

Certificate of Qualified Person

I, Marc Schulte, P.Eng., am employed as a Mining Engineer with Moose Mountain Technical Services, with an office address of #210 1510 2nd Street North Cranbrook, BC V1C 3L2.

This certificate applies to the technical report titled "Blackwater Gold Project British Columbia, NI 43-101 Technical Report on Pre-Feasibility Study" that has an effective date of August 26, 2020 (the "technical report").

I am a member of the self-regulating Association of Professional Engineers, Geologists and Geophysicists of Alberta (#71051). I graduated with a Bachelor of Science in Mining Engineering from the University of Alberta in 2002.

I have worked as a Mining Engineer for a total of 18 years since my graduation from university. I have worked on Mineral Reserve estimates and mine planning for precious metals, base metals and coal mining projects, for both project engineering studies and mine operations.

As a result of my experience and qualifications, I am a Qualified Person as defined in National Instrument 43-101 Standards of Disclosure for Mineral Projects (NI 43-101).

My most recent site visit to the Blackwater Gold Project was on July 14, 2020.

I am responsible for Sections 1.15, 1.17, 1.25, 1.26, 2.4.4, 15, 16, 18.1, 21.1.2, 21.1.3, 21.1.6, 21.1.7, 21.2.2, 25.9, 25.10, 25.20, 25.21, 26.1.3 of the technical report.

I am independent of Artemis Gold Inc. as independence is described by Section 1.5 of NI 43-101.

I have no previous involvement with the Blackwater Gold Project.

I have read NI 43-101 and the sections of the technical report for which I am responsible have been prepared in compliance with that Instrument.

As of the effective date of the technical report, to the best of my knowledge, information and belief, the sections of the technical report for which I am responsible contain all scientific and technical information that is required to be disclosed to make the technical report not misleading.

Dated: 18 September 2020
