Dear Sir/Madam

Re: Notice of Change of Auditors of Kadestone Capital Corp.

We have read the Notice of Kadestone Capital Corp. (the "Company") dated November 2, 2022 and are in agreement with the statements contained in such Notice except that we are not in a position to agree or disagree with the Company's statement that there have been no reportable events (as defined in NI 51-102) in connection with the audits for two most recently completed financial years.

Yours very truly,
