CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This Offering Document contains “forward-looking information” within the meaning of the United States Private Securities Litigation Reform Act of 1995 applicable Canadian securities laws, which is based upon the Company’s current internal expectations, estimates, projections, assumptions and beliefs. The forward-looking information included in this Offering Document is made only as of the date of this Offering Document. Such forward-looking statements and forward-looking information include, but are not limited to, statements concerning future prices of commodities including lithium and nickel, the accuracy of mineral or resource exploration activity, reserves or resources, the accuracy of cash flow forecasts, projected capital and operating costs, metal processing recoveries, mine life, production rates, regulatory or government requirements or approvals including approvals of title and mining rights or licenses and environmental, local community or indigenous community approvals, the reliability of third party information, continued access to mineral properties or infrastructure or water, changes in laws, rules and regulations including in the United States, Nevada or California or any other jurisdiction which may impact upon the Company or its properties or the commercial exploitation of those properties, currency risks including the exchange rate of USD\$ for Cdn\$ or other currencies, fluctuations in the market for lithium related products, changes in exploration costs and government royalties, export policies or taxes in the United States or any other jurisdiction and other factors or information, the Company’s expectations with respect to the use of proceeds and the use of available funds following completion of the Offering, the completion of the Offering, and the expected Closing Date.

Forward-looking statements or forward-looking information relate to future events and future performance and include statements regarding the expectations and beliefs of management based on information currently available to the Company. Such forward-looking statements and forward-looking information often, but not always, can be identified by the use of words such as “plans”, “expects”, “potential”, “is expected”, “anticipated”, “intends”, “anticipates”, “believes” or the negatives thereof or variations of such words and phrases or statements that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved.

Forward-looking statements or forward-looking information are subject to significant business, economic, competitive, political, environmental (including endangered species, habitat preservation and water-related risks) and social risks, contingencies, and uncertainties, which could cause actual events or results to differ from those reflected in such forward-looking statements and forward-looking information, including, without limitation, risks with respect to: the potential of the Company’s mineral properties; the estimation of capital requirements; the estimation of operating costs; the timing and amount of future business expenditures; and the availability of necessary financing. Many factors could cause the actual results, performance or achievements that may be expressed or implied by such forward-looking information to vary from those

described herein should one or more of these risks or uncertainties materialize. Such factors include but are not limited to: changes in economic conditions or financial markets; increases in costs; litigation; legislative, environmental and other judicial, regulatory, political and competitive developments; and exploration or operational difficulties. This list is not exhaustive of the factors that may affect any of the Company's forward-looking statements or forward-looking information. Forward-looking information includes statements about the future and are inherently uncertain. The Company's actual achievements or other future events or conditions may differ materially from those reflected in the forward-looking information due to a variety of risks, uncertainties and other factors, including without limitation, those referred to in the Company's other public filings available at www.sedarplus.ca.

The Company provides no assurance that forward-looking statements or forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements and information. Accordingly, readers should not place undue reliance on forward-looking statements and forward-looking information. The forward-looking information included in this Offering Document is made as of the date hereof, and the Company undertakes no obligation to publicly update or revise any forward-looking information, other than as required by applicable law.

PART 2

SUMMARY DESCRIPTION OF BUSINESS

What is our business?

The Company is a Canadian-based mineral exploration company seeking to secure the supply of domestic lithium through its active engagement in the Nevada North Lithium Project, located in the Granite Range southeast of Jackpot, Nevada about 73 km north-northeast of Wells, Elko County, Nevada. The Project focuses on exploring for clean, high-grade lithium energy metals in Nevada, USA, a crucial element for powering electric vehicles. With a primary listing on the TSX Venture Exchange in Canada and the OTCQX Market in the US, the Company is strategically positioned as a key player in advancing lithium exploration.

Recent developments

There are no material recent developments in respect of the Company that have not been disclosed in this Offering Document or in any other document filed by the Company in the 12 months preceding the date of this Offering Document.

Certain recent developments relating to the Company and its business include:

On September 24, 2024 the Company reported a substantial increase to the Resource Estimate (the "RE") on the Nevada North Lithium Project. The RE, prepared by Dr. Bruce Davis, includes a pit-constrained Inferred Resource of 11.24 Mt of Lithium Carbonate Equivalent (LCE) grading 3,010 ppm Li at a 1,250 ppm Li cutoff. Of the 11.24 Mt LCE, 2.59 Mt are located on the private parcel of land where the majority of mineral rights are owned by Evolution Mining. See the Company's news release dated September 24, 2024 for further details.

On October 29, 2024 the Company reported that testwork performed at Sepro Mineral Systems (Sepro) in conjunction with Kemetco Research, using a lab-scale Falcon continuous (C) concentrator, has resulted in a 25-per-cent boost in the lithium grade while retaining 87 per cent of the lithium for the Nevada North Lithium Project lithium claystone sample provided. This was achieved using a representative sample of the CU3 layer with a calculated head grade of 4,105 parts per million (ppm) lithium (Li), which the testing demonstrated can be upgraded to an assayed 5,124 ppm Li. See the Company's news release dated October 29, 2024 for further details.

On April 14, 2025 the Company announced it had closed a non-brokered private placement financing offering of 10,351,667 units at a price of \$0.30 per unit for gross proceeds of \$3,105,500.

On June 9, 2025 the Company reported the results of its 2025 Preliminary Economic Assessment Study ("PEA") for the Nevada North Lithium Project located in Elko County north-northeast of Wells, Nevada. See the Company's news release dated June 9, 2025 for further details.

On August 27, 2025 the Company announced it had closed its previously announced agreement to purchase the remaining 50-per-cent interest in certain in the M3 Metals Corp. (“M3M”) Texas Springs claims by issuing to M3M 1.2 million of its common shares. See the Company’s news release dated August 27, 2025 for further details.

On September 16, 2025 the Company announced it had entered into a non-binding letter of intent (LOI) with Evolution Mining Ltd., pursuant to which the parties will form a joint venture (“JV”) for the purpose of continuing the development of the Nevada North Lithium Project.

Material Facts

There are no material facts about the securities being distributed that have not been disclosed in this Offering Document or in any other document filed by the Company in the 12 months preceding the date of this Offering.

What are the business objectives that we expect to accomplish using the available funds?

The business objective the Company expects to accomplish using the available funds following completion of the Offering is to fund the Company’s exploration of the Nevada North Lithium Project through to the pre-feasibility study (“PFS”) stage and into the bankable feasibility study (“BFS”) stage.

The Company anticipates completing the following to achieve this objective:

Event	Anticipated Timeline	Anticipated Cost Assuming 100% of the Offering
Water Supply Test Wells for PFS	Spring/Summer 2026	\$1,400,000
Explore New Claims as part of JV, including geophysics, mapping, sampling, drilling, desktop studies*	Field Season 2026, 2027, 2028	\$1,000,000
BFS Process Pilot Plant Design	2027	\$1,600,000
Total		\$4,000,000

****Readers are cautioned that there is no guarantee that the JV will be formed on the terms currently contemplated by the Company, or at all. The TSX Venture Exchange has not approved the proposed JV. In the event the JV is not formed, the amounts contemplated to explore new claims as part of the JV, will alternatively be intended to be used by the Company for general working capital purposes.***

PART 3
USE OF AVAILABLE FUNDS

What will our available funds be upon the closing of the Offering?

The expected total available funds to the Company following completion of the Offering is estimated to be \$5,595,000 if the minimum Offering is completed, or \$6,595,000 if the maximum Offering is completed.

		Assuming minimum Offering only	Assuming 100% of Offering
A	Amount to be raised by this Offering	\$4,000,000	\$5,000,000
B	Selling commissions and fees	\$280,000	\$350,000
C	Estimated Offering costs (e.g., legal, accounting, audit)	\$25,000	\$25,000
D	Net proceeds of Offering: $D = A - (B+C)$ offering: $D = A - (B+C)$	\$3,695,000	\$4,695,000
E	Working capital as at most recent month end	\$1,900,000	\$1,900,000
F	Additional sources of funding	\$Nil	\$Nil
G	Total available funds: $G = D+E+F$	\$5,595,000	\$6,595,000

How will we use the available funds?

Description of intended use of available funds listed in order of priority	Assuming minimum Offering only	Assuming 100% of Offering
General Working Capital	\$1,900,000	\$2,900,000
Water Supply Test Wells for PFS	\$1,400,000	\$1,400,000

BFS Process Pilot Plant Design	\$1,600,000	\$1,600,000
Total	\$5,900,000	\$6,900,000

***Readers are cautioned that there is no guarantee that the JV will be formed on the terms currently contemplated by the Company, or at all. The TSX Venture Exchange has not approved the proposed**

JV. In the event the JV is not formed, the amounts contemplated to explore new claims from JV, will alternatively be intended to be used by the Company for general working capital purposes.

The above noted allocation of capital and anticipated timing represents the Company’s current intentions based upon its present plans and business condition, which could change in the future as its plans and business conditions evolve. Although the Company intends to expend the proceeds from the Offering as set forth above, there may be circumstances where, for sound business reasons, a reallocation of funds may be deemed prudent or necessary and may vary materially from that set forth above, as the amounts actually allocated and spend will depend on a number of factors, including the Company’s ability to execute on its business plan. See “*Cautionary Statement Regarding Forward-Looking Information*” above.

The most recent audited annual financial statements and interim financial report of the Company included a going concern note. The Company has not yet generated positive cash flows from its operating activities, which may cast doubt on the Company’s ability to continue as a going concern. The Offering is intended to permit the Company to achieve the business objectives set out herein and is not expected to address any uncertainties that affect the decision to include a going-concern note in the next annual financial statements of the Company. *It is expected that a going concern note will remain in the next annual financial statements.*

How have we used the other funds we have raised in the past 12 months?

Previous Financing	Intended Use of Funds	Use of Funds to Date	Variance and Impact on Business Objectives and Milestones
April 2025 Financing: Issuance of 10,351,667 units of the Company at a price of \$0.30 for aggregate gross proceeds of \$3,105,500.10	Operating activities of \$800K (May-July 2025) Exploration asset expenditures of \$700K (May-July 2025)	Operating activities of \$800K (May-July 2025) Exploration asset expenditures of \$700K (May-July 2025)	Nil Nil

PART 4

FEES AND COMMISSIONS

Who are the dealers or finders that we have engaged in connection with this Offering, if any, and what are their fees?

Finder::	3L Capital Inc. (“3L” or the “Finder”)
Cash Commission:	Cash finder’s fee equal to 7% of the gross proceeds of the Offering received from investors introduced by, or whose subscriptions are attributable to the efforts of, 3L
Finder’s Warrants:	Non-transferable finder’s warrants (each, a “Finder’s Warrant”) equal in number to 7% of the aggregate number of Units in total issued to investors introduced by, or whose subscriptions are attributable to the efforts of, 3L (excluding any Units that may be purchased by 3L). Each Finder’s Warrant is exercisable for one Common Share at an exercise price of \$0.25 per Common Share for 36 months following the Closing Date

Does the Finder have a conflict of interest?

The Company is not a “related issuer” or “connected issuer” of or to 3L, as such terms are defined in National Instrument 33-105 – *Underwriting Conflicts*.

PART 5

PURCHASERS’ RIGHTS

Rights of Action in the Event of a Misrepresentation

If there is a misrepresentation in this Offering Document, you have a right

- (a) to rescind your purchase of these securities with the Company, or
- (b) to damages against the Company and may, in certain jurisdictions, have a statutory right to damages from other persons.

These rights are available to you whether or not you relied on the misrepresentation. However, there are various circumstances that limit your rights. In particular, your rights might be limited if you knew of the misrepresentation when you purchased the securities.

If you intend to rely on the rights described in paragraph (a) or (b) above, you must do so within strict time limitations.

You should refer to any applicable provisions of the securities legislation of your province or territory for the particulars of these rights or consult with a legal adviser.
