

BARU GOLD CORP.

INFORMATION CIRCULAR

THIS INFORMATION CIRCULAR CONTAINS INFORMATION AS AT NOVEMBER 17, 2025.

This Information Circular is furnished in connection with the solicitation of Proxies by the management of the Company for use at the Annual General and Special Meeting (the “**Meeting**”) of the shareholders of BARU GOLD CORP. (the “**Company**” or “**Issuer**”) to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting, and at any adjournment thereof.

In this Information Circular, references to “**Beneficial Shareholders**” means shareholders who do not hold common shares (the “**Shares**”) in their own name and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders.

NOTICE AND ACCESS

The Company has elected to use the notice and access (“**Notice and Access**”) provisions under National Instrument 54-101 (“**NI 54-101**”) Communication with Beneficial Owners of Securities of a Reporting Issuer, of the Canadian Securities Administrators, for the delivery to non-registered shareholders of the Company (“**Beneficial Shareholders**”) of its Notice of Meeting and Information Circular (the “**Meeting Materials**”) for the Meeting to be held on December 31, 2025. Under the provisions of Notice and Access, Beneficial Shareholders will receive a notice (the “**Notice and Access Notice**”) containing information on how they can access the Meeting Materials electronically instead of receiving a printed copy or how to receive a printed copy of the Meeting Materials.

Together with the Notice and Access Notice, Beneficial Shareholders will receive a Voting Instruction Form (“**VIF**”), enabling them to vote at the Meeting. Registered shareholders will receive **Notice and Access Notice** and a Form of Proxy. The Meeting Materials for the Meeting will be posted on the Company’s website <https://www.barugold.com> as of November 17, 2025 and will remain on the website for one year. The Meeting Materials will also be available on the Company’s SEDAR+ corporate profile at www.sedarplus.ca as of November 17, 2025.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. In accordance with National Instrument 54-101 of the Canadian Securities Administrators, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the voting common shares in the capital of the Company (the “**Shares**”) held on a record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in so doing. All costs of this solicitation will be borne by the Company.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy are directors, officers or other representatives of the Company. A shareholder entitled to vote at the Meeting has the right to appoint a person or company, who need not be a shareholder, to attend and act for the shareholder on the shareholder’s behalf at the

Meeting other than either the persons or company designated in the accompanying form of proxy, and may do so either by inserting the name of that other person in the blank space provided in the accompanying form of proxy or by completing and delivering another suitable form of proxy.

Voting by Proxyholder

The persons named in the accompanying form of proxy will vote or withhold from voting the Shares represented thereby in accordance with the instructions of the shareholder on any ballot that may be called for. If the shareholder has specified a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. The proxy confers discretionary authority on the nominees named therein with respect to:

- (a) each matter or group of matters identified therein for which a choice is not specified, other than the appointment of an auditor and the election of directors;
- (b) any amendment to or variation of any matter identified therein; and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the proxy, the persons named in the accompanying form of proxy will vote the Shares represented by the proxy at their own discretion for the approval of such matter.

Registered Shareholders

Registered Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders electing to submit a proxy may do so by choosing one of the following methods:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Investor Services, Inc. ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at (416) 263-9524, or by mail or by hand to 14th Floor, 320 Bay Street, Toronto, Ontario, M5H 4A6; or
- (b) use a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll free number, the holder's account number and the proxy access number; or
- (c) log onto Computershare's website at www.investorvote.com. Registered Shareholders must follow the instructions that appear on the screen and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Registered Shareholders must ensure the proxy is received by COMPUTERSHARE TRUST COMPANY OF CANADA, 14TH FLOOR, 320 BAY STREET, TORONTO, ONTARIO, M5H 4A6 at least 48 hours (excluding Saturdays, Sundays and statutory holidays) before the Meeting or the adjournment thereof, unless otherwise provided in the instructions accompanying the proxy.

Beneficial Shareholders

The Company's objecting beneficial owners ("**OBOs**") can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above. The Company does not intend to pay for intermediaries to deliver the Notice of Meeting, Circular and VIF to OBOs and accordingly, if the OBO's intermediary does not assume the costs of delivery of those documents in the event that the OBO wishes to receive them, the OBO may not receive the documentation.

Voting Instructions

Intermediaries are required to forward the Meeting Materials to Beneficial Holders unless a Beneficial Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Beneficial Holders. Generally, Beneficial Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Beneficial Holder but which is otherwise not completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Beneficial Holder when submitting the proxy. In this case, the Beneficial Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and **deposit it with the Company's transfer agent as provided above; or**
- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Beneficial Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "proxy authorization form") which the Intermediary must follow. Typically, the proxy authorization form will consist of a one-page pre-printed form. Sometimes, instead of the one-page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a proxy authorization form, the Beneficial Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Beneficial Holders to direct the voting of the shares which they beneficially own. **Beneficial Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.**

Every nominee has its own instructions on how to return your voting instruction form, but generally you can submit your form by: (i) mail by completing the enclosed voting instruction form, signing and returning it in the envelope provided; (ii) by fax to the number on the form; or (iii) online – please see the enclosed voting instructions form for details.

The information set forth in this section is of significant importance to many shareholders of the Company, as a substantial number of shareholders do not hold Shares in their own name. Shareholders who do not hold their Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of Shares, or as set out in the following disclosure, can be recognized and acted upon at the Meeting.

If Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Shares will not be registered in the Shareholder's name on the records of the Company. Such Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In the United States, the vast majority of such Shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depositary for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial owners - those who object to their name being made known to the issuers of securities which they own (called "OBOs" for "*Objecting Beneficial Owners*") and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for "*Non-Objecting Beneficial Owners*").

The Company is availing itself under National Instrument 54-101 for the Company to deliver proxy-related materials directly to its NOBOs. As a result, NOBOs can expect to receive a Voting Instruction Form ("VIF") from our transfer agent, COMPUTERSHARE TRUST COMPANY OF CANADA, 14TH FLOOR, 320 BAY STREET, TORONTO, ONTARIO, M5H 4A6. The VIF is to be completed and returned to the transfer agent in the envelope provided or by facsimile, or a NOBO has the option to submit their proxy vote either by telephone or via the internet in the manner described on the VIF. The transfer agent shall tabulate the results of the voting on the VIFs received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Shares represented by those VIFs.

These securityholder materials are sent to both registered and non-registered owners of the securities of the Company. If you are a non-registered owner, and the Company or its agent sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding securities on your behalf.

By choosing to send these materials to you directly, the Company (and not the intermediary holding securities on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in your request for voting instructions.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their Shares are voted at the Meeting.

The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("Broadridge") in the United States and in Canada. Broadridge mails a VIF in lieu of the form of proxy provided by the Company. The VIF will name the same persons as the proxy to represent the Beneficial Shareholder at the Meeting, and that person may be the Beneficial Shareholder themselves. A Beneficial Shareholder has the right to appoint a person (who need not be a Beneficial Shareholder of the Company) other than the persons designated in the VIF, to represent the Beneficial Shareholder at the Meeting. To exercise this right, the Beneficial Shareholder should insert the name of the desired representative in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge by mail or facsimile or given to Broadridge by phone or over the internet, in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. A Beneficial Shareholder receiving a VIF from Broadridge cannot use it to vote Shares directly at the Meeting - the VIF must be returned to Broadridge, as the case may be, well in advance of the Meeting in order to have the Shares voted. Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the Registered Shareholder and vote

the Shares in that capacity. Beneficial Shareholders who wish to attend at the Meeting and indirectly vote their Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Alternatively, Beneficial Shareholders may request in writing that their broker send to them a legal proxy which would enable them to attend at the Meeting and vote their Shares.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by either executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to COMPUTERSHARE TRUST COMPANY OF CANADA, 14TH FLOOR, 320 BAY STREET, TORONTO, ONTARIO, M5H 4A6 or at the address of the registered office of the Company at Suite 1400, 1125 Howe Street, Vancouver V6Z 2K8 at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law. In addition, a proxy may be revoked by the registered shareholder personally by attending the Meeting and voting the registered shareholder's Shares. A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

For the purposes of this Information Circular, "informed person" means:

- (a) a director or executive officer of the Company;
- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of the Company;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of the Company or who exercises control or direction over voting securities of the Company, or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of the Company, other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) the Company if it has purchased, redeemed or otherwise acquired any of its own securities, for so long as it holds any of its securities.

Other than as set forth herein, management of the Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any person who has been a director or senior officer of the Company since the commencement of the Company's last completed financial year, or of any nominee for election as a director, or of any associate or affiliate of any of such persons, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors as set out herein.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The board of directors of the Company (the “**Board**”) has fixed **November 17, 2025** as the record date (the “**Record Date**”) for determination of persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Shares voted at the Meeting.

As of **November 17, 2025**, the Company had outstanding **356,919,534** fully paid and non-assessable Shares without par value, each carrying the right to one vote.

To the knowledge of the directors and executive officers of the Company, only the following person beneficially owned, directly or indirectly, or exercised control or direction over, Shares carrying more than 10% of the voting rights attached to all outstanding Shares of the Company:

<u>Name</u>	<u>Number of Shares</u>	<u>Percentage of Outstanding Shares</u>
CDS & Co. ⁽¹⁾	296,251,274	83.18%

⁽¹⁾ The beneficial shareholders represented by this registered holder(s) are unknown.

The above information was supplied to the Company by the Company's transfer agent.

FINANCIAL STATEMENTS

The comparative audited financial statements of the Company for the year ended August 31, 2024 and the report of the auditor thereof will be placed before the Meeting. The audited financial statements, the report of the auditor, together with the management's discussion and analysis can be found on .

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to approve the resolutions described herein. A special resolution is a resolution passed by a majority of not less than **two-thirds (2/3rds)** of the votes cast by the shareholders who, being entitled to do so, voted in person or by proxy at the Meeting. If there are more nominees for election as directors or appointment of the Company's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

ELECTION OF DIRECTORS

The size of the Board of Directors of the Company is currently determined at **four (4)**. The Board proposes that the number of directors remain at **four (4)**. Shareholders will therefore be asked to approve an ordinary resolution that the number of directors elected be fixed at **four (4)**.

Management of the Company recommends that you vote **FOR** fixing the number of directors at **four (4)**. Unless instructed otherwise, the individuals named as proxy holders in the enclosed form of proxy intend to vote any Shares represented thereby as recommended.

The term of office of each of the current directors will end at the conclusion of the Meeting. Unless the director's office is earlier vacated in accordance with the provisions of the *Business Corporations Act* (British Columbia) (“BCA”), each director elected will hold office until the conclusion of the next annual general meeting of the Company, or if no director is then elected, until a successor is elected.

The following table sets out the names of management's nominees for election as directors, all major offices and positions with the Company and any of its significant affiliates each now holds, each nominee's principal occupation, business or employment for the five preceding years for new director nominees, the period of time during which each has been a director of the Company and the number of Shares of the Company beneficially owned by each, directly or indirectly, or over which each exercised control or direction, as at November 17, 2025.

At the annual general and special meeting held on February 1, 2018, shareholders voted to pass a special resolution for the adoption of a new set of articles for the Company, which new set of Articles contained, inter alia, provisions relating to advance notice procedures with respect to the nomination of persons for election as a director of the Company, the full text of which can be found on the Company’s website. As such, any additional director nominations for the Meeting must have been received by the Company no later than 30 days prior to the date of the meeting. No such nominations have been received as of the date of this Circular. If no such nominations are received by the Company prior to such date, management’s nominees for election as directors set forth below will be the only nominees eligible to stand for election at the Meeting.

- (b) was subject to an event that resulted, after the director ceased to be a director or executive officer of the company being the subject of a cease trade order or similar order or an order that denied the relevant company access to any exemption under securities legislation, for a period of more than 30 consecutive days; or

CORPORATE GOVERNANCE DISCLOSURE

The Board is committed to sound corporate governance practices which contribute to effective and efficient decision making in the interest of all shareholders.

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day to day management of the Company.

The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. The Company will continue to review and implement corporate governance guidelines as the business of the Company progresses and becomes more active in operations. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices in Form 58-101F2, which disclosure is set out below.

1. Board of Directors

The mandate of the Board is to supervise the management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

- (a) the *Business Corporations Act* (British Columbia);
- (b) the Company's articles of incorporation;
- (c) the charters of the Board and the Board committees; and
- (d) other applicable laws and Company policies.

The Board approves all significant decisions that affect the Company before they are implemented. The Board supervises their implementation and reviews the results.

Of the Company's proposed slate of **four (4)** directors, **three (3)** would be considered independent. The definition of independence used by the Board is that used by the TSX Venture Exchange. A director is independent if he has no "material relationship" with the Company. A "material relationship" is a relationship which could, in view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. Certain types of relationships are by their nature considered to be material relationships.

The Board has determined that Messrs. Margetson, Murphy and Farmer are independent directors. Mr. Filbert is not independent because he is the CEO of the Company.

The Board is responsible for determining whether or not each director is an independent director. The President, CEO, CFO and Secretary and any other officer are not considered independent. None of the other directors work in the day-to-day operations of the Company, are party to any material contracts with the Company, or receive any fees from the Company except as disclosed in this Information Circular.

The Board is actively involved in the Company's strategic planning process. The Board discusses and reviews all materials relating to the strategic plan with management. The Board is responsible for reviewing and approving the strategic plan. At least one Board meeting each year is devoted to discussing and considering the strategic plan, which takes into account the risks and opportunities of the business. Management must seek the Board's approval for any transaction that would have a significant impact on the strategic plan.

The Board periodically reviews the Company's business and implementation of appropriate systems to manage any associated risks, communications with investors and the financial community and the integrity of the Company's internal control and management information systems. The Board also monitors the

Company's compliance with its timely disclosure obligations and reviews material disclosure documents prior to distribution. The Board periodically discusses the systems of internal control with the Company's external auditor.

The Board is responsible for choosing the President and CEO and appointing senior management and for monitoring their performance and developing descriptions of the positions for the Board, including the limits on management's responsibilities and the corporate objectives to be met by the management.

The Board approves all the Company's major communications, including annual and quarterly reports, financing documents and press releases. The Company communicates with its stakeholders through a number of channels including its website. The Board approved the Company's communication policy that covers the accurate and timely communication of all important information. It is reviewed annually. This policy includes procedures for communicating with analysts by conference calls.

The Board, through its audit committee ("**Audit Committee**"), examines the effectiveness of the Company's internal control processes and management information systems. The Board consults with the external auditor and management of the Company to ensure the integrity of these systems. The external auditor submits a report to the Audit Committee each year on the quality of the Company's internal control processes and management information systems.

2. Directorships

No directors of the Company and nominees for director of the Company are directors of other reporting issuers (or equivalent) in a jurisdiction or a foreign jurisdiction.

3. Orientation and Continuing Education

The Board briefs all new directors with the policies of the Board, and other relevant corporate and business information.

4. Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or

transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

5. Nomination of Directors

The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, show support for the Company's mission and strategic objectives, and a willingness to serve.

6. Compensation

The Board conducts reviews with regard to directors' compensation once a year. AUDIT COMMITTEE

Under National Instrument 52-110 – Audit Committees ("NI 52-110") reporting issuers are required to provide disclosure with respect to its Audit Committee including the text of the Audit Committee's Charter, composition of the Committee, and the fees paid to the external auditor. The Company provides the following disclosure with respect to its Audit Committee:

The Audit Committee's Charter

Mandate

The primary function of the Audit Committee (the "Committee") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- Review and appraise the performance of the Company's external auditors.
- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

The Audit Committee's mandate and charter can be described as follows:

1. Each member of the Audit Committee shall be a member of the Board, in good standing, and the majority of the members of the Audit Committee shall be independent in order to serve on this committee.
2. At least one of the members of the Audit Committee shall be financially literate.
3. Review the Audit Committee's charter annually, reassess the adequacy of this charter, and recommend any proposed changes to the Board. Consider changes that are necessary as a result of new laws or regulations.
4. The Audit Committee shall meet at least four times per year, and each time the Company proposes to issue a press release with its quarterly or annual earnings information. These meetings may be combined with regularly scheduled meetings, or more frequently as circumstances may require. The Audit Committee may ask members of the management or others to attend the meetings and provide pertinent information as necessary.
5. Conduct executive sessions with the outside auditors, outside counsel, and anyone else as desired by the Audit Committee.
6. The Audit Committee shall be authorized to hire outside counsel or other consultants as necessary (this may take place any time during the year).
7. Approve any non-audit services provided by the independent auditors, including tax services. Review and evaluate the performance of the independent auditors and review with the full Board any proposed discharge of the independent auditors.
8. Review with the management the policies and procedures with respect to officers' expense accounts and perquisites, including their use of corporate assets, and consider the results of any review of these areas by the independent auditor.

9. Consider, with the management, the rationale for employing accounting firms rather than the principal independent auditors.
10. Inquire of the management and the independent auditors about significant risks or exposures facing the Company; assess the steps the management has taken or proposes to take to minimize such risks to the Company; and periodically review compliance with such steps.
11. Review with the independent auditor, the audit scope and plan of the independent auditors. Address the coordination of the audit efforts to assure the completeness of coverage, reduction of redundant efforts, and the effective use of audit resources.
12. Inquire regarding the “quality of earnings” of the Company from a subjective as well as an objective standpoint.
13. Review with the independent accountants: (a) the adequacy of the Company's internal controls including computerized information systems controls and security; and (b) any related significant findings and recommendations of the independent auditors together with the Management's responses thereto.
14. Review with the management and the independent auditor the effect of any regulatory and accounting initiatives, as well as off-balance-sheet structures, if any.
15. Review with the management the annual financial reports before they are filed with the regulatory authorities.
16. Review with the independent auditor that performs an audit: (a) all critical accounting policies and practices used by the Company; and (b) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with the management of the Company, the ramifications of each alternative and the treatment preferred by the Company.
17. Review all material written communications between the independent auditors and the management.
18. Review with the management and the independent auditors: (a) the Company's annual financial statements and related footnotes; (b) the independent auditors' audit of the financial statements and their report thereon; (c) the independent auditor's judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial reporting; (d) any significant changes required in the independent auditors' audit plan; and (e) any serious difficulties or disputes with the management encountered during the audit.
19. Review the procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters that may be submitted by any party internal or external to the organization. Review any complaints that might have been received, current status, and resolution if one has been reached.
20. Review procedures for the confidential, anonymous submission by employees of the organization of concerns regarding questionable accounting or auditing matters. Review any submissions that have been received, the current status, and resolution if one has been reached.
21. The Audit Committee will perform such other functions as assigned by law, the Company's articles, or the Board.

A member of the Audit Committee is considered financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company.

Audit Committee Oversight

At no time since the commencement of the Company's most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor (currently, Davidson & Company LLP, Chartered Accountants, of Vancouver, British Columbia) not adopted by the Board.

Reliance on Certain Exemptions

During the most recently completed financial year, the Company has not relied on the exemptions contained in sections 2.4 or 8 of National Instrument 52-110 *Audit Committees*. Section 2.4 provides an exemption from the requirement that the Audit Committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of all the non-audit services not pre-approved is reasonably expected to be no more than 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided, the Company did not recognize the services as non-audit services at the time of engagement, and the services are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit by the Audit Committee. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of the Instrument, in whole or in part.

Pre-Approval Policies and Procedures

Formal policies and procedures for the engagement of non-audit services have yet to be formulated and adopted. Subject to the requirements of National Instrument 52-110 *Audit Committees*, the engagement of non-audit services is considered by, as applicable, the Board and the Audit Committee, on a case by case basis.

External Auditor Service Fees

The Audit Committee has reviewed the nature and amount of the non-audited services provided by Davidson & Company LLP, Chartered Accountants, of Vancouver, British Columbia to the Company to ensure auditor independence. Fees incurred with Davidson & Company LLP, Chartered Accountants, of Vancouver, British Columbia for audit and non-audit services in the last two fiscal years for audit fees are outlined in the following table.

Audit Fees ⁽¹⁾	\$50,000 (<i>accrued</i>)	\$57,695
Audit-Related Fees ⁽²⁾	Nil	Nil

- (1) "Audit Fees" include fees necessary to perform the annual audit and quarterly reviews of the Company's consolidated financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation, such as comfort letters, consents, reviews of securities filings and statutory audits.

These audit-related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.

Davidson & Company LLP, Chartered Accountants, of Vancouver, British Columbia, will be nominated at the Meeting for reappointment as auditor of the Company at a remuneration to be fixed by the directors.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

The Compensation Discussion and Analysis section explains the compensation program for the fiscal years ended August 31, 2025 and August 31, 2024 for the Company's Named Executive Officers (as that term is defined under applicable securities legislation).

COMPENSATION DISCUSSION AND ANALYSIS

The compensation of the executive officers is determined by the Board of Directors, based in part on recommendations from the Chief Executive Officer.

The Board evaluates individual executive performance with the goal of setting compensation at levels that they believe are comparable with executives in other companies of similar size and stage of development operating in the same industry. In connection with setting appropriate levels of compensation, the Board base their decisions on their general business and industry knowledge and experience and publicly available information of comparable companies while also taking into account our relative performance and strategic goals.

The executive officer compensation consists of two basic elements: i) base salary; and ii) incentive stock options. The details are set out in the Summary Compensation Table.

The base salary established for each executive officer is intended to reflect each individual's responsibilities, experience, prior performance and other discretionary factors deemed relevant by the Board. In deciding on the salary portion of the compensation of the executive officers, major consideration is given to the fact that the Company is an early stage exploration company and does not generate any material revenue and must rely exclusively on funds raised from equity financing. Therefore, greater emphasis may be put on incentive stock option compensation.

The incentive stock option portion of the compensation is designed to provide the executive officers of the Company with a long-term incentive in developing the Company's business. Options granted under the Company's stock option plan are approved by the Board, and if applicable, its subcommittees, after consideration of the Company's overall performance and whether the Company has met targets set out by the executive officers in their strategic plan.

PARTICULARS OF MATTERS TO BE ACTED UPON

The Board of Directors is proposing the Company's existing stock option plan (the "**Stock Option Plan**") and the restricted share unit plan (the "**Restricted Share Unit Plan**"), which were approved by the shareholders at the 2024 Annual and Special General Meeting held on December 31, 2024 for yearly approval by the Shareholders at the 2025 Meeting.

The Stock Option Plan provides flexibility to the Company to grant equity-based incentive awards in the form of equity-based incentive awards in the form of options (“**Options**”), and under the Restricted Share Unit Plan, the Company is able to issue restricted share units (“**RSUs**”), as described in further detail below.

The purpose of the Stock Option Plan and the Restricted Share Unit Plan, among other things, is to provide the Company with a share related mechanism to attract, retain and motivate qualified directors, officers, employees and consultants of the Company and to reward such of those directors, officers, employees and consultants as may be granted awards under the Stock Option Plan and the Restricted Share Unit Plan by the Board from time to time for their contributions toward the long-term goals and success of the Company and to enable and encourage such directors, employees and consultants to acquire Shares as long-term investments and proprietary interests in the Company.

Copies of the Stock Option Plan and the Restricted Share Unit Plan may be provided by the Company upon request to Company.

The following is a summary of the material terms of the plans:

The insiders to whom common shares may be issued under the Stock Option Plan and their associates must abstain from voting on the Stock Option Plan.

A copy of the Stock Option Plan is posted on the Company’s website at [www.terramet.com](#) and will be available for inspection at the 2025 Annual General and Special Meeting. VOLUNTARY DELISTING FROM THE TSXV AND LISTING ON AN ALTERNATIVE CANADIAN STOCK EXCHANGE:

The Company may consider to applying to voluntary delist its Common Shares from the TSX Venture Exchange. The Company is applying to list the Common Shares on a Canadian stock exchange including but not limited to the TSX, CBOE Canada or the Canadian Securities Exchange ("CSE"). Shareholders will be asked at the Meeting to consider, and if thought fit, to pass, with or without variation, a resolution authorizing the Company to make an application to voluntarily delist the Common Shares of the Company from the TSXV on which it is currently listed (the "**Delisting**"). The implementation of the Delisting is conditional upon the Company obtaining any necessary regulatory consents. The Delisting Resolution also provides that the Board is authorized, in its sole discretion, to determine not to proceed with the proposed Delisting, without further approval of the shareholders of the Company. In particular, the Board may determine not to present the Delisting Resolution to the Meeting or, if the Delisting Resolution is presented to the Meeting and approved by Shareholders, the Board may determine after the Meeting not to proceed with completion of the proposed Delisting.

The Delisting would result in the Company no longer being listed on the TSXV. If a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE conditionally approves the listing of the Company, and subject to approval of the TSXV, the Company will be delisted from the TSXV

and commence trading on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE if the shareholders approve the Delisting Resolution.

Completion of the Delisting is subject to the acceptance of the TSXV and there is no guarantee that the TSXV will approve the Delisting.

Shareholders are being asked to approve the following resolution (the “**Delisting Resolution**”) on a “majority of the minority” basis excluding the votes of the directors, officers and other insiders of the Company:

“BE IT RESOLVED THAT:

The Company is hereby authorized, on a “majority of the minority” basis excluding the votes of the directors, officers and other insiders of the Company, to apply to voluntarily delist its securities from the TSX Venture Exchange; and the Company is further hereby authorized to seek approval from a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the Canadian Securities Exchange (“CSE”), to list its securities for public trading on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE; and notwithstanding that this resolution has been duly approved by the shareholders of the Company, the board of directors of the Company, in its sole discretion and without the requirement to obtain any further approval from the shareholders of the Company, is hereby authorized and empowered to revoke this resolution at any time before it is acted upon without further approval from the shareholders.”

To be approved, the Delisting Resolution requires the affirmative vote of (i) at least a majority of the votes cast on the Delisting Resolution at the Meeting, whether in person or by proxy; and (ii) “majority of the minority shareholder approval” obtained in accordance with the requirements of the TSXV, being at least a majority of the votes cast on the Delisting at the Meeting excluding votes attaching to Common Shares held by promoters, directors, officers and other insiders of the Company, whether in person or by proxy.

To the knowledge of the Company, such persons own or have voting control over an aggregate of 46,581,869 Common Shares as of November 17, 2025, representing 13.05% of all issued and outstanding Common Shares as of such date. There can be no assurance that the requisite Shareholder approval of the Delisting will be obtained.

Specifically, the following individuals shall abstain from voting together with their respective holdings set out against their names as follow:

Insider Name	Holdings
Terrence Filbert	11,393,643 common shares
Dr. Shidan Murphy	31,399,322 common shares
Karen Dyczkowski	3,788,904 common shares

Unless the Shareholder has specifically instructed in the enclosed form of proxy that the Common Shares represented by such proxy are to be voted against the Delisting, the persons named in the accompanying proxy will vote FOR the Delisting.

If the voluntary delisting is approved by the Company's shareholders and the TSXV and other conditions imposed by the TSXV are satisfied, the Company's Common Shares will be immediately delisted from the TSXV. The delisting from the TSXV may occur prior to the Common Shares being listed on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE. After the Company's Common Shares are delisted from the TSXV and until the Company's Common Shares are listed on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE, there will be no marketplace for the trading of the Company's Common Shares. The Company is applying for listing with a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE and intends to complete a formal listing application after this Circular is mailed to shareholders. There can be no assurance that any application for listing the Company's Common Shares on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE will be approved prior to the delisting from the TSXV or at all.

The Board believes that a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE has a preferred fee structure for the Company which will allow the Company to devote a larger portion of its financial resources to executing its business strategy. Additionally, the Board believes that the rules and policies of a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE are more suitable for the Company and that a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE will provide a marketplace that is as good or better than the TSXV for the trading of its Common Shares. If the voluntary delisting is approved by the Company's shareholders and the TSXV, the Company's Common Shares will be immediately delisted from the TSXV.

The Company will be unable to list its Common Shares until the TSXV has approved a voluntary delisting of the Company's Common Shares. Accordingly, the Company will be unable to list its Common Shares on the TSX, CBOE Canada or the CSE unless, among other things, the Delisting Resolution is passed. There can be no assurance that the Company's listing application will be accepted by a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE or that the Company will be able to meet the listing requirements of a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE.

After delisting from the TSXV and unless or until the Company's Common Shares are listed on a Canadian stock exchange, including but not limited to, the TSX, CBOE Canada or the CSE, there will be no marketplace for the trading of the Company's Common Shares.

PENSION PLAN BENEFITS

The Company does not have a pension plan or provide any benefits following or in connection with retirement.

EMPLOYEE, CONSULTING AND MANAGEMENT AGREEMENTS

The Company entered into Executive Services Agreements dated January 1, 2021 and amended and restated July 28, 2023 (the "**Agreements**") with Terrence Filbert, a director and Chief Executive Officer of the Company ("**CEO**"), Karen Dyczkowski, Chief Financial Officer of the Company ("**CFO**") and on July 31, 2025, entered into an employment agreement with Sri Darmawan, Chief Operating Officer ("**COO**") of the Company (the "**NEOs**") for the provision of management services. The provision of the services shall continue until December 31, 2025 and extendable by a period of one year, unless otherwise terminated.

The CEO receives compensation of \$13,300 per month, subject to automatic annual increases of eight percent (as at January 1, 2025, monthly salary is \$18,094); an annual bonus, based on targets as set out by the board, is equal to the total annual salary for that year (the “**Annual Bonus**”) which the CEO may elect to receive in Shares for Services at the maximum discount to market permitted by the TSX Venture Exchange; health insurance and reimbursement of reasonable out of pockets costs not covered by insurance; an allowance for a leased vehicle; a one time issuance of stock options equal to four percent of the issued and outstanding shares of the Company on the date of the grant; and once the Company meets a target of \$2 million in sales from gold production at the Sangihe Gold Project, up to the maximum regulatory 5% allowed of the issued shares on the as soon as practicably possible after the issuance of the approvals of the shareholders of the Company and any stock exchange having jurisdiction over the granting of RSUs. The Annual Bonus will be at least equal to the total annual salary to be paid for year for that year. If these targets are not achieved in its respective year, it will be deemed earned and the bonus paid once the target is achieved.

The CFO receives compensation of \$10,000 per month, subject to automatic annual increases of five percent (as at January 1, 2025, monthly salary is \$12,155); health insurance and reimbursement of reasonable out of pocket costs not covered by insurance; and stock options granted at the discretion of the board.

The COO receives compensation of Indonesian Rupiah 150,000,000 per month (\$12,600 based on the Bank of Canada Exchange Rate as of November 17, 2025); production bonus, health insurance and reimbursement of reasonable out of pocket costs not covered by insurance; and stock options granted at a minimum of 1,000,000 incentive stock options within one year, at an exercise price and on terms determined by the board.

Termination Benefits

Should the NEOs be subject to termination without just cause, the Agreements will be terminated in no less than one month’s prior notice, and the Company will be required to pay two times the base salary at the time of termination and replacement costs equal to 24 months of any health, welfare, pension, life insurance and disability insurance benefits. Based on the conditions existing at August 31, 2023, the cash severance for every year of serving with the Company would be \$1,000,000 for the CEO; and \$500,000 for the CFO. Should the NEOs elect to terminate their employment as a result of an offer to acquire more than 20% of the voting shares inclusive of any voting shares and any voting shares issuable upon the exercise of convertible securities of the Company, the NEOs shall be entitled \$1,000,000 for every year of serving with the Company.

The employment agreement with the CEO allows the Company to terminate the COO’s employment without compensation in cases of professional, occupational, or other serious misconduct, including conduct that endangers Company property, personnel, or operations, violates corporate policies or legal standards, breaches confidentiality, or otherwise constitutes behaviour the Company deems intolerable. The agreement may also terminate without compensation in the event of force majeure circumstances beyond human control, such as natural disasters, pandemics, or civil unrest, that prevent the continued performance of the agreement.

Change of Control Benefits

Should the Company be subject to a change of control and terminate any of the Agreements, or the NEO resigns for good reason, the Agreements will be terminated in no less than one month’s prior notice, and the Company will be required to pay two times the base salary at the time of termination, replacement costs

equal to 48 months of any health, welfare, pension, life insurance and disability insurance benefits, bonus payment of not less than an amount two times the average of the last three annual bonus/incentive payments paid, and \$1,000,000 every year the NEO has represented the Company as CEO, or \$1,000,000 every year the NEO has represented the Company as CFO. The severance payments relating to the \$1,000,000 may be converted into shares of the Company at a 20% discount to the closing share price on the 15th day after the termination date, or TSX-V approval. Based on the conditions existing at August 31, 2023, the cash severance related to base salary and health insurance would be \$363,120 and \$158,243 respectively for the CEO; \$260,400 and \$20,009 for the CFO; nil bonus payments; and cash severance related to the length of service would be \$6,000,000 for the CEO, \$1,500,000 for the CFO. If the NEOs elected to receive the severance relating to length of service, the number of shares issuable would be based on the market price as determined by the policies of the TSX Venture Exchange.

For the purposes of the above agreements, Change of Control means any of the following:

- (a) the acquisition, directly or indirectly, by any person or group of persons acting in concert, as such terms are defined in the *Securities Act*, British Columbia, of common shares of the Company which, when added to all other common shares of the Company at the time held directly or indirectly by such person or persons acting in concert, totals for the first time 30% of the outstanding common shares of the Company;

- (c) consummation of a sale of all or substantially all of the assets of the Company, or the consummation of a reorganization, merger or other transaction which has substantially the same effect, except where such sale or transaction is for the purpose of financing the construction of a mine;

For the purposes of the above agreements, "Good Reason" means the occurrence of one of the following events without the NEO's written consent:

- (a) the assignment by the Company of any substantial new duties inconsistent with the NEO's positions, duties, responsibilities and status with the Company immediately prior to the Change of Control;
- (b) a material reduction in the NEO's responsibilities, as in effect immediately prior to the Change of Control, except as a result of the NEO's death, disability or retirement;
- (c) a reduction by the Company in the NEO's base annual fee as in effect immediately prior to the Change of Control;

 - (ii) the requirement by the Company that the NEO be based anywhere other than within a 50-kilometre radius of his location immediately prior to the Change of Control, except substantially consistent with the NEO's business travel obligations immediately prior to the Change of Control; or

- (iii) the failure by the Company to continue in effect, or a change of the NEO's participation in benefits under any bonus or incentive compensation or benefit plan, any stock ownership, stock purchase, stock option or other equity incentive plan, any life, health, accident, disability or similar plan providing welfare benefits or any plan or program of fringe benefits in which the NEO is participating immediately prior to a Change of Control ("Existing Plans"), the effect of which would be to materially reduce the total value, in the aggregate, of the NEO's benefits under all existing benefit or incentive plans and all amendments thereto and plans substituted therefore, as compared to the NEO's benefits under such plans as they existed immediately prior to the Change of Control, or the failure by the Company to maintain the NEO with the number of paid vacation days to which the NEO is entitled in accordance with the Company's general vacation policy in effect immediately prior to the Change of Control.

The NEO may, within 12 months following a Change of Control, resign his employment and shall be entitled to receive the payments described above. If, within 12 months following a Change of Control, this Agreement is terminated by the Company, without just cause or by the NEO for Good Reason, then, the NEO shall be entitled to the payments described in the above.
