INFORMATION CIRCULAR

(information as at April 28, 2017, unless otherwise indicated)

This Information Circular is furnished in connection with the solicitation of proxies by the management of GETTY COPPER INC. (the "Company") for use at the annual general meeting (the "Meeting") of its shareholders to be held on Monday, June 5, 2017 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

SOLICITATION OF PROXIES

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. All costs of this solicitation will be borne by the Company. These officers and employees will receive no compensation other than their regular salaries but will be reimbursed for their reasonable expenses, which it is expected will not exceed \$3,000 in the aggregate.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of proxy are John B. Lepinski, Chief Executive Officer, Chief Operating Officer and Managing Director of the Company and Donald R. Willoughby, Chief Financial Officer, Vice President Finance and director of the Company. **A shareholder eligible to vote at the Meeting has the right to appoint a person, who need not be a shareholder, to attend and act for the shareholder and on the shareholder's behalf at the Meeting other than either of the persons designated in the accompanying form of proxy, and may do so either by inserting the name of that other person in the blank space provided in the accompanying form of proxy or by completing another suitable form of proxy.**

Shareholders are requested to date, sign and return the accompanying form of proxy for use at the Meeting if they are not able to attend the Meeting personally. To be effective, forms of proxy must be received by the Company's registrar and transfer agent, Computershare Investor Services Inc., no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting (namely, by 10:00 a.m., Vancouver time, on Thursday June 1, 2017) or any adjournment thereof at which the proxy is to be used. Proxies delivered by regular mail should be addressed to Computershare Investor Services Inc., Attention: Proxy Department, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. Proxies delivered by facsimile should be sent to Computershare Investor Services Inc., Attention: Proxy Department, at toll free 1-866-249-7775 in North America and 416-263-9524 internationally.

A shareholder who has given a proxy may revoke it by an instrument in writing duly executed and delivered either to Computershare Investor Services Inc. or to the registered office of the Company at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or of any reconvening thereof, or in any other manner provided by law. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

NON-REGISTERED HOLDERS

These securityholder materials are being sent to both registered and non-registered owners of common shares of the Company (the “**Common Shares**”). If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf.

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the Common Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. More particularly, a person is not a registered shareholder in respect of Common Shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and directors or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 (“**NI 54-101**”) of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, Information Circular and form of proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders. The Company does not intend to pay for delivery of the Meeting Materials to objecting beneficial holders (as defined in NI 54-101), and as a result objecting beneficial holders will not receive the Meeting Materials unless their intermediary assumes the cost of delivery.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either receive a voting instruction form or, less frequently, a form of proxy. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

- (a) **Voting Instruction Form.** In most cases, a Non-Registered Holder will receive, as part of the Meeting Materials, a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.
- (b) **Form of Proxy.** Less frequently, a Non-Registered Holder will receive, as part of the Meeting Materials, a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and deposit it with Computershare Investor Services Inc. as provided above.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxy nominees named in the form and insert the Non-Registered Holder's name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

EXERCISE OF DISCRETION

On a poll the nominees named in the accompanying form of proxy will vote or withhold from voting the Common Shares represented thereby in accordance with the instructions of the Shareholder on any ballot that may be called for. If a Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. The proxy will confer discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified; and
- (b) any other matter, including amendments to any of the foregoing, as may properly come before the Meeting or any adjournment thereof.

In respect of a matter for which a choice is not specified in the proxy, or unless otherwise provided for in the proxy, the nominees named in the accompanying form of proxy will vote Common Shares represented by the proxy for the approval of such matter.

As of the date of this Information Circular, management of the Company knows of no amendment, variation or other matter that may come before the Meeting, but if any amendment, variation or other matter properly comes before the Meeting each nominee intends to vote thereon in accordance with the nominee's best judgment.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

To the knowledge of management of the Company, other than as described herein, no director or executive officer of the Company at any time since the beginning of the last completed financial year of the Company, no proposed nominee for election as a director of the Company and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors.

During November 2016, the Company executed a \$900,000 debenture with Robak Industries Ltd., a company controlled by John Lepinski, the Chief Executive officer of Getty Copper Inc. The debenture bears interest at 6% per annum calculated yearly, not in advance. The principal balance plus all unpaid interest is due and payable at the earlier of:

- January 2, 2018;
- three days after the Company has completed, and received proceeds from, one or more securities offering(s) where the aggregate proceeds are at least \$2 million;
- the date on which the Company sells all or substantially all of its assets; and
- the date on which there is a transfer of the Company's shares which results in more than 50% of the shares being beneficially owned, directly or indirectly, by persons other than the CEO of the Company and any related party.

The debenture is secured by:

- a fixed and specific first mortgage, pledge and charge to and in favour of Robak Industries Ltd. over: (i) all Crown grants, lands and other real and immovable property owned by the Company together with all appurtenances, buildings and fixtures located thereon; and (ii) all furniture, machinery equipment, vehicles and accessories and other goods and chattels of the Company; and

- a security interest by way of a floating charge on the whole of the Company's undertaking and all of its mineral claims, agreement rights, property and assets, but excluding the property subject to the mortgage.

The Company has the right to prepay, in whole or in part and subject to a \$10,000 minimum payment, the debenture together with any accrued and unpaid interest without notice, penalty or bonus.

The debenture proceeds were used to repay \$824,625 in liabilities as follows:

- \$581,647 (indemnity of \$450,000 plus \$131,647 in accrued interest) payable to the CEO of the Company;
- \$2,109 (expense reimbursement) payable to the CEO of the Company;
- \$176,119 (loan proceeds of \$171,000) plus \$5,119 in accrued interest) payable to a company with a common director;
- \$56,350 (management fees of \$52,500 plus \$3,850 in taxes) payable to a company with a common director; and
- \$8,400 (rent of \$8,000 plus \$400 in taxes) payable to a company with a common director.

At December 31, 2016, the fair value of the debenture was approximately \$849,000. Fair value was determined using an income approach. An income approach is a present value technique that takes into account the future cash flows that would be expected to be received from holding the debenture as an asset. Present value was calculated using the following attributes – future lump sum of \$900,000, 12 months to maturity and a discount rate of 6% discounted annually.

Stock Option Plans and Other Incentive Plans

The Company has adopted a stock option plan (the “**Option Plan**”) pursuant to which the board of directors of the Company may grant options (the “**Options**”) to purchase Common Shares of the Company to NEOs, directors and employees of the Company or affiliated companies and to consultants retained by the Company.

The Option Plan is a 10% “rolling” plan whereby the aggregate number of Common Shares that may be reserved for issuance pursuant to options shall not exceed 10% of the issued and outstanding Common Shares of the Company at the time of the granting of options. The board of directors is of the view that the Option Plan is required in order to provide incentive to the directors, management, employees and consultants of the Company to act in the best interest of the Company and contribute to the future growth and success of the Company.

Under the Option Plan, the board of directors may, from time to time, at its discretion, grant to directors, officers, employees, management company employees or consultants of the Company options to acquire Common Shares of the Company, provided that the number of options granted does not exceed a maximum of 10% of the aggregate number of Common Shares of the Company issued and outstanding.

Consequently, the number of Common Shares that are reserved under the Option Plan is automatically increased or decreased as the number of issued and outstanding Common Shares of the Company increases or decreases.

Employment, Consulting and Management Agreements

Management functions of the Company are not, to any substantial degree, performed other than by directors or NEOs of the Company. There are no agreement or arrangements that provide for compensation to NEOs or directors of the Company, or that provide for payments to a NEO or director at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, severance, a change of control in the Company or a change in the NEO or director's responsibilities other than (i) the grant of Options under the Option Plan; (ii) the reimbursement of expenses that any director or NEO may have incurred on behalf of the Company; and (iii) the management agreement with Freeway Properties Inc., a company controlled by John Lepinski, as described under the heading "Management Contracts" below.

Oversight and Description of Director and NEO Compensation

Compensation Discussion and Analysis

The purpose of this Compensation Discussion and Analysis is to provide information about the Company's executive compensation objectives and processes and to discuss compensation decisions relating to its Directors and NEOs.

The Company is a development stage company engaged in the acquisition and exploration of natural resource properties. The Company has, as of yet, no significant revenues from operations and often operates with limited financial resources to ensure that funds are available to complete scheduled programs. As a result, the board of directors has to consider not only the financial situation of the Company at the time of the determination of executive compensation of its' Directors and NEO's, but also the estimated financial situation of the Company in the mid and long term. The Company recognizes that there may be risks associated with its current processes; however, the Company does not believe the risks to be significant. Executive compensation consists solely of stock options, which do not require cash disbursement by the Company.

Compensation Objectives and Principles

The primary goal of the Company's executive compensation program is to attract and retain the key executives necessary for the Company's long term success and to motivate and encourage executives to further the development of the Company and its operations. Executive compensation consists of incentive stock options.

Compensation Process

The Company relies solely on its board of directors in determining the compensation of its executive officers. The board of directors is responsible for determining compensation in the form of stock options to be granted to the NEOs, as well as to its directors.

Option-Based Awards

The Option Plan has been established to provide incentives to qualified parties to increase their propriety interest in the Company and thereby encourage their continuing association with the Company. Pursuant to the Company's Option Plan, the board of directors of the Company, at its sole discretion, determines all grants of stock options to NEOs. Such grants are considered incentives intended to align the NEOs' and shareholders' interests in the long term. The Company emphasizes stock options in executive

compensation as they allow the NEOs to share in corporate results in a manner that is relatively cost-effective despite the effects of treating stock options as a compensation expense. The grant of stock options is not influenced by the number of options outstanding or in-the-money value of outstanding options.

Pension Plan Benefits

The Company does not have a defined benefit plan, defined contribution plan or deferred compensation plan.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets forth details of the Option Plan, as of December 31, 2016. The Company has no other equity compensation plans.

Approval of Incentive Stock Option Plan

The board of directors of the Company approved on April 22, 2016 the adoption of a new incentive stock option plan, as defined above, to replace the previous stock option plan. The Option Plan was approved on June 1, 2016 by the shareholders at the Company's 2016 Annual and Special General Meeting, and approval was granted by the TSX Venture Exchange on June 9, 2016. As of April 28, 2017, the Company had 6,975,000 stock options issued and outstanding under the Option Plan.

Pursuant to Policy 4.4, shareholders are required to approve on a yearly basis stock option plans which have a "rolling plan" ceiling.

The following is a summary of the principal terms of the Option Plan.

The Option Plan provides that stock options may be granted to directors, officers, employees and consultants of the Company, as such terms are defined in Policy 4.4.

The Option Plan is administered by the Company's Board.

The Option Plan may be amended or terminated by the Board at any time, but such amendment or termination will not alter the terms or conditions of any option awarded prior to the date of such amendment or termination. Any stock option outstanding when the Option Plan is amended or terminated will remain in effect until it is exercised or expires or is otherwise terminated in accordance with the provisions of the Option Plan.

The Option Plan provides that other terms and conditions, including vesting provisions, may be attached to a particular stock option, at the discretion of the Board. All stock option grants are to be evidenced by the execution of an option commitment substantially in the form attached as Schedule "A" to the Option Plan.

The exercise price of the stock options granted under the Option Plan shall be as set by the Board, but shall not be less than the discounted market value of the Common Shares on the date of the grant, in accordance with the policies of the Exchange.

The Option Plan provides that it is solely within the discretion of the Board to determine to whom stock options should be granted and in what amounts. The Board may issue a majority of the options to insiders of the Company. However, the number of Common Shares which may be reserved for issuance pursuant to stock options granted to insiders of the Company under the Option Plan, together with all of the Company's other previously established or proposed share compensation arrangements, in aggregate may not exceed 10% of the total number of issued and outstanding Common Shares on a non-diluted basis. Further, the number of Common Shares which may be issuable under the Option Plan, together with all of the Company's other previously established or proposed share compensation arrangements:

- (a) to insiders of the Company, in aggregate, shall not exceed 10% of the outstanding Common Shares;
- (b) to any one optionee, other than to a consultant or employees providing investor relations activities shall not exceed 5%, in aggregate, of the outstanding Common Shares in any 12 month period on a non-diluted basis;
- (c) to any one consultant to the Company, shall not exceed 2%, in aggregate, of the outstanding Common Shares in any 12 month period; and

- (d) all such persons of the Company providing investor relations activities (as defined by the policies of the Exchange) in aggregate shall not exceed 2%, in aggregate, of the outstanding Common Shares in any 12 month period.

A stock option may be granted for a period of up to ten (10) years from the date of the grant. If the optionee resigns or is terminated other than for cause, all unexercised stock options previously granted to such optionee will expire after 90 days. If the optionee was providing investor relations services to the Company, then the stock options will expire after 30 days. All unvested stock options will be cancelled immediately. If an optionee is terminated for cause, all stock options expire immediately.

The Board recommends that shareholders vote FOR the approval of the Option Plan. It is intended that all proxies received will be voted in favor of the approval of the Option Plan unless a proxy contains instructions to vote against the approval of the Option Plan.
