The First Preferred Shares may be issued in one or more series and the Board of Directors of IGM is authorized to fix the number of shares in each series and to determine the designation, rights, privileges, restrictions and conditions attached to the shares of each series. Except as required by law or as may be allowed in respect of specific series of First

Holders of Common Shares are entitled to dividends, as and when declared by the Board of Directors of IGM, and are subject to the priority of payment of dividends attached to First Preferred Shares and Second Preferred Shares. After payment to holders of First Preferred Shares, Second Preferred Shares and any other class of shares of amounts which they are entitled to receive in the event of liquidation, dissolution or winding-up of the Corporation, the remaining assets of the Corporation will be paid to or distributed equally among the holders of Common Shares and the holders of Class 1 Non-Voting Shares, without preference or distinction.

Subscription Receipts may be offered separately or together with Debt Securities, First Preferred Shares or Common Shares, as the case may be, and may be exchanged by the holders thereof for Debt Securities, First Preferred Shares or Common Shares upon the satisfaction of certain conditions. Subscription Receipts will be issued under a subscription receipt agreement between the Corporation and an escrow agent. The statements below relating to any subscription receipt agreement and the Subscription Receipts to be issued thereunder are summaries of certain anticipated provisions thereof, are not complete and are subject to, and qualified by reference to all provisions of, the applicable Subscription Receipts. The applicable Prospectus Supplement will include details of the subscription receipt agreement with respect to the Subscription Receipts being offered. Reference is made to the applicable Prospectus Supplement which will accompany this Prospectus for the terms and other information with respect to the offering of Subscription Receipts being offered thereby.

The particular terms and provisions of each issue of Subscription Receipts providing for the issuance of Debt Securities, First Preferred Shares or Common Shares on the exchange of Subscription Receipts will be described in the related Prospectus Supplement and may include the number of Subscription Receipts and the price at which they will be issued and whether the price is payable in instalments, any conditions to the exchange of Subscription Receipts into Debt Securities, First Preferred Shares or Common Shares, as the case may be, and the consequences of such conditions not being satisfied, the procedures for the exchange of the Subscription Receipts into Debt Securities, First Preferred Shares or Common Shares, as the case may be, the number of Debt Securities, First Preferred Shares or Common Shares, as the case may be, that may be exchanged upon exercise of each Subscription Receipt, the dates or periods during which the Subscription Receipts may be exchanged into Debt Securities, First Preferred Shares or Common Shares, as the case may be, whether such Subscription Receipts will be listed on any securities exchange, and any other rights, privileges, restrictions and conditions attaching to the Subscription Receipts.

Book-Entry Only Securities

Securities issued in “book-entry only” form must be purchased, transferred or redeemed through participants (“CDS Participants”) in the depository service of CDS Clearing and Depository Services Inc. or a successor

(collectively, “CDS”). Each of the underwriters, dealers or agents, as the case may be, named in an accompanying Prospectus Supplement will be a CDS Participant or will have arrangements with a CDS Participant. On the closing of a book-entry only offering of Securities, IGM may cause a global certificate or certificates representing the aggregate number of Securities subscribed for under such offering to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of Securities will be entitled to a certificate or other instrument from IGM or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a CDS Participant acting on behalf of such purchaser. Each purchaser of Securities will receive a customer confirmation of purchase from the registered dealer from which the Securities are purchased in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its CDS Participants having interests in the Securities. Reference in this Prospectus to a holder of Securities means, unless the context otherwise requires, the owner of the beneficial interest in the Securities.

If IGM determines, or CDS notifies IGM in writing, that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Securities and IGM is unable to locate a qualified successor, or if IGM at its option elects, or is required by law, to terminate the book-entry system, then the Securities will be issued in fully registered form to holders or their nominees.

Transfer, Conversion or Redemption of Securities

Transfer of ownership, conversion or redemptions of Securities will be effected through records maintained by CDS or its nominee for such Securities with respect to interests of CDS Participants, and on the records of CDS Participants with respect to interests of persons other than CDS Participants. Holders who desire to purchase, sell or otherwise transfer ownership of or other interests in the Securities may do so only through CDS Participants.

The ability of a holder to pledge a Security or otherwise take action with respect to such holder’s interest in a Security (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

Payments and Notices

Payments of principal, redemption price, if any, dividends and interest, as applicable, on each Security will be made by IGM to CDS or its nominee, as the case may be, as the registered holder of the Security and IGM understands that such payments will be credited by CDS or its nominee in the appropriate amounts to the relevant CDS Participants. Payments to holders of Securities of amounts so credited will be the responsibility of the CDS Participants.

As long as CDS or its nominee is the registered holder of the Securities, CDS or its nominee, as the case may be, will be considered the sole owner of the Securities for the purposes of receiving notices or payments on the Securities. In such circumstances, the responsibility and liability of IGM in respect of notices or payments on the Securities is limited to giving or making payment of any principal, redemption price, if any, dividends and interest due on the Securities to CDS or its nominee.

Each holder must rely on the procedures of CDS and, if such holder is not a CDS Participant, on the procedures of the CDS Participant through which such holder owns its interest, to exercise any rights with respect to the Securities. IGM understands that under existing policies of CDS and industry practices, if IGM requests any action of holders or if a holder desires to give any notice or take any action which a registered holder is entitled to give or take with respect to the Securities, CDS would authorize the CDS Participant acting on behalf of the holder to give such notice or to take such action, in accordance with the procedures established by CDS or agreed to from time to time by IGM, any Trustee and CDS. Any holder that is not a CDS Participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its CDS Participant to give such notice or take such action.

IGM, the underwriters, dealers or agents and any Trustee identified in an accompanying Prospectus Supplement, as applicable, will not have any liability or responsibility for (i) records maintained by CDS relating to the beneficial ownership interest in the Securities held by CDS or the book-entry accounts maintained by CDS; (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interest; or (iii) any advice

or representation made by or with respect to CDS and contained herein or in any Trust Indenture with respect to the rules and regulations of CDS or at the directions of the CDS Participants.

Earnings Coverage Ratios

Earnings coverage ratios will be provided, as required, in each Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

Trading Price and Volume

Trading prices and volume of the Securities will be provided, as required, in each Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

Prior Sales

Prior sales of Securities will be provided, as required, in each Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

Plan of Distribution

IGM may sell the Securities (i) through underwriters or dealers, (ii) directly to one or more purchasers pursuant to applicable statutory exemptions or (iii) through agents. The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities. The Prospectus Supplement for any of the Securities being offered thereby will set forth the terms of the offering of such Securities, including the type of security being offered, the name or names of any underwriters, dealers or agents, the purchase price of such Securities, the proceeds to IGM from such sale, any underwriting discounts and other items constituting underwriters' compensation, any public offering price and any discounts or concessions allowed or re-allowed or paid to dealers. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered thereby.

If underwriters are used in the sale, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. The obligations of the underwriters to purchase such Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to underwriters, dealers or agents may be changed from time to time.

The Securities may also be sold directly by IGM at such prices and upon such terms as agreed to by IGM and the purchaser or through agents designated by IGM from time to time. Any agent involved in the offering and sale of the Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by IGM to such agent will be set forth, in the Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent is acting on a best efforts basis for the period of its appointment.

IGM may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered hereby. Any such commission will be paid out of the general corporate funds of IGM. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with IGM to indemnification by IGM against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

In connection with any offering of the Securities (unless otherwise specified in a Prospectus Supplement), the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities

offered at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

Unless otherwise specified in a Prospectus Supplement, the Securities will not be registered under the United States Securities Act of 1933, as amended.

Purchasers' Statutory Rights of Withdrawal and Rescission

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces and territories, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revision of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal adviser.

In an offering of Securities that are convertible, exchangeable or exercisable, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the Securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon the conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of this right of action for damages or consult with a legal adviser.
