

Turquoise Hill acknowledges Mongolian Parliament Resolution on Oyu Tolgoi

Turquoise Hill (TRQ) acknowledges the Resolution put forward by the Parliamentary Working Group (PWG), and passed unanimously by the Parliament of Mongolia.

In March 2018, the Speaker of the Mongolian Parliament appointed a Parliamentary Working Group to review the implementation of the Investment Agreement signed on October 6, 2009. The mandate was subsequently expanded to include the Amended & Restated Shareholder Agreement signed June 8, 2011, and the Oyu Tolgoi Underground Mine Development and Financing Plan, signed on May 18, 2015.

Upon completion of the PWG review and its report, a Resolution was submitted to the Economic Standing Committee, and subsequently passed in a plenary session of the Parliament of Mongolia on November 21st.

The Resolution was published on December 6th and includes the following measures:

- “...take comprehensive measures to improve the implementation of the Investment Agreement signed on October 6, 2009....and the Amended & Restated Shareholder Agreement signed June 8, 2011”
- “...improve Oyu Tolgoi Underground Mine Development and Financing Plan...”
- “Explore and resolve options to have a product sharing arrangement or swap Mongolia’s equity holding of 34 per cent for a special royalty...”

“We believe that the Resolution reflects Mongolia’s commitment to work together to further support the development of the underground mine, and will serve as the basis of future discussions between the Government of Mongolia, Rio Tinto and Turquoise Hill Resources in relation to the Oyu Tolgoi project,” stated Ulf Quellmann, Chief Executive Officer of Turquoise Hill. “Adherence to the key principles of our three foundational agreements remains of critical importance as this has already allowed for the development of the Oyu Tolgoi mine in a manner that has given rise to significant long-term benefits to Mongolia and it will continue to do so. However, we are also mindful that further dialogue amongst the stakeholders is required to ensure Oyu Tolgoi reaches its full potential. We remain firmly committed to exploring ways to deliver even greater benefits from Oyu Tolgoi to all shareholders.”

Forward-Looking Statements

Certain statements made herein, including statements relating to matters that are not historical facts and statements of the Company's beliefs, intentions and expectations about developments, results and events which will or may occur in the future, constitute "forward-looking information" within the meaning of applicable Canadian securities legislation and "forward-looking statements" within the meaning of the "safe harbor" provisions of the United States Private Securities Litigation Reform Act of 1995. Forward-looking statements and information relate to future events or future performance, reflect current expectations or beliefs regarding future events and are typically identified by words such as "anticipate", "could", "should", "expect", "seek", "may", "intend", "likely", "plan", "estimate", "will", "believe" and similar expressions suggesting future outcomes or statements regarding an outlook. These include, but are not limited to, information regarding the timing and amount of production and potential production delays, statements in respect of the impacts of any delays on the Company's cash flows, expected copper and gold grades, liquidity, funding requirements and planning, statements regarding timing and status of underground development, the development options under consideration for the design of the Panel 0 and the related cost and schedule implications, timing and status of the Tavan Tolgoi-based power project, capital and operating cost estimates, timing of completion of the definitive estimate review, mill throughput anticipated business activities, planned expenditures, corporate strategies, and other statements that are not historical facts.

Forward-looking statements and information are made based upon certain assumptions and other important factors that, if untrue, could cause the actual results, performance or achievements of the Company to be materially different from future results, performance or achievements expressed or implied by such statements or information. There can be no assurance that such statements or information will prove to be accurate. Such statements and information are based on numerous assumptions regarding present and future business strategies, local and global economic conditions, and the environment in which the Company will operate in the future, including the price of copper, gold and silver and projected gold, copper and silver grades, anticipated capital and operating costs, anticipated future production and cash flows, the anticipated location of certain infrastructure and sequence of mining in Panel 0 and the status of the Company's relationship and interaction with the Government of Mongolia on the continued operation and development of the Oyu Tolgoi mine and Oyu Tolgoi LLC internal governance. Certain important factors that could cause actual results, performance or achievements to differ materially from those in the forward-looking statements and information include, among others, copper; gold and silver price volatility; discrepancies between actual and estimated production, mineral reserves and resources and metallurgical recoveries; development plans for processing resources; the outcome of the definitive estimate review; matters relating to proposed exploration or expansion; mining operational and development risks, including geotechnical risks and ground conditions; litigation risks; regulatory restrictions (including environmental regulatory restrictions and liability); Oyu Tolgoi LLC's ability to deliver a domestic power source for the Oyu Tolgoi project within the required contractual time frame; communications with local stakeholders and community relations; activities, actions or assessments, including tax assessments, by governmental authorities; events or circumstances (including strikes, blockages or similar events outside of the Company's control) that may affect the Company's ability to deliver its products in a timely manner; currency fluctuations; the speculative nature of mineral exploration; the global economic climate; dilution; share price volatility; competition; loss of key employees; cyber security incidents; additional funding requirements, including in respect of the development or construction of a long-term domestic power supply for the Oyu Tolgoi project; capital and operating costs, including with respect to the development of additional deposits and processing facilities; and defective title to mineral claims or property. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements and information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. All such forward-looking statements and information are based on certain assumptions and analyses made by the Company's management in light of their experience and perception of historical trends, current conditions and expected future developments, as well as other factors management believes are appropriate in the circumstances. These statements, however, are subject to a variety of risks and uncertainties and other factors that could cause actual events or results to differ materially from those projected in the forward-looking statements or information.

Readers are cautioned not to place undue reliance on forward-looking information or statements. By their nature, forward-looking statements involve numerous assumptions, inherent risks and uncertainties, both general and specific, which contribute to the possibility that the predicted outcomes will not occur. Events or circumstances could cause the Company's actual results to differ materially from those estimated or projected and expressed in, or implied by, these forward-looking statements. Important factors that could cause actual results to differ from these forward-looking statements are included in the
