containing information as at December 13, 2018 unless otherwise noted

SOLICITATION OF PROXIES

Solicitation of Proxies by Management

This Management Information Circular (“Circular”) is being furnished in connection with the solicitation of proxies by the management of Abacus Mining & Exploration Corporation (the “Company” or “Abacus”) for use at the Annual General Meeting of the shareholders of the Company to be held on January 31, 2019 (the “Meeting”) at the time and place and for the purposes set forth in the accompanying Notice of Meeting and any adjournment thereof.

Cost and Manner of Solicitation

While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone, facsimile or electronically by the directors and regular employees of the Company or other proxy solicitation services. In accordance with National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”), arrangements have been made to forward solicitation materials to the beneficial owners of common shares of the Company (“Common shares”). All costs of solicitation will be borne by the Company.

APPOINTMENT AND REVOCATION OF PROXIES

Appointment of Proxy

A shareholder entitled to vote at the Meeting may, by means of a properly executed and deposited proxy, appoint a proxyholder or one or more alternate proxyholders, who need not be shareholders of the Company, to attend and act at the Meeting for the shareholder and on the shareholder’s behalf.

The individuals named in the enclosed form of proxy are the President and the Chief Financial Officer of the Company (the “Management Designees”). **A SHAREHOLDER HAS THE RIGHT TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM OR HER AT THE MEETING AND MAY DO SO BY INSERTING SUCH PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY.** A proxy will not be valid unless the completed, dated and signed form of proxy is deposited with Computershare Trust Company of Canada, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof. Proxies may be deposited with Computershare Trust Company of Canada using one of the following methods:

BY MAIL:	Computershare Trust Company of Canada Proxy Department 100 University Avenue, 9th Floor Toronto, Ontario, M5J 2Y1
YOU ARE ALTERNATIVELY ABLE TO VOTE BY TELEPHONE OR THE INTERNET. YOU WILL NEED TO PROVIDE YOUR CONTROL NUMBER, HOLDER ACCOUNT NUMBER AND ACCESS NUMBER (located on Proxy form accompanying this Circular)	
BY TELEPHONE:	1-866-732-8683 (Toll Free North America) +312-588-4290 (International Direct Dial)

Revocation of Proxy

A shareholder who has given a proxy may revoke it by an instrument in writing duly executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered office of the Company, 2800 Park Place, 666 Burrard Street, Vancouver, British Columbia, V6C 2Z7, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the chair of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

In addition, a proxy may be revoked by a shareholder properly completing, executing and depositing another form of proxy bearing a later date at the offices of Computershare Trust Company of Canada within the time period and in the manner set out under the heading "Appointment of Proxy" above or by the shareholder personally attending the Meeting, withdrawing his or her prior proxy and voting the shares.

Voting of Proxies and Exercise of Discretion by Proxyholders

Unless a poll is called for or required by law, voting at the Meeting will be by a show of hands. Common shares represented by a properly completed, executed and deposited proxy are only entitled to be voted on any poll and, where a choice with respect to any matter to be acted upon has been specified in the form of proxy, the shares will, on a poll, be voted or withheld from voting in accordance with the specification so made.

IF A CHOICE WITH RESPECT TO ANY MATTER IS NOT CLEARLY SPECIFIED IN THE PROXY, THE MANAGEMENT DESIGNEES WILL VOTE THE SHARES REPRESENTED BY THE PROXY "FOR" SUCH MATTER.

The enclosed form of proxy when properly completed, executed and deposited and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the accompanying Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the Management Designees to vote in accordance with their best judgment on such matters or business. At the date of this Circular, management knows of no such amendment, variation or other matter which may be presented to the Meeting.

Advice to Beneficial Holders of Common Shares

Only registered holders of Common shares or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Common shares beneficially owned by a person (a "**Non-Registered Holder**") are registered either: (i) in the name of an intermediary (an "**Intermediary**") (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the

Non-Registered Holder deals with in respect of the Common shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

Distribution to Non-Objecting Beneficial Owners (“NOBOs”)

In accordance with the requirements of the Canadian Securities Administrators and NI 54-101, the Company will have caused its agent to distribute copies of the Notice of Meeting and this Circular (collectively, the “**meeting materials**”) as well as a Voting Instruction Form directly to those Non-Registered Holders who have provided instructions to an Intermediary that such Non-Registered Holder does not object to the Intermediary disclosing ownership information about the beneficial owner.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for Voting Instruction Form enclosed with mailings to NOBOs.

The meeting materials distributed by the Company’s agent to NOBOs include a Voting Instruction Form. Please carefully review the instructions on the Voting Instruction Form for completion and deposit.

Distribution to Objecting Beneficial Owners (“OBOs”)

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Holders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner.

Intermediaries are required to forward the meeting materials to OBOs unless an OBO has waived his or her right to receive them. Intermediaries often use service companies such as Broadridge to forward the meeting materials to OBOs. Generally, those OBOs who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the OBO, but which is otherwise uncompleted. This form of proxy need not be signed by the OBO. In this case, the OBO who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Trust Company of Canada in the manner set out above in this Circular, with respect to the Common shares beneficially owned by such OBO; **OR**
- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute authority and instructions (often called a “**proxy authorization form**”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the OBO must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the OBO to direct the voting of the Common shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder's name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

Compensation Discussion and Analysis

Objectives of Compensation Strategy

The objectives of the Company’s compensation strategy are:

- to continue to attract, retain and motivate executives with the requisite skills, experience and commitment necessary to achieve the Company’s goals and objectives for the exploration of the Company’s Willow project in

Nevada (“**Willow Project**”), and advancement of the Ajax property, which is situated near the city of Kamloops, British Columbia (“**Ajax project**”);

- to continue to strengthen the Company’s senior management team and structure an independent Board to oversee the affairs of the Company by providing fair, competitive and cost-effective compensation to the Company’s executives;
- to maintain the alignment of the interests of management with those of the shareholders; and
- to provide rewards for outstanding corporate and individual performance.

The Company has established a Compensation Committee which has been given the authority to assess the performance of the Company’s senior executives and determine their compensation. The Compensation Committee also reviews, reports and provides recommendations to the Board of Directors.

The Board of Directors has granted the Compensation Committee the authority to:

- develop or approve the corporate goals and objectives relevant to the compensation of the CEO or COO;
- evaluate the CEO or COO’s performance and determine or make recommendations to the Board of Directors of the Company with respect to the CEO or COO’s compensation level based on the evaluation; and
- make recommendations to the Board with respect to non-CEO or non-COO officer and director compensation, incentive-compensation plans and equity-based plans.

The Compensation Committee consists of two directors, namely T. Sean Harvey and John McConnell (Chair). T. Sean Harvey and John McConnell are independent directors. The Board believes that the members of the Compensation Committee collectively have the knowledge, experience and background required to fulfill their mandate. A summary of their relevant skills and experience is as follows:

Mr. T. Sean Harvey holds an Honours B.A. in economics and geography, an M.A. in economics, an LL.B. specializing in tax and corporate law, and an M.B.A. in finance. He has vast experience in investment and merchant banking, primarily focused on the mining sector, and has held senior executive and Board positions with a number of mining companies. Mr. Harvey currently serves as a director of Perseus Mining Limited, Serabi Gold pcl, Victoria Gold Corp. and Sarama Resources Ltd.

Mr. McConnell is a professional mining engineer with over 40 years of experience in exploration, development and operations. He served as Vice President of NWT Projects at De Beers Canada Ltd. from 2001 to 2006 and directed development and construction of the Snap Lake Diamond Project. He was President and CEO of Western Keltic Mines Inc. until its takeover by Sherwood Copper Corp. in 2008. He is currently Director, President & CEO of Victoria Gold Corp.

The participation of the members of the Compensation Committee in other reporting issuers as directors is described in Schedule “A”.

The Board is satisfied that the composition of the Compensation Committee ensures an objective process for determining compensation. All members of the Compensation Committee have had significant experience in the mining sector, including the junior exploration sector and on other Boards of Directors.

What the Compensation Strategy is Designed to Reward

The Compensation Committee endeavors to ensure that the Company’s compensation strategy effectively compensates, motivates and rewards senior management of the Company on the basis of individual and corporate performance, both short term and long term, while keeping in mind the duty that the Company owes to its shareholders.

Each Element of Compensation

Compensation includes base salary, grants of stock options and bonuses based on available funds. The amount of bonus paid, if any, is based on individual performance and achievement of corporate responsibilities, accountabilities and overall contribution to the Company.

How the Company Determines the Amount for each Element

The Compensation Committee is responsible for making recommendations to the Board for compensation levels.

When determining compensation policies and individual compensation levels for the Named Executive Officers, the Compensation Committee takes into consideration a variety of factors. These factors include the overall financial and operating performance of the Company, the Compensation Committee and the Board's overall assessment of each executive's individual performance and his contribution towards meeting corporate objectives, levels of responsibility, length of service and industry comparables.

How Each Element Fits the Company's Compensation Objectives

The salary for each Named Executive Officer is primarily determined having regard to his position, responsibilities, the assessment of such individual's performance and overall corporate performance as presented by management to the Board and the Compensation Committee. The base salaries of executive officers are reviewed annually and adjusted when considered appropriate.

The Compensation Committee will consider whether it is appropriate and in the best interests of the Company to award a discretionary cash bonus to the Named Executive Officers and if so, in what amount. A cash bonus may be awarded to reward extraordinary performance that has led to increased value for shareholders through property acquisitions or divestitures, the formation of new strategic or joint venture relationships, capital raising efforts or achieving satisfaction of predetermined and agreed upon performance criteria. Demonstrations of extraordinary personal commitment to the Company's interests, the community and the industry may also be rewarded through a cash bonus.

The Compensation Committee may from time to time recommend the grant of stock options to the Company's executive officers under the Company's stock option plan ("**Stock Option Plan**"). All grants of options are reviewed and approved by the Board. Grants of stock options are intended to enforce and encourage the executive officer's commitment to the Company's growth and the enhancement of share value and to reward executive officers for the Company's performance. The grant of stock options, as a key component of the executive compensation package, enables the Company to attract and retain qualified executives. The Compensation Committee reviews option balances and recommends grants to newly hired executive officers at the time of their employment and considers further grants to executive officers from time to time thereafter to such executive officers. The amount and terms of outstanding options held by an executive are taken into account when determining whether and how new option grants should be made to the executive. The number of Common shares which may be subject to option in favour of any one individual is limited under the terms of the Stock Option Plan.

The Compensation Committee has not formally considered the risks associated with the Company's compensation policies and practices. The Company's compensation policies and practices give greater weight toward long-term incentives to mitigate the risk of encouraging short term goals at the expense of long term sustainability.

The Company does not have a formal policy prohibiting an NEO or director from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation and held, directly or indirectly, by the NEO or director. However, there is an understanding that the Company's NEOs and directors will not purchase such financial instruments, and no NEO or director has purchased any such financial instruments as at the date of this Circular.

Effective August 7, 2014, the Company entered into an agreement with Venturex Consulting and Jeannine P.M. By way of a consulting agreement dated effective February 1, 2014 between the Company and Michael D. Remuneration for these individuals is subject to annual review. At the discretion of the Board of Directors of the Company, Named Executives may receive a cash bonus reflecting favourable performance of the Company and the Named Executive. The Named Executives may also receive incentive options to purchase Common shares, at the discretion of the Board of Directors of the Company and subject to the Stock Option Plan.

The agreements with the Named Executives include provisions that restrict the use of confidential information of the Company by the Named Executives and provide for the return of Company property and documents upon termination of employment.

Share-based and option-based awards

The Company uses the same process to grant option-based awards to executive officers and NEOs. This process is described under “Compensation Discussion and Analysis - How Each Element Fits the Company’s Compensation Objectives”. The Company does not grant share-based awards.

Compensation Governance

The Company’s Compensation Committee assesses performance and determines the remuneration of senior officers. The Compensation Committee also administers the Stock Option Plan. The Compensation Committee may recommend to the Board the granting of stock options to directors of the Company as well as determine directors’ fees, if any, from time to time. Directors may also be compensated in cash and/or equity for their expert advice and contribution towards the success of the Company. The form and amount of such compensation will be evaluated by the Compensation Committee, which

will be guided by the following goals: (i) compensation should be commensurate with the time spent by directors in meeting their obligations and reflective of the compensation paid by companies similar in size and business to the Company; and (ii) the structure of the compensation should be simple, transparent and easy for shareholders to understand. Shareholders will be given the opportunity to vote on all new or substantially revised equity compensation plans for directors as required by regulatory policies.

The role of the Compensation Committee is primarily to administer the Stock Option Plan and to determine the remuneration of senior officers of the Company.

Information regarding the Compensation Committee and its members is provided under “Compensation Discussion and Analysis - Objectives of Compensation Strategy”.

Information regarding the compensation consultant or advisor of the Company is provided under “Compensation Discussion and Analysis - How the Company Determine the Amount for each Element”.

No compensation consultant or advisor has, at any time since the Company’s most recently completed financial year, been retained to assist the Board of Directors or the Compensation Committee in determining compensation for any of the Company’s directors or executive officers.

Summary Compensation

The Company has a Stock Option Plan in place for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and maintaining and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through rights granted under the Stock Option Plan to purchase Common shares of the Company. Other than the Stock Option Plan, the Company does not have any share-based awards or pension plans in place.

The following table sets forth all compensation paid by the Company or a subsidiary of the Company during the Company’s three most recently completed fiscal years in respect of the individuals who were, during the fiscal year ended December 31, 2017, Named Executive Officers of the Company. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The Audit Committee must pre-approve any engagement of the external auditors for any non-audit services to the Company in accordance with applicable law and policies and procedures to be approved by the Board. The engagement of non-audit services will be considered by the Board on a case by case basis.

Amendment to Stock Option Plan

Background

The policies of the TSX-V require that all listed companies adopt either a "rolling" stock option plan reserving a maximum of 10% of the issued shares of the company or a "fixed number" stock option plan reserving a specified number of shares, up to a maximum of 20% of the company's issued shares as at the date of shareholder approval, with vesting provisions for plans that reserve more than 10%, and thereafter grant all stock options pursuant to the plan. The Company currently has a fixed number stock option plan, pursuant to which 4,084,855 Common shares are reserved for issuance.

At the Meeting, shareholders will be asked to consider, and if thought fit, approve the replacement of the Company's current fixed number stock option plan with a "rolling" stock option plan (the "**Plan**"), pursuant to which a maximum of 10% of the issued shares of the Company are to be set aside and reserved for options to purchase Common shares of the Company ("**Options**") on a rolling basis.

The material terms of the Plan are as follows:

Persons Eligible under the Plan

Under the Plan, bona fide directors, officers and employees of the Company and its affiliates, individuals employed by persons providing management services to the Company and its affiliates, consultants for the Company and its affiliates, and companies for which 100% of the share capital thereof is owned by one or more persons of the kind described in this paragraph (collectively, "**Service Providers**"), may be granted Options by the Board under the Plan (each Service Provider who receives an Option, an "**Optionee**").

Before being granted an Option, a Service Provider that is not an individual will be required to undertake in writing not to permit any transfer of ownership or option of any of its securities, or to issue more of its securities (so as to indirectly transfer the benefits of an Option), as long as such Option remains outstanding, without written permission of the TSX-V and the Company.

Administration

The Board is responsible for the general administration of the Plan and the proper execution of its provisions, the interpretation of the Plan and the determination of all questions arising thereunder.

Maximum Number of Shares Reserved for Issuance

The maximum aggregate number of Common shares that may be reserved for issuance under the Plan (“**Plan Shares**”) at any point in time is 10% of the issued and outstanding Common shares of the Company at the time Plan Shares are reserved for issuance as a result of the grant of an Option, unless amended pursuant to the requirements of the TSX-V Policies, and, if applicable, the NEX Policies.

No Service Provider can be granted an Option if that Option would result in the total number of Options granted to such Service Provider in the previous 12 months, exceeding 5% of the issued and outstanding shares of the Company (unless the Company has obtained disinterested shareholder approval to do so).

In any 12-month period, the aggregate number of Options granted (i) to Service Providers conducting investor relations activities; or (ii) to any one consultant, cannot exceed 2% of the issued and outstanding Common Shares, calculated at the time of grant, without the prior consent of the TSX Venture.

In the event an Option granted under the Plan expires unexercised or is terminated by reason of dismissal of the Optionee for cause or is otherwise lawfully cancelled prior to exercise of the Option, the Common shares that were issuable upon exercise of the Option (“**Optioned Shares**”) will be returned to the Plan and will be eligible for re-issuance.

The Company will be required to obtain disinterested shareholder approval before the Plan could result in:

- (a) the aggregate number of Common shares reserved for issuance under Options granted to insiders exceeding 10% of the Outstanding Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the Outstanding Shares);
- (b) the number of Optioned Shares issued to insiders within a one-year period exceeding 10% of the Outstanding Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the Outstanding Shares); or,
- (c) the issuance to any one Optionee, within a 12-month period, of a number of Common Shares exceeding 5% of Outstanding Shares.

Terms and Conditions of Options

- (a) *Option Exercise Price:* The exercise price of an Option (“**Exercise Price**”) will be set by the Board at the time such Option is granted under the Plan, and cannot be less than the Discounted Market Price of the Common shares (as calculated in accordance with the policies of the TSX-V).
- (b) *Term of Options:* An Option can be exercisable for a maximum of 10 years from the date of grant thereof.
- (c) *Option Amendment:* An Exercise Price may be amended only if at least six (6) months have elapsed since the later of the date of commencement of the term of the option, the date the Common shares commenced trading on the TSX-V, and the date of the last amendment of such Exercise Price. An Option must be outstanding for at least one year before the company may extend its term (subject to a maximum term of 10 years). Any proposed amendment to the terms of an Option must be approved by the TSX-V prior to the exercise of such Option. Disinterested shareholder approval must be approved before any reduction in the Exercise Price of an Option previously granted to an Insider becomes effective.
- (d) *Vesting of Options:* Vesting of Options (except for those Options granted to consultants conducting investor relations activities) shall be at the discretion of the Board and, with respect to any particular Options granted under the Plan, in the absence of a vesting schedule being specified at the time of grant, all such Options shall vest

immediately. Where applicable, the vesting of Options will generally be subject to the continued employment or provision of services by the Service Provider, at the discretion of the Board, achieving certain milestones determined by the Board, receiving satisfactory performance reviews by the Company or its Affiliates, or the Service Provider remaining a director during the vesting period.

Options granted to consultants conducting investor relations activities will vest: (a) over a period of not less than 12 months as to 25% of on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting; or (b) such longer vesting period as the Board may determine.

Subject to any necessary regulatory approval, upon a change of control, all Options will become immediately exercisable, notwithstanding any contingent vesting provisions to which such Options may have otherwise been subject. To the extent possible, the Board will give notice to Optionees not less than 30 days prior to the consummation of a change of control.

If a bona fide offer (the “Offer”) for Common shares is made to an Optionee or to shareholders generally or to a class of shareholders which includes the Optionee, which Offer constitutes a takeover bid within the meaning of section 92 of the British Columbia Securities Act, as amended from time to time, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon, subject to any necessary regulatory approval, any Option held by an Optionee may be exercised in whole or in part by the Optionee notwithstanding any contingent vesting provisions to which such Option may have otherwise been subject, so as to permit the Optionee to tender the Optioned Shares received upon such exercise. If:

- (i) the Offer is not completed within the time specified therein; or
- (ii) all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up and paid for by the offeror pursuant thereto;

the Optioned Shares or, in the case of clause (ii) above, the Optioned Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued shares and with respect to such returned Optioned Shares, the Option shall be reinstated as if it had not been exercised, and any vesting schedule shall also be reinstated. If any Optioned Shares are returned to the Company under this Section, the Company shall refund the exercise price to the Optionee for such Optioned Shares.

- (e) *Optionee Ceasing to be Service Provider*: No Option may be exercised after the Service Provider has left his employ/office or has been advised that his services are no longer required or his service contract has expired, except as follows:
 - (i) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee’s lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
 - (ii) an Option granted to any Service Provider will expire 90 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any times prior to the expiry of the Option) after the date the Optionee ceases to be employed by or provide services to the Company, but only to the extent that such Option has vested at the date the Optionee ceased to be so employed by or to provide services to the Company; and
 - (iii) in the case of an Optionee being dismissed from employment or service for cause, such Optionee’s Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise the Option.

- (f) *Non-Assignable*: Except for in the circumstances in paragraph (e) of this section immediately above, Options are non-assignable or transferable.
- (g) *Options under Previous Plan*. On the effective date of the Plan, the Plan will supersede all prior stock option plans of the Company and all outstanding stock options granted under prior stock option plans of the Company will be rolled over and into and be subject to the terms and conditions of this Plan.

Adjustment of the Number of Optioned Shares

The number of Common shares subject to an Option will be subject to adjustment in the events and in the manner following:

- (a) in the event of a subdivision of Common Shares as constituted on the effective date of the Plan, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of the Optioned Shares, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common shares as result from the subdivision without an Optionee making any additional payment or giving any other consideration therefor;
- (b) in the event of a consolidation of the Common shares as constituted on the effective date of the Plan, at any time while an Option is in effect, into a lesser number of Common shares, the Company will thereafter deliver and an Optionee will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;
- (c) in the event of any change of the Common Shares as constituted on the effective date of the Plan, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the said change as an Optionee would have been entitled to receive in respect of the number of Common shares so purchased had the right to purchase been exercised before such change;
- (d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, an Optionee will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of adjustment under the Plan;
- (e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in the Plan are cumulative;
- (f) the Company will not be required to issue fractional shares in the event of an adjustment under the Plan. Any fractional interest in a Common share that would, except for in the case of an adjustment under the Plan, be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company; and
- (g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events giving rise to an adjustment under the Plan, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the

Company may designate and who will be granted access to all appropriate records. Such determination will be binding upon the Company and all Optionees.

ARTICLE 2 SHARE OPTION PLAN

Establishment of Share Option Plan

2.1 The Plan is hereby established to recognize contributions made by Service Providers and to create an incentive for their continuing assistance to the Company and its Affiliates.

Maximum Plan Shares

2.2 The maximum aggregate number of Plan Shares that may be reserved for issuance under the Plan at any point in time is 10% of the Outstanding Shares at the time Plan Shares are reserved for issuance as a result of the grant of an Option, unless this Plan is amended pursuant to the requirements of the TSX Venture Policies and, if applicable, the NEX Policies.

Eligibility

2.3 Options to purchase Common Shares may be granted hereunder to Service Providers from time to time by the Board. Before being granted an Option, a Service Provider that is not an individual will be required to undertake in writing not to effect or permit any transfer of ownership or option of any of its securities, or to issue more of its securities (so as to indirectly transfer the benefits of an Option), as long as such Option remains outstanding, unless the written permission of the TSX Venture and the Company is obtained.

2.4 For Options granted to Employees, Consultants or Management Company Employees, the Company and the Optionee are responsible for ensuring and confirming that the Optionee is a bona fide Employee, Consultant or Management Company, as the case may be.

Options Granted Under the Plan

2.5 All Options granted under the Plan will be evidenced by an Option Commitment in the form attached as Schedule A, showing the number of Optioned Shares, the term of the Option, a reference to vesting terms, if any, and the Exercise Price.

2.6 Subject to specific variations approved by the Board, all terms and conditions set out herein will be deemed to be incorporated into and form part of an Option Commitment made hereunder.

Limitations on Issue

2.7 Subject to §2.10, the following restrictions on issuances of Options are applicable under the Plan:

- (a) no Service Provider can be granted an Option if that Option would result in the total number of Options granted to such Service Provider in the previous 12 months, exceeding 5% of the Outstanding Shares (unless the Company has obtained Disinterested Shareholder Approval to do so);
- (b) no Options can be granted under the Plan if the Company is on notice from the TSX Venture to transfer its listed shares to the NEX;
- (c) the aggregate number of Options granted to Service Providers conducting Investor Relations Activities in any 12-month period cannot exceed 2% of the Outstanding Shares, calculated at the time of grant, without the prior consent of the TSX Venture; and
- (d) the aggregate number of Options granted to any one Consultant in any 12-month period cannot exceed 2% of the Outstanding Shares, calculated at the time of grant, without the prior consent of the TSX Venture.

Options Not Exercised

2.8 In the event an Option granted under the Plan expires unexercised or is terminated by reason of dismissal of the Optionee for cause or is otherwise lawfully cancelled prior to exercise of the Option, the Optioned Shares that were issuable thereunder will be returned to the Plan and will be eligible for re-issuance.

Powers of the Board

2.9 The Board will be responsible for the general administration of the Plan and the proper execution of its provisions, the interpretation of the Plan and the determination of all questions arising hereunder. Without limiting the generality of the foregoing, subject to any necessary Regulatory Approval, the Board has the power to

- (a) allot Common Shares for issuance in connection with the exercise of Options;
- (b) grant Options hereunder;
- (c) amend, suspend, terminate or discontinue the Plan, or revoke or alter any action taken in connection therewith, including the power to amend the Plan without Shareholder Approval, to :
 - (i) except for previously granted and outstanding Options, reduce the benefits that may be granted to Service Providers (before a particular Option is granted) subject to the other terms hereof;
 - (ii) correct typographical or clerical errors, clarify ambiguities or matters of interpretation, or update statutory or regulatory references; and
 - (iii) comply with the requirements of any applicable regulatory authority or respond to legal or regulatory changes,

except that no general amendment or suspension of the Plan will, without the prior written consent of all Optionees, alter or impair any Option previously granted under the Plan unless the alteration or impairment occurred as a result of a change in the TSX Venture Policies or the Company's tier classification thereunder; and

- (d) delegate all or such portion of its powers hereunder as it may determine to one or more committees of the Board, either indefinitely or for such period of time as it may specify, and thereafter each such committee may exercise the powers and discharge the duties of the Board in respect of the Plan so delegated to the same extent as the Board is hereby authorized so to do.

Terms or Amendments Requiring Disinterested Shareholder Approval

2.10 The Company will be required to obtain Disinterested Shareholder Approval prior to any of the following actions becoming effective:

- (a) the Plan could result at any time in:
 - (i) the aggregate number of Common Shares reserved for issuance under Options granted to Insiders exceeding 10% of the Outstanding Shares (in the event that this Plan is amended to reserve for issuance more than 10% of the Outstanding Shares);
 - (ii) the number of Optioned Shares issued to Insiders within a one-year period exceeding 10% of the Outstanding Shares (in the event that this Plan is amended to reserve for issuance more than 10% of the Outstanding Shares); or,
 - (iii) the issuance to any one Optionee, within a 12-month period, of a number of Common Shares exceeding 5% of Outstanding Shares; or

- (b) any reduction in the Exercise Price of an Option previously granted to an Insider.

ARTICLE 3 TERMS AND CONDITIONS OF OPTIONS

Exercise Price

3.1 The Exercise Price of an Option will be set by the Board at the time such Option is granted under the Plan, and cannot be less than the Discounted Market Price.

Term of Option

3.2 An Option can be exercisable for a maximum of 10 years from the Effective Date.

Option Amendment

3.3 Subject to §2.10(b), the Exercise Price of an Option may be amended only if at least six (6) months have elapsed since the later of the date of commencement of the term of the Option, the date the Common Shares commenced trading on the TSX Venture, and the date of the last amendment of such Exercise Price.

3.4 An Option must be outstanding for at least one year before the Company may extend its term, subject to the limits contained in §3.2.

3.5 Any proposed amendment to the terms of an Option must be approved by the TSX Venture prior to the exercise of such Option.

Vesting of Options

3.6 Subject to §3.7, vesting of Options shall be at the discretion of the Board and, with respect to any particular Options granted under the Plan, in the absence of a vesting schedule being specified at the time of grant, all such Options shall vest immediately. Where applicable, the vesting of Options will be generally subject to:

(a) the Service Provider remaining employed by or continuing to provide services to the Company or any of its Affiliates as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or any of its Affiliates during the vesting period; or

(b) the Service Provider remaining as a Director of the Company or any of its Affiliates during the vesting period.

Vesting of Options Granted to Consultants Conducting Investor Relations Activities

3.7 Notwithstanding §3.6, Options granted to Consultants conducting Investor Relations Activities will vest:

- (a) over a period of not less than 12 months as to 25% on the date that is three months from the date of grant, and a further 25% on each successive date that is three months from the date of the previous vesting; or
- (b) such longer vesting period as the Board may determine.

Optionee Ceasing to be Director, Employee or Service Provider

3.8 No Option may be exercised after the Service Provider has left his employ/office or has been advised by the Company that his services are no longer required or his service contract has expired, except as follows:

- (a) in the case of the death of an Optionee, any vested Option held by him at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such Option;
- (b) an Option granted to any Service Provider will expire 90 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any times prior to the expiry of the Option) after the date the Optionee ceases to be employed by or provide services to the Company, but only to the extent that such Option has vested at the date the Optionee ceased to be so employed by or to provide services to the Company; and
- (c) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's Options, whether or not vested at the date of dismissal will immediately terminate without right to exercise same.

Non Assignable

3.9 Subject to §3.8, all Options will be exercisable only by the Optionee to whom they are granted and will not be assignable or transferable.

Adjustment of the Number of Optioned Shares

3.10 The number of Common Shares subject to an Option will be subject to adjustment in the events and in the manner following:

- (a) in the event of a subdivision of Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a greater number of Common Shares, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder, in addition to the number of Optioned Shares in respect of which the right to purchase is then being exercised, such additional number of Common Shares as result from the subdivision without an Optionee making any additional payment or giving any other consideration therefor;
- (b) in the event of a consolidation of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, into a lesser number of Common Shares,

the Company will thereafter deliver and an Optionee will accept, at the time of purchase of Optioned Shares hereunder, in lieu of the number of Optioned Shares in respect of which the right to purchase is then being exercised, the lesser number of Common Shares as result from the consolidation;

(c) in the event of any change of the Common Shares as constituted on the date hereof, at any time while an Option is in effect, the Company will thereafter deliver at the time of purchase of Optioned Shares hereunder the number of shares of the appropriate class resulting from the said change as an Optionee would have been entitled to receive in respect of the number of Common Shares so purchased had the right to purchase been exercised before such change;

(d) in the event of a capital reorganization, reclassification or change of outstanding equity shares (other than a change in the par value thereof) of the Company, a consolidation, merger or amalgamation of the Company with or into any other company or a sale of the property of the Company as or substantially as an entirety at any time while an Option is in effect, an Optionee will thereafter have the right to purchase and receive, in lieu of the Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option, the kind and amount of shares and other securities and property receivable upon such capital reorganization, reclassification, change, consolidation, merger, amalgamation or sale which the holder of a number of Common Shares equal to the number of Optioned Shares immediately theretofore purchasable and receivable upon the exercise of the Option would have received as a result thereof. The subdivision or consolidation of Common Shares at any time outstanding (whether with or without par value) will not be deemed to be a capital reorganization or a reclassification of the capital of the Company for the purposes of this §3.10;

(e) an adjustment will take effect at the time of the event giving rise to the adjustment, and the adjustments provided for in this section are cumulative;

(f) the Company will not be required to issue fractional shares in satisfaction of its obligations hereunder. Any fractional interest in a Common Share that would, except for the provisions of this §3.10, be deliverable upon the exercise of an Option will be cancelled and not be deliverable by the Company; and

(g) if any questions arise at any time with respect to the Exercise Price or number of Optioned Shares deliverable upon exercise of an Option in any of the events set out in this §3.10, such questions will be conclusively determined by the Company's auditors, or, if they decline to so act, any other firm of Chartered Accountants, in Vancouver, British Columbia (or in the city of the Company's principal executive office) that the Company may designate and who will be granted access to all appropriate records. Such determination will be binding upon the Company and all Optionees.

Acceleration of Vesting on Change in Control

3.11 Subject to any necessary Regulatory Approval, upon a Change of Control, all Options will become immediately exercisable, notwithstanding any contingent vesting provisions to which such Options may have otherwise been subject. To the extent possible, the Board will give notice to Optionees not less than 30 days prior to the consummation of a Change of Control.

Effect of a Takeover

3.12 If a *bona fide* offer (the “Offer”) for Common Shares is made to an Optionee or to shareholders generally or to a class of shareholders which includes the Optionee, which Offer constitutes a takeover bid within the meaning of section 92 of the Securities Act, as amended from time to time, the Company will, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon, subject to any necessary Regulatory Approval, any Option held by an Optionee may be exercised in whole or in part by the Optionee notwithstanding any contingent vesting provisions to which such Option may have otherwise been subject, so as to permit the Optionee to tender the Optioned Shares received upon such exercise. If:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Optioned Shares tendered by the Optionee pursuant to the Offer are not taken up and paid for by the offeror pursuant thereto;

the Optioned Shares or, in the case of clause (b) above, the Optioned Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued shares and with respect to such returned Optioned Shares, the Option will be reinstated as if it had not been exercised, and any vesting schedule will also be reinstated. If any Optioned Shares are returned to the Company under this Section, the Company will refund the exercise price to the Optionee for such Optioned Shares.

ARTICLE 4 COMMITMENT AND EXERCISE PROCEDURES

Option Commitment

4.1 Upon grant of an Option hereunder, an authorized officer of the Company will deliver to the Optionee an Option Commitment detailing the terms of such Options and upon such delivery the Optionee will be subject to the Plan and have the right to purchase the Optioned Shares at the Exercise Price set out therein subject to the terms and conditions hereof.

Manner of Exercise

- 4.2 An Optionee who wishes to exercise his Option may do so by delivering
- (a) a written notice to the Company specifying the number of Optioned Shares being acquired pursuant to the Option; and

- (b) a certified cheque, wire transfer or bank draft payable to the Company for the aggregate Exercise Price by the Optioned Shares being acquired.

Delivery of Certificate and Hold Periods

4.3 As soon as practicable after receipt of the notice of exercise described in §4.2 and payment in full for the Optioned Shares being acquired, the Company will direct its transfer agent to issue a certificate to the Optionee for the appropriate number of Optioned Shares. Such certificate issued will bear a legend stipulating any resale restrictions required under applicable securities laws. Further, if the Exercise Price is set more than 10% below the then current market price of the Common Shares on the TSX Venture, the certificate will also bear a legend stipulating that the Optioned Shares are subject to a four-month TSX Venture hold period commencing the date of the grant of the Option.

Withholding Taxes

4.4 The Company will have the authority to take steps for the deduction and withholding, or for the advance payment or reimbursement by the Optionee to the Company, of any taxes or other required source deductions which the Company is required by law or regulation of any governmental authority whatsoever to remit in connection with this Plan, or any issuance of Common Shares. Without limiting the generality of the foregoing, the Company may, in its sole discretion:

- (a) deduct and withhold additional amounts from other amounts payable to a Optionee;
- (b) require, as a condition of the issuance of Common Shares to an Optionee that the Optionee make a cash payment to the Company equal to the amount, in the Company's opinion, required to be withheld and remitted by the Company for the account of the Optionee to the appropriate governmental authority and the Company, in its discretion, may withhold the issuance or delivery of Common Shares until the Optionee makes such payment; or

sell, on behalf of the Optionee, all or any portion of Common Shares otherwise deliverable to the Optionee until the net proceeds of sale equal or exceed the amount which, in the Company's opinion, would satisfy any and all withholding taxes and other source deductions for the account of the Optionee.

ARTICLE 5 GENERAL

Employment and Services

5.1 Nothing contained in the Plan will confer upon or imply in favour of any Optionee any right with respect to office, employment or provision of services with the Company, or interfere in any way with the right of the Company to lawfully terminate the

Optionee's office, employment or service at any time pursuant to the arrangements pertaining to same. Participation in the Plan by an Optionee is voluntary.

No Representation or Warranty

5.2 The Company makes no representation or warranty as to the future market value of Common Shares issued in accordance with the provisions of the Plan or to the effect of the Income Tax Act or any other taxing statute governing the Options or the Common Shares issuable thereunder or the tax consequences to a Service Provider. Compliance with applicable securities laws as to the disclosure and resale obligations of each Participant is the responsibility of each Participant and not the Company.

Interpretation

5.3 The Plan will be governed and construed in accordance with the laws of the Province of British Columbia.

Effective Plan Date

5.4 The Plan will become effective on the date of its acceptance by the shareholders of the Company.

5.5 On the Effective Plan Date, this Plan will supersede all prior stock option plans of the Company and all outstanding stock options granted under prior stock option plans of the Company will be rolled over and into and be subject to the terms and conditions of this Plan.
