Item 7.01 Regulation FD Disclosure.

During our earnings conference call on August 7, 2020, we highlighted the following outlook for the third quarter 2020.

(Dollar amounts are approximations)

For the third quarter of the year, we estimate our revenue to be approximately \$1.370 billion. We expect price plus volume growth for solid waste to range between negative 2.5% and negative 3.5%, with price growth in the range of 4% to 4.5% and volume growth in the range of negative 7.0% to negative 7.5%. Net income attributable to Waste Connections is estimated to be approximately \$146.9 million. Adjusted EBITDA, as reconciled below, is estimated to be approximately \$420 million.

Q3 2020 OUTLOOK NON-GAAP RECONCILIATION SCHEDULE (in thousands of U.S. dollars, except where noted)

Reconciliation of Adjusted EBITDA:

	Q3 2020 Outlook	
	Estimates	Observation
Net income attributable to Waste Connections	\$ 146,850	
Plus: Income tax provision	40,300	Approximately 21.5% effective rate
Plus: Interest expense, net of interest income	40,000	
Plus: Depreciation and depletion	156,500	Approximately 11.4% of revenue
Plus: Amortization	32,600	Approximately 2.4% of revenue, or \$0.09 per diluted share net of taxes
Plus: Closure and post-closure accretion	3,750	
Adjusted EBITDA	<u>\$ 420,000</u>	Approximately 30.7% of revenue

These estimates assume no significant change in underlying economic trends. They also exclude any impact from additional acquisitions that may close during the remainder of the year, and expensing of transaction-related items during the period.

Adjusted EBITDA, a non-GAAP financial measure, is provided supplementally because it is widely used by investors as a performance and valuation measure in the solid waste industry. Management uses adjusted EBITDA as one of the principal measures to evaluate and monitor the ongoing financial performance of our operations. We define adjusted EBITDA as net income (loss) attributable to Waste Connections, plus or minus net income (loss) attributable to noncontrolling interests, plus or minus income tax provision (benefit), plus interest expense, less interest income, plus depreciation and amortization expense, plus closure and post-closure accretion expense, plus or minus any loss or gain on impairments and other operating items, plus other expense, less other income. We further adjust this calculation to exclude the effects of other items management believes impact the ability to assess the operating performance of our business. This measure is not a substitute for, and should be used in conjunction with, GAAP financial measures. Other companies may calculate adjusted EBITDA differently.
