The funds noted above offer distribution reinvestment plans (“DRIP”) for class A shareholders which provide class A shareholders with the ability to automatically reinvest distributions, commission free, and realize the benefits of compound growth. Class A shareholders can enroll in a DRIP program by contacting their investment advisor.

In accordance with their articles of incorporation in order to preserve their net asset value, the distribution for the month of March will not be paid on the class A shares of each of Dividend Growth Split Corp. (“DGS”), Life & Banc Split Corp. (“LBS”) and Brompton Lifeco Split Corp. (“LCS”) as the net asset value per unit (consisting of one class A share and one preferred share) for each of DGS, LBS and LCS as at March 24, 2020 (after taking into account the potential payment of the distribution) was less than \$15.00. DGS, LBS and LCS will re-evaluate the payment of class A share distributions in each month with the expectation that monthly distributions will be announced if the net asset value per unit of each fund meets this requirement.
