GQ Executes Definitive Agreement to Acquire 1184700 BC Ltd.

VANCOUVER, BRITISH COLUMBIA (November 25, 2019) – Great Quest Fertilizer Ltd (TSXV:GQ) (the “Company”) is pleased to announce, further to its press releases of September 13, 2018 and December 18, 2018, that it has now entered into non-arm’s length binding agreement (the “Definitive Agreement”) pursuant to which it will acquire all of the issued and outstanding shares of 1184700 BC Ltd. (“Privco”) (the “COB Transaction”). Privco is a private company incorporated in British Columbia and is the beneficial shareholder of 80% of the issued shares of Ivoirienne de Noix de Cajou SA (INCAJOU). The remaining 20% is owned by an arm’s length local partner. Upon the completion of the COB Transaction, the Company will continue the business of INCAJOU. The COB Transaction will constitute a “Change of Business” transaction pursuant to Policy 5.2 – Changes of Business and Reverse Takeovers (“Policy 5.2”) of the TSX Venture Exchange (the “Exchange”).

Background and Information About 1184700 BC Ltd.

On October 2, 2018, the Company announced that it had entered into an agreement (the “INCAJOU Share Purchase Agreement”) to acquire all of the issued shares of INCAJOU. (see our news release of October 2, 2018). The transaction was required to close in 2018. As the transaction constituted a Change of Business under Exchange policies, which required, among other things, shareholder and Exchange approval, management of the Company realized that there was insufficient time to obtain all necessary approvals and close the transaction prior to the end of 2018. Notwithstanding the timing issues, the Company did not wish to lose the opportunity to acquire INCAJOU. Consequently, Privco was incorporated on October 29, 2018 with Mr. Bruce McKean, a director of the Company, as its sole shareholder. Privco has two directors, Jed Richardson and David Shaw. Mr. Richardson is the CEO and a director of the Company and Mr. Shaw is a non-executive director of the Company.

In November 2018, the Company transferred its rights under the INCAJOU Share Purchase Agreement to Privco by way of a novation agreement which required that Privco’s shares or assets be sold to the Company once it has received of all necessary approvals to permit it to acquire Privco (see our news release of December 18, 2018 for further details). In late 2018, Privco completed the acquisition of INCAJOU.

About Ivoirienne de Noix de Cajou SA

INCAJOU is incorporated under the laws of Ivory Coast, West Africa. INCAJOU owns a cashew processing plant which has a production capacity of 9,000 tonnes and which has been in operation since April 2019. Currently INCAJOU employs 350, mostly women. As at September 30, 2019, INCAJOU has exported twelve containers of kernels (approx. 190 tonnes). The plant has been certified HACCP (see our news release of August 28, 2019).

INCAJOU is managed by Ms. Seetaroo, a director of the Company and the Chief Financial Officer of INCAJOU is also the Chief Financial Officer of the Company. All management costs are paid for by Privco. The plant has been built to align with the policy of the Ivory Coast Government to increase the country's current processing from less than 6% to 15% of the total raw cashew nuts produced locally.

Tilemsi Phosphate Project

Given INCAJOU's cash flow generating business, the relative book value of the assets purchased and the departure from mining and exploration, this purchase is deemed a "Change of Business" pursuant to the Exchange's Policy 5.2. The deemed principal business of the Company after the acquisition is completed will be that of cashew processing and the Company will change its listing classification from being a "Mining Issuer" to being an "Industrial Issuer". However, work continues to advance the Tilemsi Phosphate project and the businesses will be developed in parallel, with each benefiting from the agricultural industry relationships and goodwill generated by the other. Fertilizer and the development of the Tilemsi Phosphate project remains a priority for management and future shareholder value.

The Company will also continue to assess other value-added agribusiness opportunities that generate economic and social benefit in Africa.

The COB Transaction

The Definitive Agreement is subject to, among other things, the approval of the Exchange and approval from a majority of disinterested shareholders of the Company. The COB Transaction is not an Arm's Length Transaction (as such term is defined in Exchange policies) (see "Non-Arm's Length Parties - Related Party Transactions - - Shareholder Approval").

Pursuant to the terms of the Definitive Agreement, the Company has agreed to acquire the one outstanding share of Privco in consideration for one common share of the Company. It is a condition of closing the acquisition of the Privco share that the Company will have entered into a debt settlement agreement with Mr. Bruce McKean pursuant to which the Company will concurrently issue to Mr. McKean 22,680,000 common shares of the Company (the "Debt Shares") at a deemed price of \$0.30/share to extinguish \$6,804,000 debt owed by Privco to Mr. McKean (the "Debt Settlement Transaction"). The debt represents cash loans personally made by Mr. McKean to Privco to further the acquisition of INCAJOU and the development of INCAJOU's business.

Mr. McKean is also a director of the Company. Mr. McKean currently owns 5,443,300 common shares of the Company. The issuance of the Debt Shares to Mr. McKean will result in him owning a total of 28,123,301 common shares of the Company, representing approximately 22.31% of the then outstanding shares, thus creating a new Control Person under Exchange policies.

The sole shareholder of Privco is Bruce McKean who is also a director of the Company. In addition, the two directors of Privco are Jed Richardson (the CEO and a director of the Company) and David Shaw (a non-executive director of the Company). Consequently, Messrs. McKean, Richardson and Shaw are Non-Arm’s Length Parties (as such term is defined in Exchange policies).

The COB Transaction and the Debt Settlement Transaction are each “related party transactions” pursuant to Multilateral Instrument 61-101 – Protection of Minority Security Holders in Special Transactions (“MI 61-101”). The Company is not exempted from the requirements of MI 61-101 to obtain shareholder approval (on a majority of the minority basis) to the COB Transaction and the Debt Settlement Transaction. Therefore, the Company will be seeking disinterested shareholder approval to the COB Transaction and to the Debt Settlement Transaction, as required under MI 61-101, at a meeting of shareholders (the “Shareholder Meeting”) which the Company anticipates will be held in the near future.

Pursuant to Exchange policies, the creation of a new Control Person, which will result from the issuance of the Debt Shares to Mr. McKean (see “The COB Transaction” above) requires the approval of disinterested shareholders. Therefore, the Company will also be seeking disinterested shareholder approval to the creation of a new Control Person at the Shareholder Meeting.

In relation to resolutions seeking to approve the COB Transaction and the Debt Settlement Transaction resulting in the creation of the new Control Person, any common shares of the Company held by Messrs. McKean, Richardson and Shaw, together with any shares held by any of their associates or affiliates, will not be entitled to vote on the approval of such matters.

The Company expects to hold a Shareholders Meeting to seek approval of the above-mentioned matters, as well as other matters, in the near future and will advise its shareholders once a date has been set for the meeting. In relation thereto, a management information circular, with information required to be included therein pursuant to Exchange policies and applicable securities laws, will be provided to its shareholders in due course.

Prior to or concurrent with the closing of the COB Transaction, the Company intends to complete a non-brokered private placement which will be completed by the issue of (i) subscription receipts and/or units. It is proposed that the Company will raise \$6,700,000 through the issuance of 44,666,667 subscription receipts and/or units at a price of \$0.15 per subscription receipt/unit. If subscription receipts are issued, they will automatically convert, at no additional cost to the holder, to one unit on the date the COB Transaction is closed. Each unit will be comprised of one common share of the Company and one-half (½) of one share purchase warrant.

Each whole warrant will entitle the holder thereof to one common share of the Company at a purchase price of \$0.20/share for a period expiring two years after their date of issuance. It is anticipated that the proceeds raised under the Concurrent Financing will be used to fund the costs associated with the COB Transaction, to assist INCAJOU meet its business objectives in the forthcoming twelve months and for general working capital. All securities issued pursuant to the Concurrent Financing will be subject to a hold period of four months and one day. Commissions may be paid on the proceeds raised commensurate with industry norms.

Cautionary Note
