The Private Placement is subject to final approval of the TSX Venture Exchange.

ABOUT TNR GOLD CORP.

TNR Gold Corp. is working to become **the** green energy metals royalty and gold company.

Over the past twenty-four years, TNR, through its lead generator business model, has been successful in generating high-quality exploration projects around the globe. With the Company's expertise, resources and industry network, it identified the potential of the Los Azules Copper Project in Argentina and now holds a 0.36% NSR Royalty on the entire project, which is being developed by McEwen Mining Inc.

In 2009, TNR founded International Lithium Corp. ("ILC"), a green energy metals company that was made public through the spin-out of TNR's energy metals portfolio in 2011. ILC holds interests in lithium projects in Argentina, Ireland and Canada.

TNR retains a 1.8% NSR Royalty on the Mariana Lithium Project in Argentina. ILC has a right to repurchase 1.0% of the NSR Royalty on the Mariana Lithium Project, of which 0.9% relates to the Company's NSR Royalty interest. The Company would receive \$900,000 on the completion of the repurchase. The project is currently being advanced in a joint venture between ILC and Ganfeng Lithium International Co. Ltd.

TNR provides significant exposure to gold through its 90% holding in the Shotgun Gold porphyry project in Alaska. The project is located in Southwestern Alaska near the Donlin Gold project, which is being developed by Barrick Gold and Novagold Resources Inc.

The Company's strategy with Shotgun Gold Project is to attract a joint venture partnership with one of the gold major mining companies. The Company is actively introducing the project to interested parties.

At its core, TNR provides significant exposure to gold, copper and lithium through its holdings in Alaska (the Shotgun Gold porphyry project) and Argentina (the Los Azules Copper and the Mariana Lithium projects) and is committed to the continued generation of in-demand projects, while diversifying its markets and building shareholder value.

On behalf of the Board of Directors,

Kirill Klip
Executive Chairman
