About this MIC

Unless indicated otherwise, the information in this Management Information Circular (“MIC”) is given as of March 6, 2024.

Unless otherwise indicated, in this MIC all references to “\$” are to Canadian dollars.

Unless the context requires otherwise, the terms “Linamar”, “Company”, “we”, “us”, and “our” used herein refer to Linamar Corporation and its subsidiaries.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

May 16, 2024, at 10:00 AM (local time)

The Frank Hasenfratz Centre of Manufacturing Excellence

700 Woodlawn Road, Guelph, Ontario

Business Of The Meeting

At the meeting shareholders will be asked to:

1. Receive the consolidated financial statements for the financial year ended December 31, 2023, and the auditors' report thereon;
2. Appoint the auditors and authorize the directors to fix their remuneration;
3. Elect directors; and
4. Transact any other business that may properly come before the meeting.

The specific details of the matters proposed to be put before the Meeting are set forth under the heading "Business to Be Transacted at the Meeting" in the Corporation's accompanying Management Information Circular.

Dated at Guelph, Ontario, this March 6, 2024.

BY ORDER OF THE BOARD OF DIRECTORS,

Linda Hasenfratz

Chief Executive Officer

Your vote is important!

Please vote as early as possible, so your shares are represented at the meeting. Shareholders of record at the close of business on April 5, 2024, are entitled to vote at the Annual Meeting. Shareholders are entitled to vote at the Annual Meeting either in person or by proxy. Any shareholder who is unable to attend the Annual Meeting is requested to either complete, date, sign and return the enclosed form of proxy in the envelope provided for that purpose to the Corporation's transfer agent, Computershare Investor Services Inc., or vote via the internet.

What is the Linamar Stepping Stool?

At the core of Linamar's operations is the Stepping Stool. It is an analogy that signifies a stool with three legs. Those legs represent the Customer, the Employee, and the Financial stakeholders who each have a vested interest in the long-term success of the company.

If not in balance at all times, a 3-legged stool is unstable and will eventually fall over. Linamar's Stepping Stool is focused on balance.

Philosophy:

A balanced approach to business that ensures the success of all stakeholders.

The Stepping Stool analogy helps to focus our decision-making and management practices on providing the most benefit to all our key stakeholders.

Performance Measurement System:

A set of common Key Performance Indicators (KPIs) from each of the three stool legs drives operational performance across the entire global organization.

INVITATION TO SHAREHOLDERS

Fellow Shareholder:

We are pleased to invite you to the Annual Meeting of Shareholders of Linamar Corporation, which will be held on May 16, 2024, at 10:00 a.m. (local time), in Guelph, Ontario. The agenda for that meeting is provided in the Notice of the Annual Meeting above, and the particulars for each agenda item are provided in greater detail in the pages that follow.

I am happy to report that Linamar celebrated another successful year in 2023, achieving significant top and bottom-line growth and successful progress on our mobility and industrial strategies. Financially, Linamar's results were in line with the Company's goal of being the company of choice for all stakeholders, yielding over \$9.7B in sales and \$503.1M in net earnings, recording one of the strongest years in our history of new business wins and at the same time navigating supply chain disruptions, return to work protocols and inflationary challenges.

Despite moving beyond the pandemic and the supply chain crisis that followed, 2023 still had its share of challenges. Although global supply chain issues eased, persistently high inflationary costs led to difficult commercial negotiations on both the customer and the supplier side. Our major US based Mobility customers experienced labour disruptions while the market grappled with a technology transition to electrification. While the transition process initially appeared to be moving fast, it has since slowed down.

Selecting a strategic path and making the right capital investment decisions in this business environment requires a heightened level of deliberation, acumen and vision. Your Board of Directors is extremely proud of how Linamar's global team rose to meet these challenges leaning heavily on our flexibility, innovation, ingenuity, and negotiation skills to mitigate them. Despite all these difficulties, we hit several notable milestones, a few of which I would like to highlight below:

1. Strategically completing three important acquisitions:
 - a. Dura Shiloh plants – manufacturing of advanced battery enclosures for Battery Electric Vehicle (BEV) applications;
 - b. Mobex – tier 1 supplier of automotive parts for propulsion-agnostic chassis and suspension modules and components; and
 - c. Bourgault Industries – a world-class agricultural equipment manufacturer and a market and technology leader in broad acre seeding.
2. Negotiating critical pricing relief and commitment with our customers.
3. Prioritizing employees in the challenging labour market environment.
4. Delivering double-digit top and bottom-line growth for you, our shareholders.

These successes and important operational additions only serve to solidify Linamar's strategy heading into 2024 and leave us with a healthy balance sheet and operational capacity to weather expected persistent headwinds, and new challenges that may present themselves.

For greater detail on our strategic successes in 2023, please reference our 2023 Annual Report.

Yours very truly,

Linda Hasenfratz

Executive Chair of the Board & Chief Executive Officer

Linamar Corporation

MEETING AND VOTING PROCEDURES

Annual Meeting Details

The annual meeting of Linamar Corporation (the “Corporation” or “Linamar”) will be held at 10:00 am (EST) on May 16, 2024 (the “Meeting”) at the Frank Hasenfratz Centre of Manufacturing Excellence, 700 Woodlawn Road, Guelph, Ontario, Canada.

Who Can Attend and Vote at the Meeting

Each registered shareholder of common shares of the Corporation (“Linamar Common Shares”) as of April 5, 2024, which is the record date for the Meeting (the “Record Date”). Only shareholders of record at the close of business on the Record Date are entitled to receive notice of the Meeting. Shareholders of record at the close of business on the Record Date, or the persons appointed proxyholder by such shareholder, are entitled to attend the meeting and are entitled to vote on all resolutions put forth at the Meeting (including the right to vote on the election of the Directors of the Corporation).

Registered or Non-Registered Shareholder

Each holder of Linamar Common Shares will be either a registered shareholder or a non-registered shareholder. Registered shareholders are those that are listed on the shareholder register of the Corporation. Generally, registered shareholders are those with a share certificate registered in his or her name. However, in many cases, Linamar Common Shares beneficially owned by a person (a “Non-Registered Holder”) are registered in the name of an intermediary (an “Intermediary” which may include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans).

Only registered shareholders, or the persons that they appoint as their proxies, are permitted to attend and vote at the Meeting.

VOTING YOUR COMMON SHARES BY PROXY

Meeting Materials

The solicitation of proxies will primarily be made by sending proxy materials to shareholders by mail, and, in relation to the delivery of this Circular, by posting this Circular online at www.linamar.com/investors/ and the Corporation's SEDAR+ profile at www.sedar.com pursuant to the Notice-and-Access (as defined below) provisions. See "Notice-and-Access" below for further information. Similarly, voting results will be available following the AGM online at www.linamar.com/investors/ and the Corporation's SEDAR+ profile at www.sedar.com.

The solicitation of proxies may be supplemented by telephone or other personal contact to be made without special compensation by directors, officers and employees of the Corporation or by the Corporation's transfer agent and registrar. The Corporation may retain other persons or companies to solicit proxies on behalf of management in which event customary fees for such services will be paid. All costs of solicitation will be borne by the Corporation. The Corporation has sent the N&A Notice (as defined below) and a form of proxy or voting instruction form, as applicable, (the "Notice Package") to all shareholders informing them that this Circular is available online and explaining how this Circular may be accessed. The Corporation will not directly send the Notice Package to Non-Registered Shareholders. Instead, the Corporation will pay clearing agencies, securities dealers, banks and trust companies or their nominees (collectively, the "Intermediaries") for distribution to Non-Registered Shareholders (as defined below) whose Common Shares are held by or in custody of such Intermediaries. Such Intermediaries are required to forward the Notice Package to Non-Registered Shareholders unless a Beneficial Shareholder has waived the right to receive them. The Corporation has elected to pay for the delivery of the Notice Package to objecting Non-Registered Shareholders by the Intermediaries. The Corporation is sending the Notice Package directly to non-objecting Non-Registered Shareholders, through the services of its transfer agent and registrar, Computershare. The solicitation of proxies from Non-Registered Shareholders will be carried out by the Intermediaries or by the Corporation if the names and addresses of the Non-Registered Shareholders are provided by Intermediaries. The Corporation will pay the permitted fees and costs of Intermediaries incurred in connection with the distribution of the Notice Package.

Notice-and-Access

The Corporation is utilizing the notice-and-access mechanism ("Notice-and-Access") under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("NI 54-101") in the case of Non-Registered Holders and National Instrument 51-102 *Continuous Disclosure Obligations* ("NI 51-102") in the case of registered shareholders.

Notice-and-Access allows the Corporation to deliver this Circular to shareholders via specified electronic means provided that the conditions of NI 54-101 and NI 51-102 are met. In accordance with NI 54-101, the Corporation set the Record Date (as defined below) at least 40 days before the Meeting.

Website Where Meeting Materials are Posted

The Notice-and-Access provisions are a set of rules that allow reporting issuers to choose to deliver proxy-related materials to registered shareholders and Non-Registered Holders by posting electronic versions of proxy-related materials online, via SEDAR+ and one other website, rather than mailing paper copies of such materials to shareholders.

The Corporation will not rely upon the use of “stratification”. In order for a reporting issuer such as the Corporation to avail itself of the Notice-and-Access process, the Corporation must send a notice to shareholders (the “N&A Notice”), including Non-Registered Holders, indicating the websites where this Circular has been posted and explaining how a shareholder can access the Circular online or obtain a paper copy from the Corporation as well as other basic information about the Meeting including, among other things, the matters to be voted on at the Meeting.

Electronic copies of the Circular, the Notice, and Linamar’s 2023 Annual Report may be found on the Corporation’s SEDAR+ profile at www.sedar.com and online at <http://www.linamar.com/investors/>. In relation to the Meeting, shareholders with existing instructions on their account to receive printed materials and those shareholders with addresses outside of Canada and the United States will receive a printed copy of the Notice Package. All other shareholders will receive only the required notification documentation under Notice-and-Access, which will not include a paper copy of the Circular.

Obtaining Paper Copies of Materials

The Corporation anticipates that using Notice-and-Access for delivery will directly benefit the Corporation through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials. Shareholders with questions about Notice-and-Access can call the Corporation at (519) 836-7550. Shareholders may also obtain paper copies of the Circular, Financial Statements and MD&A free of charge using the same telephone number or at investor.relations@linamar.com. Requests should be received at least five (5) business days in advance of the proxy cut-off date set out in the accompanying proxy or voting instruction form in order to receive the meeting materials in advance of the date of the Meeting.

Appointment of Proxyholder

The Corporation has designated the persons named in the form of proxy to represent shareholders at the Meeting. Each shareholder has the right to appoint a person or company (who need not be a shareholder) other than the persons designated by management of the Corporation in the form of proxy, as proxyholder to attend and act on the shareholder’s behalf at the Meeting or at any adjournment of the Meeting. To do so, registered shareholders should insert the name of the person or company in the blank space provided in the form of proxy.

Non-Registered Holders should follow the instructions in the meeting materials received. Generally, Non-Registered Holders will either:

- ♦ receive a request for voting instructions (a “Voting Instruction Form”), which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions (Non-Registered Holders should follow the instructions provided on the Voting Instruction Form, using one of the described voting methods provided, to vote their shares); or
- ♦ be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Linamar Common Shares beneficially owned by the Non-Registered Holder, but which is otherwise not completed. In this case, the Non-Registered Holder who wishes to submit a proxy should properly complete the form of proxy and submit it to the Secretary of the Corporation, c/o Computershare Investor Services Inc., at 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 (fax: (866) 249-7775 or (416) 263-9524).

Should a Non-Registered Holder wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should carefully follow the instructions of the Intermediary.

Should a Non-Registered Holder wish to attend, submit questions and/or vote at the Meeting (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder must follow the instructions in the section below entitled “Attending and Participating at the Meeting”.

Deadline for Proxies

Registered shareholders should send the completed, dated, and signed form of proxy to the Secretary of the Corporation c/o Computershare Investor Services Inc., 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1, fax number (866) 249-7775 or (416) 263-9524. To be effective, a proxy must be received by Computershare Investor Services Inc. or the Secretary of the Corporation not later than May 14, 2024, at 10:00 a.m. (Toronto time), or in the case of any adjournment of the Meeting, not less than 48 hours, Saturdays, Sundays, and holidays excepted, prior to the time of the adjourned Meeting. Non-Registered Holders who receive meeting materials through their Intermediary should follow the instructions on the document and the instructions of their Intermediary regarding when and where the form of proxy or Voting Instruction Form is to be delivered.

Revocation of Proxies

A registered shareholder who has given a proxy may revoke it, in addition to any other manner permitted by law, by:

1. depositing an instrument in writing signed by the shareholder or by the shareholder's attorney, who is authorized in writing, with Computershare Investor Services Inc. or at the registered office of the Corporation, at any time up to and including the last business day preceding the day of the Meeting, or if the Meeting is adjourned, the last business day preceding the day of the adjournment;
2. depositing an instrument in writing signed by the shareholder or by the shareholder's attorney, who is authorized in writing, with the Chair of the Meeting on the day of, and prior to the start of, the Meeting or any adjournment of the Meeting; or
3. transmitting, by telephonic or electronic means, a revocation signed by electronic signature by the shareholder or the shareholder's attorney, who is authorized in writing, to the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of the Meeting, at which the proxy is to be used.

A Non-Registered Holder may revoke a Voting Instruction Form or a waiver of the right to receive meeting materials and to vote, which has been given to an Intermediary or its service company at any time by written notice to the Intermediary in accordance with the instructions received from the Intermediary, except that an Intermediary may not act on a revocation of a Voting Instruction Form or a waiver of the right to receive meeting materials and to vote that is not received by the Intermediary in sufficient time prior to the Meeting. Non-Registered Holders who have deposited a form of proxy signed by their Intermediary and who wish to change their vote must contact their Intermediary since only registered shareholders may revoke a legal proxy.

Special Instructions for Non-Registered Holders

Non-Registered Holders fall into two categories: (i) non-objecting beneficial owners (“NOBOs”), who do not object to their name and address being given to the Corporation, and (ii) objecting beneficial owners (“OBOs”), who do object to their name and address being given to the Corporation. In accordance with the requirements of NI 54-101, the Corporation has distributed copies of the Notice of Meeting, this Circular and the form of proxy to the clearing agencies and Intermediaries to distribute to Non-Registered Holders. The Corporation is not sending proxy-related materials directly to NOBOs but will make delivery through such Intermediaries. The Corporation will pay for Intermediaries to deliver proxy related materials to OBOs.

Non-Registered Holders should carefully follow the instructions of their Intermediaries and their Intermediaries’ service companies on the request for instructions or proxy form provided to them.

Voting of Proxies

The shares represented by any valid proxy will be voted for, against or withheld from voting in accordance with the instructions as indicated on any ballot that may be called for, and if a choice is specified with respect to any matter to be acted on, the shares will be voted for, against or withheld from voting accordingly. In the absence of such specific instructions, such shares will be voted in the discretion of the persons designated in the proxy, which in the case of the representatives of management named in the enclosed form of proxy will be as follows: FOR the election as Directors of the proposed nominees named in this Circular; and FOR the re-appointment of PricewaterhouseCoopers LLP as the auditors of the Corporation and the resolution authorizing the Directors to fix the auditors’ remuneration.

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to such other business or matters which may properly come before the Meeting or any adjournment(s) thereof. As of the date of this Circular, the Corporation is not aware of any amendment or variation or other business or matters to be raised at the Meeting.

Voting Shares and Principal Holder

Many large Canadian publicly held companies are controlled by a family, a parent company, or a group of shareholders through their holdings of common shares. Effective equity control can come from holding 20% or more of the common shares of a widely held company, such as Linamar.

Linamar Corporation was founded by Mr. Frank Hasenfratz in 1966 as a privately held Ontario corporation. It was converted to a public corporation in 1986. Due to the number of shares Ms. Hasenfratz owns as a percentage of all outstanding voting common shares, she is considered a “controlling shareholder” and is deemed to be a “control person” under applicable Canadian provincial securities law.

As of March 6, 2024, the Corporation has 61,578,157 outstanding Common Shares, each carrying the right to one vote per share.

To the knowledge of the management of the Corporation, Ms. Hasenfratz, as of the date of this Circular, is the only party beneficially owning directly or indirectly, or exercising control or direction over, shares representing 10% or more of the voting rights attached to any class of the issued and outstanding shares of the Corporation.

	Class of Shares	Number of Shares	Percentage
Linda Hasenfratz	Common	20,323,718	33.00%

In the best interests of the Corporation, Ms. Hasenfratz has advised the Corporation that she intends to vote the Common Shares that she owns or controls, for the election of the proposed nominees named in the Circular as Directors of the Corporation and for the re-appointment of PricewaterhouseCoopers LLP as the auditors of the Corporation and the resolution authorizing the Directors to fix the auditors' remuneration.

BUSINESS TO BE TRANSACTED AT THE MEETING

1. Receiving Financial Statements and Report from Auditors

The audited consolidated financial statements for the fiscal year ending December 31, 2023, and the Auditors' report form part of the Corporation's 2023 Annual Report to Shareholders and will be available from the Investor Relations Department of the Corporation and are also available on the Corporation's profile on SEDAR+ at www.sedar.com.

2. Re-Appointment of Auditors

At the Meeting, shareholders will be asked to re-appoint PricewaterhouseCoopers LLP as the auditors of the Corporation, to hold office until the next annual meeting of shareholders or until a successor is appointed. PricewaterhouseCoopers LLP have been the auditors of the Corporation since January 30, 1986.

The Board recommends voting FOR PwC as our auditor

Please refer to the section entitled "External Auditor Service Fees" in the Corporation's Annual Information Form dated December 31, 2023, filed on SEDAR+ (www.sedar.com), for the fees charged by PricewaterhouseCoopers LLP for the fiscal years 2022 and 2023.

3. Election of Directors

Six nominees are standing for election as Directors of Linamar. See page 14 of this circular for more information on the nominees. Each Director will be elected to hold office until the next annual meeting of shareholders. All the six nominees are currently Linamar Directors.

The Board recommends voting FOR each nominee.

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

Under the Corporation's articles of incorporation, the Board must consist of a minimum of three (3) and a maximum of ten (10) Directors. The number of Directors is currently fixed at six (6).

When determining its optimal size, the Board balances three competing priorities:

- ♦ the business need for diversity of experiences, perspectives and backgrounds that align with the near and long-term strategic objectives of Linamar,
- ♦ the need to be small enough to facilitate open and effective dialogue, combined with thorough and responsive decision-making, and
- ♦ regulatory requirements and succession planning.

The current size and composition of Linamar's Board is, by design, a reflection of the entrepreneurial and anti-bureaucratic spirit established by its Founder over fifty years ago. The Corporation believes that the number of Directors is effective for a company of Linamar's size. The Board is large enough to allow for meaningful and substantial discussion and debate over the Company's strategic direction and any other issues. At the same time, it is small enough not to bureaucratize decision making, ensuring it is efficient and allows the Company to be nimble in being able to act quickly to seize key opportunities in the marketplace. The Company believes its governance structure has contributed to Linamar's excellent financial results over the past decade.

As a matter of good governance procedure, the nominees will be voted on individually and not as a slate. The nominees have established their eligibility and willingness to serve as Directors. Management does not believe that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting, the persons designated in the accompanying form of proxy may vote for another nominee at their discretion. Each Director elected will hold office until the close of the next annual meeting of the shareholders of the Corporation or until his or her respective successor is elected or appointed unless such office is earlier vacated in accordance with applicable law and the Corporation's by-laws. More information on each of the six proposed nominees for election as Director is set forth below.

The Nominees:

This year, six Directors have been nominated for election to the Board for a one-year term. All six of the nominees were elected at the board meeting on March 8, 2023.

This year's nominees have the mix of skills, experience, and qualifications necessary for proper oversight and effective decision-making.

Each Director has a wealth of experience in leadership and strategy development. The combination and diversity of their skills, experience, location, and gender are key as they bring unique perspectives to the Board.

Chair of Advisory Committee: Challenger Motor Freight Inc., Chair of Advisory Board The Flanagan Group, Director of 374684 Ontario Limited, Lead Director on the Fiduciary Board of Flanagan Foodservice Inc.

Former Public Board Memberships: PwC

CONTACTING YOUR BOARD

Members of the Executive and the Board of Directors regularly conduct investor relations events that allow for one-to-one interactions with shareholders. These events provide an excellent opportunity for issues, concerns, and suggestions to be raised with your Board. In the past year members of the Board attended or chaired eleven such events and have scheduled a similar number for the next fiscal year. Should you wish to participate in these events, please stay tuned to the Upcoming Events portion of the Linamar Investors website.

In the interest of continued pursuit of shareholder engagements and increasing transparency, the Board has established an investor relations e-mail address that allows shareholders to directly share their comments and questions with their Board. The Board can be contacted at contactyourboard@linamar.com. The Board will endeavor to respond to or act upon comments received through this inbox that they deem material to the business of the Company.

Finally, the Board has adopted a Shareholder Engagement Policy, that establishes, amongst other things, a process by which shareholders may request in-person meetings with the Executive Chairman, the full Board or the Independent Directors of the Board. That Policy, with its associated process for requesting such a meeting is detailed in the Shareholder Engagement Policy available on www.linamar.com/governance.

CORPORATE GOVERNANCE

Good corporate governance is a critical part of Linamar's culture and fundamental to our long-term success. Proper oversight and accountability strengthen our internal and external relationships, builds trust with our stakeholders, and protects the interests of shareholders. Likewise, good governance practices help implement our Stepping Stool philosophy for success by maintaining strong and enduring relationships with our employees, customers, and shareholders.

Corporate Governance Practices

For a description of the Corporation's corporate governance practices as compared to the guidelines and requirements set out in National Policy 28-201 - *Corporate Governance Guidelines* and National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, please visit the Linamar website at www.linamar.com/governance.

The HRCG Committee reviews Linamar's corporate governance strategy each year against changing regulations, industry developments and emerging best practices. The Board approves corporate governance policies annually, including any changes that enhance Linamar's processes and standards.

What We Do	What We Don't Do
✓ Maintain a Balanced Board – 50% of our nominated Directors are Independent	✗ Directors cannot receive stock options
✓ Executive Directors do not sit on Board committees	✗ Directors do not participate in our pension plan
✓ Board Diversity Policy & Anti-Hedging Policy	✗ We do not have a staggered board – all our Directors are elected annually
✓ In camera sessions with Independent Directors are held at each board and committee meeting	✗ We do not have dual class shares
✓ We require all Directors to certify compliance with our code of conduct each year	✗ We do not have non-voting or subordinated voting shares
✓ Diversity and inclusion are promoted and embedded in our global talent management, talent acquisition and leadership programs	✗ The Chair does not hold a deciding vote in the case of a Board stalemate.
✓ Schedule and arrange Board meetings to ensure optimal attendance for all meetings	
✓ Ensure that all nominees participate in a limited number of other public company boards	
✓ We have individual (not slate) voting for Directors	
✓ Maintain a robust orientation and continuing education program for all Directors	
✓ Maintain a fully compliant majority voting policy	

✓ Maintain a board skills matrix which is used for Director nominations and succession planning	
✓ We have a robust shareholder engagement program	
✓ Maintain strong equity ownership guidelines to align Director and CEO interests with those of shareholders	
✓ We have a robust corporate social responsibility strategy	
✓ We have a Director resignation policy for all Directors who fail to obtain a majority vote	
✓ We have “double trigger” change in control benefits	
✓ Board committees have full authority to retain independent external advisors	
✓ Strong Board of Directors Peer Assessment Process	
✓ Regular Continuing Education Programs for all members of the Board of Directors	
✓ Advance notice by-law	
✓ Quorum for meetings is a majority of the Board or committee members	

The statements in this section highlight in a general way select aspects and observations regarding Linamar’s corporate governance. They are qualified by, and subject to, the more specific and detailed disclosures set out in this information circular.

Independent Directors

Linamar’s corporate governance philosophy is, and generally has been, to keep an even balance of Independent Directors and non-Independent Directors to force consensus on issues, rather than subscribe to a model of governance where one class of Directors can impose its view on the other simply because it carries more votes.

To this end, the Company maintains a Board split of three (3) Independent Directors and three (3) non-Independent Directors. Director independence is an important part of how the Board satisfies its duty to supervise the management of Linamar’s business and affairs. The Board considers regulatory requirements, best practices, and good judgment, among other things, when assessing independence. The Board and its committees promote independence of its Directors by:

- ♦ reviewing the impact of any board interlocks (where two or more Linamar Directors are on the board of another public company);
- ♦ retaining advisors when needed for independent advice and counsel;
- ♦ conducting a Director-Peer Feedback process that is run entirely by the Independent Directors;
- ♦ conducting *in camera* sessions of the Board and its committees without the Executive Chair, and CEO or any other member of management;
- ♦ determining whether Directors have a material interest in a transaction; and

- ♦ appointing only Independent Directors to each of the existing Board committees.

The Board has set out its roles and responsibilities in formal charters as well as adopting a Code of Governance Practices and Charter of Expectations for Directors. These documents are reviewed annually to ensure they reflect best practices in compliance with applicable regulatory requirements.

A key element of the Director-Peer Feedback process is to review Board agenda formats and content to ensure they stay relevant and comprehensive. Adjustments to the agendas and workplans are therefore discussed and agreed upon with the full Board engagement.

Given the entrepreneurial nature of Linamar and its strategic plans, the Board does not believe that the quality or implementation of its decisions would be improved or affected by increasing the split of Independent Directors. The Board feels that its size is appropriate for a corporation of Linamar's size, complexity, and entrepreneurial culture. This number of Directors permits the Board to operate in a prudent and efficient manner, while being nimble enough to make quick and informed strategic decisions. The Company's Executive Chair is not independent, and we do not have a lead Independent Director. As such, the Board relies on the advice of Board Committees in conjunction with the advice of external legal and financial advisors to provide leadership for its Independent Directors.

Previous public company board experience	◆	◆	◆	◆		
Technology		◆	◆			◆

In developing a strategy for Board composition, the HRCG Committee uses a skills matrix to evaluate a Director's capabilities and experience around specific targeted competencies. At Linamar, the key focus includes enterprise leadership, functional capabilities, global experience, knowledge of all key industry sectors in which the Company operates and financial acumen.

The Corporation has an orientation and education program in place for new Directors. All new Directors receive an orientation manual containing a record of historical public information about the Corporation, as well as the charters of the Board and committee mandates, copies of all Board governance documents and other relevant corporation and business information. The orientation also includes a thorough review of key issues facing the Corporation, a review of corporate strategy and plans, a snapshot of current performance, a familiarization with Board documents and information sources and a tour of some of the Corporation's various facilities.

Director-Peer Feedback has been in place for many years. The HRCG Committee, comprised entirely of Independent Directors, surveys all six (6) Directors to provide feedback on the effectiveness of the Board and individual Directors. The Chair of the HRCG Committee conducts one-on-one interviews with each Director and qualitatively assesses the Board's effectiveness. This feedback allows the Board to access better information about its processes. The Chair of the HRCG Committee compiles the results and the HRCG Committee assesses the operation of the Board and the committees, the adequacy of information given to Directors, communication between the Board and management, the Director-Peer Feedback information results and the strategic direction and processes of the Board and committees. If concerns are raised, the Chair reviews the Peer-Feedback individually with each Director on a confidential basis to encourage the Directors to develop action plans to continue to hone and improve their contribution to the Board. The full Board discusses the Peer-Feedback survey results to identify improvements and to address any areas requiring attention. The HRCG Committee also assesses the performance of the Executive Chair of the Board and CEO.

In addition, each year, outside experts are brought into various Board meetings for continuing education on topics related to the Corporation and the industries within which it operates. In November 2023, the Board of Directors conducted education sessions focused on the automotive, agricultural, and industrial sectors and outlook for same, as well as bringing in an economic expert who presented valuable information discussing matters of interest to the Company. In addition, the Company had an expert provide a presentation on market trends in the battery technologies industry, addressing topics such as: the competitive landscape, prospective customers and their respective outlooks, newly developing technologies and available government supports for R&D in this space. All Directors were present for these education sessions. Monies are also set aside for Directors to attend conferences and seminars, as they deem appropriate to further their knowledge and ability to carry out their responsibilities. The Company also pays for industry publication subscriptions for the Independent Directors to keep abreast of auto sector trends.

As part of the Peer Feedback Survey discussion in 2022, the Board decided to select one key topic for a deep dive education session relevant to current events and the business. This practice began with the first meeting of the Board in March 2023.

Training provided in 2023	Director attendance
Automotive industry outlook education session	100%
Agriculture Industry Macro Trends, Innovation and Industry Developments education session	100%
Access industry outlook education session	100%
Economic outlook education session	100%
Medical technologies education session	100%

Mandate of the Board

The mission of the Board is to be a strategic asset of the Corporation measured by the contribution the Directors make, both individually and collectively, to the long-term success of the Corporation. The Board of Directors has a dual role to all shareholders of oversight and advisory. As such, the Board of Directors has several policies/guidelines in place to assist them in discharging their duties, including the Board of Directors Mandate, a Code of Governance Practices, and a Charter of Expectations, all available at www.linamar.com/governance.

The Board oversees the business and affairs of the Corporation, establishes, or approves overall corporate policies where required, and involves itself jointly with management in the creation of shareholder value, the preservation and protection of the Corporation's assets, and the establishment of the Corporation's strategic direction. The Board is responsible for the overall stewardship of Linamar. To this end, the Board supervises the management of the business and affairs of Linamar in accordance with applicable laws. The Board's stewardship also includes a regular assessment of the Company's efforts to derive value from ethical business conduct, the promotion of sustainable sourcing and production practices, and further implementation of diverse employment policies. For these purposes, the Board holds regularly scheduled meetings on a fiscal quarterly basis, with additional meetings held as required. Separate annual strategic planning and business-plan review meetings provide the Board the opportunity for a detailed discussion of strategy with management. In addition, there is continued communication between senior management and Board members on an informal basis and through Committee meetings.

Director Tenure and Term Limits

The Board has not adopted a tenure limit for Directors but does maintain an ultimate term limit as described below. While tenure limits can help ensure the Board of Directors gains a fresh perspective, the Board believes that the imposition of Director tenure limits may deprive Linamar of the contributions of longer serving Directors who have developed a deeper knowledge and understanding of the Company over time. The Board does not believe that extended tenure impairs a Director's ability to act independently of management or to present new or alternative viewpoints.

The Board believes that this open policy is particularly important in the cyclical industrial markets in which Linamar participates as the experience and institutional knowledge of guiding a business through down markets has proven invaluable to the growth of the Company. Likewise, the Board considers it necessary to maintain more senior and seasoned members of the Board of Directors as a counterbalance to two factors which are unique to Linamar's ownership structure and its Board: the significant ownership stake of the founding Hasenfratz family and the

significant participation of non-Independent Directors/Executive Insiders on the Board. In view of those two realities, the HRCG Committee has recommended, and the Board has agreed, that at present the Board is best composed primarily of members with greater experience and tenure in order to offset the significant influence that may otherwise be affected by a controlling shareholder and several Executive Insiders on the Board.

The HRCG Committee considers and assesses Board and committee composition on a regular basis with the objective of ensuring the Board and its committees are composed of persons having the diversity, knowledge, experience, skills, and expertise necessary for effective governance of the Corporation. While Board renewal remains top of mind, the Board believes such renewal must happen in a staged and strategic fashion to maintain the balance between strong Independent Directors and Executive Insiders indicated above.

As a matter of policy, the Board does, however, maintain an ultimate term limit, which coincides with a retirement date for Directors: the date of the Annual Meeting of the Corporation following the Director's 70th birthday. Note that this age threshold was set many years ago, prior to changes in employment legislation striking all mandatory retirement provisions. Nomination for election or re-election is determined in consultation with the Executive Chair of the Board and the HRCG Committee and is based on the expected contribution of each Director to Board effectiveness.

Today, men and women continue to make meaningful, active contributions to thriving businesses and society generally, at a variety of ages. Each individual Director's role, contribution and participation are evaluated in consultation with the Executive Chair and the HRCG Committee annually. If it is determined that a Director can continue to provide clear, informed, and strategic guidance to the Company and s/he is willing to continue serving, then s/he will be nominated for election as a Director at the Annual General Meeting, despite their being over 70 years of age.

Majority Voting Policy

The Board's Majority Voting Policy states that any nominated Director in an uncontested board election must immediately tender their resignation if they are not elected by at least a majority (50% plus 1 vote) of the votes cast in their election. The Board will determine whether to accept the resignation within 90 days. Absent exceptional circumstances, the Board will accept the resignation, making it effective immediately. A Director who tenders a resignation will not participate in any meeting where the Board or a committee is considering their resignation.

Note that on May 17, 2023, Linamar announced the results of the election of Directors after its annual shareholders meeting. In compliance with TSX requirements, they are posted on www.sedar.com.

Succession Planning

A key responsibility of the Board lies in succession planning, particularly for the CEO position and for other key senior executive roles. To fulfill this responsibility the Board reviews succession candidates in depth on an annual basis both in the HRCG Committee and in a full Board meeting as well. Identified candidates are reviewed for strengths, career history and experience and required areas of development as well as timeframes around which

they would be deemed ready to take the next step in their careers and key development goals and plans in place to allow them to reach that target.

Succession candidates attend Board meetings or Board social functions at various points during the year to allow the Board members to observe candidates “in action” making presentations and interacting with Board members to better inform them about the candidate’s potential consideration for the various positions. This process has proven to be an effective way to identify and educate the Board about the Company’s senior executives and their potential and allow them to develop a clear strategy specifically with respect to CEO succession. The Board is aware of the Company’s broader succession planning process designed to identify and develop individuals throughout the organization for succession into critical positions. The Company has approximately 125 critical positions identified at this time and of the 210 candidates in the pool for succession, approximately 150 individuals are in line as formal succession candidates for those critical positions.

Board Renewal and Selection of Board Nominees

Identified by:	Reference skills matrix	HRCG committee recommends
Directors	Assess qualifications	Full Board Approval
Management	Consider diversity	Nominee presented at AGM
Shareholders and Outside Stakeholders (e.g., banks, market sentiment)	Review independence criteria	Elected Directors serve for a one-year term
Potential use of search/recruiting firms	Check conflicts and conduct interview process	No limitations on tenure, but term limitations begin at age 70

The HRCG Committee is responsible for assisting the Board in identifying qualified individuals who would be suitable nominees for election to the Board when required. To accomplish this duty, the HRCG Committee and the full Board:

- ♦ assess the composition and size of the Board and, in doing so, review the breadth, diversity and range of experience of the Directors by having created and updated, on a yearly basis, a competency matrix that sets out the current areas of expertise of the Board;
- ♦ identify the challenges facing the Corporation; and
- ♦ approach competent nominees.

Annually the HRCG Committee and the full Board review Board composition and size to determine if any changes are required. If new Directors are required, the pool of candidates developed is referenced and the formal process of approaching potential new Directors begins.

Prior to agreeing to join the Board, new Directors have a clear indication of the workload and time commitment required. The HRCG Committee is composed exclusively of Independent Directors who are independent and acts as the nominating committee when Board positions are vacant.

Ethical Business Conduct

The Board is committed to the highest legal and ethical standards in fulfilling its responsibilities. In addition to the Code of Governance Practices, the Board has adopted (and annually reviews and approves) an Employee Code of Conduct that applies to all Linamar employees world-wide. These Codes provide a foundation for compliance and apply to every business decision in every area of the company. The Board recognizes that Linamar's success is based on creating innovative, high-quality products and services and demonstrating integrity in every business interaction.

In order to make these Codes effective, the Board has approved appropriate expenditures on anonymous reporting hotlines that allow potential whistleblowers to identify financial, ethical, safety or human rights concerns, has invested in integrity and anti-corruption training conducted by both in-house and external legal counsel, and provides ultimate oversight for gifts and hospitality expenditures above an established threshold.

Linamar also ensures its ethical practices and integrity are mirrored with its outside partners by passing Code of Conduct and anti-corruption requirements through to its suppliers and by conducting regular due diligence to ensure partners do not appear on any global sanctions or denied parties lists.

Sustainability

In 2021 Linamar established a Long-Term Sustainability Goal to be "Net 0" by 2050. Our facilities, our supply chain, and the customer products we supply will all be factored into that calculation. This is a bold goal and will require significant efforts in terms of identifying metrics, tracking, and actioning items to drive change. We have formed a Sustainability Council including individuals from across our global business to jointly increase knowledge and competence on sustainability matters, guide actions and better track these efforts.

The Board of Directors, and the HRCG Committee in particular, provide oversight and guidance on environmental matters related to Linamar's projects and operations, including the impact of the projects on the growing climate change concerns, and are regularly briefed by professionals whose focus is on environmental protection and stewardship.

Significant environmental and process safety issues are reviewed by the HRCG Committee to ensure compliance with the Company's rigorous processes. The HRCG Committee assists the Board in identifying, evaluating, and monitoring public policy trends and environmental issues that could impact the Company's business activities and performance. It also reviews and makes recommendations for Linamar's strategies related to corporate responsibility and reputation management.

The Board of Directors and the HRCG Committee regularly receive reports of shareholder engagements related to sustainability and give them careful consideration in developing the direction they provide to management. In that regard, the Board has received consistent feedback from shareholders over the last several years of the growing importance that capital market stakeholders place on environmental and social disclosures. Starting in 2024, the Board has committed to receiving periodic training on environmental and climate-related matters to ensure all relevant concerns are being considered as part of the Board's decision-making process.

Though the HRGC and the Board initially recommended the SASB framework metrics for Auto Parts Sector Standards, Linamar's capabilities in sustainability reporting continues to evolve in order to meet the international standards and expectations. To date, Linamar has reported several of the SASB framework metrics but has not fully disclosed all outlined metrics. In late 2022 and the early part of 2023, the Sustainability Council endorsed a major effort by a subcommittee of that Council to address key reporting gaps. The project involved a significant investment of resources, time, IT systems and outside expertise to collect, quantify, verify, and disclose metrics for a company that is the global size and scale of Linamar more accurately. As a result of this effort in 2023, for the full year period of calendar 2022, Linamar reported full Scope 1 and 2 CO₂ Emissions reporting via the Carbon Disclosure Project (CDP). This was a major effort given the scope and scale of the global Linamar operations. Because of these efforts, the company is beginning to see significant improvements of ratings and grades, particular by the CDP.

It is widely acknowledged that sustainability efforts are evolving and imperfect as are the underlying standards. In 2024, Linamar will take another step towards increasing transparency and preparedness in this area by conducting a further review of various regional Sustainability reporting standards and frameworks (E.g. CSRD, SASB, ISSB/IFRS) as well as the gaps in systems and capabilities required to publicly report on them. This is another example of Linamar's commitment to increase decision-relevant disclosures to external stakeholders as we

continue our sustainability journey. Given the breadth of those disclosures and the limitations of this MIC, we ask that you review the “Sustainability” portion of the Linamar’s website at www.linamar.com/sustainability. There you will find the annual Corporate Sustainability Report (CSR), the latest version of which was published in 2023. The report contains specifics around Linamar’s efforts to improve the communities it works in, while also improving its environmental footprint, as well as increasing the level of data disclosure it tracks and publishes in an overall effort to improve the reporting transparency.

Representation of Women on Boards

Of the six members of the Board, two are female, one of whom is also the Executive Chair and CEO and the single largest shareholder of the Company. The Company has a written policy approved by the Board: its stated objective is to see a proportionate representation of women at all levels of management at Linamar, including the Board. More specifically, the goal of the policy is to attain a comparative level of female representation at each level of management, commensurate with the overall representation of women in the Company’s workforce. The Company is currently in compliance with this policy including its requirements at the Board level.

Linamar’s policy made it eligible to become a founding member of the Catalyst Accord, which sets objectives and requirements for the representation of women on boards in Canada. One of the key Catalyst objectives is to increase its members’ current percentage of women on its boards. This strategic collaboration with Catalyst has the objective of expanding opportunities for women on boards and in executive positions in business, which Linamar wholeheartedly supports. Ms. Hasenfratz, the Executive Chair and CEO, is a member of the Catalyst’s Canada Advisory Board and became Chair in February 2024.

Consideration of Representation of Women in Director Identification and Selection

Historically, the manufacturing and automotive industries have been very male-dominated and although the majority of people in the industry are still male, the landscape has been consistently changing over the last 20 years, especially in the last 5 to 7 years. Linamar is very committed to women in the trades and in Science, Technology, Engineering and Math (“STEM”) and has been actively involved with local schools in initiatives working in conjunction with its local university to encourage young women to pursue careers in trades, engineering, science and technology professions. Although it takes time to effect change with respect to gender representation in the industry, and therefore, in more senior positions, great progress is being seen overall with percentages of women in both skilled trades and engineering, science and technology programs. We are seeing a dramatic increase from the numbers a decade ago, and the underlying momentum continues to build. When a director or executive candidacy becomes available, the HRCG Committee evaluates the most qualified candidates for nomination and election, ensuring inclusion of a diverse candidate group in terms of gender, ethnicity and other forms of diversity. The Company actively encourages inclusion of a diverse variety of qualified candidates in this process, which naturally includes women. Our goal, as it pertains to all matters regarding diversity, is opportunity for everyone with advancement, and appointment on merit and proportionate representation without quotas.

This commitment is further exemplified by the announcement in 2017 of a \$5 Million scholarship at Western University, funded by Linamar and the Hasenfratz family. This fund continues to provide 10 scholarships per year to women enrolled in the combined engineering and business dual degree program. Recipients will also receive work terms and a job offer upon graduation. The Company looks forward to seeing the broad impact of encouraging more women in STEM careers of this program and more specifically, seeing more female engineers at Linamar as a result.

The Company also founded and is the presenting sponsor of a program called See it Be it STEM it (“SBS”), which expressly encourages girls and young women to pursue studies and a career in Science, Technology, Trades, Engineering and Math, using role models.

Visit our website at seeitbeistemit.com for more information and some inspiration.

Consideration of Representation of Women in Executive Officer Appointments

As mentioned, Linamar is actively involved in many projects encouraging women to enter the trades & STEM in the automotive industry. The Company’s Executive Chair and CEO, Linda Hasenfratz, is deeply committed to encouraging women to enter increasingly senior positions and has worked extensively with the Vice President of Global Human Resources (also a woman) to encourage women to be trained, educated, and considered for promotions within the Company. Approximately 20% of all critical roles have a female employee identified as a potential candidate for succession as these positions become available. The representation of women at each level of management in Linamar is slightly over-representative of the overall percentage of women in the Company. Linamar is optimistic that the increase of females in all divisions of the business will continue to foster the organic growth of female representation within its management.

Targets Regarding Representation of Women on the Board and in Executive Positions

As noted above, Linamar has established a target of proportionate representation of women on its Board and in executive positions, commensurate with the number of women in its overall workforce demographics. In 2023, women comprised 21% of Linamar’s overall workforce in Canada and 23% of management positions. Globally, 21% of Linamar’s workforce is women. Currently, women account for 17% of management positions at Linamar globally with some levels or regions as high as 38%, which is somewhat over-representative of its overall workforce. Catalyst reports that women’s participation in motor vehicle manufacturing is 17.7%.¹ Linamar’s current participation of women in its senior ranks exceeds that average.

¹ Statistics Canada, "Industry – North American Industry Classification System (NAICS) 2007 (425), Class of Worker (5), Age Groups (13B) and Sex (3) for the Employed Labour Force Aged 15 and Over, in Private Households of Canada, Provinces, Territories, Census Metropolitan Areas and Census Agglomerations: Statistics Canada Catalogue no 99-012-X2011034, 2011 National Household Survey: Data Tables (2016).

Number of Women on Board and in Executive Officer positions

The current level of representation of women on Linamar's Board is at 33% (or two of six Directors). As noted above, the current representation of women in executive officer positions in Linamar² is 20%. Further, throughout the Company and its major subsidiaries, there are 21 women in senior positions of director and above, as well as 2 women on the senior operations team called the "AIM" team (with an additional woman in a "back-up" position, if primary members of the AIM team are not available for meetings). Finally, Linamar has 2 women in the most senior leadership group of the top 7 leaders in the Company – the Senior Executive Group ("SEG").

Board Diversity Policy

In 2020 and in direct response to world events and the feedback we have received from our shareholders, the Board established a policy regarding diversity on the Board of Directors, the purpose of which is to achieve and maintain diversity on the Board. Diversity includes a wide range of criteria such as industry experience, management experience, education, functional area of expertise, geography, mix of age, gender, and ethnicity. These criteria have always been considered when our Board engaged in recruitment and assessment of qualified candidates to serve as Directors of the Company, but recent events have underscored the need to formalize this practice into a policy. Linamar's Board of Directors believes that diversity helps to ensure that a wide variety of perspectives are brought to bear on issues, while enhancing the likelihood that proposed solutions will be well thought out and comprehensive.

Consistent with its view that all appointments should be made based on merit, the Board has refrained from setting specific diversity targets beyond those addressed above and required by Canadian securities laws. However, the Company acknowledges the important role members of designated groups with appropriate and relevant skills and experience can play in contributing to different viewpoints and perspectives on the Board. For this reason, the Company has voluntarily agreed to participate in both the Black North Initiative and the 50/30 Challenge issued by the Government of Canada. Both of these initiatives aim to increase the participation of black, indigenous and other racialized and/or marginalized communities in the leadership of Canadian businesses. For more details, please refer to the Board Diversity Policy, which can be found at www.linamar.com/governance.

Anti-Hedging Policy

In 2022, and in direct response to the feedback we have received from our shareholders, the Board established a policy regarding the prevention of hedging of corporate securities by the Officers and Directors of the Company. The policy specifically addresses the hedging against future declines in the market value of any securities of Linamar through the use of financial instruments designed to offset such risk. The Board is of the view that such transactions, while allowing the holder to own the Corporation's securities without the full risks and rewards of ownership, potentially separate the holder's interests from those of other stakeholders and, particularly from the Corporation's shareholders. This Anti-Hedging Policy can be found at www.linamar.com/governance.

Board Committees

The Board has established two standing committees, the Audit Committee and the HRCG Committee, and has prescribed the responsibilities and mandates of both. From time to time, the Board has established special committees composed entirely of Independent Directors to review and make recommendations on specific

² Linamar has many different subsidiaries and Ms. Hasenfratz is a director on the boards of each of those subsidiaries. Therefore, the representation of women for most of the Linamar subsidiaries is 33%.

business matters. Each such committee operates pursuant to written guidelines or the mandate set out in their respective authorizing resolutions. The Corporation does not have an executive committee.

Audit Committee

The Audit Committee operates under the Audit Committee Mandate, the text of which is available at www.linamar.com/governance.

MANDATE Additional information regarding the Audit Committee is set out in the section entitled "Audit Committee" in the Corporation's Annual Information Form, dated March 28, 2024 filed on SEDAR+ (www.sedar.com).	The Audit Committee has general authority in relation to the Corporation's financial affairs as well as the specific responsibility to: review all fees paid to the auditors; review the Corporation's quarterly and annual financial statements (including management's discussion and analysis of financial condition and results of operations) and report thereon to the Board; and make recommendations to the Board as to the annual appointment or re-appointment of the auditors for the Corporation. The Audit Committee also has certain additional responsibilities relating to internal and external audits, oversight of management reporting on internal controls and procedures, the application of significant accounting principles, financial reporting and integrity, relations with the Auditors and other matters. To assist in fulfilling its responsibilities, the Audit Committee has the authority to retain external legal counsel and other advisors. Effective March 5, 2003, the Board adopted an Audit Committee Mandate. The Board agreed to adopt the Audit Committee Mandate, recommended by the Audit Committee, to enhance the Corporation's existing corporate governance structures and practices. The Audit Committee oversees: ♦ the review of procedures (financial reporting/process); ♦ external auditors; ♦ internal audit department and compliance; and ♦ other responsibilities (such as succession planning for key accounting personnel).
2023 KEY MILESTONES	♦ Issuance of new private placement notes and a term loan to support acquisitions. ♦ Succession planning within the finance function; ♦ Review of cyber security action plans and monitor IT controls audit findings; and ♦ Establishing of an action plan for integration of the financial functions of the Dura/Shiloh battery tray facilities and the former Mobex assets
MEMBERSHIP	During fiscal 2023, the Audit Committee was comprised of three Directors: Messrs. Grimm (Chairman) and Reidel and Ms. Forwell.
100% INDEPENDENT	All member Directors of the Audit Committee are "independent" Directors within the meaning of National Instrument 52-110 - <i>Audit Committees</i>.

Human Resources and Corporate Governance Committee

The HRCG Committee operates under the HRCG Committee Mandate, the text of which is available at www.linamar.com/governance.

MANDATE	The HRCG Committee ensures that the Corporation employs solid Corporate Governance practices, compensates its employees fairly and creates a healthy working environment for the Corporation's employees, including overseeing development and succession for key roles and ensuring that critical health, safety and environmental policies in place are adhered to. The HRCG Committee also reviews and approves the disclosure relating to the compensation of Directors and officers of the Corporation contained in this Circular (or other documents prior to their distribution to Linamar's shareholders), prepares the Report on Executive Compensation contained herein, administers the Linamar Stock Incentive Plan and performs such other functions as requested or delegated by the Board. In addition, the Committee also assists the Board by reviewing the effectiveness with which the Corporation meets its obligations pertaining to the policies and legal requirements of human resources and corporate governance, environmental, health and safety, and capital accumulation plans. The HRCG Committee oversees: ♦ corporate governance and social responsibility; ♦ executive and employee compensation; ♦ environmental, health & safety; ♦ sustainability; ♦ succession planning and organizational change; and ♦ capital accumulation plans governance. The HRCG Committee met four times in 2023 to review and make recommendations to the Board with respect to various matters. Once per year, the Committee meets to review all direct and indirect compensation, benefits and perquisites (cash and non-cash) for the Chairman of the Board and the Chief Executive Officer.
-----------------------	---

2023 KEY MILESTONES	◆ Oversight of executive compensation; ◆ Monitored the successful transition of executive leadership in Human Resources and Legal; ◆ Continuing educational updates on governance matters and emerging governance trends globally; ◆ Oversight of Capital Accumulation Plans Committee, who oversees the Corporation's pension plans, with a view to monitoring its administration and continually improving its overall investment performance for its members; and ◆ Continued oversight of the Occupational Health & Safety program in monitoring its objective of maintaining above-average industry standards in H&S measurements.
MEMBERSHIP	During fiscal 2023, the HRCG Committee was comprised of three Directors: Messrs. Reidel (Chairman) and Grimm and Ms. Forwell.
100% INDEPENDENT	All member Directors of the HRCG Committee are "independent" Directors within the meaning of National Policy 58-101 – <i>Disclosure of Corporate Governance Practices</i> .

Meetings Independent from Management

Directors hold "*in camera*" sessions, in the absence of non-Independent Directors or senior executives of the Corporation, at every regularly scheduled Board and committee meeting, including special meetings. For fiscal 2023, the Board held five regularly scheduled meetings, each having an agenda, which specifically provided for an "*in camera*" session.

The two committees of the Board are composed entirely of Independent Directors and, as with the Board meetings, each Committee meeting has an agenda, which specifically provides for an "*in camera*" session for the Independent Directors without management present. In fiscal 2023, four such Audit Committee meetings and four such HRCG Committee meetings were held.

Related Party Transactions

The matter of related party transactions falls within the mandate of the HRCG Committee. As a part of this mandate, the Committee monitors the procedure for the identification and resolution of conflicts of interest. Furthermore, and in accordance with the rules of IFRS and applicable laws and regulations, the Committee identifies and reviews any transactions between the Company and related parties. The Committee reviews a summary of all related party transactions and potential conflicts of interest at least once annually.

To the extent that it is necessary to do so, the Committee may retain outside advisors to assist it in reviewing related party transactions. For more important transactions, the Board of Directors generally establishes a special committee made up entirely of independent directors that is mandated to review the transaction and to make a recommendation to the Board of Directors. Such committee may retain independent legal and financing advisors to assist in reviewing the transaction. Whether it is the Committee or a special committee, the committee mandated with reviewing the transaction tables its report with the Board of Directors and it is the Board of Directors that has the responsibility of approving the transaction if it determines that it is appropriate to do so. No such ad hoc committee was established or required to be established in fiscal 2023.

DIRECTOR COMPENSATION

The Company reviews general compensation surveys on an annual basis to compare the Corporation's Director Compensation policies and considers generally accepted practices for publicly traded companies. In keeping with the Company's commitment to ensure that its Directors and Officers compensation is always benchmarked against appropriate market trends and comparables, Linamar revised the manner in which its Independent Directors are compensated in 2022 to ensure it is competitive with modern retention practices and can ensure the highest quality talent pool available to it for succession. In light of the current market cost considerations and in keeping with Linamar's world class commitment to cost management, it was determined by the Board that the modernization of Independent Director compensation should take place over a four-year period on an incremental and staged basis, starting with 2022. Following that, the compensation will increase by \$10,000 in the subsequent two years, and an additional \$5,000 in the last year. The result of that is the compensation for the Independent Directors of \$100,000 and \$105,000 for the Chair, in the year 2025. During the last financial year, the annual compensation of Independent Directors was as follows:

Name	Fees earned	Share-based awards	Option-based awards	Non-equity incentive plan compensation	Pension value	All other compensation	Total
Lisa Forwell	\$90,000	-	-	-	-	-	\$90,000
Terry Reidel	\$95,000	-	-	-	-	-	\$95,000
Dennis Grimm	\$95,000	-	-	-	-	-	\$95,000

The Directors who are executives of the Corporation ("**non-Independent Directors**") receive no remuneration for serving as Directors.

The Corporation does not have a retirement plan for Directors, although it does have a policy on term limits, see "Director Tenure and Term Limits" above. The Corporation has also recently adopted a plan to allow Independent Directors to elect to receive some or all their fees as Deferred Stock Units ("DSUs"). Each such Independent Director can make the election at the end of each calendar year, following which the portion of fees to be paid in DSUs will be credited quarterly, in equal installments. When an Independent Director that holds DSUs ceases to be a member of the Board, such Director may redeem their DSUs in multiple tranches, provided that all DSUs must be redeemed by the end of the year, following the year of termination. The Corporation has recently established an online compensation management platform to facilitate the issuance and settlement of DSUs granted to Directors in 2024.

The Board adopted a policy requiring Independent Directors and the CEO³ to invest in and own shares in the Corporation with a value equal to three times the amount of the annual retainer paid to them (or \$120,000 for Independent Directors only). Rather than receiving shares as part of their overall remuneration, Independent

³ The CEO is required to invest in and own shares in the Corporation with a value equal to three times base salary.

Directors invest in the Company using their own personal financial resources (outside of blackout periods). This demonstrates their commitment to Linamar's future value.

Director	Shares Owned (#)	Required ownership	Value as of March <.>, 2024	Requirement met
Lisa Forwell	1,500	\$120,000	\$95,325	N/A ⁽¹⁾
Terry Reidel	4,000	\$120,000	\$254,200	Yes
Dennis Grimm	2,780	\$120,000	\$176,669	Yes
Linda Hasenfratz	20,323,718	\$2,128,089	\$1,291,572,279	Yes

(1) Per Board Policy a newly elected Director is not required to meet ownership targets until the conclusion of their 5th anniversary on the Board.

With respect to the CEO's share ownership obligations, it should be noted that Ms. Hasenfratz is a large minority shareholder of the Company, as noted above.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

Governance & Executive Compensation Practices

- ◆ Feedback from ongoing shareholder engagement sought, considered, and acted upon.
- ◆ Performance-based pay - 88% of CEO compensation linked to corporate performance.
- ◆ Market-typical executive employment agreements in place for all officers.
- ◆ CEO compensation allocation designed to incentivize both short and long-term thinking given their significant share ownership.
- ◆ Double-trigger change of control provisions in place.

Compensation Philosophy

- ◆ Pay for performance: rewards results that create sustained value for shareholders.
- ◆ Pay at risk: substantial portion of all Senior Executives compensation weighted to at-risk pay.
- ◆ Market competitive and comparable to peers.
- ◆ Compensation design attracts, retains, and motivates executive talent.
- ◆ Given limited Canadian comparable peers, compensation designed to attract talent from American and International peers.

Performance Highlights

Linamar's Management has delivered strong long-term growth of the business over a sustained period of time. Normalized EPS growth has shown a consistent trend over the period of 2001 to 2023. Linamar's excellent, consistent financial results are a result of the powerful synergistic diversification model that Linamar has developed. Two key segments drive Linamar's continued growth – the Mobility and the Industrial segments.

The global Mobility business is very large with excellent technology systems and a diverse talent pool. This capital-intensive business offers significant growth opportunities for Linamar.

The Industrial business is more regional, with a stronger presence in North America and less purchasing power in comparison to the Mobility segment. With that being said, the Industrial segment has low capex requirements which makes it a reliable generator of cash. This segment also does an excellent job of managing various brands such as Skyjack, MacDon, Salford and Bourcault that all have a high global growth potential.

On the one hand, the Mobility segment helps improve the performance of the Industrial segment by supplying talent, system expertise, a global network to enable global growth and significant purchasing power to improve profit and cash flow. On the other hand, the Industrial segment provides much needed cash for investment to the Mobility segment, as well as knowledge around effective brand management. This is a unique model, and it works exceptionally well to help Linamar drive strong and consistent top and bottom-line growth, maintain a strong balance sheet, double digit return on capital, as well as positive free cash flow. Return on capital have been in double digits over the last 14 years, apart from 2020, which was the peak year of the COVID-19 pandemic. Linamar has also generated free cash flow in the last 11 years, and Linamar expects to continue this trend in 2024.

The above highlights Management's sound strategy execution and prudent operational control to grow sales, maintain competitiveness, as well as diversify the business.

Percentage of years, out of the last 14 years, when Linamar has delivered upon each metric

¹ Free Cash Flow (FCF) and Net Earnings (NE) – Normalized are Non-GAAP Financial Measures. Please refer to "Non-GAAP and Other Financial Measures" in the separately released Q4 2023 MD&A.

² Return of Capital Employed (ROCE) is a non-GAAP financial ratio and the Company finds it useful in assessing the underlying operational performance and in making decisions regarding the ongoing operations of the business. ROCE (A/B) is calculated as Earning base (A) which is trailing twelve-month Operating Earnings of \$775 million (Q4 2022 - \$595 million) divided by Capital Employed (B) which is Equity (the most directly comparable measure as presented in the Company's Consolidated Statements of Financial Position) less Contributed Surplus of \$34 million (Q4 2022 - \$31 million) plus Long-Term Debt of \$1,772 million (Q4 2022 - \$1,308 million) less Cash of \$653 million (Q4 2022 - \$861 million).

What We Do	What We Don't Do
✓ Compensate based on performance	✗ No floor for “at risk” variable compensation
✓ Significant portion of pay is at risk and based on performance, variable compensation can and has gone to zero dollars	✗ Do not encourage excessive risk-taking with short-term incentives
✓ Deferral of a significant portion of variable compensation	✗ We do not guarantee a minimum level of vesting in our performance share units
✓ Total sum of mid and long-term incentive awards subject to performance of share price at time of grant and vesting	✗ We do not have employment agreements with multi-year guarantees
✓ External independent advice as necessary	✗ No repricing of underwater stock options
✓ Stock options are not excessively dilutive	✗ We do not adjust executive compensation calculation for other items (e.g., write-downs, COVID-19 shutdowns). Reported earnings directly correlate to compensation earned, no adjustment.
✓ Calculate and disclose the year-end dilution level of stock options as a percentage of shares outstanding	
✓ Minimum share ownership guidelines for CEO	
✓ Double Trigger change of Control	
✓ Peer group used for benchmarking	
✓ Compensation is linked directly to our strategy, using financial and non-financial, and absolute and relative performance metrics	
✓ Arrange a portal on our website to provide investors an opportunity to directly comment on executive compensation	

The statements in this section highlight in a general way select aspects and observations regarding Linamar's executive compensation. They are qualified by, and subject to, the more specific and detailed disclosures set out in this Circular.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Governance

Linamar is a diversified manufacturer of products that power vehicles, motion, work, and lives. Our advantages lie in industry-leading technology, the expertise and commitment of our people, and a performance-oriented culture built on continuous improvement and attention to detail. Our growth aspirations, together with the highly technical nature of our business and its attendant complexities, demand a highly skilled workforce and a dynamic senior management team with a broad set of skills. It is in this context that Linamar seeks to attract and inspire exceptional executive talent.

The objectives of the Linamar compensation program are as follows:

- ◆ Compensation is to be used as a tool to attract, retain, and motivate top quality executives;
- ◆ The program should align the interest of executives with those of the Corporation's shareholders (both short and long-term investors) through the application of pay for performance and the rewarding of actions that are in the best interest of the whole;
- ◆ Variable performance-based targets and KPIs should align closely with our Stepping Stool strategy for success with a balance between customer, employee, and shareholder related value generation;
- ◆ The compensation program should encourage appropriate risk-taking;
- ◆ Increased levels of variable (performance-based) compensation with increasing levels of responsibility;
- ◆ Target overall total compensation to be at 75th percentile of peer competitors; and
- ◆ Target base salaries to be at 25th percentile or below of peer competitors.

The Role of Risk Oversight

The HRCG Committee ("Committee") is responsible for setting executive compensation levels.

The Senior Executive Group ("SEG") performs a risk-based evaluation for the Company each year and all of these risks are factored into the strategic planning process and form part of the SEG's and management's personal objectives on which executive compensation is partially based. The SEG understands that if risks are not adequately managed, then personal objectives and commensurate compensation will be negatively impacted.

The process of setting CEO objectives each year includes an adequate and proportionate assessment of key risks. Performance to these set objectives establishes the CEO's base rate and discretionary long-term equity-based compensation annually.

It is important to state that the largest part of executive compensation relates to bottom-line profit performance. The ineffective management of risk impacts profit performance directly. Therefore, taking undue risk will certainly be an impact on profitability, thereby affecting executive compensation.

Further, a portion of executive compensation is deferred compensation, specifically stock options, share grants, and Restricted Share Units, which vest over time. Inattention to risk affects future performance, ultimately affecting these compensation elements negatively based on future earnings/risk and therefore share performance. The effective management of risk factors comprehensively into Linamar's compensation formula and so, managing risk forms an integral part of what motivates an executive's overall performance.

Finally, it is important to state that Linamar's executive officers count among them a shareholder with a substantial equity position in the Company that forms a substantial part of her personal wealth. Therefore, by its nature, the management of the Company is risk-averse and moves very prudently with any decision that might affect share price.

Responsibilities of the Committee

With respect to matters of compensation of the CEO, the Committee:

- ♦ Reviews and approves periodically, but no less frequently than annually, the Company's goals and objectives relevant to compensation of the CEO, including the balance between short-term compensation and long-term incentives;
- ♦ Establishes specific performance objectives for the CEO;
- ♦ Evaluates the performance of the CEO in light of those goals and objectives; and
- ♦ Determines and approves the compensation level of the CEO based on such evaluations, which include actual quantitative performance on key metrics.

In determining compensation, the Committee considers, among other factors it deems appropriate from time to time, the Company's performance, and operating criteria during such periods as the Committee may deem appropriate, the value of similar compensation levels to persons holding comparable positions at comparable companies and the compensation levels given to the CEO in prior years. The Chair of the HRCG is responsible for communicating to the CEO the evaluation of the performance and the level of compensation approved for the CEO.

In addition, as part of the regular Committee quarterly agenda, the Committee assesses the Company's performance against industry peers in automotive and industrial markets. This benchmark report is a good indicator of overall Company performance across a wide variety of factors: overall financial performance, sales, earnings, and balance sheet management, as well as productivity and growth measures. This provides a sound context for the Committee to assess management's overall performance.

The Committee is also responsible for the following:

- ♦ Review, approve, and recommend to the Board the adoption of a compensation strategy for the Company;
- ♦ Annually review, approve, and recommend to the Board, the Report on Executive Compensation for inclusion in the management proxy circular for the annual general meeting of Shareholders;
- ♦ Review, approve, and recommend to the Board any stock option issue proposed by management;
- ♦ Administer the Stock Incentive Plan; and

- ♦ Administer the Long-Term Incentive Plan.

Overall Compensation Philosophy

In keeping with Linamar's Stepping Stool strategy for success, which underpins all Board and management decisions, the executive compensation program at Linamar attempts to balance employee and customer needs with financial results. Therefore, its compensation philosophy seeks to provide a fair and equitable compensation within the framework of a competitive structure making sense to its shareholders and customers.

Elements of the Company's compensation program for senior executives this year include:

1. Base salary
 - ♦ Cash-based annual incentive plans
 - ♦ Stepping Stool Bonus
 - ♦ Manage the Present and Create the Future ("RSU Plan") Bonus
 - ♦ Profit Bonus
 - ♦ Performance-based Discretionary Bonus (Non-Operational Executives only)
2. Deferred Incentive Awards
3. Performance-based Discretionary Bonus (Share Options or Share Grants)

Fair compensation means compensation in line with like-sized and like-focused companies for achieving targeted goals and performance. The Company prepares comparisons for executives based on broad industry surveys of like-sized companies, as well as assessing specific compensation for publicly traded companies in Canada, whose capitalization and focus on industries in Canada and the United States are similar to those of Linamar. When setting executive compensation

at Linamar, the Company sets: pay levels based on comparisons of total cash compensation, including total direct compensation, and levels of fixed pay on comparisons of performance-based pay, performance pay programs that incentivize executives of similar companies, as well as broader industry trends.

Why We Don't Index Certain Performance Incentives Directly to Peers

According to the Company's compensation philosophy, the Company itself must perform and grow regardless of industry conditions for bonuses to be paid. For instance, the Profit Bonus is payable only in direct proportion to profit generated regardless of its relativity to its peers. If profit declines at a lower rate than profit declines in the peer group that is not considered a satisfactory achievement to pay out bonuses to the Company's executives. A satisfactory achievement would be profit growth, not decline. According to Linamar's compensation philosophy, lower profit should result in less compensation, even if that would result in a lower compensation package than its peer group. The Board believes in building a company that strategizes for and achieves consistent sustainable growth, regardless of industry conditions, and has reasonably built its reward system accordingly.

That said, overall compensation is expected to be commensurate with peers, meaning comparison to a peer group is an important step in setting compensation components. Linamar is somewhat unique in Canada, for its size in automotive parts manufacturing and the fact that it is publicly traded. Its closest likeness in the Canadian market

would be Magna Corporation, which is five times its size in terms of revenue. Therefore, the Committee has had to develop a broader comparator group amongst Canadian (and some US) publicly traded companies to make meaningful comparisons with respect to executive compensation.

Selection of Peer Groups For Compensation Benchmarking

When selecting comparator companies, the Company tries to find other publicly traded companies within the same sector and at the same (or greater) capitalization levels. These comparators are used to ensure the amount and mix of compensation potential for satisfactory performance are commensurate with the position held by the Senior Executives in order to attract and retain the best people for the Corporation.

Factors Considered in Selecting Peer Groups	
Industry	Complexity of Operations
Size based on annual revenues	Number of Employees
Ownership structure (public or private)	Controlling shareholder interest
Country of head office or a major subsidiary	Global scope of operations
Feedback from shareholders	Feedback from proxy advisory firms (ISS and Glass Lewis)

While this list is not exhaustive, we note that the balancing and rationalization of these factors is imperative when developing a reasonable list of comparators. In previous years, the global proxy advisory firm Institutional Shareholder Services (“ISS”) has (as we understand) weighted factors like country of incorporation or stock market of record above all other factors when selecting a peer group for their own calculations and analysis of Linamar’s executive compensation program. The net effect of that weighting resulted in Canadian businesses like Dollarama, Inc. (discount retail), Leon’s Furniture (retail/home furnishings) and Canadian Tire (retail) being used by ISS as peer competitors. Magna Corporation was not included in ISS’ list of direct competitors for Linamar.

While proxy advisory firms can provide valuable insight and analysis to Linamar’s investors, the value of such analysis should be taken into context when the factors underpinning the selection of a peer group are skewed or overly weighted in one direction and exclude our industry peers. The peer comparator group used by ISS does not include most of Linamar’s competitors in automotive or industrial supply and rather includes companies in very different industries with very different industry dynamics. When engaging in succession planning and talent recruitment, Linamar’s Board and management do not actively look for executives from the retail, home furnishings or airline industries. Linamar, however, does actively recruit top talent from American based comparables, which are unfortunately not included in ISS’s proxy comparable group. As a result of this weighting by ISS, the utility of ISS’s guidance on compensation matters is not entirely clear to the Board.

The HRCG Committee maintains the list of benchmark companies to gauge the appropriateness of Linamar’s compensation philosophy and outcomes. These companies remain heavily influenced by the comparator suggestions of our shareholders and through the growing dialogue between the Company and proxy advisory firms such as ISS and Glass Lewis.

Peer Benchmarking Group							
Adient PLC	Agco Corporation	American Axle	Aptiv PLC	BorgWarner Inc.	CNH Industrial	Cooper-Standard Holdings Inc.	Cummins Inc.
Dana Incorporated	John Deere	Eaton Corporation	Emerson Electric Co.	Georg Fischer	Haulotte	Illinois Tool Works Inc.	Lear Corporation
Magna International Inc.	Manitou	Martinrea International Inc.	Oshkosh Corporation	Tenneco Inc.	Terex Corporation	Tower International Inc.	

In establishing senior executive compensation packages, the Company also considers general survey data for like-sized companies in Canada. While Linamar does not use comparative performance to its peers to reward the performance of its NEOs, it does review the total compensation of a select comparator group (noted above) to ensure that its total compensation is in line. The analysis uncovered that the Company's senior executive compensation in 2023 was within the targeted 75th percentile range for both the CEO and the senior executives collectively.

2023 COMPENSATION ELEMENTS				
Term	Base Salary (1 Year)	Short Term Incentives (1-3 Years)	Long Term Incentives Share Grants (5 years)	Long Term Incentives Stock Options (10 Years)
Purpose	Provide fixed level of compensation	Reward exceptional individual performance and achievement of key performance measures	Reward the creation of longer-term shareholder value and the achievement of specific performance objectives	Further link the interests of executives to those of shareholders by rewarding executives for the creation of long-term value
Criteria	Individual performance, responsibilities, experience, and skills	Reward individual performance, core competencies and behaviours based on achievement and surpassing of Stepping Stool KPIs and corporate profit	Performance to company strategy and publicly disclosed goals, performance against personal performance objectives and sustained performance aligned to longer-term objectives	Performance to company strategy and publicly disclosed goals, performance against personal performance objectives and sustained performance aligned to longer-term objectives
Payment/Vesting	Paid during fiscal year	Payment in line with specific criteria for performance or achievement of Stepping Stool KPIs and the achievement of profitable business. Stepping Stool bonuses are paid out in cash annually. The RSU Plan Bonus pays out 50% in cash and 50% in RSUs which "cliff" vest after three years.	Earned in fiscal year, vest annually over a five-year period at a rate of 20% per year	Earned in fiscal year, vest annually over a ten-year period at a rate of 10% per year
Policy Alignment with Peer Groups	Targeting 25 th percentile offered in the applicable peer group	Currently falls in the 75 th percentile of peer group. This is a reflection of the fact that CEO/Executive Chair is the significant share owner and incentives need to be balanced towards shorter-term thinking	Currently in the 25 th percentile of peer group to counterbalance larger short-term incentives and to reflect the fact that Executive Chair/CEO already has significant long-term exposure.	Currently in the 25 th percentile of peer group to counterbalance larger short-term incentives and to reflect the fact that Executive Chair/CEO already has significant long-term exposure.

Why We Don't Adjust Executive Compensation for Other Items or Financial Events

It is a top priority of Linamar's Board of Directors and its current management to drive shareholder value and return on investment through profitable sustainable growth. While certain events may happen during a fiscal year which are outside of the control of our Executives, such as the extended closures of customer operations during the COVID-19 outbreak or the automotive labour shutdowns in Q3 of 2023, these events nevertheless impact our ability to drive profit. Simply put, Linamar's Board of Directors believes that our executives should not reap the benefits of certain incentives if our shareholders are not seeing those same benefits through profit that is either returned to them or reinvested in the growth of their Company. Similarly, if management overpays for an acquisition and must take a subsequent write-down, the compensation is directly impacted. Executives at Linamar are expected to own all decisions and their impact on the organization. Along a similar vein, there are no adjustments to earnings before calculation of the bonus.

CEO Compensation in Line with Performance

Objective criteria guide CEO compensation. The Company has established various incentive programs, which are exclusively formula based, and systematically calculate annual cash bonuses for the CEO and all other Senior Executives. The HRCG Committee sets the percentages, with periodic re-assessments through general comparison to industry and comparator company standards, and those percentages apply directly to Company results. Therefore, there is no room for discretion on those bonuses. There are deferred-incentive awards such as stock options or share grants that vest over time and are awarded at the discretion of the HRCG committee, based on the Senior Executive's overall performance levels to stated goals and objectives.

In 2023, sales were up 22.9%, operating earnings were up 30.3% and net earnings were up 18.0% relative to 2022. After careful review and analysis of stated performance objectives in 2023, the Committee calculated the CEO's overall success rate of 94.7% of implemented objectives and a rate of 80% inclusive of quantitative goals. Therefore, the CEO's overall performance from the Company's STAR⁴ evaluation system was 87.4%. CEO compensation increased by approximately 15.4% in 2023 in large part due to the increase in the Annual Profit Bonus based on the increase in overall Company earnings in the current year compared to the prior year. Executive bonuses are assessed and paid quarterly.

The Company's objectives are structured around three key areas or "legs" (as in the Stepping Stool Program, discussed further in this Circular): 1) Customer; 2) Employee and 3) Financial. Key CEO objectives in 2023, supporting the Company objectives, included:⁵

Key CEO objectives in 2023, supporting the Company objectives, included:

Customer	
Critical Growth Strategies	♦ Hit targets for new business wins ♦ Evaluated and executed on opportunities for inorganic growth
Advance Diversification Agenda	♦ Advanced diversification strategies in MedTech, Hydrogen, Water, Power with a focus on organic and inorganic growth
Employee	
Refine Talent Review Process	♦ Continued momentum on Diversity work ♦ Focused on talent attraction and retention ♦ Reinforced a culture of ownership
Financial	
Major Systems Implementations	♦ Implemented new consolidation and forecasting system ♦ Implemented AI tools and projects Company-wide
Sustainability	♦ Championed Roadmap to Carbon Neutrality by 2050

The Committee was satisfied with the CEO's overall performance in these three key areas as well as other more specific quantitative objectives.

⁴ "STAR": Setting Targets Achieving Results.

⁵ Overall Weighting for CEO 2023 Objectives: Customer (28%); Employee (38%); Financial (26.7%); and Personal (2%).

Key CEO objectives in 2024, supporting the Company objectives, include:

Customer	
Connect and Grow – Customer Relations Program	◆ Renew and establish relationships through face-to-face interactions ◆ Ensure sufficient risk-sharing with key customers
Critical Growth	◆ Implement Group Growth plans across various divisions within Linamar ◆ Focus on longer term growth initiatives
Employee	
Talent Pipeline	◆ Identify new Succession candidates for the senior operational leadership team ◆ Refine the existing Talent Process to meet the evolving labour market criteria
Diversity	◆ Employee Resource Group (ERG) framework rollout ◆ Celebrating Diversity Program
March Organizational Changes	◆ Shared services role clarity
Financial	
Strengthen Profitability	◆ Top Focused Facility program and 10% energy reduction ◆ Improve mobility segment performance
Recraft IR Story	◆ Focus on consistent, sustainable and strong organizational performance ◆ Emphasize and strengthen symbiotic Mobility-Industrial relationship
Acquisition Integration	◆ Continued integration support for the DURA and Mobex entity ◆ Finalize, close and successfully integrate the recently announced acquisition of Bourgault entities
Major System Implementation	◆ Implementing and/or updating of systems such as EPMS and AP Automation

Though discussed in more detail in the Compensation Discussion & Analysis, in summary the CEO pay in 2023 was comprised of:

Base Rate

Set based on comparative industry data of both like-sized companies in Canada and comparator companies in like industries in North America. Target to be in the 25th percentile of peer group.

Annual Bonus

1. Stepping Stool Bonus – Potential 15% of base rate based on achievement of a series of quantitative key performance indicators reflecting Customer, Employee and Shareholder satisfaction (Stepping Stool objectives) such as Quality Performance, Safety, Turnover and Profitability.
 - ◆ Overall achievement of 60% based on performance on the specific goals resulting in stepping stool bonus payment of 10% of base rate or \$70,778.
2. Profit Bonus – 1.75% of Earnings before tax (“EBT”) (note: the Company does not adjust profit for other items prior to calculating the CEO or any other executive bonuses).
 - ◆ Quarterly EBT resulted in a profit bonus payment of \$12,316,688.

Deferred Incentive Awards

Two deferred incentive award programs are available to our NEOs to condition compensation against multi-metric performance goals. They are:

1. Standard share options or share grants: These awards are periodic, vesting over time and reflect exceptional performance measured against Company strategy and goals and personal objectives. All awarded share options or grants vest over a period of time; options vest over a 10-year period (10% per year) and share grants vest over a five-year period (20% per year).
 - ♦ In setting these awards the HRCG Committee considers performance compared to stated personal objectives (set with the Board on an annual basis), the level of sustained performance aligned with long-term Company objectives and actual results from the Company's STAR employee evaluation system. High levels of performance result in an opportunity for deferred incentive awards determined in proportion to the level of performance. It is important to note that option or share-based awards must be based on established performance targets for any given year and are subject to committee evaluation in terms of overall company performance and other key factors. If the Committee is concerned with overall performance for example, they have the discretion to adjust down these awards. In 2023, the CEO received 50,000 share-based awards valued at \$2,894,500 for her strong STAR 87.4% performance score and a holistic evaluation of overall company performance and condition.
2. Manage the Present and Create the Future (RSU Plan) Bonus – The RSU Plan Bonus is structured to reward a specific set of growth focused metrics including meeting targets for annual sales, non-cash working capital targets, operating earnings, capital expenditures and new business wins. As it is performance based, the value of the RSU Plan Bonus is entirely at risk, with award calculations occurring annually in the fourth quarter. Half the value of the RSU Plan Bonus is paid out in cash in Q1 of the following year while the remaining 50% of the total value granted by the RSU Plan Bonus is awarded in RSUs that vest entirely in three years. The maximum realizable bonus under this program is targeted at 30% of base salary with a cap of 60%.
 - ♦ Overall achievement of 23.48% based on performance on the specific goals resulting in a RSU Plan Bonus of \$166,587 for 2023.

Balancing Short- and Long-Term Incentives for the CEO

One issue of note with respect to the CEO's compensation package that was raised frequently during Linamar's recent round of ESG shareholder engagement was the heavy weighting of the CEO's overall compensation towards cash based shorter-term incentives, rather than longer-term option-based incentives, as is more typically seen within Linamar's peer group. The logic behind this structure is two-fold:

- ♦ The current Executive Chair and CEO is the largest Linamar shareholder. Her investment in Linamar also represents a significant portion of her personal wealth. As a consequence, the Board believes that she is naturally incentivized to be risk averse and take a long-term approach to value generation. While that thinking is beneficial for a substantial portion of Linamar's shareholders, the Board wants also to attract short and mid-term investors and therefore have incentivized the executive by aligning the majority of her compensation with the achievement of shorter-term annual goals. Philosophically, the aim of these short-term incentives is to encourage our executives to take prudent risks that will grow the business.

- Until recently, Linamar primarily competed in the automotive parts and supply business, which is highly cost sensitive and requires suppliers to provide annual cost reduction “give-backs” to OEM automobile assemblers. As a result, Linamar’s ability to survive and compete against much larger direct competitors, like Magna, was premised heavily on its executive’s ability to manage costs and generate long term, sustainable and profitable growth. Profit and efficient use of capital, as calculated by EBT was, and continues, to be an excellent measure for Linamar’s generation of shareholder value. An EBT indexed incentive structure connects compensation with the operational impact of everyday decisions and drives strong managerial focus on lean/efficient operations through effective management of costs.

Notably, while the short-term incentives portion of the CEO’s compensation is well above the median of Linamar’s peer group, the long-term incentives package is conversely well below the median of Linamar’s peers. The net effect of this weighting is to counterbalance and to bring CEO compensation within the targeted 75th percentile amongst Linamar’s peers.

ELEMENTS OF COMPENSATION

Base Salary

The Company believes that a significant component of executive compensation should be at risk as a matter of good corporate governance and to reflect and reinforce Linamar’s entrepreneurial culture. Therefore, it sets base salaries at relatively low levels in comparison to the market to ensure that compensation aligns primarily to results-driven performance and the pursuit of sustainable profitable growth.

The Company assesses base salary, total cash compensation and total direct compensation. Generally, minimum base salary rates are set at the 25th percentile of the survey base rates. Adjustment of minimum and maximum base salary levels from these levels occurs occasionally to ensure appropriate comparative compensation levels within a team or within a discipline in the organization.

NEO ⁶	Year	Base Salary
Linda Hasenfratz	2023	\$709,363
	2022	\$675,584
	2021	\$662,337
Jim Jarrell	2023	\$567,823
	2022	\$540,376
	2021	\$530,180
Dale Schneider	2023	\$377,136
	2022	\$358,906
	2021	\$352,135
Sam Cocca	2023	\$457,392
	2022	\$398,257
	2021	\$377,299
Ken McDougall	2023	\$350,000
	2022	\$350,000
	2021	\$327,914

⁶ Named Executive Officer (“NEO”), as defined in Form 51-102F6 – *Statement of Executive Compensation*.

Organizational Alignment

Linamar aligns business strategies and goals to any compensation strategy’s objectives to maximize the likelihood of their attainment. Therefore, the Company provides variable pay plans and packages (with varying incentive targets) for different levels of employees. It designs variable compensation to reward financial and operational performance to goals, as well as collective and individual achievements.

In all cases, compensation is a combination of base salary (fixed pay) coupled with a bonus (variable or performance-based pay). Depending on the position, bonuses will be comprised of cash or a combination of cash and equity instruments (i.e., stock options or share grants). The portion of performance-based or variable pay applies throughout the organization but increases in accordance with increasing levels of responsibility. See chart below for the target percentage distribution for all senior employees within the organization.

Position	Base (Fixed Salary) as a % of total compensation	Performance-based (Variable Compensation) as a % of total compensation
General Managers	40%	60%
VPs & Directors	55%	45%
Group Presidents	30%	70%
Senior Executive Group	40%	60%
Chairman, CEO and President	20%	80%

Senior Executive Group

Chairman, CEO & President

Variable pay weighs both collective and individual performance with increasing emphasis on collective performance the more senior the role in the organization. Please refer to the following chart for percentage breakdowns.

VARIABLE SALARY WEIGHTING TARGETS				
Position	Individual	Plant level results	Group level results	Corporate level results
General Managers	0%	80%	0%	20%
VP & Directors	20%	0%	0%	80%
Group Presidents	0%	0%	50%	50%
SEG	20%	0%	0%	80%
Chairman, CEO and President	0%	0%	0%	100%

Bonuses are directly tied to performance and aligned with Company goals, objectives, values and valued behaviour. Performance drivers include productivity, various indicators of customer and financial satisfaction, profit, return on investment, performance related to the Company’s core values and leadership behaviours, personal objectives attainment, approach to the job and attitude and achievement of growth goals.

The Company allows for deviations from its compensation program guidelines only when responding to business-critical, market-based attraction and retention needs supported by valid and timely data and relating to such situations as: out-of-country hires and singular, specialized skills, which are scarce in the marketplace.

Elements of Variable or Performance-based Compensation

The Company believes in the concept of aligning pay to performance on key business metrics that align with the Company's overall strategy.

1. The Company has a core strategy of maintaining and growing profitability while appropriately utilizing the Company's assets and cash. Accordingly, a bonus program has been established, the Corporate/Group Profit Bonus Program, to reward executives at a set percentage of profit achieved, while ensuring cash use is optimized.
2. Another key element of the Company's strategy focuses on the concept of balancing Customer, Employee and Financial Satisfaction. Accordingly, a bonus program, the Stepping Stool Program, measures key metrics of satisfaction for each of customer, employee and shareholder and provides a bonus to executives on successful attainment of those metrics.
3. Finally, a third bonus program seeks to incentivize and reward capital-efficient value creation over a three-year performance period, thereby driving direct medium-term shareholder value. This bonus program, referred to as the Manage the Present and Create the Future (RSU Plan) Bonus Program, is described in greater detail below.

The Company establishes specific strategies annually as targets for achievement in the ensuing year, medium term, and long term. Specific objectives are set for each executive to support these strategies and performance to such evaluated in establishing Performance Based Discretionary Bonuses.

Annual Incentive Plans: Corporate/Group Profit Bonus Program

Annual incentives, or bonuses for the Profit Bonus Programs, are all formula-based.

The Corporate Profit Bonus payment is based on a set formula derived from net quarterly earnings of the Corporation before provisions for (recovery of) income taxes and is payable each quarter. Both net earnings and provisions for (recovery of) income taxes are in the consolidated financial statements of the Corporation. EBT is a driver for this significant portion of the variable compensation package as it accurately captures both earnings from operations and the financing cost of creating those earnings thereby motivating executives to manage both the income statement and balance sheet. EBT is the key driver of earnings per share and ultimately the share price itself, and as such directly links executive compensation to shareholder satisfaction (the "**Corporate Profit Bonus Program**"). There is no minimum threshold of performance to be eligible for this bonus, nor is there a cap. In the absence of profit, no bonuses are paid. No adjustments are made to EBT for any other items whatsoever, again aligning compensation directly to reported earnings per share and thereby share price.

The Board, through the recommendations of the Chair and the Committee, sets the percentage incentive for the Chair and the CEO (who will be the same individual for fiscal 2024). For fiscal 2023 the Executive Chair and CEO's annual incentive was equal to 1.75%, calculated quarterly, for the Corporate Profit Bonus Program. The Corporate

Profit Bonus Program applies to senior executives at the corporate level with the bonus percentage varying, dependent on position.

As this bonus program is completely “at risk” annually and is driven entirely on management’s ability to generate profitable growth, the Board believes that this program is a perfect driver of Linamar’s entrepreneurial culture which will continue to be a critical component of Linamar’s future success.

NEO	Year	Corporate Profit Bonus Program
Linda Hasenfratz	2023	\$12,316,688
	2022	\$9,854,038
	2021	\$9,729,273
Jim Jarrell	2023	\$8,797,634
	2022	\$7,038,598
	2021	\$6,954,767
Dale Schneider	2023	\$527,858
	2022	\$422,316
	2021	\$416,176

A similar bonus program, the “Group Profit Bonus Program”, is established for senior executives at the group level and also paid on a quarterly basis. Their annual incentive is a return on adjusted asset calculation. It compares their group’s earnings before interest and taxes (“EBIT”)⁷ to a threshold percentage return on the group’s adjusted asset base, represented by the level of capital assets and working capital of their group. The NEO receives 1% of the amount by which EBIT exceeds the threshold percentage of the adjusted asset base for the group. This Program incentivizes executives to minimize use of cash in their operations as higher levels of net assets result in a higher threshold level of EBIT required before “bonusable” earnings are payable.

NEO	Year	Group Profit Bonus Program
Sam Cocca	2023	\$1,193,637
	2022	\$1,071,046
	2021	\$1,017,450
Ken McDougall	2023	\$2,312,617
	2022	\$1,230,576
	2021	\$587,714

There are no minimum targets to reach for the Profit Bonus Programs (other than the above noted threshold for the Group Profit Bonus Program) and it is paid at the indicated percentages for all levels of bonusable earnings. There is no cap, but importantly there is also no floor, if the Company is not profitable the Executives do not receive this bonus which comprises the vast majority of their pay.

Annual Incentive Plans: Stepping Stool Program

The calculation of the Stepping Stool Incentive Program is the same for every employee of the Corporation and is a balance of measurements reflecting performance in three key areas: employee, customer, and financial satisfaction. See Appendices B and C for specific Stepping Stool Program targets and achievement levels in 2023.

⁷ EBIT is calculated based on the net income of the consolidated company before deduction of interest expense and taxes made during such period in accordance with GAAP.”

Payout levels for successful attainment of stepping stool goals depend on position, with management entitled to up to 15% of base salary for attaining such goals. All of the NEOs are entitled to a bonus of up to 15% of their base wages under this Program. Performance assessed by leg derives a potential score of 15 points and a potential payout of 5% for each leg for acceptable performance to goals. Acceptable performance leads to a green rating and full 5% payout, fair performance to a yellow rating and 40% of potential or 2% payout and unacceptable performance to a red rating and no payout. This variable compensation program ensures that executives and all employees pay close attention to key customer and employee satisfaction metrics, as well as overall financial results.

NEO	Year	Stepping Stool Bonus Program
Linda Hasenfratz	2023	\$70,778
	2022	\$64,028
	2021	\$70,779
Jim Jarrell	2023	\$56,733
	2022	\$51,297
	2021	\$56,739
Dale Schneider	2023	\$37,811
	2022	\$34,194
	2021	\$37,824
Sam Cocca	2023	\$29,554
	2022	\$30,635
	2021	\$41,600
Ken McDougall	2023	\$40,788
	2022	\$27,462
	2021	\$16,648

For more detailed descriptions of payout levels against Stepping Stool objectives for 2023, see Appendices B and C.

Deferred Incentive Awards

The Company believes executives should build equity in the Company to align their interests to those of shareholders. Accordingly, the Company has deferred compensation programs in place for most of its senior executives, which include the award of share grants and options as specifically itemized in the various compensation tables below.

Deferred Incentive Awards reflect performance to company strategy, goals and personal performance. In setting these awards, the HRCG Committee considers performance to stated personal objectives, the level of sustained performance aligned to longer-term company objectives and results from the Company's "STAR employee-evaluation system". Deferred Incentive Awards can take the form of either stock options or share grants. Deferred Incentive Awards are directly linked to overall performance levels and proportionate to the level of performance.

The Company believes that this form of compensation continues to promote the long-term success of the Corporation by providing equity-based incentive awards to eligible employees of the Corporation. It is also important for the Corporation to be able to offer equity incentives to assist in attracting and retaining individuals with superior experience and ability.

Deferred Incentive Awards - Manage the Present and Create the Future (RSU Plan) Bonus Program

The Linamar Manage the Present and Create the Future (RSU Plan) Bonus Program was established for the 2021 fiscal year and replaced the Share Price Bonus Program.

The RSU Plan is governed by the Board of Directors and the HRCG Committee may make recommendations to the Board of Directors in relation to the RSU Plans and to awards of RSUs. The Board of Directors has the ultimate and

sole power and authority to award RSUs under the RSU Plan and to interpret the terms and conditions of RSUs that have been awarded. Under the RSU Plan, the Board of Directors may at any time amend, suspend or terminate the RSU Plan, in whole or in part, or amend any term of any issued and outstanding awards including the earning, vesting and expiry of an outstanding award.

Under the RSU Plan, the Board of Directors may award RSUs to executives and to other eligible participants. When bonuses are awarded, 50 percent of the value of the bonus is paid out in cash at the year end, while the remaining 50 percent of the value is paid out in RSUs. Each vested RSU entitles the participant to receive one common share or its cash equivalent, at the discretion of the HRCG Committee and subject to the achievement of performance and time vesting conditions.

Following an award of RSUs, the applicable RSU Plan trustee purchases in the open market the shares the Company may elect to deliver to the Canadian participants on settlement. The applicable plan trustee holds the shares in trust for the purposes of the RSU Plan. Any recipients outside of Canada are paid out in cash at an amount equal to the value of the RSU's on the settlement date.

On the settlement date, participants receive from the applicable plan trustee a number of common shares equal to the number of RSUs that have vested, less any common shares sold by the plan trustee in the open market to satisfy tax obligations owing in connection with the RSU Plan awards. Upon resignation or termination, RSUs that have not become eligible to vest are forfeited and cancelled, and RSUs that have become eligible to vest are settled on the date of resignation or termination. Unless otherwise provided for by the RSU Plan, RSUs automatically vest on December 15th of the third calendar year following the end of the fiscal year for which the RSU award is made. The Company does not provide any financial assistance to participants under the RSU Plans.

The calculation of the RSU Plan Bonus Program is the same for every eligible employee and is a balance of measurements reflecting new business wins, adjusted operating earnings, non-cash working capital, capital expenditures and sales. See Appendix D for specific Manage the Present and Create the Future (RSU Plan) Program targets and achievement levels in 2023.

Payout levels for successful attainment of RSU Plan are targeted at 30% of base salary with stretch goals leading to a possible maximum of a 60% reward.

NEO	Year	RSU Plan Bonus Program
Linda Hasenfratz	2023	\$166,587
	2022	\$188,488
	2021	\$231,818
Jim Jarrell	2023	\$133,348
	2022	\$150,765
	2021	\$185,563
Dale Schneider	2023	\$88,567
	2022	\$100,135
	2021	\$123,247
Sam Cocca	2023	\$107,414
	2022	\$111,114
	2021	\$132,056
Ken McDougall	2023	\$82,194
	2022	\$97,650
	2021	\$114,770

For more detailed descriptions of payout levels against set metrics and objectives see Appendix D.

Deferred Incentive Awards - Cash-Based and Share Grant Objective Based Incentive Awards

Some NEOs are eligible for an objective bonus based on performance that could represent up to 20% of base salaries depending on position and performance to individual objectives (“Objective Bonus Program”). Assessment of performance is both quantitative and in terms of attainment of specific goals and objectives and overall approach to the job, which together drive a specific level of performance articulated as a percentage performance. Level of performance on quantitative and qualitative goals and objectives directly links to the bonus payout level with a small amount of discretionary adjustment permitted (+/- 15%). When eligible, these NEO bonuses are payable as a combination of cash and share grants. The percentages of cash and long-term compensation vary by position. The Objective Bonus Program focuses executives on attainment of committed individual goals and overall, Company goals, as well as overall performance in overcoming challenges associated with their responsibilities and leadership aligned with Company culture. Performance-Based Objective Bonus programs focus on non-operational executives such as the SEG (excluding the CEO and President), VPs and Directors.

The following table sets out the cash-based Objective Bonus Program award for eligible NEOs.

NEO	Year	Cash-Based Objective Bonus Program
Dale Schneider	2023	\$37,714
	2022	\$35,918
	2021	\$35,603
Sam Cocca	2023	-
	2022	-
	2021	\$42,946

Share grants also reward operational executives based again on overall STAR performance levels. Executives’ performance levels directly link to the STAR performance level with a small amount of discretionary adjustment permitted (+/- 15%) and are fully payable in share grant with no cash payment element.

The following table sets out the number of share grants received in 2021, 2022 and 2023 for all of the NEOs. These are also included in the tables setting forth the NEO’s equity compensation and the summary table of their compensation.

NEO	Year	Number of shares received	Value of shares received
Linda Hasenfratz	2023	50,000	\$2,894,500
	2022	50,000	\$3,311,500
	2021	50,000	\$3,627,500
Jim Jarrell	2023	-	-
	2022	-	-
	2021	-	-
Dale Schneider	2023	473	\$28,983
	2022	925	\$55,182

Sam Cocca	2023	-	-
	2022	-	-
	2021	-	-
Ken McDougall	2023	-	-
	2022	-	-
	2021	-	-

Description of Option or Share Grants

The Executive Chair generally approaches the HRCG Committee with a recommendation on the issuance of options under Linamar's Stock Incentive Plan more fully described below. This may occur at the end of a fiscal year as part of the normal review process, or it may occur at other times as business circumstances dictate. Through discussion with the Chair, the Committee decides upon a recommendation regarding the issuance or non-issuance of options and makes a recommendation to the full Board. When awarding new grants, any previous grants of options factor into the decision.

All options granted vest over a 10-year period (10% per year) and all share grants vest over a five-year period (20% per year). Both the share-based awards and option-based awards align executives' focus with long-term shareholder value. Awards begin to vest over a long-term period to ensure that future performance of the Company results in an impact to compensation awarded today. This helps to ensure that executives make decisions that benefit both present and future value.

Description of Stock Incentive Plan

Under the Stock Incentive Plan (or "the Plan"), stock options ("Options") and tandem stock appreciation rights ("Tandem SARs") may be granted to eligible employees and consultants. A Tandem SAR is a right to receive, upon the exercise of the Tandem SAR (and corresponding cancellation of the Option to which it relates), payment for the amount by which the market value of a Common Share at the time of exercise exceeds the exercise price of the Option/Tandem SAR. See the section entitled "*Grant of Tandem SARs*" below.

Eligible Participants

Individuals who are eligible to receive Options and Tandem SARs ("Awards") under the Plan are limited to selected full-time and part-time employees and consultants of the Corporation and its subsidiaries, including directors of the Corporation but only if they are full-time employees of the Company or its subsidiaries. Participation of an individual under the Plan will be voluntary. Note that options are not used to compensate Independent Directors.

Insider Participation Limit

The number of Common Shares issuable to insiders (as defined in the rules of the TSX) under the Plan and all other security-based compensation arrangements (as defined in the rules of the TSX) of the Corporation may not exceed 10% of the issued and outstanding Common Shares. The number of Shares issued to Insiders within any one year under all security-based compensation arrangements of the Corporation may not exceed 10% of the issued and outstanding Common Shares.

Administration

The Stock Incentive Plan is administered and interpreted by the HRCG Committee or any successor committee. Subject to and consistent with the terms of the Plan, the Committee will have full and complete authority, among other things, to:

- ♦ interpret and administer the Plan and documents evidencing Awards;

- ♦ determine those employees and consultants of the Corporation who may be granted Awards, and grant one or more Awards to such employees and consultants;
- ♦ determine the terms and conditions of Awards granted to any participant under the Plan;
- ♦ determine whether and the extent to which any performance criteria or other conditions applicable to the vesting of an Award have been satisfied or will be waived or modified;
- ♦ amend the terms of any instrument of grant or other documents evidencing Awards; and
- ♦ determine whether, and the extent to which, adjustments shall be made as a result of a capital reorganization of the Corporation and the terms of any such adjustments.

The Committee may delegate its powers, rights, and duties under the Plan, in whole or in part, to another committee or persons as the Committee may determine, subject to certain limitations as set out in the Plan.

Stock Option Grants

The Committee may from time to time grant one or more Awards of Options to eligible employees and consultants of the Company on such terms and conditions, consistent with the Plan, as the Committee determines.

The exercise price for Options may not be less than 100 percent of the Market Value of a Common Share on the effective date of the grant of the Option. The “Market Value” of a Common Share is the volume weighted average trading price of the Common Shares on the TSX (or other applicable exchange) for the five consecutive trading days immediately preceding the date of grant. However, (i) if the Common Shares did not trade on any of those trading days, the Market Value will be the average of the bid and ask prices for the Common Shares at the close of trading on all of such trading days and (ii) if the Common Shares are not listed and posted for trading on any stock exchange, the Market Value shall be the fair market value of the Common Shares as determined by the Board in its sole discretion.

Vested Options may be exercised in accordance with such procedures as may be established by the Committee and the documents relating to the grant of the Option. The exercise price is payable on exercise of a vested Option and may be paid in cash or such other form as and to the extent, if any, permitted by the Committee. In addition, the Option holder is required to satisfy or pay any withholding amounts for withholding taxes relating to the Option exercise. The maximum term of an Option under the Plan is ten years.

Tandem SAR Grants

The Committee may from time to time grant one or more Awards of Tandem SARs to eligible employees and consultants of the Company on such terms and conditions, consistent with the Plan, as the Committee determines.

Tandem SARs may be granted at the same time or after the effective date of the related Options and will be subject to the same terms and conditions as the related Options, including the exercise price. Tandem SARs may be exercised only if and to the extent the related Options are vested and exercisable. Unexercised Tandem SARs terminate when the related Option is exercised or terminates.

On the exercise of a Tandem SAR, the related Option will be cancelled and, subject to the payment or satisfaction of any withholding tax obligations, the participant will be entitled to an aggregate amount in settlement of the Tandem SAR calculated as the product of:

- ♦ the excess of the Market Value of a Common Share on the date of exercise over the exercise price under the applicable Tandem SAR (being the same as the exercise price of the related Option), multiplied by
- ♦ the number of Tandem SARs exercised.

The amount owed on the exercise of a Tandem SAR may be settled by payment in cash, the issuance of Common Shares or any combination thereof, as determined by the Committee.

Consequences of Termination of Employment or Consultancy

Unless otherwise determined by the Committee, when a participant holding Options and/or Tandem SARs ceases employment or consultancy with the Corporation or its subsidiaries (a “**Termination**”), the Options and Tandem SARs will be subject to cancellation or a period of exercise following the Termination, depending on the circumstances of the Termination. These circumstances are described below, but in all cases subject to the following limitations:

- ♦ the period for exercise of Options or Tandem SARs may not exceed the maximum term of ten years, and
- ♦ any outstanding Options or Tandem SARs that are subject to vesting conditions based in whole or part upon the satisfaction of performance criteria and that have not become vested prior to the participant’s date of Termination will immediately be cancelled and forfeited for no consideration.

Where the employee’s Termination is due to retirement, the employee’s Options and/or Tandem SARs that have become vested prior to the employee’s date of Termination will continue to be exercisable for the balance of their term. Those Options and/or Tandem SARs that have not vested will be forfeited and cancelled as of the date of Termination.

Where the employee’s Termination is due to death, the employee’s Options and/or Tandem SARs that have become vested prior to the participant’s date of Termination will continue to be exercisable for the period ending on the earlier of (i) the second anniversary of the date of Termination and (ii) the end of the option period of the applicable Options and/or Tandem SARs. Those Options and/or Tandem SARs that have not vested will be forfeited and cancelled as of the date of Termination.

Where the employee’s Termination is a termination by the Corporation without cause, the employee’s Options and/or Tandem SARs that have become vested prior to the employee’s date of Termination will continue to be exercisable for 90 days following the date of Termination. Those Options and/or Tandem SARs that have not vested will be forfeited and cancelled as of the date of Termination.

Where the employee’s Termination is due to resignation, the employee’s Options and/or Tandem SARs that have become vested prior to the employee’s date of Termination will continue to be exercisable for 30 days following the date of Termination. Those Options and/or Tandem SARs that have not vested will be forfeited and cancelled as of the date of Termination.

Where the participant is a consultant, all Options and Tandem SARs granted to such consultant will terminate in accordance with the terms of the agreement relating to the Options and Tandem SARs between the Corporation and the consultant, subject to the following limitation: the termination of the Options and Tandem SARs may not occur any later than the earlier of (i) the original expiry date of the Options and Tandem SARs and (ii) the first anniversary of the termination of the consultant's engagement.

Where an employee's Termination is due to a termination for cause by the Corporation, any and all outstanding Options and Tandem SARs granted to the employee, whether or not vested, will be immediately forfeited and cancelled, without any consideration, as of the commencement of the day that notice of such termination is given.

Options and/or Tandem SARs that are not exercised prior to the expiration of the exercise period following the Termination (to the extent there is such an exercise period), will automatically expire on the last day of such period.

Transferability

Options and Tandem SARs are not transferable (except through inheritance) and are exercisable during the participant's lifetime only by the participant.

Adjustments for Recapitalizations

In the event that:

- i. a dividend is declared on the Common Shares or other securities of the Corporation payable in Common Shares or other securities of Linamar;
- ii. the outstanding Common Shares are changed into or exchanged for a different number or kind of shares or other securities of the Corporation or of another corporation or entity, whether through an arrangement, plan of arrangement, amalgamation or other similar statutory procedure or a share recapitalization, subdivision, consolidation or otherwise;
- iii. there is change (other than as described in (i) and (ii) above) in the number or kind of outstanding Common Shares or securities of the Corporation; or
- iv. there is a distribution of assets or securities to shareholders of the Corporation out of the ordinary course of business;

and, if the Board determines that an adjustment should be made in the number or kind of securities authorized but not yet covered by Awards, covered by outstanding Awards or generally available for Awards, or that such other adjustment as may be appropriate should be made, such adjustment will be made to the Plan and the Common Shares and Awards subject to the Plan.

Change of Control

If a Change of Control occurs, then the vesting of stock incentives shall be subject to double-trigger change in control provisions. As such, an involuntary termination of employment without cause or the constructive termination of employment (consisting of a substantial reduction of responsibilities or scope of authority in terms of

employment) within 24 months of the occurrence of a Change of Control of the Company, will result in the accelerated vesting of stock incentives granted as of the date of termination.

In the event of a Change of Control, the Committee may:

- ♦ irrevocably commute any Option that is still capable of being exercised, upon 30 days' written notice, and during such period of notice, the Option, to the extent that it has not been exercised, may, notwithstanding whether such Option is vested or any provisions in the Plan, be exercised by the Participant. On the expiry of such period of notice, the unexercised portion of the Option shall terminate and be cancelled; or
- ♦ substitute for any Options an entitlement to cash or such securities into which Common Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Common Shares under option or some other appropriate basis.

For the purposes of the Plan, a Change of Control is:

- ♦ any transaction (or series of transactions) where the Common Shares outstanding immediately prior to the transaction represent, after conversion or exchange into securities of the entity with, or into which the Corporation is consolidated, amalgamated or merged, less than 50% of the voting securities of such corporation or entity following such transaction;
- ♦ any transfer, sale, lease or exchange of the Corporation or a subsidiary of all or substantially all of the property of the Corporation (on a consolidated basis) to any third party;
- ♦ the lawful acquisition (directly or indirectly) by a person or group of persons acting jointly or in concert, other than any members of the Hasenfratz Group (as defined in the Plan), of Common Shares representing 50% or more of the votes attached to Common Shares issued and outstanding immediately after such acquisition; or
- ♦ the Board by resolution deems that a Change of Control has occurred or is about to occur.

Note that there are no specific automatic payout arrangements to NEOs or any other directors or officers in the event of a change of control so therefore, there are no advantages or disadvantages to NEOs of the Corporation in the event of a change of control.

Amendments to the Plan

The Board may, from time to time, without shareholder approval, add to or amend any of the provisions of the Plan or suspend or terminate the Plan or amend the terms of any then outstanding Award granted under the Plan or its related instrument of grant, subject to the following limitations:

1. except as expressly provided in any provision of the Plan, no such amendment, suspension or termination may be made at any time to the extent such action would materially adversely affect the existing rights of a participant with respect to any then outstanding Award without his or her consent in writing; and
2. the Corporation must obtain shareholder approval of any amendment that would:
 - ♦ require shareholder approval under the requirements of the TSX or any applicable law;
 - ♦ increase the maximum number of Common Shares for which Awards may be granted under the Plan;
 - ♦ reduce the exercise price at which Options or Tandem SARs may be granted pursuant to the Plan;

- ♦ extend the term of Options granted under the Plan;
- ♦ change the class of persons eligible for grants of Awards under the Plan;
- ♦ allow Awards granted under the Plan to be transferable or assignable other than for estate settlement purposes; or
- ♦ amend any of the amendment provisions of the Plan.

Burn Rate Calculation

The annual burn rate associated with the Stock Incentive Plan for the CEO was 0.0813% in fiscal 2023, 0.0783% in fiscal 2022 and 0.0764% for fiscal 2021. The burn rate is calculated by dividing the number of share-based awards granted under the Stock Incentive Plan during the applicable fiscal year divided by the weighted average number of shares outstanding for that year.

Grants under the Equity Incentive Plan

The following table sets out information concerning the number and price of securities to be issued under equity compensation plans to employees and others as of December 31, 2023.

Plan Category	Number of Securities to be Issued upon Exercise of outstanding Options, Warrants and Rights (a)	Weighted – Average Exercise Price of Outstanding Options, Warrants and Rights (b)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))
Equity Compensation Plans Approved by Security holders	1,250,000	\$61.65	3,300,000
Equity Compensation Plans Not Approved by Security holders	-	N/A	-
Total	1,250,000	\$61.65	3,300,000

Grant Rate as a Percentage of Shares Outstanding

The table below sets out the total number of securities issued and issuable under the Stock Incentive Plan, as a percentage of outstanding shares as at December 31, 2023:

Number of options outstanding as at Dec 31/23	Options outstanding in 2023 as a percentage of shares outstanding	Total number of options available	Total options available as a percentage of shares outstanding
1,250,000	2.03%	3,300,000	5.36%

Incentive Plan Awards – Outstanding Option-Based and Share-Based Awards

The following table sets forth a summary of all option-based awards and unvested share-based awards for each NEO as of December 31, 2023.

Name	Option-based Awards				Share-based Awards		
	Number of securities underlying unexercised options (#)	Option exercise price(\$) ⁽³⁾	Option expiration dates	Value of unexercised in-the-money options (\$)	Number of shares or units of shares that have not vested (#) ⁽⁴⁾	Market or payout value of share-based awards that have not vested (\$)	Market or payout value of vested share-based awards not paid out or distributed (\$)
Linda Hasenfratz Chief Executive Officer	-	-	-	-	150,000	9,603,000	-
Jim Jarrell President & Chief Operating Officer	1,250,000 ⁽¹⁾⁽²⁾	61.65	Dec 3, 2024 Nov 30, 2025 Nov 11, 2026 Jan 5, 2028 Dec 13, 2028 Dec 2, 2029 Dec 9, 2030 Dec 10, 2031, Dec 8, 2032, Dec 8 2033	7,073,500	-	-	-
Dale Schneider Chief Financial Officer	-	-	-	-	1,614	103,328	-
Sam Cocca Group President	-	-	-	-	-	-	-
Ken McDougall Group President	-	-	-	-	-	-	-

- (1) In December 2023, Mr. Jarrell was granted additional options of 150,000 shares at an exercise price of \$58.25 which vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years. In December 2022, Mr. Jarrell was granted additional options of 150,000 shares at an exercise price of \$64.74 which vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years. In December 2021, Mr. Jarrell was granted additional options of 150,000 shares at an exercise price of \$74.57 which vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years.
- (2) Mr. Jarrell exercised 50,000 options on November 29, 2023, with a financial gain to Mr. Jarrell of \$850,000. Mr. Jarrell exercised 50,000 options on December 6, 2022, with a financial gain to Mr. Jarrell of \$2,095,000.
- (3) This is a weighted-average option price.
- (4) 2023 Share grants: In December 2023, Ms. Hasenfratz received a share grant of 50,000 shares which vest at a rate of 20% per year, and the first tranche will vest in December 2024. In 2023, Mr. Schneider received a share grant of 473 which vest at a rate of 20% per year, and the first tranche will vest in December 2024. 2022 Share grants: In December 2022, Ms. Hasenfratz received a share grant of 50,000 shares which vest at a rate of 20% per year, and the first tranche will vest in December 2023. In 2022, Mr. Schneider received a share grant of 925 which vest at a rate of 20% per year, and the first tranche will vest in 2023. 2021 Share grants: In December 2021, Ms. Hasenfratz received a share grant of 50,000 shares which vest at a rate of 20% per year, and the first tranche vested in December 2022.

Incentive Plan Awards – Value Vested or Earned During the Year

The following table sets forth a summary of the value of all incentive plan awards vested or earned by each NEO during the year ended December 31, 2023.

Name	Option-based awards – Value vested during the year (\$)	Share-based awards – Value vested during the year (\$)	Non-equity incentive plan compensation – Value earned during the year (\$)
Linda Hasenfratz Chief Executive Officer	– ⁽¹⁾	3,201,000 ⁽¹⁾	-
Jim Jarrell President & Chief Operating Officer	707,350 ⁽¹⁾	– ⁽¹⁾	-
Dale Schneider Chief Financial Officer	-	37,324 ⁽²⁾	-
Sam Cocca Group President	-	-	-
Ken McDougall Group President	-	31,626	-

- (1) Ms. Hasenfratz did not receive any option-based awards in 2023, 2022 or 2021. Based on performance, Mr. Jarrell received 150,000 stock options in December 2023, 150,000 stock options in December 2022, and 150,000 stock options in December 2021. Mr. Jarrell's stock options vest as to 10% upon grant and then 10% each year on the anniversary date of the grant for a period of 9 years. In December 2023, Ms. Hasenfratz received a share grant of 50,000, which vest at a rate of 20% per year, and the first tranche will vest in December 2024. In December 2022, Ms. Hasenfratz received a share grant of 50,000, which vest at a rate of 20% per year, and the first tranche will vest in December 2023. In December 2021, Ms. Hasenfratz received a share grant of 50,000, which vest at a rate of 20% per year, and the first tranche will vest in December 2022.
- (2) In 2023, Mr. Schneider received share grants of 473 shares, which vest at a rate of 20% per year, and the first tranche will vest in 2024. In 2022, Mr. Schneider received share grants of 925 shares, which vest at a rate of 20% per year, and the first tranche will vest in 2023.

Termination and Change of Control Benefits (Double-trigger Required)

None of the NEOs has any written employment or other agreements or arrangements with the Corporation that provide for payment on resignation or termination. The Company has a *de facto* double-trigger upon a change of control. Therefore, unless terminated, executives do not automatically receive payments if and when the Company's ownership changes.

- It is the policy of the Company that a Change of Control does not advantage or disadvantage employees.
- Accordingly, there are no specific automatic payout arrangements to NEOs or any other directors or officers in the event of a change of control.
- Upon a Change of Control any existing rights of employees are maintained but no additional rights are given.
- In the event of a without-cause termination after a Change of Control, the employee would be eligible for severance according to their length of service. This mirrors a "Double Trigger" Change of Control policy.

Dilution Level of Stock Options as a Percentage of Shares Outstanding

Basic earnings per share is calculated by dividing the net earnings attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding throughout the year. Diluted earnings per share is calculated by adjusting the weighted average number of shares outstanding during the year to assume the exercise

of all dilutive potential shares. There were 1,250,000 options outstanding as at December 31, 2023. The year-end dilution level of stock options as a percentage of shares outstanding was 2.0%.

	Year Ended December 31 2023	Year Ended December 31 2022
	\$	\$
Net earnings (\$ '000s)	503,054	426,194
Weighted average common shares	61,532,541	63,877,686
Incremental shares from assumed conversion of stock options	67,106	54,981
Adjusted weighted average common shares for diluted earnings per share	61,599,647	63,932,667
Net earnings per share: (\$/share)		
Basic	8.18	6.67
Diluted	8.17	6.67

Pension Value

The corporate pension plan is a defined contribution plan. The following table sets forth a summary as at December 31, 2023, of the contributions to, and value of, the pension plan applicable to the NEO's. The Company has no Supplemental Executive Retirement Plan for its executive employees.

Name	Accumulated value at start of year (\$)	Compensatory (\$)	Non-Compensatory (\$)	Accumulated value at year end (\$)
Linda Hasenfratz Chief Executive Officer	252,115	3,500	-	292,703
Jim Jarrell President & Chief Operating Officer	247,947	3,500	-	283,489
Dale Schneider Chief Financial Officer	196,925	3,500	-	228,284
Sam Cocco Group President	-	-	-	-
Ken McDougall Group President	103,568	3,500	-	126,722

The Corporation's pension plan is a defined contribution plan. The Corporation pays 10% of an NEO's wages, up to a maximum of \$3,500 per year, into the pension plan. The NEO designates where the money is to be invested within the options offered by the Plan. No contributions are made by the Corporation beyond the age of 70. When an individual retires, whatever amount is in their pension account is transferred by the individual to an appropriate individual retirement vehicle, such as an annuity, LIRA or LIF/LRIP and the Corporation has no liability other than to transfer the existing amount over to the individual's account.

ALL OTHER COMPENSATION

Vacation Pay

The *Employment Standards Act* (Ontario) provides that employees are entitled to take their vacation as a paid leave and/or receive vacation pay. At Linamar, all employees in the organization enjoy the greater right or benefit, and amounts paid depend on salary levels and years of service. The overall corporate policy at the Company is to allow the employee the greater benefit of either paid vacation or salary continuance, calculated as a percentage of total

annual amount of compensation earned including bonuses (“Vacation Pay”). The Company pays the difference (if any) between paid leave and Vacation Pay as an annual lump sum payment in June of each fiscal year.

NEO	Year	Vacation Pay
Linda Hasenfratz	2023	\$1,247,076
	2022	\$1,001,231
	2021	\$1,003,187
Jim Jarrell	2023	\$892,104
	2022	\$716,528
	2021	\$719,707
Dale Schneider	2023	\$64,767
	2022	\$54,250
	2021	\$61,285
Sam Cocca	2023	-
	2022	-
	2021	-
Ken McDougall	2023	\$282,810
	2022	\$130,686
	2021	\$66,175

Perquisites

The Company believes that other perquisites such as pensions, benefits, severance and change of control entitlements should not be excessive and in fact represent a very small element in the overall compensation amounts for its NEOs. Therefore, Linamar offers very few perquisites to its NEOs. Of the few perquisites offered, none is above \$70,000 for an NEO (except for those outlined below in the Summary Compensation Table).

Summary Compensation Table

Name and principal position	Year	Salary (\$)	Share-based awards (\$) ⁽¹⁾	Option-based awards (\$) ⁽²⁾	Non-equity incentive plan compensation (\$)		Pension value (\$)	All other Compensation ⁽⁴⁾ (\$)	Total compensation (\$)

	2021	377,299	66,028	-	1,168,024	-	19,018 ⁽⁸⁾	39,915 ⁽⁹⁾	1,670,284
Ken McDougall Group President	2023	350,000	41,097	-	2,394,502	-	3,500	717,702 ⁽⁹⁾	3,506,801
	2022	350,000	48,825	-	1,306,863	-	3,500	131,988	1,841,176
	2021	327,914	57,385	-	661,747	-	3,500	67,237	1,117,783

- (1) The share grants are valued as at the grant date. Unvested RSU's representing 50% of non-cash based RSU Plan annual bonus amounts are included in this calculation.
- (2) Ms. Hasenfratz did not receive any option-based awards in 2023, 2022 and 2021.
- (3) This column includes the Corporate/Group Profit Bonus, Cash-Based Objective Bonus (as applicable), Stepping Stool Bonus Programs, cash-based portion of the RSU Plan Bonus Programs (outlined above).
- (4) This column includes Vacation Pay and other corporate perquisites.
- (5) In December 2023, Mr. Jarrell was granted additional options of 150,000 at an exercise price of \$58.25. These options vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years.
- (6) In December 2022, Mr. Jarrell was granted additional options of 150,000 at an exercise price of \$64.74. These options vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years.
- (7) In December 2021, Mr. Jarrell was granted additional options of 150,000 at an exercise price of \$74.57. These options vest at a rate of 10% upon grant and then, 10% each year on the anniversary date of the grant over a period of 9 years.
- (8) Mr. Cocca's pension value represents the employer portion of contribution to his 401k plan for each year of 2023, 2022 and 2021.
- (9) Mr. Cocca received other cash bonus payments in 2023 of \$67,520 and in 2021 of \$32,070. In 2023, Mr. McDougall received a one-time other cash bonus payment of \$433,594 associated with specific goals and objectives accomplished during the year.

Other Executive Compensation Metrics

In 2023, total NEO compensation expressed as a percentage of net earnings (\$503.1M for the year ended December 31, 2023) was approximately 7.6%. The CEO's compensation expressed as a percentage of net earnings was approximately 3.5%.

Indebtedness of Directors and Executive Officers and Senior Officers

None of the Directors, executive officers, or senior officers of the Corporation or any of their associates were indebted to the Corporation or its subsidiaries, and no guarantee, support agreement, letter of credit or similar arrangement was provided to the Directors, executive officers, senior officers of the Corporation or any of their associates by the Corporation or its subsidiaries during the financial year ended December 31, 2023, nor as of March 6, 2024.

Directors' and Officers' Liability Insurance

The Corporation has purchased Directors' and Officers' liability insurance. The premium paid by the Corporation for this policy in 2023 was approximately \$138,199. The policy provides coverage for up to \$35,000,000 per policy period, subject to a deductible of \$2,500,000 per occurrence to be paid by the Corporation.

GENERAL INFORMATION

Performance Graph

The following graph compares the yearly percentage change in the cumulative total shareholder return on the Common Shares (TSX symbol: LNR) over the last five years with the cumulative total return of the S&P/TSX Composite Total Return Index (formerly the TSX 300 Stock index), assuming reinvestment of all dividends.

Shareholders' Feedback and Additional Information

Interested investors and analysts are invited, after all significant public announcements, including the release of interim and annual financial information, to discuss with senior management the impact on the Corporation of such information. The CEO of the Corporation is available to discuss matters of concern to shareholders, and she can be reached at:

Linamar Corporation Head Office
287 Speedvale Avenue West
Guelph, Ontario, CANADA, N1H 1C5
Telephone: (519) 836-7550
Facsimile: (519) 824-8479
Email: investor.relations@linamar.com

Additional information relating to the Corporation is available on SEDAR+ at www.sedar.com, including financial information provided in the Corporation's consolidated financial statements and MD&A for the most recently completed financial year. Copies of the consolidated annual financial statements and MD&A for the most recently

completed financial year may also be obtained by contacting the Company Secretary at the address, phone number, fax number or email address noted above.

Expectation of Management

The Board expects management to act in the best interests of the Corporation. To this end, the Board must have confidence in the quality of the reports provided to it. The Board will continue to monitor the adequacy of the information requested by and provided to the Board.

Interest of Management, Nominees and Others in Material Transactions

During the year ended December 31, 2023, no Director, executive officer, or principal shareholder of the Corporation, nor any associate or affiliate thereof, has had any material interest, direct or indirect, in any transaction which has materially affected or will materially affect the Corporation or any of its shareholders, except as disclosed in Note 9 and 22 of the Company's 2023 Audited Financial Statements.

Directors' Approval

The Board has approved the contents of this Information Circular and the sending of it to shareholders.

Dated as of March 6, 2024.

ON BEHALF OF THE BOARD OF DIRECTORS

Linda Hasenfratz

Executive Chair & Chief Executive Officer
