## **DESCRIPTION OF DEBT SECURITIES**

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of the Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in such Prospectus Supplement. Since the terms of a series of Debt Securities may differ from the general information provided in this Prospectus, in all cases an investor should rely on the information in the applicable Prospectus Supplement where it differs from information in this Prospectus.

The Debt Securities will be direct unsecured obligations of IFC. The Debt Securities will be senior or subordinated indebtedness of IFC as described in the relevant Prospectus Supplement. The senior Debt Securities will rank equal in right of payment to all other unsecured and unsubordinated indebtedness of IFC (except for unsecured and unsubordinated indebtedness preferred by mandatory provisions of law). The subordinated Debt Securities will be subordinated in right of payment to the prior payment in full of the senior Debt Securities and all other senior indebtedness of IFC and will rank equal in right of payment with all other subordinated indebtedness of IFC from time to time issued and outstanding (other than subordinated indebtedness which has been further subordinated in accordance with its terms).

The Debt Securities will be issued under one or more indentures (each, a “Trust Indenture”), in each case between IFC and a financial institution to which the *Trust and Loan Companies Act* (Canada) applies or a financial institution organized under the laws of any province of Canada and authorized to carry on business as a trustee (each, a “Trustee”). The statements made hereunder relating to any Trust Indenture and any instalment receipt and pledge agreement (see below) and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions

thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Trust Indenture and, if applicable, any instalment receipt and pledge agreement and collateral arrangements and depositary arrangements relating to such Debt Securities.

Each Trust Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by IFC. Any Prospectus Supplement for Debt Securities supplementing this Prospectus will contain the terms and other information with respect to the Debt Securities being offered thereby, including: (i) the designation, aggregate principal amount and authorized denominations of such Debt Securities; (ii) the currency or currency units for which the Debt Securities may be purchased and the currency or currency units in which the principal and any interest or other amounts is payable (in either case, if other than Canadian dollars); (iii) any applicable subordination provisions; (iv) the percentage of the principal amount at which such Debt Securities will be issued; (v) the date or dates on which such Debt Securities will mature; (vi) the rate or rates per annum at which such Debt Securities will bear interest (if any), or the method of determination of such rates (if any); (vii) the dates on which any such interest will be payable and the record dates for such payments; (viii) the Trustee under the Trust Indenture pursuant to which the Debt Securities are to be issued; (ix) any redemption term or terms under which such Debt Securities may be defeased; (x) whether such Debt Securities are to be issued in registered form, bearer form or in the form of temporary or permanent global securities and the basis of exchange, transfer and ownership thereof; (xi) any exchange or conversion terms; and (xii) any other specific terms. A copy of any such Trust Indenture will be filed by IFC with securities regulatory authorities after it has been entered into and will be available on IFC's SEDAR+ profile at [www.sedarplus.com](http://www.sedarplus.com).

Debt Securities may, at the option of IFC, be issued in fully registered form, in "book-entry only" form (the implications of which are discussed below under "Book-Entry Only System") or may be uncertificated.

Debt Securities of a single series may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

The Debt Securities offered pursuant to this Prospectus and any Prospectus Supplement may be represented by instalment receipts, the particular terms and provisions of which will be described in the applicable Prospectus Supplement and set out in an instalment receipt and pledge agreement. Any such instalment receipt will evidence, among other things, (a) the fact that a first instalment payment has been made in respect of the Debt Securities represented thereby and (b) the beneficial ownership of the Debt Securities represented by the instalment receipt, subject to a pledge of such Debt Securities securing the obligation to pay the balance outstanding under such Debt Securities on or prior to a certain date. A copy of any such instalment receipt and pledge agreement will be filed by IFC with securities regulatory authorities after it has been entered into and will be available on IFC's SEDAR+ profile at [www.sedarplus.com](http://www.sedarplus.com).

The following sets forth certain general terms and provisions of the Warrants. The particular terms and provisions of the Warrants offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Warrants, will be described in such Prospectus Supplement. Since the terms of a series of Warrants may differ from the general information provided in this Prospectus, in all cases an investor should rely on the information in the applicable Prospectus Supplement where it differs from information in this Prospectus.

IFC may issue Warrants for the purchase of Debt Securities, Class A Shares, Common Shares or other securities. Warrants may be issued independently or together with Debt Securities, Class A Shares or Common Shares offered by any Prospectus Supplement and may be attached to, or separate from, any such offered Securities. Warrants will be issued under one or more warrant agreements between IFC and a warrant agent (the “Warrant Agent”) that IFC will name in the applicable Prospectus Supplement.

Selected provisions of the Warrants and the warrant agreements are summarized below. This summary is not complete. The statements made in this Prospectus relating to any warrant agreement and Warrants to be issued thereunder are summaries of certain anticipated provisions thereof and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable warrant agreement and, if applicable, collateral arrangements and depositary arrangements relating to such Warrants.

Any Prospectus Supplement for Warrants supplementing this Prospectus will contain the terms and other information with respect to the Warrants being offered thereby, including:

- (a) the designation of the Warrants;
- (b) the aggregate number of Warrants offered and the offering price;
- (c) the designation, number and terms of the Debt Securities, Class A Shares, Common Shares or other securities purchasable upon exercise of the Warrants, and procedures that will result in the adjustment of those numbers;
- (d) the exercise price of the Warrants;
- (e) the dates or periods during which the Warrants are exercisable;
- (f) the designation and terms of any securities with which the Warrants are issued;
- (g) if the Warrants are issued as a unit with another security, the date on and after which the warrants and the other security will be separately transferable;

- (h) the currency or currency unit in which the exercise price is denominated;
- (i) any minimum or maximum amount of Warrants that may be exercised at any one time;
- (j) whether such Warrants will be listed on any securities exchange;
- (k) any terms, procedures and limitations relating to the transferability, exchange or exercise of the Warrants;
- (l) whether the Warrants will be issued in fully registered or “book-entry only” form;
- (m) any rights, privileges, restrictions and conditions attaching to the Warrants; and
- (n) any other specific terms.

Prior to the exercise of their Warrants, holders of Warrants will not have any of the rights of holders of the securities subject to the Warrants.

### **DESCRIPTION OF SHARE PURCHASE CONTRACTS**

The following sets forth certain general terms and provisions of the Share Purchase Contracts. The particular terms and provisions of the Share Purchase Contracts offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Share Purchase Contracts, will be described in such Prospectus Supplement. Since the terms of a series of Share Purchase Contracts may differ from the general information provided in this Prospectus, in all cases an investor should rely on the information in the applicable Prospectus Supplement where it differs from information in this Prospectus.

IFC may issue Share Purchase Contracts, representing contracts obligating holders to purchase from or sell to IFC, and obligating IFC to purchase from or sell to the holders, a specified number of Common Shares or Class A Shares, as applicable, at a future date or dates, and including by way of instalment. IFC has delivered an undertaking to the securities regulatory authority in each of the provinces and territories of Canada that IFC will not distribute Share Purchase Contracts to any member of the public in Canada unless the Prospectus Supplement containing the specific terms of the Share Purchase Contracts to be distributed separately is first approved for filing by the securities regulatory authority in each of the provinces and territories of Canada where the Share Purchase Contracts will be distributed.

The price per Common Share or Class A Share, as applicable, may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula contained in the Share Purchase Contracts. IFC may issue Share Purchase Contracts in accordance with applicable laws and in such amounts and in as many distinct series as it may determine.

Any Prospectus Supplement for Share Purchase Contracts supplementing this Prospectus will contain the terms and other information with respect to the Share Purchase Contracts being offered thereby, including:

- (a) whether the Share Purchase Contracts obligate the holder to purchase or sell, or both purchase and sell, Common Shares or Class A Shares, as applicable, and the nature and amount of each of those securities, or the method of determining those amounts;
- (b) whether the Share Purchase Contracts are to be prepaid or not or paid in instalments;
- (c) any conditions upon which the purchase or sale will be contingent and the consequences if such conditions are not satisfied;
- (d) whether the Share Purchase Contracts are to be settled by delivery, or by reference or linkage to the value or performance of Common Shares or Class A Shares;

- (e) any acceleration, cancellation, termination or other provisions relating to the settlement of the Share Purchase Contracts;
- (f) the date or dates on which the sale or purchase must be made, if any;
- (g) whether such Share Purchase Contracts will be listed on any securities exchange;
- (h) whether the Share Purchase Contracts will be issued in fully registered or global form;
- (i) any rights, privileges, restrictions and conditions attaching to the Share Purchase Contracts; and
- (j) any other specific terms.

The Prospectus Supplement will describe the terms of any Share Purchase Contracts. The preceding description and any description of Share Purchase Contracts in the applicable Prospectus Supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the Share Purchase Contract agreement and, if applicable, collateral arrangements and depository arrangements relating to such Share Purchase Contracts.

In the case of Share Purchase Contracts which obligate the holders to purchase securities from IFC, the holders will not have any of the rights of holders of the securities to be purchased pursuant to the Share Purchase Contracts until the completion of the purchase of those securities by the relevant holder in accordance with the terms of the Share Purchase Contract.

#### **DESCRIPTION OF UNITS**

The following sets forth certain general terms and provisions of the Units. The particular terms and provisions of the Units offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Units, will be described in such Prospectus Supplement. Since the terms of a series of Units may differ from the general information provided in this Prospectus, in all cases an investor should rely on the information in the applicable Prospectus Supplement where it differs from information in this Prospectus.

IFC has delivered an undertaking to the securities regulatory authority in each of the provinces and territories of Canada that IFC will not distribute Units comprised of Share Purchase Contracts separately to any member of the public in Canada unless the offering is in connection with and forms part of the consideration for an acquisition or merger transaction or unless the Prospectus Supplement containing the specific terms of such Units to be distributed separately is first approved for filing by the securities regulatory authority in each of the provinces and territories of Canada where the Units will be distributed.

IFC may issue Units comprised of one or more of the other Securities described in this Prospectus in any combination. Each Unit will be issued so that the holder of the Unit is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security comprising such Unit. The unit agreement under which a Unit is issued may provide that the Securities included in the Unit may not be held or transferred separately, at any time or at any time before a specified date.

Any Prospectus Supplement for Units supplementing this Prospectus will contain the terms and other information with respect to the Units being offered thereby, including:

- (a) the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those Securities may be held or transferred separately;
- (b) any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the Securities comprising the Units;
- (c) whether the Units will be issued in fully registered or global form; and

- (d) any other specific terms.

The Prospectus Supplement will describe the terms of any Units. The preceding description and any description of Units in the Prospectus Supplement does not purport to be complete and is subject to and is qualified in its entirety by reference to the unit agreement and, if applicable, collateral arrangements and depository arrangements relating to such Units.

### **BOOK-ENTRY ONLY SYSTEM**

Securities issued in “book-entry only” form must be purchased, transferred or redeemed through participants (“CDS Participants”) in the depository service of CDS Clearing and Depository Services Inc. or a successor or its nominee (collectively, “CDS”). Each of the Investment Dealers named in an accompanying Prospectus Supplement offering Securities in “book-entry only” form will be a CDS Participant. On the closing of a book-entry only offering, IFC will cause a global certificate or certificates representing the aggregate number of Securities subscribed for under such offering to be delivered to, and registered in the name of, CDS. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from IFC or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a CDS Participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the Investment Dealer from which the Securities are purchased in accordance with the practices and procedures of that Investment Dealer. The practices of Investment Dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. Reference in this Prospectus to a holder of Securities means, unless the context otherwise requires, the owner of the beneficial interest in the Securities.

CDS will be responsible for establishing and maintaining book-entry accounts for CDS Participants having interests in the Securities. If: (i) the book-entry only system ceases to exist; (ii) IFC determines that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and IFC is unable to locate a qualified successor; or (iii) IFC at its option elects, or is required by applicable law or the rules of any securities exchange, to withdraw the Securities from the book-entry only system, then physical certificates representing the Securities will be issued to holders thereof or their nominees.

### **Transfer, Conversion and Redemption of Securities**

Transfers of ownership, conversions or redemptions of Securities will be effected only through records maintained by CDS for such Securities with respect to interests of CDS Participants and on the records of CDS Participants with respect to interests of persons other than CDS Participants. Holders of Securities who are not CDS Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities, may do so only through CDS Participants. Depending on the jurisdiction in which the holder is located, the ability of a holder to pledge Securities or otherwise take action with respect to such holder’s interest in Securities (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

### **Payments and Deliveries**

IFC will make, or cause to be made, payments of principal, redemption price, if any, dividends and interest, as applicable, on Securities to CDS as the registered holder of the Securities and IFC understands that the payment will be forwarded by CDS to CDS Participants in accordance with the customary practices and procedures of CDS. As long as CDS is the registered holder of the Securities, CDS will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. As long as the Securities are held in the CDS book-entry only system, the responsibility and liability of IFC in respect of the Securities is limited to making payments of principal, redemption price, if any, dividends and interest, as applicable, on the Securities to CDS, as registered holder of the Securities. IFC expects that CDS, upon receipt of any payment in respect of Securities, will credit CDS Participants’ accounts in amounts proportionate to their respective interests in the principal amount of such Securities as shown on the records of CDS in accordance with the customary practices and procedures of CDS. IFC also expects that payments by CDS Participants to the owners of beneficial interests in Securities held through such CDS Participants will be governed by standing instructions and customary practices, and will be the responsibility of such CDS Participants.

Each beneficial owner must rely on the procedures of CDS and, if such beneficial owner is not a CDS Participant, on the procedures of the CDS Participant through which such beneficial owner owns its interest, to exercise any rights with respect to the Securities. IFC understands that under existing policies of CDS and industry practices, if IFC requests any action of a beneficial owner or if a beneficial owner desires to give any notice or take any action which a registered holder is entitled to give or take with respect to the Securities, CDS would authorize the CDS Participant acting on behalf of the beneficial owner to give such notice or to take such action, in accordance with the procedures established by CDS or agreed to from time to time by IFC, any Trustee and/or Warrant Agent and CDS. Any beneficial owner that is not a CDS Participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its CDS Participant to give such notice or take such action.

None of IFC, the Investment Dealers or the Trustee will assume liability or responsibility for: (i) any aspect of the records relating to the beneficial ownership of the Securities held by CDS or the payments or deliveries relating thereto; (ii) maintaining, supervising or reviewing any records relating to the Securities; or (iii) any advice or representation made by or with respect to CDS relating to the rules governing CDS or any action to be taken by CDS or at the direction of CDS Participants.

### **PLAN OF DISTRIBUTION**

IFC and any Selling Securityholder may sell the Securities to or through Investment Dealers purchasing as principal, and may also sell the Securities to one or more purchasers directly or through agents designated by IFC. Securities may be sold from time to time in one or more transactions at a fixed price or non-fixed prices, such as market prices prevailing at the time of sale, prices related to such prevailing market prices or at prices to be negotiated with purchasers (including, without limitation, sales deemed to be “at-the-market distributions” as defined in NI 44-102, including sales made directly on the TSX or other existing trading markets for the Securities), which prices may vary as between purchasers and during the period of distribution of the Securities.

A Prospectus Supplement will set forth the terms of any offering of Securities, including the name or names of any Investment Dealers, the initial public offering price, the proceeds to IFC or the applicable Selling Securityholder, any underwriting discount or commission to be paid to any Investment Dealers and any discounts, concessions or commissions allowed or reallocated or paid by any Investment Dealers to other investment dealers.

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. The obligations of the underwriters to purchase such Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased.

The Securities may also be sold directly by IFC or any Selling Securityholder at such prices and upon such terms as agreed to by IFC or the Selling Securityholder, as applicable, and the purchaser or through agents designated by IFC or the Selling Securityholder, as applicable, from time to time. Unless otherwise indicated in the applicable Prospectus Supplement, any agent is acting on a best efforts basis for the period of its appointment.

Any public offering price and any discounts, concessions or commissions allowed or re-allowed or paid to Investment Dealers may be changed from time to time. IFC or the Selling Securityholder may agree to pay the Investment Dealers a commission for various services relating to the issue and sale of any Securities offered hereby. Investment Dealers who participate in the distribution of the Securities may be entitled under agreements to be entered into with IFC or the Selling Securityholder to indemnification by IFC or the Selling Securityholder, as applicable, against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such Investment Dealers may be required to make in respect thereof.

In connection with any offering of the Securities (unless otherwise specified in the applicable Prospectus Supplement), and other than in connection with an “at-the-market distribution” as defined in NI 44-102, the Investment Dealers may, subject to applicable law, over-allot or effect transactions which stabilize or maintain the market price of IFC’s securities at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

The Securities to be issued hereunder have not been, and will not be, registered under the U.S. Securities Act or any U.S. state securities laws and, accordingly, may not be offered, sold or delivered, directly or indirectly, within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act), except in certain transactions exempt from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

No Investment Dealer of an “at-the-market distribution” under this Prospectus, no affiliate of such an Investment Dealer and no person or company acting jointly or in concert with such an Investment Dealer may, in connection with the distribution, over-allot securities or enter into any transaction that is intended to stabilize or maintain the market price of the Securities or securities of the same class as the Securities distributed under this Prospectus, including selling an aggregate number or principal amount of securities that would result in the Investment Dealer creating an over-allocation position in the Securities.

### **SELLING SECURITYHOLDERS**

This Prospectus may also, from time to time, relate to the offering of Securities by way of a secondary offering by certain Selling Securityholders. The terms under which the Securities may be offered by Selling Securityholders will be described in the applicable Prospectus Supplement. The Prospectus Supplement for or including any offering of Securities by Selling Securityholders will include, without limitation, where applicable: (a) the names of the Selling Securityholders; (b) the number and type of Securities owned, controlled or directed by each of the Selling Securityholders; (c) the number of Securities being distributed for the account of each Selling Securityholder; (d) the number of Securities to be owned, controlled or directed by the Selling Securityholders after the distribution and the percentage that number or amount represents out of the total number of outstanding Securities of the relevant class; (e) whether the Securities are owned by the Selling Securityholders, both of record and beneficially, of record only or beneficially only; (f) if the Selling Securityholder purchased any of the Securities held by it in the 24 months preceding the date of the Prospectus Supplement, the date or dates on which the Selling Securityholders acquired the Securities; and (g) if the Selling Securityholder acquired the Securities held by it in the 12 months preceding the date of the Prospectus Supplement, the cost thereof to the Selling Securityholder in the aggregate and on a per security basis.

Pursuant to Part 9B of NI 44-102, certain “eligible issuers” that are “well-known seasoned issuers” and certain other “eligible issuers” are permitted to file a WKSI base shelf prospectus and, subject to the satisfaction of certain conditions, a receipt will be deemed to be issued by the applicable securities regulatory authorities for such WKSI base shelf prospectus immediately upon filing, without review by such applicable securities regulatory authorities or the requirement to file and obtain a receipt for a preliminary short form base shelf prospectus. WKSI base shelf prospectuses are also exempt from certain disclosure requirements under NI 44-102 that would otherwise apply to a final short form base shelf prospectus. IFC has determined that it that it qualifies as a “well-known seasoned issuer” pursuant to NI 44-102 because, as of January 30, 2026, it had “qualifying public equity” as defined in NI 44-102 of approximately \$47,284,799,841.95.

### **PURCHASERS’ STATUTORY AND CONTRACTUAL RIGHTS**

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. Unless otherwise provided in the applicable Prospectus Supplement, this right may be exercised within two business days after the later of (a) the date that IFC (i) filed the prospectus or any amendment on SEDAR+ and a receipt is issued and posted for the document, and (ii) issued and filed a news release on SEDAR+ announcing that the document is accessible through SEDAR+, and (b) the date that the purchaser or subscriber has entered into an agreement to purchase the securities or a contract to purchase or a subscription for the securities. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for the particulars of these rights or consult with a legal adviser.

Original Canadian purchasers of Securities which are convertible or exchangeable into other securities of IFC will have a contractual right of rescission against IFC following the issuance of such other securities of IFC to such original purchasers upon the conversion or exchange of such Securities. The contractual right of rescission will entitle such original purchasers to receive the amount paid for the applicable Securities and any additional amount paid by such original purchasers on conversion or exchange upon surrender of the underlying securities of IFC issued upon the conversion or exchange of such Securities, in the event that this Prospectus, the relevant Prospectus Supplement or an amendment contains a misrepresentation, provided that: (i) the conversion or exchange takes place within 180 days of the date of the purchase under this Prospectus of such Securities which are convertible or exchangeable; and (ii) the right of rescission is exercised within 180 days of the date of the purchase under this Prospectus of such Securities which are convertible or exchangeable. This contractual right of rescission will be consistent with the statutory right of rescission described under section 130 of the *Securities Act* (Ontario), and is in addition to any other right or remedy available to original purchasers under section 130 of the *Securities Act* (Ontario) or otherwise at law.

In an offering of Securities which are convertible or exchangeable into other securities of IFC, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the Securities which are convertible or exchangeable into other securities of IFC are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon the conversion or exchange of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of this right of action for damages or consult with a legal adviser.
