GENERAL INFORMATION

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of McCoy Global Inc. (the "Corporation" or "McCoy Global") for use at the Annual General Meeting of the holders of common shares (the "Common Shares") of the Corporation to be held at the Acclaim Hotel Calgary Airport, 123 Freeport Blvd NE, in the City of Calgary, Alberta on Wednesday, the 10th day of May, 2017 at 7:30 a.m. MDT, or at any adjournment thereof (the "Meeting"), for the purposes set forth in the enclosed Notice of Meeting. The information contained herein is given as of the 31st day of March, 2017 (the "Effective Date"), except where otherwise indicated. There is enclosed herewith a form of proxy for use at the Meeting. The Corporation's annual consolidated financial statements to be presented at the Meeting are available on SEDAR at www.sedar.com. Each shareholder who is entitled to attend at meetings of shareholders is encouraged to participate in the Meeting and shareholders are urged to vote in person or by proxy on matters to be considered.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone, facsimile or other proxy solicitation services. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefore. All costs of this solicitation will be borne by the Corporation.

In accordance with National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named (the "Management Designees") in the enclosed instrument of proxy ("Instrument of Proxy") have been selected by the Board of Directors of the Corporation (the "Board") and have indicated their willingness to represent as proxy the shareholder who appoints them. A shareholder has the right to designate a person (whom need not be a shareholder) other than the Management

Designees to represent him or her at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Instrument of Proxy the name of the person to be designated and by deleting therefrom the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Corporation. Such shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and should provide instructions on how the shareholder's shares are to be voted. The nominee should bring personal identification with him or her to the Meeting. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached, where an attorney executed the proxy form or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized. In addition, a proxy may be revoked by a shareholder personally attending the meeting and voting his or her shares.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to the Corporation's transfer agent, Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 at least forty-eight (48) hours, excluding Saturdays, Sundays and holidays, before the Meeting or any adjournment thereof. Late proxies may be accepted or rejected by the Chair of the Meeting in the Chair's discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the shareholder or the shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, with Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chair of such Meeting on the day of the Meeting, or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending the Meeting and voting their shares.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to in this Management Information Circular as “Beneficial Shareholders”) should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, *not* be registered in the shareholder’s name. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depositary for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Instrument of Proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”) in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the

Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of the Beneficial Shareholder’s broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

This Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting may have been sent directly by the Corporation, rather than through an intermediary, to non-objecting beneficial owners under National Instrument 54-101. These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

VOTING OF PROXIES

Each shareholder may instruct the shareholder's proxy how to vote the shareholder's Common Shares by completing the blanks on the Instrument of Proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted for or against or withheld from voting (including the voting on any ballot) in respect of each proposed resolution, as the case may be, and where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the Instrument of Proxy, the Management Designees, if named as proxy, will vote in favour of the matters set out therein. In the absence of any specification as to voting on any other form of proxy, the Common Shares represented by such form of proxy will be voted in favour of the matters set out therein.**

The enclosed Instrument of Proxy confers discretionary authority upon the Management Designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the Effective Date, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of management of the Corporation.

BUSINESS TO BE TRANSACTED

To the knowledge of the Board of Directors of the Corporation, the only matters to be brought before the Meeting are those matters set forth in the accompanying Notice of Meeting.

1. NUMBER OF DIRECTORS

Shareholders of the Corporation will be asked to consider, and if thought appropriate, approve an ordinary resolution fixing the number of directors to be elected at the Meeting at seven (7).

In order to be effective an ordinary resolution requires approval by a majority of the votes cast by shareholders who vote in respect of the resolution. At the Meeting, it will be proposed that seven directors be elected to hold office until the next annual general meeting or until their successors are elected or appointed. **Unless otherwise directed it is the intention of the Management Designees, if named as proxy, to vote the proxies in favour of the resolution fixing the number of directors to be elected at the Meeting at seven (7).**

2. ELECTION OF DIRECTORS

The affairs of the Corporation are managed by its Board of Directors. The directors are elected by the shareholders annually at each annual general meeting of the shareholders and hold office until the next annual general meeting, or until their successors are duly elected or appointed or until a director vacates the director's office or his office is earlier vacated in accordance with the by-laws of the Corporation, or the provisions of the *Business Corporations Act* (Alberta) to which the Corporation is subject.

The Corporate Governance Guidelines includes a majority voting policy ("Policy") relating to the election of directors in non-contested elections. Under the Policy, each proxy for the election of directors will permit the shareholders to vote "For" or "Withhold" each individual director, and any director nominee who receives from the votes cast a greater number of "Withhold" votes than "For" votes shall promptly, following the certification of the shareholder vote, submit his or her resignation from the Board, which shall either accept or reject the resignation in accordance with the Policy.

For the forthcoming year, it is proposed that the Board of Directors shall consist of seven (7) members.

The persons named below have been nominated for election and have consented to such nomination.

Unless otherwise directed, it is the intention of the Management Designees, if named as proxy, to vote for the election of the persons named in the following table to the Board of Directors. Management does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies held by Management Designees will be voted for another nominee in their discretion unless the shareholder has specified in his form of proxy that his Common Shares are to be withheld from voting in the election of directors.**

The following provides the name and background information of each nominee, present principal occupation, principal occupations during the past five years, and positions held with the Corporation, if any.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The shareholders approved the present Option Plan on March 19, 2011. In February 2012, the Board amended the Option Plan to include a broker-assisted cashless exercise option and additional information on withholding tax changes. The amendments did not require shareholder or TSX approval as per Section 3.09 of the Option Plan. On March 11, 2015, the Board further amended the Option Plan to (i) extend the term of options that may be granted under the Option Plan from up to five (5) years from the date of grant to up to ten (10) years from the date of grant for all options granted on or after March 11, 2015; (ii) extend the vesting provisions set out in the Stock Option Agreement attached as Schedule A to the Option Plan from three (3) years to five (5) years such that 20% of the options granted vest in each year; (iii) refine the definition of a change of control event and to provide for automatic accelerated vesting of options in such circumstances; and (iv) implement certain other changes of a housekeeping nature. These amendments did not require shareholder or TSX approval in accordance with Section 3.09 of the Option Plan and Section 613 of the TSX Company Manual.

The following is a description of the material terms and conditions of the Option Plan, as amended. Under the Option Plan, the Board may, from time to time, grant options to purchase Common Shares to certain directors, officers, key employees and service providers of the Corporation and its operating subsidiaries. The maximum number of Common Shares issuable under the Option Plan, together with all other security based compensation arrangements of the Corporation, is 10% of the Common Shares outstanding from time to time on a non-diluted basis, subject to the following limitations:

- (a) the aggregate number of Common Shares reserved for issuance to any one person under the Option Plan, together with all other security based compensation arrangements of the Corporation, must not exceed 5% of the then outstanding Common Shares (on a non-diluted basis);
- (b) in the aggregate, no more than 10% of the outstanding issue of Common Shares (on a non-diluted basis) may be reserved at any time for insiders under all security based compensation arrangements of the Corporation, including the Option Plan; and
- (c) the number of securities of the Corporation issued to insiders, within any one year period, under all security based compensation arrangements, including the Option Plan, cannot exceed 10% of issued and outstanding Common Shares (on a non-diluted basis).

The exercise price per Common Share shall be fixed by the Board but under no circumstances shall any exercise price at the time of the grant be lower than the closing market price of the Common Shares on the TSX on the last trading day preceding the date of grant. The term of options granted may be up to a (i) ten-year period from the date of grant for all options granted on or after March 11, 2015 or (ii) five-year period from the date of grant for all options granted on or before March 10, 2015. Except as otherwise determined by the Board, an optionee's vested options will expire 90 days after an optionee ceases to act for the Corporation, other than by reason of death or termination for cause. Options of an optionee that has been terminated for cause by the Corporation will expire on the date of termination. In the event of death of an optionee, the optionee's estate shall have 6 months in which to exercise the outstanding vested options.

The Option Plan also includes a provision that should an option expiration date fall within a black out period or within nine business days following a black out period, the expiration date will automatically be extended for ten business days following the end of the blackout period. The Option Plan allows the Board to terminate or discontinue the Option Plan at any time without the consent of the option holders provided that such termination or discontinuance shall not alter or impair any option previously granted under the Option Plan. The only amendments to the Option Plan that would be subject to shareholder approval are amendments that would:

- (a) reduce the exercise price of an option held by an insider of the Corporation;
- (b) extend the expiry date of an option held by an insider of the Corporation (subject to such date being extended by virtue of the blackout provision noted above);
- (c) amend the limitations on the maximum number of Common Shares reserved or issued to insiders;

- (d) increase the maximum number of Common Shares issuable pursuant to the Option Plan; or
- (e) amend the amendment provisions of the Option Plan.

The Option Plan does not provide any specific vesting provisions for options granted thereunder. Any vesting provisions for stock options granted under the Option Plan will be set out in the agreements evidencing such stock options. The form of Stock Option Agreement provides that options will vest over a five (5) year period such that 20% of the options granted vest in each year. Options granted under the Option Plan are non-assignable, except in the case of the death of an optionee, and subject to early termination in the event of death or permanent disability of the optionee or the optionee ceasing to be an officer, director, employee or consultant of the Corporation or a subsidiary of the Corporation. At the discretion of the Board, the expiry date may be extended; however, in no event will an option be exercisable at a date in excess of ten (10) years from the date of grant. The Option Plan does not confer upon an optionee any right with respect to continuation of employment with the Corporation nor does it affect in any way the rights of the Corporation or optionee to terminate the relationship between the Corporation and the optionee at any time. The Option Plan contains standard anti-dilution provisions.

Subject to any laws applicable to the Corporation, the Option Plan provides that on terms and conditions to be determined by the Board, the Board may at any time authorize the Corporation to loan money to the optionee to assist such optionee in exercising an option held by him.

The following table sets forth securities of the Corporation that are authorized for issuance under equity compensation plans as at December 31, 2016.

COMPENSATION DISCUSSION & ANALYSIS

HUMAN RESOURCES & COMPENSATION COMMITTEE

The mandate of the Human Resources & Compensation Committee ("the HR & Compensation Committee") is to assist the Board of Directors in fulfilling its oversight responsibilities including the following:

- Executive Compensation for key executive positions
- Ensure the Corporation has a succession plan for the CEO and other key executive positions
- Provide guidance on Human Resources strategy

In addition, the Board of Directors, with oversight by the HR & Compensation Committee, assesses risk associated with executive compensation by actively reviewing compensation design and compensation decision making processes. The Board, through the HR & Compensation Committee's work plan and charter, assess and determine risk and risk level related to compensation programs embedded in the business model as well as any short term compensation gain for executives that may create excessive risk to the Corporation.

The HR & Compensation Committee is satisfied that:

- The Corporation's policy and plans on compensation do not encourage any Named Executive Officer (NEO) or employee who is in a senior management or leadership position to take inappropriate or excessive risks
- There were not any identified risks arising from the Corporation's compensation plans or policies that would have had any negative or material impact on the Corporation

The Corporation's compensation practices and plans are aligned with the overall business strategy and are designed in accordance with progressive human resources practices that are focused on engagement, retention and performance.

Further information on the HR & Compensation Committee and its membership is available under the Statement of Corporate Governance Practices in this Management Information Circular.

COMPENSATION OF DIRECTORS

As at the Effective Date, the Corporation has seven directors, of which six are considered to be independent directors. National Instrument 58-101 provides that a director is independent if he or she would be independent within the meaning of Section 1.4 of National Instrument 52-110.

The Corporation's director compensation program is designed to address the following:

- Complexity The role of the director is changing and more complex
- Competitiveness Attracting and retaining knowledgeable and skilled directors is a challenge in today's economic climate
- Accountability Increasing public and shareholder demands creates more accountability, governance and responsibility
- Contribution The contribution made by the director in time and expertise
- Growth The organization has a strategy emphasizing growth

Executive officers of the Corporation who also act as directors of the Corporation did not receive any compensation for services rendered solely in their capacity as directors, other than as paid to them in their capacity as executive officers.

Total cash remuneration earned by non-management directors of the Corporation in their capacity as directors from January 1, 2016 until December 31, 2016 was \$322,345. The Corporation also reimburses directors for related travel and out-of-pocket expenses incurred in the course of carrying out their duties as directors.

Directors' Deferred Share Unit Plan

The Corporation has adopted a deferred share unit ("DSU") plan for its outside directors. The DSU plan has two components: an "appointment grant" and a "continuous grant". The appointment grant is provided to each newly appointed director. The number of DSUs issued for the appointment grant is equivalent to \$50,000, at the time of the grant. The appointment grant fully vests on the third anniversary of the grant date. The continuous grant provides for an annual issue of DSUs to eligible directors. The number of DSUs issued for the continuous grant is equivalent to \$7,500, at the time of the grant. One-third of the continuous grant vests annually on the anniversary of the grant date. On the date the participant ceases to be a director of the Corporation, the participant is paid a cash amount equal to the product obtained by multiplying the number of vested DSUs by the volume weighted average closing price of the Common Shares on the Toronto Stock Exchange for the 20 trading days prior to such date. The DSU plan is a cash plan.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Philosophy and Objectives

The Board of Directors' philosophy on total rewards is to ensure that the Corporation's executives are rewarded for achievement of the Corporation's strategic plan and financial results. In addition, executive compensation at the Corporation is established based on individual contribution and performance, relevant external labour markets and the following principles:

- Aligning executive goals to the interests of the organization and shareholders;
- Motivating and rewarding executives to exceed business objectives, performance and growth; and
- Providing for the attraction and retention of superior executive talent.

Compensation Elements and Positioning

Executive total compensation is defined as base pay, annual bonus program or short-term incentive plan ("STIP"), and equity incentive or long-term incentive plan ("LTIP"). The combination of these elements, specifically the STIP and LTIP, provide the executive with significant reward for the successful execution of the Corporation's strategic plan.

Benchmarking Practices

The Corporation uses publicly available salary information to form the base comparison and review of executive compensation.

Base Salary

Base salaries for identified executive positions are targeted at the median or average base of the established comparator group. The Corporation conducts periodic surveys and reviews of organizations, of the target market, to identify the appropriate base salary for identified positions. Actual base salary for the executives is tied to the position's scope in the organization, overall competency and performance and retention risk and is reviewed annually.

While the Board wants to ensure the Corporation's executives receive fair base pay compensation, greater emphasis is placed on variable rewards, both STIP and LTIP, to motivate short and long-term results.

Non-Equity Incentives

Annual bonus payouts have assigned maximums based on a percentage of salary specific to the executive's position with the Corporation. The Committee adopted the following STIP for 2016:

POSITION	MAXIMUM BONUS AS A PERCENTAGE OF SALARY
President & Chief Executive Officer	125%
Senior Vice President, McCoy Global	125%
Chief Financial Officer	100%
Vice President, Human Resources	75%

The annual bonus will be measured by a combination of financial measures and individual objectives.

The financial measure component of STIP includes:

- Net earnings as a percentage of revenue;
- Adjusted EBITDA (net (loss) earnings, before finance charges, net; income tax expense (recovery); depreciation; amortization; impairment losses; restructuring charges; other (gains) losses, net; inventory excess and obsolete charges; and share-based compensation) as a percentage of revenue; and
- Return on invested capital.

The amount of the STIP award for each financial measure is then determined based on actual financial performance by the Corporation, up to a maximum award for any individual financial measure.

Notwithstanding the above, in response to the prolonged down-cycle and continued suppression of oil and natural gas prices and drilling activity, the Corporation's Board of Directors and executives suspended any STIP payments for the year ended December 31, 2016.

Equity Incentives

Equity incentives, namely the LTIP, are established as a component of total compensation and are designed to align the executives with the longer term interests of the Corporation and the shareholders. The LTIP provides the executive with the opportunity for additional compensation based on achieving the long-term strategy and growth of the Corporation. Stock options are currently the only element of the LTIP of the executive compensation program.

The Corporation emphasizes stock options in executive compensation as they allow executive officers to share in positive corporate results in a manner which is relatively cost-effective despite the financial impact on the Corporation of treating stock options as a compensation expense. The President & Chief Executive Officer recommends to the Board stock options proposed to be granted to other employees and consultants. As part of its review of executive compensation the HR & Compensation Committee recommends to the Board stock options proposed to be granted to executives. In this review, previous grants of stock options are considered when recommending new grants.

The HR & Compensation Committee, with approval of the Board, established a LTIP in 2011. The Board has the authority to amend or discontinue the LTIP. On March 11, 2015, the Board adopted a policy such that, beginning in fiscal 2015, there will no longer be automatic annual grants of stock options to executives. Rather, stock options will be granted to the executives of the Corporation at the discretion of the Board.

On March 18, 2016, the following stock options were granted under the LTIP pursuant to the terms of the Option Plan, as amended:

EXECUTIVE	GRANT
Jim Rakievich	150,000
Jacob Coonan	100,000
Kenneth Watt	100,000
Suzanne Langier	100,000
Peter Watson	100,000

On January 6, 2017, the following stock options were granted under the LTIP pursuant to the terms of the Option Plan, as amended:

EXECUTIVE	GRANT
Jim Rakievich	75,000
Jacob Coonan	75,000
Kenneth Watt	75,000
Suzanne Langier	75,000

- (1) “Option-Based Award” means an award under an equity incentive plan of options, including, for greater certainty, stock options, share appreciation rights and similar instruments that have option-like features. The “grant date fair value” has been determined by using the Black-Scholes option pricing model. Calculating the value of stock options using the Black-Scholes option pricing model is very different from a simple “in-the-money” value calculation. In fact, stock options that are well out-of-the-money can still have a significant “grant date fair value” based on a Black-Scholes option pricing model, especially where, as in the case of the Corporation, the price of the Common Share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.
- (2) “All Other Compensation” is defined as allowances and the employer contributions of the Corporation’s RSP, 401K, ESPP and benefits. For more details please see “Other Forms of Compensation” in this Management Information Circular.
- (3) Mr. Coonan was appointed as Senior Vice President & Chief Financial Officer on January 1, 2017.
- (4) Mr. Watt was appointed as Senior Vice President, Sales & Technology on January 1, 2017. For the period of January 1, 2014 to October 31, 2014, Kenneth Watt’s salary was converted from GBP to CAD using the average exchange rate for the applicable year. For the period of November 1, 2014 to December 31, 2016, Kenneth Watt’s salary was converted from USD to CAD using the average exchange rate for the applicable year. Annual incentive plan calculations for Kenneth Watt were converted from USD to CAD using the exchange rate as at December 31 for the applicable year.
- (5) Mrs. Langier was appointed Senior Vice President, Corporate Services, People & Culture on January 1, 2017.
- (6) Mr. Watson departed the Corporation effective June 30, 2016. Severance benefits paid to Mr. Watson are included in all other compensation. Mr. Watson’s salary and other benefits were converted from USD to CAD using the average exchange rate for the applicable year. Annual incentive plan calculations for Mr. Watson were converted from USD to CAD using the exchange rate as at December 31 for the applicable year.

Other Forms of Compensation

Benefits and Allowances

The Corporation's executive officers may choose to participate in the Corporation's employee benefit program which includes extended health care, dental, life and disability insurance. A portion of the costs of the premiums are paid by the employee and a portion of the premium costs are paid by the Corporation. In addition, the executive officers receive a spending account, to a maximum of \$5,000 in accordance with applicable laws and regulations.

The Corporation provides the executive officers a vehicle allowance to assist with travel expenses incurred during the normal course of business operations. These benefits and allowances are designed to be competitive with equivalent positions comparable in the targeted industry.

Retirement Benefits

The Corporation's executive officers are eligible to participate in the Corporation's retirement savings plan. Under the plan the Corporation matches 100% of the participant's contributions to a maximum of 3.0% of base salary for Canadian participants and 4% of base salary for US participants. These programs are available to all regular full-time employees at the same contribution levels.

A retirement savings program has been designed for Jim Rakievich providing for a company contribution of 12.5% of base salary with Mr. Rakievich contributing 2.5%. For contributions in excess of the maximum retirement savings plan amounts, as defined by the applicable laws and regulations, the Corporation funds a retirement compensation arrangement (RCA).

The other executive officers' may contribute up to an additional 2% of base salary, above the Corporation's employee plans, to a maximum of 5.0% of base salary and the Corporation matches this amount to a company maximum of 5.0%, or the annual maximum in accordance with applicable laws and regulations. For 2016, the Corporation suspended its matching contribution.

The Corporation does not have a registered pension plan, or a deferred compensation plan for its executive officers.

Employee Share Purchase Plan

Under the Corporation's Employee Share Purchase Plan ("ESPP"), the Corporation matches a portion of the participant's contributions to a maximum of 2.0% of base salary. The Corporation's matching obligation is dependent on the employee's contribution years in the plan: less than one year a 33% match; between one and three years a 67% match; between four and seven years a 100% match; and greater than eight years a 133% match. This program is available to all regular full-time employees and may, if available, be directed to: a non-registered account; a registered retirement savings plan account; or a registered tax free savings account. The amounts are considered vested immediately, however the employee is restricted from accessing the Corporation's matching amount for 12 months following the purchase. In addition, the plan 'penalizes' transfers or withdrawals prior to 5 years' service in the plan and every five years thereafter. Any transfer or withdraw of Common Shares from the plan will result in the matching level being reset to the 33%.

Notwithstanding the above, the Board requires the Corporation's executive officers to contribute 5.0% to the ESPP. The Corporation matches this amount according to the contribution years in the plan. For 2016, the Corporation suspended its matching contribution.

Termination and Change of Control Agreements

The employment agreement for all NEOs provides for severance in the event of termination without cause or permanent disability. The severance amount is the greater of a one-time lump sum amount equal to twelve (12) months' notice plus one additional month of notice for each complete year of service after 12 complete years of service, to a maximum of eighteen (18) months' notice, or pay in lieu of that notice, calculated as follows: (i) the applicable number of month's annual base salary; (ii) an amount equal to twenty (20%) percent of the base salary to compensate for loss of benefits and perquisites; (iii) an amount equal to the average of the three (3) years' STIP payments or an amount equal to 50% of the annual base salary, whichever is greater; and (iv) an amount equal to the STIP payment earned (if any) for the fiscal year in which the termination date occurs, pro-rated as of the termination date and paid after the end of the relevant fiscal year per policy. The employment agreement also contains a change in control clause, defined as one of the following events occurring: (i) a transaction or series of transactions resulting in the sale, transfer, conveyance, lease or exchange by the Corporation of all or substantially of its assets; (ii) the acceptance by the Corporation's shareholders of any offer, whether by way of a takeover bid or otherwise, representing in the aggregate fifty percent (50%) or more of all of the issued and outstanding Shares; (iii) a transaction or series of transactions resulting in the acquisition, by whatever means, by a person (or two or more persons who, in such acquisition, have acted jointly or in concert or intend to exercise jointly or in concert any voting rights attaching to the Shares acquired), directly or indirectly, of beneficial ownership of such number of Shares or rights to Shares, which together with such person's then-owned Shares and rights to Shares, if any, represent (assuming the full exercise of such rights) fifty percent (50%) or more of the combined voting rights attached to the then-outstanding Shares; (iv) the entering into of any agreement by the Corporation to merge, consolidate, restructure, amalgamate, initiate an arrangement or be absorbed by, into or with another corporation which is not an affiliate (as defined under applicable securities laws) of the Corporation; (v) the circumstances in which individuals who were members of the Board of Directors immediately prior to a meeting of the shareholders involving a contest for the election of directors no longer constitute a majority of the Board of Directors following such election; or (vi) such other transaction or series of transactions which the Board of Directors, acting reasonably, by resolution deems to be a Change of Control Event. For a period of twelve months following a change of control event, if the Corporation terminates any NEO employment without cause or a NEO terminates their employment for good reason, the NEO is entitled to the severance pay as above. The employment agreement for Mr. Kenneth Watt also provides for severance as above in the event of his resignation for good reason without change in control.

MANAGEMENT CONTRACT

The Corporation has no management contracts or other arrangements in place where management functions are performed by a person other than the directors or officers of McCoy Global.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as otherwise set out herein, no director or executive officer of the Corporation or any proposed nominee of management of the Corporation for election as a director of the Corporation, nor any associate or affiliate of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting.

INTERESTS OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Management of the Corporation is not aware of any material interest, direct or indirect, of any informed person or persons of the Corporation, or any associate or affiliate of any informed person of the Corporation, in any past or proposed transaction which in either case has materially affected or will materially affect the Corporation since January 1, 2014.

On September 16, 2014, McCoy Global sold 100 percent of the issued and outstanding shares of its wholly-owned subsidiary, Inotec Coating and Hydraulics Inc., for proceeds of \$9.3 million, subject to a net working capital adjustment as defined by the share purchase agreement. There was the potential for material conflicts of interest with Mr. Terry D. Freeman, who is a director of the Corporation, and was the Chairman and Chief Executive Officer of (currently Chair), and holds an equity interest in, the purchaser of Inotec Coating and Hydraulics Inc.. In addition, the Corporation entered into agreements indemnifying the purchaser for remediation of certain environmental and dilapidation costs incurred as a result of carrying out business activities prior to September 16, 2014 with respect to certain leased premises. The dilapidation indemnification was satisfied in 2016 and as at December 31, 2016 only the environmental indemnification remains.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate Governance Practices relates to the activities of the Board, the members of which are elected and are accountable to the Corporation's shareholders, and take into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Corporation. The Board and senior management considers good corporate governance to be central in the effective and efficient operation of the Corporation.

Pursuant to the provisions of National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") issuers are required to disclose their corporate governance practices annually and provide guidance on corporate governance practices respectively. The Board has reviewed its practices relative to the new guidelines and offers the following summary.

1. BOARD OF DIRECTORS

Pursuant to NI 58-101, a director is independent if the director would be considered independent within the meaning contained in section 1.4 of National Instrument 52-110 ("NI 52-110") which states that a director is independent if he or she has no direct or indirect relationship with the Corporation which could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Board is currently comprised of seven (7) directors, six (6) of whom the Board has determined are independent. In assessing whether a director is independent for these purposes, the circumstances of each director have been examined in relation to the factors described in NI 52-110. Eighty six percent (86%) of the directors are independent.

DIRECTOR	INDEPENDENCE STATUS	BASIS FOR DETERMINATION OF NON-INDEPENDENCE
Frank Burdzy	Independent	Not applicable – no material relationship
Terry D. Freeman	Independent	Not applicable – no material relationship
John Irwin	Independent	Not applicable – no material relationship
Carmen Loberg	Independent	Not applicable – no material relationship
Jim Rakievich, President & CEO	Not independent	Is considered to have a material relationship with the Corporation by virtue of his current executive officer position with the Corporation
Chris Seaver, Chair	Independent	Not applicable – no material relationship
Dale E. Tremblay	Independent	Not applicable – no material relationship

The Corporation has taken steps to ensure that adequate structures and processes are in place to permit the Board to function independently of management. Each Board meeting concludes with an *in camera* session which excludes management and management directors. These sessions are of no fixed duration and participating directors are encouraged to raise and discuss any issues of concern. The independent directors may choose to meet privately at any time, either following an in camera session or at another time of their choosing.

Currently, the Board is satisfied that it exercises its responsibilities for independent oversight of management. The ability to establish ad hoc committees comprised solely of independent directors provides the Board with the ability to meet independently of management whenever deemed necessary or appropriate and the chair of each such ad hoc committee provides leadership for such committee.

Directors and officers of the Corporation are required to declare any material conflict or potential conflict of interest, either in writing to the Corporation or to the Board or by request to have the nature and extent of his or her interest entered in the minutes of the Board meeting. A director having declared such an interest shall abstain from voting on any resolution approving the arrangement. The disclosure requirements for directors and officers are in accordance with the *Business Corporations Act* (Alberta). Similarly, any related-party transactions must be approved by the non-related directors and appropriately disclosed to the public.

The following table sets out details of directorships currently held by each director of the Corporation in reporting issuers other than the Corporation:

2. BOARD MANDATE

The primary responsibility of the Board is to foster the long term success of the Corporation.

While the Board is responsible for the “management of the business and affairs of the Corporation”, this is done by proxy through the President and Chief Executive Officer, who is charged with the day to day management of the Corporation.

In performing its function, the Board also considers the legitimate interest which shareholders and other stakeholders have in the Corporation by supervising the conduct of its business. The Board, through the President and Chief Executive Officer, will set standards of conduct for the Corporation and ensure the safety of its operations.

The Board has delineated the roles and responsibilities of the Board and the President and Chief Executive Officer. The President and Chief Executive Officer’s employment agreement further defines his specific role and responsibilities. While the Board is responsible for the management of the business and affairs of the Corporation, this is accomplished in part by delegation to the President and Chief Executive Officer who is charged with the day-to-day management of the Corporation. The President and Chief Executive Officer reports directly to the Board and has responsibility for the leadership and management of the Corporation within the parameters adopted by the Board.

The following table provides a description of how the Board has delineated various roles and responsibilities between it and the Corporation’s President and Chief Executive Officer. The Board Mandate was reviewed by the Governance Committee in 2011 and revisions were recommended by the Governance Committee to the Board and approved.

The Governance and HR & Compensation Committees are charged with committee oversight of the succession plan for the President and Chief Executive Officer and other executive officers and periodically report to the Board on such succession plan.

Expectations and Responsibilities of Board Members

The Committee is also responsible for assessing the effectiveness of the Board as a whole, the committees of the Board, and the contribution of each individual director. The Committee has the responsibility to address governance issues; and also holds the responsibility of identifying, recruiting, nominating, endorsing, recommending appointment of, and orienting new directors. The Committee shall consist of at least three unrelated directors, one of whom shall be the Chair of the Board.

Responsibilities

The Governance Committee Chair is appointed annually or more frequently if required, by the Board. The Chair is charged with oversight of the Committee. Oversight responsibilities include convening and presiding over Committee meetings.

Specific Undertakings

The Chair is specifically responsible to ensure the following actions occur:

- (viii) if any member of management is invited to attend any Committee meeting, that member is identified and notified in advance of the meeting; and
- (ix) potential director candidates are identified to the Board and the President and Chief Executive Officer.

4. ORIENTATION AND CONTINUING EDUCATION

The Governance Committee provides significant written orientation and educational material for new directors. The Corporation has prepared a "Directors' Manual" for new directors that includes comprehensive background information on the Corporation and its various divisions and subsidiaries and contains key corporate policies. In addition, an existing Board member is assigned to conduct facility tours and to further orient and inform any new Board member on an ad hoc basis.

Each director is responsible for attaining and maintaining the skill and knowledge necessary to ensure his substantial participation and contribution to the Board and its committees. The Corporation encourages directors to participate in courses and seminars dealing with financial literacy, corporate governance and related matters.

In 2010, the Board approved a directors' education program as recommended by the Governance Committee. The directors' education program includes governance and industry education sessions.

The Corporation has had a high degree of continuity in its directors which has enabled them to develop a considerable understanding of the Corporation's business.

5. ETHICAL BUSINESS CONDUCT

The Corporation is committed to performing its business activities and operations with integrity and due regard to the public interest and the interest of its shareholders. For the Corporation to meet those standards, the Corporation expects all employees, contractors, directors and officers to make a conscientious effort to maintain a high standard of business ethics and social awareness while conducting their corporate and operating activities.

The Board has adopted a Business Code of Conduct (the "Code") for the directors, officers, and employees of the Corporation, its divisions and wholly owned subsidiaries. The Code formally sets out standards for behavior and practice and requires all directors, officers, and employees to indicate in writing their familiarity with the Code and their agreement to comply with it. The Code is reviewed and revised periodically to ensure currency and inclusiveness. A hard copy is provided to each new employee who must agree to comply with it as a condition of employment and each employee must certify annually that they have received, read, understood and complied with the Code. In addition, each manager responsible for a business unit certifies annually that the manager's employees have received, read and understood the Code. Each member of the Board certifies their compliance with the Code annually. The responses are reported to the President and Chief Executive Officer and the Governance Committee as well as the full Board. A copy of the Code is posted on the Corporation's web site and available to any party who requests a hard copy.

If any director or officer has a material interest in any potential or existing transaction or agreement involving the Corporation, the director or officer must disclose that interest in writing in accordance with the provisions of the *Business Corporations Act* (Alberta). The disclosing director may be excused from any discussions pertaining to the topic and must abstain from voting on any motion regarding the matter.

The Board supports a culture of ethical business conduct and leads by example. The Board has also adopted a whistleblower policy and engaged a third party service provider to ensure that employees can report inappropriate conduct anonymously and without fear of reprisal.

6. NOMINATION OF DIRECTORS

The Governance Committee shall carry out the nomination process on an annual basis, and specifically shall:

- i) Develop criteria which reflect the needs of the Board in recruiting new directors;
- ii) Meet with, interview and evaluate potential candidates for the position of Director to ensure that:
 - A. the Board is constituted with individuals of diverse background talents and experience;
 - B. when a vacancy occurs, qualified candidates are available;
- iii) Request nominations from the membership and place into nomination the names of candidates who are nominated by the members of the Corporation, in accordance with the Corporation's by-laws;
- iv) Provide Committee endorsement of one or more of the nominees for each of the open positions, and communicate its recommendation to the membership in the election process; and

- v) Review and recommend changes in policy and procedures related to the nomination and election of Directors, subject to the Corporation's by-laws.

7. HR & COMPENSATION COMMITTEE

The Board has a HR & Compensation Committee composed of a minimum of three directors, a majority of whom are not officers or employees of the Corporation and are unrelated, independent directors of the Corporation. The Board's policy regarding director independence is to adopt the practice which best serves the Corporation's needs at any particular time. In the Board's view, the current HR & Compensation Committee structure is appropriate considering the size of the Corporation and the Board and that the Corporation has a controlling shareholder. Three of the four current Committee members reside in Alberta, and one resides in Texas. All are well-versed in compensation practices for the regions and industry in which the Corporation operates. The HR & Compensation Committee also encourages every member of the Board to actively participate in discussions relating to executive compensation, and full Board approval is required for the President and Chief Executive Officer's compensation. The HR & Compensation Committee makes recommendations to the full Board for review and approval. As of the Effective Date, the HR & Compensation Committee members are Terry D. Freeman, John Irwin, Carmen Loberg and Dale E. Tremblay. All members are considered to be independent as at December 31, 2016.

The HR & Compensation Committee charter was approved in 2011. In respect of compensation matters, the Committee reviews and provides recommendations to the Board on the following matters:

- (a) Compensation policies and guidelines for supervisory and management personnel of the Corporation and its related entities;
- (b) Corporate benefits, bonuses and other incentives, including stock options;
- (c) Reviewing and approving corporate goals and objectives relevant to CEO compensation, evaluating the CEO's performance in light of those corporate goals and objectives and determining the CEO's compensation level based on this evaluation;
- (d) Non-CEO officer and director compensation, incentive compensation plans and equity based plans;
- (e) The review of executive compensation disclosure before the Corporation publicly discloses such information;
- (f) Succession plans for the officers and for key employees of the Corporation; and
- (g) Any material changes or trends in human resources policy, procedure, compensation and benefits.

If, in order to properly discharge its functions, duties and responsibilities, it is necessary, in the opinion of the Committee, that the Committee obtain the advice and counsel of external advisors, the Chair of the Committee shall, at the request of the Committee, engage the necessary advisors.

8. OTHER BOARD COMMITTEES

The Board has no standing committees other than – the Audit Committee (as described in the Corporation's Annual Information Form dated March 9, 2017 for the year ended December 31, 2016 filed on SEDAR at www.sedar.com), the HR & Compensation Committee (as described above) and the Governance Committee (as described below).

Governance Committee

The Governance Committee is responsible for making recommendations to the Board on matters of corporate governance and for the disclosure of the Corporation's corporate governance practices in response to legal and regulatory requirements. The Governance Committee is responsible for ensuring that the mission and strategic direction of the Corporation is reviewed annually and that the Board and its Committees carry out their functions in accordance with due process. The Governance Committee is also responsible for assessing the effectiveness of the Board as a whole, the Committees of the Board, and the contribution of each individual director. The Committee has the responsibility to address governance issues and also holds the responsibility for identifying, recruiting, nominating, endorsing, recommending appointment of, and orienting new directors. As of the Effective Date, there were three (3) members of the Governance Committee: John Irwin, Carmen Loberg and Dale E. Tremblay.

The Governance Committee reviewed and revised its charter in 2012, which was approved by the Board. In respect of corporate governance matters, the Committee reviews and provides recommendations to the Board on the following matters:

Board Performance & Effectiveness

Develop written corporate governance guidelines and mandate for the Board in which it explicitly acknowledges responsibility for the stewardship of the Corporation and considers (i) measures for receiving feedback from stakeholders and (ii) expectations and responsibilities of directors, including basic duties and responsibilities with respect to attendance at Board meetings and advance review of meeting materials;

9. ASSESSMENTS

The Governance Committee is responsible for, and has established processes for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of each individual director. A Board Self-Evaluation Survey has been developed for periodic use at the discretion of the Governance Committee. The Governance Committee periodically considers the effectiveness of the full board and contributions of individual directors as well as reviews the structure and terms of reference for each of the Board committees. Additionally, the contributions of individual directors may be discussed in camera at any Governance Committee or Board meeting. The Governance Committee conducts, on behalf of the board, a board evaluation and an individual board member evaluation annually. Results were summarized by the Committee and discussed with the board.

10. DIVERSITY

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted director term limits or other mechanisms of board renewal for the following reasons:

- the implementation of director term limits is problematic, as it is an inappropriate and unproven method of encouraging board effectiveness;
- the imposition of director term limits on a board implicitly discounts the value of experience and continuity amongst board members and runs the risk of excluding experienced and potentially valuable board members as a result of an arbitrary determination;
- the impositions of rigid, prescribed term limits on the tenure of directors implies that boards cannot properly govern themselves, by usurping core functions of the board and replacing them with fixed criteria that may not adequately represent the interests of shareholders;
- directors with the level of understanding of a company's business, history and culture acquired through long service on the board provide additional value;
- term limits run the risk of acting as a substitute for proper board self-assessment and renewal; and

- there is little empirical evidence that a director's ability to act independently of management declines after any specific period of service.

Policies Regarding the Representation of Women on the Board

The Corporation has not adopted a policy, written or otherwise, relating to the identification and nomination of women directors to the Board because the Board generally considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership.

Consideration of the Representation of Women in the Director Identification and Selection Process and in Executive Officer Appointments

In identifying and nominating candidates for election or re-election to the Board, the Governance Committee and the Board considers the level of representation of women on the Board. Moreover, in appointing executive officers to the management team, the Corporation also considers the level of representation of women in executive officer positions. In considering individuals as potential directors or members of senior management, the Corporation at all times seeks the most qualified persons. The Corporation believes that this approach enables it to make decisions regarding the composition of the Board and senior management team based on what is in the best interests of the Corporation and its shareholders.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted targets regarding the representation of women on the Board or in executive officer positions. The Corporation does not believe that any director nominee or candidate for an executive officer position should be chosen nor excluded solely or largely because of gender. Rather, directors and executive officers are recruited based on their ability and contributions. Moreover, in selecting a director nominee or a candidate for an executive officer position, the Corporation considers the skills, expertise and background that would complement the existing Board or management team, as applicable.

Number of Women on the Board and in Executive Officer Positions

As of the Effective Date, there are no women on the Board and one of the Corporation's four executive officers is a woman.
