SOLICITATION OF PROXIES

THIS INFORMATION CIRCULAR IS FURNISHED IN CONNECTION WITH THE SOLICITATION OF PROXIES BY THE MANAGEMENT OF THE COMPANY FOR USE AT THE SPECIAL AND ANNUAL GENERAL MEETING (THE "MEETING") OF SHAREHOLDERS OF THE COMPANY (AND ANY ADJOURNMENT THEREOF) TO BE HELD ON WEDNESDAY, AUGUST 30, 2017 AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ACCOMPANYING NOTICE OF MEETING.

THE CONTENTS AND THE SENDING OF THIS INFORMATION CIRCULAR HAVE BEEN APPROVED BY THE DIRECTORS OF THE COMPANY.

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Company. All costs of solicitation by management will be borne by the Company. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the common shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

MANAGEMENT SOLICITATION

No person has been authorized to give any information or to make any representation other than as contained in this Information Circular in connection with the solicitation of proxies. If given or made, such information or representations must not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not create, under any circumstances, any implication that there has been no change in the information set forth herein since the date of this Information Circular. This Information Circular does not constitute the solicitation of a proxy by anyone in any jurisdiction in which such solicitation is not authorized, or in which the person making such solicitation is not qualified to do so, or to anyone to whom it is unlawful to make such an offer of solicitation.

APPOINTMENT OF PROXYHOLDERS

The individuals named in the accompanying form of proxy are directors and/or officers of the Company. **A Shareholder entitled to vote at the Meeting, may wish to appoint some other person (who need not be a Shareholder) to represent him at the meeting other than the persons designated in the Proxy. You may do so by inserting the desired person's name in the blank space provided in the Form of Proxy or by completing another suitable form of proxy.**

VOTING BY PROXYHOLDER

The person you name in the proxy will vote or withhold from voting on any ballot the Common Shares represented in the proxy according to your instructions. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The proxy confers discretionary authority on the person named therein with respect to:

- (a) each matter or group of matters identified in the Proxy for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

At the date of this Information Circular, management of the Company is not aware of any such amendments, variations, or other matters to come before the Meeting. **The Common Shares represented by a Shareholder's proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for. If the Shareholder specifies a choice with respect to any matter to be voted upon, the Common Shares represented by that Shareholder's proxy will be voted accordingly.**

In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast will be required (an "ordinary resolution") unless the motion requires a "special resolution" in which case a majority of 66 2/3 % of the votes cast will be required.

REGISTERED SHAREHOLDERS

Only registered Shareholders or duly appointed proxy holders are permitted to vote at the Meeting. If you are a registered Shareholder, you may wish to vote by proxy whether or not you attend the Meeting in person. If you submit a Proxy, you must complete, date and sign the Proxy, and then return it to: Computershare Investor Services Inc., Attention: Proxy Department, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, or by fax at 1-866-249-7775, (the "Transfer Agent") not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or the Chairman of the Meeting prior to the commencement of the Meeting, or any adjournment thereof at which the Proxy is to be used.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as a substantial number of shareholders are beneficial shareholders whose Shares are not registered in their own names ("Beneficial Shareholders"). Only Registered Shareholders, or the persons they appoint as their proxies, as of the Record Date, are permitted to vote at the Meeting.

All references to Shareholders in this Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to Shareholders of record unless specifically stated otherwise.

If you are a Beneficial Shareholder, whose Shares are not registered in your name, your Shares are registered either:

- (a) in the name of an Intermediary that you deal with in respect of your Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, TFSAs and similar plans; or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited in Canada or Cede & Co. in the United States) of which the Intermediary is a participant,

all of which are referred to as "**Intermediaries**" in this Information Circular. The directors and officers of the Company do not know for whose benefit the common shares registered in the name of The Canadian Depository for Securities Limited are held.

Shares held for Beneficial Shareholders by Intermediaries can only be voted at the Meeting upon the instructions of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting Shares held for Beneficial Shareholders. **Therefore, if you are a Beneficial Shareholder, you should ensure that your voting instructions are communicated to the appropriate person well in advance of the Meeting.**

There are two kinds of beneficial owners – those who object to their name being made known to the issuers of securities which they own (called OBOs for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called NOBOs for Non-Objecting Beneficial Owners). NOBOs can expect to receive a scanable Voting Instruction Form (VIF) from our Transfer Agent, Computershare Trust Company of Canada [or Computershare Investor Services Inc. as the case might be ("Computershare")]. These VIFs are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as described on the VIF itself which contains complete instructions. Computershare will tabulate the results of the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the shares represented by the VIFs they receive.

In accordance with National Instrument 54-101, Communication with Beneficial Owners of Securities of a Reporting Issuer, the Company has distributed copies of the Notice of Meeting, this Information Circular and the Proxy and the NI 54-101 Supplemental Mailing List Return Card to the clearing agencies and Intermediaries for onward distribution to Beneficial Shareholders. Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings unless the Beneficial Shareholders has waived the right to receive meeting materials.

Every Intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its Intermediary is identical to the Proxy provided to Registered Shareholders. However, its purpose is limited to instructing the Intermediary, which is the Registered Shareholder, how to vote on behalf of the Beneficial Shareholder.

Should a beneficial Shareholder receiving such a form wish to vote at the Meeting, the beneficial Shareholder should strike out the names of the Management Proxy holders named in the form and insert the beneficial Shareholder's name in the blank provided and return the materials to the Intermediary as directed.

This Information Circular and related material is being sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your instructions as specified in the request for voting instructions.

Signing of Proxies

A proxy may not be valid unless it is dated and signed by the Shareholder who is giving it or by that Shareholder's attorney-in-fact duly authorized by that Shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer, or attorney-in-fact, for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual Shareholder or joint Shareholders, or by an officer or attorney-in-fact for a corporate Shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarially certified copy thereof, should accompany the form of proxy.

REVOCATION OF PROXIES

A Shareholder who has given a proxy may revoke it by an instrument in writing executed by the Shareholder or by his attorney authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered to the registered and records office of the Company, at 312 – 837 West Hastings Street, Vancouver, British Columbia, V6C 3N6, at any time up to and including the last business day preceding the day of the Meeting, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

Compensation Discussion and Analysis

Philosophy and Objectives

The compensation program for the senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- to align executive compensation with shareholders' interests;
- to attract and retain highly qualified management at a level of compensation that is competitive within the Canadian marketplace;
- to focus performance by linking incentive compensation to the achievement of business objectives and financial results; and
- to encourage retention of key executives for leadership succession.

In light of market conditions during fiscal 2016 and 2015 and the reduced activity of the Company, the executive compensation program continues to be placed on hold.

Generally, the Company's executive compensation program comprises three elements: base salary, bonus incentives and equity participation.

Base Compensation

In the Board's view, paying base salaries or management fees which are competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. Base compensation is compensation for discharging job responsibilities and reflects the level of skills and capabilities demonstrated by the executive, based on time allocated to the Company.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the executive meeting those strategic objectives and milestones, the executive's individual performance and sufficient cash resources being available for the granting of bonuses. The Board approves executive bonus compensation dependent upon comparable compensation levels based on recommendations of the Board as a whole, and such recommendations are generally based on survey data provided by independent consultants.

Equity Participation

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's stock option plan. Stock options are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors.

The compensation program is designed to pay for performance. Employees, including senior executives, are rewarded for the achievement of annual operating and financial goals, progress in executing the Company's long-term growth strategy and delivering strong total shareholder return performance.

The Company reviews industry compensation information and compares its level of overall compensation with those of comparable sized mineral exploration companies. Generally, the Company targets base management fees at levels approximating those holding similar positions in comparably sized companies in the industry and hopes to achieve competitive compensation levels through the fixed and variable components.

The Company's total compensation program places a significant portion of the executive's compensation at risk and relies heavily on the award of stock options. The program takes into account individual and corporate performance. Due to the recent decreased activity of the Company's exploration activities, the flexibility to quickly increase or decrease appropriate human resources is critical. Accordingly, the Company does not enter into long-term commitments with its officers.

Compensation Risk

The Company has a Compensation and Governance Committee to assist the board of directors in discharging its duties relating to compensation of the Company's directors and executive officers, together with the general responsibility for developing and reviewing the approach of the Company to governance issues and matters of the Company.

The board of directors has considered the implications of the risks associated with the Company's compensation policies and practices, as evidenced by the temporary termination of payment of executive compensation.

Due to the small size of the Company, and the current level of the Company's activity, the board of directors and the Compensation and Governance Committee are able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular board of directors meetings during which, financial and other information of the Company are reviewed, and which information includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Share-Based and Option-Based Awards

Stock options are granted to provide an incentive to the directors, officers, employees and consultants of the Company to achieve the long-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability by providing them with the opportunity to acquire and increase proprietary interest in the Company. The Company awards stock options to its executive officers based upon the recommendation of the Board, which recommendation is based upon the recommendation of the Compensation and Governance Committee. Previous grants of incentive stock options are taken into account when considering new grants. Other than stock options, the

Company does not issue equity securities as compensation. Implementation and amendments to the existing stock option plan are the responsibility of the Board.

Compensation Governance

The Company has a Compensation and Governance Committee to assist the board of directors in discharging its duties relating to all compensation (including stock options) paid by the Company to the CEO, all other executive officers of the Company and the members of the board of directors. The Committee is also responsible for the governance roles, responsibilities, authorities and powers including the general responsibility for developing and reviewing the approach of the Company to governance issues. The Compensation and Governance Committee is presently comprised of Sean Hurd and Nikolaos Cacos, each an independent director.

In establishing salaries for the Company's CEO, other executive officers and directors, consideration is given to salary ranges for comparable positions in similar size companies. Data for such comparisons is obtained from the engagement of a third party consulting firm to evaluate compensation against industry peers including those with a similar market capitalization, in the business of exploring similar minerals in similar jurisdictions, and from reviewing similar other companies' compensation information included in their information circulars. In setting salaries within competitive ranges, the Committee considers performance related factors including the Company's overall results during the past year and its performance relative to a budgeted plan or stated objectives. Consideration also is given to an individual's contribution to the Company and the accomplishments of departments for which that officer has management responsibility, and the potential for future contributions to the Company.

APPROVAL OF THE STOCK OPTION PLAN

On April 13, 2004, the board of directors approved the adoption of a stock option plan (the "Existing Plan"), subject to shareholder and regulatory approval. The shareholders first approved the Existing Plan on June 30, 2004, and have approved and ratified the Existing Plan, subsequently, at each annual meeting thereafter. On March 14, 2011, the Board of Directors approved an amended and restated stock option plan (the "Option Plan"), substantially the same as the Existing Plan, with amendments being of a general administrative or housekeeping nature which brought the Option Plan up to date for consistency with current TSX Venture Exchange policies. The shareholders first approved the Option Plan on April 18, 2011.

The Option Plan is a rolling stock option plan whereby the maximum number of common shares issuable pursuant to the Option Plan may not exceed 10% of the Company's issued and outstanding common shares from time to time.

The purpose of the Option Plan is to give to directors, senior officers, Employees, Consultants, Consultant Company or Management Company Employees (as such terms are defined in the Option Plan) of the Company and its subsidiaries, (collectively "Eligible Persons"), as additional compensation, the opportunity to participate in the success of the Company by granting to such individuals options, exercisable over periods of up to ten years, as determined by the board of directors of the Company, to buy shares of the Company permitted by the policies of the TSX Venture Exchange and approved by the Board.

The Option Plan is administered by the board of directors of the Company, which has full and final authority with respect to the granting of all options thereunder. Options may be granted under the Option Plan to such Eligible Employees as the board of directors may from time to time designate.

The exercise prices shall be determined by the board of directors, but shall, in no event, be less than the closing market price of the Company's shares on the TSX Venture Exchange, less the maximum discount permitted under the TSX Venture Exchange policies.

The Option Plan provides that the number of common shares of the Company issuable on the exercise of options granted to all Eligible Employees, together with all of the Company's other previously granted options may not exceed 10% of the Company's issued and outstanding common shares. In addition, the number of common shares which may be reserved for issuance to any one individual upon exercise of all stock options held by such individual may not exceed 5% of the issued common shares on a yearly basis, unless otherwise approved by the disinterested shareholders of the Company, or not exceed a maximum of 2% of the issued shares on a yearly basis if the optionee is a consultant or an optionee performing investor relations duties.

Subject to earlier termination and in the event of dismissal for cause, termination other than for cause the option shall be exercisable any time up to but not after the earlier of the Expiry Date and the date which is 90 days after the optionee ceases to be an Eligible Person. Options granted under the Option Plan are not transferable or assignable other than by testamentary instrument or pursuant to the laws of succession.

The rules of the TSX Venture Exchange require shareholder approval annually for a rolling stock option plan, and that approval of the Option Plan be an affirmative vote of a majority of at least 50% of the votes cast at the Meeting either in person or by proxy. Shareholders will be asked at the Meeting to pass an ordinary resolution in the form set out below.

"BE IT RESOLVED, AS AN ORDINARY RESOLUTION, THAT:

1. the Company's stock option plan, approved by the directors on March 14, 2011 (the "Option Plan"), be and is hereby ratified, approved and confirmed including the reserving for issuance under the Option Plan at any time of a maximum of 10% of the issued and outstanding shares of the Company, subject to any amendments or approval that may be required by the TSX Venture Exchange;
2. the Company be authorized to abandon or terminate all or any part of the Option Plan if the directors of the Company deems it appropriate and in the best interests of the Company to do so;
3. the Company be and is hereby authorized to grant options pursuant and subject to the terms and conditions of the Option Plan;
4. the Company be and is hereby authorized, at the discretion of the directors, to amend the exercise price of previously granted option agreements, without further approval by the shareholders, all in accordance with the policies of the TSX Venture Exchange; and
5. any one or more of the directors and officers of the Company be authorized and directed to perform all such acts, deeds and things and execute, under the seal of the Company or otherwise, all such documents and other writings, including treasury orders, stock exchange and securities commissions forms, as may be required to give effect to the true intent of this resolution."

The board of directors recommends that shareholders vote FOR the Option Plan resolution. In the absence of a contrary instruction, the persons designated by our management in the enclosed form of proxy intend to vote FOR this resolution.
