INDEPENDENT AUDITOR'S REPORT

To the Shareholders of
Minaean SP Construction Corp.

Opinion

We have audited the accompanying consolidated financial statements of Minaean SP Construction Corp. (the "Company"), which comprise the consolidated statements of financial position as at March 31, 2025 and 2024, and the consolidated statements of shareholders' deficiency, income (loss) and comprehensive income (loss), and cash flows for the years then ended, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 of the consolidated financial statements, which indicates that the Company has an accumulated deficit of \$13,289,676 and working capital deficit of \$424,054. As stated in Note 1, these events and conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year ended. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Except for the matter described in the Material Uncertainty Related to Going Concern section, we have determined that there are no other key audit matters to communicate in our auditor's report.

Other Information

Management is responsible for the other information. The other information obtained at the date of this auditor's report includes Management's Discussion and Analysis.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained Management's Discussion and Analysis prior to the date of this auditor's report. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year ended and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Peter Maloff.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Minaean SP Construction Corp. (“Minaean” or the “Company”) was incorporated under the Business Corporations Act (Alberta) on November 5, 1998 and continued into British Columbia on August 28, 2015.

As at March 31, 2025, Minaean has two wholly-owned subsidiaries, Minaean Building Solutions Inc. (“MBSolutions”) and Minaean Habitat India Private Limited (“MHIPL”), (collectively the “Company”).

The Company is in the business of providing general contracting to the construction industry with a specialty in Light Gauge Steel Quik-Build Systems. The Company also provides a variety of contracting services including consulting on large scale construction projects, engineering, procurement, construction and design-build capabilities in the residential, commercial, industrial, healthcare, and hospitality sectors.

The Company’s head office, principal address and records office is Suite 2050-1055 West Georgia Street, Vancouver, BC V6E 3P3. The registered office is Suite 2501, 550 Burrard Street, Vancouver, BC V6C 2B5.

These consolidated financial statements have been prepared on a going concern basis, which presumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. During the year ended March 31, 2025, the Company had net income of \$512,115 (2024 – loss of \$267,007). As at March 31, 2025, the Company has an accumulated deficit of \$13,289,676 (2024 - \$13,801,791) and working capital deficit of \$424,054 (2024 - \$930,706). These conditions may cast significant doubt about the Company’s ability to continue as a going concern.

These consolidated financial statements have been prepared in accordance with IFRS Accounting Standards with the assumption that the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. Different basis of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. The Company’s ability to continue as a going concern is dependent upon generating a profit from operations and its ability to raise equity capital or borrowings sufficient to meet current and future obligations. There are many external factors that can adversely affect general workforces, economies and financial markets globally. Examples include but are not limited to the COVID-19 global pandemic from March 2020 and political conflicts in other regions. While the Company has been successful in obtaining its required financing in the past, there is no assurance that such financing will be available or be available on favorable terms. An inability to raise additional financing may impact the future assessment of the Company as a going concern. The financial statements do not include adjustments to amounts and classifications of assets and liabilities that might be necessary should the Company be unable to continue operations. These material uncertainties may cast significant doubt upon the Company’s ability to continue as a going concern.

The Company has never paid dividends.

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION

These consolidated financial statements were authorized for issue on July 29, 2025 by the directors of the Company.

Statement of compliance and conversion to IFRS Accounting Standards

These consolidated financial statements, including comparatives, have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Basis of presentation

The consolidated financial statements of the Company have been prepared on an accrual basis except for cash flow information and are based on historical costs, except for financial instrument carried at fair value, modified where applicable. The consolidated financial statements are presented in Canadian dollars unless otherwise noted.

Subsidiaries

In addition to the Company, the consolidated financial statements include all subsidiaries. Subsidiaries are all corporations over which the Company is able directly or indirectly, to control financial and operational policies, which is the authority usually connected with holding majority voting rights. Subsidiaries are fully consolidated from the date on which control is acquired by the Company. They are de-consolidated from the date that control by the Company ceases.

The subsidiaries of the Company are as follows:

	Country of incorporation	Percentage owned	
		March 31, 2025	March 31, 2024
Minaean Building Solutions Inc.	Canada	100%	100%
Minaean Habitat India Pvt Ltd.	India	100% ⁽¹⁾	100% ⁽¹⁾

(1) owned by Minaean Building Solutions Inc.

Consolidation

Assets, liabilities, revenues and expenses of the subsidiaries are recognized in accordance with the Company's accounting policies. Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated on consolidation.

Critical Accounting Estimates and Judgments

The preparation of these consolidated financial statements requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported expenses during the period. Actual results could differ from these estimates.

Significant assumptions about the future and other sources of estimation uncertainty that management has made at the end of the reporting period, that could result in a material adjustment to the carrying amounts of assets and liabilities in the event that actual results differ from assumptions made, relate to, but are not limited to, the following:

Receivables An 'expected credit loss' impairment model applies which requires a loss allowance to be recognized based on expected credit losses. The estimated present value of future cash flows associated with the asset is determined and an impairment loss is recognized for the difference between this amount and the carrying amount as follows: the carrying amount of the asset is reduced to estimated present value of the future cash flows associated with the asset, discounted at the financial asset's original effective interest rate, either directly or through the use of an allowance account and the resulting loss is recognized in profit or loss for the period.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Critical Accounting Estimates and Judgments (cont'd)

In a subsequent period, if the amount of the impairment loss related to financial assets measured at amortized cost decreases, the previously recognized impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortized cost would have been had the impairment not been recognized.

Share-based payments The Company uses the Black-Scholes option pricing model to determine the fair value of options and warrants in order to calculate share-based payments expense and the fair value of agent warrants. The Black-Scholes model involves six key inputs to determine fair value of an option: risk-free interest rate, exercise price, market price at date of issue, expected dividend yield, expected life, and expected volatility. Certain of the inputs are estimates that involve considerable judgment and are or could be affected by significant factors that are out of the Company's control. The Company is also required to estimate the future forfeiture rate of options based on historical information in its calculation of share-based payments expense.

The information about significant areas of judgment considered by management in preparing the consolidated financial statements are as follows:

i. Determination of functional currency

The effect of Changes in Foreign Exchange Rates (IAS 21) defines the functional currency as the currency of the primary economic environment in which an entity operates. The determination of functional currency, which is performed on an entity by entity basis, is based on various judgmental factors outlined in IAS 21. Based on assessment of the factors in IAS 21, primarily those that influence labour, material and other costs of goods or services received by its subsidiary, management determined that the functional currency for the Company and its subsidiaries is the Canadian dollar, with the exception of Minaean Habitat India Pvt Ltd. which is the Indian Rupee.

ii. Deferred tax assets

Deferred tax assets are recognized in respect of tax losses and other temporary differences to the extent it is probable that taxable income will be available against which the losses can be utilized. Judgment is required to determine the amount of deferred tax assets that can be recognized based upon the likely timing and level of future taxable income together with future tax planning strategies.

iii. Going concern

The assessment of the Company's ability to continue as a going concern and to raise sufficient funds to pay its ongoing operating expenditures and meet its liabilities involves significant judgment based on historical experience and other factors including expectation of future events that are believed to be reasonable under the circumstances.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Foreign currency translation

The functional currency of each of the Company's entities is measured using the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Canadian dollars which is the parent company's functional and presentation currency. The functional currency of Minaean Habitat India Pvt Ltd, which has operations in India is the Indian Rupee. All other subsidiaries have a functional currency of the Canadian Dollar.

Foreign currency transactions, balances and translation:

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the period-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items or on settlement of monetary items are recognized in profit or loss in the period in which they arise, except where deferred in equity as a qualifying cash flow or net investment hedge.

Translation of Operation with a Different Functional Currency:

The financial results and position of foreign operations whose functional currency is different from the Company's functional currency are translated to the Company's presentation currency as follows:

- assets and liabilities are translated at period-end exchange rates prevailing at that reporting date; and
- income and expenses are translated at average exchange rates for the period.

Exchange differences arising on translation of foreign operations are transferred directly to the Company's foreign currency translation reserve in the statement of comprehensive income. These differences are recognized in the profit or loss in the period in which the operation is disposed.

Share-based compensation

The Company operates an employee share option plan. Share-based payments to employees are measured at the fair value of the instruments issued and amortized over the vesting periods. Share-based payments to non-employees are measured at the fair value of goods or services received or the fair value of the equity instruments issued, if it is determined the fair value of the goods or services cannot be reliably measured, and are recorded at the date the goods or services are received. To date, share-based payments consist entirely of share options. For share options, the cost of the option is expensed or capitalized as an addition to non-monetary assets depending on the reason for the grant. The corresponding amount is recorded to the option reserve. The fair value of options granted is determined using a Black-Scholes pricing model which incorporates all market vesting conditions.

The number of share options expected to vest is adjusted on the date of grant such that the amount recognized for services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Financial instruments

The following table shows the classification of the Company's financial instruments under IFRS 9:

Financial assets	
Cash	Amortized cost
Short-term investments	FVTPL
Receivables	Amortized cost
Holdback receivable	Amortized cost
Financial liabilities	
Trade payables and accrued liabilities	Amortized cost
Due to related parties	Amortized cost
Note payable	Amortized cost
Government loan payable	Amortized cost

The Company classifies its financial assets in one of the following categories: (1) financial assets at fair value through profit or loss ("FVTPL"), (2) at amortised cost or (3) financial assets at fair value through other comprehensive income ("FVTOCI"). The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition.

Financial assets at FVTPL

Financial assets carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the statement of loss. Realized and unrealized gains and losses arising from changes in the fair value of the financial asset held at FVTPL are included in profit or loss in the period in which they arise.

Amortized cost

Financial assets and liabilities at amortized cost are initially recognized at fair value and subsequently carried at amortized cost less any impairment. They are classified as current assets or non-current assets based on their maturity date.

Financial assets at FVTOCI

Investments in equity instruments at FVTOCI are initially recognized at fair value plus transaction costs. Subsequently, they are measured at fair value, with gains and losses arising from changes in fair value recognized in other comprehensive income. There is no subsequent reclassification of fair value gains and losses to profit or loss following the de-recognition of the investment.

Financial assets at FVTOCI

Financial assets are derecognized when they mature or are sold, and substantially all the risks and rewards of ownership have been transferred. Gains and losses on de-recognition of financial assets classified as FVTPL or amortized cost are recognized in profit or loss. Gains or losses on financial assets classified as FVTOCI remain within accumulated other comprehensive income.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Financial instruments (cont'd)

The Company's financial instruments at March 31, 2025 and 2024 are as follows:

	March 31, 2025	March 31, 2024
Financial assets		
Cash	\$ 34,507	17,165
Short-term investments	\$ 35,899	18,028
Receivables	\$ 122,078	73,361
Holdback receivables	\$ -	18,309
Financial liabilities		
Trade payables	\$ 230,231	337,124
Due to related parties	\$ 390,508	703,352
Note payable	\$ -	21,370
Government loan payable	\$ 40,153	40,383

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of the financial instruments by valuation technique:

- Level 1 – Applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.
- Level 2 – Applies to assets or liabilities for which there are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly such as quoted prices for similar assets or liabilities in active markets or indirectly such as quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions.
- Level 3 – Applies to assets or liabilities for which there are unobservable market data.

Short-term investments have been measured at fair value using Level 1 inputs. The carrying value of cash, receivables, trade payables and accrued liabilities, due to related parties, note payable and government loan payable approximate their fair value because of the short-term nature of these instruments or their ability of prompt liquidation.

Impairment of financial assets

IFRS 9 requires a forward looking Expected Credit Loss (“ECL”) model. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive.

For receivables, the Company applies the simplified approach and has determined the allowance based on lifetime ECLs at each reporting date. The Company has established a provision that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the customers and the economic environment. There was no transitional adjustment as a result of adopting the new impairment requirements.

Income taxes

Income tax expense comprises current and deferred tax. Income tax is recognized in profit or loss except to the extent that it relates to items recognized directly in equity. Current tax expense is the expected tax payable on taxable income for the year, using tax rates enacted or substantively enacted at period end, adjusted for amendments to tax payable with regards to previous years.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Income taxes (cont'd)

Deferred tax expense or recovery is recorded using the liability method, providing for temporary differences, between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Temporary differences are not provided for relating to goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting or taxable loss, nor differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the statement of financial position date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. To the extent that the Company does not consider it probable that a deferred tax asset will be recovered, it does not provide for the excess.

Income tax expense comprises current and deferred tax. Income tax is recognized in profit or loss except to the extent that it relates to items recognized directly in equity. Current tax expense is the expected tax payable on taxable income for the period. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Earnings (loss) per share

Basic earnings (loss) per share is computed by dividing net earnings (loss) available to common shareholders by the weighted average number of shares outstanding during the reporting period. Diluted earnings (loss) per share is computed similar to basic earnings (loss) per share except that the weighted average shares outstanding are increased to include additional shares for the assumed exercise of share options and warrants, if dilutive. The number of additional shares is calculated by assuming that outstanding share options and warrants were exercised and that the proceeds from such exercises were used to acquire common stock at the average market price during the reporting periods. If these computations prove to be anti-dilutive, diluted loss per share is the same as basic loss per share.

Equipment

Equipment is recorded at cost less accumulated depreciation impairment and losses. Where an item of equipment comprises significant components with different useful lives, the components are accounted for as separate items of equipment.

The cost of replacing part of an item within equipment is recognized when the cost is incurred if it is probable that the future economic benefits will flow to the group and the cost of the item can be measured reliably. The carrying amount of the part that has been replaced is expensed. All other costs are recognized as an expense as incurred.

An impairment loss is reversed if there is an indication that there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. An impairment loss with respect to goodwill is never reversed.

Equipment are recorded at cost. Amortization is recorded using the following rates and methods:

Assets	Rate	Basis
Computer equipment	45%-55%	Declining balance
Vehicle	30%	Declining balance

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

Units

The proceeds from the issue of units is allocated between common shares and common share purchase warrants based on the residual value method. Under this method, the proceeds are allocated to share capital based on the fair value of the common shares and any residual value is allocated to common share purchase warrants.

Impairment

An impairment loss is recognized when the carrying amount of an asset, or its cash generating unit (“CGU”), exceeds its recoverable amount. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. Impairment losses are recognized in profit or loss for the period. Impairment losses recognized in respect of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to CGUs and then to reduce the carrying amount of the other assets in the unit on a pro-rata basis.

The recoverable amount of assets is the greater of an asset’s fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is only reversed if there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount, however, not to an amount higher than the carrying amount that would have been determined had no impairment loss been recognized in previous years. Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment.

Revenues

The Company generates revenues by providing subcontracting and consulting services to construction projects. Revenues are recognized when services are provided and billed.

The Company follows a five-step recognition and measurement approach for revenue arising from contracts with customers:

1. Identify the contracts with customers
2. Identify the performance obligations in the contract
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations in the contract
5. Recognize revenue when the entity satisfies a performance obligation

Changes to accounting standards and accounting standards issued but not yet effective

During the year ended March 31, 2025, the Company adopted the following amendment:

IAS 1 Presentation of Financial Statements

Presentation of Financial Statements (“IAS 1”) was amended in January 2020 to provide a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments clarify that the classification of liabilities as current or noncurrent is based solely on a company’s right to defer settlement at the reporting date. The right needs to be unconditional and must have substance.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

2. MATERIAL ACCOUNTING POLICIES AND BASIS OF PREPARATION (cont'd)

The amendments also clarify that the transfer of a company's own equity instruments is regarded as settlement of a liability, unless it results from the exercise of a conversion option meeting the definition of an equity instrument. The adoption of this amendment did not have a material impact on the consolidated financial statements.

IFRS 18 - Presentation and Disclosure in Financial Statements

The IASB has issued IFRS 18 - Presentation and Disclosure in Financial Statements which will be effective for the Company's fiscal year beginning April 1, 2027. The objective of IFRS 18 is to set out requirements for the presentation and disclosure of information in financial statements to help ensure they provide relevant information that faithfully represents an entity's assets, liabilities, equity, income, and expenses. IFRS 18 is accompanied by limited amendments to the requirements in IAS 7 Statement of Cash Flows. The Company has not determined the effect of IFRS 18 on its consolidated financial statements.

Certain pronouncements were issued by the IASB but are not yet effective as at March 31, 2025. The Company intends to adopt these standards when they become effective but does not expect these amendments to have a material effect on its consolidated financial statements.

3. SHORT-TERM INVESTMENTS

Investments consist of highly liquid Indian Rupee denominated term deposits. Short-term investments have a term to maturity of greater than ninety days but not more than one year and long-term investments have a term to maturity of greater than one year. The counter-party is a financial institution. At March 31, 2025 and 2024, the Company held the following investments:

	March 31, 2025	March 31, 2024
Indian term deposits yielding an interest rate between 5.45% and 6.8%	\$ 35,899	\$ 18,028
	\$ 35,899	\$ 18,028

The Indian term deposits are invested with State Bank of India as guarantee against performance bonds issued on Government awarded contracts. Performance bonds are held until the completion of the contract close out and redeemable within a minimum of twelve months of contract close out date as negotiated in the contract.

4. RECEIVABLES

Short-term receivables consist of government sales input tax credits of \$50,631 (2024 - \$33,361) and bad debt recovery of \$71,447 (2024 - \$40,000) due within twelve months.

During the year ended March 31, 2024, the Company negotiated with a vendor for the collection of its long-term trade receivables and recorded \$40,000 trade receivable from its previous Expected Credit Loss ("ECL") totaling \$950,000 in aggregate from fiscal 2022 and 2023. As at March 31, 2024, the Company recorded an aggregate of \$40,000 against the trade receivables with a balance in ECL totaling \$910,000.

On February 28, 2025, the Company entered into a settlement agreement with the vendor to settle \$810,000 of long term trade receivables with payment of \$715,000. The vendor agreed to pay the Company:

- (i) \$313,438 on signing of the settlement agreement (received); and
- (ii) \$401,562 to be paid in a monthly instalment of \$15,000 over a period of 27 months commencing December 2024 to February 2027.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

4. RECEIVABLES (cont'd)

During the year ended March 31, 2025, the Company recorded a bad debt recovery of \$453,439 related to the long-term receivables leaving a balance in ECL totaling \$281,561.

The Company maintains an allowance for ECL that represents its estimate of uncollectible amounts based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the customers and the economic environment.

5. HOLDBACK RECEIVABLE

Holdback receivables represent amounts retained by the client on construction contracts as per milestones established in the contract released upon the expiration of the twelve-month lien period after the construction project has completed in its entirety as negotiated in the contract.

During the year ended March 31, 2025, there was \$nil (2024- \$18,309) holdback receivables recognized and recorded. The Company has completed and submitted the related documentations. Due to uncertainty in recoverability, the Company impaired the holdback receivable and recorded a bad debt expense of \$18,917 during the year ended March 31, 2025.

7. GOVERNMENT LOAN AND GRANT

On April 30, 2020, the Company received the Canada Emergency Business Account ("CEBA") loan which is an interest-free loan to cover operating costs. Repaying the balance of the loan on or before January 18, 2024, as extended from December 31, 2022 by the Government of Canada, will result in a loan forgiveness of \$10,000. If the CEBA loan is not repaid by January 18, 2024, the full loan amount will bear interest at 5% per annum commencing January 19, 2024, is due on December 31, 2026 and the loan forgiveness will be forfeited.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

7. GOVERNMENT LOAN AND GRANT (cont'd)

Pursuant to IAS 20 *Accounting for Government Grants and Disclosure of Government Assistance*, the benefit of a government loan at below-market rate is treated as a government grant and measured in accordance with IFRS 9 *Financial Instruments*: the benefit of below-market rate shall be measured as the difference between initial carrying value of the loan (being the present value of a similar loan at market rates) and the proceeds received. The Company has estimated the initial carrying value of the CEBA Loan at \$30,671, using a discount rate of 10%, which was the estimated rate for a similar loan without interest-free component. The difference of \$9,329 will be accredited to the loan liability over the term of the CEBA Loan and offset to other income on the statement of loss and comprehensive loss. On December 31, 2022, the terms of the loan were extended for repayment on or before January 18, 2024. The Company revalued the initial carrying value of the CEBA loan at \$27,764, using a discount rate of 10%, which was the estimated rate for a similar loan without interest-free component. As a result, the loan ending balance as at March 31, 2023 was changed to \$37,121 and an adjustment of \$3,518 was made accordingly. The Company did not repay the loan on January 18, 2024 and as a result, the loan is converted to a 3 year term loan at an interest rate of 5% per annum. As at March 31, 2025, the Company accrued \$1,996 (2024- \$3,262) finance expenses and partially repaid \$2,226 (2024- \$nil) of the CEBA loan.

		March 31, 2025		March 31, 2024
Balance, beginning of year	\$	40,383	\$	37,121
Finance expense		1,996		3,262
Repayment		(2,226)		-
Balance, end of year	\$	40,153	\$	40,383

8. SHARE CAPITAL

Authorized share capital

Unlimited common shares with no par value.

Share issuances

During the year ended March 31, 2025, there were no transactions affecting share capital.

During the year ended March 31, 2024, the Company issued an aggregate of 433,332 common shares on the exercise of 433,332 stock options at an exercise price of \$0.15 for total gross proceeds of \$64,999. In addition, a reallocation of \$6,225 from reserves to share capital was recorded on the exercise of these options. This amount constitutes the fair value of options recorded at the original grant date.

Stock options

The Company has a stock option plan under which it is authorized to grant options to executive officers and directors, employees and consultants enabling them to acquire up to 10% of the issued and outstanding common stock of the Company. Under the plan, the exercise price of each option equals the market price of the Company's stock, less applicable discount, as calculated on the date of grant. The options can be granted for a maximum term of 10 years and vest at the discretion of the Board of Directors.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

8. SHARE CAPITAL

Stock options (cont'd)

Stock option transactions are summarized as follows:

	Number	Weighted Average Exercise Price
Outstanding, March 31, 2023	2,582,452	\$ 0.15
Exercised	(433,332)	0.15
Outstanding, March 31, 2024 and 2025	2,149,120	\$ 0.15

As at March 31, 2025, the following were outstanding and exercisable:

	Expiry Date	Number of Shares	Weighted Average Exercise Price	Weighted average remaining contractual life
Options	January 7, 2026	2,149,120	\$ 0.15	0.77 years

9. RELATED PARTY TRANSACTIONS

Key management personnel are persons responsible for planning, directing and controlling activities of an entity, and include executive and non-executive directors. The remuneration of directors and other key management personnel during the year ended March 31, 2025 and 2024 were as follows:

	2025	2024
Management salaries	\$ 60,000	\$ 120,000
Total	\$ 60,000	\$ 120,000

The Company entered into the following related party transactions:

- (a) On October 1, 2014, the Company entered into an administrative agreement for administrative services in exchange for a monthly fee of \$4,000 plus applicable tax. This agreement was terminated on September 30, 2024. During the year ended March 31, 2025, the Company paid or accrued \$24,000 (2024 - \$48,000) in administrative fees to Varshney Capital Corp. ("VCC").

During the year ended March 31, 2025, the Company negotiated with VCC and reached an agreement to write off a portion of the outstanding administration fees in totaling \$52,726. This amount is recognized as a gain on debt settlement. As at March 31, 2025, \$79,038 (2024 - \$176,134) was owed to VCC pursuant to this agreement and expense reimbursements. This amount is included in due to related parties.

- (b) During the year ended March 31, 2025, the Company paid or accrued \$18,000 (2024 - \$36,000) in rent to a company controlled by the spouse of the former CFO and director of the Company.

During the year ended March 31, 2025, the Company negotiated and reached an agreement to write off a portion of the outstanding rental fees in totaling \$41,581. This amount is recognized as a gain on debt settlement. As at March 31, 2025, \$71,441 (2024 - \$134,285) was owed to this company for rent. This amount has been included in accounts payable.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

9. RELATED PARTY TRANSACTIONS (cont'd)

- (c) During the year ended March 31, 2025, the Company negotiated with the CEO and reached an agreement to write off a portion of the outstanding salaries in totaling \$129,119. This amount is recognized as a gain on debt settlement. As at March 31, 2025, \$144,240 (2024 - \$387,095) was included in due to related parties for amounts owing to the CEO and director of the Company.
- (d) As at March 31, 2025, \$191 (2024 -\$6,206) was included in due to related parties for amounts owing to the former CFO and director of the Company for reimbursement of business expenses.
- (e) As at March 31, 2025, \$157,230 (2024 - \$133,917) in loans from the SP Group, a former significant shareholder of the Company, were included in due to related parties. The loan is non-interest bearing and is due upon demand.
- (f) During the year ended March 31, 2025, the Company's former significant shareholder did not exercise its options (March 31, 2024 – 433,332 common shares for the exercise of 433,332 stock options for total gross proceeds of \$64,999) (Note 8).
- (g) On February 7, 2023, the Company entered into a promissory note payable of \$20,000 with Madhuri Ventures Inc., a company controlled by a former director and officer of the Company. The promissory note is unsecured, bearing interest at 6% per annum, and outstanding on demand. During the year ended March 31, 2025, the note was paid in full with the accrued interest of \$2,413 (2024- \$1,370 accrued interest was included in note payable).
- (h) As at March 31, 2025, a non-interest bearing loan of \$10,000 (2024- \$nil) was received from a director of the Company and is included in due to related parties.

Unless otherwise specified above, amounts due to related parties are unsecured and have no specified interest rate or terms of repayment.

10. SEGMENTED INFORMATION

The Company operates in one industry segment, being general contracting services in India.

11. CAPITAL MANAGEMENT

The Company manages its capital structure and makes adjustments based on the funds available in order to support continued operation and future business opportunities. The board of directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business. The Company considers its shareholders' capital to be capital.

In order to carry out potential expansion and to continue operations, and pay for administrative costs, the Company will spend its existing working capital, and raise additional amounts as needed.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There were no changes in the Company's approach to capital management during the year ended March 31, 2025. The Company is not subject to externally imposed capital requirements.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

12. INCOME TAXES

The following table reconciles the expected income tax recovery at the Canadian Federal and Provincial statutory rate of 27% (2024 - 27%) to the amounts recognized in the consolidated statements of loss and comprehensive loss:

	2025	2024
Income (loss) before income taxes	\$ 512,115	\$ (267,007)
Expected income tax at statutory tax rates	\$ 138,000	\$ (72,000)
Permanent difference	1,000	1,000
Change in statutory, foreign tax, foreign exchange rates and other	1,000	41,000
Adjustments and change in unrecognized deductible temporary differences	(140,000)	30,000
Total income tax expense	\$ -	\$ -

Significant components of deductible and taxable temporary differences, unused tax losses and unused tax credits that have not been included on the consolidated statement of financial position are as follows:

	2025	Expiry dates	2024	Expiry dates
Non-Capital losses	3,343,000	2026 to 2045	4,243,000	2025 to 2044
Equipment	105,000	No expiry	106,000	No expiry
Allowable capital losses	1,037,000	No expiry	1,063,000	No expiry
	\$ 4,485,000		\$ 5,412,000	

13. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

Fair value estimates of financial instruments are made at a specific point in time, based on relevant information about financial markets and specific financial instruments. As these estimates are subjective in nature, involving uncertainties and matters of significant judgment, they cannot be determined with precision. Changes in assumptions can significantly affect estimated fair values.

The Company's current assets and liabilities approximate fair value due to the short term nature of these instruments. The Company's holdback receivable approximate fair value due to the nature of these items, which will be collected upon expiration of warranty period in effect from the completion of construction projects.

Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. Management believes that the credit risk concentration with respect to financial instruments included in cash is remote. Current receivables comprise of GST input tax credits refundable by the government.

Liquidity risk

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when they come due. As at March 31, 2025, the Company had a working capital deficiency of \$424,054 including cash deposits of \$34,507, short term investment of \$35,899, and receivables of \$122,078 to settle current liabilities of \$620,739.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

13. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (cont'd)

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and equity prices. These fluctuations may be significant and the Company, as all other companies in its industry, has exposure to these risks.

(a) Interest rate risk

Interest rate risk is the risk that an investment's value will change due to a change in the level of interest rates. The Company is exposed to interest rate risk as its bank account earns interest income at variable rates. The income earned on the bank account is subject to the movements in interest rates. Management considers the risk to be minimal.

(b) Foreign currency risk

The Company is exposed to foreign currency risk on fluctuations related to cash, short-term investments, holdback receivable, trades payable and accrued liabilities and due to related parties that are denominated in Indian Rupees. Management does not hedge its exposure to foreign exchange risk and does not believe the Company's net exposure to foreign currency risk is significant.

As at March 31, 2025, MHIPL had net financial liabilities of Rs 9,509,702. A 10% change in the Canadian dollar versus the Rupee would give rise to a gain/loss of approximately \$15,646.

(c) Price risk

The Company does not feel it is significantly exposed to price risk with respect to equity prices.

14. CONTINGENCY

On February 8, 2023, the Company announced that it was named as a defendant in Notice of Civil Claim filed in the Supreme Court of British Columbia on January 24, 2023. In the Company's view, this claim lacks merit and the Company will fully defend itself.

Danny D. Davis (the "Plaintiff") alleges that Minaean Power Structures (U.S.A.), Inc., a former subsidiary of the Company, owes him money as a result of a January 24, 2011 judgment in the Circuit Court of the State of Oregon for Lane County. The Plaintiff is seeking judgment in the amount of \$4,118,435 USD inclusive of all costs and interest from the Company.

The Plaintiff has no enforceable judgement against the Company and Minaean Power Structures (U.S.A.) is not a going concern.

The Company will continue to disclose any significant developments in relation to this Notice of Civil Claim.

15. SUBSEQUENT EVENTS

Subsequent to the year ended March 31, 2025, the Company:

- received a partial bad debt recovery of \$60,000 in connection to the Company's settlement of its long-term receivable balance of \$281,561 owed by the SP Group. (Note 4); and
- closed a private placement of 60,000,000 common shares at a price of \$0.01 per common share for gross proceeds of \$600,000.

MINAEAN SP CONSTRUCTION CORP.

Notes to Consolidated Financial Statements
For the years ended March 31, 2025 and 2024
(Expressed in Canadian Dollars)

15. SUBSEQUENT EVENTS (cont'd)

- entered into a non-binding letter of intent (the “LOI”) dated July 15, 2025 respecting the proposed acquisition by Minaean of InMotion Energy Corp. (“InMotion”) (the “Transaction”). The LOI indicates that Minaean will acquire all issued and outstanding securities of InMotion from the security holders of InMotion, free and clear of all encumbrances, and upon closing of the Transaction, InMotion will become a wholly- owned subsidiary of Minaean.

In connection with the Transaction, Minaean has agreed to loan InMotion up to \$250,000, to be used by InMotion for working capital. Pursuant to a promissory note (the “Note”) dated July 18, 2025, Minaean loaned \$25,000 to InMotion as an unsecured loan (the “Unsecured Loan”). The Unsecured Loan bears interest at a rate of five percent (5%) per annum, provided that if an event of default under the Note occurs then the Unsecured Loan will instead bear interest at seven percent (7%) per annum thereafter. The Unsecured Loan is repayable by InMotion on July 18, 2028, provided that InMotion has the right to prepay the Unsecured Loan, without premium or penalty, in whole or in part at any time.
