Leon's Furniture Limited

Amounts in thousands of Canadian dollars, except share amounts and earnings per share

1. Reporting Entity

Leon's Furniture Limited ("Leon's" or the "Company") was incorporated by the Articles of Incorporation under the Business Corporations Act on February 28, 1969. Leon's is a retailer of home furnishings, mattresses, appliances and electronics across Canada. Leon's is a public company listed on the Toronto Stock Exchange (TSX - LNF) and is incorporated and domiciled in Canada. The address of the Company's head office and registered office is 45 Gordon Mackay Road, Toronto, Ontario, M9N 3X3.

The Company's business is seasonal in nature. Retail sales are traditionally higher in the third and fourth quarters.

2. Basis of Presentation

The interim condensed consolidated financial statements of the Company are prepared in accordance with IAS 34, *Interim Financial Reporting*. Accordingly, certain information and note disclosure normally included in the annual financial statements prepared in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB"), have been omitted or condensed. The interim condensed consolidated financial statements of the Company include the financial results of Leon's Furniture Limited and its wholly owned subsidiaries.

These interim condensed consolidated financial statements were approved and authorized for issuance by the Board of Directors on August 9, 2023.

3. Summary of Significant Accounting Policies

Except for the adoption of the new, revised or amended accounting standards noted below, these interim condensed consolidated financial statements have been prepared using the same accounting policies and methods of computation as the annual consolidated financial statements of Leon's for the year ended December 31, 2022. The disclosure contained in these interim condensed consolidated financial statements does not include all requirements in IAS 1, *Presentation of Financial Statements* ("IAS 1"). Accordingly, the interim condensed consolidated financial statements should be read in conjunction with the annual consolidated financial statements for the year ended December 31, 2022.

Segment reporting

The Company has two operating segments, Leon's and The Brick, both in the business of the sale of home furnishings, mattresses, appliances and electronics in Canada. The Company's chief operating decision-maker, identified as the Chief Executive Officer, monitors the results of operating segments for the purpose of allocating resources and assessing performance.

Leon's and The Brick operating segments are aggregated into a single reportable segment because they show a similar long-term economic performance (gross margin), have comparable products, customers and distribution channels, operate in the same regulatory environment, and are steered and monitored together.

Accordingly, there is no reportable segment information to provide in these interim condensed consolidated financial statements.

Adoption of new accounting standards

IFRS 17, Insurance Contracts ("IFRS 17")

In May 2017, the IASB issued IFRS 17, which replaces IFRS 4, *Insurance Contracts*. IFRS 17 establishes new principles for the recognition, measurement, presentation and disclosure of insurance contracts. IFRS 17 applies to all types of insurance contracts regardless of the type of entities that issue them, as well as to certain guarantees and financial instruments with discretionary participation features. IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects. The core of IFRS 17 is the general model, supplemented by:

- A specific adaptation for contracts with direct participation features (the variable fee approach)
- A simplified approach (the premium allocation approach) mainly for short-duration contracts

Leon's Furniture Limited

Amounts in thousands of Canadian dollars, except share amounts and earnings per share

In June 2020, the IASB issued amendments to IFRS 17 partly aimed at helping companies implement the standard. IFRS 17, incorporating the amendments, is effective for annual reporting periods beginning on or after January 1, 2023. Retrospective application is required. Under IFRS 17, the Company's insurance contracts are all eligible to be measured by applying the Premium Allocation Approach. This approach simplifies the measurement of insurance contracts in comparison with the general model.

On transition date, the Company:

- Has identified, recognized and measured each group of insurance contracts as if IFRS 17 had always applied
- Has identified, recognized and measured assets for insurance acquisition cash flows as if IFRS 17 has always applied

The Company has not restated comparative information as the impacts of IFRS 17 are not material.

Amendments to IAS 8, Accounting Policies, Changes in Accounting Estimates and Errors ("IAS 8")

In February 2021, the IASB issued Definition of Accounting Estimates, which amends IAS 8. The amendment replaces the definition of a change in accounting estimates with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". The amendment provides clarification to help entities to distinguish between accounting policies and accounting estimates. The amendments are effective for annual periods beginning on or after January 1, 2023. The adoption of this amendment did not have a material impact on the interim condensed consolidated financial statements.

Amendments to IAS 1 and IFRS Practice Statement 2

In February 2021, the IASB issued Disclosure of Accounting Policies, which amends IAS 1 and IFRS Practice Statement 2. The amendments are intended to help preparers in deciding which accounting policies to disclose in their financial statements. The amendment to IAS 1 requires companies to disclose their material accounting policy information rather than its significant accounting policies. The amendment also clarifies that not all accounting policy information that relates to material transactions, other events or conditions is material to the financial statements. The amendment to IFRS Practice Statement 2 adds guidance and examples to the materiality practice statement, which explains how to apply the materiality process to identify material accounting policy information. The amendments are effective for annual periods beginning on or after January 1, 2023 and are to be applied prospectively. The adoption of this amendment did not have a material impact on the interim condensed consolidated financial statements.

Amendments to IAS 12, Income Taxes ("IAS 12")

The amendments to IAS 12 provide clarifications in accounting for deferred tax on certain transactions such as leases and decommissioning obligations. The amendments clarify that the initial recognition exemption does not apply to transactions such as leases and decommissioning obligations. As a result, entities may need to recognize both a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of leases and decommissioning obligations. The amendments are effective for annual periods beginning on or after January 1, 2023 and are to be applied to transactions that occur on or after the beginning of the earliest comparative period presented. The adoption of this amendment did not have a material impact on the interim condensed consolidated financial statements.

Accounting standards and amendments issued but not yet adopted

Amendments to IAS 1, Presentation of Financial Statements

The amendments to IAS 1 provide a more general approach to the classification of liabilities based on the contractual arrangements in place at the reporting date. The amendments clarify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period and align the wording in all affected paragraphs to refer to the right to defer settlement by at least twelve months and make explicit that only rights in place at the end of the reporting period should affect the classification of a liability. The amendments are effective for annual reporting periods beginning on or after January 1, 2024 and are to be applied retrospectively. The adoption of this standard will not have a material impact on the financial statements.

4. Capital Risk Management

The Company's objectives when managing capital are to:

- ensure sufficient liquidity to support its financial obligations and execute its operating and strategic plans; and
- utilize working capital to negotiate favourable supplier agreements both in respect of early payment discounts and overall payment terms.

The capital structure currently includes working capital, debt and equity securities, lease liabilities, term credit facility and borrowing capacity available under the revolving credit facilities (note 10). As at June 30, 2023, \$123,026 is available to draw on under the Company's \$200,000 revolving credit facility, as the borrowing capacity is reduced by ordinary letters of credit of \$6,974 (December 31, 2022 - \$6,974) and utilizing \$70,000 of the revolving credit facility.

Under the Senior Secured Credit Agreement ("SSCA"), the financial and non-financial covenants are reviewed on an ongoing basis by management to monitor compliance with the agreement. The Company was in compliance with these covenants as at June 30, 2023.

The Board of Directors reviews and approves any material transactions out of the ordinary course of business, including proposals on acquisitions or other major investments or divestitures, as well as capital and operating budgets. Based on the Company's borrowing capacity available and expected cash flow from operating activities, management believes that the Company has sufficient funds available to meet its liquidity requirements at any point in time. However, if cash from operating activities is lower than expected or capital costs for projects exceed current estimates, or if the Company incurs major unanticipated expenses, it may be required to seek additional capital.

The Company is not subject to any externally imposed capital requirements, other than with respect to its insurance subsidiaries. Refer to note 24 in the fiscal year 2022 consolidated financial statements.

5. Inventories

The amount of inventory recognized as an expense for the three and six months ended June 30, 2023 was \$318,378 (three months ended June 30, 2022 - \$350,872) and \$594,974 (six-month period ended June 30, 2022 - \$656,695), which is presented within cost of sales in the unaudited interim condensed consolidated statements of income.

During the three and six months ended June 30, 2023, there were \$429 and \$842, in inventory write-down reversals (three and six months ended June 30, 2022 - \$94 and \$153 inventory write-downs). As at June 30, 2023, the inventory markdown provision totaled \$6,731 (as at December 31, 2022 - \$7,573).

Amortization of intangible assets is included within selling, general and administrative expenses on the unaudited interim consolidated statements of income. The following table presents the details of the Company's indefinite-life intangible assets:

As at (C\$ in thousands)	June 30, 2023	December 31, 2022
The Brick brand name (allocated to Brick division)	245,000	245,000
The Brick franchise agreements (allocated to Brick division)	21,000	21,000
Total	266,000	266,000

The Company currently has no plans to change The Brick store banners and expects these assets to generate cash flows over an indefinite future period. Therefore, these intangible assets are considered to have indefinite useful lives for accounting purposes. The Brick franchise agreements have expiry dates with options to renew. The Company's intention is to renew these agreements at each renewal date indefinitely. The Company expects the franchise agreements and franchise locations will generate cash flows over an indefinite future period. Therefore, these assets are also considered to have indefinite useful lives.

9. Leases

Company as a lessee

Leasing arrangements

The Company leases various items of real estate property, vehicles and equipment used in its operations. The lease terms are generally between 5 and 15 years. There are some leases with renewal options, which are included when management is reasonably certain they will be exercised. Management uses significant judgment in determining whether these extensions are reasonably certain to be exercised.

10. Long-term Debt

Bank indebtedness

On February 17, 2022, the Company completed a third amendment to its SSCA. Under this amendment, the Company increased its term loan from \$90,000 to \$150,000 and the company's revolving credit facility from \$175,000 to \$200,000. Total credit facilities increased from \$265,000 to \$350,000. The Company has drawn \$90,000 under the revolving credit facility and has \$140,000 outstanding for its term loan.

Bank indebtedness bears interest based on Canadian prime, London Interbank Offered Rate ("LIBOR") and Bankers' Acceptance ("BA") rates plus an applicable standby fee on undrawn amounts. Transaction costs in the amount of \$120 were deferred and will be amortized over the life of the agreement in relation to the third amendment of the SSCA. The Company has the ability to choose the type of advance required. Interest is based on the market rate plus an applicable margin. The term loan is repayable in quarterly amounts of 1.25% commencing June 30, 2022, with the remainder due on maturity. Currently, the Company has entered into a 31-day Bankers' Acceptance with a cost of borrowing of 6.12% that was renewed on June 30, 2023.

The Company can prepay without penalty amounts outstanding under the facilities at any time. The agreement includes a general security agreement, which constitutes a lien on all property of the Company. In addition to this, there are financial covenants related to the credit facility. As at June 30, 2023, the Company was in full compliance of these financial and non-financial covenants.

Subsequent, to the quarter ended June 30, 2023, the company completed an amendment to its existing SSCA. Under this amendment, the Company will increase its revolving credit facility by \$50,000 to \$250,000 and decrease its term loan by \$50,000 to \$90,000. The total credit facility will be \$340,000 and the term will be extended from May 31, 2024 to May 31, 2025.

11. Management Share Purchase Plan

Employee benefit plan

Members of senior management participate in the Company's Management Share Purchase Plan ("MSPP"). Under the terms of the MSPP, the Company advanced non-interest bearing loans to certain of its employees in 2018 and 2022 to allow them to acquire common shares of the Company. Participation in the MSPP is voluntary. The common shares purchased under the MSPP are held in trust by a trustee for the benefit of the employee until the later of three years from the date of issue and the date the related loan to acquire the shares is repaid in full. While such shares are held in trust, any dividends paid on these common shares are credited against the related loan.

During 2018, a total of 1,188,873 of the 2018 series of common shares were issued under the 2018 MSPP to senior management employees at \$15.30 per share. The Company recognized a loan receivable in the amount of \$13,191 (recognized at fair value) and a deferred compensation expense of \$2,315. The common shares issued of \$15,506 are shown within common shares on the interim consolidated statements of financial position.

During the third quarter of 2022, a total of 903,013 of the 2022 series of common shares were issued under the 2022 MSPP to senior management employees at \$17.29 per share. The Company recognized a loan receivable in the amount of \$11,274 (recognized at fair value) and a deferred compensation expense of \$1,517. The common shares issued of \$12,791 are shown within common shares on the interim consolidated statements of financial position.

Under the terms of the Plan, the Company advanced non-interest bearing loans to certain of its employees in 2009, 2012, 2013, 2014 and 2015 to allow them to acquire convertible, non-voting series 2009 shares, series 2012 shares, series 2013 shares, series 2014 shares and series 2015 shares, respectively, of the Company. These loans are repayable through the application against the loans of any dividends on the shares with any remaining balance repayable on the date the shares are converted to common shares. Each issued and fully paid for series 2009 and series 2012 share may be converted into one common share at any time after the fifth anniversary date of the issue of these shares and prior to the thirteenth anniversary of such issue. Each issued and fully paid for series 2013, series 2014 and series 2015 share may be converted into one common share at any time after the third anniversary date of the issue of these shares and prior to the thirteenth anniversary of such issue. The series 2009, series 2012, series 2013, series 2014 and series 2015 are redeemable at the option of the holder for a period of one business day following the date of issue of such shares. The Company has the option to redeem the series 2009 and series 2012 shares at any time after the fifth anniversary date of the issue of these shares and must redeem them prior to the thirteenth anniversary of such issue. The Company has the option to redeem the series 2013, series 2014 and series 2015 shares at any time after the third anniversary date of the issue of these shares and must redeem them prior to the thirteenth anniversary of such issue. The redemption price is equal to the original issue price of the shares adjusted for subsequent subdivisions of shares plus accrued and unpaid dividends. The purchase prices of the shares are \$8.85 per series 2009 share, \$12.41 per series 2012 share, \$11.39 per series 2013 share, \$15.05 per series 2014 share and \$13.46 per series 2015 share. All 2009 series shares were converted during 2022. Dividends paid to holders of series 2009, 2012, 2013, 2014 and 2015 shares of approximately \$251 (2022 - \$270) have been used to reduce the respective shareholder loans. The preferred dividends are paid once a year during the first quarter.

Substantial issuer bid

On November 25, 2021, the Company commenced a substantial issuer bid ("SIB"), by way of a modified Dutch auction, to purchase, for cancellation, the common shares of the Company ("Offer"). The Offer expired on December 30, 2021. For the duration of the SIB, the Company suspended share repurchases under the current normal course issuer bid, but resumed after the expiration of the SIB. The Company purchased for cancellation 7,999,993 common shares at a purchase price of \$25 per common share, for aggregate consideration of \$200,000, being the maximum purchase price payable under the Offer. The common shares purchased under the Offer represented approximately 10.4% of the issued and outstanding common shares at the time the Offer was completed. These shares were cancelled in January 2022, which had a value of \$200,000, of which \$17,746 represents a reduction in the share capital and the remaining \$182,254 was charged to retained earnings.

Normal course issuer bid

On September 13, 2022, the Company received TSX approval of its notice of intention to renew its common share repurchase programme. The Company intends to repurchase for cancellation a maximum of 3,341,165 common shares representing 4.99% of the total number of its 66,957,222 issued and outstanding common shares as at September 2, 2022. The average daily trading volume for the six months ended August 31, 2022 was 31,219. Therefore, other than block purchase exemptions, daily purchases will be limited to 7,804 common shares. The bid commenced on September 15, 2022 and will terminate on the earliest of the purchase of 3,341,165 common shares, the issuer providing a notice of termination, and September 14, 2023. Purchases will be executed through the facilities of the TSX at market price under the normal course issuer bid rules of the TSX.

On September 30, 2022, the Company entered into an automatic share purchase plan ("ASPP") with the Company's broker in order to facilitate the repurchase of its common shares under the normal course issuer bid during self-imposed blackout periods. During the six-month period ended June 30, 2023, the Company did not repurchase or cancel any common shares under the ASPP. As at December 31, 2022, an obligation for the repurchase of shares of \$2,000 was recognized under the ASPP, as this was not utilized this amount was reversed during the first quarter of 2023. During the six-month period ended June 30, 2022 the Company repurchased and cancelled 1,546,300 common shares under the ASPP for a total cost of \$38,617, of which \$3,456 represents a reduction in share capital and the remaining \$35,161 was charged to retained earnings. As at June 30, 2023, there was no obligation recognized for the repurchase of common shares under the ASPP (as at June 30, 2022 - \$8,000).

Leon's Furniture Limited

Amounts in thousands of Canadian dollars, except share amounts and earnings per share

During the six-month period ended June 30, 2022, and excluding the common shares repurchased under the ASPP, the Company repurchased 266,200 shares of its common shares on the open market pursuant to the terms and conditions of normal course issuer bid at a net cost of \$4,338. The repurchase of common shares resulted in a reduction of share capital in the amount of \$596. The excess net cost over the average carrying value of the shares of \$3,742 has been recorded as a reduction in retained earnings. As at June 30, 2022, the Company had cancelled 260,200 of these repurchased shares and the remaining amount of 6,000 were held as Treasury shares, which have a value of \$97 and were subsequently cancelled in July 2022. During the six-month period ended June 30, 2023, no common shares were purchased or cancelled.

16. Financial Instruments

Liquidity risk management

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The purpose of liquidity risk management is to maintain sufficient amounts of cash and cash equivalents and authorized credit facilities, to fulfill obligations associated with financial liabilities. To manage liquidity risk, the Company prepares budgets and cash forecasts, and monitors its performance against these. Management also monitors cash and working capital efficiency given current sales levels and seasonal variability. The Company measures and monitors liquidity risk by regularly evaluating its cash inflows and outflows under expected conditions through cash flow reporting such that it anticipates certain funding mismatches and ensures the cash management of the business is within certain tolerable levels. These cash flow forecasts are reviewed on a weekly basis by management. The Company mitigates liquidity risk through continuous monitoring of its credit facilities and the diversification of its funding sources, both in the short term as well as the long term. As at June 30, 2023, unrestricted liquidity was \$306,171 comprised of cash and cash equivalents, debt and equity instruments and its undrawn revolving credit facility.

The fair value hierarchy of financial instruments measured at fair value as at June 30, 2023 includes financial assets of \$183,506, \$177,165 and \$nil for Levels 1, 2 and 3 respectively, and financial liabilities of \$nil, \$435,180 and \$nil for Levels 1, 2 and 3, respectively.

The carrying amounts of the Company's trade receivables and trade and other payables approximate their fair values due to their short-term nature.

The carrying amounts of the Company's long-term debt approximate their fair values since they bear interest at rates comparable to market rates at the end of the reporting period.

The fair values of debt and equity instruments, including restricted marketable securities that are traded in active markets, are determined by reference to their quoted closing price or dealer price quotations at the reporting date. For financial instruments that are not traded in active markets, the Company determines fair values using a combination of discounted cash flow models and comparison to similar instruments for which market observable prices exist.

The fair values of derivative assets and liabilities are estimated using industry standard valuation models. Where applicable, these models project future cash flows and discount the future amounts to a present value using market based observable inputs including interest rate curves, foreign exchange rates and forward and spot prices for currencies.

Leon's Furniture Limited

Amounts in thousands of Canadian dollars, except share amounts and earnings per share

The Company maintains other financial derivatives, which comprises foreign exchange forwards, with maturities that do not exceed past November 2024. As at June 30, 2023, a \$483 unrealized gain was recorded in derivative assets (December 31, 2022 - \$1,268).

Fair values of financial instruments reflect the credit risk of the Company and counterparties when appropriate.

Fair value hierarchy

The Company uses a fair value hierarchy to categorize the inputs used to measure the fair value of financial assets and financial liabilities, the levels of which are as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).
