MANAGEMENT INFORMATION CIRCULAR

SHAREHOLDER AND VOTING INFORMATION

This Management Information Circular is furnished in connection with the solicitation of proxies by the management of McCoy Global Inc. (the "Corporation" or "McCoy Global") for use at the Annual General Meeting of the holders of common shares (the "Common Shares") of the Corporation to be held at the Metterra Hotel, 10454 82 Avenue, in the City of Edmonton, Alberta on Thursday, the 10th day of May 9, 2019 at 8:00 a.m. MDT, or at any adjournment thereof (the "Meeting"), for the purposes set forth in the enclosed Notice of Meeting. The information contained herein is given as of the 29th day of March 2019 (the "Effective Date"), except where otherwise indicated. There is enclosed herewith a form of proxy for use at the Meeting. The Corporation's annual consolidated financial statements to be presented at the Meeting are available on SEDAR at www.sedar.com. Each shareholder who is entitled to attend at meetings of shareholders is encouraged to participate in the Meeting and shareholders are urged to vote in person or by proxy on matters to be considered.

Although it is expected that the solicitation of proxies will be primarily by mail, proxies may also be solicited personally or by telephone, facsimile or other proxy solicitation services. In addition to the use of mail, proxies may be solicited by personal interviews, personal delivery, telephone or any form of electronic communication or by directors, officers and employees of the Corporation who will not be directly compensated therefore. All costs of this solicitation will be borne by the Corporation.

In accordance with National Instrument 54-101 - *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101"), arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the Common Shares held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Corporation.

1. APPOINTMENT AND REVOCATION OF PROXIES

The persons named (the "Management Designees") in the enclosed instrument of proxy ("Instrument of Proxy") have been selected by the Board of Directors of the Corporation (the "Board") and have indicated their willingness to represent as proxy the shareholder who appoints them. A shareholder has the right to designate a person (whom need not be a shareholder) other than the Management Designees to represent him or her at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Instrument of Proxy the name of the person to be designated and by deleting therefrom the names of the Management Designees, or by completing another proper form of proxy and delivering the same to the transfer agent of the Corporation. Such shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and should provide instructions on how the shareholder's shares are to be voted. The nominee should bring personal identification with him or her to the Meeting. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached, where an attorney executed the proxy form or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized. In addition, a proxy may be revoked by a shareholder personally attending the meeting and voting his or her shares.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to the Corporation's transfer agent, Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 at least forty-eight (48) hours, excluding Saturdays, Sundays and holidays, before the Meeting or any adjournment thereof. Late proxies may be accepted or rejected by the Chair of the Meeting in the Chair's discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A shareholder who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. In addition to revocation in any other manner permitted by law, a proxy may be revoked by depositing an instrument in writing executed by the shareholder or the shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof duly authorized, with Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof at which the proxy is to be used, or by depositing the instrument in writing with the Chair of such Meeting on the day of the Meeting, or any adjournment thereof. In addition, a proxy may be revoked by the shareholder personally attending the Meeting and voting their shares.

2. ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders do not hold Common Shares in their own name. Shareholders who hold their Common Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold their Common Shares in their own name (referred to in this Management Information Circular as "Beneficial Shareholders") should note that only proxies deposited by shareholders who appear on the records maintained by the Corporation's registrar and transfer agent as registered holders of Common Shares will be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Beneficial Shareholder by a broker, those Common Shares will, in all likelihood, *not* be registered in the shareholder's name. Such Common Shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the Instrument of Proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (i.e., the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The vast majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge") in Canada. Broadridge typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction forms must be returned to Broadridge (or instructions respecting the voting of Common Shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted. If you have any questions respecting the voting of Common Shares held through a broker or other intermediary, please contact that broker or other intermediary for assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of the Beneficial Shareholder's broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder, should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.

All references to shareholders in this Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to registered shareholders unless specifically stated otherwise.

This Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting may have been sent directly by the Corporation, rather than through an intermediary, to non-objecting beneficial owners under National Instrument 54-101. These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

3. VOTING OF PROXIES

Each shareholder may instruct the shareholder's proxy how to vote the shareholder's Common Shares by completing the blanks on the Instrument of Proxy. All Common Shares represented at the Meeting by properly executed proxies will be voted for or against or withheld from voting (including the voting on any ballot) in respect of each proposed resolution, as the case may be, and where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification as to voting on the Instrument of Proxy, the Management Designees, if named as proxy, will vote in favour of the matters set out therein. In the absence of any specification as to voting on any other form of proxy, the Common Shares represented by such form of proxy will be voted in favour of the matters set out therein.**

The enclosed Instrument of Proxy confers discretionary authority upon the Management Designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the Notice of Meeting and any other matters which may properly come before the Meeting. As of the Effective Date, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the Management Designees intend to vote in accordance with the judgment of management of the Corporation.

4. QUORUM

A quorum of shareholders is present at a meeting of shareholders if a holder or holders of not less than 10% of the Common Shares entitled to vote at a meeting of shareholders are present in person or by proxy.

5. VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

As at the Effective Date, the Corporation is authorized to issue an unlimited number of Common Shares, of which 27,485,939 Common Shares are issued and outstanding. The Corporation is also authorized to issue an unlimited number of preferred shares, none of which are issued or outstanding as at the Effective Date. The Common Shares are the only shares entitled to be voted at the meeting and holders of common shares are entitled to one vote for each Common Share held.

Holders of Common Shares of record at the close of business on March 29, 2019 (the "Record Date") are entitled to vote such Common Shares at the Meeting on the basis of one vote for each Common Share held except to the extent that, (i) the holder transfers the holder's shares after the close of business on the Record Date, and (ii) such transferee produces properly endorsed share certificates to the Secretary or Transfer Agent of the Corporation, or otherwise establishes the holder's ownership of the shares, at least ten (10) days prior to the Meeting, in which case the transferee may vote those shares.

Set out below are the names of all persons or companies who, to the knowledge of the directors and executive officers of the Corporation, beneficially own, directly or indirectly, or exercise control or direction over, voting securities carrying more than 10% of the voting rights attached to all issued and outstanding Common Shares.

Q How can I vote my Common Shares?

A You can vote either by attending and voting your Common Shares at the Meeting or, if you cannot attend the Meeting, by having your Common Shares voted by proxy. How you exercise your vote depends on whether you are a registered or beneficial shareholder.

Voting by attending the Meeting – registered and beneficial shareholders

If you are a registered shareholder, you are entitled to attend the Meeting and cast your vote in person.

If you are a beneficial shareholder, you are entitled to attend the Meeting and cast your vote in person, provided you have submitted a properly executed proxy (signed by the registered holder), inserting your name in the blank space provided and returning it in the envelope provided. Voting by proxy

How you vote depends on whether you are a registered shareholder, a beneficial shareholder or a holder of employee shares.

Voting by proxy – registered shareholders

If you are a registered shareholder, you may vote your proxy by depositing same with the Corporation in care of Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 at least forty-eight (48) hours prior to the Meeting, excluding Saturday, Sunday and holidays, or any adjournment(s) thereof. Shareholders are cautioned that the use of the mail to transmit proxies is at each shareholder's risk. Late proxies may be accepted or rejected by the Chair of the Meeting at the Chair's discretion and the Chair is under no obligation to accept or reject any particular late proxy.

Voting by proxy – beneficial shareholders

If you are a beneficial shareholder and you receive materials entitling you to vote through an investment dealer or other intermediary, complete and return such materials, by following the instructions provided to you by the investment dealer or other intermediary.

Q What if I am an employee of the Corporation and hold shares which were purchased through the Employee Share Purchase Plan?

A If you are an employee of the Corporation and have purchased shares through the Employee Share Purchase Plan you are treated in the same manner as beneficial shareholders. When you arrive at the meeting, advise the registration staff that you are a proxy appointee.

Q Who votes my shares?

A Each of the Management Designees named in the proxy to represent shareholders at the Meeting is a director and/or officer of the Corporation. You can appoint someone else to represent you at the Meeting; however, you must appoint that person by proxy by inserting his or her name in the appropriate space on the proxy form, or completing another acceptable paper proxy. The person you appoint does not need to be a shareholder but must attend the Meeting in person in order for your vote to be cast.

Q How will my shares be voted if I return a proxy?

A By completing and returning a proxy, you are authorizing the person named in the proxy to attend the Meeting and vote your shares on each item of business you are entitled to vote on, according to your instructions. If there are no instructions with respect to your proxy, your Common Shares will be voted in favour of:

- fixing the number of directors to be elected at the Meeting at five (5) members;
- electing as a director each person nominated by the Corporation for the ensuing year;
- appointing PricewaterhouseCoopers LLP as auditors for the ensuing year and authorizing the directors to fix their remuneration;

Q Can I revoke a proxy?

A Yes, if you are a registered shareholder and have voted by proxy, you may revoke it by delivering a duly executed proxy with a later date or a form of revocation of proxy.

Such proxies can be delivered to the Corporation c/o Computershare Trust Company of Canada, Proxy Department, 8th floor, 100 University Avenue, Toronto Ontario, M5J 2Y1 at least forty eight (48) hours prior to the Meeting, excluding Saturday, Sunday and holidays, or any adjournment(s) thereof.

Alternatively, you may revoke your proxy and vote in person, by delivering a form of revocation of proxy to the Chair of the Meeting at the Meeting or any adjournment thereof before the vote in respect of which the proxy is to be used is taken. You may also revoke your proxy in any other manner permitted by law.

If you are a beneficial shareholder, you may revoke your proxy or voting instructions by contacting the individual who serves your account, prior to the proxy cut-off time of at least forty-eight (48) hours prior to the Meeting, excluding Saturday, Sunday and holidays, or any adjournment(s) thereof.

As a holder of employee shares, if you have provided your proxy you may revoke it by delivering another with a later date or a form of revocation of proxy, no later than forty-eight (48) hours prior to the Meeting, excluding Saturday, Sunday and holidays, or any adjournment(s) thereof.

Q Who has discretionary authority to vote on amendments or variations to any of the business items and on any other matter that may properly come before the meeting?

A Your voting instructions provided by proxy give discretionary authority to the person you appoint to vote as he or she sees fit on any amendment or variation to any of the matters identified in the notice of the meeting and any other matters that may properly be brought before the Meeting, to the extent permitted by law. As of the Effective Date, neither the directors nor senior officers of the Corporation are aware of any variation, amendment or other matter to be presented for a vote at the Meeting.

BUSINESS TO BE TRANSACTED

To the knowledge of the Board of Directors of the Corporation, the only matters to be brought before the Meeting are those matters set forth in the accompanying Notice of Meeting.

1. NUMBER OF DIRECTORS

Shareholders of the Corporation will be asked to consider, and if thought appropriate, approve an ordinary resolution fixing the number of directors to be elected at the Meeting at five (5).

In order to be effective an ordinary resolution requires approval by a majority of the votes cast by shareholders who vote in respect of the resolution. At the Meeting, it will be proposed that five directors be elected to hold office until the next annual general meeting or until their successors are elected or appointed. **Unless otherwise directed it is the intention of the Management Designees, if named as proxy, to vote the proxies in favour of the resolution fixing the number of directors to be elected at the Meeting at five (5).**

2. ELECTION OF DIRECTORS

The affairs of the Corporation are managed by its Board of Directors. The directors are elected by the shareholders annually at each annual general meeting of the shareholders and hold office until the next annual general meeting, or until their successors are duly elected or appointed or until a director vacates the director's office or his office is earlier vacated in accordance with the by-laws of the Corporation, or the provisions of the *Business Corporations Act* (Alberta) to which the Corporation is subject.

The Corporate Governance Guidelines includes a majority voting policy ("Policy") relating to the election of directors in non-contested elections. Under the Policy, each proxy for the election of directors will permit the shareholders to vote "For" or "Withhold" each individual director, and any director nominee who receives from the votes cast a greater number of "Withhold" votes than "For" votes shall promptly, following the certification of the shareholder vote, submit his or her resignation from the Board, which shall either accept or reject the resignation in accordance with the Policy.

For the forthcoming year, it is proposed that the Board of Directors shall consist of five (5) members.

The persons named below have been nominated for election and have consented to such nomination.

Unless otherwise directed, it is the intention of the Management Designees, if named as proxy, to vote for the election of the persons named in the following table to the Board of Directors. Management does not contemplate that any of such nominees will be unable to serve as directors; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, **proxies held by Management Designees will be voted for another nominee in their discretion unless the shareholder has specified in his form of proxy that his Common Shares are to be withheld from voting in the election of directors.**

Director Competency Matrix

The Human Resources, Compensation & Governance Committee (HRC&GC) is responsible for determining the needs of the Board of Directors and identifying new candidates to stand as nominees for election or appointment as directors.

In considering its recommendations, the HRC&GC acknowledges that the Board of Directors' membership should represent a diversity of backgrounds, experience, and skills. Directors are selected for their integrity, character, sound and independent judgment, experience, and business acumen. Directors are expected to bring these skills to their role as a director and apply them to help the Board of Directors make wise decisions and provide informed counsel to executive Management.

The HRC&GC Committee has developed a competency matrix, based on knowledge areas and types of expertise to identify any gaps to address in the director nomination process and ensure that the skill set developed by directors, through their business expertise and experience, meets the needs of the Board of Directors. Furthermore, McCoy Global values diversity including gender, age, ethnicity, business experience, professional expertise, personal skills, and stakeholder perspectives and believes that such diversity enriches discussions at the Board and executive levels.

The following table identifies some of the current skills and expertise of each nominee for election to the Board of Directors:

COMPENSATION DISCUSSION & ANALYSIS

1. HUMAN RESOURCES, COMPENSATION & GOVERNANCE COMMITTEE

In 2018, the Corporation's Human Resources and Compensation Committee and Governance Committee were amalgamated as the Human Resources, Compensation & Governance Committee ("the HRC&G Committee").

One of the mandates of the HRC&G Committee is to assist the Board of Directors in fulfilling its oversight responsibilities including the following:

- Appointment, performance and compensation of the CEO;
- Compensation structure and succession planning for key executive positions; and
- Provision guidance on the Corporation's People and Culture strategy and alignment with the overall strategic plan of the Corporation.

In addition, the Board of Directors, with oversight by the HRC&G Committee, assesses risk associated with executive compensation by actively reviewing compensation design and compensation decision making processes. The Board, through the HRC&G Committee's workplan and charter, assess and determine risk and risk level related to compensation programs embedded in the business model as well as any short-term compensation gain for executives that may create excessive risk to the Corporation.

The HRC&G Committee is satisfied that:

- The Corporation's policy and plans on compensation do not encourage any Named Executive Officer (NEO) or employee who is in a senior management or leadership position to take inappropriate or excessive risks; and
- There were not any identified risks arising from the Corporation's compensation plans or policies that would have had any negative or material impact on the Corporation.

The Corporation's compensation practices and plans are aligned with the overall business strategy and are designed in accordance with progressive people and culture practices that are focused on engagement, retention and performance.

Further information on the HRC&G Committee and its membership is available under the Statement of Corporate Governance Practices in this Management Information Circular.

2. COMPENSATION OF DIRECTORS

As at the Effective Date, the Corporation has five directors, of which four are considered to be independent directors. National Instrument 58-101 provides that a director is independent if he or she would be independent within the meaning of Section 1.4 of National Instrument 52-110.

The Corporation's director compensation program is designed to address the following:

- Complexity The complexity of the Corporation
- Competitiveness Attracting and retaining knowledgeable and skilled directors is a challenge in today's economic climate
- Accountability Increasing public and shareholder demands creates more accountability, governance and responsibility
- Contribution The contribution made by the director in time and expertise
- Growth The organization has a strategy emphasizing growth

Director Compensation Highlights

- For the years ended December 31, 2017 and 2018, the Board of Directors reduced their annual retainer by 20% in response to the prolonged down-cycle and continued suppression of oil and natural gas prices and drilling activity.
- On November 8, 2017, the Corporation announced the retirement of two long-standing directors of the corporation. As a result of the prolonged downcycle, the Corporation elected not to replace these positions in 2018.

Annual Retainers and Board Meeting Fees

Annual retainers and Board meeting fees are presently paid to the members of the Board of Directors who are outside directors of the Corporation on the following basis:

- No fees are payable for meetings less than one hour.

Executive officers of the Corporation who also act as directors of the Corporation did not receive any compensation for services rendered solely in their capacity as directors, other than as paid to them in their capacity as executive officers.

(2) Effective January 1, 2019 the chair and the board members will be paid the Stated Annual Retainer amounts.

Total cash remuneration earned by non-management directors of the Corporation in their capacity as directors from January 1, 2018 until December 31, 2018 was \$151,160. The Corporation also reimburses directors for related travel and out-of-pocket expenses incurred in the course of carrying out their duties as directors.

Directors' Deferred Share Unit Plan

The Corporation has adopted a deferred share unit ("DSU") plan for its outside directors. The DSU plan has two components: an "appointment grant" and a "continuous grant". The appointment grant is provided to each newly appointed director. The number of DSUs issued for the appointment grant is equivalent to \$50,000, at the time of the grant. The appointment grant fully vests on the third anniversary of the grant date. The continuous grant provides for an annual issue of DSUs to eligible directors. The number of DSUs issued for the continuous grant is equivalent to \$7,500, at the time of the grant. One-third of the continuous grant vests annually on the anniversary of the grant date. On the date the participant ceases to be a director of the Corporation, the participant is paid a cash amount equal to the product obtained by multiplying the number of vested DSUs by the volume weighted average closing price of the Common Shares on the Toronto Stock Exchange for the 20 trading days prior to such date. The DSU plan is a cash plan.

3. COMPENSATION OF EXECUTIVE OFFICERS

Compensation Philosophy and Objectives

The Board of Directors' philosophy on total rewards is to ensure that the Corporation's executives are rewarded for achievement of the Corporation's strategic plan and financial results. In addition, executive compensation at the Corporation is established based on individual contribution and performance, relevant external labour markets and the following principles:

- Aligning executive goals to the interests of the organization and shareholders;
- Motivating and rewarding executives to exceed business objectives, performance and growth; and
- Providing for the attraction and retention of superior executive talent.
- Supports the health and well-being of the executive team members

Executive Compensation Highlights

- In response to the prolonged down-cycle and continued suppression of oil and natural gas prices and drilling activity, the Executive Officers elected to:
 - Implement a reduction in base their compensation of 4.62% in the second quarter of 2016 and continued in effect until the third quarter of 2017. The reduction was re-implemented on January 1, 2018 and continued until July 1, 2018;
 - Forgo any STIP awards accruing to them for the years ended December 31, 2016 to present; and
 - Suspend the Corporation's retirement savings plan matching contributions effective January 1, 2016 to present.
- The Corporation does not:
 - Provide "single-trigger" change-of control cash payments;
 - Allow repricing of underwater options;
 - Provide excessive perquisites

Compensation Elements and Positioning

Executive total compensation is defined as base pay, annual bonus program or short-term incentive plan ("STIP"), and equity incentive or long-term incentive plan ("LTIP"). The combination of these elements, specifically the STIP and LTIP, provide the executive with reward for the successful execution of the Corporation's strategic plan.

Benchmarking Practices

The Corporation uses publicly available salary information to form the base comparison and review of executive compensation.

Base Salary

Base salaries for identified executive positions are targeted at the median or average base of the established comparator group. The Corporation conducts periodic reviews of organizations, of the target market, to identify the appropriate base salary for identified positions. Actual base salary for the executives is tied to the position's scope in the organization, overall competency, position complexity, performance, and retention risk.

Non-Equity Incentives

While the Board wants to ensure the Corporation's executives receive fair base pay compensation, greater emphasis is placed on variable rewards, both STIP and LTIP, to motivate short and long-term results.

Annual bonus payouts have assigned maximums based on a percentage of salary specific to the executive's position with the Corporation. The Corporation's Board of Directors and executive management elected to suspend any STIP payments for the years ended December 31, 2016, 2017 and 2018 in response to the prolonged down-cycle and continued suppression of oil and natural gas prices and drilling activity.

POSITION	MAXIMUM BONUS AS A PERCENTAGE OF SALARY	VOLUNTARILY ELECTED BONUS AS A PERCENTAGE OF SALARY
President & Chief Executive Officer	125%	0%
Vice President, Sales and Marketing	100%	0%
Vice President & Chief Financial Officer	100%	0%
Senior Vice President, Corporate Services, People & Culture	100%	0%

Historically, annual bonus was measured by a combination of financial measures and individual objectives.

The financial measure component of STIP included:

- Net earnings as a percentage of revenue;
- Adjusted EBITDA (net earnings (loss), before depreciation of property, plant and equipment; amortization of intangible assets; income tax expense (recovery); finance charges, net; provisions for excess and obsolete inventory; other losses (gains), net; restructuring charges; share-based compensation; and impairment losses) as a percentage of revenue; and
- Return on invested capital.

The amount of the STIP award for each financial measure was then determined based on actual financial performance by the Corporation, up to a maximum award for any individual financial measure.

Equity Incentives

Equity incentives, namely the LTIP, are established as a component of total compensation and are designed to align the executives with the longer-term interests of the Corporation and the shareholders. The LTIP provides the executive with the opportunity for additional compensation based on achieving the long-term strategy and growth of the Corporation. The LTIP consists of the corporation stock option and restricted share plan.

The Corporation emphasizes stock options and restricted shares in executive compensation as they allow executive officers to share in positive corporate results. The President & Chief Executive Officer recommends to the Board stock options and restricted shares proposed to be granted to other employees. As part of its review of executive compensation the HRC&G Committee recommends to the Board stock options and restricted shares proposed to be granted to executives. In this review, previous grants of stock options and restricted shares are considered when recommending new grants.

The HRC&G Committee, with approval of the Board, established a stock option plan in 2011. The Board has the authority to amend or discontinue the stock option plan. On March 11, 2015, the Board adopted a policy such that, beginning in fiscal 2015, there will no longer be automatic annual grants of stock options to executives. Rather, stock options will be granted to the executives of the Corporation at the discretion of the Board. On December 11, 2018, the following stock options were granted under the LTIP pursuant to the terms of the Option Plan, as amended:

EXECUTIVE	STOCK OPTION GRANT
Lindsay McGill	75,000
Bing Deng	75,000

The HRC&G Committee, with approval of the Board, established a restricted share plan in 2018. The Board has the authority to amend or discontinue the restricted share plan.

On July 9, 2018, the following restricted share units were granted under the LTIP pursuant to the terms of the Restricted Share Plan:

EXECUTIVE	RESTRICTED SHARE GRANT
Jim Rakievich	120,000
Bing Deng	86,000
Suzanne Langier	86,000

The following table summarizes the total compensation paid to individuals who were acting as, or were acting in a capacity similar to, a Chief Executive Officer or Chief Financial Officer and the three most highly compensated executive officers whose total compensation exceeded \$100,000 per annum (the "Named Executive Officers") during the financial year ended December 31, 2018, including their respective total compensation acting as an executive officer during the financial years ended December 31, 2017 and December 31, 2016.

(1) "Option-Based Award" means an award under an equity incentive plan of options, including, for greater certainty, stock options, share appreciation rights and similar instruments that have option-like features. The "grant date fair value" has been determined by using the Black-Scholes option pricing model. Calculating the value of stock options using the Black-Scholes option pricing model is very different from a simple "in-the-money" value calculation. In fact, stock options that are well out-of-the-money can still have a significant "grant date fair value" based on a Black-Scholes option pricing model, especially where, as in the case of the Corporation, the price of the Common Share underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.

(2) "All Other Compensation" is defined as allowances and the employer contributions of the Corporation's Retirement Savings Plan, ESPP and benefits. For more details please see "Other Forms of Compensation" in this Management Information Circular.

(3) Restricted Share Plan award is calculated using restricted share units granted multiplied by the share price on the issuance date.

- (4) Mrs. Langier was appointed Senior Vice President, Corporate Services, People & Culture effective January 1, 2017.
- (5) Ms. McGill was appointed Vice President & Chief Financial Officer effective September 4, 2018.
- (6) Mr. Deng was appointed Vice President, Sales & Marketing effective March 1, 2018.
- (7) Mr. Coonan was promoted to Senior Vice President & Chief Financial Officer on January 1, 2017. On June 4, 2018, Mr. Coonan tendered his resignation, effective August 10, 2018.

A portion of the costs of the premiums are paid by the employee and a portion of the premium costs are paid by the Corporation. In addition, the executive officers receive a spending account, to a maximum of \$5,000 in accordance with applicable laws and regulations.

The Corporation provides the executive officers a vehicle allowance to assist with travel expenses incurred during the normal course of business operations. These benefits and allowances are designed to be competitive with equivalent positions comparable in the targeted industry.

Retirement Benefits

The Corporation's executive officers are eligible to participate in the Corporation's retirement savings plan. Under the plan the Corporation matches 100% of the participant's contributions to a maximum of 3.0% of base salary. These programs are available to all regular full-time employees at the same contribution levels. The other executive officers' may contribute up to an additional 2% of base salary, above the Corporation's employee plans, to a maximum of 5.0% of base salary and the Corporation matches this amount to a company maximum of 5.0%, or the annual maximum in accordance with applicable laws and regulations.

A retirement savings program has been designed for Jim Rakievich providing for a company contribution of 10% of base salary with Mr. Rakievich contributing 2.5%. For contributions in excess of the maximum retirement savings plan amounts, as defined by the applicable laws and regulations, the Corporation funds a retirement compensation arrangement (RCA).

For 2016 through 2018, the Corporation suspended its matching contribution, with the exception of Mr. Rakievich's RCA.

The Corporation does not have a registered pension plan, or a deferred compensation plan for its executive officers.

Employee Share Purchase Plan

Under the Corporation's Employee Share Purchase Plan ("ESPP"), the Corporation matches a portion of the participant's contributions to a maximum of 2.0% of base salary. The Corporation's matching obligation is dependent on the employee's contribution years in the plan: less than one year a 33% match; between one and three years a 67% match; between four and seven years a 100% match; and greater than eight years a 133% match. This program is available to all regular full-time employees and may, if available, be directed to: a non-registered account; a registered retirement savings plan account; or a registered tax-free savings account. The amounts are considered vested immediately, however the employee is restricted from accessing the Corporation's matching amount for 12 months following the purchase. In addition, the plan 'penalizes' transfers or withdrawals prior to 5 years' service in the plan and every five years thereafter. Any transfer or withdraw of Common Shares from the plan will result in the matching level being reset to the 33%.

Notwithstanding the above, the Board requires the Corporation's executive officers to contribute 5.0% to the ESPP. The Corporation matches this amount according to the contribution years in the plan. Matching contributions are not made by issuing shares from treasury.

Termination and Change of Control Agreements

The employment agreement for all NEOs provides for severance in the event of termination without cause or permanent disability. The severance amount is the greater of a one-time lump sum amount equal to twelve (12) months' notice plus one additional month of notice for each complete year of service after 12 complete years of service, to a maximum of eighteen (18) months' notice, or pay in lieu of that notice, calculated as follows: (i) the applicable number of month's annual base salary; (ii) an amount equal to twenty (20%) percent of the base salary to compensate for loss of benefits and perquisites; (iii) an amount equal to the average of the three (3) years' STIP payments or an amount equal to 50% of the annual base salary, whichever is greater; and (iv) an amount equal to the STIP payment earned (if any) for the fiscal year in which the termination date occurs, pro-rated as of the termination date and paid after the end of the relevant fiscal year per policy. The employment agreement also contains a change in control clause, defined as one of the following events occurring: (i) a transaction or series of transactions resulting in the sale, transfer, conveyance, lease or exchange by the Corporation of all or substantially of its assets; (ii) the acceptance by the Corporation's shareholders of any offer, whether by way of a takeover bid or otherwise, representing in the aggregate fifty percent (50%) or more of all of the issued and outstanding Shares; (iii) a transaction or series of transactions resulting in the acquisition, by whatever means, by a person (or two or more persons who, in such acquisition, have acted jointly or in concert or intend to exercise jointly or in concert any voting rights attaching to the Shares acquired), directly or indirectly, of beneficial ownership of such number of Shares or rights to Shares, which together with such person's then-owned Shares and rights to Shares, if any, represent (assuming the full exercise of such rights) fifty percent (50%) or more of the combined voting rights attached to the then-outstanding Shares; (iv) the entering into of any agreement by the Corporation to merge, consolidate, restructure, amalgamate, initiate an arrangement or be absorbed by, into or with another corporation which is not an affiliate (as defined under applicable securities laws) of the Corporation; (v) the circumstances in which individuals who were members of the Board of Directors immediately prior to a meeting of the shareholders involving a contest for the election of directors no longer constitute a majority of the Board of Directors following such election; or (vi) such other transaction or series of transactions which the Board of Directors, acting reasonably, by resolution deems to be a Change of Control Event. For a period of twelve months following a change of control event, if the Corporation terminates any NEO employment without cause or a NEO terminates their employment for good reason, the NEO is entitled to the severance pay as above.

The following table summarizes the benefits for all NEOs:

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

1. STOCK OPTION PLAN

The shareholders approved the present Option Plan on March 19, 2011. In February 2012, the Board amended the Option Plan to include a broker-assisted cashless exercise option and additional information on withholding tax changes. The amendments did not require shareholder approval as per Section 3.9 of the Option Plan. On March 11, 2015, the Board further amended the Option Plan to (i) extend the term of options that may be granted under the Option Plan from up to five (5) years from the date of grant to up to ten (10) years from the date of grant for all options granted on or after March 11, 2015; (ii) extend the required vesting provisions for option grants from three (3) years to five (5) years such that 20% of the options granted vest in each year; (iii) refine the definition of a change of control event and to provide for automatic accelerated vesting of options in such circumstances; and (iv) implement certain other changes of a housekeeping nature. These amendments did not require shareholder approval in accordance with Section 3.9 of the Option Plan and Section 613 of the TSX Company Manual. On November 8, 2017, the Board further amended the Option Plan to remove the specific vesting provisions so as to allow the Board more discretion in regard to the timeline over which options may vest. The amendments approved on November 8, 2017 did not require shareholder approval in accordance with Section 3.9 of the Option Plan and Section 613 of the TSX Company Manual.

The following is a description of the material terms and conditions of the Option Plan, as amended. Under the Option Plan, the Board may, from time to time, grant options to purchase Common Shares to certain directors, officers, key employees and service providers of the Corporation and its operating subsidiaries. The maximum number of Common Shares issuable under the Option Plan, together with all other security-based compensation arrangements of the Corporation, is 10% of the Common Shares outstanding from time to time on a non-diluted basis, subject to the following limitations:

- the aggregate number of Common Shares reserved for issuance to any one person under the Option Plan, together with all other security-based compensation arrangements of the Corporation, must not exceed 5% of the then outstanding Common Shares (on a non-diluted basis);
- in the aggregate, no more than 10% of the outstanding issue of Common Shares (on a non-diluted basis) may be reserved at any time for insiders under all security-based compensation arrangements of the Corporation, including the Option Plan; and
- the number of securities of the Corporation issued to insiders, within any one year period, under all security based compensation arrangements, including the Option Plan, cannot exceed 10% of issued and outstanding Common Shares (on a non-diluted basis).

The exercise price per Common Share shall be fixed by the Board but under no circumstances shall any exercise price at the time of the grant be lower than the closing market price of the Common Shares on the TSX on the last trading day preceding the date of grant. The term of options granted may be up to a (i) ten-year period from the date of grant for all options granted on or after March 11, 2015 or (ii) five-year period from the date of grant for all options granted on or before March 10, 2015. Except as otherwise determined by the Board, an optionee's vested options will expire 90 days after an optionee ceases to act for the Corporation, other than by reason of death or termination for cause. Options of an optionee that has been terminated for cause by the Corporation will expire on the date of termination. In the event of death of an optionee, the optionee's estate shall have 6 months in which to exercise the outstanding vested options.

The Option Plan also includes a provision that should an option expiration date fall within a black out period or within nine business days following a black out period, the expiration date will automatically be extended for ten business days following the end of the blackout period. The Option Plan allows the Board to terminate or discontinue the Option Plan at any time without the consent of the option holders provided that such termination or discontinuance shall not alter or impair any option previously granted under the Option Plan. The only amendments to the Option Plan that would be subject to shareholder approval are amendments that would:

- reduce the exercise price of an option held by an insider of the Corporation;
- extend the expiry date of an option held by an insider of the Corporation (subject to such date being extended by virtue of the blackout provision noted above);
- amend the limitations on the maximum number of Common Shares reserved or issued to insiders;
- increase the maximum number of Common Shares issuable pursuant to the Option Plan; or
- amend the amendment provisions of the Option Plan.

The Option Plan does not provide any specific vesting provisions for options granted thereunder. Any vesting provisions for stock options granted under the Option Plan will be set out in the agreements evidencing such stock options and will be at the discretion of the Board. Options granted under the Option Plan are non-assignable, except in the case of the death of an optionee, and subject to early termination in the event of death or permanent disability of the optionee or the optionee ceasing to be an officer, director, employee or consultant of the Corporation or a subsidiary of the Corporation. At the discretion of the Board, the expiry date may be extended; however, in no event will an option be exercisable at a date in excess of ten (10) years from the date of grant. The Option Plan does not confer upon an optionee any right with respect to continuation of employment with the Corporation nor does it affect in any way the rights of the Corporation or optionee to terminate the relationship between the Corporation and the optionee at any time. The Option Plan contains standard anti-dilution provisions.

Subject to any laws applicable to the Corporation, the Option Plan provides that on terms and conditions to be determined by the Board, the Board may at any time authorize the Corporation to loan money to the optionee to assist such optionee in exercising an option held by him.

2. RESTRICTED SHARE PLAN

The shareholders approved the present Restricted Share Plan (RSP) on May 10, 2018. The Board intends to use Restricted Shares ("RSs") issued under the Restricted Share Plan, as well as options issued under the Option Plan, as part of the Corporation's overall executive compensation plan. Since the value of RSs increase or decrease with the price of the Shares, RSUs achieve the compensation objective of aligning the interests of executives with those of shareholders. In addition, RSs have time-based vesting features that can be used to better motivate executives and to encourage qualified and experienced executives to make long-term commitments to the Corporation.

The following is a description of the material terms and conditions of the Restricted Share Plan (RSP).

- the Corporation's directors, officers, key employees and consultants, or those of its subsidiaries, are eligible to receive restricted shares under the Restricted Share Plan;
- in the aggregate, no more than 10% of the outstanding issue of Common Shares (on a non-diluted basis) may be reserved at any time for insiders under all security-based compensation arrangements of the Corporation, including the Option Plan and Restricted Share Plan;
- the aggregate number of Common Shares reserved for issuance to any one person under the Restricted Share Plan, together with all other security-based compensation arrangements of the Corporation, must not exceed 5% of the then outstanding Common Shares (on a non-diluted basis);
- the aggregate number of Common Shares reserved for issuance to insiders under the Restricted Share Plan, together with all other share-based compensation arrangements of the Corporation, must not exceed 10% percent of the then outstanding Common Shares;
- the aggregate number of Common Shares issued to insiders under the Restricted Plan, together with all other share-based compensation arrangements of the Corporation, within a one-year period, must not exceed 10% percent of the then outstanding Common Shares;

Market Price per Common Share shall be determined by the Board but under no circumstances shall any exercise price at the time of the grant be lower than the closing market price of the Common Shares on the TSX on the last trading day preceding the date of grant. Except as otherwise determined by the Board, the shareholder's vested shares will expire 30 days after the shareholder ceases to act for the Corporation, other than by reason of death or termination for cause. In the event of death of a shareholder, the estate shall have 3 months in which to exercise the outstanding vested shares.

The RSP also includes a provision that should a restricted share expiration date fall within a black out period, the expiration date will automatically be extended for ten business days following the end of the blackout period. If the expiry date of a restricted share falls within five business days immediately after a the blackout period ends, the ten business day extension of the Award, as applicable, shall be reduced by the number of days between the original expiry date and the date the blackout period ends.

The Share Plan allows the Board to terminate or discontinue the Share Plan at any time without the consent of the shareholders provided that such termination or discontinuance shall not alter or impair any shares previously granted under the Share Plan.

Restricted shares under the Restricted Plan are non-assignable, except in the case of the death of the shareholder, and subject to early termination in the event of death or permanent disability of the shareholder or the shareholder ceasing to be an officer, director, employee or consultant of the Corporation or a subsidiary of the Corporation. At the discretion of the Board, the expiry date may be extended; however, in no event will a share be exercisable at a date in excess of ten (10) years from the date of grant.

The following table sets forth securities of the Corporation that are authorized for issuance under equity compensation plans as at December 31, 2018:

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate Governance Practices relates to the activities of the Board, the members of which are elected and are accountable to the Corporation's shareholders, and take into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Corporation. The Board and senior management considers good corporate governance to be central in the effective and efficient operation of the Corporation.

Pursuant to the provisions of National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") issuers are required to disclose their corporate governance practices annually and provide guidance on corporate governance practices respectively. The Board has reviewed its practices relative to the new guidelines and offers the following summary.

1. BOARD OF DIRECTORS

Pursuant to NI 58-101, a director is independent if the director would be considered independent within the meaning contained in section 1.4 of National Instrument 52-110 ("NI 52-110") which states that a director is independent if he or she has no direct or indirect relationship with the Corporation which could, in the view of the Corporation's Board, be reasonably expected to interfere with the exercise of a director's independent judgment.

The Board is currently comprised of five (5) directors, four (4) of whom the Board has determined are independent. In assessing whether a director is independent for these purposes, the circumstances of each director have been examined in relation to the factors described in NI 52-110. Eighty percent (80%) of the directors are independent.

DIRECTOR	INDEPENDENCE STATUS	BASIS FOR DETERMINATION OF NON-INDEPENDENCE
Terry D. Freeman	Independent	Not applicable - no material relationship
Carmen Loberg	Independent	Not applicable - no material relationship
Jim Rakievich, President & CEO	Not independent	Is considered to have a material relationship with the Corporation by virtue of his current executive officer position with the Corporation
Christopher T. Seaver, Chair	Independent	Not applicable - no material relationship
Dale E. Tremblay	Independent	Not applicable - no material relationship

The Corporation has taken steps to ensure that adequate structures and processes are in place to permit the Board to function independently of management. Each Board meeting concludes with an *in camera* session which excludes management and management directors. These sessions are of no fixed duration and participating directors are encouraged to raise and discuss any issues of concern. The independent directors may choose to meet privately at any time, either following an in camera session or at another time of their choosing.

Currently, the Board is satisfied that it exercises its responsibilities for independent oversight of management. The ability to establish ad hoc committees comprised solely of independent directors provides the Board with the ability to meet independently of management whenever deemed necessary or appropriate and the chair of each such ad hoc committee provides leadership for such committee.

Directors and officers of the Corporation are required to declare any material conflict or potential conflict of interest, either in writing to the Corporation or to the Board or by request to have the nature and extent of his or her interest entered in the minutes of the Board meeting. A director having declared such an interest shall abstain from voting on any resolution approving the arrangement. The disclosure requirements for directors and officers are in accordance with the *Business Corporations Act* (Alberta). Similarly, any related-party transactions must be approved by the non-related directors and appropriately disclosed to the public.

The following table sets out details of directorships currently held by each director of the Corporation in reporting issuers other than the Corporation:

2. BOARD MANDATE

The primary responsibility of the Board is to foster the long-term success of the Corporation.

While the Board is responsible for the “management of the business and affairs of the Corporation”, this is done by proxy through the President and Chief Executive Officer, who is charged with the day to day management of the Corporation.

In performing its function, the Board also considers the legitimate interest which shareholders and other stakeholders have in the Corporation by supervising the conduct of its business. The Board, through the President and Chief Executive Officer, will set standards of conduct for the Corporation and ensure the safety of its operations.

The Board has delineated the roles and responsibilities of the Board and the President and Chief Executive Officer. The President and Chief Executive Officer’s employment agreement further defines his specific role and responsibilities. While the Board is responsible for the management of the business and affairs of the Corporation, this is accomplished in part by delegation to the President and Chief Executive Officer who is charged with the day-to-day management of the Corporation. The President and Chief Executive Officer reports directly to the Board and has responsibility for the leadership and management of the Corporation within the parameters adopted by the Board.

The following table provides a description of how the Board has delineated various roles and responsibilities between it and the Corporation’s President and Chief Executive Officer. The Board Mandate was reviewed by the Governance Committee in place in 2011 and revisions were recommended to the Board and approved.

The Committee has the responsibility to address governance issues; and also holds the responsibility of identifying, recruiting, nominating, endorsing, recommending appointment of, and orienting new directors. The Committee is also responsible for the content and application of the Corporation's Code of Conduct and the disclosure of the Corporation's corporate governance practices in response to legal and regulatory requirements. Other responsibilities of the Committee include ensuring that the mission and strategic direction of the Corporation is reviewed annually and that the Board and its committees carry out their functions in accordance with due process. The Committee is also responsible for assessing the effectiveness of the Board as a whole, the committees of the Board, and the contribution of each individual director. This also includes the assessment of the performance and compensation of the Chief Executive Officer and other officers. The Committee shall consist of at least three unrelated directors.

Responsibilities

The Chair of the HRC&G Committee bears primary responsibility for leading the Committee and is charged with oversight of the Committee. Oversight responsibilities include convening and presiding over Committee meetings. The Chair is appointed annually by the Board from the Committee's members and is responsible to schedule meetings of the Committee and establish the agenda and any related documents for the meetings. The Chair must provide leadership in developing and amending the Corporation's compensation philosophy and encourage orderly discussion among the Committee members. The Chair is responsible for reporting significant developments to the Corporation's Board.

- (xxi) develop and follow a process for identifying, recruiting and evaluating the potential of new directors.

4. ORIENTATION AND CONTINUING EDUCATION

The HRC&G Committee provides significant written orientation and educational material for new directors. The Corporation has prepared a "Directors' Manual" for new directors that includes comprehensive background information on the Corporation and its various divisions and subsidiaries and contains key corporate policies. In addition, an existing Board member is assigned to conduct facility tours and to further orient and inform any new Board member on an ad hoc basis.

Each director is responsible for attaining and maintaining the skill and knowledge necessary to ensure his substantial participation and contribution to the Board and its committees. The Corporation encourages directors to participate in courses and seminars dealing with financial literacy, corporate governance and related matters.

The Corporation has had a high degree of continuity in its directors which has enabled them to develop a considerable understanding of the Corporation's business.

5. ETHICAL BUSINESS CONDUCT

The Corporation is committed to performing its business activities and operations with integrity and due regard to the public interest and the interest of its shareholders. For the Corporation to meet those standards, the Corporation expects all employees, contractors, directors and officers to make a conscientious effort to maintain a high standard of business ethics and social awareness while conducting their corporate and operating activities.

The Board has adopted a Business Code of Conduct (the "Code") for the directors, officers, and employees of the Corporation, its divisions and wholly owned subsidiaries. The Code formally sets out standards for behavior and practice and requires all directors, officers, and employees to indicate in writing their familiarity with the Code and their agreement to comply with it. The Code is reviewed and revised periodically to ensure currency and inclusiveness. A hard copy is provided to each new employee who must agree to comply with it as a condition of employment and each employee must certify annually that they have received, read, understood and complied with the Code. In addition, each manager responsible for a business unit certifies annually that the manager's employees have received, read and understood the Code. Each member of the Board certifies their compliance with the Code annually. The responses are reported to the President and Chief Executive Officer and the HRC&G Committee as well as the full Board. A copy of the Code is posted on the Corporation's web site and available to any party who requests a hard copy.

If any director or officer has a material interest in any potential or existing transaction or agreement involving the Corporation, the director or officer must disclose that interest in writing in accordance with the provisions of the *Business Corporations Act* (Alberta). The disclosing director may be excused from any discussions pertaining to the topic and must abstain from voting on any motion regarding the matter.

The Board supports a culture of ethical business conduct and leads by example. The Board has also adopted a whistleblower policy and engaged a third-party service provider to ensure that employees can report inappropriate conduct anonymously and without fear of reprisal.

6. NOMINATION OF DIRECTORS

The HRC&G Committee shall carry out the nomination process on an annual basis, and specifically shall:

- (i) Develop criteria which reflect the needs of the Board in recruiting new directors;
- (ii) Meet with, interview and evaluate potential candidates for the position of Director to ensure that:
 - the Board is constituted with individuals of diverse background talents and experience;
 - when a vacancy occurs, qualified candidates are available;
- (iii) Request nominations from the membership and place into nomination the names of candidates who are nominated by the members of the Corporation, in accordance with the Corporation's by-laws;
- (iv) Provide Committee endorsement of one or more of the nominees for each of the open positions, and communicate its recommendation to the membership in the election process; and
- (v) Review and recommend changes in policy and procedures related to the nomination and election of Directors, subject to the Corporation's by-laws.

7. HR, COMPENSATION & GOVERNANCE COMMITTEE

The Board has a HRC&G Committee composed of a minimum of three directors, a majority of whom are not officers or employees of the Corporation and are unrelated, independent directors of the Corporation. The Board's policy regarding director independence is to adopt the practice which best serves the Corporation's needs at any particular time. In the Board's view, the current HRC&G Committee structure is appropriate considering the size of the Corporation and the Board, and that the Corporation has four significant shareholders. The HRC&G Committee members all reside in Alberta and are well-versed in compensation and governance practices for the regions and industry in which the Corporation operates. The HRC&G Committee also encourages every member of the Board to actively participate in discussions relating to executive compensation, and full Board approval is required for the President and Chief Executive Officer's compensation. The HRC&G Committee makes recommendations to the full Board for review and approval. As of the Effective Date, the HRC&G Committee members are Terry D. Freeman, Carmen Loberg and Dale E. Tremblay. All members are considered to be independent as at December 31, 2018.

The HRC&G Committee charter was approved in 2018. In respect of compensation matters, the Committee reviews and provides recommendations to the Board on the following matters:

- (i) Compensation policies and guidelines for supervisory and management personnel of the Corporation and its related entities;
- (ii) Corporate benefits, bonuses and other incentives, including equity-based compensation;
- (iii) Reviewing and approving corporate goals and objectives relevant to CEO compensation, evaluating the CEO's performance in light of those corporate goals and objectives and determining the CEO's compensation, evaluating the CEO's performance in light of those corporate goals and objectives and determining the CEO's compensation level based on this evaluation;
- (iv) Non-CEO officer and director compensation, incentive compensation plans and equity-based plans;
- (v) The review of executive compensation disclosure before the Corporation publicly discloses such information;
- (vi) Succession plans for the officers and for key employees of the Corporation; and
- (vii) Any material changes or trends in human resources policy, procedure, compensation and benefits.

In respect of corporate governance matters, the Committee reviews and provides recommendations to the Board on the following matters:

Board Performance & Effectiveness

Develop written corporate governance guidelines and mandate for the Board in which it explicitly acknowledges responsibility for the stewardship of the Corporation and considers (i) measures for receiving feedback from stakeholders and (ii) expectations and responsibilities of directors, including basic duties and responsibilities with respect to attendance at Board meetings and advance review of meeting materials;

- (i) Develop clear position descriptions for the Chair of the Board and the Chair of each Board Committee, and together with the CEO, developing a clear position description for the CEO, which includes delineating management's responsibilities and developing the corporate goals and objectives that the CEO is responsible for meeting;
- (ii) Oversee the assessment of the Board, its committees and each individual director in respect of effectiveness and contribution;
- (iii) Cause the Board to annually review its definition of an "independent" director;
- (iv) Develop a comprehensive orientation and continuing education program for all directors;
- (v) Review aggregate skills and competencies of the Board;
- (vi) Ensure that all members of the Board have been informed of and are aware of their duties and responsibilities as a director of the Corporation;

Regulatory Oversight

- (i) Ensuring compliance by the Board and the Corporation with all applicable securities laws and stock exchange rules;
- (ii) Develop and monitor the Corporation's general approach to corporate governance issues as they may arise;
- (iii) Propose changes as necessary from time to time to respond to particular governance recommendations or guidelines from regulatory authorities and ensure that all appropriate or necessary governance systems remain in place and are periodically reviewed for effectiveness;
- (iv) Ensure that the Corporation has in effect adequate policies and procedures to allow the Corporation to meet all of its continuous disclosure requirements;
- (v) Develop and monitor the Corporation's policies relating to trading in securities of the Corporation by insiders as well as communication and confidentiality;

Risk Management

- (i) In conjunction with the Audit Committee, ensure that the Corporation has in effect adequate policies and procedures to identify and manage the principal risks of the Corporation's business;
- (ii) Annually reviewing areas of potential personal liability of directors and ensure reasonable protective measures are in place;

Corporation Effectiveness

- (i) Ensure that the vision, values and strategic direction of the Corporation are reviewed annually including execution by management
- (ii) Periodically consider the need for special policies of the Corporation, initiated by the Board, in unique or emerging policy areas such as corporate ethics, gender equality, sexual harassment or environmental practices.
- (iii) Develop a written code of business conduct and ethics that is applicable to all directors, officers and employees of the Corporation;

Director Succession Planning

- (i) Develop and follow a process for identifying, recruiting and evaluating the potential of new directors;
- (ii) Nominate, to the Board, directors with the appropriate skills and abilities to enable the Board to carry out its responsibilities;

If, in order to properly discharge its functions, duties and responsibilities, it is necessary, in the opinion of the Committee, that the Committee obtain the advice and counsel of external advisors, the Chair of the Committee shall, at the request of the Committee, engage the necessary advisors.

8. ASSESSMENTS

The HRC&G Committee is responsible for, and has established processes for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of each individual director. A Board Self-Evaluation Survey has been developed for periodic use at the discretion of the HRC&G Committee. The HRC&G Committee periodically considers the effectiveness of the full board and contributions of individual directors as well as reviews the structure and terms of reference for each of the Board committees. Additionally, the contributions of individual directors may be discussed in camera at any HRC&G Committee or Board meeting. The HRC&G Committee conducts, on behalf of the board, a board evaluation and an individual board member evaluation annually. Results were summarized by the Committee and discussed with the board.

9. DIVERSITY

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted director term limits or other mechanisms of board renewal for the following reasons:

- the implementation of director term limits is problematic, as it is an unproven method of encouraging board effectiveness;
- the imposition of director term limits on a board implicitly discounts the value of experience and continuity amongst board members and runs the risk of excluding experienced and potentially valuable board members as a result of an arbitrary determination;
- the impositions of rigid, prescribed term limits on the tenure of directors implies that boards cannot properly govern themselves, by usurping core functions of the board and replacing them with fixed criteria that may not adequately represent the interests of shareholders;
- directors with the level of understanding of a company's business, history and culture acquired through long service on the board provide additional value;
- term limits run the risk of acting as a substitute for proper board self-assessment and renewal; and
- there is little empirical evidence that a director's ability to act independently of management declines after any specific period of service.

Policies Regarding the Representation of Women on the Board

The Corporation has not adopted a policy, written or otherwise, relating to the identification and nomination of women directors to the Board because the Board generally considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership.

Consideration of the Representation of Women in the Director Identification and Selection Process and in Executive Officer Appointments

In identifying and nominating candidates for election or re-election to the Board, the Governance Committee and the Board considers the level of representation of women on the Board. Moreover, in appointing executive officers to the management team, the Corporation also considers the level of representation of women in executive officer positions. In considering individuals as potential directors or members of senior management, the Corporation at all times seeks the most qualified persons. The Corporation believes that this approach enables it to make decisions regarding the composition of the Board and senior management team based on what is in the best interests of the Corporation and its shareholders.

Targets Regarding the Representation of Women on the Board and in Executive Officer Positions

The Corporation has not adopted targets regarding the representation of women on the Board or in executive officer positions. The Corporation does not believe that any director nominee or candidate for an executive officer position should be chosen nor excluded solely or largely because of gender. Rather, directors and executive officers are recruited based on their ability and contributions. Moreover, in selecting a director nominee or a candidate for an executive officer position, the Corporation considers the skills, expertise and background that would complement the existing Board or management team, as applicable.

Number of Women on the Board and in Executive Officer Positions

As of the Effective Date, there are no women on the Board and two of the Corporation's four executive officers are women.

10. OTHER BOARD COMMITTEES

The Board has no standing committees other than the Audit Committee (as described in the Corporation's Annual Information Form dated March 29, 2019 for the year ended December 31, 2018 filed on SEDAR at www.sedar.com) and the HRC&G Committee (as described above).

On September 16, 2014, McCoy Global sold 100 percent of the issued and outstanding shares of its wholly-owned subsidiary, Inotec Coating and Hydraulics Inc., for proceeds of \$9.3 million, subject to a net working capital adjustment as defined by the share purchase agreement. There was the potential for material conflicts of interest with Mr. Terry D. Freeman, who is a director of the Corporation, and was the Chairman and Chief Executive Officer of (currently Chair), and holds an equity interest in, the purchaser of Inotec Coating and Hydraulics Inc. In addition, the Corporation entered into agreements indemnifying the purchaser for remediation of certain environmental and dilapidation costs incurred as a result of carrying out business activities prior to September 16, 2014 with respect to certain leased premises. The dilapidation indemnification was satisfied in 2016 and as at December 31, 2018 only the environmental indemnification remains.
