

INFORMATION CIRCULAR

(As at September 11, 2018 except as indicated)

Santacruz Silver Mining Ltd. (the "**Company**") is providing this Management Information Circular (the "**Information Circular**") and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of shareholders of the Company (the "**Shareholders**") to be held on October 17, 2018 and at any adjournments. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation. All amounts referred to as \$ or dollars means United States currency, unless otherwise indicated.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a Shareholder's behalf in accordance with the instructions given by the Shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company (the "**Management Proxyholders**").

A Shareholder has the right to appoint a person other than a Management Proxyholder, to represent the Shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a Shareholder.

VOTING BY PROXY

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Common shares of the Company ("**Shares**") represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the Shareholder on any ballot that may be called for and if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly.

If a Shareholder does not specify a choice and the Shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 9th Floor, Toronto, Ontario M4J 2Y1, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only Shareholders whose names appear on the records of the Company as the registered holders of Shares or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Company are "non-registered" Shareholders ("**Non-Registered Shareholders**") because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the Shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "**Nominee**") and in the United States, under the name Cede & Co., as nominee for the Depository Trust Company (which acts as a brokerage depository for many U.S. firms and custodial banks). If you purchased your Shares through a broker, you are likely a Non-Registered Shareholder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a Non-Registered Shareholder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

Non-Registered Shareholders who have not objected to their Nominee disclosing certain ownership information about themselves to the Company are referred to as "non-objecting beneficial owners" ("**NOBOs**"). Those Non-Registered Shareholders who have objected to their Nominee disclosing ownership information about themselves to the Company are referred to as "objecting beneficial owners" ("**OBOs**").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") of the Canadian Securities Administrators, the Company has elected to send the Meeting materials directly to NOBOs.

If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your

behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

The Company does not intend to pay for Nominees to deliver the Meeting materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary* to OBOs. As a result, OBOs will not receive the Meeting materials unless their Nominee assumes the costs of delivery.

The Company is not sending the Meeting materials to Shareholders using "notice-and-access", as defined under NI 54-101.

REVOCABILITY OF PROXY

In addition to revocation in any other manner permitted by law, a Shareholder, his attorney authorized in writing or, if the Shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value, of which 174,420,984 Shares are issued and outstanding. Persons who are registered Shareholders at the close of business on September 11, 2018 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each Share held. The Company has only one class of shares.

To the knowledge of the directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all Shares of the Company.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for performance philosophy. This philosophy is linked to the Company's business strategy which includes increasing stakeholder value. In addition, the compensation programs aim for simplicity and responsiveness to market changes.

The following executive compensation principles guide the Company's overall compensation:

- Compensation levels should be sufficiently competitive to facilitate recruitment and retention of experienced high caliber executives in the competitive mining industry, while being fair and reasonable to Shareholders;
- The compensation program should align executives' long-term financial interests with those of the Shareholders by providing equity-based incentives; and
- Compensation should be transparent so that both executives and Shareholders understand the executive compensation program.

Compensation Committee

The Compensation Committee of the Company's board of directors (the "**Board**") is responsible for ensuring that the Company has appropriate procedures for executive compensation and making recommendations to the Board with respect to the compensation of the Company's executive officers. The Compensation Committee seeks to ensure that total compensation paid to all executive officers is fair and reasonable and is consistent with the Company's compensation philosophy.

The Compensation Committee is also responsible for recommending compensation for the directors and granting stock options to the directors, officers, employees and consultants of the Company pursuant to the Company's stock option plan.

The Compensation Committee is currently comprised of Arturo Prestamo Elizondo, Federico Villaseñor, and Roland Löehner. Federico Villaseñor and Roland Löehner are independent directors of the Company, Arturo Prestamo Elizondo is not independent. The Board is satisfied that the composition of the Compensation Committee ensures an objective process for determining compensation. Each of these members has extensive experience in executive compensation through their current and previous roles as directors and/or officers of companies in the mining industry. The Board believes that the Compensation Committee collectively has the knowledge, experience and background required to fulfill its mandate. The members have the following skills and experience that enable them to make decisions on the suitability of the Company's compensation policies and practices.

- Arturo Prestamo Elizondo – Mr. Elizondo has been involved with publicly traded mining and mineral exploration companies and has been responsible for the oversight and governance functions of the companies, including the management of executive compensation and human resources.

- Federico Villaseñor – Mr. Villaseñor has been involved with publicly traded mining and mineral exploration companies and has gained significant experience in the management of executive compensation and human resources.
- Roland Löhner has been a senior partner and managing Director of The Boston Consulting Group for the the last 20 years and during the last 5 years he has held the position of Managing Director for Latin America. Mr. Löhner is financially literate and familiar with public company financial statements and the accounting principles used in reading and preparing financial statements.

The Company has not retained a compensation consultant or advisor at any time since the Company's most recently completed financial year to assist the Board or the Compensation Committee in determining compensation for any of the Company's directors or executive officers.

Elements of Executive Compensation

Compensation is comprised of a negotiated salary, with bonuses and stock options potentially being paid and issued as incentive for performance.

Salary

The Company's view is that a competitive salary is a necessary element for attracting and retaining qualified executive officers. The Company also believes that attractive salaries can motivate and reward executives for their overall performance. The amount payable to a named executive officer may be based on several factors, including experience, past performance, anticipated future contributions and comparisons to salaries offered by other comparable companies. The Company reviews salaries at least once per year to ensure they remain at appropriate levels.

Amounts paid to an executive officer as base salary, including merit salary increases, are determined by reference to the individual's performance and salaries prevailing in the marketplace for comparable positions. The base salary of each executive officer is reviewed as required. Salary adjustments take into consideration the general level of salaries in the marketplace for comparable positions, the performance of the executive and the Company's performance.

Bonuses

Non-equity bonuses are intended to promote strong corporate management by providing annual financial incentives to meet or exceed short-term corporate target and goals. Bonuses are generally comprised of an annual cash bonus and such bonus is a variable component of executive compensation based both on individual performance as well as corporate performance. Bonuses may be paid annually, but are not guaranteed.

The Company has not granted any bonuses to executive management to date.

Other Benefits

NEOs (as defined below) are eligible to participate in employee benefit programs and plans that are generally available to all full-time employees (subject to fulfilling certain eligibility requirements). These include extended health and dental plans. In designing these benefits, the Company seeks to provide an overall level and mix of benefits that is competitive to those offered by other comparable companies.

Certain perquisites are also made available to NEOs. These may include payment of professional dues and further health benefits. These types of perquisites are common among executives in the Company's industry.

Option-based Awards

The Compensation Committee recognizes that the Company operates in a competitive environment and that its performance depends on the quality of its employees. The Company's stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Compensation Committee takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX Venture Exchange, and closely align the interests of the executive officers with the interests of Shareholders.

Risk Considerations

The Compensation Committee considers the implications of the risk associated with the Company's compensation policies and practices when determining rewards for its officers and directors. The Compensation Committee reviews at least once annually the risks, if any, associated with the Company's compensation policies and practices at such time.

Executive compensation is comprised of both short-term compensation in the form of a base salary and an incentive cash bonus plan, and long-term ownership through the grant of stock options. This structure ensures that a significant portion of executive compensation (stock options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long-term shareholder value.

The Compensation Committee also has the ability to set out vesting periods in each stock option agreement. As the benefits of such compensation, if any, are not realized by officers and directors until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the Shareholders is extremely limited. Furthermore, all elements of executive compensation are discretionary. As a result, it is unlikely an officer would take inappropriate or excessive risks at the expense of the Company or the Shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the relatively small size of the Company and its current management group, the Compensation Committee is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Company is reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Hedging of Economic Risks in the Company's Securities

Under the Company's compensation policies, directors and officers may not take any derivative or speculative positions in the Company's securities. This is to prevent the purchase of financial

instruments that are designed to hedge or offset any decrease in the market value of the Company's securities.

The purpose of granting such options is to assist the Company in compensating, attracting, retaining and motivating the directors of the Company and to closely align the personal interests of such persons to that of the Shareholders.

The Plan contains no vesting requirements except as to options granted to persons engaged in Investor Relations Activities (as defined in the Plan), but permits the Board to specify a vesting schedule in its discretion.

Options may be granted for a maximum term of ten years. Options may be exercised the greater of the term of the option and 90 days following cessation of the optionee's position with the Company, provided that if the cessation of office, directorship, consulting arrangement or employment is by reason of death, the option may be exercised within a maximum period of one year after such death, subject to the earlier expiry date of such option.

Where an optionee is terminated for cause, any outstanding options (whether vested or unvested) are cancelled as of the date of termination. If an optionee retires or voluntarily resigns or is otherwise terminated by the Company other than for cause, then all vested options held by such optionee will expire at the earlier of: (i) the expiry date of such options and (ii) the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee ceases to be an eligible person under the Plan. - (g) The Plan provides that if a change of control (as defined therein) occurs, or if the Company is subject to a take-over bid, all Shares subject to stock options shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. The Board may also accelerate the expiry date of outstanding stock options in connection with a take-over bid; and
- (h) The Plan contains adjustment provisions with respect to outstanding options in cases of share reorganizations, special distributions and other corporation reorganizations including a consolidation, merger, amalgamation, an arrangement or other transaction under which the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's Shareholders, or the exchange with the Company's Shareholders, of securities of the Company or securities of another company, or a transaction whereby all or substantially all of the Company's undertaking and assets become the property of another corporation.
