

SECURE Energy Services Announces May 2018 Dividend and Timing of First Quarter Results

CALGARY, April 16, 2018 /CNW/ - SECURE Energy Services Inc. ("SECURE") (TSX – SES) is pleased to announce that its Board of Directors has declared a dividend for the month of May 2018 of \$0.0225 per common share ("Common Share") payable on or about May 15, 2018 to shareholders of record on May 1, 2018. This dividend is an eligible dividend for the purpose of the Income Tax Act (Canada). To be an eligible shareholder, a shareholder must be resident in Canada and must not be a "U.S. person" within the meaning of U.S. federal securities laws.

Secure also announced today that it expects to release its 2018 first quarter financial and operating results after market close on Monday, April 30, 2018. Interim Financial Statements and Management's Discussion and Analysis will be posted to Secure's website and SEDAR following the release.

This press release does not constitute an offer to sell or the solicitation of an offer to buy the securities in the United States, in any province or territory of Canada or in any other jurisdiction. The securities to be offered have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any U.S. state securities laws and may not be offered or sold in the United States absent registration or absent an applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

ABOUT SECURE ENERGY SERVICES INC.

Secure is a TSX publicly traded energy infrastructure and services company that provides safe, innovative, efficient and environmentally responsible management of fluids and solids solutions to the oil and gas industry in Western Canada and certain regions in the United States ("U.S."). The Corporation operates three divisions:

Processing, Recovery and Disposal Division ("PRD"): The PRD division owns and operates midstream infrastructure that provides processing, storing, pipelines, shipping and marketing of crude oil, oilfield waste disposal and recycling. The PRD division services include clean oil terminalling, rail transloading, pipelines, crude oil marketing, custom treating of crude oil, produced and waste water disposal, oilfield waste processing, landfill disposal, and oil purchase/resale service. Secure currently operates a network of facilities throughout western Canada and in North Dakota, providing these services at its full service terminals ("FST"), landfills, stand-alone water disposal facilities ("SWD"), full service rail facilities ("FSR") and crude oil terminalling facilities.

Drilling and Production Services Division ("DPS"): The DPS division provides equipment, product solutions and chemicals for drilling completion and production operations for oil and gas producers in western Canada. The drilling service line currently comprises the majority of the revenue for the division which includes the design and implementation of drilling fluid systems for producers drilling for oil, bitumen and natural gas. The drilling service line focuses on providing products and systems that are designed for more complex wells, such as medium to deep wells, horizontal wells and horizontal wells drilled into the oil sands. The production services line focuses on providing equipment and chemical solutions that optimize production, provide flow assurance and maintain the integrity of production assets.

Onsite Services Division ("OS"): The operations of the OS division include Projects which include pipeline integrity (inspection, excavation, repair, replacement and rehabilitation), demolition and decommissioning, and reclamation and remediation of former well sites, facilities, commercial and industrial properties, and environmental construction projects (landfills, containment ponds, subsurface containment walls, etc.); Integrated Fluid Solutions ("IFS") which include water management, recycling, pumping and storage solutions; and Environmental Services which provide pre-drilling assessment planning, drilling waste management, remediation and reclamation assessment services, Naturally Occurring Radioactive Material ("NORM") management, waste container services and emergency response services.
