Not for Distribution to US Newswire Services or Dissemination in the United States

Vancouver, British Columbia — (December 14, 2020) – Daura Capital Corp. (TSXV:DUR_P) (the “**Company**” or “**Daura**”), a capital pool company under the policies of the TSX Venture Exchange (the “**TSXV**”), is pleased to announce that it has closed its previously announced non-brokered private placement of 1,666,667 common shares at a price of \$0.15 per share for total proceeds of \$250,000 (the “**Bridge Financing**”), including a cornerstone investment from EMX Royalty Corp. for 1,200,000 common shares for total gross proceeds of \$180,000.

As previously announced, net proceeds from the Bridge Financing will be used to fund costs associated with completing its proposed qualifying transaction (the “**Qualifying Transaction**”) with Estrella Gold S.A.C. (“**Estrella**”), and to loan to Estrella US\$115,000 to be used by Estrella to make an option payment due on a certain mineral concession forming part of Estrella’s mineral project located in north-central Peru. The loan to Estrella will be secured by the assets and property of Estrella, will bear interest at a rate of 10% per annum and will be repayable on or before June 30, 2021.

Commenting on the closing of the Bridge Financing, Daura CEO, Mark Sumner said, “We’re very pleased with the response to the bridge financing and excited to add EMX to Daura’s share registry as a major shareholder going into the Qualifying Transaction. As we move closer to finalizing the acquisition of Estrella Gold, we believe 2021 is setting up to be a very exciting period for Daura and its shareholders.”

All securities issued under the Bridge Financing are subject to hold periods expiring April 12, 2021. The securities issued under the Bridge Financing have not been registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”), or any state securities laws, and accordingly, may not be offered or sold within the United States except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities requirements or pursuant to exemptions therefrom. Certain insiders participated in the Offering, which participation constituted a related party transaction pursuant to the policies of the TSXV and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Company relied on the exemptions from the valuation and minority approval requirements set forth in sections 5.5(a) and 5.7(1)(a) of MI 61-101 as the fair market value of the transaction did not exceed 25% of the Company’s market capitalization. A material change report with respect to the closing of the Offering will be filed less than 21 days prior to the closing date of the Offering as participation by insiders was not settled until shortly prior to closing and the Company wished to complete the Offering as expeditiously as possible. Closing of the Offering has been conditionally approved by the TSXV, with final acceptance subject to the fulfillment of the customary requirements of the TSXV. Closing of the loan to Estrella is subject to the approval of the TSXV.

This news release does not constitute an offer to sell, or solicitation of an offer to buy, nor will there be any sale of any of the securities offered in any jurisdiction where such offer, solicitation or sale would be unlawful, including the United States of America.
