INFORMATION CIRCULAR

(As at August 29, 2022, except as indicated otherwise)

Carlin Gold Corporation (the “**Company**”) is providing this Information Circular and a form of proxy in connection with management’s solicitation of proxies for use at the annual general meeting (the “**Meeting**”) of the Company to be held on October 5, 2022 and at any adjournments thereof. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder’s behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the “**Management Proxyholders**”).

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person’s name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company’s registrar and transfer agent, Computershare Trust Company of Canada, by mail or by hand at:

Proxy Dept, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1
Fax within North America: 1-888-453-0330
Fax outside North America: (416) 263-9524

no later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP’s, RRIF’s, RESP’s and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a “**Nominee**”). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-registered holders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as “non-objecting beneficial owners” (“**NOBOs**”). Those non-registered holders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as “objecting beneficial owners” (“**OBOs**”).

The Company is not sending the Meeting materials directly to NOBOs in connection with the Meeting, but rather has distributed copies of the Meeting materials to the Nominees for distribution to NOBOs.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting Materials unless their Nominee assumes the costs of delivery.

NOTICE-AND-ACCESS

The Company is not sending the Meeting materials to shareholders using “notice-and-access”, as defined under NI 54-101.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a shareholder, his or her attorney authorized in writing or, if the shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Compensation Discussion and Analysis

The Company's compensation philosophy for its senior management is designed to attract well qualified individuals in what is essentially an international market by paying competitive base management fees plus long term incentive compensation in the form of stock options or other suitable long term incentives. The Board of Directors meets to discuss and determine executive compensation without reference to formal objectives, criteria or analysis. In making its determinations regarding the various elements of executive compensation, the Board of Directors does not benchmark its executive compensation program, but from time to time does review compensation practices of companies of similar size and state of development to ensure the compensation paid is competitive within the Company's industry and geographic location while taking into account the financial and other resources of the Company.

The duties and responsibilities of the President and CEO are typical of those of a business entity of the Company's size in a similar business and include direct reporting responsibility to the Board, overseeing the activities of all other executive and management consultants, representing the Company, providing leadership and responsibility for achieving corporate goals and implementing corporate policies and initiatives.

Stock Option Plan and Other Incentive Plans

The Company's executive compensation policy consists of the payment of fees on the basis of time expended at competitive rates for technical consulting, management and administrative services paid to the executives or their companies, and long term incentives in the form of stock options granted under the Company's 10% rolling stock option plan (the "**Stock Option Plan**"). The Stock Option Plan was approved by the Company's directors on May 10, 2011 and was approved and ratified by shareholders on June 29, 2021.

Options are granted at the discretion of the Board of Directors, which considers factors such as how other junior exploration companies grant options and the potential value that each optionee is contributing to the Company. The number of options granted to an individual is based on such considerations.

Granting of options is a variable and discretionary element of compensation. The Company's Stock Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the Eligible Participants as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the Eligible Participants, the Board takes into account the number of options, if any, previously granted, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange (the "**Exchange**"), and closely align the interests of such Eligible Participants with the interests of shareholders.

Employment, Consulting and Management Agreements

The Company entered into a management services agreement with NS Star Enterprises Ltd. ("**NS Ltd.**") dated October 1, 2012, which provides for an annual management fee of \$60,000 payable to NS Ltd. NS Ltd. provides the management services of K. Wayne Livingstone in the capacity of CEO and President of the Company. The management services agreement with NS Ltd. provides that if it is terminated without cause, two years' remuneration (\$120,000), plus an amount equal to the prior two years' fees for providing geological and technical services to the Company. In the event there is a change of control, NS Ltd. will have a period of six months to give notice of termination to the Company, and the same amount of remuneration will be payable to NS Ltd. as if there had been termination without cause.

The Company entered into a management services agreement with Morfopoulos Consulting Associates Ltd. ("**MCA Ltd.**") dated October 1, 2012, which provides for an annual management fee of \$60,000 payable to MCA Ltd. MCA Ltd. provides the management services of Aris Morfopoulos in the capacity of CFO of the Company. The management services agreement with MCA Ltd. provides that, if it is terminated without cause, two years' remuneration (\$120,000) is payable by the Company. In the event there is a change of

control, MCA Ltd. will have a period of six months to give notice of termination to the Company, and the same amount of remuneration will be payable to MCA Ltd. as if there had been termination without cause.

Oversight and Description of Director and Named Executive Officer Compensation

The Board of Directors considers the implications of the risks associated with the Company's compensation policies and practices when determining rewards for its officers. Commencing in 2012, the Board of Directors reviews at least once annually the risks, if any, associated with the Company's compensation policies and practices at such time.

The Board of Directors has established a Compensation Committee, which as at the year ended December 31, 2021 was comprised of Robert Culbert, and Dong Shim, each of whom are independent within the meaning of section 1.4 of National Instrument 52-110 *Audit Committees*.

The Compensation Committee has responsibility for determining compensation for the Directors and Named Executive Officers. To determine compensation payable, the Compensation Committee considers compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration and development industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Company. The Compensation Committee also has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

Executive compensation is comprised of short-term fee compensation and long-term ownership through the Company's Stock Option Plan. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the shareholders is extremely limited. Furthermore, the short-term component of executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

For each NEO, neither total compensation nor significant elements thereof are tied to performance criteria or goals, such as milestones, agreements or transactions. No significant events have occurred during the most recently completed financial year that have significantly affected executive compensation. The process through which the Company determines the amount to be paid for each significant element of executive compensation is based on a subjective internal determination of the Company, and is not based on objective, identifiable measures. The Company does not engage in a peer group analysis to determine executive compensation. No significant changes to the Company's compensation policies were made during or after the most recently completed financial year that could or will have an effect on director or NEO compensation.

Due to the small size of the Company and the current level of the Company's activity, the Board of Directors is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

The Company has not adopted a policy prohibiting Directors or officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by Directors or officers. However, the Company is not aware of any Directors or officers having entered into this type of transaction.

Pension Disclosure

The Company does not have a pension plan that provides for payments or benefits to the Named Executive Officers or Directors at, following, or in connection with retirement.

CORPORATE GOVERNANCE DISCLOSURE

A summary of the responsibilities and activities and the membership of each of the Committees is set out below.

National Instrument 58-201 (“**NI 58-201**”) establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company’s practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company’s Board consists of five Directors, two of whom are independent based upon the tests for independence set forth in NI 52-110. Robert Culbert and Dong Shim are independent. K. Wayne Livingstone is not independent as he is the President and CEO of the Company. Aris Morfopoulos is not independent as he is the CFO and Secretary of the Company. Robert D. Thomas is not independent as he is the Vice-President, Exploration of the Company.

Management Supervision by Board

The size of the Company is such that all the Company’s operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent Directors on an informal basis as the independent Directors are actively and regularly involved in reviewing and supervising the operations of the Company and have regular and full access to management. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present. Further supervision is performed through the audit committee which is composed of a majority of independent Directors who meet with the Company’s auditors without management being in attendance. The independent Directors also have access to the Company’s auditors without management being in attendance. The independent Directors also have access to the Company’s legal counsel and its officers.

Risk Management

The Board of Directors is responsible for the adoption of a strategic planning process, identification of principal risks and implementing risk management systems, succession planning and the continuous disclosure requirements of the Company under applicable securities laws and regulations.

The audit committee is responsible for the risk management items set out in the audit committee charter.

Participation of Directors in Other Reporting Issuers

The participation of the Directors in other reporting issuers is described in the table provided under “Election of Directors” in this Information Circular.

2. access to recent, publicly filed documents of the Company, technical reports and the Company’s internal financial information; and
3. access to management and technical experts and consultants.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management’s assistance; and to attend related industry seminars and visit the Company’s operations. Board members have full access to the Company’s records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Board has adopted a Code of Conduct that is posted on its website at www.carlingold.com and has instructed its management and employees to abide by the Code.

Nomination of Directors

The Board has responsibility for identifying potential Board candidates. The Board assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and contacts in the mineral exploration and development industry are consulted for possible candidates.

Compensation of Directors and the CEO

The members of the Compensation Committee are Robert Culbert and Dong Shim, the independent directors of the Company. The Compensation Committee has responsibility for determining compensation for the Directors and senior management.

To determine compensation payable, the Compensation Committee considers compensation paid for Directors and CEOs of companies of similar size and stage of development in the mineral exploration and development industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the Directors and senior management while taking into account the financial and other resources of the Company.

Board Committees

As the Directors are actively involved in the operations of the Company and the size of the Company’s operations does not warrant a larger Board of Directors, the Board has determined that additional committees are not necessary at this stage of the Company’s development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company’s development. The Board conducts informal annual assessments of the Board’s effectiveness, the individual

Directors and each of its committees. To assist in its review, the Board conducts informal surveys of its Directors, receives information reports from the Compensation Committee on its assessment of the functioning of the Board and information reports from each committee respecting its own effectiveness. As part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

AUDIT COMMITTEE CHARTER

1.0 PURPOSE

- 1.1 The Audit Committee (the “**Committee**”) is a standing committee of the Board of Directors (the “**Board**”) of the Company charged with assisting the Board in fulfilling its responsibility to the shareholders and investment community. Its role is to:
- (a) serve as an independent and objective party to oversee the Company’s accounting and financial reporting processes, internal control system and audits of its financial statements;
 - (b) review and appraise the audit efforts of the Company’s external auditors; and
 - (c) provide an open avenue of communication among the external auditors, financial and senior management and the Board.

2.0 COMMITTEE MEMBERSHIP

- 2.1 The Board of the Company will annually appoint a minimum of three Directors to the Committee and for so long as the shares of the Company are listed on the Exchange, a majority of whom will, to the extent possible, be Directors of the Company who are independent of management and free from any material relationship that, in the opinion of the Board, would interfere with the Director’s exercise of independent judgment as a member of the Committee.
- 2.2 All members of the Committee must be financially literate, or if not financially literate at the time of their appointments, must become so within a reasonable period of time following their appointments. For the purposes of this Charter, the definition of “financially literate” is the ability to read and understand a balance sheet, an income statement and a cash flow statement that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements. The definition of “accounting or related financial management expertise” is the ability to analyze and interpret a full set of financial statements, including the notes attached thereto, in accordance with Canadian generally accepted accounting principles.
- 2.3 Members of the Committee will be appointed at the first meeting of the Board of Directors typically held following the Annual General Meeting of the Company.
- 2.4 A member may resign from the Committee and may be removed and replaced at any time by the Board of Directors. A member of the Committee will automatically cease to be a member at such time as that individual ceases to be a Director of the Company.

- Prepare the Committee meetings' agendas to facilitate that all tasks of the Committee are covered in a timely fashion and that each topic is documented in a manner that allows the making of informed recommendations to the Board.
- Monitor that follow-up matters are being addressed.
- Direct the Committee's meetings in a manner that facilitates the exchange of constructive and objective points of view and opinions, that encourages all Committee members to participate and that is conducive to good decision-making. Also arrange for private sessions that allow the Committee to meet with the external auditors separately from management and vice-versa.
- Monitor that the meetings' minutes properly reflect the discussions, recommendations and disagreements, if any, and that they are circulated in a timely fashion to the other members of the Committee and to the Board subsequently. The Chair is responsible for reporting to the Board the findings of the Committee.
- Maintain a close liaison with the Chair of the Board and cooperate with the Chair on any issue facing the Committee or any special request the Chair might have.
- Maintain a direct and personal line of communication with the external auditors in a manner to facilitate their full independence from management. The Committee will cooperate with the external auditors to find the best process to address any concern that they may have regarding the affairs of the Company.
- Promote the annual review of the Committee's performance including the review of the Chair's performance on a planned basis and encourage ways and means to facilitate that the scope of the mandate consistently reflects the requirements of the various regulators, as well as accounting and auditing profession standards.
- Review disclosure regarding the Audit Committee's work and duties in the information circular for accuracy.

3. GRANT OF OPTIONS

3.1 Option Terms

The Board may from time to time authorize the issue of Options to Eligible Persons. Where permitted under applicable policies of the Exchanges, companies that are wholly owned by Eligible Persons may also be issued Options. The Option Price under each Option shall be not less than the Market Price on the Grant Date less the applicable discount permitted under the policies of the Exchanges or, if the Shares are not listed on any Exchange, less 25%. The Expiry Date for each Option shall be set by the Board at the time of

issue of the Option and shall not be more than ten years after the Grant Date, subject to the operation of section 4.1. Options shall not be assignable or transferable by the Optionee.

3.2 Limits on Shares Issuable on Exercise of Options

The maximum aggregate number of Shares that are issuable pursuant to Security Based Compensation granted or issued under the Plan and all of the Company's other previously established or proposed Security Based Compensation plans (to which the following limits apply under Exchange policies):

- (a) to all Optionees as a group (including for greater certainty Insiders (as a group)) shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis at any point in time;
- (b) to Insiders (as a group) in any 12-month period shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis on the Grant Date, unless the Company has obtained the requisite disinterested shareholder approval pursuant to applicable Exchange policies;
- (c) to any one Optionee (including, where permitted under applicable policies of the Exchanges, any companies that are wholly owned by such Optionee) in any 12-month period shall not exceed 5% of the total number of issued and outstanding Shares on a non-diluted basis on the Grant Date, unless the Company has obtained the requisite disinterested shareholder approval pursuant to applicable Exchange policies.
- (d) to any one Consultant in any 12-month period shall not exceed 2% of the total number of issued and outstanding Shares on a non-diluted basis on the Grant Date;
- (e) to Investor Relations Service Providers (as a group) in any 12-month period shall not exceed 2% of the total number of issued and outstanding Shares on a non-diluted basis on the Grant Date, and Investor Relations Service Providers shall not be eligible to receive any Security Based Compensation other than Options if the Shares are listed on the TSX Venture Exchange at the time of any issuance or grant; and
- (f) to Eligible Charitable Organizations (as a group) shall not exceed 1% of the total number of issued and outstanding Shares on a non-diluted basis on the Grant Date.

3.3 Option Agreements

Each Option shall be confirmed by the execution of an Option Agreement. Each Optionee shall have the option to purchase from the Company the Option Shares at the time and in the manner set out in the Plan and in the Option Agreement applicable to that Optionee. In respect of Options granted to Employees, Consultants, Consultant Companies or Management Company Employees, the Company and the Optionee is representing herein and in the applicable Option Agreement that the Optionee is a bona fide Employee, Consultant, Consultant Company or Management Company Employee, as the case may be, of the Company or its subsidiary. The execution of an Option Agreement shall constitute conclusive evidence that it has been completed in compliance with this Plan. All Options shall be subject to any applicable resale restrictions pursuant to applicable securities laws. In addition, Options and Option Shares that are subject to the Exchange Hold Period pursuant to TSXV Policy 1.1 must be legended with the Exchange Hold Period commencing on the Grant Date, and the Option Agreement shall contain any applicable resale restriction or Exchange Hold Period.

4. EXERCISE OF OPTION

4.1 When Options May be Exercised

Subject to the operation of this section 4 of the Plan with respect to the conditions and acceleration of the vesting of an Option and the acceleration and extension of the Expiry Date of an Option, an Option may be exercised to purchase any number of Shares up to the number of Vested Unissued Option Shares at any

time after the Grant Date up to 4:00 p.m. Pacific Time on the Expiry Date and shall not be exercisable thereafter. In the event that the Expiry Date of an Option falls during a trading blackout period imposed by the Company (the “**Blackout Period**”), the Expiry Date of such Option shall automatically be extended to a date which is ten (10) trading days following the end of such Blackout Period (the “**Extension Period**”), subject to no cease trade order being in place under applicable securities laws; provided that if an additional Blackout Period is subsequently imposed by the Company during the Extension Period, then such Extension Period shall be deemed to commence following the end of such additional Blackout Period to enable the exercise of such Option within ten (10) trading days following the end of the last imposed Blackout Period.

4.2 Manner of Exercise

The Option shall be exercisable by delivering to the Company a notice specifying the number of Option Shares in respect of which the Option is exercised together with payment in full of the Option Price for each such Option Share. Upon notice and payment there will be a binding contract for the issue of the Option Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan. Delivery of the Optionee's cheque payable to the Company or such other method of cash payment as is acceptable to the Company in the amount of the Option Price shall constitute payment of the Option Price unless the cheque or other method of cash payment, as the case may be, is not honoured upon presentation in which case the Option shall not have been validly exercised.

4.3 Vesting of Option Shares

The Board, subject to the policies of the Exchanges, may determine and impose terms upon which each Option shall become Vested in respect of Option Shares. Unless otherwise specified by the Board at the time of granting an Option, and subject to the other limits on Option grants set out in Section 3.2 hereof, all Options granted under the Plan shall vest and become exercisable in full upon grant, except Options granted to Investor Relations Service Providers, which Options must vest in stages over twelve months with no more than one-quarter of the Options vesting in any three month period.

4.4 Termination of Employment

If an Optionee ceases to be an Eligible Person, his or her Option shall be exercisable as follows:

(a) Death or Disability

If the Optionee ceases to be an Eligible Person, due to his or her death or Disability or, in the case of an Optionee that is a company, the death or Disability of the person who provides management or consulting services to the Company or to any entity controlled by the Company, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of:

- (i) 365 days after the date of death or Disability; and
- (ii) the Expiry Date;

(b) Termination For Cause

If the Optionee or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person as a result of termination for cause as that term is interpreted by the courts of the jurisdiction in which the Optionee, or, in the case of a Management Company Employee or a Consultant Company, of the Optionee's employer, is employed or engaged; any outstanding Option held by such Optionee on the date of such termination, whether in respect of Option Shares that are Vested or not, shall be cancelled as of that date.

(c) Early Retirement, Voluntary Resignation or Termination Other than For Cause

If the Optionee or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her termination by the Company other than for cause, or due to his or her voluntary resignation, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and the date which is 90 days (30 days if the Optionee was engaged in Investor Relations Activities) after the Optionee or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, ceases to be an Eligible Person.

(d) Spin-Out Transactions

If pursuant to the operation of sub-section 5.3(c) an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect of the Optionee's Options (the "**Subject Options**"), subject to the prior approval of the Exchanges, the New Options shall expire on the earlier of: (i) the Expiry Date of the Subject Options; (ii) if the Optionee does not become an Eligible Person in respect of the New Company, the date that the Subject Options expire pursuant to sub-section 4.4(a), (b) or (c), as applicable; (iii) if the Optionee becomes an Eligible Person in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to sub-section 4.4(a), (b) or (c) hereof; and (iv) the date that is one (1) year after the Optionee ceases to be an Eligible Person in respect of the New Company or such shorter period as determined by the Board.

(e) Eligible Charitable Organizations

If the Optionee ceases to be an Eligible Person due to no longer being an Eligible Charitable Organization, the Options then held by that Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and the date which is 90 days after the date the Optionee ceases to be an Eligible Person.

Notwithstanding the foregoing, the Board may, in its sole discretion if it determines such is in the best interests of the Company and subject to the policies of the Exchanges, extend the early Expiry Date (as set out above in this section 4.4) of any Option held by an Optionee who ceases to be an Eligible Person to a later date within a reasonable period, subject to such period not exceeding 12 months from the date the Optionee ceases to be an Eligible Person.

For purposes of this section 4.4, the dates of death, Disability, termination, retirement, voluntary resignation, ceasing to be an Eligible Person and incapacity shall be interpreted to be without regard to any period of notice (statutory or otherwise) or whether the Optionee or his or her estate continues thereafter to receive any compensatory payments from the Company or is paid salary by the Company in lieu of notice of termination.

For greater certainty, an Option that had not become Vested in respect of certain Unissued Option Shares at the time that the relevant event referred to in this section 4.4 occurred, shall not be or become vested or exercisable in respect of such Unissued Option Shares and shall be cancelled.

4.5 Effect of a Take-Over Bid

If a *bona fide* offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in the offeror becoming a control person of the Company, within the meaning of subsection 1(1) of the Securities Act, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon (subject to the approval of the Exchanges with respect

to Investor Relations Service Providers) all Option Shares subject to such Offer will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Option Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or
- (b) all of the Option Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Option Shares received upon such exercise, or in the case of clause (b) above, the Option Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such returned Option Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Option Shares were to become Vested pursuant to section 4.3 shall be reinstated. If any Option Shares are returned to the Company under this section 4.5, the Company shall immediately refund the exercise price to the Optionee for such Option Shares.

4.6 Acceleration of Expiry Date

If at any time when an Option granted under the Plan remains unexercised with respect to any Unissued Option Shares, an Offer is made by an offeror, the Board may, upon notifying each Optionee of full particulars of the Offer and subject to the approval of the Exchanges with respect to Investor Relations Service Providers, declare all Option Shares issuable upon the exercise of Options granted under the Plan, Vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer. The Board shall give each Optionee as much notice as possible of the acceleration of the Options under this section, except that not less than 5 business days of notice is required and more than 30 days of notice is not required.

4.7 Compulsory Acquisition or Going Private Transaction

If and whenever, following a take-over bid or issuer bid, there shall be a compulsory acquisition of the Shares pursuant to Division 6 of the *Business Corporations Act* (British Columbia) or any successor or similar legislation, or any amalgamation, merger or arrangement in which securities acquired in a formal take-over bid may be voted under the conditions described in Section 8.2 of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*, then following the date upon which such compulsory acquisition, amalgamation, merger or arrangement is effective, an Optionee shall be entitled to receive, and shall accept, for the same exercise price, in lieu of the number of Option Shares to which such Optionee was theretofore entitled to purchase upon the exercise of his or her Options, the aggregate amount of cash, shares, other securities or other property which such Optionee would have been entitled to receive as a result of such bid if he or she had tendered such number of Option Shares to the take-over bid.

4.8 Effect of a Change of Control

If a Change of Control occurs, all Option Shares subject to each outstanding Option will become Vested, whereupon such Option may be exercised in whole or in part by the Optionee, subject to the approval of the Exchanges with respect to Investor Relations Service Providers or if otherwise necessary.

4.9 Exclusion from Severance Allowance, Retirement Allowance or Termination Settlement

If the Optionee, or, in the case of a Management Company Employee or a Consultant Company, the Optionee's employer, retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company, the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares which were not Vested at that time or which, if Vested, were cancelled, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

4.10 Shares Not Acquired

Any Unissued Option Shares not acquired by an Optionee under an Option which has been settled in cash, cancelled, terminated, surrendered, forfeited or expired without being exercised may be made the subject of a further Option pursuant to the provisions of the Plan.

5. ADJUSTMENT OF OPTION PRICE AND NUMBER OF OPTION SHARES

5.1 Share Reorganization

Subject to the prior approval of the Exchanges (other than in the case of a Share subdivision or consolidation), whenever the Company issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Option Price will be adjusted to a price per Share which is the product of:
 - (i) the Option Price in effect immediately before that effective date or record date; and
 - (ii) a fraction, the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in subsection 5.1 (a)(ii).

Any increase in the number of Unissued Option Shares as a result of the adjustment provisions provided in this section 5.1 is subject to compliance with the limits set out in section 3.2 and, if any increase in the number of Unissued Option Shares as a result of the adjustment provisions provided in this section 5.1 would result in any limit set out in section 3.2 being exceeded, then the Company may, if determined by the Board in its sole and unfettered discretion (subject to the prior approval of the Exchanges), make payment in cash to the Optionee in lieu of increasing the number of Unissued Option Shares in order to properly reflect any diminution in value of the Option Shares as a result of such Share Reorganization.

5.2 Special Distribution

Subject to the prior approval of the Exchanges, whenever the Company issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares;

- (a) shares of the Company, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a "**Special Distribution**"), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Option Price will be reduced, and the number of Unissued Option Shares will be correspondingly

increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

Any increase in the number of Unissued Option Shares as a result of the adjustment provisions provided in this section 5.2 is subject to compliance with the limits set out in section 3.2 and, if any increase in the number of Unissued Option Shares as a result of the adjustment provisions provided in this section 5.2 would result in any limit set out in section 3.2 being exceeded, then the Company may, if determined by the Board in its sole and unfettered discretion (subject to the prior approval of the Exchanges), make payment in cash to the Optionee in lieu of increasing the number of Unissued Option Shares in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

5.3 Corporate Organization

Subject to the prior approval of the Exchanges, whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Company, other than as described in sections 5.1 or 5.2;
- (b) a consolidation, merger or amalgamation of the Company with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities;
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company, or securities of another company, or both; or
- (d) a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation,

(any such event being herein called a "**Corporate Reorganization**") the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he/she would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he/she would have been entitled to receive as a result of the Corporate Reorganization if, on the effective date thereof, he/she had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Board.

5.4 Determination of Option Price and Number of Unissued Option Shares

If any questions arise at any time with respect to the Option Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Company's auditor, or, if they decline to so act, any other firm of Chartered Accountants in Vancouver, British Columbia, that the Board may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Optionees.

5.5 Regulatory Approval

Any adjustment to the Option Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any one of sections 5.1, 5.2 or 5.3 is subject to the prior approval of the Exchanges and any other governmental authority having jurisdiction. Notwithstanding the foregoing, adjustments pursuant to section 5.1 due to a Share subdivision or consolidation do not require prior TSX Venture Exchange approval.

6. MISCELLANEOUS

6.1 Right to Employment

Neither this Plan nor any of the provisions hereof shall confer upon any Optionee any right with respect to employment or continued employment with the Company or any subsidiary of the Company or interfere in any way with the right of the Company or any subsidiary of the Company to terminate such employment.

6.2 Necessary Approvals

The Plan shall be effective upon the approval of the Plan by the Board and the Exchange or any regulatory authority having jurisdiction over the securities of the Company and shall be ratified thereafter by the shareholders of the Company by way of an ordinary resolution at the next duly convened meeting of the shareholders of the Company. Disinterested shareholder approval (as required by the Exchanges) will be obtained for any reduction in the exercise price, or any extension of the term, of any Option granted under this Plan if the Optionee is an Insider of the Company at the time of the proposed amendment. In addition, any amendment to an Option (including any cancellation of an Option and subsequent grant of a new Option to the same Person within one year) that results in a benefit to an Insider of the Company at the time of amendment will be subject to disinterested shareholder approval (as required by the Exchanges). The obligation of the Company to sell and deliver Shares in accordance with the Plan is subject to the approval of the Exchanges and any governmental authority having jurisdiction. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such approval, then the obligation of the Company to issue such Shares shall terminate and any Option Price paid by an Optionee to the Company shall be immediately refunded to the Optionee by the Company.

6.3 Administration of the Plan

The Board shall, without limitation, have full and final authority in their discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable in respect of the Plan. Except as set forth in section 5.4 and subject to any required prior Exchange approval, the interpretation and construction of any provision of the Plan by the Board shall be final and conclusive. Administration of the Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

6.4 Withholding Taxes

The exercise of each Option granted under the Plan is subject to the condition that if at any time the Company determines, in its discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Company. In such circumstances, the Company may require that the Optionee pay to the Company, in addition to and in the same manner as the exercise price for the Shares, such amount as the Company is obliged to remit to the relevant tax authority in respect of the exercise of the Option. Alternatively, the Company shall have the right in its discretion to satisfy any such liability for withholding or other required deduction amounts by retaining or acquiring any Shares acquired upon exercise of any Option, or retaining any amount payable, which would otherwise be issued or delivered, provided or paid to an Optionee by the Company, whether or not such amounts are payable under the Plan. For greater certainty, the application of this section 6.4 to any exercise of an Option shall not conflict with the policies of the Exchanges that are in effect at the relevant time and the Company will obtain prior Exchange acceptance and/or shareholder approval of any application of this section 6.4 if required pursuant to such policies.

6.5 Amendments to the Plan

The Board may from time to time, subject to applicable law and to the prior approval, if required, of the shareholders (or disinterested shareholders, if required), Exchanges or any other regulatory body having authority over the Company or the Plan, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan and the Option Agreement relating

thereto, provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Option previously granted to an Optionee under the Plan without the consent of that Optionee.

6.6 Form of Notice

A notice given to the Company shall be in writing, signed by the Optionee and delivered to the head business office of the Company.

6.7 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

6.8 Compliance with Applicable Law

If any provision of the Plan or any Option Agreement contravenes any law or any order, policy, by-law or regulation of any regulatory body or Exchange having authority over the Company or the Plan, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

6.9 No Assignment or Transfer

No Optionee may assign or transfer any of his or her rights under the Plan or any option granted thereunder. Notwithstanding the foregoing, where permitted under applicable policies of the Exchanges, companies that are wholly owned by Eligible Persons may be issued Options.

6.10 Rights of Optionees

An Optionee shall have no rights whatsoever as a shareholder of the Company in respect of any of the Unissued Option Shares (including, without limitation, voting rights or any right to receive dividends, warrants or rights under any rights offering).
