Summary Description of the Business

Since inception, the Company has been engaged in natural resource exploration and development primarily in British Columbia and, since 1996, has focused on the Turnagain Property in the Liard Mining Division of northern

British Columbia. The Company first acquired the mineral claims on the Turnagain Property in 1996 under an option agreement with John Schussler and Ernie Hatzl. The original option agreement gave the Company the right to earn a 100% interest in the mineral claims on the Turnagain Property in exchange for the issuance of 200,000 Common Shares and the expenditure of \$1,100,000 on exploration of the property within 5 years of acquisition. The Company has now earned the 100% interest and it is subject to a 4% net smelter royalty (“NSR”) on possible future production from claim 511330. The Company has the right to repurchase the NSR at any time within 4 years of commencement of commercial production by paying \$1,000,000 for each 1% of the royalty. To repurchase the entire 4% NSR, the Company would be required to pay \$4,000,000. On July 31, 2018, the Company closed the sale of a 2% NSR on all future metal production from the Turnagain Project to Cobalt 27 Capital Corp. (“Cobalt 27”) for consideration of US\$1,000,000 in cash and 1,125,000 common shares of Cobalt 27 at \$7.40 per share for a fair value of \$8,325,000. The Company has the right to repurchase 0.5% of the 2% NSR for US\$20 million, which if exercised would result in a 1.5% remaining NSR. The one-time repurchase option is only exercisable prior to the fifth anniversary of the agreement. Cobalt 27 will have a right of first refusal on any future sale by GIGA of a royalty or product stream or similar instrument. In 2019, Cobalt 27 was acquired by Pala Investments, which subsequently transferred the NSR Agreement to Nickel 28 Capital Corp.

On November 28, 2002, the Company entered into an agreement with John Schussler and Ernie Hatzl to acquire an additional 34 mineral claims adjacent to the Turnagain Property, Laird Mining Division, British Columbia, in exchange for an aggregate total of 100,000 Common Shares.

Between November 2003 and October 2019, additional claims were staked at various times, some of which were subsequently forfeited, by way of the BC Ministry of Energy, Mines and Petroleum Resources’ online map selection process, enlarging the Turnagain Property to its current configuration of 71 claims covering approximately 38,000 ha.

Risks Related to the Offering of Securities

Market price of Common Shares

The market price of the Common Shares may be volatile and subject to wide fluctuations in response to numerous factors, many of which are beyond the Company's control. This volatility may affect the ability of holders of Common Shares to sell their securities at an advantageous price. Market price fluctuations in the Common Shares may be due to the Company's operating results failing to meet expectations of securities analysts or investors in any period, downward revision in securities analysts' estimates, adverse changes in general market conditions or economic trends, acquisitions, dispositions or other material public announcements by the Company or its competitors, along with a variety of additional factors. These broad market fluctuations may adversely affect the market price of the Common Shares.

Financial markets have historically at times experienced significant price and volume fluctuations that have particularly affected the market prices of equity securities of companies and have often been unrelated to the operating performance, underlying asset values or prospects of such companies. Accordingly, the market price of the Common Shares may decline even if the Company's operating results, underlying asset values or prospects have not changed. Additionally, these factors, as well as other related factors, may cause decreases in asset values that are deemed to be other than temporary, which may result in impairment losses. There can be no assurance that continuing fluctuations in price and volume will not occur. If such increased levels of volatility and market turmoil continue, the Company's operations could be adversely impacted and the trading price of the Common Shares may be materially adversely affected.

Absence of a public market for some of the Securities

There is no public market for the Preferred Shares, Debt Securities, Warrants, Subscription Receipts, Securities purchase contracts or Units and, unless otherwise specified in the applicable Prospectus Supplement, the Company does not intend to apply for listing of the Debt Securities, Warrants, Subscription Receipts, Securities purchase contracts or Units on any securities exchanges. If the Preferred Shares, Debt Securities, Warrants, Subscription Receipts, Securities purchase contracts or Units are traded after their initial issuance, they may trade at a discount from their initial offering prices depending on prevailing interest rates (as applicable), the market for similar securities and other factors, including general economic conditions and the Company's financial condition. There can be no assurance as to the liquidity of the trading market for the Preferred Shares, Debt Securities, Warrants, Subscription Receipts, or Units, or that a trading market for these Securities will develop at all.

Future sales of issuance of debt or equity Securities

Given the Company's plans and expectations that additional capital and personnel will be needed, the Company may need to issue additional debt or equity securities. The Company cannot predict the size of future sales and issuances of debt or equity Securities or the effect, if any, that future sales and issuances of debt or equity Securities will have on the market price of the Common Shares. Sales or issuances of a substantial number of equity Securities, or the perception that such sales could occur, may adversely affect prevailing market prices for the Common Shares. With any additional sale or issuance of equity Securities, investors will suffer dilution of their voting power and may experience dilution in the Company's earnings per share.

Discretion over use of proceeds

The Company intends to allocate the net proceeds it will receive from an offering as described under "Use of Proceeds" in this Prospectus and the applicable Prospectus Supplement. However, the Company will have broad discretion over the use of the net proceeds from an offering by the Company of the Securities. Because of the number and variability of factors that will determine the Company's use of such proceeds, the Company's ultimate use might vary substantially from its planned use. The failure by the Company to apply these funds effectively could have a material adverse effect on the business of the Company. Investors may not agree with how the

Company allocates or spends the proceeds from an offering of the Securities. The Company may pursue acquisitions, collaborations or other opportunities that do not result in an increase in the market value of the Securities, including the market value of the Common Shares, and that may increase its losses.

Liquidity

Shareholders may be unable to sell significant quantities of Common Shares into the public trading markets without a significant reduction in the price of their Common Shares, or at all. There can be no assurance that there will be sufficient liquidity of the Common Shares on the trading market, and that the Company will continue to meet the listing requirements of the TSXV or other public listing exchanges.

Unsecured Debt Securities

Unless otherwise indicated in an applicable Prospectus Supplement, the Debt Securities will be direct unsecured obligations of the Company. As a result, in the event that the Company defaults in payment of the Debt Securities, investors in the Debt Securities could receive no compensation and lose all or some of their investment.

In addition, the Debt Securities could be senior or subordinated indebtedness of the Company as described in the applicable Prospectus Supplement. If the Debt Securities are senior indebtedness, they will rank equally and ratably with all other unsecured indebtedness of the Company from time to time issued and outstanding which is not subordinated. If the Debt Securities are subordinated indebtedness, they will be subordinated to senior indebtedness of the Company as described in the applicable Prospectus Supplement, and they will rank equally and ratably with other subordinated indebtedness of the Company from time to time issued and outstanding as described in the applicable prospectus supplement. The Company reserves the right to specify in a Prospectus Supplement whether a particular series of subordinated Debt Securities is subordinated to any other series of subordinated Debt Securities. If the Debt Securities are subordinated indebtedness and the Company defaults in payment of its obligations, investors in the Debt Securities will be paid following payment of senior indebtedness or secured obligations. An investor could lose all or some of their investment.

Effect of changes in interest rates on Debt Securities

Prevailing interest rates will affect the market price or value of any Debt Securities. The market price or value of any Debt Securities may decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

Effect of fluctuations in foreign currency markets on Debt Securities

Debt securities denominated or payable in foreign currencies may entail significant risk. These risks include, without limitation, the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential liquidity restrictions in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable Prospectus Supplement.

Trading price of Common Shares and volatility

In recent years, the securities markets in the United States and Canada, have experienced a high level of price and volume volatility, and the market prices of securities of many companies have experienced large fluctuations in price that have not necessarily been related to the operating performance, underlying asset values or prospects of such companies. There can be no assurance that continual fluctuations in price will not occur with respect to the Common Shares. The trading price of the Common Shares may be subject to large fluctuations and may decline below the price at which an investor acquired their Common Shares. The trading price may increase or decrease in response to a number of events and factors, which may not be within the Company's control nor be a reflection of

the Company's actual operating performance, underlying asset values or prospects. Accordingly, investors may not be able to sell their Securities at or above their acquisition cost.

History of negative cash flows

The Company has a history of negative cash flow from operating activities. To the extent that the Company has negative cash flow in future periods, the Company may need to allocate a portion of the net proceeds from the sale of Securities to fund such negative cash flow. There can be no assurance that additional capital or other types of financing will be available when need or that these financings will be on terms at least as favourable to the Company as those previously obtained, or at all.

USE OF PROCEEDS

The use of proceeds from the sale of Securities will be described in the applicable Prospectus Supplement relating to a specific offering and sale of Securities. Among other potential uses, the Company may use the net proceeds from the sale of Securities for operational costs relating to its business and for general corporate and working capital purposes.

The management of the Company will retain broad discretion in allocating the net proceeds of any offering of Securities under this Prospectus and the Company's actual use of the net proceeds will vary depending on the its operating and capital needs from time to time.

We may also, from time to time, decide to issue Securities otherwise than pursuant to a Prospectus Supplement to this Prospectus. All expenses relating to an offering of Securities and any compensation paid to underwriters, dealers or agents, as the case may be, will be paid out of the proceeds from the sale of such Securities, unless otherwise stated in the applicable Prospectus Supplement.

For the six-month period ended June 30, 2021, the Company recorded losses, negative cash flow from operations and an accumulated deficit. The Company's cash flow from operations may be affected in the future by the investment it is making to continue to develop its products and services. In addition to other uses of net proceeds to be specified in a Prospectus Supplement, to the extent that the Company has negative cash flow in future periods, the Company may need to allocate a portion of the net proceeds from the sale of Securities to fund such negative cash flow. There can be no assurance that additional capital or other types of financing will be available when need or that these financings will be on terms at least as favourable to the Company as those previously obtained, or at all.

The Company may, from time to time, issue securities (including Securities) other than pursuant to this Prospectus.

CONSOLIDATED CAPITALIZATION

Since June 30, 2021, the date of the Company's most recently filed financial statements, and other than as disclosed in the AIF, there have been no material changes to the Company's share and loan capitalization on a consolidated basis. The applicable Prospectus Supplement will describe any material change, and the effect of such material change, on the share and loan capitalization of the Company that will result from the issuance of Securities pursuant to such Prospectus Supplement.

PRIOR SALES

Information in respect of prior sales of the Common Shares or other Securities distributed under this Prospectus and for securities that are convertible or exchangeable into the Common Shares or such other Securities within the previous 12-month period will be provided, as required, in a Prospectus Supplement with respect to the issuance of the Common Shares or other Securities pursuant to such Prospectus Supplement.

The Common Shares are listed for trading on the TSXV under the trading symbol "GIGA" as well as on the OTCQX Best Market under "HNCKF" and on the Frankfurt Stock Exchange under the symbols "BRR2". Trading price and volume information for the Securities will be provided as required in each Prospectus Supplement.

The applicable Prospectus Supplement will include, as required, earnings coverage ratios with respect to the issuance of such Securities pursuant to such Prospectus Supplement.

Ranking and Other Indebtedness

Unless otherwise indicated in an applicable Prospectus Supplement, the Debt Securities will be direct unsecured obligations of the Company. The Debt Securities will be senior or subordinated indebtedness of the Company as described in the applicable Prospectus Supplement. If the Debt Securities are senior indebtedness, they will rank

equally and rateably with all other unsecured indebtedness of the Company from time to time issued and outstanding which is not subordinated. If the Debt Securities are subordinated indebtedness, they will be subordinated to senior indebtedness of the Company as described in the applicable Prospectus Supplement, and they will rank equally and rateably with other subordinated indebtedness of the Company from time to time issued and outstanding as described in the applicable Prospectus Supplement. The Company reserves the right to specify in a Prospectus Supplement whether a particular series of subordinated Debt Securities is subordinated to any other series of subordinated Debt Securities.

The board of directors of the Company may establish the extent and manner, if any, to which payment on or in respect of a series of Debt Securities will be senior or will be subordinated to the prior payment of the Company's other liabilities and obligations and whether the payment of principal, premium, if any, and interest, if any, will be guaranteed and the nature and priority of any Security.

Registration of Debt Securities

Debt Securities in Book Entry Form

Unless otherwise indicated in an applicable Prospectus Supplement, Debt Securities of any series may be issued in whole or in part in the form of one or more global securities ("**Global Securities**") registered in the name of a designated clearing agency (a "**Depository**") or its nominee and held by or on behalf of the Depository in accordance with the terms of the applicable Trust Indenture. The specific terms of the depository arrangement with respect to any portion of a series of Debt Securities to be represented by a Global Security will, to the extent not described herein, be described in the Prospectus Supplement relating to such series. The Company anticipates that the provisions described in this section will apply to all depository arrangements.

Upon the issuance of a Global Security, the Depository or its nominee will credit, in its book-entry and registration system, the respective principal amounts of the Debt Securities represented by the Global Security to the accounts of such participants that have accounts with the Depository or its nominee ("**Participants**"). Such accounts are typically designated by the underwriters, dealers or agents participating in the distribution of the Debt Securities or by the Company if such Debt Securities are offered and sold directly by the Company. Ownership of beneficial interests in a Global Security will be limited to Participants or persons that may hold beneficial interests through Participants. With respect to the interests of Participants, ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through records maintained by the Depository or its nominee. With respect to the interests of persons other than Participants, ownership of beneficial interests in a Global Security will be shown on, and the transfer of that ownership will be effected only through records maintained by Participants or persons that hold through Participants.

So long as the Depository for a Global Security, or its nominee, is the registered owner of such Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Global Security for all purposes under the applicable Trust Indenture and payments of principal, premium, if any, and interest, if any, on the Debt Securities represented by a Global Security will be made by the Company to the Depository or its nominee. The Company expects that the Depository or its nominee, upon receipt of any payment of principal, premium, if any, or interest, if any, will credit Participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Security as shown on the records of such Depository or its nominee. The Company also expects that payments by Participants to owners of beneficial interests in a Global Security held through such Participants will be governed by standing instructions and customary practices and will be the responsibility of such Participants.

Conveyance of notices and other communications by the Depository to direct Participants, by direct Participants to indirect Participants and by direct and indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial owners of Debt Securities may wish to take certain steps to augment transmission to them of notices of significant

events with respect to the Debt Securities, such as redemptions, tenders, defaults and proposed amendments to the Trust Indenture.

Owners of beneficial interests in a Global Security will not be entitled to have the Debt Securities represented by such Global Security registered in their respective names, will not receive or be entitled to receive physical delivery of such Debt Securities in certificated non-book-entry form, and will not be considered the owners or holders thereof under the applicable Trust Indenture, and the ability of a holder to pledge a Debt Security or otherwise take action with respect to such holder's interest in a Debt Security (other than through a Participant) may be limited due to the lack of a physical certificate.

No Global Security may be exchanged in whole or in part for Debt Securities registered, and no transfer of a Global Security in whole or in part may be registered, in the name of any person other than the Depository for such Global Security or any nominee of such Depository unless: (i) the Depository is no longer willing or able to properly discharge its responsibilities as Depository and the Company is unable to locate a qualified successor; (ii) the Company at its option elects, or is required by law, to terminate the book-entry system through the Depository or the book-entry system ceases to exist; or (iii) if provided for in the Trust Indenture, after the occurrence of an event of default thereunder (provided the Trustee has not waived the event of default in accordance with the terms of the Trust Indenture), Participants acting on behalf of beneficial holders representing, in aggregate, a threshold percentage of the aggregate principal amount of the Debt Securities then outstanding advise the Depository in writing that the continuation of a book-entry system through the Depository is no longer in their best interest.

If one of the foregoing events occurs, such Global Security shall be exchanged for certificated non-book-entry Debt Securities of the same series in an aggregate principal amount equal to the principal amount of such Global Security and registered in such names and denominations as the Depository may direct.

The Company, any underwriters, dealers or agents and any Trustee identified in an accompanying Prospectus Supplement, as applicable, will not have any liability or responsibility for (i) records maintained by the Depository relating to beneficial ownership interests in the Debt Securities held by the Depository or the book-entry accounts maintained by the Depository; (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interests; or (iii) any advice or representation made by or with respect to the Depository and contained in this Prospectus or in any Prospectus Supplement or Trust Indenture with respect to the rules and regulations of the Depository or at the direction of Participants.

Unless otherwise stated in the applicable Prospectus Supplement, CDS Clearing and Depository Services Inc. or its successor will act as Depository for any Debt Securities represented by a Global Security.

Debt Securities in Certificated Form

A series of the Debt Securities may be issued in definitive form, solely as registered Securities, solely as unregistered Securities or as both registered Securities and unregistered Securities. Unless otherwise indicated in the applicable Prospectus Supplement, unregistered Securities will have interest coupons attached.

In the event that the Debt Securities are issued in certificated non-book-entry form, and unless otherwise indicated in the applicable Prospectus Supplement, payment of principal, premium, if any, and interest, if any, on the Debt Securities (other than a Global Security) will be made at the office or agency of the Trustee or, at the option of the Company, by the Company by way of cheque mailed or delivered to the address of the person entitled at the address appearing in the security register of the Trustee or electronic funds wire or other transmission to an account of the person entitled to receive such payments. Unless otherwise indicated in the applicable Prospectus Supplement, payment of interest, if any, will be made to the persons in whose name the Debt Securities are registered at the close of business on the day or days specified by the Company.

At the option of the holder of Debt Securities, registered Securities of any series will be exchangeable for other registered securities of the same series, of any authorized denomination and of a like aggregate principal amount and tenor. If, but only if, provided in an applicable Prospectus Supplement, unregistered Securities (with all unmatured coupons, except as provided below, and all matured coupons in default) of any series may be exchanged for registered Securities of the same series, of any authorized denominations and of a like aggregate principal amount and tenor. In such an event, unregistered Securities surrendered in a permitted exchange for registered Securities between a regular record date or a special record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest, and interest will not be payable on such date for payment of interest in respect of the registered security issued in exchange for such unregistered security, but will be payable only to the holder of such coupon when due in accordance with the terms of the Trust Indenture. Unless otherwise specified in an applicable Prospectus Supplement, unregistered Securities will not be issued in exchange for registered Securities. The applicable Prospectus Supplement may indicate the places to register a transfer of the Debt Securities in definitive form. Except for certain restrictions to be set forth in the Trust Indenture, no service charge will be payable by the holder for any registration of transfer or exchange of the Debt Securities in definitive form, but the Company may, in certain instances, require a sum sufficient to cover any tax or other governmental charges payable in connection with these transactions.

Description of Warrants

This section describes the general terms that will apply to any Warrants for the purchase of Common Shares, or Preferred Shares, or equity Warrants, or for the purchase of Debt Securities, or debt Warrants. This summary of some of the provisions of the Warrants is not complete. The statements made in this Prospectus relating to any Warrant agreement and Warrants to be issued under this Prospectus are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Warrant agreement. Prospective investors should refer to the Warrant indenture or Warrant agency agreement relating to the specific Warrants being offered for the complete terms of the Warrants. A copy of any Warrant indenture or Warrant agency agreement relating to an offering of Warrants will be filed by the Company with the securities regulatory authorities in the applicable Canadian offering jurisdictions after we have entered into it, and will be available electronically on SEDAR at www.sedar.com.

We may issue Warrants independently or together with other securities, and Warrants sold with other Securities may be attached to or separate from the other Securities. Warrants will be issued under one or more Warrant agency agreements to be entered into by us and one or more banks or trust companies acting as Warrant agent. Prior to the exercise of their Warrants, holders of Warrants will not have any of the rights of holders of the Securities subject to the Warrants.

The Company will deliver an undertaking to the securities regulatory authority in the provinces of British Columbia, Alberta and Ontario, that it will not distribute Warrants that, according to their terms as described in the applicable Prospectus Supplement, are “novel” specified derivatives within the meaning of Canadian securities legislation, separately to any member of the public in Canada, unless the offering is in connection with and forms part of the consideration for an acquisition or merger transaction or unless such Prospectus Supplement containing the specific terms of the Warrants to be distributed separately is first approved by or on behalf of the securities commissions or similar regulatory authorities in the provinces of British Columbia, Alberta and Ontario where the Warrants will be distributed.

The applicable Prospectus Supplement relating to any Warrants that we offer will describe the particular terms of those Warrants and include specific terms relating to the offering.

Original purchasers of Warrants (if offered separately) will have a contractual right of rescission against the Company in respect of the exercise of such Warrant. The contractual right of rescission will entitle such original purchasers to receive, upon surrender of the underlying securities acquired upon exercise of the Warrant, the total of the amount paid on original purchase of the warrant and the amount paid upon exercise, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that: (i) the exercise takes place

within 180 days of the date of the purchase of the warrant under the applicable Prospectus Supplement; and (ii) the right of rescission is exercised within 180 days of the date of purchase of the warrant under the applicable Prospectus Supplement. This contractual right of rescission will be consistent with the statutory right of rescission in Section 131 of the Securities Act (British Columbia), and is in addition to any other right or remedy available to original purchasers in Section 131 of the Securities Act (British Columbia) or otherwise at law.

In an offering of Warrants, or other convertible securities, original purchasers are cautioned that the statutory right of action for damages for a misrepresentation contained in the Prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the Warrants, or other convertible securities, are offered to the public under the Prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon conversion, exchange or exercise of such securities, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces or territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights, or consult with a legal advisor.

of the subscription price thereof and their pro-rata share of interest earned or income generated thereon, if provided for in the Subscription Receipt Agreement.

The Subscription Receipt Agreement will provide that the Escrowed Funds will be held in escrow by the Escrow Agent, and such Escrowed Funds will be released to the Company (and, if the Subscription Receipts are sold to or through underwriters or agents, a portion of the Escrowed Funds may be released to such underwriters or agents in payment of all or a portion of their fees in connection with the sale of the Subscription Receipts) at the time and under the terms specified by the Subscription Receipt Agreement. The number of holders of Subscription Receipts required to pass such a resolution or execute such a written consent will be specified in the Subscription Receipt Agreement.

DIVIDENDS

No dividends on the Common Shares have been paid by the Company to date. The Company does not intend to declare or pay any cash dividends in the foreseeable future. PLAN OF DISTRIBUTION

We may issue our Securities offered by this Prospectus for cash or other consideration (i) to or through underwriters, dealers, placement agents or other intermediaries, (ii) directly to one or more purchasers or (iii) in connection with acquisitions of assets or shares or another entity or company. The consideration for an acquisition of assets or shares of another entity or company may consist of any of the Securities covered hereby separately, a combination of such Securities, or any combination of, among other things, securities, cash or the assumption of liabilities.

Each Prospectus Supplement with respect to our securities being offered will set forth the terms of the offering, including:

- the person offering the Securities;

- the name or names of any underwriters, dealers or other placement agents;
- the number and the purchase price of, and form of consideration for, our Securities;
- any proceeds to the Company from such sale; and
- any commissions, fees, discounts and other items constituting underwriters', dealers' or agents' compensation.

Our Securities may be sold, from time to time, in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market price or at negotiated prices, including sales in transactions that are deemed to be ATM Distributions, including sales made directly on the TSXV or other existing trading markets for the Securities. The prices at which the Securities may be offered may vary as between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or prices, the underwriters have made a *bona fide* effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters to the Company.

Only underwriters named in the Prospectus Supplement are deemed to be underwriters in connection with our securities offered by that Prospectus Supplement.

Under agreements which may be entered into by the Company, underwriters, dealers and agents who participate in the distribution of our Securities may be entitled to indemnification by the Company against certain liabilities, including liabilities under applicable Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. The underwriters, dealers and agents with whom we enter into agreements may be customers of, engage in transactions with, or perform services for, the Company in the ordinary course of business.

No underwriter or dealer involved in an ATM Distribution, no affiliate of such underwriter or dealer and no person acting jointly or in concert with such underwriter or dealer has over-allotted, or will over allot, our securities in connection with an ATM Distribution of our securities or effect any other transactions that are intended to stabilize the market price of our securities during an ATM Distribution. In connection with any offering of our Securities other than in an ATM Distribution, the underwriters may over-allot or effect transactions which stabilize or maintain the market price of our Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in some provinces and territories of Canada provides purchasers of securities with the right to withdraw from an agreement to purchase securities and with remedies for rescission or, in some jurisdictions, revisions of the price, or damages if the Prospectus, Prospectus Supplement, and any amendment relating to securities purchased by a purchaser are not sent or delivered to the purchaser. However, purchasers of securities under an at-the-market distribution by the Company do not have the right to withdraw from an agreement to purchase the securities and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the Prospectus, Prospectus Supplement, and any amendment relating to securities purchased by such purchaser because the Prospectus, Prospectus Supplement, and any amendment relating to the securities purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of National Instrument 44-102.

Securities legislation in some provinces and territories of Canada further provides purchasers with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the Prospectus, Prospectus Supplement, and any amendment relating to securities purchased by a purchaser contains a misrepresentation.

Those remedies must be exercised by the purchaser within the time limit prescribed by securities legislation. Any remedies under securities legislation that a purchaser of securities distributed under an ATM Distribution by the Company may have against the Company or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the Prospectus, Prospectus Supplement, and any amendment relating to securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of the Prospectus referred to above.

A purchaser should refer to applicable securities legislation for the particulars of these rights and should consult a legal adviser.

In an offering of Warrants, Preferred Shares, or other convertible, exchangeable or exercisable securities, investors are cautioned that the statutory right of action for damages under Canadian securities laws for a misrepresentation contained in the Prospectus or a Prospectus Supplement (or any amendment thereto) is limited, in certain provincial and territorial securities legislation, to the price at which the Warrants, or other convertible, exchangeable or exercisable securities are offered to the public under the Prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon conversion, exchange or exercise of such securities, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights, or consult with a legal advisor.
