

WILDSKY RESOURCES INC.

CONDENSED CONSOLIDATED INTERIM

FINANCIAL STATEMENTS

For the Nine Months ended August 31, 2020

(Unaudited)

Notice of No Auditor Review

In accordance with National Instrument 51-102, Part 4, subsection 4.3(3)(a), the Company discloses that the unaudited condensed consolidated interim financial statements, and accompanying notes thereto, for the nine months ended August 31, 2020 have been prepared by and are the responsibility of the Company's management. They have been reviewed and approved by the Company's Audit Committee and the Board of Directors.

The Company's independent auditor has not performed a review of these unaudited condensed consolidated interim financial statements in accordance with standards established by the Chartered Professional Accountants of Canada.

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

1. NATURE OF OPERATIONS AND GOING CONCERN

Wildsky Resources Inc. (“Wildsky” or the “Company”) was incorporated in January 2006 under the laws of British Columbia, Canada. The Company’s registered office is Suite 890 – 580 Hornby Street, Vancouver, British Columbia, Canada. Wildsky is listed on the TSX Venture Exchange under the trading symbol “WSK”. On March 4, 2020, the listing of the Company’s common shares was transferred to NEX, and the trading symbol changed from “WSK” to “WSK.H”. The Company and its subsidiary are in the business of acquisition, exploration and development of mineral properties.

These condensed consolidated interim financial statements have been prepared on a going concern basis which assumes that the Company will be able to continue its operations for the foreseeable future and meet its obligations and commitments in the normal course of business. As the Company is in the exploration stage, no revenue has been generated to date. At August 31, 2020, the Company had cash of \$121,171 (November 30, 2019 - \$169,901), a working capital of \$5,515,808 (November 30, 2019 –\$1,459,988) and a deficit of \$54,801,234 (November 30, 2019 - \$56,823,173).

In the past, operating capital and exploration requirements have been funded primarily from equity and debt financing and the Company will need to arrange equity or other financing in the near future in order to continue in operation. While the Company has been successful in raising capital in the past, there can be no assurance that such financing will be available to the Company in the amount required or that it can be obtained on terms satisfactory to the Company. These material uncertainties may cast significant doubt about the Company’s ability to continue as a going concern.

These consolidated financial statements do not reflect the adjustments to the carrying values of the assets and liabilities, the reported expenses and the statements of financial position classifications that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. SIGNIFICANT ACCOUNTING POLICIES**Statement of compliance**

These condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and comply with IAS 34 Interim Financial Reporting. These financial statements should be read in conjunction with the Company’s audited consolidated financial statements for the year ended November 30, 2019.

These financial statements were approved and authorized for issue by the Board of Directors on October 21, 2020.

Basis of presentation

These consolidated financial statements have been prepared on a historical cost basis, except for financial instruments measured at fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

Basis of consolidation

These consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Cassiar Gold Corp. (“Cassiar”) and 1248120 BC Ltd. (“1248120”). The Company consolidates these subsidiaries on the basis that it controls these subsidiaries. Control is defined as the exposure, or rights, to variable returns from involvement with an investee and the ability to affect those returns through power over the investee. All intercompany transactions and balances have been eliminated on consolidation.

1248120 was newly incorporated on April 23, 2020 in the province of British Columbia, and has no transactions since incorporation.

As of October 9, 2020, the Company transferred 100% of interest in Cassiar to Margaux Resources Inc. according to

WILDSKY RESOURCES INC.
Notes to the condensed consolidated interim financial statements
(Unaudited – prepared by management)
(Expressed in Canadian dollars)
For the nine months ended August 31, 2020

the option agreement dated on March 25, 2019. (Note 5)

Management judgments and estimates

The preparation of these consolidated financial statements in accordance with IFRS requires management use of estimates, assumptions and judgment that impact the Company’s reported financial results. These estimates are based on past experiences and expectations of future events. Uncertainty on these judgments could result in material differences of the carrying amounts in the Company’s financial position.

The key judgments and estimates that affect the consolidated financial statements are:

Impairment of exploration and evaluation assets (E&E assets)

The Company carries out an impairment assessment on its E&E assets when circumstances indicate their carrying values may exceed their recoverable amounts. The process of determining the impairment involves significant judgment and estimation on the recoverability of the E&E assets as it relies on both an interpretation of geological and technical data as well as market conditions including commodity prices, investor sentiment and global financing. As new information comes up, the recoverable amounts of the assets and the impairment loss may differ from these judgments and estimates.

Impairment of property, plant and equipment

The Company carries out an impairment assessment on its property, plant and equipment when circumstances indicate their carrying values may exceed their recoverable amounts. The process of determining the impairment involves significant judgment and estimation on the recoverability of the carrying value of the property, plant and equipment, which is impacted by factors such as the condition of and demand for such assets. Therefore, actual recoverable amounts of the assets and the impairment loss may differ from these judgments and estimates.

Asset retirement obligation (“ARO”)

Provision on the retirement of the E&E assets and site restoration is based on many assumptions and judgments: future estimated costs, expected amounts of cash flows to discharge the obligation, timing of such cash flows and the prevalent market discount rate. Any changes to the assumptions will result in an adjustment to the provision which affects the Company’s liabilities and operating results.

3. INVESTMENTS

The Company received 17,460,000 shares from Margaux Resources Ltd. (“Margaux”) in November 2019 and additional 17,460,000 shares in March 2020 (Note 5).

	Nine months ended June 30, 2020	Year ended November 30, 2019

5. EXPLORATION AND EVALUATION ASSETS**Cassiar Project, British Columbia**

The Company, through its subsidiary Cassiar Gold Corp. (“Cassiar”), owns 100% of the Cassiar project’s mineral assets. The Cassiar project is located in northern British Columbia, Canada.

The Cassiar project’s two major areas of exploration and development activities are the Table Mountain and Taurus properties. Table Mountain is a past-producing underground gold mine. The property has a fully permitted gold mill and tailings management facility which are available for future ore processing.

The Company’s expenditures on its exploration and evaluation assets were as follows:

Option agreement with Margaux Resources Ltd. (“Margaux”)

On March 25, 2019, the Company entered into an option agreement (the “Agreement”) with Margaux, a TSX-V listed junior exploration company. Pursuant to the terms of the Agreement, the Company will grant (the “Transaction”) Margaux an option (the “Option”) to acquire all of the common shares (the “Cassiar Shares”) in the capital of the Company’s wholly-owned subsidiary Cassiar.

In order to exercise the Option, Margaux will issue 58,200,000 common shares (the “Payment Shares”) in the capital of Margaux, undertake exploration on Cassiar’s property and satisfy certain other conditions as follows:

- (a) Issue 5,820,000 Payment Shares (received, valued at \$465,600) being issued to the Company on receipt of final TSX-V approval of the Agreement, as fully paid and non-assessable securities;
- (b) Issue 11,640,000 Payment Shares (received, valued at \$931,200) being issued to the Company on the date that is the earlier of six months from (i) the date of the Agreement, and (ii) the receipt of final TSX-V approval of the Agreement;
- (c) Issue 17,460,000 Payment Shares (received, valued at \$1,134,900) to the Company on the date that is the earlier of twelve months from (i) the date of the Agreement, and (ii) the receipt of final TSX-V approval of the Agreement; and
- (d) Issue 23,280,000 Payment Shares (4,656,000 post-consolidation shares received on October 2, 2020, valued at \$3,259,200) to the Company on the date that is the earlier of eighteen months from (i) the date of the Agreement, and (ii) the receipt of final TSX-V approval of the Agreement.
- (e) Margaux will expend at least \$400,000 on the planning, development and execution of the Cassiar 2019 work program, based on a mutually approved budget;
- (f) Six months after execution of the Definitive Agreement, the Company will have the right to appoint one member to the board of directors of Margaux;
- (g) Twelve months after execution of the Definitive Agreements, the Company will have the right to appoint an additional person (for a total of two board members) to the board of directors of Margaux; and

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

- (h) Twelve months after execution of the Definitive Agreements, the Company will have the right to appoint one person to the senior management team of Margaux, on terms and conditions to be agreed upon by Margaux and Wildsky, acting reasonably.
- (i) The Company being granted a 30% net profit interest (the “NPI”) on all minerals processed from Cassiar’s TM #1 tailings pond (the “Tailings Pond”) located on the Cassiar property, after capital payout of up to \$500,000. The Definitive Agreement shall include a schedule detailing the calculation of NPI.

If, at any time prior to the exercise of the Option or the termination of the Agreement, Margaux or its agent(s) remove material from the Tailings Pond for purposes other than bona fide exploration and testing purposes, and such material is processed for its minerals and/or metals, then the time periods set out above in paragraph’s (b), (c) and (d) of shall be accelerated to seven days from the date of first removal of such material.

All Payment Shares issued to the Company in accordance with the Agreement shall be subject to a statutory hold period (the “Statutory Hold Period”) of 4 months plus a contractual hold period of a further 8 months (for a total of 12 months from the date of issuance). If Acceleration occurs, then all Payment Shares issued to the Company, including any Payment Shares issued prior to Acceleration, shall only be subject to the Statutory Hold Period. For greater certainty, if any Payment Shares have been issued to the Company more than 4 months prior to the occurrence of Acceleration, then those Payment Shares shall immediately become “free-trading”.

For greater certainty, Margaux will not acquire any interest whatsoever in the Cassiar Shares until such time as it has satisfied all the requirements of exercise of the Option as set out in the Agreement. If Margaux fails to fully comply with all such conditions of exercise within the stipulated time periods, the Option shall immediately terminate and Margaux shall forfeit all interest in any and all Payment Shares issued to the Company.

6. ASSET RETIREMENT OBLIGATION (“ARO”)

The Company has future obligations relating to retiring its exploration and evaluation assets at the Cassiar Property including dismantling, remediation and treatment of the site. The exact nature and costs of the obligation are subject to change because of the ongoing changes of environmental requirements enacted by government agencies.

A continuity of the asset retirement obligation is as follows:

	Nine months ended August 31, 2020	Year ended November 30, 2019
Asset retirement obligation – beginning balance	\$ 2,809,783	\$ 2,283,225
Changes in estimates	-	467,826
Accretion expense	40,038	58,732
Asset retirement obligation – ending balance	\$ 2,849,821	\$ 2,809,783

The total undiscounted cash flow estimated to settle the obligations as at August 31, 2020 was \$2,750,214 (November 30, 2019 - \$2,750,214) which was adjusted for inflation at the rate of 1.9% and then discounted at a risk free rate of 1.59%. Certain minimum amounts of ARO will occur each year with the significant amounts expected to be incurred in 2029.

At August 31, 2020, the Company has \$354,944 (November 30, 2019 - \$354,944) of reclamation bonds with the Ministry of Energy and Mines of British Columbia as commitments to meet its regulatory obligations. The reclamation bonds are interest bearing at the prime rate less 0.60% and 0.70% respectively. The reclamation bonds are hypothecated and automatically renewed upon maturity.

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

7. CONVERTIBLE DEBENTURES

	Nine months ended August 31, 2020	Year ended November 30, 2019
Convertible debenture – beginning balance	\$ 302,920	\$ -
Convertible debentures at issuance	177,753	265,760
Convertible debentures at renewal	(302,000)	-
Convertible debentures revalued at renewal	265,760	-
Interest accretion	64,421	37,160
Interest payment	(30,200)	-
Convertible debenture – ending balance	\$ 478,654	\$ 302,920

Convertible Debenture May 2019

In May 2019, the Company closed a non-brokered, private placement of debentures (the “Debentures”) of the Company at a price of \$1,000 per Debenture for gross proceeds of \$302,000. Each Debenture has the following terms and conditions attached:

- 1) Term: Twelve months from the date of issuance of the Debentures, subject to an option on the part of the holders thereof to extend the maturity to twenty-four months from the date of issuance of the Debentures.
- 2) Interest Rate: The Debentures shall bear a simple interest of 10% per annum, accrued monthly, and payable at maturity.
- 3) Security: The Debentures shall be unsecured.
- 4) Conversion: The Debenture holder may, at any time and from time to time up to maturity, elect to convert the outstanding Debentures and any interest accrued and unpaid thereon into common shares in the capital of the Company at a price of \$0.10 per share.

The Debentures were renewed for a year at the same terms on May 20, 2020. The Company repaid interest of \$30,200 at the renewal date.

For accounting purposes, the renewed Debentures are separated into their liability (\$265,760) and equity components (\$36,240) by first valuing the liability component. The fair value of the liability component at the time of issue was calculated as the discounted cash flows of the Debentures assuming an 25% discount rate, which was the estimated rate for a similar debenture without a conversion feature. The fair value of the equity component (conversion feature) was determined at the time of issue as the difference between the face value of the Debentures and the fair value of the liability component.

Convertible Debenture April 2020

In April 2020, the Company closed a non-brokered, private placement of debentures (the “Debentures”) of the Company at a price of \$1,000 per Debenture for gross proceeds of \$200,000. The Debentures has the same terms as the Debentures issued in May 2019.

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

For accounting purposes, the Debentures are separated into their liability (\$177,753) and equity components (\$22,247) by first valuing the liability component. The fair value of the liability component at the time of issue was calculated as the discounted cash flows of the Debentures assuming an 25% discount rate, which was the estimated rate for a similar debenture without a conversion feature. The fair value of the equity component (conversion feature) was determined at the time of issue as the difference between the face value of the Debentures and the fair value of the liability component.

8. SHARE CAPITAL

Authorized - unlimited number of common shares without par value

Share issuance

There were no share issuances during the year ended November 30, 2019 or the nine months ended August 31, 2020.

Subscription received in advance

On March 23, 2020, the Company announced a non-brokered, private placement of units of the Company at a price of \$0.10 per Unit for gross proceeds of \$800,000. Each Unit shall be comprised of one common share and ½ of one share purchase warrant (each whole warrant being a “Warrant”). Each Warrant shall be exercisable into a common share at a price of \$0.15 per Warrant Share at any time up to the close of business on the third anniversary of the date of issuance of the Units. Closing of the Offering is subject to approval of the NEX.

The Company received the proceeds of \$800,000 and purchased \$800,000 GICs accordingly. The Company will not use the proceeds until the close of the private placement.

Stock options

The Company has a stock option plan whereby the Board of Directors may, from time to time, grant options to directors, officers, employees and consultants. The term of the option grants is up to ten years and vests immediately except for stock options granted to investor relations consultants whereby these options vest over 12 months. The maximum number of common shares reserved for issue shall not exceed 10% of the total number of common shares issued and outstanding as at the grant date.

During the year ended November 30, 2019, the Company granted to directors, officers and consultants 1,400,000 stock options, exercisable at \$0.10 per share for a term of 5 years. These options vested on the date of grant. The fair value of the stock options granted was \$118,614 (\$0.08 per option).

The fair value of the stock options granted was determined using the following assumptions:

Weighted average assumptions	Year ended November 30, 2019
Risk free interest rate	1.20%
Volatility	264.74%
Expected life of options	5 years
Dividend rate	0%

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

Stock option transactions are summarized as follows:

	Number of Options	Weighted Average Exercise Price
Balance, November 30, 2018	950,000	\$ 0.20
Expired/cancelled	(950,000)	0.20
Granted	<u>1,400,000</u>	<u>0.10</u>
Balance, November 30, 2019 and August 31, 2020	1,400,000	\$ 0.10
<hr/>		
Exercisable, at August 31, 2020	1,400,000	\$ 0.10

As at August 31, 2020, the following incentive stock options are outstanding:

Number of Options	Exercise Price	Expiry Date
1,400,000	\$ 0.10	August 7, 2024

	Number of Warrants	Weighted Average Exercise Price
Balance, November 30, 2018 and 2019	7,245,000	\$ 0.30
Expired	<u>(7,245,000)</u>	<u>\$ 0.30</u>
Balance, August 31, 2020	-	\$ -

9. RELATED PARTY TRANSACTIONS

The Company entered into the following transactions with related parties during the nine months ended August 31, 2020:

a) During the nine months ended August 31, 2020, the Company paid or accrued management fee of \$72,000 (2019 - \$72,000) to a company controlled by the CEO and President. As of August 31, 2020, \$68,800 (November 30, 2019 - \$36,400) payable to the company controlled by the CEO and President was included in accounts payable and accrued liabilities.

On May 21, 2019, the company controlled by the CEO and President subscribed for 42 units of the Company's convertible debenture for a principal of \$42,000 which was renewed on May 20, 2020 (Note 7). The company controlled by the CEO and President received \$4,200 of interest.

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

b) During the nine months ended August 31, 2020, the Company paid or accrued management of \$54,000 (2019 - \$54,000) to a company controlled by the CFO. As of August 31, 2020, \$40,600 (November 30, 2019 - \$30,300) payable to the company controlled by the CFO was included in accounts payable and accrued liabilities.

On May 21, 2019, the CFO subscribed for 10 units of the Company's convertible debenture for a principal of \$10,000 which was renewed on May 20, 2020 (Note 7). The Company repaid the CFO interest of \$1,000 at the renewal date.

c) During the nine months ended August 31, 2020, the Company paid or accrued rent of \$500 (2019 -\$4,500) to a company of which the CEO and President is a director. As of November 30, 2019, the Company prepaid \$525 for December rent.

Accounts payable to related parties do not bear interest, are unsecured and repayable on demand.

10. SEGMENTED INFORMATION

The Company primarily operates in one reportable operating segment, being the acquisition and exploration of exploration and evaluation assets located in Canada.

11. FAIR VALUE MEASUREMENT AND RISK MANAGEMENT

The Company's accounts payable and accrued liabilities, due to related parties, and convertible debentures are measured at amortized cost. Its financial assets, GST receivable and reclamation bonds, are also measured at amortized cost. The Company's carrying values of these items approximate their fair value due to the relatively short periods to maturity of the instruments.

Financial risk management

The Company's objective in risk management is to maintain its ability to continue as a going concern. It is exposed to the following risks:

Liquidity risk

Liquidity risk is the risk that the Company might not be able to meet its obligations and commitments as they come due. As at August 31, 2020, the Company had cash of \$121,171 (November 30, 2019 - \$169,901) and a working capital of \$5,515,808 (November 30, 2019 – \$1,459,988).

Credit risk

Credit risk arises from cash held with financial institutions as well as credit exposure on outstanding receivables.

The Company's cash is held at high-credit rating financial institutions. The Company's maximum exposure to credit risk is the carrying amounts of cash and receivables on its consolidated statement of financial position.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity and equity prices.

i. Interest rate risk

Interest rate risk arises from changes in market rates of interest that could adversely affect the Company. The Company's convertible debentures bear interest at 10% per annum. The Company's exposure to interest rate risk is insignificant.

ii. Foreign currency risk

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

Foreign currency risk arises from fluctuations in foreign currencies versus the Canadian dollar that could adversely affect reported balances and transactions denominated in those currencies. The Company currently has no significant assets or liabilities and has no revenue or expenses denominated in a foreign currency, so it is not exposed to foreign currency risk.

iii. Equity price risk

Equity price risk arises from market fluctuations in equity prices that could adversely affect the Company's operations. The Company's current exposure to equity price risk is limited to declines in the values and volumes including those of its own shares, which could impede its ability to raise additional funds when required.

12. CAPITAL MANAGEMENT

The Company's capital management objective is to ensure its ability to continue as a going concern to meet its operational obligations and to maintain capital access to fund its Cassiar mineral exploration activities.

The capital that the Company manages is the total of liabilities and equity on the consolidated statements of financial position. The Company may modify the capital structure to meet its funding needs by issuing new equity shares and/or debt instruments, disposing assets or bringing in joint venture partners. To facilitate the management of its capital, the Company prepares annual budgets approved by the Board of Directors. The budget is reviewed and updated periodically to account for changes in the expenditures and economic conditions. The Company is not subject to any externally imposed capital requirements.

13. SUPPLEMENTAL DISCLOSURES WITH RESPECT TO CASH FLOWS

During the nine-month period ended August 31, 2020, the Company recorded a reduction of \$1,134,900 to the exploration and evaluation assets which is the fair value of the 17,460,000 shares received from Margaux pursuant to the option agreement (Note 5).

During the nine-month period ended August 31, 2019, the Company recorded an addition of 377,097 to the exploration and evaluation assets which is resulted from a change of estimation in the asset retirement obligation.

14. PROPOSED TRANSACTIONS***Proposed acquisition of Exploration Licenses in Nigeria***

Pursuant to a Letter of Intent dated October 2, 2019, the Company entered into a Share Purchase Agreement (the Agreement) with 1187395 BC Limited. (the "Vendor") on December 5, 2019.

The Vendor, a British Columbia corporation wholly-owned by Mr. Chaoyi Wang, legally and beneficially owns 9,900,000 common shares (the "Shares") of the 10,000,000 issued and outstanding common shares in the capital of Zijin Midas Nigeria Limited ("ZMNL"). Pursuant to the terms of the Agreement, the Company will purchase the Shares from the Vendor for cash consideration of US\$96,000.

ZMNL holds ten Exploration Licenses (the "EL's") in Nigeria, three of the EL's pertain to niobium-tantalum ("Nb-Ta") exploration (each being a "Nb-Ta EL"), and the remaining seven EL's are for gold and lead-zinc exploration (each being a "Au-Pb EL"). The ten EL's cover a total area of 742 km².

The EL's are subject to a call option (the "Slight Edge Option") in favour of Slight Edge HK Limited ("Slight Edge"). Slight Edge's Nigerian subsidiary assisted ZMNL through the application process which lead to the issuance of the EL's. According to a call-option deed entered into between ZMNL and Slight Edge, Slight Edge has an option permitting it to obtain up to a 30% interest in the seven Au-Pb EL's and a 20% interest in the three Nb-Ta EL's.

WILDSKY RESOURCES INC.**Notes to the condensed consolidated interim financial statements****(Unaudited – prepared by management)****(Expressed in Canadian dollars)****For the nine months ended August 31, 2020**

Slight Edge may exercise its Slight Edge Option before February 8, 2021 by reimbursing ZMNL for its respective percentage of costs and expenses incurred by ZMNL with respect to the EL's.

This transaction is subject to NEX's approval.

15. EVENTS SUBSEQUENT TO THE REPORTING PERIOD

As of October 9, 2020, the Company transferred 100% interest in Cassiar to Margaux Resources Inc. according to the option agreement dated on March 25, 2019. (Note 5)

Details of the disposal are as follows:
