

MANAGEMENT INFORMATION CIRCULAR

The information contained in this Information Circular, unless otherwise indicated, is as of September 1, 2017.

This Information Circular is being mailed by the management of Aston Bay Holdings Ltd. (“**Aston Bay**” or the “**Company**”) to everyone who was a shareholder of record of our company on September 1, 2017, which is the date that has been fixed by our directors as the record date to determine shareholders who are entitled to receive notice of the meeting.

We are mailing this Information Circular in connection with the solicitation of proxies by and on behalf of our management for use at the annual general meeting of the shareholders of Aston Bay that is to be held on **Tuesday, October 10, 2017, at 10:00 a.m. (Eastern) at 80 Richmond Street West, Suite 303, Toronto, Ontario**. The solicitation of proxies will be primarily by mail. Certain officers or directors of Aston Bay may also solicit proxies by telephone or in person. The cost of solicitation will be borne by Aston Bay.

Under our Articles, a quorum for the transaction of business at a meeting of shareholders is two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the meeting. If such a quorum is not present in person or by proxy, we will reschedule the meeting.

PART 1 – VOTING

HOW A VOTE IS PASSED

All of the matters that will come to a vote at the meeting as described in the attached Notice of the meeting are ordinary resolutions and can be passed by a simple majority – that is, if more than half of the votes that are cast are in favour, then the resolution is approved.

See Part 3 – The Business of the Meeting for details on the proposed resolutions to be put to shareholders at the meeting.

WHO CAN VOTE?

If you are a registered shareholder of Aston Bay as at September 1, 2017, you are entitled to attend at the meeting and cast a vote for each share registered in your name on all resolutions put before the meeting. If the shares are registered in the name of a corporation, a duly authorized officer of the corporation may attend on its behalf but documentation indicating such officer’s authority should be presented at the meeting. If you are a registered shareholder but do not wish to, or cannot, attend the meeting in person, you can appoint someone who will attend the meeting and act as your proxyholder to vote in accordance with your instructions (see “Voting by Proxy” below). If your shares are registered in the name of a “nominee” (usually a bank, trust company, securities dealer or other financial institution) you should refer to the section entitled “Non-registered Shareholders” set out below.

It is important that your shares be represented at the meeting regardless of the number of shares you hold. If you will not be attending the meeting in person, we invite you to complete, date, sign and return your form of proxy as soon as possible so that your shares will be represented.

VOTING BY PROXY

If you do not come to the meeting, you can still make your votes count by appointing someone who will be there to act as your proxyholder. You can either tell that person how you want to vote or you can let him or her decide for you. You can do this by completing a form of proxy.

In order to be valid, you must return the completed form of proxy by 10:00 a.m. (Eastern) on Thursday, October 5, 2017, to our transfer agent, Computershare, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 (facsimile numbers: within North America 1-866-249-7775; outside North America 1-416-263-9524); or vote by telephone of through the Internet following the instructions in the form of proxy included with this Circular.

What is a proxy?

A form of proxy is a document that authorizes someone to attend the meeting and cast your votes for you. We have enclosed a form of proxy with this Information Circular. You should use it to appoint a proxyholder, although you can also use any other legal form of proxy.

Appointing a proxyholder

You can choose any individual to be your proxyholder. It is not necessary for the person whom you choose to be a shareholder of Aston Bay. To make such an appointment, simply fill in the person's name in the blank space provided in the enclosed form of proxy. To vote your shares, your proxyholder must attend the meeting. If you do not fill a name in the blank space in the enclosed form of proxy, the persons named in the form of proxy are appointed to act as your proxyholder. Those persons are directors and/or officers of Aston Bay.

Instructing your proxy

You may indicate on your form of proxy how you wish your proxyholder to vote your shares. To do this, simply mark the appropriate boxes on the form of proxy. If you do this, your proxyholder must vote your shares in accordance with the instructions you have given.

If you do not give any instructions as to how to vote on a particular issue to be decided at the meeting, your proxyholder can vote your shares as he or she thinks fit. If you have appointed the persons designated in the form of proxy as your proxyholder they will, unless you give contrary instructions, vote your shares at the meeting as follows:

- ✓ **FOR setting the number of directors at five;**
- ✓ **FOR the election of the proposed nominees as directors;**
- ✓ **FOR the appointment of MNP LLP as Aston Bay's auditor; and**
- ✓ **FOR annual approval, as required by the policies of the TSX Venture Exchange, for the continuation of our Stock Option Plan, which reserves the number of common shares issuable pursuant to options granted under the Plan at a "rolling" maximum of 10% of the issued and outstanding shares at the time of any grant.**

For more information about these matters, see Part 3 – The Business of the Meeting.

The enclosed form of proxy gives the persons named on it the authority to use their discretion in voting on amendments or variations to matters identified on the Notice of Meeting. At the time of printing this Information Circular, we not aware of any other matter to be presented for action at the meeting. If, however, other matters do properly come before the meeting, the persons named on the enclosed form of proxy will vote on them in accordance with their best judgment, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

Changing your mind

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You may do this by (a) attending the meeting and voting in person; (b) signing a proxy bearing a later date; (c) signing a written statement which indicates, clearly, that you want to revoke your proxy and delivering this signed written statement to the registered office of Aston Bay at Suite 530, 355 Burrard Street, Vancouver, British Columbia V6C 2G8; or (d) in any other manner permitted by law.

Your proxy will only be revoked if a revocation is received by 5:00 in the afternoon (Eastern) on the last business day before the day of the meeting, or any adjournment thereof, or delivered to the person presiding at the meeting before it (or any adjournment) commences. If you revoke your proxy and do not replace it with another that is deposited with us before the deadline, you can still vote your shares but to do so you must attend the meeting in person.

NON-REGISTERED SHAREHOLDERS

If your shares are not registered in your own name, they will be held in the name of a “nominee,” usually a bank, trust company, securities dealer or other financial institution and, as such, your nominee will be the entity legally entitled to vote your common shares and must seek your instructions as to how to vote your shares. Accordingly, unless you have previously informed your nominee that you do not wish to receive material relating to shareholders’ meetings, you will have received this Information Circular from your nominee, together with a form of proxy or a request for voting instruction form. If that is the case, **it is most important that you comply strictly with the instructions that have been given to you by your nominee on the voting instruction form.** If you have voted and wish to change your voting instructions, you should contact your nominee to discuss whether this is possible and what procedures you must follow.

If your shares are not registered in your own name, our transfer agent will not have a record of your name and, as a result, unless your nominee has appointed you as a proxyholder will have no knowledge of your entitlement to vote. If you wish to vote in person at the meeting, therefore, please insert your own name in the space provided on the form of proxy or voting instruction form that you have received from your nominee. If you do this, you will be instructing your nominee to appoint you as proxyholder. Please adhere strictly to the signature and return instructions provided by your nominee. It is not necessary to complete the form in any other respect, since you will be voting at the meeting in person. Please register with representatives of our transfer agent, Computershare Trust Company of Canada, upon arrival at the meeting.

The Notice of Annual General Meeting, this Information Circular and a form of proxy are being sent to both registered and non-registered owners of common shares in the capital of Aston Bay. If you are a non-registered owner and we have sent these materials to you directly, your name and address and information about your holdings of common shares of Aston Bay have been obtained in accordance with applicable securities regulatory requirements from the nominee holding the securities on your behalf. By choosing to send these materials to you directly, Aston Bay (and not your nominee) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions form that is included with this Circular.

In accordance with National Instrument 54-101 – *Communication With Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) of the Canadian Securities Administrators, Aston Bay has elected to send proxy-related materials directly to non-objecting beneficial owners of its common shares. As Aston Bay is unable to send proxy-related materials directly to the objecting beneficial owners (“**OBOs**”) of its common shares (because OBOs are beneficial shareholders who have objected to the release of security ownership details to issuers), proxy-related materials for the meeting to which this Circular relates will be sent to OBOs indirectly through the intermediaries who hold securities on behalf of the OBOs. The intermediaries/brokers (or their service companies) are responsible for forwarding the proxy-related materials to their OBO clients. Management of Aston Bay does not intend to pay for intermediaries to forward to their OBO clients the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* under NI 54-101 and, as such, OBOs will not receive the proxy-related materials in connection with the meeting unless such OBO’s intermediary assumes the cost of delivery.

Aston Bay has chosen to not use the notice-and-access delivery procedures provided by NI 54-101.

PART 2 – VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Aston Bay has authorized voting capital of an unlimited number of common shares. Each shareholder is entitled to one vote for each common share registered in his or her name at the close of business on September 1, 2017, the date fixed by our directors as the record date for determining who is entitled to receive notice of and to vote at the meeting.

At the close of business on September 1, 2017, 75,324,289 common shares of Aston Bay were issued and outstanding. The following table lists those persons who, as of the record date and to the knowledge of our management, beneficially owned, directly or indirectly, or exercised control or direction over 10% or more of Aston Bay's issued and outstanding common shares.

Name	Type of ownership	Number of common shares	Percentage
Commander Resources Ltd.	Direct/indirect ⁽¹⁾	11,000,000 ⁽¹⁾	14.6%
Mackenzie Financial Corporation ⁽²⁾	Control and direction ⁽²⁾	12,400,000 ⁽²⁾	16.5%

⁽¹⁾ Information as to ownership of shares, not being within our knowledge, has been extracted from the register of shareholdings maintained by our transfer agent or insider reports filed by the person and available through the Internet on the System for Electronic Disclosure by Insiders (SEDI).

⁽²⁾ Aggregate number of common shares of Aston Bay held through investment fund accounts managed by Mackenzie Financial Corporation pursuant to an Alternative Monthly Reporting System report dated August 9, 2017, as filed by Mackenzie Financial Corporation with regulators in accordance with Part 4 of National Instrument 62-103.

PART 3 – THE BUSINESS OF THE MEETING

FINANCIAL STATEMENTS

Our audited consolidated financial statements for the year ended March 31, 2017, will be placed before you at the meeting. These financial statements have been electronically filed with regulators and are available for viewing through the Internet on the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com. Copies of our annual financial statements and Management's Discussion and Analysis will also be available at the meeting or upon request by any shareholder who wishes to receive a copy. You can contact us at 80 Richmond Street West, Suite 303, Toronto, Ontario M5H 2A4; e-mail: dwright.walker@targetfs.ca; telephone (360) 262-6969; facsimile (360) 334-6283.

ELECTION OF DIRECTORS

Directors of Aston Bay are elected for a term of one year. The term of office of each of the current directors, each of whom is a nominee proposed for election as a director, will expire at the meeting, and each of them, if elected, will serve until the close of the next annual general meeting, unless he resigns or otherwise vacates office before that time.

Number of Directors

Under our Articles, the number of directors may be fixed or changed from time to time by ordinary resolution but shall not be fewer than three. The Board of Directors believes that at Aston Bay's current stage of development five is a sufficient number of directors to efficiently carry out the duties of the Board, as well as enhance the diversity of views, skills and experience the directors bring to the Board.

Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR setting the number of directors at five.

Nominees for Election as Directors

The following are the nominees proposed for election as directors of Aston Bay, together with the number of common shares of Aston Bay that were beneficially owned, directly or indirectly, or over which control or direction was exercised by each nominee as of the record date of the meeting to which this Circular relates. All five of the nominees are currently directors of Aston Bay, having been elected as such by shareholders. Each of the nominees has agreed to stand for election and we are not aware of any intention of any of them not to do so. If, however, one or more of them should become unable to stand for election, it is likely that one or more other persons would be nominated at the meeting for election and, in that event, the persons designated in the form of proxy will vote in their discretion for a substitute nominee.

Aston Bay's Articles include mandatory procedures for nominations of persons for election to the Board, including an advance notice requirement for nominations by shareholders in certain circumstances. As of the date of this Circular, no nominations by shareholders had been received by Aston Bay under the advance notice procedures. See below "Advance Notice for Nomination of Directors in 2018".

Aston Bay has not, as yet, adopted a majority voting policy for election of directors at uncontested shareholder meetings at which directors are to be elected. See Part 6 – Corporate Governance – Nomination and Election of Directors.

Voting for election of directors of Aston Bay is by individual voting and not by slate voting. You can vote your shares for the election of all of these nominees as directors of Aston Bay; or you can vote for some of these nominees for election as directors and withhold your votes for others; or you can withhold all of the votes attaching to the shares you own and, thus, not vote for the election of any of these nominees as directors of Aston Bay.

We recommend that shareholders vote in favour of the following five nominees for election as directors. **Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the election of the five nominees as directors of Aston Bay for the ensuing year.**

Advance Notice for Nomination of Directors in 2018

If a shareholder proposes to nominate an individual or individuals for election as a director of Aston Bay at the next annual general meeting of shareholders to be held during calendar 2018, notice to Aston Bay must be given not less than 40 and not more than 65 days prior to the date of the annual general meeting; provided, however, that in the event an annual general meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual general meeting is made, notice of a director nomination may be given to Aston Bay not later than the close of business on the 10th day following the date of such public announcement.

APPOINTMENT OF AUDITOR

Shareholders will be asked at the meeting to appoint MNP LLP, Chartered Professional Accountants and Licensed Public Accountants, as the auditor of Aston Bay. MNP LLP was first appointed as auditor of Aston Bay (then Escudo Capital Corporation) on May 2, 2013, and has audited the annual financial statements of Aston Bay for the years ended March 31, 2013, 2014, 2015, 2016 and 2017.

Aston Bay's Articles provide that the directors may set the auditor's remuneration (see Part 7 – Audit Committee – External Auditor Service Fees).

We recommend that shareholders vote in favour of the appointment of MNP LLP as Aston Bay's auditor for the ensuing year. **Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the appointment of MNP LLP as the auditor of Aston Bay until the close of the next annual general meeting.**

ANNUAL APPROVAL OF STOCK OPTION PLAN

Shareholders will be asked at the meeting to give annual approval, as required by the policies of the TSX Venture Exchange (the "**Exchange**"), for the continuation of our 2013 Stock Option Incentive Plan (the "**Stock Option Plan**"), which is a rolling 10% plan that sets the number of common shares issuable under the Stock Option Plan at a maximum of 10% of the issued and outstanding common shares of Aston Bay, from time to time, at the time of grants of options (subject to certain restrictions as described below). Our Board of Directors adopted the Stock Option Plan on May 15, 2013, and Aston Bay's shareholders initially approved the Stock Option Plan at the annual general and special meeting of shareholders held on November 18, 2013, subsequent to which the Stock Option Plan received final Exchange approval. The Stock Option Plan was last approved by Aston Bay's shareholders at the annual general meeting of shareholders held on November 14, 2016.

As of the date of this Circular, Aston Bay has 75,324,289 common shares outstanding, 10% of which provides for a reserve of 7,532,428 common shares for issuance pursuant to options granted under the Stock Option Plan. As of the date of this Circular, incentive stock options to purchase an aggregate 4,960,000 common shares of Aston Bay are outstanding, having been granted by the Board of Directors to officers, directors, consultants and management company employees of Aston Bay, and options entitling the purchase of a further 2,572,428 common shares remain available for grant under the Stock Option Plan.

See also Part 4 – Executive Compensation and Part 5 – Securities Authorized for Issuance under Equity Compensation Plans.

Summary of the Stock Option Plan

The aggregate number of Aston Bay common shares reserved for issuance under the Stock Option Plan, and the number of Aston Bay common shares reserved for issuance under any other share compensation arrangement granted or made available by Aston Bay from time to time, may not exceed 10% of the outstanding Aston Bay common shares at the time of grant. The Stock Option Plan must be approved and ratified by shareholders and submitted to the Exchange for approval on an annual basis.

The Stock Option Plan is administered by the Board of Directors of Aston Bay and provides for grants of options to directors, officers and employees of, and consultants to, Aston Bay at the discretion of the Board. The term of any options granted under the Stock Option Plan will be fixed by the Board of Directors and may not exceed ten years. The exercise price of options granted under the Stock Option Plan will be determined by the Board of Directors, but the exercise price must not be less than the Fair Market Value (as such term is defined in the Stock Option Plan) of the option shares on the date of grant of the option. As the common shares of Aston Bay are listed on the Exchange, the Fair Market Value is the lowest price permitted by the Exchange. Any options granted pursuant to the Stock Option Plan will terminate at the end of the period of time to be determined in each instance by the Board of Directors at the time of grant, such period of time to not be in excess of one year after the option holder ceases to act as a director, officer, employee of, or consultant to, Aston Bay or any of its affiliates, unless such cessation is on account of death, disability or termination of employment with cause; and if no such period of time is determined by the Board of Directors at the time of the grant, the 30th day after the optionee ceases to be an eligible person pursuant to the terms of the Stock Option Plan for any reason other than death, disability or cause. If such cessation is on account of disability or death, the options terminate on the first anniversary of such cessation, and if it is on account of termination of employment with cause, the options terminate immediately. Options granted to a person who is engaged in investor relations activities for Aston Bay terminate on the 30th day after the person ceases to be employed to provide investor relations activities. The Stock Option Plan also provides for adjustments to outstanding options in the event of any consolidation, subdivision, conversion or exchange of the common shares of

Aston Bay. Our directors may, at their discretion at the time of any grant, impose a schedule over which period of time the option will vest and become exercisable by the optionee.

Options to acquire more than 2% of the issued and outstanding common shares of Aston Bay may not be granted to any one consultant in any 12-month period and options to acquire more than an aggregate of 2% of the issued and outstanding common shares may not be granted to persons employed to provide investor relations activities in any 12-month period. The aggregate number of options granted and outstanding to “Eligible Charitable Organizations” (as such term is defined in the Stock Option Plan) must not at any time exceed 1% of the number of issued and outstanding common shares of Aston Bay. Options granted to any one individual in any 12-month period to acquire common shares representing more than 5% of the issued and outstanding common shares require approval by Aston Bay’s disinterested shareholders.

The Stock Option Plan also includes provisions related to withholding tax obligations of Aston Bay on exercise of options by the optionees and also provides for amendment of expiry of an option if the expiry date occurs during a blackout period.

Subject to the approval of any stock exchange on which the securities of Aston Bay are then listed, the Board of Directors may terminate, suspend or amend the terms of the Stock Option Plan, provided that the Board of Directors may not do any of the following without obtaining, within 12 months either before or after the adoption by the Board of Directors of a resolution authorizing such action, shareholder approval, and, where required, disinterested shareholder approval as contemplated by the policies of the Exchange, or by the written consent of the holders of a majority of the securities of Aston Bay entitled to vote:

1. increase the aggregate number of common shares of Aston Bay which may be issued under the Stock Option Plan;
2. materially modify the requirements as to the eligibility for participation in the Stock Option Plan that would have the potential of broadening or increasing insider participation;
3. add any form of financial assistance or any amendment to a financial assistance provision that is more favourable to participants under the Stock Option Plan;
4. add a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the Stock Option Plan reserve; and
5. materially increase the benefits accruing to participants under the Stock Option Plan.

However, the Board of Directors may amend the terms of the Stock Option Plan to comply with the requirements of any applicable regulatory authority without obtaining shareholder approval, including:

1. amendments to the Stock Option Plan of a housekeeping nature;
2. a change to the vesting provisions of a security or the Stock Option Plan; and
3. a change to the termination provisions of a security or the Stock Option Plan that does not entail an extension beyond the original expiry date.

See also in this Circular, Part 4 – Executive Compensation and Part 5 – Securities Authorized for Issuance under Equity Compensation Plans.

A copy of the Stock Option Plan is available for viewing by shareholders at Aston Bay’s registered office located at Suite 530, 355 Burrard Street, Vancouver, British Columbia, during normal business hours at any time up to and including the day prior to the meeting or any adjournment thereof, as well as at the meeting to which this Circular relates.

Recommendation

We believe the Stock Option Plan provides incentive to and enables us to better align the interests of our directors, officers, employees and consultants with those of our shareholders and reduces the cash compensation Aston Bay

would otherwise have to pay. Our Board of Directors recommend that shareholders vote FOR the resolution approving the Stock Option Plan.

Unless you give other instructions, the persons named in the enclosed form of proxy intend to vote FOR the resolution approving the Stock Option Plan.

PART 4 – EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The purpose of this Compensation Discussion and Analysis is to provide information about compensation decisions relating to our named executive officers (“**Named Executive Officers**”) during the year ended March 31, 2017. The following individuals were Aston Bay’s Named Executive Officers (as determined by applicable securities legislation) during its fiscal year ended March 31, 2017:

- Benjamin Cox, Executive Chairman (since November 2016); Chief Executive Officer (May 2013 to November 2016);
- Thomas Ullrich, Chief Executive Officer (since November 2016); formerly Chief Operating Officer and Executive Vice-President (February 2016 to November 2016);
- Dwight Walker, Chief Financial Officer (since May 2016); and
- Moshe Cohen, former Chief Financial Officer (May 2013 to May 2016).

Aston Bay is classified as a Tier 2 ‘Mineral Exploration and Development’ company pursuant to the policies of the TSX Venture Exchange (the “**Exchange**”). As a junior mineral exploration company engaged in the acquisition, exploration and evaluation of mineral properties, Aston Bay has no significant revenues from operations and we often operate with limited financial resources to ensure that funds are available to complete scheduled exploration programs. As a result, the Board of Directors has to consider not only the financial situation of Aston Bay at the time of determination of executive compensation, but also the estimated financial situation of Aston Bay in the mid- and long-term. An important element of executive compensation is that of incentive stock options, which do not require cash disbursement by Aston Bay.

Additional information about Aston Bay and its operations is available in financial statements, Management’s Discussion & Analysis and other public disclosure documents, which are electronically filed with regulators and are available for viewing through the Internet under Aston Bay’s issuer profile at the Canadian System for Electronic Document Analysis and Retrieval (SEDAR) website at www.sedar.com.

The Role of the Compensation Committee and Compensation Governance

Aston Bay relies solely on its Board of Directors, through discussion without any formal objectives, criteria or analysis, in determining the compensation of its executive officers. The Board of Directors is responsible for determining all forms of compensation, including long-term incentives in the form of incentive stock options that may be granted to directors, officers, employees and consultants, and for reviewing the recommendations of the Compensation Committee respecting compensation for Aston Bay’s executive officers to ensure such arrangements reflect the responsibilities and risks associated with each position. When determining the compensation of Aston Bay’s executive officers, the Board of Directors considers: (i) recruiting and retaining executives critical to the success of Aston Bay and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and Aston Bay’s shareholders; and (iv) rewarding performance, both on an individual basis and with respect to operations in general.

In order to assist the Board in fulfilling its oversight responsibilities with respect to human resources matters, the Board has established a Compensation Committee, the responsibilities of which include, among others, making recommendations to the Board of Directors relating to the compensation of the Chief Executive Officer, the Chief Financial Officer and the Chief Operating Officer; reviewing and approving the Chief Executive Officer’s recommendations respecting the compensation of other officers and key employees of, and key consultants to,

Aston Bay; approving compensation of the directors; and making recommendations to the Board of Directors for option-based awards to be granted under Aston Bay's stock option incentive plan.

The members of the Compensation Committee have experience relevant to executive compensation gained during their professional careers and they bring a broad base of skills and experience that contributes to their abilities to make decisions on Aston Bay's compensation policies and practices, including knowledge of the industry and operational experience.

The Compensation Committee may, as part of its review and evaluation processes, engage independent third party executive compensation consultants and be guided in part on reports prepared by such consultants. During Aston Bay's fiscal year ended March 31, 2017, no such consultants were engaged. No research reports or consultants were relied on in determining any form of compensation during or subsequent to the fiscal year ended March 31, 2017.

See Part 6 – Corporate Governance.

Option Based Awards

Options to purchase common shares of Aston Bay are intended to align the interests of our directors and executive officers with those of our shareholders and to provide a long term incentive that rewards these individuals for their contribution to the creation of shareholder value. Aston Bay's stock option incentive plan is administered by the Board of Directors on recommendations from the Compensation Committee (see Part 3 – The Business of the Meeting – Annual Approval of Stock Option Plan and Part 5 – Securities Authorized for Issuance under Equity Compensation Plans). In establishing the number of the incentive stock options to be granted to the Named Executive Officers, to directors and to employees and consultants, the Board of Directors considers previous grants of options and the overall number of options that are outstanding relative to the number of outstanding common shares in determining whether to make any new grants of options, and the size and terms of any such grants, as well as the level of effort, time, responsibility, ability, experience and level of commitment of the executive officer in determining the level of incentive stock option compensation.

See "Incentive Plan Awards – Outstanding Option-Based Awards" below, as well as Part 5 – Securities Authorized for Issuance Under Equity Compensation Plans.

Benefits and Perquisites

As of the year ended March 31, 2017, Aston Bay did not offer any benefits or perquisites to our Named Executive Officers or to our directors other than entitlement to incentive stock options as otherwise disclosed and discussed herein or as otherwise available to all employees. Aston Bay does not, as of the date of this Circular, offer any form of pension plan.

Risks Associated with Aston Bay's Compensation Practices

Our Board of Directors has not, as yet, considered the implications of any risks to Aston Bay associated with decisions regarding compensation of Aston Bay's executive officers.

Hedging by Named Executive Officers or Directors

Aston Bay has not, as yet, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted or awarded as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Circular, entitlement to grants of incentive stock options under Aston Bay's stock option incentive plan is the only equity security element awarded by Aston Bay to its executive officers and directors.

Incentive Plan Awards – Value Vested or Earned During the Year

The value of options vested is represented by the aggregate dollar value that would have been realized if options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

Options granted to our Named Executive Officers on May 18, 2016, vested and became exercisable on May 18, 2017. Options granted to our Named Executive Officers on February 1, 2016, were vested and fully exercisable on the date of grant. Options granted to our Named Executive Officers on October 27, 2014, were fully vested on the date of grant and options granted on August 30, 2013, vested and became exercisable on August 30, 2014. As the options granted on May 18, 2016, did not vest and become exercisable until May 18, 2017, no value vested in favour of the Named Executive Officers as a result of options vesting during the fiscal year ended March 31, 2017.

Name	Option-based awards – Value vested ⁽¹⁾ during the fiscal year ended March 31, 2017 (C\$)	Share-based awards – Value vested during the fiscal year ended March 31, 2017 (C\$)	Non-equity incentive plan compensation – Value earned during the fiscal year ended March 31, 2017 (C\$)
Benjamin Cox	Nil	N/A	N/A
Moshe Cohen	Nil	N/A	N/A
Dwight Walker	Nil	N/A	N/A
Thomas Ullrich	Nil	N/A	N/A

⁽¹⁾ Represents the aggregate dollar value that would have been realized if the incentive stock options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

As no incentive stock options to purchase common shares of Aston Bay were exercised by our Named Executive Officers during the fiscal year ended March 31, 2017, no value was earned by our Named Executive Officers as a result of exercise of incentive stock options during the fiscal year ended March 31, 2017.

Pursuant to the terms of the Walker Agreement, in the event there is a “Change in Control” (as such term is defined in the Walker Agreement) either Mr. Walker and Target or Aston Bay shall have 90 days from the date of such Change in Control to elect to have Mr. Walker’s position terminated. In the event such an election is made, Aston Bay shall, within 30 days of such election, make a lump sum termination payment to Target equivalent to two months’ remuneration then payable under the Walker Agreement, which as of March 31, 2017, would have been \$8,333, and Mr. Walker shall be entitled for a period of one year in accordance with the terms of Aston Bay’s Stock Option Plan to exercise any stock options granted to him by Aston Bay and then outstanding as of the date of such election.

The Ullrich Agreement contains provision for monthly adjustment to Mr. Ullrich’s salary to account for working days during each calendar month that are not also “Field Days” (as such term is defined in the Ullrich Agreement) and for which Field Days Aston Bay is reimbursed by its exploration partner.

The Ullrich Agreement may be terminated by Mr. Ullrich by giving Aston Bay four weeks’ prior written notice of his intention to do so. Pursuant to the terms of the Ullrich Agreement, in the event there is a “Change in Control” (as such term is defined in the Ullrich Agreement) either Mr. Ullrich or Aston Bay shall have 90 days from the date of such Change in Control to elect to have Mr. Ullrich’s position terminated. Incentive Plan Awards – Value Vested or Earned During the Year

The value of options vested is represented by the aggregate dollar value that would have been realized if options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

Options granted to our non-executive directors on May 18, 2016, vested and became exercisable on May 18, 2017. Options granted on February 1, 2016, were vested and fully exercisable on the date of grant. Options granted to our non-executive directors on October 27, 2014, were fully vested on the date of grant and options granted on August 30, 2013, vested and became exercisable on August 30, 2014. As the options granted on May 18, 2016, did not vest and become exercisable until May 18, 2017, no value vested in favour of the non-executive directors as a result of options vesting during the fiscal year ended March 31, 2017

⁽¹⁾ Represents the aggregate dollar value that would have been realized if the incentive stock options had been exercised on the vesting date – that is, the difference between the market price of the underlying shares and the option exercise price on the vesting date.

Effective August 26, 2016, Joseph Chiumminto exercised options granted to him by Aston Bay and purchased 210,000 common shares of Aston Bay at a per share exercise price of \$0.20. The close of trading price of the Aston Bay common shares on the date of issuance of the shares underlying the options that were exercised was \$0.41.

As no other incentive stock options to purchase common shares of Aston Bay were exercised by the other non-executive directors during the fiscal year ended March 31, 2017, no value was earned by those other non-executive directors as a result of exercise of incentive stock options during the fiscal year ended March 31, 2017.

PART 6 – CORPORATE GOVERNANCE

Composition of Board of Directors

The Board of Directors of Aston Bay facilitates its exercise of independent supervision over management by endeavouring to ensure that there are directors on the Board who are independent of management. The Board, at present, is comprised of six directors, two of whom, Jan-Erik Back and Ian McPherson, are considered to be independent of management having applied the guidelines contained in applicable securities legislation. In determining whether a director is independent, in addition to complying with the requirements of applicable securities legislation and stock exchange policy, the Board considers, for example, whether a director has a relationship which could, or could be perceived to, interfere with the director’s ability to objectively assess the performance of management. On this basis, Benjamin Cox, as Executive Chairman and former Chief Executive Officer (not standing for re-election at the meeting to which this Circular relates), and Thomas Ullrich, as Chief Executive Officer, are not considered to be independent of management.

Michael Dufresne, a director of Aston Bay, is not considered to be independent of management as he indirectly consults to and receives consulting services fees from Aston Bay through APEX Geoscience Ltd., a privately owned, independent geological consulting company of which Mr. Dufresne is the President.

Clifford Boychuk, a director of Aston Bay, is also not considered to be independent of management as Lone Peak Drilling (0820603 B.C. Ltd.), a private company of which Mr. Boychuk is the 49% owner and over which he exercises control and direction, received fees from Aston Bay during Aston Bay’s most recently completed financial year for provision of drilling equipment.

Board consideration and approval is required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the Chief Executive Officer, responsibility for meeting defined corporate objectives, evaluating new business opportunities and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives.

The directors believe that, at Aston Bay’s stage of development, the current composition of the Board of Directors adequately facilitates its exercise of independent supervision over management. As Aston Bay matures as a business enterprise and as may be required to ensure there are a sufficient number of directors to efficiently carry out the duties of the Board, as well as enhance the diversity of views, skills and experience the directors bring to the Board, Aston Bay’s Board of Directors may identify additional qualified candidates that have experience relevant to Aston Bay’s needs and who are independent of management for recommendation for election as additional directors of Aston Bay. See “Nomination and Election of Directors” below.

Directorships in other Public Companies

As of the date of this Circular, certain of the directors of Aston Bay are also directors of other reporting issuers, as follows:

<u>Name</u>	<u>Reporting Issuer (or equivalent)</u>
Michael Dufresne	Crystal Exploration Inc. Montego Resources Inc.
Ian McPherson	Altiplano Minerals Ltd.

Orientation and Continuing Education

Aston Bay has not yet developed an official orientation or training program for new directors. New directors will be provided, through discussions and meetings with other directors, officers, employees and consultants, with a thorough overview of Aston Bay's business. Orientation activities will be tailored to the particular needs and experience of each director and the overall needs of the Board.

Our management endeavours to provide a continuous flow of information to our directors for continuing education purposes relating to Aston Bay's business and operations, as well as information and other initiatives intended to keep the Board abreast of new developments and challenges that Aston Bay may face.

Ethical Business Conduct

Our Board monitors the ethical conduct of Aston Bay and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by our governing corporate legislation and common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates independently of management and in the best interests of Aston Bay and its shareholders.

Aston Bay's Board of Directors has adopted a Code of Conduct and Ethics, the basic principles of which are intended to guide the affairs of Aston Bay and assist in dealing with certain specific situations such that Aston Bay's business and affairs are conducted honestly and with integrity, using the highest ethical standards.

Nomination and Election of Directors

The Board of Directors will consider its size each year when it considers the number of directors to recommend to its shareholders for election at annual general meetings, taking into account the number required to carry out the Board's duties effectively and to maintain diversity of view and experience. The Board has not, as yet, appointed a nominating committee and these functions are currently performed by the Board as a whole.

Aston Bay has adopted advance notice procedures for nomination of directors, which requires that a shareholder proposing to nominate a person for election as a director at a meeting of shareholders must provide Aston Bay with advance notice of, and prescribed details concerning, the proposed nominee. See in Part 3 – The Business of the Meeting – Election of Directors, "Nominees for Election as Directors" and "Advance Notice for Nomination of Directors in 2018".

Voting for election of directors of Aston Bay is by individual voting and not by slate voting. Aston Bay has not, as yet, adopted a majority voting policy such that procedures would be in place requiring the resignation of a director should the director receive more "withheld" votes than votes "for" at any uncontested meeting of shareholders at which directors are elected.

Assessments

The Board does not formally review the contributions of individual directors; however it believes that its current size facilitates informal discussion and evaluation of members’ contributions within that framework.
