1. Nature of Operations

Rupert Resources Ltd. (the "Company" or "Rupert") is a company incorporated under the laws of the Province of British Columbia. The Company is currently seeking out viable mineral exploration and evaluation opportunities and its primary projects located in Finland. The business of exploring for minerals involves a high degree of risk and there can be no assurance that planned exploration programs will result in profitable mining operations. The Company's primary office is The Canadian Venture Building, 82 Richmond St East, Suite 202, Toronto, Ontario M5C 1P1.

The outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", has resulted in governments worldwide enacting emergency measures to combat the spread of the virus. These measures, which include the implementation of travel bans, self-imposed quarantine periods and social distancing, have caused material disruption to businesses globally resulting in an economic slowdown. Global equity markets have experienced significant volatility. Governments and central banks have reacted with significant monetary and fiscal interventions designed to stabilize economic conditions. The duration and impact of the COVID-19 outbreak is unknown at this time, as is the efficacy of the government and central bank interventions. It is not possible to reliably estimate the length and severity of these developments and the impact on the financial results and condition of the Company and its operating subsidiaries in future periods. The Company is monitoring the business environment as a result to ensure minimal disruption to business operations. The Company continues to be in operations as of the current date.

The Company's outstanding common shares trade on the TSX Venture Exchange under the symbol RUP. As at August 31, 2021, an investor of the Company, Alan Brimacombe, controlled 18,174,300 common shares of the Company or approximately 10.4% of the total common shares outstanding. To the knowledge of directors and officers of Rupert, the remainder of the Company's outstanding common shares are widely held. These holdings can change at any time at the discretion of the owner.
