The Corporation has entered into an agreement (the “**Agency Agreement**”) dated [●], 2017 with Industrial Alliance Securities Inc. (the “**Agent**”) to act as agent for the Corporation for the sale of Common Shares (as defined below) under this prospectus on a commercially reasonable efforts basis. The Offering is subject to a minimum of 2,000,000 common shares of the Corporation (each a “**Common Share**” and collectively, “**Common Shares**”) for total gross proceeds to the Corporation of \$200,000. The offering price of the Common Shares was determined by negotiation between the Corporation and the Agent. All funds received from subscriptions for Common Shares will be held by the Agent pursuant to the terms of the Agency Agreement. If the minimum subscription is not raised within 90 days of the issuance of a receipt for the final prospectus or such other time as may be agreed to by the Agent and consented to by persons or companies who subscribed for Common Shares within that period, all subscription funds will be returned to subscribers without interest or deduction, unless the subscribers have otherwise instructed the Agent. See “**Plan of Distribution**”.

As at the date of this prospectus, the Corporation does not have any of its securities listed or quoted, has not applied to list or quote any of its securities, and does not intend to apply to list or quote any of its securities, on the Toronto Stock Exchange, a U.S. marketplace, or a marketplace outside Canada and the United States of America.

Pursuant to the Agency Agreement, the Corporation will grant a non-transferable option to the Agent, or any sub-agent, to purchase an aggregate of 140,000 Common Shares at a price of \$0.10 per Common Share, exercisable for a period of 24 months from the date of listing of the Common Shares on the Exchange (the “**Agent’s Option**”), which Agent’s Option is qualified under this prospectus. In addition, the Corporation will grant incentive stock options (the “**Incentive Stock Options**”) to the directors and officers of the Corporation to purchase, in aggregate, 1,000,000 Common Shares at a price of \$0.10 per Common Share, exercisable for a period of 5 years from the date of grant, which Incentive Stock Options are qualified under this prospectus. See “**Incentive Stock Options**”.

Market for Securities

There is currently no market through which the securities offered hereby may be sold. The Corporation has applied to list its Common Shares on the Exchange. Listing will be subject to the Corporation fulfilling all the listing requirements of the Exchange.

Other than the initial distribution of the Common Shares pursuant to this prospectus, the grant of the Agent’s Option and the Incentive Stock Options, trading in all securities of the Corporation is prohibited during the period between the date a receipt for this prospectus is issued by the applicable securities regulatory authority and the time the Common Shares are listed for trading except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authority grants a discretionary order. See “**Plan of Distribution**”.

Risk Factors

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Corporation’s business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See “Risk Factors”.

The Corporation has not commenced commercial operations and has no assets other than cash. It has no history of earnings and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. Until Completion of the Qualifying Transaction (as defined herein), the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. See “**Corporate Structure**”, “**Business of the Corporation**” and “**Use of Proceeds**”.

The directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See “**Directors, Officers and Promoters**”.

There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell its Common Shares.

Investors acquiring the Common Shares offered by this prospectus will suffer an immediate dilution of approximately 40% or \$0.06 per Common Share, before the deduction of selling commissions and related expenses incurred by the Corporation. See “**Dilution**”.

The Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction. Further, even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to complete the transaction. The Qualifying Transaction may be financed in whole, or in part, by the issuance of additional securities by the Corporation and this may result in further dilution to investors. See “**Use of Proceeds**”.

The Exchange will generally suspend trading of the Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin (as defined below) within 24 months from the date of listing. Neither the Exchange, nor any securities regulatory authority, passes upon the merits of the proposed Qualifying Transaction. See “**Risk Factors**”.

In the event that the management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts. See “**Risk Factors**”.

As a result of these factors, the Offering is suitable only to investors who are willing to rely solely on the directors and management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares. See “Business of the Corporation”, “Directors, Officers and Promoters”, “Use of Proceeds” and “Risk Factors”.

Maximum Investment

Pursuant to the CPC Policy, no purchaser of the Common Shares is permitted to directly or indirectly purchase more than 2% of the total number of Common Shares offered under this prospectus, being 40,000 Common Shares. In addition, the maximum number of Common Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates of that purchaser, is 4% of the total number of Common Shares offered under this prospectus, being 80,000 Common Shares.

The Common Shares are conditionally offered, subject to prior sale, if, as and when issued and delivered by the Corporation, and accepted in accordance with the conditions contained in the Agency Agreement referred to under

“**Plan of Distribution**” and subject to approval of certain legal matters by Irwin Lowy LLP, Toronto, Ontario, on behalf of the Corporation and by Burstall Winger Zammit LLP, on behalf of the Agent.

Eligibility for Investment

In the opinion of Irwin Lowy LLP, counsel to the Corporation, provided that the Common Shares are listed on a designated stock exchange (which currently includes the Exchange) on the date of Closing and subject to the provisions of any particular plan, the Common Shares offered hereby will, on the date of Closing, constitute qualified investments under the *Income Tax Act* (Canada) (the “**Tax Act**”) and the regulations thereto (in effect on the date hereof) for trusts governed by registered retirement savings plans (“**RRSPs**”), registered retirement income funds (“**RRIFs**”), deferred profit sharing plans, registered education savings plans, registered disability savings plans and tax-free savings accounts (“**TFSAs**”). Notwithstanding that the Common Shares will be a qualified investment for a RRSP, RRIF or TFSA, the annuitant under a RRSP or RRIF and the holder of a TFSA will be subject to a penalty tax if the Common Shares are a prohibited investment in respect of such RRSP, RRIF or TFSA. The Common Shares will not be a prohibited investment provided that the annuitant or holder (as the case may be) deals at arm’s length with the Corporation for the purposes of the Tax Act and does not have a “significant interest” (as defined in the Tax Act) in the Corporation or any corporation, partnership or trust that does not deal at arm’s length with the Corporation for the purposes of the Tax Act. However, the Common Shares will generally not be a prohibited investment for a RRSP, RRIF or TFSA provided that the annuitant or holder (as the case may be) deals at arm’s length with the Corporation and does not have a “significant interest” (as defined in the Tax Act) in the Corporation.

Receipt of Subscriptions

Subscriptions will be received subject to rejection or allotment in whole or in part by the Corporation and the right is reserved to close the subscription books at any time without notice. It is expected that share certificates evidencing the Common Shares in definitive form will be available for delivery on the Closing unless the Agent elects for delivery in electronic book entry form through CDS Clearing and Depository Services Inc. (“**CDS**”) or its nominee. If delivered in book entry form, purchasers of Common Shares will receive only a customer confirmation from the registered dealer that is a CDS participant and from or through which the Common Shares were purchased

Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non Arm's Length Qualifying Transaction will also be subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations. The Corporation is not currently targeting any specific industry sector with respect to a Qualifying Transaction.

Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a Qualifying Transaction. With the consent of the Exchange, this may include the raising of additional funds in order to finance an acquisition. Except as described under "**Restrictions on Use of Proceeds**" and "**Private Placements for Cash**", the funds raised pursuant to the Offering and any subsequent financing will be used only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

The Corporation has not yet entered into an Agreement in Principle.

Method of Financing Participation or Acquisitions

The Corporation may use either cash, secured or unsecured debt, issuance of treasury shares, public financing of debt or equity, or a combination of these, for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares could result in a change in the control of the Corporation and may cause the shareholders' interest in the Corporation to be further diluted.**

Criteria for Qualifying Transaction

The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith with a view to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

The Corporation will consider acquisitions of assets or businesses operated or located both inside and outside of Canada as permitted by the CPC Policy.

The acquisition of, or participation in, companies, assets or businesses may arise in numerous ways. The Corporation has not established pre-determined criteria for such acquisitions or participations other than sound business fundamentals. Such fundamentals include, but are not limited to: (a) the ratio of risk to reward; (b) the cost effectiveness of the participation or acquisition; (c) the length of the payout period; and (d) the rate of return.

REGULATORY AND SHAREHOLDER APPROVAL

Filings and Shareholder Approval of a Non Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading of the Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Trading Halts, Suspension and Delisting". Within 75 days after issuance of such news release, the Corporation shall be required to submit for review to the Exchange either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An information circular must be submitted where there is a Non Arm's Length Qualifying Transaction. A filing statement must be submitted where the Qualifying Transaction is not a Non Arm's Length Qualifying Transaction. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the Target Company and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Exchange Form 3B1/Form 3B2. Upon acceptance by the Exchange, the Corporation must then either:

- (a) file the filing statement on SEDAR at least seven business days prior to closing of the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
- (b) mail the information circular and related proxy material to its shareholders in order to obtain Majority of the Minority Approval of the Qualifying Transaction or other requisite approval at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a member, and who will be required to submit to the Exchange a Sponsor Report prepared in accordance with the policies of the Exchange. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non Arm's Length Qualifying Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse take-over for a period of one year from the Completion of the Qualifying Transaction.

Initial listing Requirements

Upon Completion of the Qualifying Transaction, the Resulting Issuer must satisfy the Exchange's initial listing requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspension and Delisting

The Exchange will generally halt trading of the Common Shares from the date of the public announcement of an Agreement in Principle until all initial filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgment Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms for all individuals who may be directors, senior officers, promoters, or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable must also be completed before the trading halt will be lifted by the Exchange.

Even if all initial filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer, or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, the Completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Corporation fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares of the Corporation where the Exchange has not issued a Final Exchange Bulletin to the Corporation within 24 months of the date of listing. In the event that the Common Shares of the Corporation are delisted by the Exchange, within 90 days from the date of such delisting, the Corporation shall wind-up and shall make a *pro rata* distribution of its remaining assets to its shareholders, unless shareholders, pursuant to a majority vote exclusive of the votes of Non Arm's Length Parties to the Corporation, determine to deal with the remaining assets in some other manner. See "**Shareholder Approval of a Non Arm's Length Qualifying Transaction**" and "**Refusal of Qualifying Transaction**".

If the Corporation has not completed a Qualifying Transaction within the time frame prescribed by the CPC Policy, it may apply for listing on NEX (the market on which former Exchange and Toronto Stock Exchange Issuers that do not meet the Initial Listing Requirements for Tier 2 issuers may continue to trade) rather than be delisted. In order to be eligible to list on NEX the Corporation must:

- (a) obtain majority shareholder approval for the transfer to NEX exclusive of the votes of Non-Arm's Length Parties of the Corporation; and
- (b) either:
 - (i) cancel all seed shares purchased by Non-Arm's Length Parties to the Corporation at a discount to the IPO price, in accordance with section 11.2(a) of the CPC Policy, as if the Corporation had delisted from the Exchange, or
 - (ii) subject to majority shareholder approval, cancel an amount of the seed shares purchased by Non-Arm's Length Parties to the Corporation so that the average cost of the remaining Seed Shares is at least equal to the IPO price.

If the Corporation lists on the NEX, the Corporation must continue to comply with all the requirements and restrictions of the CPC Policy.

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable initial listing requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
 - (i) member firms of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such member firms; and
 - (iii) associates of any such person,collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;

- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange; or
- (e) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

In the event that all 1,000,000 Incentive Stock Options are exercised, there will be available to the Corporation an additional \$100,000, which will be added to the working capital of the Corporation. There is no assurance that all, or part of, the Agent's Option or Incentive Stock Options will be exercised.

- (5) The maximum amount that may be used for purposes other than those described under “Permitted Use of Proceeds” below is the lesser of (i) 30% of the gross proceeds of the sale of all securities issued by the Corporation or (ii) \$210,000. See “**Restrictions on Use of Proceeds**”.

Until required for the Corporation’s purposes, the proceeds will only be invested in securities of, or those guaranteed by, the Government of Canada or any Province or territory of Canada or the Government of the United States of America, in certificates of deposit or interest-bearing accounts of Canadian chartered banks, trust companies or credit unions.

The proceeds from the Offering and the prior sale of Common Shares, after deducting the expenses associated with the Offering, will only be sufficient to identify and evaluate a finite number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

Permitted Use of Proceeds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in “**Restrictions on Use of Proceeds**”, “**Private Placements for Cash**” and “**Prohibited Payments to Non Arm’s Length Parties**”, the gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of:

- (i) valuations or appraisals;
- (ii) business plans;
- (iii) feasibility studies and technical assessments;
- (iv) sponsorship reports;
- (v) engineering or geological reports;
- (vi) financial statements, including audited financial statements;
- (vii) fees for legal and accounting services; and
- (viii) agent’s fees, costs and commissions,

relating to the identification and evaluation of assets or businesses and in the case of a Non Arm’s Length Qualifying Transaction, the obtaining of shareholder approval for the Corporation’s proposed Qualifying Transaction.

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm’s length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Until Completion of the Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation or \$210,000 will be used for purposes other than those described above. For greater certainty, expenditures which are not included under “**Permitted Use of Funds**” may include:

- (a) listing and filing fees (including SEDAR fees);
- (b) other costs for the issuance of securities, (including legal, accounting and audit expenses) relating to the preparation and filing of this prospectus; and
- (c) administrative and general expenses of the Corporation, including:
 - (i) office supplies, office rent and related utilities;
 - (ii) printing costs (including the printing of this prospectus and share certificates);
 - (iii) equipment leases; and
 - (iv) fees for legal advice and audit expenses, other than those described above under “**Permitted Use of Proceeds**”.

No proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to a private placement to Non Arm’s Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

Prohibited Payments to Non Arm’s Length Parties

Except as described under “**Incentive Stock Options**” and “**Restrictions on Use of Proceeds**”, the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non Arm’s Length Party to the Corporation or a Non Arm’s Length Party to the Qualifying Transaction, or to a person engaged in investor relations activities, by any means, including:

- (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors’ fees, finders’ fees, loans, advances and bonuses, and
- (b) deposits and similar payments.

Further, no such payment will be made on or after the Completion of the Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the above, the Corporation may reimburse a Non Arm’s Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases) and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a promoter of the Corporation or in the case of a law firm, no member of the firm owns greater than 10% of the outstanding Common Shares of the Corporation or subject to Exchange approval), and the Corporation may also reimburse a Non Arm’s Length Party to the Corporation for reasonable out-of-pocket expenses incurred in pursuing the business of the Corporation described in “**Permitted Use of Proceeds**”.

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non Arm's Length Parties and persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

(2) The sole shareholder of 2180447 Ontario Inc. is David D’Onofrio.
(3) The sole shareholder of PowerOne Capital Corp. is Pat DiCapo. See “Principal Shareholders”.

Where the securities of the Corporation which are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the Escrow Agreement, has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any control person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the “**Initial Release**”) and an additional 15% will be released on each of the dates which are 6 months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If the Resulting Issuer meets the Exchange’s Tier 1 initial listing requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange’s prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If a Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement, each Non Arm’s Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed TSX Trust to immediately: (a) cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares of the Corporation; or (b) if the Corporation lists on NEX board of the Exchange, either (i) cancel all Common Shares purchased by Non-Arm’s Length Parties to the Corporation at a discount to the offering price under this prospectus, in accordance with section 11.2(a) of the CPC Policy, or (ii) subject to majority shareholder approval, cancel that number of Common Shares purchased by Non-Arm’s Length Parties to the CPC so that the average cost of the remaining Common Shares purchased by Non-Arm’s Length Parties to the Corporation is at least equal to the IPO price.

Escrowed Securities on Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are “Value Securities”, then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security agreement (a “**Value Security Escrow Agreement**”). “Value Securities” are securities issued pursuant to a transaction, for which the deemed value of the securities at least equals the value ascribed to the asset, using a valuation method acceptable to the Exchange, or securities that are otherwise determined by the Exchange to be Value Securities and required to be placed in escrow under a Value Security Escrow Agreement. However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a “**Surplus Security Escrow Agreement**”).

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities, being releasable every 6 months thereafter until the date which is 36 months after the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 issuer subject to a Surplus Security Escrow Agreement, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a 3 year escrow release mechanism with: 5% of the escrowed securities releasable at the time of the Final Exchange bulletin, 5% on the date which is 6 months after the Final Exchange Bulletin, 10% on each of the dates which are 12 and 18 months after the Final Exchange Bulletin, 15% on each of the dates which are 24 and 30 months after the Final Exchange Bulletin and 40% on the date which is 36 months after the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 25% of the escrowed securities being releasable every 6 months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a 18 month escrow release mechanism with 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin, 20% on the date which is 6 months after the Final Exchange Bulletin, 30% on the date which is 12 months after the Final Exchange Bulletin and 40% on the date which is 18 months after the Final Exchange Bulletin.

Securities issued pursuant to a private placement to Principals of the Corporation and the proposed Resulting Issuer will generally be exempt from escrow requirements where:

- (a) the private placement is announced at least five trading days after the news release announcing the Agreement in Principle and the pricing for the financing is at not less than the discounted market price, as determined in accordance with the Policies of the Exchange; or
- (b) the private placement is announced concurrently with the Agreement in Principle and
 - (i) at least 75% of the proceeds from the private placement are not from Principals of the Corporation or the proposed Resulting Issuer,
 - (ii) if subscribers, other than Principals of the Corporation or the proposed Resulting Issuer, will obtain securities subject to hold periods, then in addition to any resale restrictions under applicable securities legislation, any securities issued to such Principals will be subject to a four month hold period, and
 - (iii) none of the proceeds of the private placement are allocated to pay compensation or to settle indebtedness owing to Principals of the Resulting Issuer.

Corporate Cease Trade Orders or Bankruptcies

No director, officer, insider or promoter of the issuer or a shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation is, as at the date of this prospectus, or was within 10 years before the date of this prospectus, a director, officer, insider or promoter of any other issuer that, while that person was acting in that capacity:

- (a) was the subject of a cease trade or similar order, or an order that denied the other issuer access to any exemptions under applicable securities legislation for a period of more than 30 consecutive days, state the fact and describe the basis on which the order was made and whether the order is still in effect; or

- (b) became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

Penalties or Sanctions

No director, officer, insider or promoter of the Corporation, or a shareholder holding sufficient securities of the Corporation to affect materially the control of the Corporation, has:

- (a) been subject to any penalties or sanctions imposed by a court relating to securities legislation or by any securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would be likely to be considered important to a reasonable investor making an investment decision.

Personal Bankruptcies

No director, officer, insider or promoter of the Corporation, or a shareholder holding sufficient securities of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such persons has, within the 10 years before the date of the prospectus, as applicable, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold their assets

Indebtedness of Directors and Officers

None of the directors or officers of the Corporation or any of their respective Associates or Affiliates has been indebted to the Corporation since the date of the Corporation's incorporation.

Conflicts of Interest

There may be potential conflicts of interest to which the directors, officers and Insiders of the Corporation may be subject in connection with the operations of the Corporation. The directors, officers and Insiders may be engaged in corporations or businesses which may be in competition with the search by the Corporation for businesses or assets in order to close a Qualifying Transaction. Accordingly, situations may arise where a director, officer or Insider will be in direct competition with the Corporation. Conflicts, if any, will be subject to the procedures and remedies as provided under the *Canada Business Corporations Act*.

EXECUTIVE COMPENSATION

Except as set out below or otherwise disclosed in this prospectus, prior to Completion of the Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non Arm's Length Party to the Corporation or a Non Arm's Length Party to the Qualifying Transaction, or to any person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including:

- (a) remuneration, which includes but is not limited to:
 - (i) salaries;
 - (ii) consulting fees;
 - (iii) management contract fees or directors' fees;
 - (iv) finders fees;
 - (v) loans, advances, bonuses; and
- (b) deposits and similar payments.

However, the Corporation may reimburse Non Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("**Permitted Reimbursements**"). No reimbursement may be made for any payment made to lease or buy a vehicle. The

directors and officers of the Corporation may also be granted stock options. See “**Incentive Stock Options**”.

Following Completion of the Qualifying Transaction, the Corporation may pay compensation to its directors and officers. However, no payment, other than the Permitted Reimbursements, will be made by the Corporation or by any party on behalf of the Corporation after Completion of the Qualifying Transaction, if the payment relates to services rendered or obligations incurred in connection with the Qualifying Transaction. See “**Relationship Between the Corporation and Professional Persons**”.

DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of at least 40% or \$0.06 per Common Share on the basis of there being 10,000,000 Common Shares of the Corporation issued and outstanding following completion of this Offering (not including Common Shares issuable upon exercise of the Agent’s Option). Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus and from sales securities prior to filing of this prospectus, without deduction of commissions or related expenses incurred by the Corporation.

RISK FACTORS

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Corporation’s business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment.

The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. It has no history of earnings, and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction. The Corporation has not identified a potential asset or business for acquisition or participation and has not entered into an Agreement in Principle as defined in the CPC Policy. Until Completion of the Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell its Common Shares. See “**Business of the Corporation**”.

The directors and officers of the Corporation will only devote a portion of their time to the business and affairs of the Corporation and some of them are or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See “**Directors, Officers and Promoters**”.

Assuming completion of the Offering, investors acquiring Common Shares under this prospectus will suffer an immediate dilution of approximately 40% or \$0.06 per Common Share, before the deduction of selling commissions and related expenses incurred by the Corporation. See “**Dilution**”.

The Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction. Further, even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to complete the transaction. The Qualifying Transaction may be financed in whole, or in part, by the issuance of additional securities by the Corporation and this may result in further dilution to investors, which dilution may be significant and which may also result in a change of control of the Corporation. Subject to prior Exchange approval, the Corporation may be permitted to loan or advance up to an aggregate of \$25,000 of its proceeds to a target business without requiring shareholder approval and there can be no assurance that the Corporation will be able to recover that loan. See “**Business of the Corporation**” and “**Use of Proceeds**”.

Completion of the Qualifying Transaction is subject to a number of conditions, including acceptance by the Exchange and in the case of a Non Arm’s Length Qualifying Transaction, Majority of Minority Approval. Unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other applicable law, a shareholder who votes against a proposed Non Arm’s Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no rights of dissent and no other entitlement to payment by the Corporation of fair value for the Common Shares.

Upon public announcement of a proposed Qualifying Transaction, trading in Common Shares of the Corporation will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading

before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction. Trading of the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required. The Exchange will generally suspend trading of the Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing. Neither the Exchange, nor any securities regulatory authority, passes upon the merits of the proposed Qualifying Transaction. See “**Business of the Corporation**”.

In the event that the management of the Corporation resides outside of Canada or the Corporation identifies a foreign business as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident outside of Canada or upon the foreign business and may find it difficult or impossible to enforce against such persons, judgments obtained in Canadian courts.

As a result of these factors, this Offering is suitable only to investors who are willing to rely solely on the management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.

ELIGIBILITY FOR INVESTMENT

In the opinion of Irwin Lowy LLP, counsel to the Corporation, provided that the Common Shares are listed on a designated stock exchange (which currently includes the Exchange) on the date of Closing and subject to the provisions of any particular plan, the Common Shares offered hereby will, on the date of Closing, constitute qualified investments under the Tax Act and the regulations thereto (in effect on the date hereof) for trusts governed by RRSPs, RRIFs, deferred profit sharing plans, registered education savings plans, registered disability savings plans and TFSAs. Notwithstanding that the Common Shares will be a qualified investment for a RRSP, RRIF or TFSA, the annuitant under a RRSP or RRIF and the holder of a TFSA will be subject to a penalty tax if the Common Shares are a prohibited investment in respect of such RRSP, RRIF or TFSA. The Common Shares will not be a prohibited investment provided that the annuitant or holder (as the case may be) deals at arm’s length with the Corporation for the purposes of the Tax Act and does not have a “significant interest” (as defined in the Tax Act) in the Corporation or any corporation, partnership or trust that does not deal at arm’s length with the Corporation for the purposes of the Tax Act. However, the Common Shares will generally not be a prohibited investment for a RRSP, RRIF or TFSA provided that the annuitant or holder (as the case may be) deals at arm’s length with the Corporation and does not have a “significant interest” (as defined in the Tax Act) in the Corporation.

LEGAL PROCEEDINGS

The Corporation is not party to any legal proceedings, nor to the best of its knowledge are there any legal proceedings threatened or pending.

RELATIONSHIP BETWEEN THE CORPORATION AND THE AGENT

The Corporation is not a “related issuer” or “connected issuer” of the Agent for the purposes of National Instrument 33-105 - Underwriting Conflicts. The Agent was not involved in the decision by the Corporation to distribute Common Shares pursuant to the Offering, nor was the Offering requested or suggested to the Corporation by the Agent. The Agent, through its corporate finance department was involved in the determination of the terms of the Offering in its capacity as agent for the sale of the Common Shares on a “commercially reasonable efforts” basis. The Agent does not, prior to completion of the Offering, own directly or indirectly, any securities of the Corporation and the only proceeds of the Offering to be received by it is the remuneration to be paid to it in connection with the sale of the Common Shares, which includes the Agent’s commission, the corporate finance fee payable to it and the Agent’s Option. See “**Plan of Distribution**”.

RELATIONSHIP BETWEEN THE CORPORATION AND PROFESSIONAL PERSONS

Certain legal matters relating to this Offering will be passed upon by Irwin Lowy LLP, on behalf of the

Corporation, and by Burstall Winger Zammit LLP, on behalf of the Agent.

The partners and associates of Irwin Lowy LLP and Burstall Winger Zammit LLP collectively do not own any of the Common Shares as at the date hereof. Additionally, the partners and associates of Irwin Lowy LLP and Burstall Winger Zammit LLP may subscribe for additional Common Shares pursuant to the Offering.

AUDITOR, TRANSFER AGENT AND REGISTRAR

The auditor of the Corporation is MNP LLP, located at 111 Richmond St W #300, Toronto, ON M5H 2G4.

TSX Trust Company, Suite 300, 200 University Avenue, Toronto, Ontario M5H 4H1, is the transfer agent and registrar for the Common Shares.

INTERESTS OF MANAGEMENT AND OTHERS IN MATERIAL TRANSACTIONS

Certain directors and officers of the Corporation have acquired Common Shares of the Corporation in the seed capital phase of the Corporation. In addition, each of the directors and officers of the Corporation will be granted options to purchase Common Shares pursuant to the Corporation's Option Plan. See "**Incentive Stock Options**".

MATERIAL CONTRACTS

The Corporation has not entered into any contracts material to investors in the Common Shares since incorporation, other than contracts in the ordinary course of business, except:

1. the Escrow Agreement dated [●], 2017 among the Corporation, TSX Trust and certain shareholders of the Corporation. See "**Escrowed Securities**";
2. the Agency Agreement dated [●], 2017 between the Corporation and the Agent. See "**Plan of Distribution**"; and
3. the Transfer Agent, Registrar and Disbursing Agent Agreement dated [●], 2017 between the Corporation and TSX Trust. See "**Auditor, Transfer Agent and Registrar**".

Copies of these agreements will be available for inspection at the offices of the Corporation, at any time during ordinary business hours while the securities offered by this prospectus are in the course of distribution and for a period of 30 days thereafter.

OTHER MATERIAL FACTS

To management's knowledge, there are no other material facts about the Common Shares being distributed that are not otherwise disclosed in this prospectus, or are necessary in order for the prospectus to contain full, true and plain disclosure of all material facts relating to the Common Shares being distributed.

PURCHASERS' STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in the provinces of British Columbia, Alberta and Ontario provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. The securities legislation further provides a purchaser with remedies for rescission, revisions of the price or damages, if this prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

Financial Instruments

All financial instruments are recorded initially at fair value. In subsequent periods, all financial instruments are measured based on the classification adopted for the financial instrument: held to maturity, loans and receivables, fair value through profit or loss ("FVTPL"), available for sale, FVTPL liabilities or other liabilities.

FVTPL assets and liabilities are subsequently measured at fair value with the change in the fair value recognized in net income (loss) during the period.

Held to maturity assets, loans and receivables, and other liabilities are subsequently measured at amortized cost using the effective interest rate method.

Available for sale assets are subsequently measured at fair value with the changes in fair value recorded in other comprehensive income (loss), except for equity instruments without a quoted market price in an active market and whose fair value cannot be reliably measured, which are measured at cost.

The Corporation has classified its financial instruments as follows:

| <i>Financial Instrument</i> | <i>Classification</i> |
|-----------------------------|-----------------------|
| Cash | FVTPL |

The Corporation's financial instruments measured at fair value on the statements of financial position consist of cash. Cash is measured at level 1 of the fair value hierarchy. There are three levels of the fair value hierarchy as follows:

Level 1: Values based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2: Values based on quoted prices in markets that are not active or model inputs that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 3: Values based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Stock-based Compensation

The Corporation accounts for all stock-based compensation awarded to directors and officers and non-employees using the fair value method. Under this method, cost is measured at the grant date at fair value using an option pricing model that takes into account the exercise price, the expected life of the option, the current price of the underlying stock, the expected volatility, the expected dividends and the risk-free interest rate for the expected term of the option. The compensation cost will be expensed in the statement of operations over the service period, that is the vesting period for directors and officers and over the performance period for awards provided to non-employees in exchange for goods and services.

Share Issuance Costs

Share issuance costs relate to expenditures incurred in connection with the Corporation's share issuance (note 3) and are charged against share capital.

Income Taxes

Income tax expense consists of current and deferred tax expense. Current and deferred tax are recognized in profit or loss except to the extent that it relates to items recognized directly in equity or other comprehensive income.

Current tax is recognized and measured at the amount expected to be recovered from or payable to the taxation authorities based on the income tax rates enacted or substantively enacted at the end of the reporting period and includes any adjustment to taxes payable in respect of previous years.

Deferred tax is recognized on any temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable earnings. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized and the liability is settled. The effect of a change in the enacted or substantively enacted tax rates is recognized in net earnings and comprehensive income or in equity depending on the item to which the adjustment relates.

Deferred tax assets are recognized to the extent future recovery is probable. At each reporting period end, deferred tax assets are reduced to the extent that it is no longer probable that sufficient taxable earnings will be available to allow all or part of the asset to be recovered.

Measurement Uncertainty

The preparation of financial statements in conformity with IFRS accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates used in the financial statements.

Cash

Cash comprises of undeposited funds received from issuance of common shares, which are readily convertible into a known amount of cash.

Earnings (loss) per Common Share

Basic earnings (loss) per common share is determined by dividing net profit (loss) attributable to common shareholders by the weighted average number of common shares outstanding during the period, excluding shares in escrow. Diluted earnings (loss) per common share is calculated in accordance with the treasury stock method and is based on the weighted average number of common shares and dilutive common share equivalents outstanding. During the period ended September 30, 2017, there has been no operating activities. As a result, no earnings (loss) per common share has been disclosed.

Accounting Standards Issued but not yet Applied

Certain new mandatory standards, interpretations and amendments to existing standards, have been issued by the IASB or the IFRS Interpretations Committee ("IFRIC"), which the Company reasonably expects to be applicable for later periods are listed below. The Company has not early adopted these revised standards and none of these standards are expected to have a material effect on the financial statements.

IFRS 9, Financial Instruments ("IFRS 9") was initially issued by the IASB on November 12, 2009 and issued in its completed version in July 2014, and will replace IAS 39, "Financial Instruments: Recognition and Measurement" ("IAS 39"). IFRS 9 replaces the multiple rules in IAS 39 with a single approach to determine whether a financial asset is measured at amortized cost or fair value and a new mixed measurement model for debt instruments having only two categories: amortized cost and fair value. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for financial years beginning on or after January 1, 2018. The Company anticipates that this standard will be adopted in the Company's financial statements for the year beginning January 1, 2018, and has not yet considered the potential impact of the adoption of IFRS 9.
