Prior to VMET’s financing, Nemesia held 11,827,272 Common shares or approximately 12.67% being affected by the passive dilution effect which reduced the aforementioned percentage by 1.46% to approximately 11.21%. The sale of the shares by Nemesia further reduced its holdings in VMET to 9’343’701 shares or approximately 8.85% of the now issued and outstanding Common shares of Versamet resulting in Nemesia ceasing to be an Insider of VMET.

Nemesia had acquired the Common shares of VMET for investment purposes. Nemesia may from time to time increase or decrease its investment in the Common Shares of the Company depending upon the business and prospects of Versamet and depending upon future market conditions.
