

MANAGEMENT INFORMATION CIRCULAR

(As at April 18, 2018 (the “**Record Date**”) and in Canadian dollars, except where indicated)

PERSONS MAKING THIS SOLICITATION OF PROXIES

This Management Information Circular (“Circular”) is provided in connection with the solicitation by the management of Lara Exploration Ltd. (the “Corporation”) of proxies (“Proxies”) from registered shareholders and voting instruction forms (“VIFs”) from the beneficial shareholders (collectively, “Shareholders”) of common shares of the Corporation (“Common Shares”) in respect of the annual general meeting of Shareholders (the “Meeting”) to be held at the time and place and for the purposes set out in the notice of meeting (the “Notice of Meeting”).

Although it is expected that the solicitation of Proxies and VIFs will be primarily by mail, Proxies and VIFs may also be solicited personally or by telephone, facsimile or other solicitation services. The costs of the solicitation of Proxies and VIFs will be borne by the Corporation.

The Corporation has given notice of the Meeting in accordance with the “Notice and Access” procedures of National Instrument 54-101 Communication with Beneficial Owners of Securities of a Reporting Issuer of the Canadian securities administrators (“**NI 54-101**”). In accordance with NI 54-101, the Corporation has sent the Notice of Meeting and the Proxy or VIF, but not this Circular, directly to its registered Shareholders. Instead of mailing this Circular to Shareholders, the Corporation has posted the Circular on its website pursuant to the “Notice and Access” procedures of NI 54-101. Shareholders may request a paper copy of this Circular be sent to them by contacting the Corporation as set out under “Additional Information” at the end of this Circular.

Pursuant to NI 54-101, arrangements have been made with brokerage houses and clearing agencies, custodians, nominees, fiduciaries, banks, trust companies, trustees and their agents, nominees and other intermediaries (“**Intermediaries**”) to forward the Notice of Meeting and a VIF to each of the unregistered (beneficial) owners of the Common Shares held of record by Intermediaries that have consented to allow their addresses to be provided to the Corporation (“**NOBOs**”). The Corporation may reimburse the Intermediaries for reasonable fees and disbursements incurred by them in doing so.

The Corporation does not intend to pay Intermediaries to forward the Notice of Meeting and VIF to those beneficial Shareholders that have refused to allow their address to be provided to the Corporation (“**OBOs**”). Accordingly, OBOs will not receive the Notice of Meeting and VIF unless their respective Intermediaries assume the cost of forwarding such documents to them.

None of the directors of the Corporation have informed the Corporation’s management in writing that they intend to oppose the approval of any of the matters set out in the Notice of Meeting.

REGISTERED SHAREHOLDERS

Only persons registered as Shareholders in the Corporation’s Central Security Register maintained by its registrar and transfer agent or duly appointed proxyholders of registered Shareholders (“**Proxyholders**”) will be recognized, make motions or vote at the Meeting.

BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance as many Shareholders do not hold Common Shares in their own name.

If Common Shares are listed in an account statement provided to a Shareholder (a “**Beneficial Shareholder**”) by a broker, those Common Shares, in all likelihood, will **not** be registered in the Shareholder’s name. It is more likely that such Common Shares will be registered under the name of an Intermediary. Common Shares held by Intermediaries on behalf of a broker’s client can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting shares for the Beneficial Shareholders. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

As provided for NI 54-101, the Corporation has elected to obtain a list of its NOBOs from Intermediaries, and deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a scannable VIF instead of a Proxy. A VIF enables a Shareholder to provide instructions to the registered holder of its Common Shares as to how those shares are to be voted at the Meeting and allows the registered Shareholder of those Common Shares to provide a Proxy voting the Common Shares in accordance with those instructions. VIFs should be completed and returned in accordance with its instructions. As indicated in the VIF, Internet voting is also allowed. The results of the VIFs received from NOBOs will be tabulated and appropriate instructions respecting voting of Common Shares to be represented at the Meeting will be provided to the registered Shareholders.

The forms of VIF requesting voting instructions supplied to Beneficial Shareholders are substantially similar to the Proxy provided directly to the registered Shareholders by the Corporation, however, their purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. A VIF has its own return instructions, which should be carefully followed by Beneficial Shareholders to ensure their Common Shares are voted at the Meeting.

Most brokers now delegate responsibility for obtaining voting instructions from OBOs to Broadridge Investor Communications in Canada and the United States of America. Broadridge prepares a machine-readable VIF, mails the VIF and other proxy materials for the Meeting to OBOs and asks them to return the VIF to Broadridge. It then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting.

A Beneficial Shareholder may use their VIF to vote their own Common Shares directly at the Meeting if the Beneficial Shareholder inserts their own name as the name of the person to represent them at the Meeting. The VIF must be returned to Computershare, Broadridge or other Intermediary well in advance of the meeting to have the Common Shares voted. Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.

Shareholders with any questions respecting the voting of Common Shares held through a broker or other Intermediary, should contact that broker or other Intermediary for assistance.

UNITED STATES SHAREHOLDERS

This solicitation of Proxies and VIFs involves securities of a company located in Canada and is being effected in accordance with the corporate and securities laws of the province of British Columbia, Canada. The proxy solicitation rules under the United States Securities Exchange Act of 1934, as

amended, are not applicable to the Corporation or this solicitation. Shareholders should be aware that disclosure and proxy solicitation requirements under the securities laws of British Columbia, Canada differ from the disclosure and proxy solicitation requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Corporation is incorporated under the *Business Corporations Act* (British Columbia), some of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

APPOINTMENT OF PROXYHOLDERS AND COMPLETION AND REVOCATION OF PROXIES AND VIFS

Only persons registered as Shareholders in the Corporation's Central Security Register maintained by its registrar and transfer agent or duly appointed proxyholders of registered Shareholders will be recognized or may make motions or vote at the Meeting.

The persons named (the "**Management Designees**") in the Proxy or VIF have been selected by the board of directors of the Corporation (the "**Board**") and have agreed to represent, as Proxyholder, the Shareholders appointing them.

A Shareholder has the right to designate a person (who need not be a Shareholder and, for a VIF, can be the appointing Shareholder) other than the Management Designees as their Proxyholder to represent them at the Meeting. Such right may be exercised by inserting in the space provided for that purpose on the Proxy or VIF the name of the person to be designated and by deleting therefrom the names of the Management Designees or, if the Shareholder is a registered Shareholder, by completing another proper form of Proxy and delivering the Proxy or VIF in accordance with its instructions. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as Proxyholder and provide instructions on how their Common Shares are to be voted. The nominee should bring personal identification with them to the Meeting.

A Shareholder may indicate the manner in which the Proxyholders are to vote on behalf of the Shareholder, if a poll is held, by marking an "X" in the appropriate space of the Proxy. **If both spaces are left blank, the Proxy will be voted as recommended by management for any matter requiring a "For" or "Against" vote, and in favour of the matter for any matter requiring a "For" or "Withhold" vote.**

The Proxy, when properly signed, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting. As at the date of this Circular, the Corporation's management is not aware that any amendments or variations are to be presented at the Meeting. If any amendments or variations to such matters should properly come before the Meeting, the Proxies hereby solicited will be voted as recommended by management.

To be valid, the Proxy or VIF must be dated and executed by the Shareholder or an attorney authorized in writing, with proof of such authorization attached (where an attorney executed the Proxy or VIF). The completed Proxy or VIF must then be returned in accordance with its instructions. Proxies (but not VIFs, unless the VIF has Computershare's name and address on the top right corner of the first page) and proof of authorization can also be delivered to the Corporation's transfer agent, Computershare Investor Services Inc. (Attn: Proxy Department), by fax within North America at 1-866-249-7775, outside North

America at (+1) 416-263-9524, by mail to 9th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, Canada or by hand delivery to 3rd Floor, 510 Burrard Street, Vancouver, British Columbia, V6C 3B9, Canada at least 48 hours, excluding Saturdays, Sundays and holidays, before the Meeting or any adjournment thereof. Proxies and VIFs received after that time may be accepted or rejected by the Chairman of the Meeting in the Chairman's discretion, and the Chairman is under no obligation to accept or reject late Proxies.

A Proxy will be revoked by a Shareholder personally attending at the Meeting and voting their Common Shares. A Shareholder may also revoke their Proxy in respect of any matter upon which a vote has not already been held by depositing an instrument in writing (which includes an Proxy bearing a later date) executed by the Shareholder or by their authorized attorney in writing, or, if the Shareholder is a company, under its corporate seal by an officer or attorney thereof duly authorized, at the office of the transfer agent at one of Computershare's addresses set out above, the office of the Corporation (Attn: Kim Casswell) at Suite 501, 543 Granville Street, Vancouver, British Columbia, V6C 1X8, Canada (or by fax to (+1) 604-688-1157) or the registered office of the Corporation at Northwest Law Group (Attn: Michael F. Provenzano), Suite 704, 595 Howe Street, Box 35, Vancouver, British Columbia V6C 2T5, Canada (or by fax to 1-866-687-5792) at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or by depositing the instrument in writing with the Chairman of such Meeting, prior to the commencement of the Meeting or of any adjournment thereof. VIFs may only be revoked in accordance with their specific instructions.

VOTING OF PROXIES AND VIFS

Voting at the Meeting will be by a show of hands, each registered Shareholder and each Proxyholder having one vote, unless a poll is required (if the number of Common Shares represented by Proxies and VIFs that are to be voted against a motion are greater than 5% of the votes that could be cast at the Meeting) or requested, whereupon each registered Shareholder and Proxyholder is entitled to one vote for each Common Share held or represented, respectively.

Each Shareholder may instruct their Proxyholder how to vote their Common Shares by completing the blanks on the Proxy or VIF. All Common Shares represented at the Meeting by properly executed Proxies and VIFs will be voted or withheld from voting when a poll is requested or required and, where a choice with respect to any matter to be acted upon has been specified in the Proxy or VIF, such Common Shares will be voted in accordance with such specification. **In the absence of any such specification on the Proxy or VIF as to voting, the Management Designees, if named as Proxyholder or nominee, will vote in favour of the matters set out therein.**

The Proxy or VIF confers discretionary authority upon the Management Designees, or other person named as Proxyholder, with respect to amendments to or variations of matters identified in the Notice of Meeting. As of the date hereof, the Corporation is not aware of any amendments to, variations of or other matters which may come before the Meeting.

To approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an "**ordinary resolution**") unless the motion requires a "special resolution" in which case a majority of 66-2/3% of the votes cast will be required.

QUORUM

The Corporation's Articles provide that a quorum for the transaction of business at any meeting of Shareholders is two Shareholders, Proxyholders or duly authorized representatives of corporate Shareholders, who are personally present and represent not less than 10% of the issued Common Shares.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue an unlimited number of Common Shares, which are the only shares entitled to be voted at the Meeting. As at the Record Date, the Corporation had 34,450,940 Common Shares issued and outstanding. Shareholders are entitled to one vote for each Common Share held.

To the knowledge of the directors and executive officers of the Corporation, no one beneficially owned, directly or indirectly, or exercised control or direction over, voting securities carrying more than 10% of the voting rights attached to the Common Shares as at the Record Date except as indicated below:

STATEMENT OF EXECUTIVE COMPENSATION

Unless otherwise noted the following information is for the Corporation's last completed financial year (which ended December 31, 2017) and, since the Corporation has subsidiaries, is prepared on a consolidated basis.

A. Named Executive Officers

For the purposes of this Circular, a Named Executive Officer ("NEO") means each of the following individuals during the most recently completed financial year:

- (a) the chief executive officer ("CEO") of the Corporation;
- (b) the chief financial officer ("CFO") of the Corporation; and
- (c) each of the Corporation's three most highly compensated executive officers, or individuals acting in a similar capacity, other than the CEO and CFO, if their individual total compensation (excluding the value of any pension) was more than \$150,000 for that financial year.

B. Compensation Discussion and Analysis

The Compensation Committee of the Board is responsible for ensuring that the Corporation has appropriate procedures for reviewing executive compensation and making recommendations to the Board with respect to the compensation of the Corporation's executive officers. The Compensation Committee seeks to ensure that total compensation paid to all executive officers is fair and reasonable and is

consistent with the Corporation's compensation philosophy. Neither the Board nor the Compensation Committee of the Board considers the implications of the risks associated with the Corporation's compensation policies and practices.

The Compensation Committee is also responsible for recommending compensation for the directors and officers and granting stock options to the directors, officers and employees of, and consultants to, the Corporation pursuant to the Corporation's Stock Option Plan (the "**Option Plan**") and granting Common Shares to the officers and employees of, and consultants to, the Corporation pursuant to the Corporation's Stock Grant Program (the "**Stock Grant Program**"). Stock options already held by NEOs are considered when granting new options to them.

No NEO or director is permitted to purchase financial instruments, including prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Compensation Components

Compensation paid to the Corporation's NEOs consists of both cash compensation and equity-based compensation. No specific formulas are used to assign a specific weighting to each of these components. Instead, the Board considers the Corporation's performance and assigns compensation based on this assessment and the recommendations of the Compensation Committee.

In establishing levels of compensation, the NEO's performance, level of expertise, responsibilities, length of service to the Corporation and comparable levels of remuneration paid to executive officers of other companies of comparable size and development within the mineral exploration and mining development industries are considered as well as taking into account the financial and other resources of the Corporation.

In assessing compensation levels, the Compensation Committee also relies on the experience of its members as officers and directors of other companies in similar lines of business as the Corporation. The other companies of which they are currently a director are identified under the heading "Disclosure of Corporate Governance Practices – Directorships" of this Circular. The purpose of this comparison to similar companies is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and short-term and long-term incentive awards for the Compensation Committee's approval.

Base Salary

The Compensation Committee performs an annual assessment of all NEO compensation levels. The review for each NEO is based on an assessment of factors such as

- current competitive market conditions,

- compensation levels within the peer group, and
- particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual.

Using this information, together with budgetary guidelines and other internally generated planning and forecasting tools, the Compensation Committee then recommends to the Board what should be the base salaries of the CEO, CFO and other NEOs, and the Board sets the base salaries of the CEO and CFO and other NEOs.

Annual Incentive

Awards under the Corporation's annual incentive plan are made by way of cash bonuses, which are based on the Corporation's success in reaching its objectives and on individual performance. The Compensation Committee recommends, and the Board approves, annual incentives for each NEO.

To determine its recommendations, the Compensation Committee reviews corporate performance objectives during the year. During the last financial year, the principal objectives included:

- Exploration success, including the discovery of material mineralization in one or more of the Corporation's properties;
- Acquisition of new properties;
- Sales and joint ventures of properties and the formation of strategic alliances;
- Capital management;
- Successful management of the Corporation's environmental, community, and safety objectives;
- Maintaining compliance with the regulatory and disclosure framework;
- Increasing investor interest in the Corporation; and
- Increasing the Corporation's market capitalization.

The Compensation Committee assesses each NEO's performance on the basis of his or her respective contribution to the achievement of corporate goals as well as to needs of the Corporation that arise on a day-to-day basis. This assessment is used by the Compensation Committee in developing its recommendations to the Board with respect to the determination of annual incentive for the NEOs.

Long Term Compensation

Long term compensation is paid in the form of grants of stock options and Common Share stock grants.

Stock Option Plan

The Board established the Option Plan to encourage share ownership and entrepreneurship on the part of the directors, management and employees. The Compensation Committee believes that the Option Plan aligns the interests of the NEOs' with the interests of Shareholders by linking a component of compensation to the longer term performance of the Common Shares.

Options are generally granted on an annual basis, subject to the imposition of trading black-out periods, in which case options scheduled for grant will be granted subsequent to the end of the black-out period. All options granted to NEOs are recommended by the Compensation Committee and approved by the Board. In monitoring stock option grants, the Compensation Committee takes into account the level of options granted by comparable companies for similar levels of responsibility and considers each NEO based on reports received from management, its own observations on individual performance (where possible) and its assessment of individual contribution to Shareholder value.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Compensation Committee also makes the following determinations:

- the exercise price for each option granted;
- the date on which each option is granted;
- the vesting terms for each stock option; and
- the other materials terms and conditions of each stock option grant.

The Compensation Committee makes these determinations subject to and in accordance with the provision of the Option Plan.

Stock Grant Program

The Board created the Stock Grant Program for the benefit of officers and employees of, and consultants to, the Corporation.

The purpose of the Stock Grant Program is twofold. Firstly, to reward and provide an incentive to such individuals for their ongoing efforts towards the continuing successes and goals of the Corporation - as many of the Corporation's successes directly result from their very significant efforts. Secondly, the Stock Grant Program seeks to provide them with a long-term incentive to remain with the Corporation.

C. Summary Compensation Table

The following table contains a summary of the compensation paid to the NEOs during the Corporation's last three financial years.

- (1) As a result of the depressed junior stock markets, Mr. Thompson did not receive his full salary during the 2015 financial year. The outstanding balance owing up to and including May 31, 2015 was settled in June 2015 through the issuance of Common Shares and a cash payment. See “Employment Agreements” for full description of Mr. Thompson’s salary and settlement.
- (2) Discretionary bonuses that were paid to certain NEOs through the issuance of Common Shares. The purposes of the bonuses were to reward these NEOs in recognition of the efforts made by them towards the historical successes (retention plan) and the goals achieved for the preceding financial year (bonus plan) on behalf of the Corporation. The bonuses awarded vest and are issued in three separate tranches over a three year period, on the first, second and third anniversaries of being awarded. The amounts shown are the amounts accrued for accounting purposes each year.
- (3) The “grant date fair value” of options has been determined by using the Black-Scholes model. See discussion below. The stock option benefit is the grant date fair value using the Black-Scholes option pricing model using the following assumptions: stock price - \$0.76, exercise price - \$0.76, an option life of 5 years, a risk-free interest rate of 1.65% and a volatility of 67%. See the table under “Incentive Plan Awards” for the ‘in-the-money’ value of these options on December 31, 2017.
- (4) The “grant date fair value” of options has been determined by using the Black-Scholes model. See discussion below. The stock option benefit is the grant date fair value using the Black-Scholes option pricing model using the following assumptions: stock price - \$0.25, exercise price - \$0.25, an option life of 5 years, a risk-free interest rate of 1.43% and a volatility of 52%. See the table under “Incentive Plan Awards” for the ‘in-the-money’ value of these options on December 31, 2017.
- (5) Pursuant to a Management Services Agreement between the Corporation and Seabord Services Corp., Mr. Miles’s remuneration was paid by Seabord. See “Management Contracts” for a description of the material terms of the Management Services Agreement.

The Corporation continues to aim to manage its working capital efficiently and as a result, there were no base salary increases paid to the NEOs during the last financial year.

The Corporation has calculated the “grant date fair value” amounts in the ‘Option-based Awards’ column using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the options, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. Stock options that are well “out-of-the-money” can still have a significant “grant date fair value” based on a Black-Scholes valuation. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The total compensation shown in the last column is the total compensation of each NEO reported in the other columns. The value of the in-the-money options currently held by each NEO (based on Common Share price less option exercise price) is set forth in the ‘Value of Unexercised in-the-money Options’ column of the “Outstanding Share-Based and Option-Based Awards” table below.

Employment and Consulting Agreements

President and CEO

The Corporation entered into a Consulting Agreement dated November 1, 2017, with Miles F. Thompson whereby he was retained to act as the Corporation’s President and CEO.

The agreement provides for the remuneration of Mr. Thompson at the rate of \$10,000 per month plus up to \$7,500 in annual medical, travel, disability, and life insurance benefits. Either the Corporation or Mr. Thompson may, for any reason and in their sole discretion, terminate the Consulting Agreement by giving 60 days written notice to the other. Upon such termination, the Corporation shall pay Mr. Thompson the equivalent to 12 months of remuneration plus a further one-month of remuneration for each year of service by him since December 1, 2011 up to a maximum of 24 months of remuneration (including such initial 12 months of remuneration). In addition to such payment, any stock options or other rights to purchase or acquire securities of the Corporation held by Mr. Thompson that would otherwise vest within the following three years shall vest immediately and he shall be paid any discretionary bonus or other payment in respect of merit of service performance which have been earned or declared payable but not yet paid.

In the event of a change of control of the Corporation which results, within the six-month period following the change of control, in a termination of the agreement, Mr. Thompson shall also be entitled to compensation, payable within five days of such termination, equal to 24 months of remuneration. In addition to such payment, any stock options or other rights to purchase or acquire securities of the Corporation held by Mr. Thompson that have not vested shall vest immediately and he shall be paid any discretionary bonus or other payment in respect of merit of service performance which have been earned or declared payable but not yet paid.

In addition to the remuneration payable under this agreement, the Corporation may pay bonuses and grant Common Shares and stock options to Mr. Thompson.

Vice President, Exploration

The Corporation entered into a Consulting Agreement dated July 1, 2007, as amended June 1, 2010 and May 1, 2011, with Michael Bennell whereby he was retained to act as the Corporation's Vice-President of Exploration. The agreement provides for the remuneration of Mr. Bennell at the rate of \$13,000 per month. Either the Corporation or Mr. Bennell may, for any reason and in their sole discretion, terminate the Consulting Agreement by giving 30 days written notice to the other. In addition to the remuneration payable under this agreement, the Corporation may grant Common Shares or stock options to Mr. Bennell.

Other Contracts

The Corporation has not entered into any other employment or consulting contracts with its other Named Executive Officers.

D. Incentive Plan Awards

Outstanding Share-Based and Option-Based Awards

The following table sets out, for each NEO, the incentive stock options to purchase Common Shares under the Option Plan (option-based awards) and Common Share grants under the Stock Grant Program (share-based awards) held as of the last financial year (December 31, 2017). The closing price of the Common Shares on the TSX Venture Exchange ("TSX-V") on that date was \$0.71 per share.

- (1) Options are “in the money” if the market price of the Common Shares is greater than the exercise price of the options. The value of such options is the product of the number of Common Shares multiplied by the difference between the exercise price and the closing market price of the Common Shares on the financial year end. Options which were not vested at the financial year end are not included in this value.

The Compensation Committee’s approach to recommending options to be granted is consistent with prevailing practice in the mineral exploration industry. Grants of options depend on the length of service of the NEOs. There are, therefore, no formulae followed or performance goals or significant conditions which must be met before options will be granted. Options are always granted at the prevailing market price of the Common Shares.

Value of Share-Based and Option-Based Awards Vested or Earned During the Year

The following table sets out the share-based and option-based awards that vested in, and non-equity awards that were earned by, the NEOs during the last financial year.

Name & Position	Value vested during the year		Value earned during the year - Non-equity incentive plan compensation (\$)
	Option-based awards ⁽¹⁾ (\$)	Share-based awards ⁽²⁾ (\$)	
Miles F. Thompson President & CEO	171,560	4,977	176,537
David L. Miles CFO	25,734	N/A	25,734
Michael R. Bennell VP Exploration	85,780	3,317	89,097

- (1) The value of an option-based award is the product of the number of Common Shares issuable on the exercise of the option on the vesting date multiplied by the difference between the exercise price and the closing market price on the vesting date. The stock option benefit is the grant date fair value has been calculated using the Black-Scholes option pricing model, which is described above. See the table under “Outstanding Share-based and Option-based Awards to NEOs” for the “in-the-money” value of these options on December 31, 2017.
- (2) The value of a share-based award is the product of the number of Common Shares issuable on the vesting date multiplied by the closing market price on the vesting date.

E. Pension Plan Benefits

The Corporation does not have a pension plan, defined benefits plan, defined contribution plan or deferred compensation plan.

F. Termination and Change of Control Benefits

Other than described above under ‘Summary Compensation Table – Employment and Consulting Agreements’, the Corporation has not provided or agreed to provide any compensation to any NEOs as a result of a change of control of the Corporation, its subsidiaries or affiliates.

G. Director Compensation

The following table describes director compensation for non-executive directors for the last financial year.

Name	Fees earned (\$)	Share-based awards (\$)	Option-based awards ⁽¹⁾ (\$)	Non-equity incentive plan compensation (\$)	Pension value (\$)	All other Compensation (\$)	Total (\$)

- (1) The “grant date fair value” of options has been determined by using the Black-Scholes model. See discussion below. The stock option benefit is the grant date fair value using the Black-Scholes option pricing model using the following assumptions: stock price - \$0.76, exercise price - \$0.76, an option life of 5 years, a risk-free interest rate of 1.65% and a volatility of 67%. See the table under “Share-Based and Option-based Awards to Directors” for the ‘in-the-money’ value of these options on December 31, 2017.

The Corporation has calculated the “grant date fair value” amounts in the ‘Option-based Awards’ column using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the options, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. Stock options that are well out-of-the-money can still have a significant “grant date fair value” based on a Black-Scholes valuation. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The total compensation shown in the last column is the total compensation of each director reported in other columns. The value of the in-the-money options currently held by each director (based on Common Share price less option exercise price) is set forth in the ‘Value of Unexercised in-the-money Options’ column of the “Outstanding Share-Based and Option-Based Awards” table below.

The methodology used for determining the remuneration of the Board is similar to that used for the remuneration of NEOs. Remuneration of each Committee Chair is determined on its own merits and circumstances after being carefully considered in light of prevailing economic conditions – both on a corporate level and on a national and international level – and industry norms for such remuneration. Levels of remuneration are usually first informally discussed among the members of the Compensation Committee and with the President before being formally considered and approved by the Board.

Share-Based and Option-based Awards to Directors

The following table sets out, for each director who is not an officer, the stock options to purchase Common Shares under the Option Plan (option-based awards) and Common Share grants under the Stock Grant Program (share-based awards) held as of the last financial year (December 31, 2017). The closing price of the Common Shares on the TSX-V on that date was \$0.71 per share.

Name	Option-based Awards				Share-based Awards		
	Number of securities underlying unexercised options (vested-unvested)	Option exercise price (per share)	Option expiration date (m/d/y)	Value of unexercised 'in-the-money' options ⁽¹⁾ (\$)	Number of shares or units of shares that have not vested (#)	Market or payout value of share-based awards that have not vested (\$)	Market or payout value of share-based awards that have vested but have not been paid out (\$)

William C. Steers	100,000 - 0 100,000 – 0	\$0.76 \$0.86	11/20/2022 05/27/2021	0 0	N/A	N/A	N/A

- (1) Options are “in the money” if the market price of the Common Shares is greater than the exercise price of the options. The value of such options is the product of the number of Common Shares multiplied by the difference between the exercise price and the closing market price of the Common Shares on the financial year end. Options which were not vested at the financial year end are not included in this value.

The Compensation Committee’s approach to recommending options to be granted is consistent with prevailing practice in the mineral exploration industry. Grants of options depend on the length of service of the directors. There are, therefore, no formulae followed or performance goals or significant conditions which must be met before options will be granted. Options are always granted at the prevailing market price of the Common Shares.

Value of Share-Based and Option-Based Awards Vested or Earned During the Year

The following table sets forth, for each director who is not an officer, the values of all incentive plan awards which vested or were earned during the Corporation’s last completed financial year.

Name	Value vested during the year		Value earned during the year - Non-equity incentive plan compensation (\$)
	Option-based awards ⁽¹⁾ (\$)	Share-based awards ⁽²⁾ (\$)	
Adrian R. Calvert	Nil	Nil	Nil
Christopher B. Jones	Nil	Nil	Nil
William C. Steers	Nil	Nil	Nil

- (1) The value of an option-based award is the product of the number of Common Shares issuable on the exercise of the option on the vesting date multiplied by the difference between the exercise price and the closing market price on the vesting date. The stock option benefit is the grant date fair value calculated using the Black-Scholes option pricing model, which is described above. See the table under “Share-based and Option-based Awards to Directors” for the “in-the-money” value of these options on December 31, 2017.
- (2) The value of a share-based award is the product of the number of Common Shares issuable on the vesting date multiplied by the closing market price on the vesting date.

Option-based Awards Exercised During the Year

The following table sets forth the particulars of option-based awards exercised during the Corporation’s last completed financial year by the directors.

Name	Securities Acquired on Exercise (#)	Exercise Price	Date of Exercise (m/d/y)	Aggregate Value Realized ⁽¹⁾ (\$)
Adrian Calvert	Nil	N/A	N/A	Nil
Christopher B. Jones	Nil	N/A	N/A	Nil
William C. Steers	Nil	N/A	N/A	Nil

- (1) Calculated using the closing market price of the Common Shares on the date(s) of exercise less the exercise price of the stock options multiplied by the number of Common Shares acquired.

Management Contracts

Pursuant to a management service agreement dated January 1, 2009, as amended January 1, 2010, January 1, 2011 and January 1, 2013 between the Corporation and Seabord Services Corp. of Suite 501, 543 Granville Street, Vancouver, British Columbia, the Corporation paid \$17,800 per month to Seabord in consideration of Seabord providing office, reception, secretarial, accounting and corporate records services to the Corporation, including the services of the CFO and Corporate Secretary.

Seabord is a private company wholly-owned by a former director of the Corporation, Michael D. Winn of Laguna Beach, California.

Description of Option Plan

The purpose of the Option Plan to attract and motivate the directors, officers and employees of the Corporation (and any of its subsidiaries), employees of any management company and consultants to the Corporation (collectively the “**Optionees**”) and thereby advance the Corporation’s interests by providing them an opportunity to acquire an equity interest in the Corporation through the exercise of stock options granted to them under the Option Plan.

Pursuant to the Option Plan, the Board, based on the recommendations of the Compensation Committee, may grant options to Optionees in consideration of them providing their services to the Corporation or a subsidiary. The number of Common Shares subject to each option is determined by the Board within the guidelines established by the Option Plan. The options enable the Optionees to purchase Common Shares at a price fixed pursuant to such guidelines. The options are exercisable by the Optionee giving the Corporation notice and payment of the exercise price for the number of Common Shares to be acquired.

The Option Plan authorizes the Board to grant stock options to the Optionees on the following terms:

1. The number of Common Shares subject to issuance pursuant to outstanding options, in the aggregate, cannot exceed 10% of the outstanding Common Shares.
2. The number of Common Shares subject to issuance upon the exercise of options granted under the Option Plan by one Optionee or all Optionees providing investor relations services is subject to the following limitations
 - (a) no Optionee can be granted options during a 12 month period to purchase more than
 - (i) 5% of the issued Common Shares unless disinterested Shareholder approval has been obtained (such approval has not been sought), or
 - (ii) 2% of the issued Common Shares, if the Optionee is a consultant, and
 - (b) the aggregate number of Common Shares subject to options held by all Optionees providing investor relations services cannot exceed 2% in the aggregate.
3. Approval by disinterested Shareholders must be obtained (such approval has not been, nor is it intended to be, sought) if options granted under the Option Plan, together with all of the Corporation's previously established and outstanding stock options, stock option plans, employee stock purchase plans or any other compensation or incentive mechanisms involving the issuance or potential issuance of Common Shares, shall not result, at any time, in
 - (a) the number of Common Shares reserved for issuance pursuant to stock options granted to insiders exceeding 10% of the Common Shares outstanding at the time of granting,
 - (b) the grant to insiders, within a one-year period, of options to purchase that number of Common Shares exceeding 10% of the outstanding Common Shares, or
 - (c) the issuance to any one insider and such insider's associates, within a one-year period, of Common Shares totalling in excess of 5% of the outstanding Common Shares.
4. The exercise price of the options cannot be set at less than the greater of \$0.10 per Common Share and the closing trading price of the Common Shares on the day before the granting of the stock options. If the Optionee is subject to the tax laws of the United States of America ("USA") and owns (determined in accordance with such laws) greater than 10% of the Common Shares, the exercise price shall be at least 110% of the price established as aforesaid.
5. The options may be exercisable for up to 10 years.
6. There are not any vesting requirements unless the Optionee is a consultant providing investor relations services to the Corporation, in which case the options must vest over at least 12 months with no more than one-quarter vesting in any three-month period. However, the Board may impose additional vesting requirements and, subject to obtaining any required approval from the TSX-V, may authorize all unvested options to vest immediately. If there is a 'change of control' of the Corporation (due to a take-over bid being made for the Corporation or similar event), all unvested options, subject to obtaining any required approval from the Exchange, shall vest immediately.
7. The options can only be exercised by the Optionee (to the extent they have already vested) for so long as the Optionee is a director, officer or employee of, or consultant to, the Corporation or any

subsidiary or is an employee of the Corporation's management company and within a period thereafter not exceeding the earlier of:

- (a) the original expiry date;
- (b) 90 days after ceasing to be a director, officer or employee of, or consultant to, the Corporation at the request of the Board or for the benefit of another director or officer unless the Optionee is subject to the tax laws of the USA, in which case the option will terminate on the earlier of the 90th day and the third month after the Optionee ceased to be an officer or employee; and
- (c) if the Optionee dies, within one year from the Optionee's death.

If the Optionee is terminated 'for cause', involuntarily removed or resigns (other than at the request of the Board or for the benefit of another director or officer) from any of such positions the option will terminate concurrently.

- 8. The options are not assignable except to a wholly-owned holding company. If the option qualifies as an 'incentive stock option' under the United States Internal Revenue Code, the option is not assignable to a holding company.
- 9. No financial assistance is available to Optionees under the Option Plan.
- 10. Any amendments to outstanding stock options are subject to the approval of the TSX-V and, if required by the TSX-V, of the shareholders of the Corporation, possibly with only 'disinterested shareholders' being entitled to vote. Disinterested Shareholder approval must be obtained for the reduction of the exercise price (including the cancellation and re-issuance of options within a one year period so as to effectively reduce the exercise price) of options held by insiders of the Corporation. The amendment to an outstanding stock option will also require the consent of the Optionee.
- 11. Any amendments to the Option Plan are subject to the approval of the TSX-V and, if required by the TSX-V or the Option Plan, of the Shareholders of the Corporation, possibly with only 'disinterested Shareholders' being entitled to vote.

No options have been granted under the Option Plan which are subject to Shareholder approval.

The Option Plan does not permit stock options to be transformed into stock appreciation rights.

Repricing of Stock Options

The Corporation did not make any downward repricing of stock options or stock appreciation rights during the year.

Stock Grant Program

The purpose of the Stock Grant Program is to reward and provide an incentive to officers and employees of, and consultants to, the Corporation for their ongoing efforts towards the continuing successes and goals of the Corporation and to provide them with a long-term incentive to remain with the Corporation.

Under the Stock Grant Program up to an aggregate of 250,000 Common Shares may be issued on an annual basis to such individuals in such amounts as recommended by the independent members of the Compensation Committee or independent directors of the Corporation. The Common Shares awarded must vest and be issued in three separate tranches over a three-year period, namely, on the first, second and third anniversaries of being awarded. Shares not awarded in one year cannot be rolled over and awarded in subsequent years. If the recipient ceases to be an officer, or employee of, or consultant to, the Corporation before the relevant anniversary, the recipient will not be entitled to receive any further shares under the Program, including shares previously awarded for issuance on such anniversary.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table sets out, as at the end of the Corporation's last completed financial year, information regarding outstanding options, warrants and rights (other than those granted *pro rata* to all shareholders) granted by the Corporation under its equity compensation plans.

Equity Compensation Plan Information

(2) Excluding the number of Common Shares issuable upon exercise of outstanding options, warrants and rights shown in the second column.

CORPORATE GOVERNANCE

National Policy 58-101 *Disclosure of Corporate Governance Practices* of the Canadian securities administrators requires the Corporation to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Board of Directors

The Board has responsibility for the stewardship of the Corporation including responsibility for strategic planning, identification of the principal risks of the Corporation's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Corporation's internal control and management information systems.

The Board sets long term goals and objectives for the Corporation and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Corporation to senior

management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Corporation and its business. The Board is responsible for protecting Shareholders' interests and ensuring that the incentives of the Shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board reviews, as frequently as required, the principal risks inherent in the Corporation's business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the Audit Committee, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Corporation is authorized to act without Board approval, on all ordinary course matters relating to the Corporation's business.

The Board also monitors the Corporation's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution.

The Board is responsible for the appointment of the CEO, President and other senior management and monitoring of their performance.

The Board has not adopted a written mandate or code setting out the foregoing obligations, since it believes it is adequately governed by the requirements of applicable corporate and securities common and statute law which provide that the Board has responsibility for the stewardship of the Corporation. That stewardship includes responsibility for strategic planning, identification of the principal risks of the Corporation's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Corporation's internal control and management information systems.

The Board considers that the following directors are "independent" in that they are independent and free from any interest and any business or other relationship which could or could reasonably be perceived to, materially interfere with the director's ability to act with the best interests of the Corporation, other than interests and relationships arising from shareholding: Adrian Calvert, Christopher Jones, and William C. Steers. The Board considers that Miles F. Thompson, the Chairman, President and CEO of the Corporation, is not independent because he is a member of management.

The Board facilitates its exercise of independent supervision over the Corporation's management through regular meetings of the Board.

The Board does not hold regularly scheduled meetings without the non-independent directors and members of management. Since the beginning of the Corporation's last financial year, the independent directors did not hold any ad hoc meetings without the non-independent directors and management.

When a matter being considered involves a director, that director does not vote on the matter. As well, the directors regularly and independently confer amongst themselves and thereby keep apprised of all operational and strategic aspects of the Corporation's business.

The President and CEO acts as Chairman of the Board and is responsible for presiding over all meetings of the directors and Shareholders. He is not an independent director, however, the independent directors either have significant experience as directors and officers of publicly traded companies or as members of

the financial investment community and, therefore, do not require the guidance of an independent Chairman of the Board in exercising their duties as directors.

Descriptions of Roles

The Board has not established written descriptions of the positions of CEO or chair of any of the committees of the Board (except as may be set out in a charter applicable to a committee) as it feels they are unnecessary and would not improve the function and performance of the Board, CEO or committee. The role of chair is delineated by the nature of the overall responsibilities of the Board or the committee.

The Board has not set limits on the objectives to be met by the CEO but believes that such limits and objectives should depend upon the circumstances of each situation and that to formalize these matters would be restrictive and unproductive.

Directorships

Some of the directors or proposed directors are presently a director of one or more other reporting issuers (public companies), as follows:

Director	Other Issuers	Director	Other Issuers
Miles F. Thompson	Reservoir Capital Corp.	Adrian R. Calvert	N/A
Christopher B. Jones	N/A	William C. Steers	Petro Rio SA Arht Media Inc. RouteMaster Capital Inc.

Orientation and Continuing Education

The Board takes the following measures to ensure that all new directors receive a comprehensive orientation regarding their role as a member of the Board, its committees and its directors, and the nature and operation of the Corporation.

The first step is to assess a new director's set of skills and professional background since each new director brings a different skill set and professional background. Once that assessment has been completed, the Board is able to determine what orientation to the nature and operations of the Corporation's business will be necessary and relevant to each new director.

The second step is taken by one or more existing directors, who may be assisted by the Corporation's management, to provide the new director with the appropriate orientation through a series of meetings, telephone calls and other correspondence.

The Corporation has a Board Policy Manual, which provides a comprehensive introduction to the Board and its committees.

The Board takes the following measures to provide continuing education for its directors to maintain the skill and knowledge necessary for them to meet their obligations as directors:

- the Board annually reviews the Corporation's Charters, Policies and Mandate of the Board which comprise the Board Policy Manual, a copy of which is available to the directors; and

- there are technical presentations at Board meetings, focusing on either a particular property or a summary of various properties. The ‘question and answer’ portions of these presentations are a valuable learning resource for the non-technical directors.

Ethical Business Conduct

To comply with its legal mandate, the Board seeks to foster a culture of ethical conduct by striving to ensure the Corporation carries out its business in line with high business and moral standards and applicable legal and financial requirements. In that regard, the Board

- has adopted a written Code of Business Conduct and Ethics for its directors, officers, employees and consultants.
- has established a Whistleblower Policy which details complaint procedures for financial concerns.
- encourages management to consult with legal and financial advisors to ensure the Corporation is meeting those requirements.
- is cognizant of the Corporation’s timely disclosure obligations and reviews material disclosure documents such as financial statements, Management’s Discussion & Analysis (“MD&A”) and press releases prior to distribution.
- relies on its Audit Committee to annually review the systems of internal financial control and discuss such matters with the Corporation’s external auditor.
- actively monitors the Corporation’s compliance with the Board’s directives and ensures that all material transactions are thoroughly reviewed and authorized by the Board before being undertaken by management.

The Board must also comply with the conflict of interest provisions of the British Columbia *Business Corporations Act*, as well as relevant securities regulatory instruments and stock exchange policies, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest.

Nomination of Directors

To identify new candidates for nomination for election as directors, the Board considers the advice and input of the Corporate Governance Committee, the members of which are listed under “Particulars of Matters to be Acted Upon – 4. Election of Directors” and which is composed of a majority of independent directors, regarding:

- the appropriate size of the Board, the necessary competencies and skills of the Board as a whole and the competencies and skills of each director individually; and
- the identification and recommendation of new individuals qualified to become new Board members. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Corporation, the ability to devote the time required and a willingness to serve as directors.

Other Board Committees

In addition to the Audit Committee, described in the next section, the Board has established the following committees. The functions and members of these committees are described below.

Compensation Committee: The Compensation Committee is responsible for the review of all compensation (including stock options) paid by the Corporation to the Board, executive officers and employees of the Corporation and any subsidiaries, to report to the Board on the results of those reviews and to make recommendations to the Board for adjustments to such compensation.

The Committee consists of three directors, all of whom are independent (outside, non-management) directors (William Steers – (Committee Chairman), Christopher Jones and Adrian Calvert). Each member of the Committee has direct experience relevant to their responsibilities on the Committee, including acting as officers and directors of other publicly traded companies so that they are familiar with remuneration in the Corporation’s industry.

For further details on the role of the Compensation Committee, refer to “Compensation Discussion and Analysis”.

Corporate Governance Committee: The Corporate Governance Committee is responsible for advising the Board of the appropriate corporate governance procedures that should be followed by the Corporation and the Board and monitoring whether they comply with such procedures.

The Committee consists of three directors, all of whom are independent (outside, non-management) directors (Adrian Calvert (Committee Chairman), Christopher Jones, and William Steers.)

Assessments

The Board and the Corporate Governance Committee have not established a process to regularly assess the Board and its committees with respect to their effectiveness and contributions. Nevertheless, their effectiveness is subjectively measured on an ongoing basis by each director based on their assessment of the performance of the Board, its committees or the individual directors compared to their expectation of performance. In doing so, the contributions of an individual director are informally monitored by the other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

AUDIT COMMITTEE

National Instrument 52-110 *Audit Committees* (“NI 52-110”) of the Canadian securities administrators requires the Corporation’s Audit Committee to meet certain requirements. It also requires the Corporation to disclose in this Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The Audit Committee of the Board is principally responsible for

- recommending to the Board the external auditor to be nominated for election by the Corporation’s shareholders at each annual general meeting and negotiating the compensation of such external auditor.

- overseeing the work of the external auditor, including the resolution of disagreements between the auditor and management regarding the Corporation’s financial reporting.
- pre-approving all non-audit services to be provided to the Corporation’s, by the auditor.
- reviewing the Corporation’s annual and interim financial statements, MD&A and press releases regarding earnings before they are reviewed and approved by the Board and publicly disseminated by the Corporation.
- reviewing the Corporation’s financial reporting procedures and internal controls to ensure adequate procedures are in place for the Corporation’s public disclosure of financial information extracted or derived from its financial statements, other than disclosure described in the previous paragraph.

The Corporation’s auditor reports directly to the Audit Committee.

The Audit Committee’s Charter

The Board has adopted a Charter for the Audit Committee which sets out the Committee’s mandate, organization, powers and responsibilities. The complete Charter is attached as a schedule to this Circular.

Composition of the Audit Committee

The Audit Committee consists of three directors. Unless it is a ‘Venture Issuer’ (an issuer the securities of which are not listed or quoted on any of the Toronto Stock Exchange, a market in the USA other than the over-the-counter market, or a market outside of Canada and the USA) as of the end of its last financial year, NI 52-110 requires each of the members of the Committee to be independent and financially literate. Since the Corporation is a ‘Venture Issuer’ (its securities are listed on the TSX-V, but are not listed or quoted on any other exchange or market) it is exempt from this requirement. In addition, the Corporation’s governing corporate legislation requires the Corporation to have an Audit Committee composed of a minimum of three directors, a majority of whom are not officers or employees of the Corporation. The Audit Committee complies with this requirement.

The following table sets out the names of the members of the Audit Committee and whether they are ‘independent’ and ‘financially literate’.

Name of Member	Independent ⁽¹⁾	Financially Literate ⁽²⁾
Christopher B. Jones (Committee Chairman)	Yes	Yes
Adrian R. Calvert	Yes	Yes
William C. Steers	Yes	Yes

(1) To be considered to be independent, a member of the Committee must not have any direct or indirect ‘material relationship’ with the Corporation. A material relationship is a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member’s independent judgment.

(2) To be considered financially literate, a member of the Committee must have the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation’s financial statements.

Relevant Education and Experience

The education and experience of each member of the Audit Committee relevant to the performance of his responsibilities as an Audit Committee member and, in particular, any education or experience that would provide the member with:

1. an understanding of the accounting principles used by the Corporation to prepare its financial statements;
2. the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
3. experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising one or more persons engaged in such activities; and
4. an understanding of internal controls and procedures for financial reporting,

are as follows:

Complaints

The Audit Committee has established a “Whistleblower Policy” which outlines procedures for the confidential, anonymous submission by employees regarding the Corporation’s accounting, auditing and financial reporting obligations, without fear of retaliation of any kind. If an applicable individual has any concerns about accounting, audit, internal controls or financial reporting matters which they consider to be questionable, incorrect, misleading or fraudulent, the applicable individual is urged to come forward with any such information, complaints or concerns, without regard to the position of the person or persons responsible for the subject matter of the relevant complaint or concern.

The applicable individual may report their concern in writing and forward it to the Chairman of the Audit Committee in a sealed envelope labelled “*To be opened by the Audit Committee only*”. Further, if the applicable individual wishes to discuss any matter with the Audit Committee, this request should be indicated in the submission. Any such envelopes received by the Corporation will be forwarded promptly and unopened to the Chairman of the Audit Committee.

Promptly following the receipt of any complaints submitted to it, the Audit Committee will investigate each complaint and take appropriate corrective actions.

The Audit Committee will retain as part of its records, any complaints or concerns for a period of no less than seven years. The Audit Committee will keep a written record of all such reports or inquiries and make quarterly reports on any ongoing investigation which will include steps taken to satisfactorily address each complaint.

The Audit Committee did not receive any complaints during the last completed financial year.

The “Whistleblower Policy” is reviewed by the Audit Committee on an annual basis and is included as an addendum to the Audit Committee Charter attached hereto.

Audit Committee Oversight

Since the commencement of the Corporation’s most recently completed financial year, there has not been a recommendation of the Audit Committee to nominate or compensate an external auditor which was not adopted by the Board.

**Reliance on Exemptions in NI 52-110 regarding
De Minimis Non-audit Services or on a Regulatory Order Generally**

Since the commencement of the Corporation’s most recently completed financial year, the Corporation has not relied on:

1. the exemption in section 2.4 (*De Minimis Non-audit Services*) of NI 52-110 (which exempts all non-audit services provided by the Corporation’s auditor from the requirement to be pre-approved by the Audit Committee if such services are less than 5% of the auditor’s annual fees charged to the Corporation, are not recognized as non-audit services at the time of the engagement of the auditor to perform them and are subsequently approved by the Audit Committee prior to the completion of that year’s audit), or
2. an exemption from NI 52-110, in whole or in part, granted by a securities regulator under Part 8 (*Exemptions*) of NI 52-110.

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described in section III.B “Powers and Responsibilities – Performance & Completion by Auditor of its Work” of the Charter.

External Auditor Service Fees (By Category)

The following table discloses the fees billed to the Corporation by its external auditor during the last two financial years.
