

URZ3 Energy Corp. Engages i2i Marketing Group, LLC for Digital Media and Capital Markets Communications

Vancouver, Canada – February 12, 2026 – URZ3 Energy Corp. (“URZ” or the “Company”) (TSX-V: URZ; OTCQB: NVDEF) announces it has engaged i2i Marketing Group, LLC (“i2i”) to provide comprehensive digital media and capital markets communications services, commencing on or around February 12, 2026. This collaboration aims to enhance the Company’s online visibility and strengthen engagement with potential investors and shareholders.

Under the agreement, i2i will provide corporate marketing and investor awareness services including, but not limited to, content creation management, author sourcing, project management, and media distribution. The goal is to increase awareness of the Company and its ongoing projects within the resource and uranium energy sector.

The engagement with i2i will initially run for a period of three months, with the option to extend beyond this term. In consideration for these services, the Company has agreed to pay i2i US\$250,000 in advance.

The agreement with i2i is subject to the approval of the TSX Venture Exchange.

About i2i Marketing Group, LLC

Joe Grubb and Kailyn White will be providing the services to the Company on behalf of i2i and may be contacted at (240)-315-4665 or contact@i2illc.com, 1107 Key Plaza, Ste 222, Key West, Fla., 33040. The Company will not issue any securities to i2i as compensation. Both i2i and its principals are arm's length to the Company. Each of Grubb and White own, directly or indirectly, 500,000 shares and 500,000 warrants of the Company. The warrants have an exercise price of \$0.20 and expire on June 2, 2028 (the expiry date may be accelerated if the closing price of the Company’s common shares is greater than \$0.40 per share for 10 consecutive trading days).

About URZ3 Energy Corp.

URZ3 Energy Corp. is a resource development company focused on the acquisition and exploration of uranium properties in North America. The Company is dedicated to advancing its portfolio of projects to meet the growing demand for uranium as a clean energy resource, leveraging its team’s extensive experience in ISR uranium exploration, development, and production.
