## Notes to the Unaudited Interim Period Condensed Consolidated Financial Statements

For the periods ended June 17, 2023 and June 18, 2022 (millions of Canadian dollars except where otherwise indicated)

### Note 1. Nature and Description of the Reporting Entity

Loblaw Companies Limited is a Canadian public company incorporated in 1956 and is Canada's food and pharmacy leader, and the nation's largest retailer. Loblaw Companies Limited provides Canadians with grocery, pharmacy and healthcare services, health and beauty products, apparel, general merchandise, financial services, and wireless mobile products and services. Its registered office is located at 22 St. Clair Avenue East, Toronto, Canada M4T 2S5. Loblaw Companies Limited and its subsidiaries are together referred to, in these unaudited interim period condensed consolidated financial statements, as the "Company" or "Loblaw".

The Company's controlling shareholder is George Weston Limited ("Weston"), which owns approximately 52.6% of the Company's outstanding common shares. The Company's ultimate parent is Wittington Investments, Limited ("Wittington"). The remaining common shares are widely held.

The Company has two reportable operating segments: Retail and Financial Services (see note 15).

The Company's business is affected by seasonality and timing of holidays, relative to the Company's interim periods. Accordingly, quarterly performance is not necessarily indicative of annual performance. Historically, the Company has earned more revenue in the fourth quarter relative to the preceding quarters in the Company's fiscal year.

### Note 2. Significant Accounting Policies

The significant accounting policies and critical accounting estimates and judgments as disclosed in the Company's 2022 audited annual consolidated financial statements have been applied consistently in the preparation of these unaudited interim period condensed consolidated financial statements. These unaudited interim period condensed consolidated financial statements are presented in Canadian dollars.

**Statement of Compliance** These unaudited interim period condensed consolidated financial statements are prepared in accordance with International Accounting Standard 34, "Interim Financial Reporting", as issued by the International Accounting Standards Board. These unaudited interim period condensed consolidated financial statements should be read in conjunction with the Company's 2022 audited annual consolidated financial statements and accompanying notes.

These unaudited interim period condensed consolidated financial statements were approved for issuance by the Company's Board of Directors ("Board") on July 25, 2023.

**Note 3. Net Interest Expense and Other Financing Charges**

The components of net interest expense and other financing charges were as follows:

**Note 4. Income Taxes**

Income tax expense in the second quarter of 2023 was \$193 million (2022 – \$162 million) and the effective tax rate was 26.3% (2022 – 27.4%). The decrease in the effective tax rate from the comparative period was primarily attributable to the non-taxable portion of the gain from real estate dispositions during the quarter and the impact of certain non-deductible items in 2022. Year-to-date income tax expense was \$344 million (2022 – \$285 million) and the effective tax rate was 26.0% (2022 – 24.0%). The increase to the year-to-date effective tax rate from the comparative period was primarily attributable to the recovery of income taxes related to Glenhuron Bank Limited in 2022 partially offset by the non-taxable portion of the gain from real estate dispositions (see note 8).

**Note 7. Credit Card Receivables**

The components of credit card receivables were as follows:

Gross credit card receivables	<b>\$ 4,192</b>	\$ 3,822	\$ 4,160

Total securitized to independent securitization trusts	<b>\$ 2,250</b>	\$ 1,850	\$ 2,050

The Company, through President's Choice Bank ("PC Bank"), participates in various securitization programs that provide a source of funds for the operation of its credit card business. PC Bank maintains and monitors a co-ownership interest in credit card receivables with independent securitization trusts, including *Eagle Credit Card Trust*<sup>®</sup> ("*Eagle*") and Other Independent Securitization Trusts, in accordance with its financing requirements.

The associated liability of *Eagle* is recorded in long term debt (see note 9). The associated liabilities of credit card receivables securitized to the Other Independent Securitization Trusts are recorded in short term debt.

During the second quarter of 2023, *Eagle* issued \$250 million of senior and subordinated term notes with a maturity date of June 17, 2028 (the "*Eagle* 2023-1 Series notes"). These notes have a weighted average interest rate of 5.25%. In connection with the issuance, \$125 million of bond forward agreements were settled. This resulted in a fair value gain of \$4 million before income taxes, which will be reclassified to net earnings over the life of the *Eagle* 2023-1 Series notes. Consequently, the net effective interest rate on the *Eagle* 2023-1 Series notes issued is 4.94%.

As at June 17, 2023, the aggregate gross potential liability under letters of credit for the benefit of the Other Independent Securitization Trusts was \$59 million (June 18, 2022 – \$45 million; December 31, 2022 – \$63 million), which represented 9% (June 18, 2022 – 9%; December 31, 2022 – 9%) of the securitized credit card receivables amount.

Under its securitization programs, PC Bank is required to maintain, at all times, a credit card receivable pool balance equal to a minimum of 107% of the outstanding securitized liability. PC Bank was in compliance with this requirement as at June 17, 2023 and throughout the first half of 2023.

**Security Deposits** During the second quarter of 2023, a repayment accumulation process was triggered due to the upcoming maturity of the *Eagle* \$250 million senior and subordinated term notes due July 17, 2023. In the second quarter of 2023, the Company renewed its NCIB to purchase on the Toronto Stock Exchange or through alternative trading systems up to 16,055,686 of the Company's common shares, representing approximately 5% of issued and outstanding common shares. As at June 17, 2023, the Company had purchased 3,331,134 common shares for cancellation under its current NCIB. The Company is still permitted to purchase its common shares from Weston under its NCIB, pursuant to an automatic disposition plan agreement among the Company's broker, the Company and Weston, in order for Weston to maintain its proportionate ownership interest in the Company. The maximum number of common shares that may be purchased pursuant to the NCIB will be reduced by the number of common shares purchased from Weston.

During the second quarter of 2023, 4,226,034 common shares (2022 – 5,369,375) were purchased under the NCIB program for cancellation, for aggregate consideration of \$511 million (2022 – \$607 million), including 2,072,339 common shares (2022 – 2,749,914) purchased from Weston, for aggregate consideration of \$250 million (2022 – \$310 million). On a year-to-date basis, 7,484,300 common shares (2022 – 6,708,626) were purchased under the NCIB for cancellation, for aggregate consideration of \$894 million (2022 – \$755 million), including 3,674,254 common shares (2022 – 2,951,765) purchased from Weston, for aggregate consideration of \$438 million (2022 – \$332 million).

From time to time, the Company participates in an automatic share purchase plan ("ASPP") with a broker in order to facilitate the repurchase of the Company's common shares under its NCIB. During the effective period of the ASPP, the Company's broker may purchase common shares at times when the Company would not be active in the market. As at June 17, 2023, an obligation to repurchase shares of \$105 million was recognized under the ASPP in trade payables and other liabilities.

During the second quarter of 2023, the Company recognized a loss of \$3 million (2022 – gain of \$1 million) and a loss of \$2 million (2022 – nominal gain) year-to-date in operating income on financial instruments designated as amortized cost. In addition, during the second quarter of 2023, the Company recognized a net loss of \$12 million (2022 – net gain of \$12 million) and a net loss of \$16 million (2022 – net gain of \$28 million) year-to-date in earnings before income taxes related to financial instruments required to be classified as fair value through profit and loss.

**Securities Investments** PC Bank holds investments which are considered part of the liquid securities required to be held to meet its Liquidity Coverage Ratio. These securities are classified as fair value through other comprehensive income and were included in long term securities and other assets on the consolidated balance sheets. During the second quarter of 2023, PC Bank recorded an unrealized fair value loss of \$1 million (2022 – nominal unrealized fair value loss) and a nominal unrealized fair value loss (2022 – \$1 million unrealized fair value loss) year-to-date in other comprehensive income related to these investments.

**Other Derivatives** The Company uses bond forwards, interest rate swaps and foreign exchange forwards to mitigate the impact of increases in interest rates and manage its anticipated exposure to exchange rates on its underlying operations and anticipated fixed asset purchases. The Company also uses swaps, futures, options and forward contracts to manage its anticipated exposure to fluctuations in commodity prices and exchange rates in its underlying operations. The following is a summary of the fair values recognized in the unaudited interim period condensed consolidated balance sheets and the net realized and unrealized gains (losses) before income taxes related to the Company's other derivatives:

- (ii) PC Bank settled \$125 million of bond forwards in the second quarter of 2023 (see note 7). The purpose of the bond forwards were to hedge the interest rate risk for the \$250 million *Eagle* notes issued in the second quarter of 2023. The Company has concluded that the hedge was effective as at the settlement date which resulted in a \$4 million fair value gain recorded in other comprehensive income and which will be reclassified to net earnings over the life of the new *Eagle* notes.
- (iii) PC Bank uses interest rate swaps, with a notional value of \$180 million, to mitigate the impact of increases in interest rate. During the second quarter of 2023, the Company also entered into a 20 year arrangement to hedge energy pricing on its purchases in Alberta beginning on January 1, 2025. The hedge has a notional value of \$223 million and resulted in a fair value gain of \$4 million which has been recorded in other comprehensive income. The fair values of the derivatives are included in prepaid expenses and other assets.

### Note 13. Contingent Liabilities

In the ordinary course of business, the Company is involved in and potentially subject to, legal actions and proceedings. In addition, the Company is subject to tax audits from various tax authorities on an ongoing basis. As a result, from time to time, tax authorities may disagree with the positions and conclusions taken by the Company in its tax filings or legislation could be amended or interpretations of current legislation could change, any of which events could lead to reassessments.

There are a number of uncertainties involved in such matters, individually or in aggregate, and as such, there is a possibility that the ultimate resolution of these matters may result in a material adverse effect on the Company's reputation, operations, financial condition or performance in future periods. It is not currently possible to predict the outcome of the Company's legal actions and proceedings with certainty. Management regularly assesses its position on the adequacy of accruals or provisions related to such matters and will make any necessary adjustments.

The following is a description of the Company's significant legal proceedings:

Shoppers Drug Mart was previously served with an Amended Statement of Claim in a class action proceeding that has been filed in the Ontario Superior Court of Justice ("Superior Court") by two Shoppers Drug Mart licensees ("Associates"), claiming various declarations and damages resulting from Shoppers Drug Mart's alleged breaches of the Associate Agreement. The class action comprises all of Shoppers Drug Mart's current and former licensed Associates residing in Canada, other than in Québec, who were parties to Shoppers Drug Mart's 2002 and 2010 forms of the Associate Agreement. On July 9, 2013, the Superior Court certified as a class proceeding portions of the action. A summary judgment trial of the matter was held in December 2022 and on February 17, 2023, the Superior Court released its decision in relation to those summary judgment motions (the "Decision"). The Superior Court dismissed the plaintiffs' claims on the majority of the issues including a request for damages at this stage of proceedings. The Court also held that Shoppers Drug Mart breached the 2002 form of Associate Agreement when it did not remit certain amounts that it received from generic drug manufacturers to Associates. On March 20, 2023, the plaintiffs filed a Notice of Appeal and on April 4, 2023, the Company filed a Notice of Cross-Appeal. Accordingly, the Company has not recorded any amounts related to the potential liability associated with this lawsuit. The Company does not believe that the ultimate resolution of this matter will have a material adverse impact on its financial condition or prospects.

In 2017, the Company and Weston announced actions taken to address their role in an industry-wide price-fixing arrangement involving certain packaged bread products. The arrangement involved the coordination of retail and wholesale prices of certain packaged bread products over a period extending from late 2001 to March 2015. Under the arrangement, the participants regularly increased prices on a coordinated basis. Class action lawsuits have been commenced against the Company and Weston as well as a number of other major grocery retailers and another bread wholesaler. It is too early to predict the outcome of such legal proceedings. Neither the Company nor Weston believes that the ultimate resolution of such legal proceedings will have a material adverse impact on its financial condition or prospects. The Company's cash balances far exceed any realistic damages scenario and therefore it does not anticipate any impacts on its dividend, dividend policy or share buyback plan. The Company has not recorded any amounts related to the potential civil liability associated with the class action lawsuits in 2023 or prior on the basis that a reliable estimate of the liability cannot be determined at this time. The Company will continue to assess whether a provision for civil liability associated with the class action lawsuits can be reliably estimated and will record an amount in the period at the earlier of when a reliable estimate of liability can be determined or the matter is ultimately resolved. As a result of admission of participation in the arrangement and cooperation in the Competition Bureau's investigation, the Company and Weston will not face criminal charges or penalties.

In August 2018, the Province of British Columbia filed a class action against numerous opioid manufacturers and distributors, including the Company and its subsidiaries, Shoppers Drug Mart Inc. and Sanis Health Inc. The claim contains allegations of breach of the Competition Act, fraudulent misrepresentation and deceit and negligence, and seeks unquantified damages for the expenses incurred by the federal government, provinces, and territories of Canada in paying for opioid prescriptions and other healthcare costs related to opioid addiction and abuse in Canada. During the second quarter of 2021, the claim against Loblaw Companies Limited was discontinued. In May 2019, two further opioid-related class actions were commenced in each of Ontario and Quebec against a large group of defendants, including Sanis Health Inc. In February 2022, the plaintiff and Sanis Health Inc. agreed to settle the Quebec action for a nominal amount, with no admission of liability and for the express purpose of avoiding the delays, disruption, and expenses associated with the litigation. The settlement has been approved by the court and is now final. In December 2019, a further opioid-related class action was commenced in British Columbia against a large group of defendants, including Sanis Health Inc., Shoppers Drug Mart Inc. and the Company. The allegations in the Ontario, Quebec, and the civil British Columbia class actions are similar to the allegations against manufacturer defendants in the Province of British Columbia class action, except that these May 2019 and December 2019 claims seek recovery of damages on behalf of opioid users directly. In April 2021, the Company, Shoppers Drug Mart Inc. and Sanis Health Inc. were served with another opioid-related class action that was started in Alberta against multiple defendants. The claim seeks damages on behalf of municipalities and local governments in relation to public safety, social service, and criminal justice costs allegedly incurred due to the opioid crisis. In September 2021, the Company, Shoppers Drug Mart Inc. and Sanis Health Inc. were served with a class action started in Saskatchewan by Peter Ballantyne Cree Nation and Lac La Ronge Indian Band on behalf of all Indigenous, Metis, First Nation and Inuit communities and governments in Canada to recover costs they have incurred as a result of the opioid crisis, including healthcare costs, policing costs and societal costs. The Company believes these proceedings are without merit and is vigorously defending them. The Company does not currently have any significant accruals or provisions for these matters recorded in the unaudited interim period condensed consolidated financial statements.

In July 2022, the Tax Court of Canada released a decision relating to PC Bank, a subsidiary of the Company. The Tax Court of Canada ruled that PC Bank is not entitled to claim notional input tax credits for certain payments it made to Loblaws Inc. in respect of redemptions of loyalty points. On September 29th, 2022, PC Bank filed a Notice of Appeal with the Federal Court of Appeal and in the first half of 2023 both PC Bank and the Crown submitted their respective facts for the appeal. Although the Company believes in the merits of its position, the Company recorded a charge of \$111 million, inclusive of interest, in the second quarter of 2022. The Company believes that this provision is sufficient to cover its liability, if the appeal is ultimately unsuccessful.

**Indemnification Provisions** The Company from time to time enters into agreements in the normal course of its business, such as service and outsourcing arrangements, lease agreements in connection with business or asset acquisitions or dispositions, and other types of commercial agreements. These agreements by their nature may provide for indemnification of counterparties. These indemnification provisions may be in connection with breaches of representations and warranties or in respect of future claims for certain liabilities, including liabilities related to tax and environmental matters. The terms of these indemnification provisions vary in duration and may extend for an unlimited period of time. In addition, the terms of these indemnification provisions vary in amount and certain indemnification provisions do not provide for a maximum potential indemnification amount. Indemnity amounts are dependent on the outcome of future contingent events, the nature and likelihood of which cannot be determined at this time. As a result, the Company is unable to reasonably estimate its total maximum potential liability in respect of indemnification provisions. Historically, the Company has not made any significant payments in connection with these indemnification provisions.

#### **Note 14. Related Party Transactions**

**Venture Funds** During 2020, Loblaw, Weston and a wholly owned subsidiary of Wittington became limited partners in a limited partnership formed by Wittington (“Venture Fund I”). A wholly owned subsidiary of Wittington is the general partner of Venture Fund I, which hired an external fund manager to oversee it. The purpose of Venture Fund I is to pursue venture capital investing in innovative businesses that are in technology-oriented companies at all stages of the start-up life cycle that operate in commerce, healthcare, and food sectors and are based in North America. Each of the three limited partners have a 33% interest in Venture Fund I. The Company has a total capital commitment of \$33 million over a 10-year period.

During the third quarter of 2022, Loblaw became a limited partner in another limited partnership formed by Wittington (“Venture Fund II”). A wholly owned subsidiary of Wittington is also the general partner of Venture Fund II, and the general purpose of Venture Fund II is consistent with Venture Fund I. The Company has a 50% interest in Venture Fund II and has a total capital commitment of \$60 million over a 10-year period.

**Sale and Leaseback** During the first quarter of 2023, the Company sold a property to Choice Properties for proceeds of \$12 million and recognized a gain of \$3 million. The property was leased back by the Company.

**Financial Liabilities** During the second quarter of 2023, there were no dispositions (2022 – one) of properties to Choice Properties (2022 – \$13 million). On a year-to-date basis, the Company disposed of two retail properties to Choice Properties for total proceeds of \$86 million. These properties were leased back by the Company and did not meet the criteria for sale in accordance with IFRS 15, “Revenue from Contracts with Customers” as the Company did not relinquish control of the properties under the terms of the leases (see note 8).

**Note 15. Segment Information**

The Company has two reportable operating segments, with all material operations carried out in Canada:

- The Retail segment consists primarily of corporate and franchise-owned retail food and Associate-owned drug stores, which includes in-store pharmacies, health care services and other health and beauty products, apparel and other general merchandise. This segment is comprised of several operating segments that are aggregated primarily due to similarities in the nature of products and services offered for sale in the retail operations and the customer base; and
- The Financial Services segment provides credit card and everyday banking services, the PC Optimum™ Program, insurance brokerage services, and telecommunication services.

The Company's chief operating decision maker evaluates segment performance on the basis of adjusted operating income before depreciation and amortization ("adjusted EBITDA"), as reported to internal management, on a periodic basis.
