As of the date hereof, Triple Flag has determined that it qualifies as a “well-known seasoned issuer” under the WKSI Blanket Orders (as defined below). See “Well-Known Seasoned Issuer”. All shelf information permitted under applicable securities legislation, including as permitted under the WKSI Blanket Orders, to be omitted from this Prospectus including, without limitation, the specific terms of any offering of Securities, as discussed above, will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus, except in cases where an exemption from such delivery requirements is available. Each Prospectus Supplement will be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of such Prospectus Supplement and only for the purposes of the distribution of the Securities to which that Prospectus Supplement pertains.

This Prospectus does not qualify for issuance Debt Securities, or Securities convertible or exchangeable into Debt Securities, in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance, including, without limitation, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. This Prospectus may qualify for issuance Debt Securities, or Securities convertible or exchangeable into Debt Securities: (i) in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or bankers’

acceptance rate, or to recognized market benchmark interest rates and/or (ii) convertible into or exchangeable for Common Shares.

We and any selling securityholders may sell the Securities to or through one or more underwriters or dealers purchasing as principals and may also sell the Securities to one or more purchasers directly, through applicable statutory exemptions, or through one or more agents designated by us from time to time. The Securities may be sold from time to time in one or more transactions at fixed prices or not at fixed prices, such as market prices prevailing at the time of sale, prices related to such prevailing market prices or prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities. This Prospectus may qualify an “at-the-market distribution” (as such term is defined in National Instrument 44-102 - *Shelf Distributions* (“**NI 44-102**”)). The Prospectus Supplement relating to a particular offering of Securities will identify each underwriter, dealer or agent engaged in connection with the offering and sale of such Securities, as well as the method of distribution and the terms of the offering of such Securities, including the identity of the selling securityholders, if any, the initial offering price (in the event the offering is a fixed price distribution), the manner of determining the offering price(s) (in the event the offering is not a fixed price distribution), the net proceeds to us or the selling securityholders and, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms. See “Plan of Distribution”.

Unless otherwise specified in the relevant Prospectus Supplement, in connection with any offering of the Securities other than an “at-the-market distribution”, the underwriters or agents may over-allot or effect transactions that stabilize or maintain the market price of the offered Securities at a level above that which might otherwise prevail on the open market. Such transactions, if commenced, may be interrupted or discontinued at any time. See “Plan of Distribution”. A purchaser who acquires Securities forming part of the underwriters’, dealers’ or agents’ over-allocation position acquires those Securities under this Prospectus and the Prospectus Supplement relating to the particular offering of Securities, regardless of whether the over-allocation position is ultimately filled through the exercise of the over-allotment option or secondary market purchases.

No underwriter of an “at-the-market distribution”, and no person or company acting jointly or in concert with such an underwriter, may, in connection with such distribution, enter into any transaction that is intended to stabilize or maintain the market price of the securities or securities of the same class as the securities distributed under the Prospectus Supplement, including selling an aggregate number or principal amount of securities that would result in the underwriter creating an over-allocation position in the securities.

The outstanding Common Shares are listed and posted for trading on the Toronto Stock Exchange (the “**TSX**”) under the symbol “TFPM” and the New York Stock Exchange (the “**NYSE**”) under the symbol “TFPM”. On May 28, 2024, the last trading day prior to the date of this Prospectus, the closing price of the outstanding Common Shares on the TSX in Canadian dollars was C\$24.05 and the closing price of the outstanding Common Shares on the NYSE in U.S. dollars was US\$17.59.

Unless otherwise specified in the applicable Prospectus Supplement, the Preferred Shares, Debt Securities, Subscription Receipts, Warrants and Units will not be listed on any securities exchange. There is no market through which these securities may be sold and purchasers may not be able to resell such securities purchased under this Prospectus. This may affect the pricing of such securities in the secondary market, the transparency and availability of trading prices, the liquidity of such securities, and the extent of issuer regulation. See “Risk Factors”.

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. In several of the provinces and territories, the

securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. See "Statutory and Contractual Rights of Withdrawal and Rescission".

TECHNICAL AND THIRD-PARTY INFORMATION

Except where otherwise stated, the disclosure in this Prospectus and the documents incorporated by reference herein, relating to properties and operations on the properties in respect of which Triple Flag holds stream, royalty or other similar interests is based on information publicly disclosed by the owners or operators of these properties and other information and data available in the public domain as at December 31, 2023 (except where stated otherwise) and none of this information has been independently verified by Triple Flag. In the case of our material properties, the disclosure in this Prospectus and the documents incorporated by reference herein are based on technical reports prepared and published by the relevant owner or operator in accordance with National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* (“**NI 43-101**”) or, in the case of the Royal Bafokeng Platinum Limited operations (the “**Impala Bafokeng PGM Operations**”), on a competent persons’ report and a mineral resources and mineral reserves statement of the owner prepared in accordance with the South African Code for the

Reporting of Exploration Results, Mineral Resources and Mineral Reserves prepared by the South African Mineral Resource Committee under the Joint Auspices of the Southern African Institute of Mining and Metallurgy and the Geological Society of South Africa, as amended (“**SAMREC**”), or, in the case of the Northparkes mine, on disclosure of mineral resources and mineral reserves by the operator in accordance with the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves prepared by the Joint Ore Reserves Committee of the Australasian Institute of Mining and Metallurgy, Australian Institute of Geoscientists and Minerals Council of Australia, as amended (“**JORC**”). None of such information has been independently verified by Triple Flag.

Triple Flag does not own, develop or mine the underlying properties on which it holds stream or royalty interests. As a royalty or stream holder, Triple Flag has limited, if any, access to properties included in its asset portfolio. Triple Flag is dependent on the owners or operators of the properties and their qualified persons to provide information to Triple Flag or on publicly available information to prepare disclosure pertaining to properties and operations on the properties on which Triple Flag holds stream, royalty or other similar interests. The assumptions and methodologies underpinning estimates of mineral resources and mineral reserves on a property, and the classification of mineralization in categories of measured, indicated and inferred and proven and probable within the estimates of mineral resources and mineral reserves, respectively, and the assumptions and methodologies employed in proposed mining and recovery processes and production plans, were made by owners or operators and their qualified persons. Triple Flag generally has limited or no ability to independently verify such information. Triple Flag has not verified, and is not in a position to verify, the accuracy, completeness or fairness of such third-party information and refers the reader to the public reports filed by the operators for information regarding the properties in which Triple Flag holds a stream, royalty or similar interest. Although Triple Flag does not believe that such information is inaccurate or incomplete in any material respect, there can be no assurance that such third-party information is complete or accurate. For the avoidance of doubt, nothing stated in this paragraph operates to relieve Triple Flag from liability for any misrepresentation contained in this Prospectus and the documents incorporated by reference herein, under applicable Canadian securities laws.

Some information publicly reported by operators may relate to a larger property than the area covered by Triple Flag’s stream, royalty or other similar interest. Triple Flag’s stream, royalty or other similar interests in certain cases cover less than 100% and sometimes only a portion of the publicly reported mineral reserves, mineral resources and production of a property. In addition, numerical information presented in this Prospectus and the documents incorporated by reference herein, which has been derived from information publicly disclosed by owners or operators may have been rounded by Triple Flag and, therefore, there may be some inconsistencies between the numerical information presented in this Prospectus and the documents incorporated by reference herein, and the information publicly disclosed by owners and operators.

As of the date of this Prospectus, Triple Flag considers its stream interests in the Cerro Lindo mine, Northparkes mine and Impala Bafokeng PGM Operations to be its only material mineral properties for the purposes of NI 43-101. Triple Flag will continue to assess the materiality of its assets as new assets are acquired or assets progress through stages of development into production. Information contained in this Prospectus and the documents incorporated by reference herein, with respect to each of the Cerro Lindo mine, the Northparkes mine and the Impala Bafokeng PGM Operations has been prepared in accordance with the exemption set forth in section 9.2 of NI 43-101.

Unless otherwise noted, the disclosure contained in this Prospectus and the documents incorporated by reference herein, of a scientific and technical nature for the Cerro Lindo mine is based on: (i) the technical report entitled “Technical Report on the Cerro Lindo Mine, Department of Ica, Peru”, which technical report was prepared for and filed under Nexa Resources S.A.’s (“**Nexa**”) SEDAR+ profile on March 17, 2022; (ii) the information disclosed in the annual report on Form 20-F of Nexa filed under Nexa’s EDGAR

The disclosure in this Prospectus and the documents incorporated by reference herein, of a scientific and technical nature for the Northparkes mine is based on the information disclosed in the document entitled “Annual Mineral Resources and Ore Reserves Statement” and dated effective December 31, 2023, which document was prepared on behalf of the Northparkes Joint Venture by Evolution Mining Limited (“**Evolution**”), as operator of the Northparkes mine, and is available on Evolution’s website at www.evolutionmining.com.au. Evolution discloses information required by the listing rules of the Australian Securities Exchange (“**ASX**”) on the ASX website at <https://www.asx.com.au>.

The disclosure in this Prospectus and the documents incorporated by reference herein, of a scientific and technical nature for the Impala Bafokeng PGM Operations is based on: (i) the information disclosed in the pre-listing statement of Royal Bafokeng Platinum Limited (“**RBPlat**”) entitled “Pre-Listing Statement” dated October 18, 2010, and available on Impala Platinum Holdings Limited’s (“**Implat**”) website at www.implats.co.za; (ii) the technical report entitled “An Independent Technical Report on the Maseve Project (WBJV Project Areas 1 and 1A) located on the Western Limb of the Bushveld Igneous Complex, South Africa”, which technical report was prepared for Platinum Group Metals Ltd. None of the foregoing reports, documents, filings or other documents are deemed to be incorporated by reference into this Prospectus.

The technical and scientific information contained in this Prospectus and the documents incorporated by reference herein, relating to the Cerro Lindo mine, the Northparkes mine and the Impala Bafokeng PGM Operations was reviewed and approved in accordance with NI 43-101 by James Lill of Triple Flag, a “qualified person” as defined in NI 43-101.

CAUTIONARY NOTE REGARDING MINERAL RESERVE AND RESOURCE ESTIMATES

This Prospectus and the documents incorporated by reference herein have been prepared in accordance with the requirements of Canadian securities laws in effect in Canada, including NI 43-101, which differ from the requirements of U.S. securities laws. NI 43-101 is a rule developed by the Canadian securities regulatory authorities which establishes standards for all public disclosure of scientific and technical information concerning mineral projects made by an issuer. Unless otherwise indicated, all mineral resource and mineral reserve estimates included in this Prospectus and the documents incorporated by reference herein have been prepared by the owners or operators of the relevant properties (as and to the extent indicated by them) in accordance with NI 43-101 and the Canadian Institute of Mining and Metallurgy Classification System. In addition to reserves and resource estimates prepared in accordance with NI 43-101 and the standards of the Canadian Institute of Mining, Metallurgy and Petroleum (“**CIM**”), certain reserve and resource estimates included in this Prospectus and the documents incorporated by reference herein have been prepared in accordance with JORC or SAMREC.

These standards, including NI 43-101 and CIM, may differ from the requirements of the SEC under subpart 1300 of Regulation S-K (“**S-K 1300**”), and reserve and resource information contained herein may not be comparable to similar information disclosed by U.S. companies.

The terms “mineral reserve”, “proven mineral reserve” and “probable mineral reserve” are Canadian mining terms as defined in accordance with NI 43-101 and CIM. Pursuant to S-K 1300, the SEC now recognizes estimates of “measured mineral resources,” “indicated mineral resources” and “inferred mineral resources.” In addition, the SEC has amended its definitions of “proven mineral reserves” and “probable mineral reserves” to be substantially similar to the corresponding standards of the CIM.

Investors are cautioned that while terms are substantially similar to CIM standards, there are differences in the definitions and standards under S-K 1300 and the CIM standards. Accordingly, there is no assurance any mineral reserves or mineral resources that the Company may report as “proven mineral reserves”, “probable mineral reserves”, “measured mineral resources”, “indicated mineral resources” and “inferred mineral resources” under NI 43-101 will be the same as the mineral reserve or mineral resource estimates prepared under the standards adopted under S-K 1300. Investors are also cautioned that while the SEC now recognizes “measured mineral resources”, “indicated mineral resources” and “inferred mineral resources”, investors should not assume that any part or all of mineral deposits in these categories will ever be converted into reserves. Mineralization described using these terms has a great amount of uncertainty as to their existence, and great uncertainty as to their economic and legal feasibility. It cannot be assumed that all or any part of a “measured mineral resource”, “indicated mineral resource” or “inferred mineral resource” will ever be upgraded to a higher category. Under Canadian rules, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. Investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically or legally mineable.

Accordingly, information contained in this Prospectus and the documents incorporated by reference herein may not be comparable to similar information made public by U.S. companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

ADDITIONAL CAUTION REGARDING ESG-RELATED DISCLOSURES

In setting and implementing our ESG targets, goals and objectives, Triple Flag has made various assumptions, including about technological, economic, scientific and legal trends and developments, in light of an evolving policy and regulatory environment. As such, the ESG data, analysis, strategy and other information set out in this Prospectus, including the documents incorporated by reference, remain under development and subject to evolution, amendment, update and restatement over time. Triple Flag specifically cautions readers of the following:

- (a) The terms “ESG”, “net-zero”, “carbon neutral” and similar terms, taxonomies and criteria are evolving, and Triple Flag’s use of such terms may change to reflect such evolution. Any references to such terms in this Prospectus, including the documents incorporated by reference, are references to the internally defined criteria of Triple Flag and not to any particular regulatory definition or voluntary standard.
- (b) There could also be changes to the ESG market practices, taxonomies, methodologies, scenarios, frameworks, criteria and other standards that governmental and non-governmental entities, the mining and streaming and royalties sectors, Triple Flag and its counterparties use to classify, assess, measure, report on and verify ESG activities. Triple Flag may update its ESG targets, goals and objectives, its plans to achieve them and its progress toward them, in light of new and evolving ESG standards.

- (c) In setting and implementing its ESG targets, goals and objectives, Triple Flag relies on data obtained from counterparties and other third-party sources. Although Triple Flag believes these sources are reliable, Triple Flag has not independently verified all third-party data, or assessed the assumptions underlying such data, and cannot guarantee their accuracy. Certain third-party data may also change over time as ESG standards evolve. These factors could have a material effect on Triple Flag's ESG targets, goals and objectives and the ability to meet them.

Triple Flag has purchased carbon credits, including verified carbon offsets, to meet its ESG targets, goals and objectives, including its “carbon neutral” objective. The market for these instruments is still developing, and sometimes illiquid, and the availability of these instruments may be limited. Some instruments are also subject to the risk of invalidation or reversal, and Triple Flag provides no assurance of the treatment of any such instruments in the future, including as ESG standards evolve.

Preferred Shares

The Preferred Shares may at any time and from time to time be issued in one or more series. Subject to the provisions of the CBCA and our articles of amalgamation, our Board may, by resolution, from time to time before the issue thereof determine the maximum number of Preferred Shares of each series, create an identifying name for each series, attach special rights or restrictions to the Preferred Shares of each series including, without limitation, any right to receive dividends (which may be cumulative or non-cumulative and variable or fixed) or the means of determining such dividends, the dates of payment thereof, any terms or conditions of redemption or purchase, any conversion rights, any retraction rights, any rights on our liquidation, dissolution or winding-up and any sinking fund or other provisions, the whole to be subject to filing articles of amendment to create the series and to include the special rights or restrictions attached to the Preferred Shares of the series. DESCRIPTION OF UNITS

Units are a security comprised of more than one of the other Securities described in this Prospectus offered together as a “Unit”. A Unit is typically issued so the holder thereof is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security comprising the Unit. The agreement, if any, under which a Unit is issued may provide that the Securities comprising the Unit may not be held or transferred separately at any time or at any time before a specified date and/or time.

The particular terms and provisions of Units offered by any Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the Prospectus Supplement filed in respect of such Units.

A copy of the unit agreement, if any, for any offerings of Units will be filed by us with applicable provincial and territorial securities commissions or similar regulatory authorities in Canada after it has been entered into, and will be available electronically on SEDAR+ under the profile of Triple Flag which can be accessed at www.sedarplus.ca, and will also be filed by post-effective amendment to the Registration Statement or by incorporation by reference to documents filed or furnished with the SEC under the U.S. Exchange Act.

SELLING SECURITYHOLDERS

This Prospectus may also, from time to time, relate to the offering of Securities by way of a secondary offering by certain selling securityholders. The terms under which the Securities will be offered by selling securityholders will be described in the applicable Prospectus Supplement. The Prospectus Supplement for or including any offering of the Securities by selling securityholders will include, without limitation: (i) the names of the selling securityholders; (ii) the number of Securities owned, controlled or directed by each of

the selling securityholders; (iii) the number of Securities being distributed for the account of each selling securityholder; (iv) the number of Securities to be owned, controlled or directed by the selling securityholders after the distribution and the percentage that number or amount represents out of the total number of outstanding Securities; (v) whether the Securities are owned by the selling securityholders both of record and beneficially, of record only or beneficially only; (vi) if the selling securityholder purchased any of the Securities held by it in the 24 months preceding the date of the applicable Prospectus Supplement, the date or dates the selling securityholders acquired the Securities; and (vii) if the selling securityholder acquired any of the Securities held by it in the 12 months preceding the date of the applicable Prospectus Supplement, the cost thereof to the selling securityholder in the aggregate and on a per security basis.

To the extent any selling securityholder is resident outside of Canada, (i) the selling securityholder will file a non-issuer's submission to jurisdiction form with the corresponding Prospectus Supplement, and (ii) the "Selling Securityholders" section of the applicable Prospectus Supplement will include a statement to that effect. A selling securityholder will not sell any Securities under an "at-the-market distribution", as defined in NI 44-102.

PLAN OF DISTRIBUTION

Triple Flag or a selling securityholder may sell the Securities to or through one or more underwriters or dealers purchasing as principals and we and any selling securityholder may also sell the Securities to one or more purchasers directly, through applicable statutory exemptions, or through one or more agents designated from time to time. The Securities may be sold from time to time in one or more transactions at fixed prices or not at fixed prices, such as market prices prevailing at the time of sale, prices related to such prevailing market prices or prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities (including, without limitation, sales deemed to be "at-the-market distributions" as defined in NI 44-102, including sales made directly on the TSX, the NYSE or other existing trading markets for the Securities). The Prospectus Supplement relating to a particular offering and sale of Securities will identify each underwriter, dealer or agent engaged in connection with the offering and sale of such Securities, as well as the name or names of any selling securityholders, the method of distribution and the terms of the offering and sale of such Securities, including the initial offering price (in the event the offering is a fixed price distribution), the manner of determining the offering price(s) (in the event the offering is not a fixed price distribution), the net proceeds to us and, if applicable, any selling securityholders, and, to the extent applicable, any fees, discounts or any other compensation payable to underwriters, dealers or agents and any other material terms. Only underwriters so named in the Prospectus Supplement are deemed to be underwriters in connection with the Securities offered and sold thereby.

If the underwriters purchase Securities from us or a selling securityholder as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, at market prices prevailing at the time of sale or at prices related to such prevailing market prices. The obligations of the underwriters to purchase such Securities as principal will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered and sold by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid to underwriters, dealers or agents may be changed from time to time.

The Securities may be sold from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices, including sales in transactions that are deemed to be "at-the-market distributions" as defined in NI 44-102, including sales made directly on the TSX or other existing trading

markets for the Common Shares. The prices at which the Securities may be offered may vary as between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or prices, the underwriters have made a bona fide effort to sell all of the Securities at the initial public offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid to us or, if applicable, any selling securityholders by the underwriters. Any such reduction to the public offering price will not affect the net proceeds received by Triple Flag.

The Securities may also be sold directly by us, pursuant to applicable statutory exemptions, at such prices and upon such terms as agreed to by us and the purchaser or through one or more agents designated by us from time to time. Any agent involved in the offering and sale of the Securities in respect of which this Prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

We and any selling securityholders may offer the Securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. We and any selling securityholders may agree to pay the underwriters a commission for various services relating to the offering, issue and sale of any Securities offered hereby. We may use underwriters with whom we have a material relationship. The nature of any such relationship, including the name of the underwriter, will be described in the applicable Prospectus Supplement. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with us and, if applicable, selling securityholder(s), to indemnification by us and, if applicable, selling securityholder(s) against certain liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters or agents may be customers of, engage in transactions with, or perform services for, us in the ordinary course of business.

Any offering of Preferred Shares, Debt Securities, Subscription Receipts, Warrants or Units will be a new issue of securities with no established trading market. Unless otherwise specified in the applicable Prospectus Supplement, the Preferred Shares, Debt Securities, Subscription Receipts, Warrants or Units will not be listed on any securities exchange. Certain dealers may make a market in these Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any dealer will make a market in these Securities or as to the liquidity of the trading market, if any, for these Securities. See “Risk Factors”.

Unless otherwise specified in a Prospectus Supplement, in connection with any offering of the Securities, except with respect to “at-the-market” distributions, the underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a higher level than that which might exist in the open market. Such transactions, if commenced, may be interrupted or discontinued at any time. No underwriter of an “at-the-market distribution”, and no person or company acting jointly or in concert with such an underwriter, may, in connection with such a distribution, enter into any transaction that is intended to stabilize or maintain the market price of the securities or securities of the same class as the securities distributed under the Prospectus Supplement, including selling an aggregate number or principal amount of securities that would result in the underwriter creating an over-allocation position in the securities.

PRIOR SALES

Information regarding prior sales of Securities will be provided as required in a Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

TRADING PRICE AND VOLUME

Information regarding trading price and volume of the Securities will be provided as required for all of Triple Flag's issued and outstanding Securities that are listed on any securities exchange, as applicable, in each Prospectus Supplement.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement may describe certain Canadian federal income tax considerations generally applicable to investors described therein in respect of purchasing, holding and disposing of applicable Securities, including, in the case of an investor who is not a resident of Canada for purposes of the *Income Tax Act* (Canada), Canadian non-resident withholding tax considerations. The applicable Prospectus Supplement may also describe certain U.S. federal income tax considerations generally applicable to the acquisition, ownership and disposition of any Securities offered thereunder by an investor who is a United States person (within the meaning of the U.S. Internal Revenue Code of 1986, as amended). Prospective investors should read the tax discussion in the applicable Prospectus Supplement with respect to a particular offering of Securities and consult with their own tax advisor with respect to their own particular circumstances.

RISK FACTORS

An investment in the Securities is subject to certain risks. Discussions of certain risk factors affecting Triple Flag in connection with Triple Flag's businesses are provided in Triple Flag's disclosure documents filed with the securities regulatory authorities in each of the provinces and territories of Canada and filed with the SEC from time to time, which are incorporated by reference in this Prospectus. In particular, see "Risk Factors" in our most recent annual information form, which is incorporated by reference herein. If any of the events or developments discussed in these risks factors actually occur, Triple Flag's business, financial condition or results of operations or the value of the Securities could be adversely affected.

Before deciding whether to invest in any Securities, investors should consider carefully the risks described in the documents incorporated by reference in this Prospectus (including subsequently filed documents incorporated by reference) and those described in a Prospectus Supplement relating to a specific offering of Securities.

Foreign Private Issuer Status

Triple Flag is a "foreign private issuer" under applicable U.S. federal securities laws, and is, therefore, not subject to the same requirements that are imposed upon U.S. domestic issuers by the SEC and the NYSE. Under the U.S. Exchange Act, Triple Flag is subject to reporting obligations that, in certain respects, are less detailed and less frequent than those of U.S. domestic reporting companies. As a result, we do not file the same reports that a U.S. domestic issuer would file with the SEC. In addition, our officers, directors, and principal shareholders are exempt from the reporting and short-swing profit recovery provisions of Section 16 of the U.S. Exchange Act. Therefore, our shareholders may not know on as timely a basis when our officers, directors and principal shareholders purchase or sell Common Shares, as the reporting periods under the corresponding Canadian insider reporting requirements are longer. Moreover, as a foreign private issuer, Triple Flag is exempt from the rules and regulations under the U.S. Exchange Act related to the

furnishing and content of proxy statements for annual meetings and other events requiring the solicitation of a shareholder vote.

In addition, as a foreign private issuer, Triple Flag is permitted to follow certain Canadian corporate governance practices in lieu of those required by the NYSE listing rules. In particular, Triple Flag intends to follow the listing rules of the TSX in respect of private placements instead of the requirements of the NYSE to obtain shareholder approval for certain dilutive events (such as issuances that will result in a change of control, certain transactions other than a public offering involving issuances of a 20% or greater interest in Triple Flag and certain acquisitions of the shares or assets of another company). The TSX threshold for shareholder approval of private issuances of common shares is generally 25%, subject to additional shareholder approval requirements in the case of certain issuances to insiders, and accordingly, Triple Flag will be permitted to rely on shareholder approval rules that may be less favorable to shareholders than for U.S. domestic companies that are subject to NYSE shareholder approval rules.

Controlled Company Exemption

Because our principal shareholder, Aggregator, controls a majority of the voting power of our outstanding Common Shares, we qualify as a “controlled company” within the meaning of the NYSE listing rules. As a controlled company, we are eligible to and, in the event we no longer qualify as a “foreign private issuer” under SEC rules, we will be able to elect not to comply with certain of the NYSE corporate governance standards, including having a majority of independent directors, maintaining a separate nominating committee and full independence of our Compensation & Talent Committee.

INTEREST OF EXPERTS

Certain technical and scientific information contained in the documents incorporated by reference herein, including in respect of the Cerro Lindo mine, the Northparkes mine and the Impala Bafokeng PGM Operations, was reviewed and approved in accordance with NI 43-101 by James Lill, P.Eng., Director, Mining of Triple Flag and a “Qualified Person” as defined by NI 43-101.

To the knowledge of Triple Flag, James Lill held less than 1% of the outstanding securities of Triple Flag or of any associate or affiliate thereof when he prepared the technical information contained or incorporated by reference in this Prospectus or following the preparation of such technical information. Other than pursuant to his employment arrangements, James Lill did not receive, and will not receive, any direct or indirect interest in any securities of Triple Flag or of any associate or affiliate thereof.

LEGAL MATTERS

Unless otherwise specified in the Prospectus Supplement relating to an offering and sale of Securities, certain legal matters relating to such offering and sale of Securities will be passed upon on behalf of Triple Flag by Torys LLP with respect to matters of Canadian and, if applicable, United States law. In addition, certain legal matters in connection with an offering and sale of Securities will be passed upon for any underwriters, dealers or agents by counsel to be designated at the time of such offering and sale by such underwriters, dealers or agents with respect to matters of Canadian and, if applicable, United States or other foreign law. As at the date hereof, the partners and associates of Torys LLP, as a group, own less than 1% of the outstanding securities of Triple Flag.

WELL-KNOWN SEASONED ISSUER

On December 6, 2021, the securities regulatory authorities in each of the provinces and territories of Canada each independently adopted a series of substantively harmonized blanket orders, including

Ontario Securities Commission Instrument 44-501 – *Exemption from Certain Prospectus Requirements for Well-Known Seasoned Issuers (Interim Class Order)* (together with the equivalent local blanket orders in each of the other provinces and territories of Canada, all as amended or extended, and collectively, the “**WKSI Blanket Orders**”). The WKSI Blanket Orders were adopted to reduce regulatory burden for certain large, established reporting issuers with strong disclosure records associated with certain prospectus requirements under NI 44-101 and NI 44-102. The WKSI Blanket Orders came into force on January 4, 2022 and allow “well-known seasoned issuers”, or “WKSIs”, to file a final short form base shelf prospectus as the first public step in an offering, and exempt qualifying issuers from certain disclosure requirements relating to such final short form base shelf prospectus. As of the date hereof, Triple Flag has determined that it qualifies as a “well-known seasoned issuer” under the WKSI Blanket Orders.

PROMOTER

Aggregator may be considered a promoter of Triple Flag within the meaning of applicable Canadian securities legislation. As of May 28, 2024, Aggregator owned or controlled, directly or indirectly, 133,815,727 Common Shares, representing approximately 66% of the issued and outstanding Common Shares. Another entity that may have been considered a promoter of Triple Flag, Triple Flag Mining Elliott and Management Co-Invest LP, was dissolved in July 2022 following the redemption of its limited partnership units and distribution of Common Shares that it held to its limited partners, including Aggregator, in satisfaction of the redemption price for such limited partnership units.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

Certain of our operations and assets are located outside of Canada, certain of our directors, including Mark Cicirelli, Peter O’Hagan and Blake Rhodes, reside outside of Canada, and our promoter, Aggregator, is organized outside of Canada and does not have an office in Canada. Our directors who reside outside of Canada and Aggregator have appointed Triple Flag, at its registered office located at TD Canada Trust Tower, 161 Bay Street, Suite 4535, Toronto, Ontario, Canada M5J 2S1, as their agent for service of process in Canada. Purchasers are advised that it may not be possible for them to enforce judgments obtained in Canada against any person or company that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the person has appointed an agent for service of process.

Triple Flag is governed by the federal laws of Canada and its principal place of business is outside the United States. The majority of our directors and officers and the experts named herein are resident outside of the United States and a substantial portion of our assets and the assets of such persons are located outside of the United States. Consequently, it may be difficult for United States purchasers to effect service of process within the United States on us, our directors or officers or such experts, or to realize in the United States on judgments of courts of the United States predicated on civil liabilities under the U.S. Securities Act. Purchasers should not assume that Canadian courts would enforce judgments of United States courts obtained in actions against us or such persons predicated on the civil liability provisions of the United States federal securities laws or the securities or “blue sky” laws of any state within the United States or would enforce, in original actions, liabilities against us or such persons predicated on the United States federal securities or any such state securities or “blue sky” laws.

We will file with the SEC, concurrently with the Registration Statement, an appointment of agent for service of process on Form F-X. Under the Form F-X, we appointed Triple Flag USA Royalties Ltd. as our agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving Triple Flag in a United States court, arising out of or related to or concerning the offering of Securities under the Registration Statement.

PricewaterhouseCoopers LLP has advised that they are independent with respect to Triple Flag within the meaning of the Chartered Professional Accountants of Ontario CPA Code of Professional Conduct and the rules of the SEC and the Public Company Accounting Oversight Board on auditor independence.

The transfer agent and registrar for the Common Shares listed on the TSX is Computershare Investor Services Inc., located at 100 University Ave, Toronto, ON M5J 2Y1. STATUTORY AND CONTRACTUAL RIGHTS OF WITHDRAWAL AND RESCISSION

The following is a description of a purchaser's statutory and contractual rights. Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. Unless otherwise provided in the applicable Prospectus Supplement, this right may be exercised within two business days after the later of (a) the date that the issuer (i) filed the prospectus or any amendment on SEDAR+ and a receipt is issued and posted for the document, (ii) filed the applicable Prospectus Supplement or any amendment on SEDAR+, and (iii) issued and filed a news release on SEDAR+ announcing that the document is accessible through SEDAR+, and (b) the date that the purchaser or subscriber has entered into an agreement to purchase the securities or a contract to purchase or a subscription for the securities. In several of the provinces and territories of Canada, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. However, purchasers of securities distributed under an "at-the-market distribution" do not have the right to withdraw from an agreement to purchase the securities and do not have remedies of rescission or, in some jurisdictions, revisions of the price, or damages for non-delivery of the prospectus, prospectus supplement, and any amendment relating to securities purchased by such purchaser because the prospectus, prospectus supplement, and any amendment relating to the securities purchased by such purchaser will not be sent or delivered, as permitted under Part 9 of NI 44-102. Any remedies under securities legislation that a purchaser of securities distributed under an "at-the-market distribution" may have against Triple Flag or its agents for rescission or, in some jurisdictions, revisions of the price, or damages if the prospectus, prospectus supplement, and any amendment relating to securities purchased by a purchaser contain a misrepresentation will remain unaffected by the non-delivery of the prospectus referred to above. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal advisor.

Original purchasers of Securities which are convertible, exchangeable or exercisable for other securities of Triple Flag, including Warrants if offered separately, will have a contractual right of rescission against Triple Flag in respect of the conversion, exchange or exercise of such Securities. The contractual right of rescission will entitle such original purchasers to receive, upon surrender of the underlying securities, the amount paid (including any additional amount paid upon conversion, exchange or exercise) for the applicable convertible, exchangeable or exercisable Securities in the event that this Prospectus, the applicable Prospectus Supplement or an amendment thereto contains a misrepresentation, provided that: (i) the conversion, exchange or exercise takes place within 180 days of the date of the purchase of such Securities under this Prospectus and the applicable Prospectus Supplement; and (ii) the right of rescission is exercised within 180 days of the date of the purchase of such Securities under this Prospectus and the

applicable Prospectus Supplement. This contractual right of rescission will be consistent with the statutory right of rescission described under Section 130 of the *Securities Act* (Ontario) and is in addition to any other right or remedy available to original purchasers under Section 130 of the *Securities Act* (Ontario) or otherwise at law.

In an offering of convertible or exchangeable securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial and territorial securities legislation, to the price at which the convertible securities are offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces and territories, if the purchaser pays additional amounts upon conversion or exchange of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces and territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights and/or consult with a legal advisor.
