

STALLION URANIUM ANNOUNCES INCREASE TO FLOW-THROUGH FINANCING AND COMPLETES PRIVATE PLACEMENT

NOT FOR DISTRIBUTION TO UNITED STATES NEWS WIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

Vancouver, British Columbia - December 30, 2025 - Stallion Uranium Corp. (the “Company” or “Stallion”) (TSX-V: **STUD**; OTCQB: **STLNF**; FSE: **B76**) is pleased to announce that, further to its news releases dated December 12, 2025 and December 17, 2025, it has increased its non-brokered private placement to raise gross proceeds of \$7,723,064 (the “Offering”). The Company also announces that it has closed the Offering, issuing 17,162,365 flow-through shares of the Company as a “flow-through share” within the meaning of the Income Tax Act (Canada) (each, a “**FT Share**”) at a price of \$0.45 per FT Share.

The gross proceeds from the FT Shares will be used by the Company to incur eligible “Canadian exploration expenses” that qualify as “flow-through critical mineral mining expenditures” as such terms are defined in the *Income Tax Act* (Canada) (the “**Qualifying Expenditures**”) related to the Company’s uranium projects in the Athabasca Basin, Saskatchewan, on or before December 31, 2026. All Qualifying Expenditures will be renounced in favour of the subscribers of the FT Shares effective December 31, 2025.

The FT Shares issued pursuant to the Offering are subject to a four-month and one day hold period from the date of issuance under applicable Canadian securities laws.

In connection with the closing of the Offering, the Company paid the following cash fees to eligible arm’s length finders: \$24,728 to Canaccord Genuity Corp., \$353,524.84 to Accilent Capital Management Inc., \$3,465 to Research Capital Corporation, \$70,000 to PB Markets Inc., \$47,250 to GloRes Securities Inc.; \$28,000 to Wealth (WCPD Inc.), and \$3,150 to Sightline Wealth Management.

This press release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”), or any state securities laws and may not be offered or sold within the United States or to or for the account or benefit of a U.S. person (as defined in Regulation S under the U.S. Securities Act) unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Stallion Uranium Corp.:

Stallion Uranium is working to ‘Fuel the Future with Uranium’ through the exploration of roughly 1,700 sq/km in the Athabasca Basin, home to the largest high-grade uranium deposits in the world. The company, with JV partner Atha Energy holds the largest contiguous project in the Western Athabasca Basin adjacent to multiple high-grade discovery zones. With a commitment to responsible exploration and cutting-edge technology such as the use of the proprietary Haystack TI technology, Stallion is positioned to play a key role in the future of clean energy.

Our leadership and advisory teams are comprised of uranium and precious metals exploration experts with the capital markets experience and the technical talent for acquiring and exploring early-stage properties. For more information visit stallionuranium.com.

This news release contains forward-looking statements and forward-looking information within the meaning of Canadian securities legislation (collectively, "forward-looking statements") that relate to the Company's current expectations and views of future events. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions or future events or performance (often, but not always, through the use of words or phrases such as "will likely result", "are expected to", "expects", "will continue", "is anticipated", "anticipates", "believes", "estimated", "intends", "plans", "forecast", "projection", "strategy", "objective" and "outlook") are not historical facts and may be forward-looking statements and may involve estimates, assumptions and uncertainties which could cause actual results or outcomes to differ materially from those expressed in such forward-looking statements. No assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this material change report should not be unduly relied upon. These statements speak only as of the date they are made.

Forward-looking statements are based on a number of assumptions and are subject to a number of risks and uncertainties, many of which are beyond the Company's control, which could cause actual results and events to differ materially from those that are disclosed in or implied by such forward-looking statements. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law. New factors emerge from time to time, and it is not possible for the Company to predict all of them or assess the impact of each such factor or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. Any forward-looking statements contained in this presentation are expressly qualified in their entirety by this cautionary statement.
