BAUSCH HEALTH RELEASES ANNUAL CORPORATE SOCIAL RESPONSIBILITY REPORT**Includes Special Report on Global COVID-19 Response and Commitment to Diversity & Inclusion**

LAVAL, Quebec, Sept. 23, 2020 – Bausch Health Companies Inc. (NYSE/TSX: BHC) ("Bausch Health" or the "Company") today released its annual [Corporate Social Responsibility \(CSR\) Report](#), highlighting the Company's ongoing commitment to responsible, ethical and sustainable operations in 2019. In addition to outlining initiatives and key performance indicators in 2019, the report features an early look at 2020 efforts, including the Company's COVID-19 response efforts in the first half of 2020 and its Diversity & Inclusion (D&I) initiatives.

"Now more than ever, we recognize the increased importance of corporate citizenship in creating an environment where our employees, our customers, our partners and our communities can thrive," said Joseph C. Papa, chairman and CEO, Bausch Health. "As we continue to improve sustainability and raise the bar on our ethical, social and operational standards, we are furthering our mission to improve lives and advance global health."

The 2019 CSR report also includes other global efforts in the Company's five key commitment areas: operate with integrity; respect the environment; advance global health and patient care; improve communities; and support employee growth and well-being. Additionally, the report includes the highlights of charitable giving efforts directed by the Bausch Foundation, as detailed in the Bausch Foundation Inaugural Activity Report released earlier this month.

2019 CSR highlights include:

- Reductions in energy usage, water usage, waste production and carbon emissions at Bausch Health facilities
 - Establishment of Energy Efficiency Group (EEG) to analyze and improve energy consumption globally
 - Installation of new nitrogen-generating plant in Waterford, Ireland, reducing future carbon dioxide emissions by nearly 200 tons per year
- Collaborations, financial contributions and product donations to global charitable health organizations and patient advocacy groups
- Continued commitment to patient access and responsible pricing, including that the average annual price increase for branded prescription products would be set at no greater than single digits

- Continuing to support provider education, research grants and charitable organizations devoted to improving patient care and quality of life, and advancing the safety and effectiveness of healthcare products

The full report can be viewed in the Responsibility section of Bausch Health's website at <https://www.bauschhealth.com/responsibility>.

About Bausch Health

Forward-looking Statements

This news release may contain forward-looking statements, which may generally be identified by the use of the words “anticipates,” “expects,” “intends,” “plans,” “should,” “could,” “would,” “may,” “believes,” “estimates,” “potential,” “target,” or “continue” and variations or similar expressions. These statements are based upon the current expectations and beliefs of management and are subject to certain risks and uncertainties that could cause actual results to differ materially from those described in the forward-looking statements. These risks and uncertainties include, but are not limited to, the risks and uncertainties discussed in Bausch Health’s most recent annual report on Form 10-K and detailed from time to time in Bausch Health’s other filings with the U.S. Securities and Exchange Commission and the Canadian Securities Administrators, which factors are incorporated herein by reference. They also include, but are not limited to, risks and uncertainties caused by or relating to the evolving COVID-19 pandemic, and the fear of that pandemic and its potential effects, the severity, duration and future impact of which are highly uncertain and cannot be predicted, and which may have a material adverse impact on Bausch Health, including but not limited to its project development timelines, and costs (which may increase). Readers are cautioned not to place undue reliance on any of these forward-looking statements. These forward-looking statements speak only as of the date hereof. Bausch Health undertakes no obligation to update any of these forward-looking statements to reflect events or circumstances after the date of this news release or to reflect actual outcomes, unless required by law.
