

Genesis Land Development Corp. Announces Renewal of Normal Course Issuer Bid

For Immediate Release

CALGARY, December 16, 2025 – Genesis Land Development Corp. (the "Company" or "Genesis") (TSX:GDC) is pleased to announce that the Toronto Stock Exchange ("TSX") has accepted a notice filed by Genesis to renew its Normal Course Issuer Bid ("Bid") for a one year period. The Bid will commence on December 18, 2025 and will terminate on the earlier of: (i) December 17, 2026; and (ii) the date on which the maximum number of Genesis common shares ("Common Shares") that may be purchased pursuant to the Bid have been purchased. Purchases of Common Shares under the Bid will be effected through the facilities of the TSX or alternative Canadian trading systems at the market price at the time of purchase. All Common Shares purchased pursuant to the Bid will be cancelled.

The Company's board of directors and management believe that the market prices of the Common Shares do not properly reflect the underlying value of the Company's assets and business and, accordingly, the purchase by the Company of Common Shares pursuant to the Bid constitutes an appropriate investment of corporate funds which will benefit both the Company and its shareholders.

Pursuant to the Bid, Genesis may purchase for cancellation up to 2,832,283 Common Shares, which is 5% of Genesis' issued and outstanding Common Shares as at December 4, 2025. The purchase price of the Common Shares is restricted to a maximum of \$3.75 per Common Share and an overall maximum of \$10,621,000. The Company intends to monitor these restrictions and, subject to TSX approval, make any appropriate alterations in accordance with the Bid from time to time. Pursuant to the rules of the TSX, the maximum number of Common Shares that the Company may purchase in any one day is 1,030 Common Shares, which represents 25% of the average daily trading volume on the TSX of 4,123 for the six months ended November 30, 2025. Genesis may also make one block purchase per calendar week which exceeds the daily purchase restriction in accordance with TSX rules.

Effective December 18, 2025, the Company has arranged to initiate the automatic share purchase plan with Stifel Nicolaus Canada Inc., the designated broker under the Bid, to facilitate the purchase of Common Shares pursuant to the Bid based on parameters established by the Company.

Pursuant to the Company's previous normal course issuer bid which permitted Genesis to purchase up to 2,839,275 Common Shares during the period from December 18, 2024 to December 17, 2025, the Company purchased 141,347 Common Shares at an average purchase price of \$3.25 per share.

As of December 4, 2025, 56,645,661 Common Shares were issued and outstanding.
