Dear Sir/Madam:

Re: Parkit Enterprise Inc. (the “Company”) – Re-filing of Form 52-109F1 – AIF “*Certification of Annual Filings In Connection with Voluntarily Filed AIF*” for the period ended December 31, 2024 – SEDAR Project No. 06251462

The Company has corrected its Form 52-109F1 – AIF “*Certification of Annual Filings In Connection with Voluntarily Filed AIF*” for the period ended December 31, 2024 as the wrong form of certification was used for the filing on March 11, 2025 under Project No. 06251462. As a result, a revised form of Form 52-109F1 – AIF “*Certification of Annual Filings In Connection with Voluntarily Filed AIF*” has been filed today on SEDAR+ under Project No. 06251462.

Sincerely,

DLA Piper (Canada) LLP

NOTE TO READER

In contrast to the certificate required for non-venture issuers under National Instrument 52-109 *Certification of Disclosure in Issuers' Annual and Interim Filings* (NI 52-109), this Venture Issuer Basic Certificate does not include representations relating to the establishment and maintenance of disclosure controls and procedures (DC&P) and internal control over financial reporting (ICFR), as defined in NI 52-109. In particular, the certifying officers filing this certificate are not making any representations relating to the establishment and maintenance of

- i) controls and other procedures designed to provide reasonable assurance that information required to be disclosed by the issuer in its annual filings, interim filings or other reports filed or submitted under securities legislation is recorded, processed, summarized and reported within the time periods specified in securities legislation; and
- ii) a process to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the issuer's GAAP.

The issuer's certifying officers are responsible for ensuring that processes are in place to provide them with sufficient knowledge to support the representations they are making in this certificate. Investors should be aware that inherent limitations on the ability of certifying officers of a venture issuer to design and implement on a cost effective basis DC&P and ICFR as defined in NI 52-109 may result in additional risks to the quality, reliability, transparency and timeliness of interim and annual filings and other reports provided under securities legislation.
