

RESOLVE VENTURES INC.

INFORMATION CIRCULAR

(containing information as of November 20, 2018, unless otherwise stated)

INTRODUCTION

This Information Circular is furnished to you in connection with the solicitation of proxies by management of Resolve Ventures Inc. (“we”, “us” or the “Company”) for use at the Annual General Meeting (the “Meeting”) of shareholders of the Company to be held on Monday, December 17, 2018 and at any adjournment of the Meeting. The Company will conduct its solicitation by mail and our officers, directors and employees may, without receiving special compensation, contact shareholders by telephone, electronic means or other personal contact. We will not specifically engage employees or soliciting agents to solicit proxies. We do not reimburse shareholders, nominees or agents (including brokers holding shares on behalf of clients) for their costs of obtaining authorization from their principals to sign forms of proxy. We will pay the expenses of this solicitation.

APPOINTMENT OF PROXY HOLDER

The persons named as **proxy holders** in the enclosed form of proxy are the Company’s directors or officers. **As a shareholder, you have the right to appoint a person (who need not be a shareholder) in place of the persons named in the form of proxy to attend and act on your behalf at the Meeting. To exercise this right, you must either insert the name of your representative in the blank space provided in the form of proxy and strike out the other names or complete and deliver another appropriate form of proxy.**

A proxy will not be valid unless it is dated and signed by you or your attorney duly authorized in writing or, if you are a corporation, by an authorized director, officer, or attorney of the corporation.

VOTING BY PROXY

The persons named in the accompanying form of proxy will vote or withhold from voting the shares represented by the proxy in accordance with your instructions, provided your instructions are clear. If you have specified a choice on any matter to be acted on at the Meeting, your shares will be voted or withheld from voting accordingly. If you do not specify a choice or where you specify both choices for any matter to be acted on, your shares will be voted in favour of all matters.

The enclosed form of proxy gives the persons named as proxy holders discretionary authority regarding amendments or variations to matters identified in the Notice of Meeting and any other matter that may properly come before the Meeting. As of the date of this Information Circular, our management is not aware of any such amendment, variation or other matter proposed or likely to come before the Meeting. However, if any amendment, variation or other matter properly comes before the Meeting, the persons named in the form of proxy intend to vote on such other business in accordance with their judgement.

You may indicate the manner in which the persons named in the enclosed proxy are to vote on any matter by marking an “X” in the appropriate space. If you wish to give the persons named in the proxy a discretionary authority on any matter described in the proxy, then you should leave the space blank. **In that case, the proxy holders nominated by management will vote the shares represented by your proxy in accordance with their judgment.**

RETURN OF PROXY

You must deliver the completed form of proxy to the office of the Company’s registrar and transfer agent, Computershare Investor Services Inc., 3rd floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9, not

less than 48 hours (excluding Saturdays, Sundays, and holidays) before the scheduled time of the Meeting or any adjournment.

ADVICE TO NON-REGISTERED SHAREHOLDERS

Only shareholders whose names appear on our records or validly appointed proxy holders are permitted to vote at the Meeting. Most of our shareholders are “non-registered” shareholders because their shares are registered in the name of a nominee, such as a brokerage firm, bank, trust company, trustee or administrator of a self-administered RRSP, RRIF, RESP or similar plan or a clearing agency such as CDS Clearing and Depository Services Inc. (a “Nominee”). If you purchased your shares through a broker, you are likely a non-registered shareholder.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to us are referred to as “NOBOs”. Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to us are referred to as “OBOs”.

In accordance with the securities regulatory policy, we will have distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular, and the form of proxy directly to NOBOs and to the Nominees for onward distribution to OBOs.

Nominees are required to forward the Meeting materials to each OBO unless the OBO has waived the right to receive them. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered shareholder. Meeting materials sent to non-registered holders who have not waived the right to receive Meeting materials are accompanied by a request for voting instructions (a “VIF”). This form is instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a non-registered holder is able to instruct the registered shareholder (or Nominee) how to vote on behalf of the non-registered shareholder. VIF’s, whether provided by the Company or by a Nominee, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit non-registered holders to direct the voting of the shares which they beneficially own. Should a non-registered holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the non-registered holder may request a legal proxy as set forth in the VIF, which will grant the non-registered holder or his/her nominee the right to attend and vote at the Meeting. Non-registered holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.

REVOCATION OF PROXY

If you are a registered shareholder who has returned a proxy, you may revoke your proxy at any time before it is exercised. In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by either:

- a) signing a proxy bearing a later date; or
- b) signing a written notice of revocation in the same manner as the form of proxy is required to be signed as set out in the notes to the proxy.

The later proxy or the notice of revocation must be delivered to the office of the Company’s registrar and transfer agent or to the Company’s head office at any time up to and including the last business day before the scheduled time of the Meeting or any adjournment, or to the Chairman of the Meeting on the day of the Meeting or any adjournment.

If you are a non-registered shareholder who wishes to revoke a VIF or to revoke a waiver of your right to receive Meeting materials and to give voting instructions, you must give written instructions to your Nominee at least seven days before the Meeting.

Stock Option Plan and Other Incentive Plans

The Company has adopted a stock option plan (the “Option Plan”) pursuant to which the board of directors (the “Board”) may grant options (the “Options”) to purchase common shares of the Company (the “Shares”) to NEOs, directors and employees of the Company or affiliated corporations and to consultants retained by the Company.

The purpose of the Option Plan is to attract, retain, and motivate NEOs, directors, employees and other service providers by providing them with the opportunity, through options, to acquire an interest in the Company and benefit from the Company’s growth. Under the Option Plan, the maximum number of Shares reserved for issuance, including Options currently outstanding, is equal to 10% of the Shares outstanding from time to time (the “10% Maximum”). The 10% Maximum is an “evergreen” provision, meaning that, following the exercise, termination, cancellation or expiration of any Options, a number of Shares equivalent to the number of options so exercised,

terminated, cancelled or expired would automatically become reserved and available for issuance in respect of future Option grants.

The number of Shares which may be the subject of Options on a yearly basis to any one person cannot exceed 5% of the number of issued and outstanding Shares at the time of the grant. Options may be granted to any employee, officer, director, consultant, affiliate or subsidiary of the Company exercisable at a price which is not less than the discounted market price of common shares of the Company on the date of the grant. The directors of the Company may, by resolution, determine the time period during which any option may be exercised (the “Exercise Period”), provided that the Exercise Period does not contravene any rule or regulation of such exchange on which the Shares may be listed. All Options will terminate on the earliest to occur of (a) the expiry of their term; (b) the date of termination of an optionee’s employment, office or position as director, if terminated for just cause; (c) 90 days (or such other period of time as permitted by any rule or regulation of such exchange on which the Shares may be listed) following the date of termination of an optionee’s position as a director or NEO, if terminated for any reason other than the optionee’s disability or death; (d) 30 days following the date of termination of an optionee’s position as a consultant engaged in investor relations activities, if terminated for any reason other than the optionee’s disability, death, or just cause; and (e) the date of any sale, transfer or assignment of the Option.

Options are non-assignable and are subject to early termination in the event of the death of a participant or in the event a participant ceases to be a NEO, director, employee, consultant, affiliate, or subsidiary of the Company, as the case may be. Subject to the foregoing restrictions, and certain other restrictions set out in the Option Plan, the Board is authorized to provide for the granting of Options and the exercise and method of exercise of options granted under the Option Plan.

The TSX Venture Exchange (“Exchange”) requires listed companies that have “rolling” stock option plans in place to receive shareholder approval for such plans on a yearly basis at the company’s annual Shareholders meeting.

Employment, Consulting and Management Agreements

Management functions of the Company are not, to any substantial degree, performed other than by directors or NEOs of the Company.

The Company has entered into the following agreements with the current NEOs and directors of the Company:

Clive Massey, President, CEO & Director –The Company entered into a consulting agreement on November 24, 2017 with Mr. Massey whereby a consulting fee of \$6,000 would be payable. The agreement is in good standing.

Alexander Helm, CFO & Director –The Company entered into a consulting agreement on December 21, 2017 with Mr. Helm whereby a consulting fee of \$3,000 would be payable. The agreement is in good standing.

There are no compensatory plans, contracts or arrangements between the Company and any NEO where the NEO is entitled to receive more than \$50,000 from the Company, including periodic payments or installments, in the event of:

- (a) the resignation, retirement or any other termination of employment of the NEOs employment with the Company;
- (b) a change of control of the Company; or
- (c) a change of the NEOs responsibilities following a change in control.

Oversight and Description of Director and NEO Compensation

The Board of the Company as a whole has the responsibility of determining the compensation for the NEOs and the directors.

The Company’s compensation objectives include the following:

- to assist the Company in attracting and retaining highly-qualified individuals;

- to create a sense of ownership in the Company among directors, officers, consultants and employees and to align their interests with those of the shareholders; and
- to ensure that the Company compensation program is competitive as well as financially affordable.

The Company's compensation program is designed to provide competitive levels of compensation. The Company recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive's level of responsibility. In general, the Company's NEOs and directors may receive compensation that is comprised of three components:

- salary, wages or contractor payments;
- stock option grants; and/or
- bonuses.

The objective and reason for this system of compensation is to allow the Company to remain competitive compared to its peers in attracting experienced personnel. The base salary of a NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

The base salary review of each NEO takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEOs. Base salary is not evaluated against a formal "peer group".

Stock option grants are designed to reward the NEOs and directors for success on a similar basis as the shareholders of the Company, although the level of reward provided by a particular stock option grant is dependent upon the volatile stock market.

Any bonuses paid to the NEOs and directors are allocated on an individual basis related to the review by the Board of the work planned during the year and the work achieved during the year, including work related to administration, financing, shareholder relations and overall performance. The bonuses are paid to reward work done above the base level of expectations set by the base salary, wages or contractor payments.

Pension Arrangements

The Company does not have any pension arrangements in place for the NEOs and directors.

CORPORATE GOVERNANCE

National Instrument 58-101 Disclosure of Corporate Governance Practices (“NI 58-101”) requires issuers to disclose their governance practices in accordance with NI 58-101. The Company is a “venture issuer” within the meaning of NI 58-101. A discussion of the Company’s governance practices within the context of NI 58-101 is set out below.

Directors are considered to be independent if they have no direct or indirect material relationship with the Company. A “material relationship” is a relationship that could, in the view of the Company, be reasonably expected to interfere with the exercise of a director’s independent judgment.

James Hyland is an “independent” director in that he is independent and free from any interest and any business or other relationship which could or could reasonably be perceived to materially interfere with his ability to act within the best interests of the Company, other than the interests and relationships arising from his shareholdings.

The Board facilitates its independent supervision over management by choosing management who demonstrate a high level of integrity and ability and having strong independent Board members. Further supervision is performed through the Audit Committee who may meet with the Company’s auditors without management being in attendance.

Directorship

The directors of the Company are currently directors of the following other reporting issuers:

Clive Massey	Tasca Resources Ltd.
Alexander Helmelt	Global Vanadium Corp. Global Cannabis Applications Corp. Ynvisible Interactive Inc. Tasca Resources Ltd.
James Hyland	Tasca Resources Ltd.

Board Mandate

The Board does not have a written mandate. The Board is responsible for approving long-term strategic plans and annual operating plans and budgets recommended by management. Board consideration and approval is also required for material contracts and business transactions, and all debt and equity financing transactions.

The Board delegates to management responsibility for meeting defined corporate objectives, implementing approved strategic and operating plans, carrying on the Company’s business in the ordinary course, managing the Company’s cash flow, evaluating new business opportunities, recruiting staff and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives, long-term strategic plans and annual operating plans.

Position Descriptions

The Board has not developed written position descriptions for the officers and directors of the Company. The size and nature of the Company’s business allows each director or officer to understand his role in progressing the Company’s operations.

Orientation and Continuing Education

When new directors are appointed, they receive orientation, commensurate with their previous experience, on the Company’s business, properties and industry and on the responsibilities of directors. Board meetings may also include presentations by the Company’s management to give the directors additional insight into the Company’s business. Individual directors are responsible for maintaining their own education, skills and knowledge at an appropriate level. Board members are encouraged to attend educational courses or presentations in relation to the Company’s projects or the industry within which the Company operates.

Ethical Business Conduct

The Company has not, to date, adopted a formal written Code of Ethical Business Conduct. The current limited size of the Company’s operations, and the small number of officers and employees allow the Board to monitor, on an ongoing basis, the activities of management and to ensure that the highest standard of ethical conduct is maintained. The Board is aware of the recommendation in National Policy 58-201 *Corporate Governance Guidelines* to adopt a written code of business conduct and ethics and is reviewing different standards that may be appropriate for the Company to adopt.

To date, the Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company. Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. A director must disclose to the Board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The disclosure must be evidenced in writing by being included in the consent resolutions or minutes of the meeting that approved the transaction or in a written disclosure delivered to the Company's records office. Unless the director properly discloses his interest and has the transaction properly approved, he may be liable to account to the Company for any profit he makes as a result of the transaction, unless the court finds that the transaction was fair and reasonable to the Company. Once the appropriate disclosure has been made by the interested director, the transaction must be approved by the directors or by the shareholders by special resolution. An interested director would not be entitled to vote at meetings of directors which evoke any such conflict.

Nomination of Directors

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees to fill vacancies and for the next annual meeting the shareholders. The Board considers its size each year when it considers the number of directors to recommend to the shareholders for election at the annual meeting of shareholders, taking into account the number required to carry out the Board's duties effectively and to maintain a diversity of views and experience. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives and a willingness to serve.

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. However, this policy may be reviewed in the future depending on the circumstances of the Company.

Compensation

The Board periodically reviews the compensation paid to directors, management and other employees based on such factors as time commitment and level of responsibility, comparative fees paid by other companies in the industry in North America and the Company's current position as an exploration company with limited operating revenue.

The Board does not have a compensation committee, and these functions are currently performed by the Board as a whole. However, this policy may be reviewed in the future depending on the circumstances of the Company.

Other Board Committees

The Board has no other committees other than the Audit Committee.

Assessments

The Board conducts periodic assessments of its members including individual assessments to determine if the Board, its committee and the individual directors are performing efficiently. Based on the Company's size, stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. As the activities of the Company develop, it will consider the establishment of more formal evaluation procedures, including more quantitative measures of performance.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

During the last completed financial year, no director, executive officer, or nominee for director of the Company or any of their associates has been indebted to the Company or any of its subsidiaries, nor has any of these individuals been indebted to another entity which indebtedness is the subject of a guarantee, support in agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No informed person of the Company, no proposed nominee for election as a director of the Company, and no associate or affiliate of any of these persons, has any material interest, direct or indirect, in any transaction since the commencement of our last financial year or in any proposed transaction, which, in either case, has materially affected or will materially affect the Company or any of our subsidiaries.

An “informed person” means:

- (a) a director or executive officer of the Company;
- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company or a combination of both carrying more than 10 percent of the voting rights attached to all outstanding voting securities of the Company other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) the Company if it has purchased, redeemed or otherwise acquired any of its securities, for so long as it holds any of its securities.

MANAGEMENT CONTRACTS

Management functions of the Company are generally performed by directors and executive officers of the Company and not, to any substantial degree, by any other person to whom the Company has contracted.

Appointment and Remuneration of Auditor

Unless otherwise instructed, the proxies given in this solicitation will be voted for the re-appointment of Morgan & Company LLP, of Vancouver, British Columbia, as auditors for the Company to hold office until the next annual general meeting, at a remuneration to be fixed by the directors.

Incentive Stock Option Plan

The Option Plan is a “rolling” stock option plan, which makes a maximum of 10% of the issued and outstanding Shares available for issuance thereunder.

The purpose of the Option Plan is to provide directors, officers and key employees of, and certain other persons who provide services to, the Company with an opportunity to purchase Shares of the Company at a specific price, and subsequently benefit from any appreciation in the value of the Shares. This provides an incentive for such persons to contribute to the future success of the Company and enhances the ability of the Company to attract and retain skilled and motivated individuals, thereby increasing the value of the Shares for the benefit of all Shareholders.

The exercise price of stock options granted under the Option Plan will be determined by the Board and will be priced in accordance with the policies of the Exchange, and will not be less than the closing price of the Common Shares on the Exchange on the date prior to the date of grant less any allowable discounts. All options granted under the Option Plan will have a maximum term as permitted by the Exchange and will be the dates fixed by the Board at the time the options are granted.

The Option Plan provides that it is solely within the discretion of the directors to determine who should receive options and how many they should receive. The Board may issue a majority of the options to insiders of the Company. However, the Option Plan provides that in no case will the Option Plan or any existing share compensation arrangement of the Company result, at any time, in the issuance to any option holder, within a one year period, of a number of Common Shares exceeding 5% of the Company’s issued and outstanding Common Share capital.

The Exchange requires listed companies that have “rolling” stock option plans in place to receive shareholder approval for such plans on a yearly basis at the company’s annual Shareholders meeting. The full text of the Option Plan is available for review by any Shareholder up until the day preceding the Meeting at the Company’s head office, located at 700-838 W Hastings Street, Vancouver, British Columbia and will also be available at the Meeting.

Upon the approval of the Option Plan by Shareholders, Shareholder approval will not be required or sought on a case-by-case basis for the purpose of the granting of options and the exercise of options under the Option Plan.

At the Meeting, Shareholders will be asked to approve an ordinary resolution approving the Option Plan. The text of the resolution to be considered and, if thought fit, approved at the Meeting is as follows:

“BE IT RESOLVED THAT:

1. Subject to the approval of the Exchange, the Company’s incentive stock option plan, which makes a total of 10% of the issued and outstanding shares of the Company available for issuance thereunder as described in the Company’s Information Circular dated November 20, 2018, be and is hereby ratified, confirmed and approved.
2. The Company be and is hereby authorized to grant options pursuant and subject to the terms and conditions of the Option Plan.
3. Any one director or officer of the Company be and is hereby authorized and directed to perform all such acts, deeds and things and execute all such documents and other instruments as may be required to give effect to the true intent of this resolution.”

In order to be effective, the foregoing ordinary resolutions must be approved by a simple majority of the votes cast by those shareholders of the Company who, being entitled to do so, vote in person or by proxy at the Meeting in respect of such resolution.

It is the intention of the persons named in the accompanying Proxy, if not expressly directed to the contrary in such Proxy, to vote such proxies FOR the ordinary resolution authorizing the approval of the Option Plan.

The directors of the Company believe the passing of the foregoing ordinary resolution is in the best interests of the Company and recommend that shareholders of the Company vote in favour of the resolution.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote FOR the approval of the Option Plan.

OTHER BUSINESS

Management is not aware of any matters to come before the Meeting other than those set forth in the Notice of Meeting. If any other matter properly comes before the Meeting, it is the intention of the persons named in the Proxy to vote the shares represented thereby in accordance with their best judgment on such matter.

Mandate

The primary function of the audit committee (the "**Committee**") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

Composition

The Committee shall be comprised of three directors as determined by the Board of Directors, the majority of whom shall be free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of his independent judgment as a member of the Committee.

All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company's Audit Committee Charter, "financially literate" means the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements.
