

GÉOLOGICA GROUPE-CONSEIL

Certificate of Qualification (Alain-Jean Beauguard)

1. I, Alain-Jean Beauguard, Professional Geologist, residing at 240 Chemin des Pimbinas, La Conception, Québec, Canada.
2. The certificate is related to the report entitled "NI 43-101 Technical Evaluation Report on the Roger (1206) Property (According NI 43-101F1)" (the "Technical Report"). This report was written for SOQUEM Inc. and Enforcer Gold Corp., and dated October 9, 2018.
3. I am a qualified geologist, having received my academic training at Concordia University, in Montréal, Québec (B.Sc. Geology and Mining – 1978) with an attestation in Business Administration (Val-d'Or – 1988). I am a Fellow of the Geological Association of Canada #F4951 (FGAC) and also a member of the Order of Geologists and Geophysicists of Québec #227 (OGQ), of the Quebec Mining Exploration Association (AEMQ), of the Canadian Institute of Mining and Metallurgy (CIMM) and the Prospectors and Developers Association of Canada (PDAC).
4. I have worked as a geologist for a total of 40 years since my graduation from University with the production of more than one thousand and five hundred (>1500) technical and financial evaluation reports in English or French for government authorities, private and public companies including numerous market value assessments of mining properties from grassroots projects to developed mines, and several companies' entire portfolio of properties. I have field experience mapping, prospecting, sampling and compiling data in the highly metamorphic terrain of the Superior and Grenville Provinces for iron, titanium, uranium, rare earth minerals, graphite, precious and base metals. I have organized and managed several exploration campaigns for gold, base metals and industrial metals, especially in remote areas of Abitibi, but also in other parts of the province of Québec (Labrador Trough, Gaspé Peninsula, James Bay, St-Lawrence River, North Shore, Ungava, etc.), in eastern Canada, Europe, Africa and the Americas.
5. I have visited the property in June 20, 2018 and I have resampled some mineralized sections of four (4) 2018 drill holes.
6. I am responsible for the technical parts of Sections 1 to 10 and 15 to 19 of the Technical Report
7. I am independent of the issuer (Enforcer Gold Corp. and SOQUEM Inc.) and the Roger (1206) Property applying all of the tests in section 1.5 of National Instrument 43-101.
8. I had no prior involvement with the property that is subject of the Technical Report.
9. I confirm to have read 43-101 F1 form and related appendices and that the Technical Report has been prepared in compliance with the National Instrument 43-101.
10. As of October 9, 2018, I am not aware of any material fact or material change with respect to the subject matter of this report which is not reflected in this report or of the omission to disclose any such material fact or material change which could make this report misleading.

Dated this 9th day of October 2018

Alain-Jean Beauguard, P. Geo., OGQ (#227), FGAC
