Ratings

As is customary, the Company paid fees to DBRS Limited ("**DBRS**"), AM Best Rating Services Inc. ("**AM Best**"), and Fitch Ratings, Inc. ("**Fitch**") to obtain its ratings and expects to pay similar fees in the future. The Company has, or may have, paid fees in the past for certain other services offered by these credit rating agencies in the ordinary course of business. A credit rating or a stability rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the credit rating organization. The following sets out ratings the Company has received for its outstanding securities from approved rating organizations as at February 12, 2026.

DBRS

On December 11, 2025, DBRS upgraded the rating of Trisura Group Ltd. to BBB (high) from BBB and the financial strength ratings of its operating entities to A from A (low). Concurrently, DBRS also changed all trends from Positive to Stable.

The DBRS long-term credit ratings provide opinions on the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. According to DBRS, debt securities rated "BBB" are of adequate credit quality and the capacity for the payment of financial obligations is acceptable. An issuer rated "BBB" may be vulnerable to future events. A reference to "high" or "low" reflects the relative strength within the rating category.

The DBRS Financial Strength Rating provides an assessment of an insurance company's ability to make timely and full payment of its obligations on policyholder claims and benefits as well as

financial contract guarantees and benefit obligations. According to DBRS, insurers rated “A” are of good financial strength and the insurer’s capacity for the payment of policyholder and contract obligations is substantial, but of lesser financial strength than the rating “AA”. An insurer rated “A” may be vulnerable to adverse business and economic conditions, but qualifying negative factors are considered manageable. A reference to “high” or “low” reflects the relative strength within the rating category.

AM Best

On July 3, 2025, AM Best affirmed the Financial Strength Rating of A- and the Long-Term Issuer Credit Ratings of “a-” of the Company’s operating entities. The outlook of these ratings is stable.

AM Best’s Long-Term Issuer Credit Rating is an independent opinion of an entity’s ability to meet its ongoing senior financial obligations. According to AM Best, a Long-Term Issuer Credit Rating of “a” is assigned to issuers that have, in AM Best’s opinion, an excellent ability to meet their ongoing senior financial obligations. Rating notches reflect a gradation within the category to indicate whether credit quality is near the top or bottom of a particular rating category. Rating notches are expressed with a “+” or “-”.

AM Best’s Financial Strength Rating is an independent opinion of an insurer’s financial strength and ability to meet its ongoing insurance policy and contract obligations. According to AM Best, a Financial Strength Rating of “A” is assigned to insurance companies that have, in AM Best’s opinion, an excellent ability to meet their ongoing insurance obligations.

Fitch

On December 17, 2025, Fitch assigned an A- Insurer Financial Strength rating to Trisura Guarantee Insurance Company, Trisura Insurance Company, Trisura Specialty Insurance Company and First Founders Assurance Company. The rating outlook is stable.

Fitch’s credit ratings are an opinion on the relative ability of an entity to meet financial commitments, such as interest, preferred dividends, repayment of principal, insurance claims or counterparty obligations. According to Fitch, debt securities rated “A” denote expectations of low credit risk. The modifiers “+” or “-” may be appended to a rating to denote relative status within the major rating category.

Fitch’s credit ratings do not directly address any risk other than credit risk. In particular, ratings do not deal with the risk of a market value loss on a rated security due to changes in interest rates, liquidity and other market considerations.

Dividends and Dividend Policy

The Board may declare dividends at its discretion but does not anticipate paying dividends on the Common Shares in the near future.

The external auditor of our Company is Deloitte LLP ("**Deloitte**"). The following table provides information about the aggregate fees billed to our Company for professional services rendered

by Deloitte during 2025 and 2024, including audit fees and fees related to the debt and equity offerings in 2025 and 2024:

Audit Fees

Audit fees include fees for services that would normally be provided by the external auditor in connection with statutory and regulatory filings or engagements, including fees for services necessary to perform an audit or review in accordance with generally accepted auditing standards. This category also includes services that generally only the external auditor reasonably can provide, including statutory audits, attest services, consents and assistance with and review of certain documents filed with securities regulatory authorities.

Audit-Related Fees

Audit-related fees include fees for assurance and related services performed by the external auditor, not reported as audit fees. These include diligence services associated with our public offering, such as comfort letters and other related translation services.

Tax Fees

Tax fees include fees for tax compliance, tax advice and tax planning.

All Other Fees

All Other Fees include fees paid to the auditor, which are not included in any other category.

Pre-Approval Policies and Procedures

The Audit Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy (the “**Audit Policy**”), which governs the provision of services by its external auditor, currently Deloitte. The Audit Policy requires Audit Committee pre-approval of all permitted audit, audit-related, tax and other non-audit services. It also specifies a number of services that may not be provided by Trisura’s external auditor, including all services prohibited by law from being provided by the external auditor.

Under the Audit Policy, certain permitted services described therein that may be provided by the external auditor have been pre-approved, subject to the fee threshold described below. Any other permitted services that are not set out in the Audit Policy require specific pre-approval by the Audit Committee or a designated member of the Audit Committee. Any pre-approval granted by a designated member must be reported to the Audit Committee at its next scheduled meeting.

Under the Audit Policy, the Audit Committee has established a fee threshold for pre-approved services, which is that the aggregate fees paid to the external auditor for pre-approved services must equal no more than 25% of the anticipated audit fees for our Company for the prior year. Any proposed services exceeding such fee threshold require specific pre-approval by the Audit Committee. At least annually, the external auditor provides the Audit Committee with a report of the audit, audit-related, tax and other non-audit services provided for the year, together with the actual fees incurred, for the Audit Committee's ratification.

Appendix 'A'

Summary of Terms and Conditions of Trisura's Authorized Securities

Common Shares

Each holder of Common Shares (a "**Shareholder**") is entitled to receive notice of and to attend all meetings of the Shareholders of Trisura and is entitled to one vote for each Common Share held at all meetings of the Shareholders of Trisura, except for meetings at which only holders of another specified class or series of shares of Trisura are entitled to vote separately as a class or series. The Shareholders are entitled to receive dividends as and when declared by the Board, participating equally with holders of non-voting shares, subject to the preference of the holders of the preference shares and any other shares ranking senior to the Common Shares and non-voting shares with respect to priority in payment of dividends. Stock dividends, if any, will be declared contemporaneously and paid at the same time in equal numbers of additional equity shares of the same class and series such that stock dividends will be paid in Common Shares to Shareholders and in non-voting shares to holders of the non-voting shares. After payment to the holders of preference shares and any other shares senior to the Common Shares and the non-voting shares with respect to priority in the distribution of assets in the event of the liquidation, dissolution or other distribution of our assets for the purpose of winding up our affairs, the Shareholders and the holders of non-voting shares will rank equally with each other and will be entitled to receive the remaining property of Trisura that pertains to shareholders in equal amounts per share, without preference or priority of one share or another.

If either of the Common Shares or non-voting shares are subdivided, consolidated, reclassified or otherwise changed, appropriate adjustments would be made at the same time to the rights attaching to the shares of the other class to ensure the preservation of the rights of each class in relation to those of the other.

Book Based System

The Common Shares may be represented in the form of one or more fully registered share certificates held by, or on behalf of, CDS Clearing and Depository Services Inc. ("**CDS**") or the Depository Trust Company ("**DTC**"), as applicable, as custodian of such certificates for the participants of CDS or DTC, registered in the name of CDS or DTC or their respective nominee, and registration of ownership and transfers of the Common Shares may be effected through the book-based system administered by CDS or DTC, as applicable.

Non-Voting Shares

The non-voting shares entitle the holders thereof to receive notice of meetings of the shareholders of Trisura but do not entitle holders thereof to any votes at such meetings, unless otherwise required by law. The holders of non-voting shares are entitled to receive dividends as and when declared by the Board, participating equally with Shareholders, subject to the preference of the holders of the preference shares and any other shares ranking senior to the non-voting shares and Common Shares with respect to priority in payment of dividends. Stock dividends, if any, will be declared contemporaneously and paid at the same time in equal numbers of additional equity shares of the same class and series such that stock dividends will be paid in non-voting shares to holders of the non-voting shares and in Common Shares to Shareholders.

After payment to the holders of preference shares and any other shares senior to the non-voting shares and the Common Shares with respect to priority in the distribution of assets in the event of the liquidation, dissolution or other distribution of our assets for the purpose of winding up our affairs, Shareholders and the holders of non-voting shares will rank equally with each other and will be entitled to receive the remaining property of Trisura that pertains to shareholders in equal amounts per share, without preference or priority of one share or another. If either of the non-voting shares or Common Shares are subdivided, consolidated, reclassified or otherwise changed, appropriate adjustments would be made at the same time to the rights attaching to the shares of the other class to ensure the preservation of the rights of each class in relation to those of the other. In certain circumstances, if a take-over bid is made for the Common Shares only, a holder of non-voting shares may, at his or her option, and for the purpose of tendering to such take-over bid, convert any or all non-voting shares then held by such holder into Common Shares on a one-for-one basis during a specified period of time. Our Company is required to give notice of the occurrence of an event entitling the holders of non-voting shares to exercise such conversion right as soon as is reasonably practicable after the seventh day following the date upon which the offer is made or deemed to be made to Shareholders.

Preference Shares

The following is a summary of certain provisions attaching to the preference shares as a class.

Priority

Each series of preference shares will rank on a parity with every other series of preference shares with respect to dividends and return of capital. The preference shares are entitled to a preference over the Common Shares, the non-voting shares and any other shares ranking junior to the preference shares with respect to priority in payment of dividends and in the distribution of assets in the event of the liquidation, dissolution or winding-up of Trisura, whether voluntary or involuntary, or any other distribution of the assets of Trisura among our shareholders for the specific purpose of winding-up our affairs.

Directors' Rights to Issue in One or More Series

The preference shares may be issued at any time and from time to time in one or more series. Before any shares of a series are issued, the Board shall fix the number of shares that will form such series, if any, and shall, subject to any limitations set out in the by-laws of Trisura or in the OBCA, determine the designation, rights, privileges, restrictions and conditions to be attached to the preference shares as the case may be, of such series.

Voting Rights of Preference Shares

Except as hereinafter referred to or as required by law or as specified in the rights, privileges, restrictions and conditions attached from time to time to any series of preference shares, the holders of such preference shares as a class are not entitled as such to receive notice of, to attend or to vote at any meeting of the shareholders of Trisura.

Amendment with Approval of Holders of Preference Shares

The rights, privileges, restrictions and conditions attached to the preference shares as a class may be added to, changed or removed but only with the approval of the holders of such class of preference shares given as hereinafter specified.

Approval of Holders of Preference Shares

The approval of the holders of a class of preference shares to add to, change or remove any right, privilege, restriction or condition attaching to such class of preference shares as a class or in respect of any other matter requiring the consent of the holders of such class of preference shares may be given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by all the holders of such class of preference shares or passed by the affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of such class of preference shares duly called for that purpose.

The formalities to be observed with respect to the giving of notice of any such meeting or any adjourned meeting, the quorum required therefor and the conduct thereof shall be those from time to time required by the OBCA as in force at the time of the meeting and those, if any, prescribed by the by-laws or the administrative resolutions of Trisura with respect to meetings of shareholders. On every poll taken at every meeting of the holders of a class of preference shares as a class, or at any joint meeting of the holders of two or more series of a class of preference shares, each holder of such class of preference shares entitled to vote thereat shall have one vote in respect of each such preference share held.

Rights Plan

Effective May 25, 2022 (the “**Effective Date**”), Trisura adopted the Rights Plan. The Rights Plan was ratified, reconfirmed and reapproved June 27, 2025.

The Rights Plan aims to require that take-over bids be made to all Shareholders and to prevent a potential acquirer from entering into lock-up agreements with existing Shareholders prior to launching a take-over bid, except for permitted lock-up agreements as specified in the Rights Plan. The Rights Plan encourages fair treatment of all Shareholders by providing Shareholders with an equal opportunity to participate in a take-over bid. The Rights Plan encourages a potential acquirer to proceed by way of a take-over bid permitted by the Rights Plan (a “**Permitted Bid**”), which requires the take-over bid to satisfy certain minimum standards designed to promote fairness, or with the concurrence of the Board.

Pursuant to the Rights Plan, one right (a “**Right**”) attached to each Common Share on the Effective Date. The Rights will separate from the Common Shares and will be exercisable ten trading days (the “**Separation Time**”) after a person has acquired, or commences a take-over bid to acquire, 20% or more of the Common Shares, other than by a Permitted Bid. Each Right entitles the registered holder thereof to purchase from the Company one Common Share at an exercise price equal to three times the market price of a Common Share determined as at the Separation Time (the “**Exercise Price**”).

The acquisition by any person (an “**Acquiring Person**”) of 20% or more of the Common Shares, other than pursuant to certain exceptions in the Rights Plan, is referred to as a “Flip-in Event”. Any Rights held by an Acquiring Person will become void upon the occurrence of a Flip-in Event. Ten trading days after the occurrence of the Flip-in Event, each Right (other than those held by the Acquiring Person) will entitle the registered holder to receive from the Company, upon payment of the Exercise Price, Common Shares having an aggregate market value equal to twice the Exercise Price. If a take-over bid is structured as a Permitted Bid, a Flip-in Event will not occur and the Rights will not become exercisable.

Until the occurrence of a Flip-in Event as to which the Board has not issued a waiver, the Board may elect to redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.0001 (subject to adjustment) per Right, rounded down to the nearest whole cent for each holder of Rights.

The Rights Plan will expire at the close of business on the date of the Company's 2028 annual meeting unless the continuation of the Rights Plan for an additional three-year period is approved by the Independent Shareholders (as defined in the Rights Plan) at that meeting.

The foregoing summary does not purport to be complete and is subject to, and qualified in its entirety by reference to, the actual provisions of the Rights Plan, the full text of which is available on our Company's SEDAR+ profile located at www.sedarplus.ca.

4. Limitation of Audit Committee Role

The Committee's function is one of governance and oversight. The Company's management is responsible for preparing the Company's financial statements, along with the internal audit function, for developing and maintaining systems of internal accounting and financial controls, and for developing, maintaining and monitoring systems of risk management throughout the organization. The auditor will assist the Committee and the Board in fulfilling their responsibilities for review of the financial statements and internal controls, and the auditor will be responsible for the independent audit of the financial statements. The Committee expects the auditor to call to its attention any accounting, auditing, internal accounting control, regulatory or other related matters that the auditor believes warrant consideration or action. The Committee recognizes that the internal audit team and the auditor have more knowledge and information about the Company's financial affairs than do the Committee's members. Accordingly, in carrying out its oversight responsibilities, the Committee does not provide any expert or special assurance as to the Company's financial statements or internal controls or any professional certification as to the auditor's work.

5. Reporting

The Committee will regularly report to the Board on:

- (a) the auditor's independence;
- (b) the performance of the auditor and the Committee's recommendations regarding its reappointment or termination;
- (c) the performance of the internal audit function department;
- (d) the adequacy of the Company's internal controls and disclosure controls;
- (e) its recommendations regarding the annual and interim financial statements of the Company and any reconciliation of the Company's financial statements, including any issues with respect to the quality or integrity of the financial statements;

- (f) its review of any other public disclosure documents including the annual report and the annual and interim management's discussion and analysis of financial condition and results of operations;
- (g) the Company's compliance with legal and regulatory requirements, particularly those related to financial reporting;
- (h) its review of risk disclosure in the Company's financial reports;
- (i) the Company's compliance with legal and regulatory requirements; and
- (j) all other significant matters it has addressed and with respect to such other matters that are within its responsibilities.

6. Complaints Procedure

The Committee will establish and periodically review a procedure for the receipt, retention, treatment and follow-up of complaints received by the Company through the reporting hotline or otherwise regarding accounting, internal controls, disclosure controls or auditing matters and a procedure for the confidential, anonymous submission of concerns by employees of the Company regarding such matters.

7. Review and Disclosure

The Committee will review this Charter at least annually and submit it to the Governance Committee together with any proposed amendments. The Governance Committee will review this Charter and submit it to the Board for approval with such further amendments as it deems necessary and appropriate.

This Charter will be reproduced in full as an appendix to the Company's Annual Information Form.

8. Assessment

At least annually, the Governance Committee will review the effectiveness of this Committee in fulfilling its responsibilities and duties as set out in this Charter and in a manner consistent with the corporate governance guidelines adopted by the Board. The Committee will also conduct its own assessment of the Committee's performance on an annual basis.

9. Access to Outside Advisors and Senior Management

The Committee may retain any outside advisor, including legal counsel, at the expense of the Company, without the Board's approval, at any time. The Committee has the authority to determine any such advisor's fees and any other retention terms.

The Company will provide for appropriate funding, for payment of compensation to any auditor engaged to prepare or issue an audit report or perform other audit, review or attest services, and ordinary administrative expenses of the Committee.

Members will meet privately with senior management as frequently as they feel is appropriate to fulfill the Committee's responsibilities, but not less than annually.

10. Meetings

Meetings of the Committee may be called by any Member, the Chair of the Board, the Chief Executive Officer or Chief Financial Officer of the Company, the internal auditor or the auditor. Meetings will be held each quarter and at such additional times as is necessary for the Committee to fulfill its responsibilities. The Committee shall appoint a secretary to be the secretary of each meeting of the Committee and to maintain minutes of the meeting and deliberations of the Committee.

The powers of the Committee shall be exercisable at a meeting at which a quorum is present. A quorum shall be not less than a majority of the Members from time to time. Matters decided by the Committee shall be decided by majority vote. Subject to the foregoing, the *Business Corporations Act* (Ontario) and the by-laws of the Company, and, unless otherwise determined by the Board, the Committee shall have the power to regulate its procedure.

Notice of each meeting shall be given to each Member, the internal auditor, the auditor, and to the Chair of the Board and the Chief Executive Officer of the Company. Notice of meeting may be given orally or by letter, electronic mail, telephone or other generally accepted means not less than 24 hours before the time fixed for the meeting. Members may waive notice of any meeting and attendance at a meeting is deemed waiver of notice. The notice need not state the purpose or purposes for which the meeting is being held.

The Committee may invite from time to time such persons as it may see fit to attend its meetings and to take part in discussion and consideration of the affairs of the Committee. The Committee may require the auditors and/or members of the Company's management to attend any or all meetings.
