held by such Optionee shall terminate and shall therefore cease to be exercisable upon such termination for cause, unless otherwise determined by the Board (provided that the termination of such Options must occur within 12 months of the Optionee ceasing to qualify as a Permitted Optionee).
- If an Optionee ceases to be a Permitted Optionee for any reason other than death, Disability or termination or removal for cause, any Option shall be exercisable to the extent that it has vested and was exercisable as at the date of such cessation, unless further vesting is permitted by the Board, and will terminate (i) 90 days after the date such Optionee ceased to be a Permitted Optionee; or (ii) if the Optionee is subject to the tax laws of the United States of America, the earlier of 90 days after the date such Optionee ceased to be a permitted Optionee and the three months after the date such Optionee ceased to be a Permitted Optionee.
- The Board retains the discretion to impose vesting periods on any Options granted. In accordance with the policies of the TSX-V, Options granted to Investor Relations Service Providers must vest in stages over a minimum of 12 months with no more than one-quarter of the Options vesting in any three-month period. If a Change of Control is agreed to by the Company or events which might lead to a Change of Control are commenced by third parties, all Options, subject to the TSXV's approval (if required), shall vest immediately and be fully exercisable notwithstanding the terms thereof. Subject to the approval of the TSX-V, if the Optionee is an Investor Relations Service Provider, the Board may advance, at any time, the dates upon which any or all Options shall vest and become exercisable.

- Options may be exercised in whole or in part at any time prior to their lapse or termination. Common Shares purchased by an Optionee on the exercise of an Option shall be fully paid at the time of their purchase.
- Subject to the approval of the Board, in its discretion, an Optionee (other than an Optionee that is an Investor Relations Service Provider) may exercise an Option by means of a “cashless exercise” as follows: (a) the Brokerage shall loan money to the Optionee to exercise the Options; (b) The Brokerage shall sell a sufficient number of Common Shares to cover the aggregate exercise price of the Options being exercised in order to repay the loan made to the Optionee by the Brokerage; and (c) the Brokerage shall receive an equivalent number of Common Shares from the exercise of the Options by the Optionee, and the Optionee shall then receive the balance of the Common Shares from the exercise of the Option or the cash proceeds from the balance of such Common Shares.
- Subject to the approval of the Board, in its discretion, an Optionee (other than an Optionee that is an Investor Relations Service Provider) may exercise an Option by means of a “net exercise”, where the Optionee shall not be required to deliver payment of the exercise price in respect of the subject Option being so exercised, and instead the Optionee shall receive only the number of Common Shares that is equal to the quotient obtained by dividing: (a) the product of (i) the number of Common Shares in respect of which the subject Option is being exercised, and (ii) the difference between the VWAP of the Common Shares and the exercise price of the subject Option; by (b) the VWAP of the Common Shares.
- If an Option expires during a Blackout Period, the term of the Option shall be extended and the Option shall expire 10 business days after the termination of such Blackout Period, provided that: (i) the Blackout Period was formally imposed by the Company pursuant to its internal trading policies as a result of the bona fide existence of undisclosed Material Information, (ii) the Blackout Period expired upon the general disclosure of the undisclosed Material Information and (iii) the Company is not subject to a cease trade order or similar order under applicable securities laws.
- If the Common Shares are at any time increased, decreased or changed into or exchanged for a different number or kind of shares or securities of the Company through an amalgamation, merger, arrangement, reorganization, spin-off or recapitalization, subject to the prior approval of the TSX-V, an appropriate and proportionate adjustment shall be made by the Board, in its discretion.
- If the Common Shares are at any time subdivided or consolidated, the number of Common Shares reserved for Options shall be similarly increased or decreased proportionately and the price payable for any Shares that are then subject to issuance shall be decreased or increased proportionately.
- If the Common Shares are at any time changed as a result of the declaration of a stock dividend thereon, the number of Shares reserved for Options shall be increased proportionately and the price payable for any Common Shares that are then subject to issuance shall be decreased proportionately so that upon exercising each Option the same proportionate shareholdings at the same aggregate purchase price shall be acquired after such stock dividend as would have been acquired before, subject to the prior approval of the TSX-V (if required).
- No adjustment shall be made to any Option pursuant to this Part in respect of the payment of any cash dividend or the distribution to the shareholders of the Company of any rights to acquire Common Shares or other securities of the Company.

At the Meeting, Shareholders will be asked to consider and, if deemed appropriate, to approve, with or without variation, an ordinary resolution ratifying, confirming and approving the Stock Option Plan. The full text of the resolutions to be considered at the Meeting is set forth below:

2. All unallocated options to acquire common shares of the Company, right or other entitlement available under the Stock Option Plan are hereby approved and authorized;
3. The board of directors of the Company is authorized and directed to make any amendments to the Stock Option Plan as may be required by the Exchange or other regulatory authorities in order to ensure the adoption of the Stock Option Plan; and
4. The Board unanimously recommends that Shareholders vote “for” the ratification, confirmation and approval of the Stock Option Plan.
