SEDAR project number 03384936**

Dear Sirs/Mesdames,

The Company has refiled their 2022 Q1 Interim Certificates (NI52-109) under SEDAR Project #03384936 as the incorrect filing subtype/ document type (52-109FV2) was filed under SEDAR Project #03384669. This was a clerical error and has been subsequently corrected once noticed.

The correction was made by filing the certification of interim filings CEO/CFO - full certificates under 52-109F2.

Thank you,

/s/Yuying Liang
