Re: SEDAR project #02682178, Annual Financial Statements filed October 10, 2017

An administrative error resulted in the 2017 Annual Financial Statements of Sangoma Technologies Corporation, filed as referenced above, being filed without the signature of the Company's auditors on the Auditors' Report. The 2017 Annual Financial Statements are refiled herewith including the signature of MNP LLP on the Auditors' Report. No other change has been made to the Management Report, the Auditors' Report, or to the financial statements and the notes accompanying them.

Yours very truly,

David Moore

Chief Financial Officer
